

For students who are CHEMISTRY majors:

The Chemistry Department suggests freshman take the following courses, depending on their career path. Lecture courses and lab courses are co-requisites and must be registered at the same time.

The following schedules represent a “**TYPICAL**” Freshman schedule for each Track in Chemistry:

Chemistry - Medical Sciences

ACS Biochemistry

CHE	141	General Chemistry I Lecture AND Lab	4 hours
MAT	121	Calculus with Analytical Geometry*	3 hours
BIO	111	Biology I Lecture AND Lab	4 hours
ENG	101	English Composition	3 hours
MUS	125	Music Appreciation (OR other Fine Arts)**	<u>3 hours</u>
			17 hours

ACS Chemistry

Chemistry - Career

Chemistry Physics

CHE	141	General Chemistry I Lecture AND Lab	4 hours
MAT	121	Calculus with Analytical Geometry*	3 hours
ENG	101	English Composition	3 hours
PSY	201	Intro to Psychology**	3 hours
HIS	103	World Civ (OR other History)**	3 hours
KIN	124	Nutrition for Well-Being (OR other PED course)	<u>1 hour</u>
			17 hours

* Students without a solid foundation in High School math (Minimum = Algebra / Trigonometry / Pre Calculus or Calculus) OR less than a 25 on the Math section of the ACT are advised to take MAT 102 Trigonometry).

** OR choose another Core course.

You may have AP credit, dual enrollment, or transfer hours that would change this “typical” schedule. You may be on a varsity sports team or in the choir and may need to adjust this schedule. The truth is that no one is typical, but this schedule is a good place to start. When you meet with your advisor to register, be sure to

tell him/her about your specific set of circumstances so you end up with YOUR schedule and not just a typical schedule.

Chapel: Freshmen are required to take a total of 4 semesters of chapel. Freshmen are automatically enrolled in Freshman Chapel/Blue & Gold 101 for their first Fall semester.

Advising for Student Success
