*Attrition rate calculation: Number of students who attritted from cohort divided by the entering class size.

**Graduation rate: Number of cohort graduates divided by the entering class size.

Comments:

The attrition rate reflects the loss of any student that did not complete the program *with* the cohort they started with. It does not reflect the number of students *failing to complete the program*. The true number of students failing to complete the program include those who are dismissed for failing to meet academic or professionalism standards (ADIS, PDIS), and those who withdraw from the program for personal reasons (WPR). The remainder of the students fall into categories that result in delayed completion: temporary leave of absence (LOA), deceleration (DEC), or a temporary suspension from the program (TSUS). Categories contributing to the attrition rate for each class are detailed below:

Class of 2022: 1 LOA, 1 TSUS

Class of 2023: 1 PDIS, 1 ADIS, 1 LOA & 3 DEC

Class of 2024: 2 ADIS, 1 LOA & 3 WPR
