Mississippi College

A CHRISTIAN UNIVERSITY

*2008-2009
Undergraduate Catalog*

Mississippi College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award bachelors, masters, education specialists degrees, the education doctorate and the first professional degree in law. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404.679.4500 for questions about the accreditation of Mississippi College.

*Visit the Mississippi College Home Page on the World Wide Web.
<http://www.mc.edu>*

Students entering Mississippi College for the 2008-2009 session (effective May, 2008) must meet major and minor requirements as set forth in this edition or as in any agreement made with other institutions, as well as the general degree requirements for graduation contained herein.

A student readmitted after an interruption of more than two years in the course of study at Mississippi College may, at the discretion of the University, be required to fulfill the graduation requirements in the catalog in force at the time of readmission.

This Catalog does not constitute a contract between the University and its students. The University reserves the right to change any of its regulations, charges, rules, and courses without notice and to make such changes applicable thenceforth, not only to new students but also to students already registered.

Mississippi College offers curricula in various professional fields, as well as general or liberal arts education. In the professional fields, curricula generally include both academic and practical or clinical requirements. In some professional fields (such as nursing, teacher education, and others) it is necessary to pass an examination or other requirements of the professional organization in order to be admitted to the profession. Curricula at Mississippi College are designed to expose students to the skills and knowledge essential to the relevant profession, and the student must successfully complete the requirements of the appropriate curriculum in order to receive a degree. However, Mississippi College cannot guarantee that any student admitted to a given program of study will complete that program successfully. Neither can Mississippi College guarantee that one who completes the degree program will pass the external examination of the professional organization or secure employment in the profession. These factors are not within the control of Mississippi College.

All undergraduate students enrolled at the University are subject to all rules and regulations as specified in the *Mississippi College Student Handbook*. Copies of the *Mississippi College Student Handbook* may be secured from the Office of the Vice President for Enrollment Management and Student Affairs, Nelson Hall, Room 313 or accessed on the Mississippi College website at mc.edu/publications/handbook/. Failure to read the *Mississippi College Student Handbook* does not excuse students from the requirements and regulations contained therein.

No commercial solicitation is allowed on Mississippi College property or of Mississippi College students.

It is the goal of Mississippi College to assist in the development of good health and clean air. All buildings including areas near entrances and exits on the Mississippi College campus — Academic, Administrative, Athletic, Residential, and the Student Center — are declared to be “smoke free” and all persons associated with the University are expected to adhere to the policy of “No Smoking.”

Written Student Complaints: Students who have complaints that they want to have addressed about any aspect of the collegiate experience should submit the complaints in writing to the Vice President for Enrollment Management and Student Affairs, Nelson Hall Room 313 or send to Mississippi College, Box 4007, Clinton, MS 39058; or to the Vice President for Academic Affairs, Mississippi College, Box 4002, Clinton, Mississippi 39058.

About the University

Mission Statement of Mississippi College

Revised March 1998

Mississippi College, governed by a Board of Trustees elected by the Mississippi Baptist Convention, is a private, co-educational, comprehensive university of liberal arts and sciences and professional studies dedicated to the pursuit of academic excellence. Founded in 1826, Mississippi College is the oldest institution of higher learning and the largest private university in the state of Mississippi. As a Christian institution, Mississippi College values the integration of faith and learning throughout the educational process.

Consistent with its Baptist heritage and relationship to the Convention, Mississippi College provides a quality Christian education for its student population. Students select the University because of the quality of its academic programs, Christian environment, and location. The University strives to recruit students who demonstrate excellence in scholarship, leadership, and church/community involvement. The majority of students come from Mississippi and other southeastern states.

Mississippi College stimulates the intellectual development of its students through the liberal arts and sciences and concentrated study in specialized fields, including preprofessional and professional programs. Furthermore, the University environment promotes the spiritual, social, emotional, and physical development of its students and encourages them to utilize their skills, talents, and abilities as they pursue meaningful careers, life-long learning, and service to God and others. The University emphasizes those undergraduate, graduate, and professional programs which offer opportunities for service. Additionally, the University reflects its responsibility of service to the community through a variety of learning opportunities and numerous cultural enrichment experiences.

Mississippi College is committed to excellence and innovation in teaching and learning. The University seeks to employ and retain faculty who are dedicated to teaching/learning and advising students, who support and engage in scholarship and creative activities that advance knowledge, and who seek to continue their own professional development. The University also seeks to employ and retain staff and administrators who are equally dedicated to supporting these efforts. Furthermore, the University selects employees who reflect Christian values and a commitment to service. Mississippi College is an equal opportunity employer in accordance with Title VII and applicable exemptions.

Vision Statement of Mississippi College

Adopted September 2004

Mississippi College seeks to be a university recognized for academic excellence and commitment to the cause of Christ.

Statements of Compliance

In compliance with federal law, including provisions of Section 504 of the Rehabilitation Act of 1973 and Title IX of the Education Amendments of 1972, Mississippi College does not illegally discriminate on the basis of race, color, national origin, gender, age, disability, or military service in admissions, in the administration of its education policies, programs, and activities or in employment. Under federal law, the university may exercise religious preferences in employment in order to fulfill its mission and purpose.

Family Education Rights and Privacy Act of 1974

The Family Educational Rights and Privacy Act of 1974 is a federal law that protects the privacy of student education records. Students have specific, protected rights regarding the release of such records or information contained therein. Mississippi College will release confidential or personally identifiable information only with the student's written consent and will release information defined as "Directory Information" only in the best interest of the student. A student's parent(s) who claim that student as a dependent on their federal income tax return may request information other than directory information or the student may file a consent form in the Office of the Registrar giving permission for such information to be released to their parent(s). If an undergraduate student does not wish to have any information released for any reason, he/she may file a written request to that effect in the Office of the Registrar. A confidential notice will be placed on the student's record and this confidential status will remain on their record permanently until a signed release by the student is filed with the registrar. Graduate students may file a request for confidentiality with the Dean of the Graduate School.

Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990

In accordance with Section 504 of the Rehabilitation Act of 1973, Mississippi College does not discriminate on the basis of handicap in admission or access to, or treatment or employment in, its programs and activities. If students need special accommodations due to learning, physical, psychological, or other disabilities, they should direct their inquiries to Director of the Counseling and Testing Center, Mississippi College, Lowrey, Room 118, Telephone: 601.925.3354. For more information including student appeals, see the *Mississippi College Student Handbook*, Students with Disabilities section.

Title IX

Mississippi College has completed the self evaluation study required by Title IX of the Education Amendments of 1972. The University is committed to a policy of equal opportunity for men and women and, as such, does not discriminate on the basis of sex in employment or admissions except in those instances which are claimed and exempted under Section 86.12 of the guidelines based on conflict with the religious tenets of the Mississippi Baptist Convention. Official Grievance Procedures have been established and copies may be obtained from and complaints filed with the Office of the President, Box 4001, Telephone: 601.925.3200, or the Vice President for Planning and Assessment, Box 4029, Clinton, MS 39058, Telephone: 601.925.3225.

Size and Location

Although Mississippi College is the largest private university in the state, it is still small enough to retain a friendly quality. Located in the community of Clinton in the center of the state, the University is ten minutes away from Jackson, the state capital and largest metropolitan area in Mississippi. A wide variety of activities is available to university students living in such a setting.

Mississippi College profits from its ideal location and, in turn, the University contributes to the community. The educational needs of a metropolitan area are changing, and Mississippi College responds to those needs by expanding its instructional programs. About 2,921 students are enrolled for undergraduate studies. The undergraduate program includes a flourishing Business Administration program. Approximately 1,112 students are enrolled in the Graduate School which offers work leading to 13 graduate degrees. In response to the need for legal education in the area of the state capital, Mississippi College has a School of Law. Both the School of Law and the Graduate School publish their own catalogs which may be secured from their respective deans.

Academic Resource Facilities

Mississippi College provides learning resource facilities which enhance the teaching-learning environment on campus. The major facilities are the Leland Speed Library, the Roger Hendrick Learning Resources Center, computer laboratories, and the multimedia language laboratory.

The Library

The Leland Speed Library, constructed in 1958, provides facilities and materials for reference, research and independent study. Speed Library is open 86.25 hours per week during the fall and spring terms with reduced hours during the summer session.

Library holdings include more than 247,348 volumes. The library subscribes to 648 print periodicals and purchases access to more than 25,131 full-text periodicals and journals in electronic form.

The library catalog includes the holdings of Speed Library, the Learning Resources Center, and the Law Library. Access is also provided through the library to many full-text electronic databases including: EBSCOhost, Gale, JStor, Lexis-Nexis, and Project Muse.

The Roger Hendrick Learning Resources Center located on the main floor of the library was constructed in 1975. The LRC provides facilities and multi-media for instructional support, research, and individual study.

The media collection numbers 21,592 items and consists of DVDs, video tapes, films, scores, music recordings, slides, and audio tapes. The LRC also houses a fully equipped television production studio.

The collections of the Mississippi Baptist Historical Commission are housed in Speed Library. The Mississippi College Room houses items of historical interest concerning Mississippi College and an over 1,000-volume Alumni author collection.

Computer Laboratories

Computer laboratories are available in several locations across the campus. Students have accessibility to learning resources via the World Wide Web.

Faculty

The institutional goal of academic excellence is achieved through the quality of instruction. Mississippi College’s faculty is dedicated to teaching. A high percentage of the faculty holds earned doctorates, and over fifty percent of those who teach undergraduates also teach graduate courses. Mississippi College professors are competent, serious about their work, and interested in their students. Although many are engaged in research and other types of professional work outside the classroom, they consider teaching to be their highest priority.

Organizational Structure of Academic Programs

Many choices are available to students at Mississippi College when they reach the point of deciding upon a major field of study. The instructional program is divided into one college, made up of three schools, and five additional schools: the College of Arts and Sciences, consisting of the School of Christian Studies and the Arts, the School of Humanities and Social Sciences, and the School of Science and Mathematics; the School of Business, the School of Education, the School of Nursing, the Graduate School, and the School of Law.

Mississippi College is classified as a comprehensive university because of the breadth of programs and degrees. Undergraduate degrees are awarded in 72 fields of study and graduate degrees are awarded in 29 fields of study. Graduate degrees may be earned in a variety of Master’s degree programs. In addition, the Specialist in Education (Ed.S.), the Master of Fine Arts (M.F.A.), the Doctor of Education (Ed.D.), and the Doctor of Jurisprudence (J.D.) degrees are offered. The undergraduate curriculum is centered on a “university core curriculum” which is comprised of the basic courses required of all undergraduate students. These fundamental courses provide a strong basis upon which to build a more specialized course of study.

For students who wish to prepare for professional school, several pre-professional programs are available at Mississippi College. They include premedical, pre dental, prepharmacy, prelegal, pretheological, and preengineering.

Detailed information on graduate programs is found in the *Graduate Catalog*, and detailed information on the School of Law is found in the *Law School Catalog*.

Special Study Opportunities

Honors Program

Freshmen who have a high ACT score (established each year) are invited to participate in a program of study called Freshman Honors Seminar (IDS 161) It is an interdisciplinary study dealing with contemporary issues and interests.

Upperclassmen who maintain a high grade point average may also participate in Sophomore and Senior Honors Seminar (IDS 261, 464). Successful completion of the Junior-Senior Honors Program leads to a degree "With Honors" or "With High Honors." For more information see *Junior and Senior Honors Program* Section of *Undergraduate Catalog*.

Summer Study

The summer term is divided into a two-week May session, a ten-week term and two five-week sessions. Graduate and undergraduate courses are offered. Some night courses are offered as 10-week courses which run the entire summer session. Check with the office of the Registrar for maximum hours that can be taken during the summer session.

Edward L. McMillan Program of International Study

Mississippi College offers numerous opportunities for study abroad. One such program is the MC London Semester program, which allows a limited number of students to spend the spring semester studying in Europe (currently in London). The University sponsors a spring break program to England or Europe, a British study summer program in cooperation with the University of Southern Mississippi, a School of Nursing mission trip to Mexico, an Israel study tour between semesters, the Salzburg College program, a Spanish summer program, a semester in Spain and in Costa Rica, a French summer program, a semester to Hong Kong Baptist University, and exchange programs in Germany, Brazil, and France. For more details of any or all of these programs, please contact the Academic Affairs Office, Telephone: 601.925.3202. Inquiries will be referred to the directors and/or coordinators of the specific programs.

Internships and Field Study

A limited number of internships and field study courses are available. These courses are designed to combine formal education with practical experience. For more information see *Internships Section* of the *Undergraduate Catalog*.

Continuing Education

The Office of Continuing Education (OCED), established in 1976, primarily serves as a revenue source for the University while also coordinating public service functions through the development and coordination of the following programs and activities:

1. Approves and documents non-traditional (outside of regular semester/summer calendar) for credit courses offered through Mississippi College.
2. Supports and supervises non-academic activities related to summer programming (from May graduation through last week of July).
3. Administers the program of Continuing Education Units (CEU) conforming with the specifics outlined by the Mississippi Department of Education.
4. Schedules and maintains a regular program of test reviews for college and community individuals (currently: ACT, LSAT, GRE, and GMAT).
5. Coordinates programs that are of interest to the University and provides community support (currently: Academic Competition, Student Council Workshop, Mississippi Economic Council Education Celebration, Senior Adult Education Program, events associated with the Mississippi Baptist Convention, Clinton Fall Festival, and MC Water Aerobics Program).

Admissions

General Policy

Admission decisions are made by the Director of Admissions and based on the high school or college record, and ACT or SAT scores. Mississippi College seeks to select students whose academic preparation and background, personal characteristics, and cooperative spirit seem to indicate that they would profit from and contribute to the life of a church-related university community.

Mississippi College reserves the right to deny admission to any applicant or to forbid any student's continued enrollment without assigning reason therefore.

Mississippi College does not discriminate on the basis of sex, race, creed, or national origin. Federal law expressly recognizes exemptions claimed by religious institutions. All inquiries and complaints should be directed to the Office of the President / Box 4001 / Clinton, MS 39058. Telephone: 601.925.3200.

All applicants must complete an application form obtained from the Office of Enrollment Services / Mississippi College / Box 4026 / Clinton, Mississippi 39058 or by going to the Mississippi College website at www.mc.edu.

Completed applications should be returned to the Office of Enrollment Services by August 15 for the fall term, between September 15 and January 1 for the spring term, and two weeks prior to registration for each summer term. Early application is encouraged because decisions regarding admission are made on a rolling basis as applications are received.

Applicants must have documented evidence of having had the MMR within the last ten years or evidence of having had two immunizations if they were born on or after January 1, 1957. These must have been given after their first birthday.

Information furnished to Mississippi College must be true and accurate; the withholding of pertinent information or the furnishing of false information may result in denial of admission or in dismissal.

Temporary Permit To Register

Applicants who decide to attend Mississippi College that have met the required criteria but still have an incomplete admission file will have the opportunity to register for classes under a temporary permit. Required criteria are the conviction question, signature, and Bursar's Office clearance. The applicant must have an overall cumulative GPA of C (2.00) on all work attempted. The applicant will complete the *Request for temporary Permit To Register* form in the Office of Enrollment Services. A non-refundable \$100.00 *Temporary Permit to Register* fee will be accessed for this privilege (due at the time of registration). No financial aid will be applied to the student's account until their file has been completed. If the applicant does not complete their file, a hold will be placed on their file until the application is completed.

Freshmen

In addition to submitting the completed application, prospective freshmen must have completed satisfactorily the graduation requirements of an approved high school. Applicants who have not completed high school will be considered upon achieving passing scores on the General Education Development test (GED). Home schooled applicants must meet the same requirements as other freshmen. Each home schooled applicant must submit a self-reported transcript that demonstrates completion of a high school equivalent curriculum. Because of the wide variance of home school transcripts, home schooled applicants must have a personal interview with an admissions representative. Mississippi College reserves the right to require additional proof of academic achievement determined by the Executive Director of Enrollment Services.

Early Admission

Outstanding secondary school students who choose to enter college before graduation will be considered for admission upon completion of the junior year. Application by each student must be supported by a composite ACT score of 24, or a comparable SAT score, a B average on all work attempted, and a recommendation from the high school guidance counselor. A student who has completed seven semesters of high school work with a composite ACT score of 21, or a comparable SAT score, and has a C average and a recommendation from the high school counselor may apply. In addition, Early Admission students are required to meet with the Vice President for Academic Affairs before being accepted to Mississippi College.

Regular Admission

All candidates for freshman admission should submit the following:

1. **Application.** A completed application form. A housing fee is required if the applicant is seeking campus housing.
2. **Transcripts.** An official transcript of all high school work completed to date mailed to the Office of Enrollment Services directly from the high school. Transcripts brought by the applicant are not acceptable. Upon graduation, applicants must have a final transcript sent to the Office of Enrollment Services, showing date of graduation, signature by the school official and /or an official seal.
3. **Test Scores.** Official ACT or SAT scores for all applicants who graduated from high school within the last five years must be mailed to the Office of Enrollment Services directly from ACT or SAT headquarters. Score reports brought by the applicant are not acceptable. A minimum composite score of 18 on the American College Test (ACT), or a comparable combined score on the Scholastic Aptitude Test (SAT), is required.
4. **Photo.** Photograph requested.
5. **Mumps, Measles, and Rubella (MMR) Immunization Certificate.**
6. **Students seeking campus housing are required to submit a \$100 fee, and a photograph is requested.**

Restricted Admission for Freshmen

Applicants whose ACT or SAT scores are slightly below the minimum required scores will be considered for admission by the Developmental Studies Committee, if high school records and counselor evaluations indicate an ability to do college work. The Developmental Studies Committee will make a recommendation to the Executive Director of Enrollment Services. If admitted, these students will be required to participate in the Developmental Studies Program and will be admitted on restricted admission. The following classes must be completed before restricted admission can be lifted: **ENG 100, IDS 111, MAT 100, and IDS 112**. At the completion of 24 semester hours, which includes the required developmental studies classes, if the student has not achieved an overall 2.00 or higher GPA, the student will be suspended.

Admission on Academic Probation

Students who have previously attended Mississippi College, were suspended, and have been readmitted by the Committee on Enrollment Appeals, will be admitted on academic probation. Students admitted on academic probation must earn a 2.75 grade point average on their first 12 hours. The 12 hours may be taken in one semester or over several semesters. At the end of those 12 hours, if the student has not earned a 2.75 grade point average, they will not be allowed to continue study at Mississippi College. An appeal will not be heard again for a minimum period of one year. (See *Right of Appeal for Academic Suspension* section of the *Undergraduate Catalog*.)

NOTE: If a student is suspended more than two times from Mississippi College, it is highly unlikely that the student will be given another opportunity to study at Mississippi College.

Transfer

The Director of Admissions will consider community / junior college graduates and transfer students whose transcripts indicate eligibility to return immediately to the school last attended and whose grades show evidence of ability to do college-level work.

A student is considered a transfer student only after 12 semester hours or 16 quarter hours have been successfully completed (2.00 average on a 4.00 system is considered successful) at an approved institution. Courses must be comparable to courses offered at Mississippi College.

Restricted Admission for Transfer Students

Students who have accumulated a deficit of 15 to 29 grade points from the last institution(s) attended will be considered for admission to Mississippi College on restricted admission. Also, those students who have been suspended from their previous institutions and have sat out of school the required amount of time may be admitted to Mississippi College by the Committee on Enrollment Appeals on a restricted admission status. Restricted admission students must earn a 2.00 grade point average on their first 15 hours, and the 15 hours may be taken in one semester or over several semesters. Earning a 2.00 grade point average over the first 15 hours will result in the lifting of the restricted admission status; failure to earn a 2.00 grade point average over the first 15 hours will result in suspension from Mississippi College. The committee on Enrollment Appeals will not address an appeal for a suspended student for a minimum of one year after the student was dismissed.

All candidates for transfer admission should submit the following:

1. **Application.** A completed application form.
2. **Transcripts.** Official transcripts from colleges attended to date mailed to the Office of Enrollment Services directly from each college attended. Student copies are not acceptable.
3. **Photo.** Photograph requested
4. **Mumps, Measles and Rubella (MMR) Immunization Certificate.**
5. **Students seeking campus housing are required to submit a non-refundable \$100 fee, and a photograph is requested.**

Transfer students should know the following:

Credit from Junior/Community College. The last 65 hours applied towards graduation from Mississippi College must be earned at a senior college, regardless of the number of semester hours taken at the junior / community college level. This means that courses earned at a junior / community college over and above the first 65 hours are accepted as a credit only. Such credit only courses do NOT have to be repeated and will satisfy requirements if the course is so specified at Mississippi College. However, credit only courses do not carry hours or quality points so are NOT included in the total number of hours or grade point average required for graduation.

Grades Transferred from Another Institution. Grades earned on transfer work from other institutions will be shown on the permanent record at Mississippi College but will not be used in calculating the grade point average at Mississippi College.

Mississippi College does not accept for transfer the hours earned with D grades at another institution unless the grades earned on other courses accepted for transfer from that institution pull the average up to C level.

Normally, Mississippi College allows full credit on a course taken at another regionally accredited institution if a comparable course is offered at Mississippi College. Evaluation of transcripts is done by personnel in the Office of the Registrar.

Dual Enrollment. Students may not be simultaneously enrolled at Mississippi College and any other institution. Special permission for dual enrollment may be granted only by appeal to the Vice President for Academic Affairs.

Approval to Take Courses at Other Institutions. Once enrolled at Mississippi College, a student must have prior approval of any course to be taken elsewhere for credit at Mississippi College. A form for this purpose is available in the Office of the Registrar.

Required Hours Taken at Mississippi College. The last 33 semester hours must be taken in residence at Mississippi College. A minimum of 12 semester hours must be taken at Mississippi College in the student's major field and 6 hours in the minor; but not more than 45 semester hours may be transferred for credit toward a bachelor's degree on a major in any department.

Non-Degree Undergraduate Admission

A non-degree student is one who is not working toward a degree. Although credit is given for passing work, the credit is not applied toward a degree. If a non-degree student desires at a later time to pursue a degree, application as a regular student must be made. If the student is admitted as a regular student, the University will determine whether work taken as a non-degree student will be acceptable toward meeting degree requirements.

A non-degree student is expected to abide by the rules and standards of Mississippi College. A non-degree student may be admitted to Mississippi College with a *Letter of Good Standing* or an official transcript from the last university attended.

Non-degree applicants must provide the following:

1. **Application.** A completed application form.
2. **Transcripts and ACT.** Freshman applicants must have an official high school transcript mailed directly to the Office of Enrollment Services from the high school attended. Applicants who have not completed high school must have an official high school transcript mailed directly to the Office of Enrollment Services from the high school attended along with an official ACT score and a letter of recommendation from their high school counselor. ACT Score required if Freshman graduated within the last five years.
3. **College Transcript or Letter of Good Standing.** Transfer students must have a letter of good standing or a transcript mailed directly to the Office of Enrollment Services from the last college attended. Student copies are not acceptable. College graduates must enter under the graduate program and are then considered undergraduate students.
4. **Photo.** Photograph requested.
5. **Mumps, Measles and Rubella Immunization Certificate.**

International Student Admission

A prospective international student applying for admission to Mississippi College as an undergraduate must provide the following:

1. A fully completed International Admission Application form.
2. One of the following English requirements:
Mississippi College considers English language scores from the following tests for admission purposes: Test of English as a Foreign Language (TOEFL); International English Language Training System (IELTS); The Society for Teaching English Proficiency (STEP). However, International students are required to pass the Mississippi College Institutional English Evaluation Test prior to enrolling in academic classes. Students not making acceptable scores on the Institutional English Evaluation Test will be required to enroll in the Intensive English Program at the evaluated level to insure academic success. The Institutional English Evaluation Test requires proficiency in all area demanded of non-English speakers: Reading, Writing, Listening and Speaking.

3. A financial statement indicating ability to finance study during the entire stay at Mississippi College. The applicant must provide evidence of sufficient financial support for personal living expenses such as vacation room and board, educational supplies and transportation. There are approximately sixty days in the calendar year (vacations and semester breaks) for which on campus residential accommodations are not available. Students must decide whether they ordinarily will be in residence during these periods. Additional charges for vacations and semester break periods will apply. Please contact the International Students Office to determine the current amount required.
4. Transcripts of all high school and college grades with literal translations into English. Students attempting to transfer credits received in secondary degrees or courses completed at universities outside the United States must request a Course-by-Course Report from a credential evaluation service. The services Mississippi College uses are:

Educational Evaluators International, Inc.
11 South Angell Street #348
Providence, RI 02906

World Education Services, Inc.
P. O. Box 5087
Bowling Green Station
New York, NY 10274

Miami, FL 33173

The student must pay for the evaluation. Transcripts from institutions located in the United States must be mailed from these institutions directly to the International Center at Mississippi College.

5. International students should contact the International Student Office for details concerning admission requirements.
6. Students will be required to purchase health insurance each year through the University. The policy must provide medical, medical evacuation, and repatriation coverage with Mississippi College as the trustee beneficiary.
7. Before arrival at Mississippi College, the applicant must be tested for tuberculosis and immunized against measles/mumps/rubella (MMR).
8. An international student who holds an F-1 student visa is required to carry a full course of study in the fall and spring semesters. A full-time undergraduate course load is twelve credit hours and a full-time graduate course load is nine hours.

9. All tuition and fees are expected to be paid at the time of registration. Installment payment privileges are not available.

An international student is required to be enrolled as a full-time student (twelve semester hours) during each semester in order to maintain student (F-1) visa status.

Readmission

A former Mississippi College student (one who was not registered during the preceding regular semester) must apply for readmission through the Office of Enrollment Services.

1. **Application.** A completed application form. A non-refundable housing fee is required if the applicant desires campus housing.
2. **Transcripts.** Transcripts from all colleges attended since the time that the student has been enrolled at Mississippi College must be mailed directly to the Office of Enrollment Services from the colleges attended. Student copies are not acceptable.
3. **Photograph.** Photograph requested. Students who are readmitted to Mississippi College after a five-year interval may be required to repeat courses if there have been significant changes in course content.

Transfer Credit

All entering transfer students **must** provide transcripts of all prior college/university work; these transcripts will be evaluated as promptly as possible by the Office of the Registrar. In general, full credit is given for a course taken at another accredited institution if a comparable course is offered at Mississippi College. (Refer to the *Admissions* section of the *Undergraduate Catalog*.)

Once enrolled at Mississippi College, a student must have prior approval of any course to be taken elsewhere for credit at Mississippi College. A form for this purpose is available from the Office of the Registrar.

Accelerated Degree Program

The Accelerated Degree Program (ADP) is designed for students who wish to complete a degree at night in the areas of business, accounting, marketing or public relations. Students wishing to enter the program must be night students (more than 50 percent of classes must be taken at night in the Accelerated Degree Program format) and be admissible through regular admissions standards. Those choosing to follow the ADP plan are able to take up to 12 hours per full semester. The format of the program is eight week sessions.

Financial Information

Location of Bursar's Office

The Bursar's Office is located in Nelson, Room 106.

Student Expenses

The cost to attend Mississippi College and the refund policies have been approved by the Board of Trustees and are designed to be as fair as possible to both the University and the student. If a student or parent feels the policies have not been administered as written, and in a fair and equitable manner, an appeal may be directed to the Vice President for Academic Affairs, Telephone: 601.925.3202.

Payment Policy

Tuition and fees are due and payable in full by the given deadline each semester unless utilizing the monthly payment plan. Accepted forms of payment are cash, check, money order. Visa or Mastercard.

Any account balance not paid by the given deadline will be considered past due and will be placed on hold. Students with an account on hold will not be able to register for any upcoming semesters, view grades online, receive transcripts and may result in possible withdrawal from classes. Past due accounts will also be subject to a late payment penalty.

Monthly Payment Plan – The University offers a monthly payment plan, a convenient method for planning and budgeting tuition and fees for the fall or spring semester, through an outside education payment plan provider. Under this plan, costs may be paid with up to five (5) monthly payments per semester. More detailed information may be obtained by contacting the Bursar's Office at 601.925.3307 or 1.800.738.1287 or by email at bursar@mc.edu or by visiting www.mc.edu/about/bursar.

Fees

The total expense of an undergraduate student attending Mississippi College for the nine-month session, excluding books and personal expenses, is approximately \$18,600. This is payable by semester. The University reserves the right to revise prices as economic conditions warrant.

Refund of On-Campus Living Expenses

On-campus living expenses will be refunded at the following rate should a student withdraw from school or cease to be a resident student:

Month that classes begin (August, January)25%
Second month after classes begin (September, February)15%
Third month after classes begin (October, March)10%

A student withdrawing from Mississippi College will surrender their ID card to the Office of Residence Life at the time the withdrawal papers are processed.

Refund of Other Fees

All special and course fees are not refundable upon withdrawal.

Refunds/Return of Title IV Funds

When a student withdraws from classes, he/she may be entitled to receive money back which had been paid to the University. The University may be able to **refund** all or a portion of the tuition, fees, etc., the student paid. If the tuition, fees, etc., were paid with Title IV financial aid, all or a portion of the student's refund must be returned to the student aid programs from which the money was awarded. A student who receives a cash disbursement to assist with living expenses and then withdraws, may be required to **return** money to the aid programs from which the money was awarded.

Federal regulations require Mississippi College to have a fair and equitable refund policy. If a recipient of Title IV aid withdraws during a period of enrollment, Mississippi College must calculate the amount of Title IV aid the student did not earn. The percentage of aid earned is equal to the percentage of time completed. Unearned Title IV funds must be returned to the Title IV programs.

If a student withdraws on or before the 60% point of enrollment, the percentage of aid earned is equal to the percentage of time completed. If a student remains enrolled beyond the 60% point of enrollment period, 100% of the aid has been earned for that period.

All unearned Title IV funds must be returned to the Title IV programs. If Title IV aid was used to pay institutional charges first, the University will return unearned Title IV funds up to an amount that is equal to the amount disbursed to the U.S. Department of Education.

Funds are returned in the following order up to the full amount disbursed:

1. Federal Unsubsidized Stafford Loan,
2. Federal Subsidized Stafford Loan,
3. Federal Perkins Loan,
4. Federal PLUS Loan,
5. Federal Pell Grants,
6. FSEOG, and/or
7. Other assistance under TITLE IV.

Financial Assistance

All matters concerning financial aid are under the direction of the Committee for Enrollment Appeals, composed of administrators, faculty, staff and students. This committee establishes policies regarding financial aid. The amount of aid awarded a student is based on either scholarship or financial need. Aid is offered under the categories described on the following page.

Institutional Scholarships

A limited number of institutional scholarships are available for which a student may apply. The scholarships are intended to recognize the student's outstanding academic achievement, service in the community and leadership skills. A complete listing of those scholarships and requirements are listed in the admission packet. The total amount of institutional scholarships from all sources cannot exceed \$9,000. Students who participate in the Early Decision Program may receive an additional \$1,000 if admissions requirements are met by December 1 for the next academic year. Students must be enrolled full-time in order to receive institutional scholarships. (An exception to this rule is made if the student is in their final semester.) All institutional scholarships will be reduced by 50 percent for students who choose to live at home unless otherwise noted. Students who are under 21 years of age must live in a residence hall or at home with their parents. Students 21 years of age or older may elect to live off campus and not with parents. Those students electing to live off campus will lose all institutional scholarships. Scholarships cannot be used during the summer terms. Should a student have more scholarships and aid than the total of their direct costs, up to \$500 will be refunded to the student each semester.

Renewal Requirement for Institutional Scholarships

Students must sign a scholarship acceptance letter. The letter contains the type and amount of scholarship awarded and the condition for scholarship renewal. Scholarships are renewed annually if the student meets the condition as outlined in their letter of acceptance.

Students must maintain a 2.5 GPA for the following academic scholarships.

Heritage Scholarship	Transfer Heritage Scholarship
Dean's Scholarship	Transfer Dean's Scholarship
Presidential Scholarship	Transfer Presidential Scholarship
Presidential Scholarship with Distinction	Phi Theta Kappa Scholarships

Students must maintain a 2.0 GPA for the following scholarships.

Leadership Scholarship	Bible Drill Scholarship
Christian Ministry Scholarship	Church Matching Scholarship
Christian Ministry Dependent Scholarship	Academic Competition
Scholarship	
Financial Need Scholarship	Speaker's Tournament
Scholarship	
Baptist Student Union Scholarship	Institutional Need Grant
Institutional Scholarship	Band Scholarship
Jazz Band Scholarship	Math and Science Scholarship
Music Scholarship	Chamber Choir Scholarship
Hillman Scholarship	Naturals Scholarship

Scholarship recipients who fall below the required GPA will be placed on probation for the next semester enrolled. If after the probationary semester the student's cumulative GPA is not restored to the required level, the student will be placed on scholarship suspension and will lose the scholarship immediately. If after the probationary semester the student's cumulative GPA is not restored to the required level, but the student makes the required GPA for the probationary semester, then the student will be allowed a second probationary semester. If after the second probationary semester the cumulative GPA is not restored to the required level, then the scholarships would be suspended. The scholarship will be re-instated when the cumulative GPA meets or exceeds the minimum requirement. Notification of all actions will be sent to the student in writing.

Institutional scholarships recipients are expected to demonstrate good character in all aspects of their lives. Students who engage in serious misconduct may lose part or all of their scholarship support. The imposition of disciplinary action sanctioned through the student disciplinary process could also include loss of scholarship support. Students can receive scholarship for their first undergraduate degree only. Once degree requirements are met for the first undergraduate degree, the student is no longer eligible to receive institutional scholarships. Students who choose to enter college before graduation from high school upon completion of their junior year are not eligible for any institutional scholarships.

State Scholarships and Grants

The following scholarships and grants are available to residents of Mississippi:

Mississippi Tuition Assistance Grant

Mississippi Eminent Scholars Grant

HELP (Higher Education Legislative Plan for Needy Students)

Students pursuing a program of study leading to a "Class A" educator license may apply for the following:

William Winter Teacher Scholar/Loan

Critical Needs Teacher Loan/Scholarship Program

Nursing Education Loan Scholarship Program (NELS) available to junior, senior and graduate students who are pursuing a baccalaureate or higher degree in nursing.

Application procedure and eligibility information about these programs may be obtained from the Mississippi Office of State Student Financial Aid at 1.800.327.2980. This information is also available on the State Financial Aid website at www.ihl.state.ms.us/financialaid/default.asp.

Federal Student Aid

Students wishing to be awarded federal student aid must complete the Free Application for Federal Student Aid (FAFSA). To receive priority consideration for campus-based federal student aid the application must be received by the central processor by March 1, with Mississippi College being designated as a recipient of FAFSA data. Applications received after this date will be given consideration depending on the availability of funds. Campus-based programs for which a student may be awarded include: Federal Work Study Program (FWS), Federal Perkins Loan Program, and the Federal Supplemental Educational Opportunity Grant (FSEOG).

In addition, awards may include the Federal Pell Grant and the Stafford Student Loan. Parents of undergraduate students may apply for the Parent Loan for Undergraduate Student (PLUS).

The FAFSA may be obtained from the Mississippi College Office of Enrollment Services or from the high school guidance counselor. The FAFSA may also be completed on the Internet at www.fafsa.ed.gov.

Student Employment

Students who desire to work on campus should contact the Office of Career Services, Telephone: 601.925.3901.

More detailed information about financial aid is available upon request from the Office of Enrollment Services, Telephone: 601.925.3212; toll free: 1.800.738.1346.

Receiving and Maintaining Financial Assistance

Students on academic probation will be eligible to receive financial assistance for the first semester on academic probation, and they will be eligible to receive financial assistance for the second semester **provided** substantial academic progress was made during the first semester of probation. Students will be ineligible to receive institutional financial assistance during the first semester back in school following academic suspension, if the student is allowed to re-enroll.

Students who are denied financial assistance due to unsatisfactory academic progress have the right to appeal the denial. Students should place in writing the request to appeal to the Committee for Enrollment Appeals. (Contact the Director of Financial Aid, Telephone: 601.925.3212.) **The full satisfactory academic progress policy can be found in the *Mississippi College Student Handbook* and the *Mississippi College Policy and Procedure Manual*.**

Student Life and Activities

Student Government

Every undergraduate student at Mississippi College has membership in and is represented by the Student Government Association (SGA). Each year the student body elects a president and many other officers of the SGA to represent them. These officers help to promote student welfare, perpetuate university customs and traditions, and to train in the principles of democratic government preparing for distinguished citizenship. They cooperate with the administration in promoting well ordered conduct among the students and enforcing the regulations of the University, as well as those of the Student Senate. The SGA functions through its executive, legislative, and judicial branches.

Services for Students with Disabilities

Students with disabilities should contact the Counseling and Testing Center, Lowrey Hall, Room 118, Telephone: 601.925.3354. Students should see the *Mississippi College Student Handbook*, Students with Disabilities section.

Emergency Procedures

Recognizing that safety is to a certain extent the responsibility of the entire campus community, the Office of Public Safety lists Emergency Procedures on its website (<http://www.mc.edu/safety/crisisplan.pdf/>). Any questions may be directed to the Office of Public Safety at 925.3204.

Student Handbook

The *Mississippi College Student Handbook*, the student handbook, is an official publication of the University and contains rules and regulations with which all students should be familiar. The *Mississippi College Student Handbook* may also be accessed on the Mississippi College website at w.mc.edu/publications/handbook/.

Student Publications

The *Tribesman* is the University yearbook published annually by an appointed student staff.

The *Mississippi Collegian* is published by students, giving the campus news and discussing matters of interest to students and alumni.

The *Arrowhead* is a magazine published by students. It carries a number of stories, poems, photographs and feature articles written by students, faculty members and alumni.

Student publications play an important part in the extracurricular activity on any university campus. The University newspaper, the literary magazine, and the yearbook are the Mississippi College student publications. They preserve the events and experiences of campus life in the permanency of print for students to read and enjoy.

The Publications Council oversees all matters relating to student publications. The Council interviews and elects editors, assistant editors and business managers of the student publications. The Council has the authority and responsibility to deal with problems concerning student publications.

The maximum amount of credit that one may earn in a semester for working on student publications is 1/2 semester hour.

Athletics and Intramural Sports

Mississippi College offers proper balance to its students in physical development opportunities and competitive interest through a first-rate intercollegiate athletic program for men and women. The University participates in sixteen men's and women's sports: football, basketball, baseball, cross-country / track, tennis, softball, golf, volleyball, soccer and equestrian. Although a member of the small college category, the University has produced many players and coaches who have gone on to win national recognition. The University is a member of the National Collegiate Athletic Association (NCAA) and the American Southwest Conference (ASC) and participates according to the rules and regulations established by these organizations.

A well-balanced program of intramural sports is provided for Mississippi College's students, faculty and staff. This program provides a means of recreation and physical fitness for the individual who does not participate in varsity athletics. This program is designed to provide persons of all fitness levels the chance to play on a competitive, organized sports team without the time demands of varsity sports. Teams are organized from the residence halls, clubs and various campus groups to compete in sports such as flag football, tennis, ultimate frisbee, basketball, soccer, softball, and outdoor volleyball.

Throughout all levels of physical activity, Mississippi College emphasizes the physical, social and recreational benefits to be gained through active participation. With these educational values in mind, the University fosters a program that encourages as broad a participation as possible. Mississippi College is proud of this active program and the hundreds of students, faculty and staff who participate in it annually. Details can be found at <http://intramurals.mc.edu>.

Student Organizations

Student activities and organizations at Mississippi College help to facilitate students in their development academically, socially, emotionally, spiritually, and physically. Mississippi College also offers numerous other opportunities for students to get involved such as: campus ministries, music ensembles, student publications, campus elections and honors, and intramural and varsity athletic programs. All student organizations on the main campus are authorized by and operate under the supervision of the Student Activities and Services Committee according to regulations listed in the *Mississippi College Student Handbook* and the *Student Organization Handbook*. This committee is made up of members of the administration, faculty, staff, and student body.

Honor and Recognition Societies

Alpha Chi

The society is composed of a company of students selected for membership because of superior scholastic achievement in all departments. The purposes are: The promotion and recognition of scholarship and of those elements of character which make scholarship effective for good and the stimulation of a spirit of sound scholarship and devotion to the truth wherever such may be found.

Alpha Epsilon Delta

The purpose of Alpha Epsilon Delta is to encourage excellence in premedical scholarship and to promote cooperation and contacts between students and educators. To qualify for membership, one must be at least a second semester sophomore, have a minimum of 3.00 GPA, and exhibit a good moral character.

Alpha Lambda Delta

Alpha Lambda Delta is the national honorary scholastic fraternity for freshman students and is one of the highest academic honors which can be achieved by freshman. Membership is attained by a minimum 3.50 GPA during the first semester of college and high qualities of character, service and leadership.

Alpha Mu Gamma

Alpha Mu Gamma (Iota Lambda Delta) is the honorary foreign language society for those students maintaining high grades in the field.

Alpha Psi Omega

Alpha Psi Omega seeks to foster an appreciation of theatre and develop technical skills in dramatics.

Beta Beta Beta

Beta Beta Beta is a national honor fraternity for students with an interest in the biological sciences.

Delta Mu Delta

Delta Mu Delta's purpose is to encourage higher scholarship and to recognize and reward scholastic achievement in business administration programs. A Mississippi College student receiving Delta Mu Delta recognition must be at least a second semester sophomore majoring in business with a GPA of 3.70 or higher. In addition, transfer students must complete one semester as a full-time student to be eligible for recognition.

Kappa Delta Pi

Kappa Delta Pi invites to membership such persons as exhibit commendable personal qualities, worthy educational ideals and sound scholarship. It endeavors to maintain a high degree of professional fellowship among its members and to quicken professional growth by honoring achievement in educational work.

Kappa Pi

Kappa Pi seeks to form bodies of representative students who will, by their influence and artistic interest, uphold the highest ideals of a liberal education; to provide a means whereby students with artistic commitment meet for the purpose of informal study and communication; to raise the standards of productive artistic work among the students in colleges and universities; to furnish the highest reward for conscientious effort in furthering the best interest of art in the broadest sense of the term, by election to membership in the Fraternity, based upon such meritorious work.

Mortar Board

Mortar Board is the senior national honor society dedicated to the principles of scholarship, leadership and service. The membership is limited to 40 and those selected must have a GPA in the top 35 percent of the Junior Class and be recognized leaders on the Mississippi College campus.

Omicron Delta Kappa

The purposes of Omicron Delta Kappa are to recognize students of outstanding achievement in collegiate activities and to inspire others along similar lines; to bring together the most representative students of collegiate life, thus creating an organization which will help to mold the sentiment of the institution on various questions; and to bring together faculty and students on a basis of mutual interests and understanding.

Phi Alpha

Phi Alpha Honor Society fosters high standards of education for social workers and invites into membership social work students, faculty, and practitioners.

Phi Alpha Theta

The purpose of Phi Alpha Theta is to promote the study of history through the encouragement of research, good teaching, publication and the exchange of learning and ideas among historians.

Phi Mu Alpha Sinfonia

Phi Mu Alpha Sinfonia is a professional music fraternity for men that encourages and actively promotes the highest standards of creativity, performance, education, and research in music in America. It also will develop and encourage loyalty to MC, foster the mutual welfare of students of music, and instill in all people an awareness of music's important role in the enrichment of the human spirit.

Phi Theta Kappa (Alumni Chapter)

Phi Theta Kappa (Alumni Chapter) is open to all those students who were members of the Phi Theta Kappa honor society at their community college. The Mississippi College alumni chapter seeks to support the people, programs, and priorities of the Phi Theta Kappa society.

Pi Gamma Mu

Pi Gamma Mu seeks to improve scholarship in the social studies and to achieve synthesis therein.

Pi Kappa Delta

Pi Kappa Delta is the national honor society recognizing achievement in speech and debate.

Pi Mu Epsilon

Pi Mu Epsilon is an honor society for students and faculty interested in mathematics. The purpose of this organization is to promote the mathematical and scholarly development of its members.

Psi Chi

The national honor society in psychology seeks to encourage, stimulate, and maintain excellence in scholarship of the individual members in all fields, particularly in psychology and to advance the science of psychology.

Sigma Alpha Iota

Sigma Alpha Iota upholds the highest standards of music and furthers the development of music in America and throughout the world; gives inspiration and encouragement to members; offers cultural experiences to SAI members to contribute to their educational growth; supports ideals and goals of the member's Alma Mater; adheres to the highest standards of citizenship in school, community, and fraternity life.

Sigma Tau Delta

Sigma Tau Delta, professional English fellowship, was established for the purpose of promoting written expression, encouraging worthwhile reading, and fostering a spirit of fellowship among students specializing in English. The Mississippi College chapter, Psi Zeta, seeks to further better scholarship in English.

Many departments on campus sponsor clubs for majors and/or minors in the department.

Social

A major outlet for social life on Mississippi College's campus is the nine social/service organizations. There are five Service Clubs for male students, governed by the **Interservice Executive Council (ISEC)**, and four Social Tribes for female students, governed by the **Intertribal Council (IT)**. Although some clubs have ties to national service organizations, these organizations are largely unique to Mississippi College's campus and have been part of MC history for many years. They seek to encourage social development, service to the community, and character development among their members.

At the beginning of each fall semester, both IT and ISEC hold Rush for membership into the social tribes and service clubs. They may also choose to hold a Spring Rush during the beginning of the spring semester. More specific information about Rush, rules and regulations, and other social/service club matters can be obtained from the Coordinator of Student Activities and the Coordinator of Student Development.

Christian Development

One of the most distinctive aspects of Mississippi College is our long heritage of Christian witness. We are a Christian college where Christ is worshiped and honored. We understand that not all of our students at Mississippi College are Christians, but it is our hope that as students become part of our campus community they will grow in their understanding of the life and teachings of Jesus Christ. We place a great value on "the integration of faith and learning throughout the educational process" and it is our desire that every member of our campus have opportunities to acknowledge Jesus as Lord and have the opportunity to grow in their understanding of Christ. It is also our belief that being a Christian involves service to God and others, we therefore encourage members of the Mississippi College community to serve and give back to society through the various ministries and service projects that have been

established. The goal of Christian Development at Mississippi College is to foster respect for, encourage inquiry regarding, and develop participation in the teachings of Christ and the traditions of the Christian Church.

Under the umbrella of Christian Development there are three unique components: Campus Ministries, Church Relations, and Faith Engagement. While each one of these areas has been developed to assist in educating students to a life of faith, Campus Ministries is most directly related to purposes of Student Life. Students are encouraged to participate in all aspects of Christian Development and to discuss their ideas with each other and bring any concerns to the Vice President for Christian Development, Dr. Eric Pratt. His office is located in 212 Nelson Hall, and he can be reached at 601.925.3235 or by e-mail at epratt@mc.edu.

Campus Ministries

As a student comes to Mississippi College, he/she will find opportunities for spiritual growth and enrichment. Many activities are planned for the personal benefit of the student. Each activity is voluntary, and the student must take the initiative to become involved and thereby profit from it. Besides ministries located on MC's campus, students are encouraged to participate in the worship and teaching ministries of the churches in the area.

Baptist Student Union (BSU)

The BSU is a student-led, staff-directed organization and operates under the rules and regulations as set forth in the *Mississippi College Student Handbook*. The Leadership Team consists of students elected by the BSU. Each member of the Leadership Team carries out the planning of specific aspects of the campus activities.

The BSU Leadership team works in cooperation with the BSU Director and the Associate BSU Director.

A challenging and inspiring program is planned, geared to the needs and interests of college students.

1. A weekly worship time consisting for praise, prayer, and student testimonies called Vision is held every Sunday evening at 9:00 pm for our students in Provine Chapel.
2. Journey Teams and our Fine Arts Groups are composed of students who conduct services of worship and fellowships for churches throughout the state.
3. Each year, Mississippi College BSU sends our student summer missionaries in the United States and Internationally through the state BSU program.
4. Mississippi College BSU offers One Night Groups weekly (usually on Tuesday nights) for students to engage in small group Bible study.
5. Retreats are planned for a time of inspiration at off-campus settings.
6. BSU Community Missions facilitates the apartment ministry that our students lead Monday - Thursday, in the afternoons, at Jackson area apartment complexes.
7. State BSU Convention and Leadership Training Conference are big events each year involving students from campuses across Mississippi.
8. The BSU musical groups, Priority, Surrender, and Adopted, and the drama team, Cross Section, are of interest to a number of students.
9. We have Spring Break mission trip opportunities and short term international trips available.

Canterbury Episcopal Student Society

The nature and purpose of this organization is to offer weekly fellowship for students, faculty and staff who worship in the tradition of Anglican Communion as members of a congregation affiliated with the Episcopal Church in the United States.

Catholic Student Association (CSA)

The primary purpose of this organization shall be: to provide fellowship for Catholic full-time and part-time students at Mississippi College, its Graduate School, and its School of Law; to provide opportunities for growth in the Catholic faith; to provide service to the university and the community when possible; to provide opportunities for greater understanding of Catholicism among the faculty, staff and students.

Fellowship of Christian Athletes (FCA)

The FCA Huddle Ministry at Mississippi College offers every athlete and coach, along with anyone influenced by sports, the opportunity to meet together on campus for fellowship, accountability, and discipleship in Jesus Christ. There is no membership requirement and all are welcome. FCA is non-denominational in religious affiliation. Our mission is accomplished through FCA Staff on campus who train MC athletes and coaches to lead others. FCA offers weekly Huddle Meetings, Bibles Studies, Team Chapels, Retreats, Camps, National and Foreign Mission Trips, and opportunities to serve in local high schools.

Reformed University Fellowship (RUF)

RUF is a ministry of the Presbyterian Church of America on the campus of Mississippi College that is open to all people and all faiths. The organization is affiliated with Reformed University Ministries, the campus ministry program of the Presbyterian Church in America, under the oversight of the Mission to North America Committee. This organization was founded to provide an in-depth ministry to college and university students based upon the authority of the Word of God in every area of life. The purpose of this organization is the glorification of God in all pursuits and endeavors of life and the enjoyment of Him forever.

Special Programs

Throughout the year, a wide variety of special programs provide educational and cultural opportunities to Mississippi College students. Many are open to the local community as well. Outstanding lecturers in literature, science, mathematics, political science, and religion have appeared recently on campus in programs open to the public. Vocal and instrumental performances are also an almost weekly occurrence throughout the university year, and numerous art exhibits are on display during each year, specifically those in the Samuel Marshall Gore Gallery located on the fourth floor of Aven Hall.

Faculty and students of the University from time to time throughout the year offer a variety of programs such as the Shakespeare Festival, dramas, art exhibits, musical performances, and "I Love America Day."

Large student groups from other schools attend special functions such as choral festivals and science and historical conventions on the University campus annually.

Music Ensembles

The Mississippi College Singers

The Mississippi College Singers is a 50-voice ensemble that presents a broad spectrum of the choral literature. This choir presents numerous concerts in churches and schools and represents the University in annual tours of the southeastern United States. International tours are projected every three years. Membership is open to all students. A thorough audition and interview is required and the ensemble carries a scholarship responsibility. The conductor is Dr. James M. Meaders.

The Naturals

This mixed ensemble represents the University, under the supervision of The Enrollment Management and Student Affairs Division, in appearances throughout the state, in churches and schools performing a variety of music both sacred and secular. This ensemble has as its main focus recruiting students for the University. Participants may receive partial scholarships.

Men's Glee

The Men's Glee Club performs standard and contemporary literature for men's chorus. Membership is open to the campus community. There is a minimum of one on-campus performance each semester. Occasionally, this group joins other departmental choral ensembles for performances of major works.

Women's Chamber Choir

The Women's Chamber Choir performs standard and contemporary literature for women's chorus. Membership is open to the campus community. There is one on-campus performance each semester. Occasionally, this group joins other departmental ensembles for performances of major works.

The Opera Workshop

The Opera Workshop is one of the most active college opera organizations in the state. Recent years have included productions of *The Magic Flute*, *The Marriage of Figaro*, *Die Fledermaus*, *the Ballad of Baby Doe* and premiere performances of original dramatic works. Participation is by audition.

The Choctaw Band

The Choctaw Band is Mississippi College's field band for half-time shows and other entertaining marching and music events throughout the fall. Scholarships are available for all members. The Director is Dr. Craig Young.

The Symphonic Wind Ensemble

The Symphonic Wind Ensemble presents concerts of classical wind band literature as well as pops/variety repertoire during the spring semester. Scholarships are available for all members. The Conductor is Dr. Craig Young.

Fall Concert Band

The Fall Concert Band presents concerts of classical wind band literature as well as pops/variety repertoire during the fall semester. Meets on most Mondays in the fall. The director is Dr. Craig Young.

The Jazz Band

The Jazz Band presents concerts of big band and jazz charts for many styles for on and off campus events. Scholarships are available for all members. The Director is Wayne Linehan.

Student Residence

Living on campus adds a wonderful dimension to a student's life and education. It is the desire of each Residence Life professional that the residence halls will truly be a place where students can develop, not only scholastically but socially and spiritually as well. Every effort is made to make living on campus as comfortable and pleasant as it is convenient.

The residence halls are reserved for students enrolled for classes at Mississippi College. Generally, full-time status is required, but exceptions are occasionally made for students with special circumstances.

There are eleven residence halls for our resident students. Each residence hall has an adult Resident Director with upper-class students serving as Resident Assistants.

Residence Life Requirement

To promote better student relationships, a broader exchange of intellectual thought and to foster the general student welfare, all single, full-time undergraduate students under the age of 21 and classified as dependent as determined by the Mississippi College Office of Financial Aid are required to live in a campus residence hall unless they commute from home. Special permission is required from the Director of Residence Life for a part-time student to live in a residence hall.

A dependent student 21 years of age or older may seek a residence other than on campus or their permanent address. However, doing so will result in a change of institutional scholarship awarded, unless otherwise indicated by the Office of Financial Aid.

Since some scholarships are affected by a student's housing. It is the student's responsibility to check with the Office of Financial aid concerning scholarship status.

Residence Appeal

Exemptions to the above stated requirement may be made by the Residence Appeals Committee which is made up of representatives from Student Affairs and Business Affairs staffs. Any student who feels that circumstances merit exemption should make written appeal to the committee. All appeals may be addressed to the:

Residence Appeals Committee
P.O. Box 4044
Clinton, MS 39058

Deadlines for making appeals are:

1st semester—July 15
2nd semester—December 15.

Residence Hall Contract

Before moving into a residence hall, a student must read and sign a residence hall contract. The contract must be on file in the Office of Residence Life.

Residence Hall Holiday Closing

All campus residence halls (as well as food services) will be closed during regular University recesses as indicated in the University Calendar (Thanksgiving, Christmas, and Spring Break). Special circumstances may necessitate students to remain on campus when the residence halls close for the holidays. Permission must be granted through the Office of Residence Life to remain in the residence halls during these times and applicable fees will be assessed to the student's account. Any personal items needed by a student should be removed prior to closing time as no one will be permitted to enter any residence hall **for any reason** during holiday periods.

Room Assignments

All residence hall assignments are made by the Office of Residence Life. Before any room reservation is made for a new student, a non-refundable \$100 reservation fee must be paid to Enrollment Services and the proper paperwork completed and returned to Enrollment Services. A student will not be given their room assignment or key until after they have paid their room fee. All room assignments are made by the Office of Residence Life. Room assignments are in effect for fall and spring semesters. Room changes will be allowed between semesters for students whose roommates will not be returning to Mississippi College for the spring semester. These room changes must be made in the Office of Residence Life. No room change fee will be assessed if the changes are approved by December 1.

Before moving into a residence hall, a student must read and sign a residence hall contract. The contract must be on file in the Office of Residence Life.

Each room is equipped so that two resident students would be accommodated. The furnishings provided are: two bed frames and mattresses, two study desks and chairs, and two chests of drawers. Students are required to furnish bed linens, towels, study lamps, and other personal items. Students are expected to keep their rooms clean and neat. Janitorial service is furnished by the University to keep the public areas of the residence halls clean. Negligent or willful destruction of University property will be charged to the student responsible. Damage of property in a room will be charged equally to the occupants of the room when the person directly responsible cannot be identified. Damage to community property such as bathrooms, lobbies, hallways, will be the responsibility of all resident students on the floor of that particular residence hall. Repairs needed are to be reported to the Resident Director.

Room Changes

Occasionally, it is necessary that a student change rooms. This should only be done after consultation with the Residence Life staff and paying a \$50.00 room change fee. Please note exception for mid-year room changes in Room Assignments section above.

Private Rooms

The following policies apply to private residence hall rooms:

1. Requests for private rooms are to be submitted in writing to the Office of Residence Life.
2. Private rooms may be available as residence hall occupancy and space permit.
3. Private room cost is published in the Financial Information section of the *Mississippi College Undergraduate Catalog*.
4. Requests made for the fall semester are considered in force for the spring semester unless the student cancels that request in writing to the appropriate authorities. Cancellation is to be made before registration for the spring semester begins. This same policy also applies to both terms of the summer session.

Vehicle Registration

Because of campus safety purposes and because parking space is limited, all vehicles of faculty, staff, and students must be registered with the Office of Public Safety during registration for classes.

An annual vehicle registration fee of \$80.00 is charged for campus parking privileges. A decal designating specific parking areas is issued for each vehicle. Anyone driving on the campus is subject to University traffic safety regulations. Violators will be fined, with all fines going into a student scholarship fund. Students accumulating more than five traffic citations may have their parking privileges on the campus cancelled. Designated parking spaces for handicapped students are provided. Rules and regulations are specifically listed in the *Mississippi College Student Handbook* (www.mc.edu/publications/handbook/).

Identification Cards

Every student who does not have an ID Card from a prior semester will obtain an Identification Card during the registration process. The student is expected to have this card in his/her possession at all times. Use of another student's ID is not allowed. Students will use the card for admission to school-sponsored activities, the use of Alumni Gym, as a voting permit during student body elections, for library privileges, to scan for chapel credit, and for obtaining a copy of the TRIBESMAN at the end of the school year. Resident students will use their ID cards for meals in the Food Court, points in Sky Ranch Grill, and to enter secured doors in residence halls. A student withdrawing from the University will surrender his/her ID Card to the Mississippi College Bursar's Office at the time the withdrawal papers are processed.

Residence Hall Telephone Service

The University provides telephone service and voice mail to each residence hall room; however, students must provide their own telephone set (cordless sets are not recommended). There is no long distance service provided by Mississippi College. Long distance calls may be placed by dialing "9" and then using pre-paid calling cards, personal calling cards, or by placing collect calls. All local calls will be ten-digit dialing. To complete these calls, one will need to dial "9", then the appropriate area code plus the seven-digit telephone number. All calls made on campus can be placed by dialing the on-campus four-digit number.

The University Telecommunications Department does not allow students to sign up for telecommunications companies that offer voice mail or long distance from telephone numbers on campus. These services will result in unauthorized charges being placed on the University's main phone bill. Students signing up for these services will be responsible for paying the University for any charges incurred and cancelling the service. If a student desires these services, they would need to be charged to their home phone numbers.

Radio Station

Commercial Radio Station WHJT-FM is owned by Mississippi College and operated by the Communication Department. WHJT-FM is designed to give the communication student experience in the broadcast field. WHJT-FM's on-air staff is composed of students who gain experience in news and production. Mississippi College radio students have been awarded top honors in programming and production by the Mississippi Association of Broadcasters.

Campus Mailroom

The Campus mailroom is located in Alumni Hall. Box rent for residence hall students is included in the residence hall rent. Hours are 10:00 a.m. until 4:00 p.m. Monday through Friday. The mailroom does not sell stamps, however, stamps may be purchased at the Mississippi College Bookstore.

Health Services

Student health services are provided through the Mississippi Baptist Health Systems, Inc., at the Healthplex, located on the Mississippi College Clinton campus. These services are available to all residence students and full-time students who have paid the fixed fee. Because of the existing relationship between Mississippi College and Baptist Health Systems, it is recommended that emergency care be handled through Mississippi Baptist Medical Center Emergency Room. *To assist with the cost of health services, it is recommended that the student be retained on the parent's or spouse's insurance policy whenever possible.* For more information see the *Mississippi College Student Handbook*

Indoor Water Fitness Pool

Semester hour credits are available for Water Aerobics, Water Volleyball, Deep Water Running, Water Walking and Fundamental Swimming for non swimmers only. Pool located on the east end of Alumni Hall on basement level and has two entrances (South, The Piazza near the fountain and North, College Street via the green canopy). The year round pool is heated and available to students for PED classes and recreational activities such as Liquid Abs, Oodles of Work, Athletic Interval Training, Resistance/Strength Training, and Water Pilates. For more information visit the pool website at www.mc.edu/aquatics/ or contact the Pool Office, Telephone: 601.925.3491 or 601.925.3492 or e-mail milling@mc.edu.

Bookstore

The Mississippi College Bookstore is located on the ground floor of Alumni Hall. The mission of the store is primarily that of providing textbooks and course materials for sale. Management and personnel strive to provide efficient,

courteous, and reliable service at all times. The store stocks a wide range of merchandise including MC imprinted items, computer software, Bibles, reference books, and gift items. The store offers an outstanding line of Mississippi College clothing.

Students have the option to purchase their books on-line before the semester starts. Students may charge to their account at the beginning of each semester. The store accepts Visa, Master Card, American Express, Discover, and personal checks.

The store is open until 6:00 p.m., Monday thru Thursday during the first two weeks of registration (fall and spring). The store's regular hours are 8:30 a.m. until 4:30 p.m. Monday through Friday during the fall and spring semesters. Summer hours are 8:30 a.m. until 4:00 p.m. Monday through Thursday and 8:30 a.m. until 1:00 p.m. Friday. Follett Higher Education Group operates the Mississippi College Bookstore.

Food Services

The main floor of the B.C. Rogers Student Center houses the Food Court. Mississippi College requires all boarding students to participate in the meal program. We offer three meal plans designed to work around the busiest of schedules. Each plan comes with a fixed number of weekly board meals (for use in Food Court) and points (to be used in Jazzman's and SkyRanch). The meal plans are as follows:

- Meals plan costs are included in the On Campus Living Charge that covers room and board. Additional points may be purchased from our food service provider.
- The meals are per week (seven days).
- One scan per mealtime—an extra scan during a mealtime will be charged to points.
- Points equal dollars to be spent at Jazzman's or SkyRanch Grill. Drinks can be purchased after meal hours in the Food Court.
- Meals do not carry over from week to week.
- Points carry over from the fall semester to the spring semester only.

Food on campus is prepared by Sodexo Campus Services.

Student Conduct

It is assumed that every student enrolling in Mississippi College agrees to conduct themselves in a manner conducive to the highest sort of mental and moral development in keeping with the ideals and traditions of the University. Personal misconduct either on or off the campus by anyone connected with Mississippi College detracts from the Christian witness Mississippi College strives to present to the world and hinders full accomplishment of the mission of the University.

As an institution pledged to the Christian principle of concern for others, the University enunciates a definite position on certain matters. Students who elect to attend the University, realizing its position on such matters, are expected to respect and abide by that position. Students who evidence an unwillingness or inability to conduct themselves in accord with University standards and any other rules and regulations of the University not specifically listed here, either

on or off the campus, shall be subject to disciplinary action.

The faculty, administration, and Student Government Association cooperate in the student judicial process. Student participation in the judicial process is by allowance and not as a delegation of ultimate authority or responsibility. This procedure, it is hoped, will aid the students of Mississippi College to be judged by their peers, according to and by the rules, regulations, standards, and ideals of this institution, allowing them an opportunity to exercise self discipline to the fullest extent possible.

In addressing an alleged violation of regulations or conduct deemed inconsistent with the ideals and standards of the institution, the University reserves the right to make any and all necessary investigations including, but not limited to, an on-premises investigation and inspection of any residence or living quarters on University property.

Disciplinary expulsion, suspension and probation may become a part of the permanent record. Parents or guardians may be notified of serious disciplinary action taken concerning their dependents. Rules and regulations are specifically listed in the *Mississippi College Student Handbook*, the student handbook (mc.edu/publications/handbook).

Drug-free Environment

Mississippi College is committed to the establishment of a completely **DRUGFREE** environment in the lives of each student enrolled for any and all study at the University, or involved in any way in any Mississippi College program.

The use, possession, or distribution of illicit drugs and alcohol by students at Mississippi College is expressly forbidden and the same shall not be tolerated on any property owned or controlled by Mississippi College, nor shall the same be tolerated at or as a part of any activity undertaken at or under the direction or supervision of Mississippi College.

Illicit drugs shall be defined to include any drug, the use, possession or distribution of which is proscribed by the laws of the State of Mississippi or by the United States of America.

Any violations of the provisions of this notice, or of any statements of a similar nature published by Mississippi College, relative to illicit drugs, will result in disciplinary action which may include expulsion, suspension, mandatory successful completion of approved rehabilitation programs, and/or probation, any of which may become a part of the permanent record of the person violating or breaching any expression of this statement or similar published University rules and/or regulations.

Additionally, the University expressly reserves the right to refer any person violating this or similar regulations to the appropriate law enforcement officials for prosecution for violation of civil and/or criminal laws, as authorized by **The DRUGFREE Schools and Communities Act of 1989**.

For details, see the Drug-free Environment statement distributed annually, and the *Commitment to Drug Free Environment* section of the *Mississippi College Student Handbook*.

Academic Information

Orientation

Orientation for freshmen and transfer students is held during the summer and at the beginning of each school year. Academic advising and class scheduling are completed during orientation prior to registration. All new students are expected to be in attendance. In addition, freshmen participate in "The Freshman Experience" which focuses on integration into successful university life.

The orientation program provides an opportunity for new students to become familiar with the campus, the people and the administrative offices. In addition to meeting student leaders, the new students are introduced to various activities at the University and are given the opportunity to participate in and profit from group discussions.

The Counseling and Testing Center provides testing and counseling for entering students so that full recognition may be given to individual interests and abilities as students select an academic program of study. Entering freshmen may visit the Center to discuss academic plans with a qualified counselor. Further counseling services are available upon request to students who wish additional help in mapping out their educational programs, deciding upon vocations, or solving problems of personal adjustment. Other services of the Center include study skills/tutorial assistance, internships and the College Level Examination Program.

Advising

Mississippi College provides academic guidance for its students. Freshmen are assigned to faculty advisors for registration. All upperclassmen who have chosen their major fields are assigned to advisors in the department of their choice. Students who have not selected majors are assigned to other members of the faculty, but, upon choice of majors, they should notify the Office of the Registrar so that records can be transferred to advisors in the major fields. Students who are pursuing pre-professional curricula have special advisors whose interests and training enable them to give adequate guidance. All upperclassmen have freedom to change advisors when desired by informing the Office of the Registrar.

University Core Curriculum

The purpose of the General Education Program (University Core Curriculum) at Mississippi College is to prepare students for a lifetime of learning. Inspired by and consistent with our mission as a Christian university, the program is designed to instill basic skills, knowledge, and attitudes deemed necessary for disciplined study, global awareness, personal development and reasoned response to a changing world. This educational experience should assist students as they build academic majors and minors and pursue meaningful careers in service to God and one another. The General Education Program is divided into three learning areas. Each area is defined by an educational goal and several outcome objectives.

Analytical Reasoning and Effective Communication: The ability to think critically and independently, apply scientific and quantitative methods, and communicate effectively should empower students to:

- write and speak logically and precisely.
- engage in problem solving and make informed judgments.
- utilize informational and technological resources in a variety of environments.
- conceptualize and solve numerical problems.
- study and learn about the natural world.

Personal Values and Attitudes: An understanding of Christian ethics, personal wellness, and interpersonal relationships in society should empower students to

- develop skills for making responsible moral choices based upon an understanding of Biblical principles.
- improve and effectively maintain physical and psychological well being.
- engage in team-building and cooperative efforts as well as individual initiative.

Social and Cultural Understanding: An examination of various dimensions of human civilization should empower students to

- acquire perspective into the society and culture of Americans and other peoples.
- appreciate and experience the arts.
- explore how the visual, spoken and written record has shaped the human experience.
- examine customs, ideas and institutions across diverse cultures.
- enhance skills for effective relationships in the family, in the workplace and in the community.

Junior (54-83 sem. hrs.)	2 semesters
Senior (84 or more)	1 semester

* Students classified as ADP (Accelerated Degree Program) and students enrolled in an on-line degree program are exempt from Chapel requirements.

Requirements for the Accelerated Undergraduate Program

Students in the accelerated undergraduate program are not required to complete the physical education activity requirement or the chapel requirement in the core. In addition, students in this program may substitute a 3-hour non-laboratory course for the 4-hour course. Also, students in this program, of necessity, are exempt from the chapel requirement. In order to be classified as a student in this program, the student will be non-residential and more than 50 percent of the classes must be taken at night in the Accelerated Degree Program format.

Majors, Minors and Concentrations

For a bachelor’s degree the student must complete an approved major and minor, with the exception that certain comprehensive majors do not require a separate minor. A major is a specified program of 30 semester hours or more in one field; in certain fields a major may be 36-45 hours. A comprehensive major, which does not require a minor, may include courses from related fields in its 50-65 required hours. Music, as is common at other institutions, requires more (55-94 hours).

Some majors allow a choice among designated concentrations of courses within the major. A concentration consists of 12-18 hours of related courses, taken along with the basic courses required of all students in that major. Transfer students must complete a minimum of 12 hours of the major at Mississippi College.

A student may earn a second major by completing all requirements specified in that field provided both majors are offered within the same degree; ex. both majors must be offered in the Bachelor of Arts degree (See *Undergraduate Majors and Degrees Offered*).

A minor is a specified program of 18-21 hours in a field separate from the major. Courses counted in the major cannot be counted in the 18-21 hours in a minor. Transfer students must take a minimum of six hours in the minor at Mississippi College. Courses counted in one minor cannot be counted in a second minor.

Second Bachelor’s Degree

Students may not be awarded two degrees at the same time.

In order to qualify for a second bachelor’s degree the student must satisfy all course requirements for the second degree sought and must complete 33 semester hours in residence at Mississippi College with 66 grade points in addition to the credits used for the first degree. The second bachelor’s degree must be completed sequentially to the first degree.

A transfer student with a degree from another institution must fulfill the aforementioned stipulations in seeking a second degree from Mississippi College (a minimum of 33 semester hours in residence at Mississippi College with 66 grade points), including a minimum of twelve hours in the major and six hours in the minor at Mississippi College.

Academic Loads

Full Time Students - An individual qualifies as a full-time student if he/she is registered for a minimum of 12 semester hours of academic work per semester.

Regular and Normal Load - The regular or normal load for students is 16 hours per semester. However, upper class students may, on the advice of their faculty advisors, take as many as 18 semester hours of academic work, provided they have a cumulative grade point average of 2.0. See *Grade Point Averages* section of this *Undergraduate Catalog*.

Load for Freshmen - Freshmen may not ordinarily enroll in more than 17 semester hours of academic work in one semester.

Load for Seniors - Seniors who have a grade point average of 3.5 on work taken at Mississippi College may, during one semester of their senior year—and one semester only—take a maximum of 21 credit hours. Permission for such must be secured from the Vice President for Academic Affairs. Under no circumstances will a student be allowed to enroll in more than 21 hours during a semester.

Load and Hours Required to Graduate - All bachelor's degrees require at least 130 semester hours. Therefore, the student who takes only the minimum load of 12 hours per semester will need 11-12 semesters to graduate. By taking the more normal load of 16-17 hours, most students can complete requirements in 8 semesters.

Load for Summer Session - In summer session the maximum load is two academic courses per term for a total of 14 credit hours for the summer session. No more than seven hours may be taken per summer term. Under no circumstances will a student be allowed to enroll in more than 14 hours for the summer session.

Statements concerning maximum academic load apply whether a student takes all of his/her work at Mississippi College or whether he/she takes work here and elsewhere at the same time. **Note that students must obtain permission from the Vice President for Academic Affairs to take courses elsewhere while they are enrolled at Mississippi College and/or working toward a degree from Mississippi College.**

Course Numbering System, Undergraduate

- 100 level—Freshman
- 200 level—Sophomore
- 300 level—Junior
- 400 level—Senior

Specific information about graduate courses is found in the *Graduate Catalog* and the *Law School Catalog*.

Classification of Students

Classification is based on the student's standing according to earned hours at the beginning of any regular session.

By Hours

Freshman: (0-23 hours) one working toward a bachelor's degree.

Sophomore: (24-53 hours) one working toward a bachelor's degree.

Junior: (54-83 hours) one working toward a bachelor's degree.

Senior: (84 or more hours) one working toward a bachelor's degree.

By Degree Status

Pre-baccalaureate non-degree student: one who does not have a bachelor's degree and is not working toward a degree at Mississippi College. The student is eligible to take any undergraduate course for which he or she is qualified.

Post-baccalaureate non-degree student: one who already holds a bachelor's degree and is not working toward a degree at Mississippi College. The student is eligible to take any graduate or undergraduate course for which he or she is qualified, as determined by the faculty member or department concerned.

Graduate student: one enrolled in a master's, education specialist's, or doctoral degree program at Mississippi College.

Law student: one enrolled in Mississippi College School of Law.

Special Ways to Earn Credit

The normal way to earn degree credit at Mississippi College is by taking regular university classes. However, the University does have several ways of validating prior learning or accepting credit from external sources. All such credit must meet Mississippi College standards and, for enrolled students, must be approved in advance by Mississippi College. The maximum total of such credit in any combination is 30 semester hours.

Advanced Placement Credit (AP)

A student may earn credit for university-level Advanced Placement (AP) courses, provided that the score set by Mississippi College is made on the standardized examination. An official copy of the AP College Grade Report is required to award credit.

 NOTE (2) Students who receive a 4 or 5 on the AP Language exam receive credit for ENG 101 English Composition; students who achieve a 4 or 5 on the English Literature exam receive credit for ENG 212 Survey of British Literature. ALL students must take ENG 102 English Composition at Mississippi College or by transfer credit.

College Level Examination Program (CLEP)

A student may receive credit toward graduation for approved subject examinations through CLEP. No student may receive credit by examination at a lower course level in a subject from which he/she has earned credit at an advanced level. An official copy of the CLEP Transcript is required to award credit. Details are available from the Counseling and Testing Center.

***CLEP credit in history is limited to a total of six (6) semester hours chosen from the courses listed above. To meet the six (6) hours of history CORE requirement, both courses must be from the same series, i.e. American History or World Civ.			

Correspondence or Extension Credit

Mississippi College does not offer work by correspondence and prefers that its students not take correspondence courses from other institutions except in cases of scheduling difficulties that cannot be resolved in some other way. In such cases the appropriate dean may permit transfer of correspondence credit, but in no case can more than six semester hours of correspondence or extension credit be accepted.

Credit For Service In The Armed Forces

Credit for specialized training in the armed forces may be granted on the basis of recommendations published in *A Guide to the Evaluation of Educational Experience in the Armed Services*, insofar as the recommendations can be applied toward requirements for graduation. An official copy of the AARTS or SMARTS Transcript is required to award credit. Up to three semester hours of Physical Education credit may be granted for completion of basic training or the equivalent. Students should submit a copy of discharge papers to the Office of the Registrar.

Credit Validated by Examination

In some cases a student may wish to receive university credit for a course taken through a reputable institution not offering university credit or combination of such coursework and other experience. With the approval of the Vice President for Academic Affairs, such credit may be established by the student's passing satisfactorily an examination on a course of comparable content given at Mississippi College. There is a fee for validating credit. See the Office of Academic Affairs for details. 601.925.3202. (See *Special Examinations* section of this catalog.)

International Baccalaureate (IB) Credit

Students who are interested in obtaining IB credit should contact the Office of the Registrar, Telephone: 601.925.3210.

A maximum of 30 hours in any combination may be accepted from the sources listed above: Correspondence, or extension courses (no more than 6 hours), advanced placement, CLEP, credit by examination, credit for specialized training in the armed forces, and international baccalaureate.

Military Officer Program

Mississippi College offers Military Science and Leadership (MSL) 101, 102, 201, 202 with the U.S. Army Reserve Officer Training Corps (ROTC) program. Other courses not yet available on campus may be taken through a cooperative program with another institution. ROTC in other military branches may be arranged through other local institutions. Call 601.925.3856 for information about ROTC at Mississippi College.

Auditing Courses

Briefly stated, auditing a course conveys the normal privileges of the course, but without the responsibility of grades and without credit. The student registers for the course and pays the tuition. Although the work is not graded, the student is expected to participate in at least 75 percent of class meetings and activities in order for the audit to appear on the permanent record.

Any change from audit to credit must be accomplished by the last day for adding a course, and any change from credit to audit must be made by the last day to drop a course without having it appear on the permanent record. No

credit can be given for a class audited, nor is the student permitted an examination for credit. The only way to earn credit is to take the course anew for credit. **Audit hours do not count toward eligibility for financial aid.**

Grades

Undergraduate Grading System

The University uses the following grading system:

- A** is reserved for work which is definitely superior in quality.
- B** is given for work which is consistently good and which manifests sufficient interest, effort, or originality to lift it above average work.
- C** is given for average work and shows that basic requirements in class assignments have been met. It is the minimum requirement for graduation.
- D** earns credit but is below the standard required for graduation.
- F** indicates failure and naturally carries no credit.
- W** Withdrawal (does not count in the student's academic standing.)
- CR** earns credit hour(s) without grade points.
- AU** refers to audit credit without hours or grade points.
- NA** No Audit because requirements were not met.
- NC** No Credit because requirements were not met.
- I** "Incomplete" may be given to a student who has been unavoidably hindered from completing work required in a course, provided that:
 - a. semester attendance requirements have been met;
 - b. the request is made at a point beyond the last date to withdraw from a class;
 - c. in the opinion of the professor, the student has completed the vast majority of work required for the course and the remaining work can be accomplished independently and without significant oversight by the professor;
 - d. the student is doing passing work; and
 - e. the student has made prior arrangements with the faculty member to complete the remaining work

The grade of I affects the grade point average because it carries no grade points and the course hours are calculated as hours attempted and grade point hours. The grade of I must be removed promptly or it becomes an F; it cannot be removed by repeating the course. (See *Removal of Incomplete Grades* section of the *Undergraduate Catalog*.)

The course syllabus outlines the criteria faculty members use in determining a student's final grade in the course.

Grade Points

- A** = 4 grade points per hour
- B** = 3 grade points per hour
- C** = 2 grade points per hour
- D** = 1 grade point per hour
- F** = 0 grade point
- I** = 0 grade point
- Cr** = 0 grade point

Grade Point Hours

Grade point hours are those hours for which a student registered and received a letter grade (A, B, C, D, F, I). Grades of F and Incomplete are included in grade point hours. No withdrawals or dropped courses are included.

Credits in non-academic courses do not carry grade points. Note information on credit for *Varsity Sports (PED courses)* in the section of this *Undergraduate Catalog*.

Grade Point Average (GPA)

One's grade point average is based on grade point hours at Mississippi College. If one repeats a course, both grades enter into calculation of the grade point average. The formula for GPA is number of grade points divided by grade point hours. Any exceptions to calculating GPA by repeating a course are identified in Policy 2.15 of the *Mississippi College Policy and Procedure Manual*.

Grade Reports

A record of each student's grades is kept in the Office of the Registrar, and a report is available to the student at the close of each semester on the Mississippi College Banner website.

Mid-Term Grades for Freshmen

Mid-term grades are calculated for freshmen during the fall semester only. They are not a part of the student's permanent record. They serve as a guide to freshmen in assessing their progress during the first weeks of university life. These grades are available to the student on the Mississippi College Banner website.

Grades in the Permanent Record and Repeated Courses

A grade on a student's permanent record cannot be changed for reasons external to the course itself. A grade of F remains on the record when the course is repeated, and both grades count in the calculation of grade point average. Courses passed cannot be repeated for credit or used to pull up low grades; with special permission by the Vice President for Academic Affairs an exception can be made in the case of a D grade. Both grades then count in calculating grade point average, but the credit counts only once. See *Academic Fresh Start* and *Calculation of Grade Point Averages for Special Purposes when Courses are Repeated* sections of the *Undergraduate Catalog*.

Note: **Successful completion of a course**, regardless of GPA considerations, is based on the grade of the last attempt. (For example, if a student took a course and earned a D and then repeated the course and earned an F, the student would not have successfully completed the course, even though a passing grade had been previously earned.)

Grade Correction/Appeal

A student questioning a semester grade must, before the end of the following semester, ask the faculty member of the course to check for possible error. If the student remains unsatisfied, he/she may then appeal to the dean of the school; final appeal is to the Vice President for Academic Affairs, who may seek the advice of the Academic Council in resolving the issue.

When it has been determined that a grade will be changed, the faculty member must acquire and process a Permanent Record Change form from the Office of the Registrar

Removal of Incomplete Grades

When a student has an acceptable reason for failing to complete a course on time, his or her record will be marked "Incomplete" by the faculty member. The I grade is not to be abused to provide preferential treatment for a student who is unprepared through choice or carelessness. It is given only when circumstances beyond the student's control, such as illness on examination day, make it impossible to complete the course on schedule. The faculty member informs the student of the postponed date for completion of the work, which should be as soon as possible after the emergency that made the delay necessary but no later than the end of the next semester. An I that is not removed by the deadline becomes an F whether the student remains in school or not. *(In extraordinary circumstances the student may petition the Vice President for Academic Affairs for an extension of the deadline.)*

To remove an I grade the student fills out a Request for Incomplete Grade form obtained from the Office of the Registrar or the faculty member and pays a fee. The faculty member uses the Permanent Record Change form to submit the new grade to the Registrar. The faculty member, not the student, turns the grade in to the Office of the Registrar. An I cannot be removed by repeating the course; if the course is repeated, the I becomes an F and counts among the hours attempted and grade point hours, as does the new grade.

Calculation of Grade Point Averages for Special Purposes When Courses are Repeated

The limited use of substituted grades for calculating the grade point average as described in the following paragraph is intended **only to assist students in meeting the general requirements for the bachelor's degree at graduation** and does not affect the manner by which any department or school calculates any student's eligibility for any course of study or program. This policy will only be enacted at the request of the advisor with the approval of the department chair, dean of the school and the Vice President for Academic Affairs.

For a maximum of three repeated courses or maximum of nine semester hours, only the grade earned by the student when repeating the course will be used when calculating grade point average; the grade earned by the student on the first try will be ignored in such calculations. If a student repeats more than three courses, then for each such course in excess of three, the original grade and the subsequent grade(s) will be used when calculating grade point average. The courses for which grades may be substituted under this provision will be determined by the Registrar in order to provide the greatest assistance to the student meeting the general degree requirements. These calculations are for special GPA problems at the time of graduation and are not to be used at any other time, or for any other purpose. Therefore original grades from repeated courses will not be ignored when determining eligibility for academic honors such as the Dean's List, nor will any indication of academic probation or similar status be expunged from a student's transcript as a consequence of this policy.

Academic Fresh Start

A student who has not been enrolled in any post-secondary academic institution for the immediately preceding twenty-four consecutive months may reapply to Dr. Debbie C. Norris for admission as an academic fresh start. If admitted in the academic fresh start program, the student may be allowed to begin their course

work and grade point calculation anew. All university credits earned at Mississippi College by the student prior to his or her admission in the academic fresh start program will be eliminated from computation of the student's grade point average and may not be used to satisfy requirements for a degree provided that the student's transcripts will continue to reflect his or her complete post-secondary academic record. A student who retakes courses as a consequence of being admitted in the academic fresh start program will not be deemed to be repeating those courses.

If a student is readmitted to Mississippi College as a "fresh start", he/she must complete at least 24 grade point hours with a minimum 2.00 GPA before being allowed to take courses at another institution for transfer to Mississippi College, notwithstanding all other requirements for graduation.

President's and Dean's Lists

During each semester those full-time undergraduate students (12 semester hours or more of undergraduate grade point hours) whose grade point averages are 4.00 are recognized as being on the President's List and those between 3.50 and 3.99 are recognized as being on the Dean's List. Grade point average is calculated on grade point hours.

Examinations

Final Examinations

Regular examinations are held at the end of each semester. No examination of a regular class may be held at any other time except that designated by the administration. A student who is deliberately absent from an examination without legitimate reason will be given a grade of F for the course.

In some cases, exceptions can be made; for example, students who have more than two examinations in one day may ask that an exception be made. A legitimate exception to changing a final exam schedule must be approved by the Dean of the school after the student works out arrangements with the faculty member.

Exemption from Examinations for Undergraduate Students

Seniors who have a B average in a given course during the term or semester in which they complete requirements for graduation from Mississippi College *may* be exempted from the final examination in that course at the discretion of the faculty member. Seniors who are exempted from examinations are to meet the class through its last meeting prior to examination.

A student who is deficient in any requirement for graduation will not be eligible for exemption from examinations. **Also, a faculty member has the right to require any senior to take the examination in a given class.** Thus, the student should not assume that he or she will be exempt except when specifically so informed by the faculty member.

A senior who is eligible for exemption may elect to take the examination in order to receive a better grade; in such case, the grade scored on the examination must be used in determining the final grade.

Special Examinations

Occasionally a student needs a special examination for credit such as removing an incomplete or validating credit for courses taken at a reputable institution not offering university credit or a combination of such course work and other experiences. With the approval of the Vice President for Academic Affairs, the student will pay the appropriate fee in the Bursar's Office and present the written permit to the faculty member. It is the student's responsibility to arrange with the faculty member an acceptable time for the examination. (*Credit Validated by Examination of the Undergraduate Catalog.*)

Dead Days

Monday-Wednesday preceding semester final examinations are known as "Dead Days". These days are designed on the Academic Calendar for each semester. During those designated days, no extracurricular activities can be scheduled. Class work proceeds as usual, but it is expected that no periodic test will be given at the last meeting of class.

Study Day

Thursday before final examinations each semester is known as "Study Day" and is to be used by students to prepare for final examinations. No classes will meet and no extra curricular activities can be scheduled.

Change of Schedule: Drop or Add Courses

After the second full week of classes in a fall or spring semester, students will be administratively dropped from those classes for which they are registered but have never attended.

Students register for courses on-line through Banner Web according to schedules published on the Banner website. Consultation with an advisor is a requirement, and the student must understand that if there is any deviation from the schedule agreed upon with the advisor, full responsibility rests on the student. After classes have begun, courses may be added or dropped according to the college calendar published in the on-line catalog and schedule.

Adding Courses

Students will not be allowed to enter a course after the first week of a semester or the beginning of the second class period of a summer term unless special permission is granted by the Vice President for Academic Affairs, in consultation with the dean and the department chair.

Dropping Courses

The official drop date for each term is published in the college calendar and class schedule. After that official date, a student may not drop a course without receiving an F in the course unless he/she requests and receives special permission from the Vice President for Academic Affairs, in consultation with the dean of the appropriate school.

Dropping a course after the official drop date without receiving an **F** (receive a **W**) should be rare. The following conditions must be met:

- Student experiences extenuating circumstance (circumstances beyond the student's control)
- Student must be passing course requirements
- Student has attended class with regularity, and has demonstrated general good faith toward completing the requirements of the course.

For more information regarding changing a course schedule, students should contact the Office of the Registrar, (601.925.3210) and/or consult *University Policy 2.13*.

Summer Session

When a student is taking only one course in a summer session and drops it, it is considered a withdrawal from the University and a withdrawal form should be processed through the Bursar's Office.

Withdrawal from the University

With the approval of the Vice President for Academic Affairs, a student desiring to withdraw from the University should go to the Bursar's Office and process a withdrawal form. It is necessary for the correct procedure to be followed as discontinuance of class attendance without official withdrawal earns a grade of F in each course. See Refund Policies in this catalog for withdrawal/refund schedule.

Any claims for refunds of tuition will be based on the date on which the student files a completed withdrawal form with the Bursar's Office.

If students are living on campus, it will be necessary for them to notify the Director of Residence Life regarding their moving out of the residence hall.

Enrollment in Absentia

Enrollment in Absentia is an enrollment term for students who are not in residence at Mississippi College during the semester of their expected graduation. These students may have been given special permission by the Vice President for Academic Affairs to finish final required credit hours at another institution, or they may be students who have a graduation requirement deficiency and plan to correct it during the Enrollment in Absentia term. This enrollment status must be repeated if the student continues in deficiency for a successive or later term. An Enrollment in Absentia fee is assessed for each term that this category applies.

Attendance

Class attendance is an essential part of university education, and students are expected to attend regularly and punctually all classes and laboratories for which they are registered. Cumulative absences may result in a lowered grade or loss of credit for the course. **Tardiness** is also subject to penalty, as is any failure to complete required class work on time. Although some specific requirements may vary according to the nature and structure of the course, the following guidelines summarize university policy:

1. Class attendance is required, and accurate records are kept.
2. Students must not accumulate excessive absences.
A student receives a grade of F in a course immediately upon accumulating the following number of absences, whether excused or unexcused:
 - 12 in semester classes meeting 3 times per week
 - 8 in semester classes meeting 2 times per week
 - 4 in semester classes meeting 1 time per week
 - 4 per session in the Accelerated Degree Program (ADP)
 - 6 in summer day classes

In other classes which meet on different schedules, a student will receive an F in a class immediately when absences, whether excused or unexcused, (including university functions), exceed 25% of the class meetings.

Absence Appeal. If a student misses more than the number of class periods specified in university policy and believes that there are reasonable explanations for the absences, he/she may appeal the absences to the dean of the school in which the course is being taught. Students may obtain a Student Absence Appeal Form from the office of the appropriate dean.

3. For lesser numbers of absences, the student should expect a lowered grade in the course, with the maximum penalty of one letter grade for each week of absences (in a semester) or the equivalent. The calculation of the semester grade, including any penalty for absences, is the responsibility of the faculty member and may vary according to the nature of the course and the grading scale used. In some classes points will be deducted from the semester grade for unexcused absences; in others, the penalty may be built into the grading scale by means of frequent pop quizzes, grades for class participation, etc.
4. The faculty member will excuse a limited number of absences for serious illness, for field trips, for representing the University, and perhaps for other emergency reasons which the faculty member finds justifiable.
5. Whether an absence is excused or not, the student who is absent misses some learning that takes place in the class. Naturally, the faculty member is more inclined to assist the student in making up the work if the absence was excused. However, the responsibility for work missed rests entirely with the student.
6. A student registering late will be charged for all absences occurring prior to his or her reporting to class, although these may be treated as excused absences.

Chapel Attendance

Chapel exercises are a significant part of the University's educational program, and attendance is a part of the requirements for graduation. Participation in a given semester is limited, however, by the space available. For the best utilization of present seating capacity, the following requirements have been established.

Freshman	(0-23 sem. hrs.)	4 semesters
Sophomore	(24-53 sem. hrs.)	3 semesters
Junior	(54-83 sem. hrs.)	2 semesters
Senior	(84 or more hrs.)	1 semester

All freshmen are required to register for Chapel; other students may choose their time to take it. A student will not receive credit for Chapel attendance in any semester in which he or she accumulates more than three absences. There are no excused absences from Chapel.

Evening students, of necessity, are exempt from the Chapel requirement.

Undergraduate Academic Standings

Grade Point Average (GPA) hours are those hours for which a student registers and receives a grade. Progress toward a degree is measured both quantitatively and qualitatively--by the number of GPA hours and by the grade point average. Grade point average is calculated by dividing the number of grade points by GPA hours. The following are descriptions of *end-of term* academic standings: **Academic Good Standing** - the requirement for remaining in academic good standing at Mississippi College is the same as the requirement for graduation: a 2.00 grade point average (a "C" average) on GPA hours completed at Mississippi College. A student whose GPA is less than 2.00 grade point average will be notified.

The following end-of-term academic standings become a part of a student's permanent record.

For a student to graduate from Mississippi College, he/she must remove the deficiency. One must be in academic good standing in order to take courses at another college/university for transfer back to Mississippi College.

Academic Warning - lacking 1-14 grade points for a cumulative grade point average of 2.00. The academic warning is on the grade report to alert the student and the faculty advisor.

Academic Probation - lacking 15-29 grade points for a cumulative grade point average of 2.00. After two full semesters (or equivalent) on probation, one must have a cumulative grade point average within 14 grade points of a 2.00 GPA to avoid being suspended.

Academic Suspension - student will be suspended if she/he lacks 30 or more grade points for a 2.00 cumulative grade point average, regardless of whether or not he or she was already on probation. A student may also be suspended for not improving his/her grades enough to be removed from probation after two full semesters (or equivalent*) on probation. If a student is suspended from Mississippi College because of unsuccessful academic performance, he/she is ineligible to enroll the following spring or fall semester and may not attend summer school. The student may then reapply and file an appeal for readmission (See *Right of Appeal for Academic Suspension* section of the *Undergraduate Catalog*). If a student is readmitted to Mississippi College and does not earn at least a 2.75 GPA on the first twelve hours, the student will be suspended a second time and cannot apply for readmission for at least one year. Credit earned at another institution while on academic suspension cannot be counted toward a degree at Mississippi College.

**A full semester is 12 grade point hours or more; for part-time students these hours may be spread over two or more semesters. It would also include two summer terms of six hours per term for a total of 12 grade point hours for both summer terms.*

Right of Appeal for Academic Suspension

Any student who is suspended for academic reasons has the right of appeal to the Enrollment Appeals Committee. This committee will consider each case on its merits, taking into account the full academic record, the student's rate of progress in making up deficiencies, and any special circumstances that might reflect on the student's ability and readiness to do acceptable university-level work. One who is readmitted on appeal must make satisfactory progress (2.75 GPA on 12 semester hours) in order

to remain in school. If a student is readmitted to Mississippi College and does not earn at least a 2.75 GPA on the first twelve hours, the student will be suspended a second time and an appeal will not be heard for at least one year. Note the information in the *Academic Suspension* section of the *Undergraduate Catalog*. Students admitted on restriction should refer to the *Restricted Admission* section of the *Undergraduate Catalog*. Students admitted on *Academic Probation* should refer to the *Admissions on Academic Probation* section of the *Undergraduate Catalog*.

Academic Counseling

The Counseling and Testing Center is located in Lowrey Hall, Room 118 and offers a variety of student services. These services include personal, academic, and career counseling.

Internship Programs

Academic credit is awarded for experiential learning through the internship programs. Some academic departments provide internship experiences for their majors. Students interested in internships should contact their academic advisors as soon as possible. All forms related to internships must be completed and filed with the advisors and the Chair of the Internship Committee at least two weeks prior to the beginning of the semester in which the internship is to be done.

Credit by Examination

Recognition and credit for subjects a student has mastered outside the classroom are given through independent testing. Mississippi College offers credit based upon satisfactory scores on some subject examinations of the College Level Examination Program (CLEP).

Study Skills

Students who wish to improve their study skills or obtain the assistance of a tutor may do so through the Counseling and Testing Center. The Center is always available to students in academic difficulty and for those who simply wish to use their study time more efficiently.

General Policies

All information is held in strict confidence except information indicating the intention of violating the law or behaving destructively toward others or toward oneself. The individual's records in the Counseling and Testing Center are for his or her use only and are not part of the permanent records of Mississippi College. The Counseling and Testing Center may be used by Mississippi College students at no extra charge.

Career Services Center

The primary mission of Career Services is to help students and alumni identify meaningful careers and opportunities that match their skills, talents and interests. We accomplish this mission, within a Christian setting, by providing the most current resources and support. Students are encouraged to begin using Career Services early in their academic experience at Mississippi College. Alumni may continue to receive assistance from Career Services for up to five years after their graduation date.

We collaborate with faculty and staff as well as employers to offer a variety of events and programming designed to help students and alumni make informed career

decisions. We offer career choice counseling, resume writing, interview coaching, campus interviews and a on-line job board featuring local and national employers. Each year, we present an annual Career Day open to students and alumni from all academic majors. Career Day features local and national employers seeking to recruit MC students and alumni.

MC career services professionals are dedicated to providing the necessary programming, resources and support needed to guide students and alumni in their chosen path in ministry or the workforce.

For more information, visit us on the web at www.mc.edu/career or call 601.925.3901.

Honesty

Mississippi College students are expected to be scrupulously honest. Dishonesty, such as cheating or plagiarism, or furnishing false information, including forgery, alteration or misuse of University documents, records or identification, will be regarded as a serious offense subject to severe penalty, including, but not limited to, loss of credit and possible dismissal. See the 2006-2007 *Mississippi College Student Handbook* or University Policy 2.19 for specific information regarding penalties associated with dishonest behavior at Mississippi College. Copies of the *Mississippi College Student Handbook* are available in the Office of the Vice President for Enrollment Management and Student Affairs, Nelson 313. Copies of University policies are available on the Mississippi College web site.

Transcripts

All requests for transcripts of credits must be made in writing to the Office of the Registrar. For each transcript, a fee of \$5.00 is charged and must be paid in advance. The certified original copy will be mailed directly to the designated recipient. Transcripts of credits will not be issued for those whose accounts have unpaid balances.

The Office of the Registrar can receive requests for transcripts by FAX. A student who desires a transcript by FAX can send that request by fax. The Transcript Request form can be downloaded from the Mississippi College website under Registrar's Office for requests to be charged to a credit card. There is a \$10.00 fax fee in addition to the \$5.00 transcript fee. This transcript will be *unofficial*, as indicated on the security paper. The Bursar's Office will approve the request just like any other request received by mail and will make the appropriate charge to the student's credit card. E-mail requests and requests received through the Mississippi College website cannot be accepted because no signature appears on the request.

General Degree Requirements for Graduation

The following are general requirements for the bachelor's degree.

Hours Required-At least 130 semester hours of university credit, at least 120 of which must be in academic courses. A maximum of 30 hours in any combination may be accepted from the following sources: correspondence, extension courses (no more than 6 hours), advanced placement, CLEP, credit by examination, credit for specialized training in the armed forces, and international baccalaureate.

Credits are measured in terms of semester hours. A semester hour represents one hour of recitation or lecture, or three hours of laboratory work, per week for one semester of approximately 15 weeks, or the equivalent.

Residence Hours Required-The last 33 semester hours must be taken in residence at Mississippi College, except in certain cooperative degree programs. Under no circumstances, however, will a degree be granted for less than 33 semester hours of regular course work taken in residence at Mississippi College.

Major and Minor-An approved major and minor are required, except for certain comprehensive majors. See *Academic Major and Minor* section of the *Undergraduate Catalog*.

GPA: Overall and Major-An average 2.00 GPA is required in all academic work attempted at Mississippi College and an average of C or higher is required in courses in the major (2.00 GPA) and any additional courses in the department. Some majors may require a GPA greater than 2.00. For exceptions to the required 2.00 GPA, see *Calculation of Grade Averages for Special Purposes* section of the *Undergraduate Catalog*.

Courses Included in Calculating GPA in the Major--All courses required in a major and all other courses taken in the department in which the major is housed are included in calculating a student's GPA in the major. In departments and schools in which there is a comprehensive major, all courses included in the comprehensive major are included in calculating the GPA in the major.

Note: **Successful completion of a course**, regardless of GPA considerations, is based on the grade of the last attempt. (For example, if a student took a course and earned a D and then repeated the course and earned an F, the student would not have successfully completed the course, even though a passing grade had been previously earned.)

Chapel Credit-Students will acquire the number of chapel credits as specified in the *University Core Curriculum* section of the *Undergraduate Catalog*.

Writing Proficiency-As a prerequisite to graduation, students must demonstrate proficiency in basic English grammar, usage, and writing skills. Students may demonstrate proficiency by earning a passing score on the Writing Proficiency Exam (WPE). Students who fail the WPE may demonstrate proficiency by earning a "C" or higher in English 299, Composition Skills.

The student maintains responsibility for completing the requirement and should be aware of the following policies:

- Students planning to earn credit for English 102 at MC must register for the WPE when they register for English 102.
- Students transferring credit for English 102 from another university should register for and complete the exam at their earliest convenience.
- Students must attempt the WPE at least once before enrolling in English 299.
- Students who fail the WPE twice may not take the exam again. Instead, they must demonstrate writing proficiency by earning a "C" or higher in English 299.
- The Writing Proficiency Exam is generally offered once per semester. No student may attempt the exam more than one time per semester (or per day).
- Students are billed for the WPE at the time of registration. The fee is non-refundable and non-transferable.
- Students may not take the Writing Proficiency Examination twice in one day.

Because of the above policies, students who postpone taking the WPE may be ineligible for graduation on their anticipated date. For some students, completing this requirement may take up to three (or more) semesters.

Junior/Senior Level Courses-At least one-third of the academic work which a student takes in meeting requirements for graduation with a bachelor's degree must be in junior-senior level courses (courses numbered 300-400).

Degree Audit-Each student is responsible for requesting an official degree audit from the Office of the Registrar upon completing a total of 54 semester hours.

- The junior-year degree audit: This degree audit shows hours and grade points earned and degree requirements yet to be met. Each student is entitled to only one degree audit unless there is a change of major or minor. The student and his/her advisor should update this degree audit each semester.
- The final degree audit before graduation: This degree audit is derived from the original junior-year degree audit of credits and is updated when the student applies for graduation.

Application for Degree--See calendar for application deadlines.

Students may obtain the official application for graduation from the Office of the Registrar or on the Mississippi College website under Registrar. For May graduation, apply the preceding fall semester. For December graduation, apply the preceding spring semester. For August graduation, apply the preceding spring semester. The candidate for a degree is charged a graduation fee. This fee, together with all accounts of any nature, must be paid in full at least three weeks before the date of graduation in order for the student to be eligible to receive a degree.

Honors at Graduation-Baccalaureate degrees at Mississippi College may carry two types of academic honors. These honors are recognized in the commencement ceremony and on the academic transcript.

- Graduation *with Latin honors*: Students who have completed at least half (65 semester hours, excluding AP, IB, CLEP, or credit by correspondence) of their work at Mississippi College will receive their degrees with special recognition in accordance with the following grade averages:

3.500-3.699 Graduation *cum laude*

3.700-3.899 Graduation *magna cum laude*

3.900-4.000 Graduation *summa cum laude*

- Graduation in the Honors Program: In the Honors Program, juniors and seniors with high academic averages may complete a program of independent research leading to an honors thesis or project. Graduation with Honors requires a satisfactory paper (or project), a cumulative grade point average of 3.25, and a grade point average of 3.5 in the major field; Graduation with High Honors requires a superior paper (or project), a cumulative grade point average of 3.5, and a grade point average of 3.75 in the major field.

Marching Requirements-Students who meet graduation requirements are expected to march. If students have questions about marching, they should contact the Office of the Registrar at 601.925.3210.

Special Programs and Study Opportunities

Honors Programs

David G. Miller, Chair of the Honors Council

The Honors Council, composed of faculty representatives from the various academic areas of the University, plans and administers several Honors Programs for students with special academic aptitudes and achievements. The programs are so structured that qualified students may be enrolled in some portion of the honors work during each of their four years of enrollment, or they may be enrolled in any one portion for shorter periods of time. The programs offered are described below.

Freshman Honors Program

An interdisciplinary program in the spring semester of the freshman year, with the class meeting at regularly scheduled times. It is under the direction of a Freshman Honors Team, selected and guided by the Honors Council. It is open to incoming freshmen, with a minimum ACT/SAT score established each year.

IDS 161 Freshman Honors

Credit, 2 sem. hrs.

Active study and discussion of issues of contemporary interest, determined each year by the Freshman Honors Team. Grading will be on a credit-no credit basis as determined by the Honors Team.

Sophomore Honors Program

An interdisciplinary program in the fall semester of the sophomore year, with the class meeting at regularly scheduled times. It is under the direction of a Sophomore Honors Team, selected and guided by the Honors Council. It is open to sophomores who have attained at least a 3.25 grade point average on at least 12 hours at Mississippi College or whose ACT/SAT score met the requirements for Honors I in their freshman year.

IDS 261 Sophomore Honors

Credit, 2 sem. hrs.

Active study and discussion of issues of contemporary interest, determined each year by the Sophomore Honors Team. Grading will be on a credit-no credit basis as determined by the Honors Team.

Junior and Senior Honors Program

A student in the junior year, who has a cumulative grade point average of 3.25 or higher, and has had at least 12 credit hours at Mississippi College, and who has the approval of the department in which one proposes to do honors work, may be invited to enter an honors program designed to run through three consecutive semesters. This is a program of independent reading and research under the guidance of a faculty director. Six semester hours may be earned in the field in which the student is working.

361 Reading and Research for Honors I

Credit, 1 sem. hr.

Prerequisite: by invitation of the Honors Council

General reading in a major field, with frequent conferences with the directing faculty member. A bibliography and a statement of purpose will be submitted at the end of the semester to both the directing faculty member and the Honors Council.

462 Reading and Research for Honors II Credit, 2 sem. hrs.

Prerequisite: Honors I

Reading within a more specific area within the major field, leading to a selection of an honors topic, and the preparation of a prospectus and bibliography (or its equivalent in particular cases) to be submitted to the directing faculty member and to the Honors Council.

463 Reading and Research for Honors III Credit, 3 sem. hrs.

Prerequisite: Honors II

An honors essay (or approved equivalent) will be written and defended before an Honors Examination Committee.

Grading on all three courses will be assigned by the directing faculty member. Whether the honors paper is judged unsatisfactory, satisfactory, or superior will be determined by the Honors Examination Committee.

The minimum requirements for graduation with honors are: a satisfactory paper, a cumulative grade point average of 3.25, and an average of 3.50 in the major field. For graduation with high honors the minimum requirements are: a superior paper, a cumulative average of 3.50 and an average of 3.75 in the major field. One who completes the paper but does not maintain the required grade point average may receive credit for the courses but will not be eligible to graduate with honors.

Senior Honors Seminar

An interdisciplinary program in the spring semester of the senior year designed to bring together outstanding academic achievers. It is under the direction of a Senior Honors Team, selected and guided by the Honors Council. Issues of contemporary interest, often involving the work done by the individual students, constitute the subject matter, with the class meeting at regularly scheduled times. It is open to seniors whose grade point average is 3.50 or higher, with a minimum of 30 semester hours from Mississippi College.

IDS 464 Senior Honors Credit, 3 sem. hrs.

Active study and discussion of issues and topics of contemporary interest, determined each year by the Senior Honors Team. Grading will be on a **credit-no credit** basis as determined by the Honors Team. The grade of credit or no credit carries no grade points and thus does not affect the grade point average.

Additional information concerning the Honors Program may be obtained from the chair of the Honors Council, and a complete description is contained in the Honors Program brochure.

Internships*

The internship program is one of the methods used by Mississippi College to integrate theory with practice. Students may earn a maximum of six (6) semester hours of credit through internships. The following internship courses carry credit in the student's academic major, but the rules of the program and the course descriptions are the same for all participating departments. Contact the Chair of the Internship Committee for internship applications and information, Telephone: 601.925.3874. Internship applications are due no later than two weeks prior to registration for the internship.

**Students should not expect to earn more than a total of six semester hours through field studies, internships, and other experiential courses.*

387, 388, 389, and 380 Internship

Credit, 1, 2, 3 or 6 sem. hrs.

Through the internship program the student is on the job temporarily in specific public or private professional areas and is under direct supervision of a faculty advisor. A letter grade is assigned for this work experience. Internships may be arranged for 1, 2, or 3 (very rarely for 6) hours of credit in the student's academic major.

Field Studies*

Students should consult their academic advisors and their major academic departments for detailed information concerning field studies and other field experience. Departments will list their own departmental prefixes for these courses.

491, 492, 493 Field Studies

Credit, 1, 2, or 3 sem. hrs.

These courses are taught in response to a specific need and request. They may involve non-traditional teaching techniques and will usually combine formal education with practical experience in a career field. (A similar program is available at the graduate level in courses 6591, 6592, and 6593.)

Courses 491, 492 and 493 may be repeated as necessary for up to six hours of credit.

**Students should not expect to earn more than a total of six semester hours through field studies, internships, and other experiential courses.*

Study Skills Courses

In order to assist students who need to improve their study habits and skills, Mississippi College offers two special courses described below.

IDS 111 Study Skills I

Credit, 1 sem. hr.
(non-academic)

This course is designed to encourage productive attitudes and effective study skills in freshman students. The course includes individual and group counseling, the assessment of study skills and learning styles, and the presentation and practice of such skills as time management, listening, note-taking, test-taking, and textbook reading.

IDS 112 Study Skills II

Prerequisite: Study Skills I

This course is a continuation of Study Skills I with more emphasis on reading skills..

Credit, 1 sem. hr.
(non-academic)

The following course is offered for the benefit of students who already have good study skills.

IDS 121 College Success

Credit, 1 sem. hr.
(non-academic)

This course is designed to assist students in making the most of their university experience. It covers a wide range of topics, such as learning styles, stress management and ways to improve efficiency in university study and personal planning.

Developmental Studies Program

Emily Fokeladeh, Director

This program is designed to help students improve their academic skills and increase their chances of academic success at the university-level. All freshman students who have been granted restricted admission to Mississippi College are required to enroll in the program. It consists of four special courses (8 semester hours) that must be taken and successfully completed during the student's first and second semesters at the University.

ENG 100 Fundamentals of English

Credit, 3 sem. hrs.

IDS 111 Study Skills I

Credit, 1 sem. hr.
(non-academic)

MAT 100 Fundamentals of Mathematics

Credit, 3 sem. hrs.

IDS 112 Study Skills II

Credit, 1 sem. hr.
(non-academic)

Credit is awarded for the Developmental Studies courses, but they count as electives and not toward core requirements, a major, or a minor. For additional information about restricted admission and the Developmental Studies Program contact the Counseling and Testing Center, or the Office of Enrollment Services, Telephone: 601.925.3354 or 601.925.3240.

Pre-Professional Programs

Students planning to enter any of the several professions are strongly advised to complete the requirements for a university degree before entering their professional studies. Under the University's semester system, by attending regular and summer sessions, a student can complete the regular four-year course in three years.

The best schools of law, medicine, dentistry, and the other professions expect a minimum amount of specific university work for entrance. They also place a particular emphasis upon the quality of work done, as well as the personality and adaptability of the candidate for admission. Since professional schools differ in their minimal requirements, a student is advised to consult catalogs of the schools being considered.

Since the quality of the academic training and the student's standing in his/her class naturally play important parts in his selection for admission, it is easy to see that the better undergraduate training a student can get, the better is his/her chance for admission to a first-class professional school and for advancement after admission.

Some of the curricula listed below are cooperative programs between Mississippi College and other institutions; others are for advisory purposes only. It is important that a student interested in a professional program work closely with the designated advisor for that program.

Pre-Professional Programs in Which a Degree May Be Earned from Mississippi College

Premedical and Predental Course

Pre-Professional Health Programs Advisory Committee, Stan Baldwin, Chair

By far the majority of those admitted to medical or dental schools have completed a bachelor's degree program. The curriculum below can be used as a planning guide for the first three years of such a four-year program, with modifications to fit the major chosen. However, any student who is able to gain admission prior to finishing a degree and who completes the following three-year premedical or predental curriculum may be awarded, upon completion of one year of satisfactory work in an accredited medical or dental school, the degree of Bachelor of Science from Mississippi College. Application for the degree must be made through the Office of the Registrar. The degree will be awarded at the next commencement after the completion of the first year in a professional school. (NOTE: Grades from the professional school will have to be received in the Office of the Registrar to meet the deadline for graduation.) The major will normally be designated as "Pre-Professional (Pre-medical) or Pre-Professional (Pre-dental)." However, a student who completes requirements for a major in a subject field may declare that field as the major. Those not following the 3 + 1 program should follow the degree program outlined under their chosen major. For the University of Mississippi School of Medicine, the minimum required courses include one academic year each of biological science, inorganic chemistry, organic chemistry, English, mathematics (MAT 101 and 102 or MAT 121), physics, and advanced science. AP (Advanced Placement), IB (International Baccalaureate), CLEP (College Level Examination Program) credit will not satisfy these requirements. If a student has AP, CLEP, or IB credit for any of these, he/she must take a higher level course to meet the medical school's requirement. The dental school does not accept AP credit for science courses but will accept up to 12 hours of AP credit for non-science courses. It is strongly recommended that BIO 111-112 and CHE 141-142 be taken even if AP, CLEP, and/or IB credit can be obtained.

Three-Three Law Degree Program

The purpose of the Three-Three Program is to give pre-law students with strong academic records and ACT and SAT scores a chance to complete their entire Mississippi College undergraduate and law school programs within a six-year period instead of the traditional seven years. Ordinarily, a 26 ACT or 1180 SAT score will qualify a student for the program. In addition, the student must maintain a 3.25 GPA. Approval for entry into the program is granted by the academic advisor and department chair in the academic unit of choice.

Academic units which sponsor the Three-Three Program include the Departments of English, History and Political Science, Psychology, Sociology and Social Work, and the School of Business. See the specific section on these academic units for details. Acceptance into the Three-Three Program, however, does not automatically guarantee admission to the Mississippi College School of Law.

Pre-Professional Programs Which Do Not Lead to a Degree from Mississippi College

Prepharmacy

Pre-Professional Health Programs Advisory Committee, Stan Baldwin, Chair

This curriculum satisfies the course requirements for entry into the first professional year of the University of Mississippi School of Pharmacy. Other schools of pharmacy may differ slightly in their requirements. With careful scheduling the curriculum can be completed in two years, although some students prefer to complete a bachelor's degree prior to entering pharmacy school.

Pretheological Course

Roger Greene, Advisor

Students preparing for church-related vocations need to develop strong functional skills in a context of broad cultural understanding.

To major or minor in the Department of Christian Studies and Philosophy will offer a distinct foundational advantage for continuing theological studies.

Other suggested majors or minors would include communication, English, history, psychology, sociology, and related areas which would ensure a comprehensive liberal arts background.

Because of the demands made upon those who seek to minister in the modern world, courses in communication, computer science, language, and business would be a wise use of electives for the development of skills which will greatly enhance and facilitate ministry.

Other Health Professions

Pre-Professional Health Programs Advisory Committee, Stan Baldwin, Chair

Curricula are available for preparation for professional programs in Health Information Management, Dental Hygiene, Cytotechnology, Optometry, Osteopathy, Physical Therapy, Veterinary Medicine, Podiatry, Occupational Therapy and others. Students should consult with Dr. Stan Baldwin regarding specific curriculum requirements.

College of Arts and Sciences

School of Christian Studies and the Arts

School of Humanities and Social Sciences

School of Science and Mathematics

Mission and History

The College of Arts and Sciences consists of three schools: the School of Christian Studies and the Arts, the School of Humanities and Social Sciences, and the School of Science and Mathematics. They offer students a liberal arts education reflecting both academic excellence and Christian concern and commitment. Course offerings in the College of Arts and Sciences provide students with a broad general education as well as in-depth knowledge in particular majors. This combination is designed to equip students not only with career training, but also with an appreciation and understanding of cultural achievements and religious values and with the literacy skills necessary for lifelong learning. Each school provides students with a strong background for post-baccalaureate concentration in graduate school or professional studies.

The academic programs in the College of Arts and Sciences prepare students for such careers as those of pastor, director of religious education, minister of music, artist, journalist, chemist, biologist, physicist, mathematician, computer science specialist, social scientist, historian, social worker, teacher, writer, linguist, mass media specialist, interior designer, graphic designer, paralegal assistant or law enforcement official. In addition, pre-professional training is provided for careers in medicine, dentistry, pharmacy, physical therapy, optometry, medical technology, nursing, law and veterinary medicine. The Department of Christian Studies and Philosophy also gives excellent preparation to many students who will attend our Southern Baptist seminaries.

Objectives

In serving both the general and specific educational needs of students in the university, the College of Arts and Sciences is guided by three major objectives:

1. To provide a broad foundation of learning in the arts, humanities, and sciences and to promote critical thinking, problem solving, written and oral communication and research skills.

2. To provide in-depth knowledge in a wide range of academic disciplines leading directly or indirectly to both career opportunities and enhanced understanding of human society and culture.
3. To provide a sound academic base in the arts and sciences for further study in professional and graduate schools and seminaries.

History

The College of Arts and Sciences has a unique history. It is both the oldest and the newest of the schools that make up Mississippi College. It includes those fields of learning which have traditionally constituted a university education and which were the whole curriculum of Mississippi College until relatively late in its history. By the early twentieth century, as human knowledge became more specialized and skilled professions became more complex, Mississippi College, along with most other colleges and universities, added courses of study directed toward preparation for specific professions, such as teaching or business; it also helped students to tailor their pre-professional studies in the broad areas of liberal learning and in preparation for professional studies in such fields as medicine and law.

In 1969, with the establishment of the School of Nursing, Mississippi College began the systematic development of a university structure. New or existing programs were formed into separate, though related, schools of business, education, law, and graduate studies. In 1982, the restructuring was completed by combining the academic areas of Fine Arts, Humanities, Christian Studies, Social Sciences, and Science and Mathematics into the College of Arts and Sciences.

Schools

The three schools in the College of Arts and Sciences represent twelve departments: Art, Biological Sciences, Chemistry, Christian Studies and Philosophy, Communication, Computer Science and Physics, English, Foreign Languages, History and Political Science, Mathematics, Music, and Sociology and Social Work.

Graduate Programs

Graduate study is offered in the College of Arts and Sciences leading to the following degrees: Master of Arts, Master of Fine Arts, Master of Science, Master of Social Sciences, Master of Liberal Studies, Master of Combined Sciences, Master of Computer Science, and Master of Music. Students should refer to the *Graduate Catalog* and the appropriate academic department regarding specific requirements for these degrees.

Honors Program

The College of Arts and Sciences provides an Honors Program for students with a minimum ACT/SAT score established each year. Successful completion of the program allows a student to graduate "With Honors" or "With High Honors." The Honors Council is chaired by Dr. David G. Miller of the Department of English.

Mission

The Mississippi College School of Christian Studies and the Arts offers undergraduate and graduate programs designed to prepare students to use their skills in the pursuit of meaningful careers in the fine arts, communications, and in service to God. These programs express the School's commitment to the intellectual and spiritual growth of its students. Through a variety of challenging academic programs offered in the Departments of Art, Christian Studies and Philosophy, Communication, and Music, students are encouraged to express their convictions and creativity in the pulpit, classroom, studio, or concert hall.

The School of Christian Studies and the Arts is committed to excellence and innovation in teaching. The School is further committed to offering students in each of its departments the opportunity to participate in activities outside the classroom which enhance and supplement their academic experiences and provide avenues for them to function in the workplace. The School of Christian Studies and the Arts further seeks to hire and retain teachers who are committed to the ideals of the college and who seek to continue their professional development. This excellence in teaching is complemented by numerous opportunities for community service, internships, and artistic performances made available to students.

The School of Christian Studies and the Arts is also committed to enriching the life of the college and community through its varied lectureships, art exhibits, theatrical productions, and musical events. These productions are designed to enhance the growth and development of all members of the campus community.

Program Goals

The aims and objectives of the Art Department are: to maintain an environment of creativity in which Christian ethics and ideals find free exercise as motivating factors in the art experience; to acclimate the student to the continuing discipline and learning process which are necessary factors in the professions of art and art education; to provide art experiences that are basic to the various applications and directions in the professions of art and art education; to provide guidance, instruction, and resources in an effort to bring out the highest potential of each student in his or her chosen area of concentration.

Majors

The student desiring to major in Art may choose either the Bachelor of Arts, Bachelor of Science or the Bachelor of Science in Education, depending upon vocational choice. The balance of art courses needed to complete art major requirements must consist of at least 21 semester hours of art on a junior-senior level. Transfer students must complete a minimum of 21 semester hours of art courses at Mississippi College.

It is the policy of the Mississippi College Department of Art to require each student pursuing an interior design Bachelor of Art or Bachelor of Science degree to acquire a laptop computer, hardware, and software for processing required course assignments in the classroom and outside of the classroom. The Department of Art will publish on its website annual guidelines for students' computer laptop needs.

Visual Art Resources

The visual art resources are a part of the Learning Resources Center, comprising an extensive collection of filmstrips, slides and videotapes available for class use and viewing by individual students.

The faculty reserve the right to retain student work for research, accreditation, and recruitment purposes.

Student Organizations

A.S.I.D.: The student chapter of the American Society of Interior Designers (A.S.I.D.) is a pre-professional organization emphasizing the aims and standards of the profession while providing upon graduation the benefit of one year associate membership in the national organization. Membership is open to Interior Design majors.

Kappa Pi: The Kappa Pi International Honorary Art Fraternity, Delta Beta Chapter, is an honorary fraternity for art majors, faculty, and honorary members. Its purpose is to recognize and honor those who have excelled in the visual arts academically and creatively. Members also are involved with activities which further the goals of achievement in art and purposes of the Art Department and the University.

Student Chapter NAEA: The student chapter of the National Art Education Association (NAEA) was designed to provide an effective transition from art education preparation to professional practice. Students in this organization pledge to maintain a high standard of quality art education on campus and in the community. Membership is open to all art education majors. The Student Chapter of NAEA is affiliated with both NAEA and the Mississippi Art Education Association (MAEA).

Senior Art Exhibit

All seniors are required to participate in a portfolio art exhibit, ART 099 Senior Art Exhibit, following the guidelines set forth by the Art Department.

Advisory Note

It is of utmost importance that freshmen who plan to major in Art enroll in beginning level art courses such as ART 101, ART 102, and ART 203. An Art major with an emphasis in church-related ministries should include ART 203, ART 207, ART 331, and ART 351. MUS 125 and MUS 225 are also recommended. Vocational aims in this specialization might include seminary training in church recreation or religious education.

Graduate Degrees

The Art Department offers graduate courses leading to the Master of Education, the Master of Fine Arts and the Master of Arts degrees, the requirements for which are listed in the *Graduate Catalog*.

 ART 406 History of Modern Art ART 407 History of Art I,
 ART 408 History of Art II ART 421 Special Projects
 (a special project to consist of a
 major research paper)

Studio Art: Eighteen semester hours of studio emphasis including:
 ART 101 Basic Design I ART 102 Basic Design II
Nine semester hours of studio electives
and three semester hours of Art Appreciation or Art History

Interior Design: A minor in Interior Design is not available.

Honors Courses

By invitation of the Honors Council; see *Honors Programs* section of *Undergraduate Catalog*.

Art Course Descriptions

Each semester hour credit represents approximately one clock hour of lecture, or two hours of studio work per week for one semester, or the equivalent. It is the goal of all Mississippi College studio courses to precede every unit of study with a classroom or on site demonstration by the professor or a guest artist of his choosing.

ART 099 Senior Art Exhibit **Credit, 0 sem. hrs.**

Prerequisite: Senior Standing, required for graduation

A juried exhibit of selected works by senior art majors.

ART 101 Basic Design I **Credit, 3 sem. hrs.**

Lecture and laboratory course dealing with color theory and design principles.

ART 102 Basic Design II **Credit, 3 sem. hrs.**

Prerequisite: ART 101

Studies and exercises in two- and three-dimensional design principles including an introduction to basic drawing methods.

ART 125 Art Appreciation **Credit, 3 sem. hrs.**

General survey of the four disciplines of art: aesthetics, art criticism, art history, and studio art. Focus is on the relationship of art to contemporary living. Satisfies the core curriculum fine arts requirement. This course may not be used to satisfy requirements for a major in art.

ART 203 Drawing I **Credit, 3 sem. hrs.**

Introduction to free-hand perspective drawing techniques with emphasis on line, value, and texture using still-life and landscape subject matter.

ART 204 Drawing II **Credit, 3 sem. hrs.**

Prerequisite: ART 203

Problems in life drawing with emphasis on anatomy.

ART 205 Introduction to Graphics Software **Credit, 3 sem. hrs.**

An introduction to graphics software with specific application on the Macintosh system. The focus will be on applied use of programs such as QuarkXpress 6, Adobe Photoshop CS 2, and Adobe Illustrator CS 2 (Extra \$15 for lab fee)

ART 207 Art for Children **Credit, 3 sem. hrs.**

Utilizes content from the four art disciplines: aesthetics, art criticism, art history, and studio art as an exemplary model for providing meaningful art experiences for children. Recommended for those in church or school-related service who work with children. Meets educator licensure requirement for elementary education majors. (Extra \$15 lab fee)

ART 211 Acrylic Painting: Non-Figurative **Credit, 3 sem. hrs.**

Prerequisite: ART 203

Application of design principles as they relate to various approaches to painting, with an emphasis on color theory. A synthesis of technique, skill development and creative expression.

ART 212 Oil Painting: Non-Figurative

Credit, 3 sem. hrs.

Prerequisite: ART 203

Advanced application of design principles as they relate to various approaches to painting, with an emphasis on color theory. A synthesis of technique, skill development and creative expression.

ART 215 Graphic Design I

Credit, 3 sem. hrs.

Prerequisites: ART 101 and 102, 205 and/or department chair approval

An introduction to graphic design practices and technology with emphasis on traditional hands-on techniques and methods, and preparation for creative problem solving. Study of the printing industry and current technology. Beginning application toward computer graphics software and hardware to graphic design problems.

ART 216 Graphic Design II

Credit, 3 sem. hrs.

Prerequisite: ART 215

Practices of graphic design as applied to advertising, publications, and graphic communication, with emphasis on studio techniques and further incorporation of the Macintosh computer and QuarkXPress software as design tools. (Extra \$15 lab fee)

ART 271 Interior Design I

Credit, 3 sem. hrs.

Prerequisite: ART 102 and concurrently enrolled in ART 301

An introduction to residential and commercial space planning with emphasis on proxemics, ergonomics, and health and safety. A studio class with residential projects that focus on the social, work, and private zones.

ART 272 Interior Design II

Credit, 3 sem. hrs.

Prerequisite: ART 271 and concurrently enrolled in ART 302

Investigation of material components used by the designer coinciding with a residential design portfolio project that includes specification of surface finishes, architectural details, and furnishings.

ART 301 Architectural Drafting I

Credit, 3 sem. hrs.

Prerequisite: ART 102

Focus on use of drafting equipment as a means of visually communicating solutions to architectural design problems. Includes a study of drafting symbols, isometric and oblique drawings, sections, floor plans, and elevations.

ART 302 Architectural Drafting II

Credit, 3 sem. hrs.

Prerequisite: ART 301

Study and application of sketching and mechanical perspective drawing techniques as they relate to exterior and interior spaces.

ART 303 Drawing III

Credit, 3 sem. hrs.

Prerequisite: ART 204

Further study and experience in drawing with emphasis on stylistic development and professionalism as applied to fine arts and applied fields such as illustration.

- ART 304 Drawing IV** **Credit, 3 sem. hrs.**
Prerequisite: ART 303
Advanced study and experience in drawing with emphasis on stylistic development.
- ART 305 Architectural Color Rendering** **Credit, 3 sem. hrs.**
Prerequisite: ART 302
A studio course that focuses on color rendering techniques using color markers and color pencils as applied to interior and exterior architectural drawings.
- ART 306 Textiles for Residential and Commercial Interiors** **Credit, 3 sem. hrs.**
Prerequisite: None
The Consumer Textile Fibers course is designed to identify the interrelationship of fibers, yarns, fabric constructions, and finishes and to apply each of these components to the understanding of textile behavior and performance for consumer use.
- ART 311 Watercolor Painting: Non-Figurative** **Credit, 3 sem. hrs.**
Prerequisite: ART 211 or 212
Advanced problems emphasizing technique, skill development, and creative expression.
- ART 312 Watercolor Painting: Figurative** **Credit, 3 sem. hrs.**
Prerequisite: ART 204 and ART 211 or ART 212
Advanced problems in painting the figure emphasizing technique, skill development and creative expression.
- ART 315 Graphic Design III** **Credit, 3 sem. hrs.**
Prerequisite: ART 216
Principles and practices of graphic design as applied to advertising, publications, and graphic communication with emphasis on project production and increased mastery of the computer as a tool in graphic design. Computer software emphasis on manipulation of type and vector-based objects in a drawing program (*Adobe Illustrator CS 2*). (Extra \$15 lab fee)
- ART 316 Graphic Design IV** **Credit, 3 sem. hrs.**
Prerequisite: ART 315
Concept development and problem solving in the graphic profession; trade relationships and practices. Computer software emphasis on bitmap image-editing (*Adobe Photoshop*). (Extra \$15 lab fee)
- ART 318 Printmaking I** **Credit, 3 sem. hrs.**
Prerequisite: ART 203
Introduction to woodcuts, etching, engraving and screen process. (Extra \$15 lab fee)

ART 319 Printmaking II

Credit, 3 sem. hrs.

Prerequisite: ART 318

A continuation of ART 318 with emphasis on advanced printmaking techniques. (Extra \$15 lab fee)

ART 331 Sculpture I

Credit, 3 sem. hrs.

Prerequisite: Department Chair Approval

Basic sculptural methods in clay and other pliable media with emphasis on the human form and underlying principles of design. (Extra \$15 lab fee)

ART 332 Sculpture II

Credit, 3 sem. hrs.

Prerequisite: ART 331

A continuation of sculptural techniques including mold construction and casting in various materials. (Extra \$15 lab fee)

ART 351 Introduction to Ceramics

Credit, 3 sem. hrs.

Prerequisite: Art Majors Only (Non-Art Majors must receive written permission from the Chair, Department of Art)

An introduction to basic ceramic construction techniques including slab, coil, and wheel-thrown methods. Includes study and experimentation with glazing and firing. (Extra \$15 lab fee)

ART 352 Ceramics: Wheel Throwing

Credit, 3 sem. hrs.

Prerequisite: ART 351

A continuation of ART 351, extending the creative activity into the development of skill at the potter's wheel and further knowledge of firing and glazing. (Extra \$15 lab fee)

ART 371 Interior Design III

Credit, 3 sem. hrs.

Prerequisites: ART 272, ART 302, ART 470

Studio class that incorporates research and application of the International Building Code, Americans with Disabilities Act, and the NFPA Life Safety Code in commercial interiors. Major projects focus on ADA compliant bathroom design and a small commercial space.

ART 372 Interior Design IV

Credit, 3 sem. hrs.

Prerequisite: ART 371

Emphasis on a contract portfolio project that reflects knowledge and application of the Standard Building Code, Americans with Disabilities Act, and the NFPA Life Safety Code.

ART 403 Illustration

Credit, 3 sem. hrs.

Prerequisite: ART 102 and ART 204

A studio exploration of illustration techniques and their applications, with an emphasis on in-depth portfolio projects.

ART 404 History of Architecture and Interiors

Credit, 3 sem. hrs.

A chronological history of architecture and interiors from prehistoric periods to the present exploring the global influences of design.

- ART 405 Art in America to 1913** **Credit, 3 sem. hrs.**
A study of art in America from the Colonial Period to 1900. A survey of architecture, decorative arts, paintings, and sculpture.
- ART 406 History of Modern Art** **Credit, 3 sem. hrs.**
Twentieth century art, from post-impressionism to the present. Course includes study of architecture, decorative arts, painting and sculpture.
- ART 407 History of Art I** **Credit, 3 sem. hrs.**
A study of art from the prehistoric period through the Medieval period, including utilitarian art, architecture, decorative arts, painting and sculpture.
- ART 408 History of Art II** **Credit, 3 sem. hrs.**
Art from the Renaissance to the present including architecture, decorative arts, painting and sculpture. Continuation of ART 407, but may be taken without prerequisite.
- ART 411 Pastel Painting: Non-Figurative** **Credit, 3 sem. hrs.**
Prerequisite: ART 211 or ART 212
Introduction to the use of pastel and other dry media in the creation of non-figurative compositions.
- ART 412 Pastel Painting: Figurative** **Credit, 3 sem. hrs.**
Prerequisite: ART 204 and ART 211 or ART 212
Introduction to the use of pastel and other dry media in the creation of figurative compositions.
- ART 414 Introduction to Website Design Software** **Credit, 3 sem. hrs.**
Prerequisite: ART 316
An introduction to Web authoring software with specific application on the Macintosh system. The course will focus on the programs Adobe GoLive CS2 and Macromedia Flash.
- ART 415 Graphic Design Portfolio I** **Credit, 3 sem. hrs.**
Prerequisite: ART 216
Initiation of professional-level portfolio development projects in graphic design field from concept to distribution with individual flexibility for professional development. (Extra \$15 lab fee)
- ART 416 Graphic Design Portfolio II** **Credit, 3 sem. hrs.**
Prerequisite: ART 315
Professional-level portfolio development projects in the graphic design field from concept to distribution with individual flexibility for professional development, for completion of professional-level portfolio for assessment and career planning. Special Emphasis on the synthesis of technical, functional, and aesthetic factors inherent in the graphic design process. (Extra \$15 lab fee)

- ART 421-422 Special Projects** **Credit, 3 sem. hrs. each**
Prerequisite: Department Chair Approval
Advanced level projects with consideration of students' professional goals. A course with flexibility in which an advanced art student may continue an advanced level of work in projects determined according to individual need and specific areas of interest. A student preparing for graduate school may in this way do further study in an area in which he/she plans to do work on a graduate level.
- ART 431 Sculpture III** **Credit, 3 sem. hrs.**
Prerequisite: ART 331
Advanced sculpture projects in plasticine, armature and mold construction with related problem solving; review of applicable design principles; and sustained modeling experience with human and animal forms.
- ART 432 Sculpture IV** **Credit, 3 sem. hrs.**
Prerequisite: ART 431
Advanced sculpture projects with traditional and experimental media and techniques, with individual options in castable media, welding and foundry operation according to student ability and need. A continuation of content of ART 431 with application of individually determined criteria for creative growth. (Extra \$15 lab fee)
- ART 441 Art in Secondary Schools** **Credit, 3 sem. hrs.**
Prerequisite: ART 207
A discipline based approach to teaching art in secondary schools.
- ART 451 Ceramics: Hand-built Methods** **Credit, 3 sem. hrs.**
Prerequisite: ART 351
This class will present various methods of hand-built ceramics including pinch, coil and slab. (Extra \$15 lab fee)
- ART 452 Ceramics: Glaze Formulation** **Credit, 3 sem. hrs.**
Prerequisite: ART 352
Emphasis placed on glazing, kiln firing, and kiln construction. (Extra \$15 lab fee)
- ART 469 CADD I** **Credit, 3 sem. hrs.**
Introduction to basic principles of computer-aided drafting using Autodesk AutoCAD computer software, version 2000. Focus will be on architectural drafting and design.
- ART 470 CADD II** **Credit, 3 sem. hrs.**
Prerequisite: ART 469
Advanced architectural drafting problems using AutoCAD R14 computer software. Emphasis placed on 3-D design and computer rendering techniques.

ART 471 Interior Design V **Credit, 3 sem. hrs.**

Prerequisite: ART 372

Experiences in solving interior design problems of a complex nature.

ART 472 Interior Design VI **Credit, 3 sem. hrs.**

Prerequisite: Art 471

Program Goals

As part of the School of Christian Studies and the Arts, the Department of Christian Studies and Philosophy proposes to make a significant contribution to the intellectual and spiritual development of all students at Mississippi College. The offerings of the department are made within the context of a liberal arts environment in keeping with the general aims and objectives of the University. The Department of Christian Studies and Philosophy seeks to:

1. Give students a deep appreciation for and understanding of the values of Christian faith.
2. Encourage student commitment to Christian ideals.
3. Aid students in the implementation of Christian values and ideals through ministry and service.

In doing this the department makes serious attempts to:

1. Introduce all undergraduate students to the Judeo-Christian heritage and its influences upon Western culture.
2. Aid and encourage these students to develop their own abilities of analytic thinking, discrimination, and sound judgment.
3. Enable students to reflect critically on the fundamental philosophical issues encompassed by the study of religion.
4. Offer special instruction in Christian studies (especially in biblical understanding) for students who have further interest in Christian service, in order to enable them to be effective Christian leaders in their churches and communities.

Majors

Students preparing for church-related vocations are encouraged to major or minor in the Department of Christian Studies and Philosophy. The student majoring in Christian Studies must meet all University Core Curriculum requirements for the Bachelor of Arts degree, including the foreign language requirement. Students are reminded that at least one-third of their academic work for the bachelor's degree must be in courses numbered 300-400.

Also, students should be aware that most theological seminaries require a working knowledge of one or more modern languages in addition to Hebrew and Greek as part of the entrance requirements leading to the Doctor of Philosophy degree. Students should consult the catalog of the seminary they plan to attend for specific requirements.

Christian Studies Major Requirements (B.A.)

To fulfill the requirements of a 30 hour major in Christian Studies and Philosophy the student must satisfactorily complete the following:

- Fifty-eight semester hours** required by the University core curriculum to meet requirements for the Bachelor's degree including **BIB 110 Introduction to Old Testament** and **BIB 120 Introduction to New Testament**. **BIB 110** and **BIB 120** should be completed in the freshman year. **Language study**, as required by the University core, *must complete intermediate-level work in the same language* and should begin no later than the sophomore year.
- Eighteen semester hours** of Christian Studies and Philosophy core courses. All majors in the Department of Christian Studies and Philosophy must complete the department's core courses. These courses may also satisfy the requirement for a minor in the Department of Christian Studies and Philosophy.

Christian Studies Core Courses Required of All Majors		
BIB 210	Discovering the World of the Bible	3 semester hours
BIB 315	A History of Israel	3 semester hours
BIB 322	Distinctive Theological Ideas in the Bible	3 semester hours
MIN 201	Foundations for Christian Ministry	3 semester hours
MIN 224	Ministry of the Church	3 semester hours
PHI 315	Philosophy of Christian Religion	3 semester hours

- Twelve semester hours** in one of the following concentrations: Bible, Biblical Languages, Ministry Studies, or Christian Philosophy.

Bible Concentration. Students select any 3 courses below plus **BIB 422**.

BIB 316 Exegesis in Poetic and Wisdom Lit	BIB 424 Exegesis of the Fourth Gospel
BIB 317 Exegesis in Eighth Century Prophets	BIB 425 Exegesis in the Letters of Paul

MIN 490 Special Topics in Ministry Studies

Philosophy Concentration

PHI 211 Introduction to Logic

PHI 309 Christian Ethics

PHI 416 Contemporary Philosophy

PHI 419 World Religions

4. **A minor must be completed outside the area of Christian Studies and Philosophy, as specified by other departments of the University.** A typical minor consists of 18 semester hours, leaving the student 24 semester hours of free electives. Some department minors may vary in terms of required semester hours. Therefore the students are responsible for being sure that they meet the requirements for a minor in the department they choose.
5. **In addition to the above,** sufficient elective hours must be taken to meet the minimum 130 hour requirement for graduation. A minimum of six hours of free electives must be taken outside the Department of Christian Studies and Philosophy. The student should use free electives wisely. *Students preparing for church-related vocations are encouraged to major or minor in the Department of Christian Studies and Philosophy because of the distinct foundational advantage gained for pursuing continuing theological studies. Suggested minors outside the Department of Christian Studies and Philosophy might include business, communication, computer science, English, history, language, music, psychology, or sociology. The student needs to develop strong functional skills in a context of broad cultural understanding in order to become an effective minister.*

Minor Requirements (18 Semester Hours)

Students desiring to minor in Christian Studies and Philosophy may do so in one of four ways:

- A. Complete the Christian Studies and Philosophy core courses (18 semester hours)
 - BIB 210** Discovering the World of the Bible
 - BIB 315** A History of Israel
 - BIB 322** Distinctive Theological Ideas of the Bible

Program Goals

A major in Communication will provide opportunities to develop a variety of academic, performance and professional competencies. Areas of Communication concentration are designed to help prepare the student to function in such fields as business, law, public relations, the ministry, mass communication, government, education and industry.

Communication Majors

A Communication degree may be a Bachelor of Science or a Bachelor of Arts degree with a 40 hour major. The curriculum consists of a Communication core with a choice among six concentrations:

Concentration (Choose one) 18 sem. hrs.

- Interpersonal and Public Communication
- Mass Communication
- Public Relations
- Journalism
- Theatre

The Department also offers graduate study leading to the Master of Science in Communication degree.

Suggested Minors

A minor is necessary when the B.A. or the B.S. degree in Communication is pursued. The Department suggests minors in Business Administration, Computer Science, Journalism, Political Science, Sociology, and Theatre; however, other minors are acceptable.

Communication Minor

The field of Communication is an excellent complement to majors in other fields. A minor consists of 18 hours in the Communication field. Eighteen hours are chosen in counsel with an advisor in the Department of Communication and approved by the student's major advisor. Minors in Theatre and Journalism are offered as well.

Student Organizations

The Mississippi College Players is the campus drama organization. The purposes of the club are to cultivate a taste for drama, to give as many students as possible a chance to participate in drama as a creative art and to promote cultural values through drama. Members of the Mississippi College Players may earn membership in Alpha Psi Omega, a national dramatics fraternity.

The Speech and Debate team sponsors oratory, extemporaneous speaking and oral interpretation of literature. Membership is open to anyone who is willing to participate in the activities. An invitation to become a member of Pi Kappa Delta is based upon achievements in speech and debate.

After completing 18 hours in communication with a GPA of at least 3.00, students may be invited to join Alpha Eta Lambda, the National Communication Association Honor Society.

Departmental Activities for Credit

The Individual Events and Debate Team affords students the opportunity to compete on the national collegiate level in public speaking and individual events.

Theatre Production provides opportunities for students to participate in major dramatic productions.

Radio Broadcasting offers students the opportunity to gain experience through working in the radio station.

To receive degree credit for these activities, the student must register for the appropriate course number. These activities are listed under Department Activity Courses.

Honors Courses

By invitation of the Honors Council; see *Honors Program* section of *Undergraduate Catalog*.

Communication Course Descriptions

Each semester hour of credit represents approximately one clock hour of recitation and lectures per week for one semester, or the equivalent.

COM 030-031 Field Experience Credit, 0 sem. hrs.

These courses fulfill a two-semester requirement by the department for graduation in the media concentration. In each course, the student will perform three contact hours per week of laboratory work in news, radio production, sales, promotion, and studio related experiences.

COM 102 Communication Research Credit, 3 sem. hrs.

This course prepares the student to do practical research associated with the pursuit of a degree in communication. Emphasis will be placed on developing a research attitude, research skills, and a research vocabulary. The course will deal with surveys, validity, and the interpretation of data. This course is required for most COM classes 300 or above.

COM 202 Interpersonal Communication Credit, 3 sem. hrs.

This course is designed to improve communication competencies in dyadic and small-group situations. Students will practice identifying and using both verbal and nonverbal channels and cues. The opportunities for enrichment, satisfaction, and productivity derived from optimum relationships will be discussed and explored.

COM 203 Professional Communication Skills Credit, 3 sem. hrs.

This course is designed to offer the student opportunities to develop oral skills in problem solving, leadership, interviewing, negotiating, and oral presentation.

COM 301 Nonverbal Communication Credit, 3 sem. hrs.

Prerequisite: COM 102 for Communication Majors

Program Goals

The mission of the Department of Music is to provide the opportunity for students to gain the knowledge, understanding, skills and appreciation of music necessary to function at professional levels in their chosen areas. Individual degree programs are specifically designed to provide a foundation for development in those areas and to prepare students for meaningful careers in service to others. Faculty reflect Christian values, commitment to service, and personal concern for students in both classroom and studio, modeling for them the integration of faith and learning in scholarship and performance. The department offers cultural enrichment opportunities to the college community and the public in the form of applied lessons, concerts, recitals, and workshops.

The Music Department of Mississippi College is an institutional member of the National Association of Schools of Music (NASM). The requirements of the department are in accordance with the published standards of that organization.

Admissions, Curricula, and Degrees

An audition before members of the music faculty is required of all students who declare music as a major.

The student majoring in music may choose the Bachelor of Arts (B.A.), the Bachelor of Music (B.M.), or the Bachelor of Music Education (B.M.Ed.) degree. The Bachelor of Arts degree with a major in music is a broad program with approximately one-third of the curriculum in music with an option for various minors. The Bachelor of Music degree is designed for the student who is interested in music as a profession. The Bachelor of Music Education degree, which is designed to meet the standard educator licensure requirements for teachers of music, is for the student who plans to teach in the public schools. (Educator licensure requirements will be found in this catalog under School of Education.) The Master of Music (M.M.) is also offered at Mississippi College.

Ensembles

In accordance with standards of NASM, students majoring in music are required to register for a music ensemble EACH semester. The ensemble should correspond to the student's performance area; therefore, instrumental majors will choose Band as their ensemble, voice majors will choose Women's Chamber Choir, Men's Glee or Singers as their ensemble, and keyboard majors may choose either of these ensembles.

Professional Music Organization

Music Educators' National Conference

The student chapter of MENC was established on the campus of Mississippi College in September, 1959. Membership is open to all students planning to teach music in the public schools. The aim of the fraternity is to afford students an opportunity for professional orientation and development in the field of public school music while still in school.

ACDA American Choral Directors Association

The purposes of this organization shall be those as set forth in the National Constitution of the American Choral Directors Association and shall primarily consist of the fostering and promotion of choral singing that will provide artistic and spirited experiences for the participants.

The membership of this organization shall include students at Mississippi College who, because of their serious interest in the improvement of choral music and the profession of the choral director, have chosen to become members of the Mississippi College Student Chapter of the American Choral Directors Association.

Recitals

Realizing the importance of public performance for the applied music student, the Music Department sponsors Performance Laboratories, Degree Recitals, and Faculty/Guest Recitals.

Performance Laboratory

On Wednesday afternoons all students majoring in music are required to participate in Performance Laboratory. These may take the form of Solo Hours or Studio Classes.

All music majors must complete eight semesters of Performance Lab attendance. Music minors must complete four semesters of Performance Lab. This is accomplished by registering for Music 055 and attending 75 percent or no more than 15 of the Wednesday afternoon sessions and evening recitals and concerts.

Degree Recitals for Majors

These recitals are designed to meet the requirements of the various music curricula and are presented in partial fulfillment of degree requirements.

All applicants for the degree of Bachelor of Music (with the major field in guitar, organ, piano, voice, or a wind instrument) will be required to give recitals as follows: junior recital duration, 30 minutes; senior recital duration, one hour.

Composition majors will give a one-hour senior recital.

Church music (voice, instrumental and keyboard) majors will be required to give a 30-minute recital in the senior year. This recital may be shared with another student.

The applicant for either the Bachelor of Music Education degree or the Bachelor of Arts degree in music will be required to give a 30-minute recital in the senior year. This recital may be shared with another student.

Faculty/Guest Recital

Each semester several evening recitals will be presented by faculty performers or guest artists. As in the case of Performance Labs and Degree Recitals, students must include attendance at Faculty/Guest Recitals as a part of MUS 055 requirements.

Music Handbook

The Department of Music publishes annually a Handbook which clarifies procedures and policies not contained in the *Undergraduate Catalog*. Handbooks are distributed and policies are discussed at the first Solo Hour of each fall semester. Students should understand that it is their obligation to abide by procedures as outlined in both the *Undergraduate Catalog* and the Music Department Handbook.

Advanced Standing

The process of achieving Advanced Standing qualifies a music major to enter upper division music courses and endorses the student's work in the major area within music.

For music majors who enter Mississippi College at the freshman or sophomore level, the process involves:

- 1) Theory/Ear-Training Assessment:** Completion of Second-Year Music Theory **MUS 202** and Second-Year Ear-Training **MUS 206** with a grade no lower than C. Composition majors also must have completed **MUS 208** with a grade which evidences their qualifications and motivations for the field.
- 2) Music History Assessment:** Completion of **MUS 255** and **MUS 256** with a grade no lower than C in **MUS 256**.

3) Applied Area Assessment: Occurs after the completion of four semesters of applied study. At the fourth applied jury, the student will be assessed by the appropriate applied faculty according to the Advanced Standing processes established by that faculty. (For example, voice performance majors and music majors in other curricula with a voice emphasis perform a longer jury and include one self-prepared piece.) All music students will prepare and present an oral report related to one of their prepared pieces. The jury will be allowed to question the students and will weigh the effectiveness of the student's oral communication as a part of the jury grade and worthiness to be granted Advanced Standing. Decisions concerning the eligibility of the students who are auditioning for an invitation into the applied performance programs will be made at this applied jury.

For music majors who transfer into the Mississippi College program at the junior level and have completed courses equivalent to Second-Year Theory and Second-Year Ear-Training, one semester of study is allowed before assessment. During this first semester, the student must satisfactorily complete the Ear-Training Proficiency Test. At the close of the semester, the student is then eligible for the Applied Area Assessment as described in (3) above. If the student fails to complete the Ear-Training proficiency during this first semester, they must enroll in **MUS 206** and complete the requirement in that fashion.

The Mississippi College Music Faculty is charged with the appropriate responsibility and reserves the right to make recommendations concerning a student's choice of major. When the student has completed both parts of the process as cited above, the music faculty, in a subsequent meeting, will vote to endorse a student's choice of major or recommend other directions. These endorsements/recommendations will be documented by letter and sent to the student and the student's parents. Following discussion between the student and the advisor a copy of the letter with the recommendations will be placed in the student's permanent file. Furthermore, students who have applied for entrance into the performance or composition areas will be notified in this letter as to their eligibility. The student should realize that these recommendations may involve a schedule change in order to place the student in a curricular track appropriate to their major.

Piano Proficiency Examination

The Piano Proficiency Examination is required for all music majors. Students should begin taking piano their first semester at Mississippi College in preparation for the Piano Proficiency Examination. The students will register for one non-credit hour (MUS 066) each semester until the requirements are completed. Every student will be expected to take piano until he or she has completed these requirements.

The Proficiency Examination is divided into four sections which the student must pass in succession. The Music Department Student Handbook outlines the specific requirements of each section. No student may take the proficiency or any part of the proficiency during the semester in which he or she graduates. Piano Proficiency must be completed the semester preceding student teaching. Piano Proficiency must be completed before a student can schedule a senior recital.

Ear-Training Proficiency

Procedures for the ear-training classes are as follows:

In the fall semester, students sign up for Music 105 or 205. Upon completion of all requirements for that semester, students earning the grade of A, B, C or D may then sign up for Music 106 or 206. Note: A grade of at least a "C" in Music 106 (or consent of the instructor) is suggested for enrollment in Music 205.

Transfer students who have completed two years of Theory and Ear-Training courses at other schools will be given one semester to complete the MUS 077 requirement. If credit for MUS 077 is not earned by the end of the student's first fall semester at Mississippi College, the student will be required to take MUS 206, which is the second semester of Second-Year Ear-Training. Successful completion of MUS 206 will constitute fulfillment of the Ear-Training Proficiency Requirement for the student.

Fees

Applied Music fees for voice, strings, piano, woodwind, brass, percussion and organ, per course:

\$120 Applied Fee

* (Whether the student earns one or more credit hours, the fee is the same. This fee is in addition to hourly tuition for the course.)

Organ Major

To enter the four-year course for the Bachelor of Music with a major in organ, the student should have reached the sophomore level in piano as outlined in the piano course of study.

First Year

The art of organ playing is developed through use of organ literature taken from all periods of music. Exercises and method books are used as needed by the student. Hymn playing and basic service-playing techniques are introduced.

Second Year

Literature on a more advanced level is studied, including more extended Bach preludes and fugues, chorale preludes by composers, past and present, and intermediate-level organ music by composers to the present.

Third Year

The study of more extended organ works is expected. Literature includes larger Bach preludes and fugues, 17th and 18th century French organ music, more advanced chorale preludes by composers of all periods of music, and other more advanced literature by composers to the present.

Fourth Year

The literature to be studied includes several major organ works representing all periods of music. Compositions include trios, preludes and fugues, toccatas, sonatas, organ symphonies, organ concerti, and selections representing the works of composers of the 20th century.

Voice Major

The student should possess a natural vocal quality that would warrant advanced training and must be able to sing songs of moderate difficulty.

Second Year Level

At the end of the second year the student should have acquired and developed to a high degree the principles of enunciation, tone-production, tone-placement, breath-control, essentials of interpretations and the ability to sing major and minor scales and arpeggi. Representative literature of the less difficult arias from opera and oratorio and several standard songs must be sung from memory. Two songs from the Italian, German, and French classics should be prepared for public performance.

Fourth Year Level

The candidate for graduation shall have prepared arias and recitatives from opera and oratorio in English and two modern languages and shall have a knowledge of general song literature from the classic, romantic, and modern composers. The repertory and recital materials must include at least four arias from opera and four from oratorio and a minimum of fifteen classical and twenty-five modern songs.

Wind Instrument Major

To enter the four-year course with a major in woodwind or a brass instrument, the applicant must display a basic control of the technique of the instrument. Studies will include embouchure development, tonguing, phrasing, breath control, diatonic and chromatic scales, arpeggios, and exercises from the standard methods. Solo pieces will be from the standard repertoire as listed in the bulletin of the National Association of Schools of Music, and the study of band and orchestral literature will be emphasized.

Graduate Study

The Music Department offers the following programs:

Master of Music in Music Education

Master of Music in Vocal Pedagogy and Performance

Master of Music in Performance: Conducting, Organ, Piano, Instrumental

Music Course Descriptions

Applied Music

Daily practice requirements are based upon the amount of credit to be earned. Repertoire requirements are also graduated according to the number of hours being earned each semester. Specific requirements regarding the repertoire can be obtained from your professor. Credit is given according to the following tables:

2 semester hours per semester	10 hours per week
1 semester hour per semester8 hours per week

Applied Music Requirements

Students desiring to enroll for applied music, either as an elective or as an assisting course for a music degree, will be assigned a course number and an instructor by the Chair of the Music Department.

The final exam for each applied music course is a jury examination. In the event of illness, an incomplete grade may be given by the instructor. Make-up exams will be scheduled early in the next semester. An incomplete taken during the spring semester must be resolved in the first summer term.

Performance

MUS 098 Junior RecitalCredit, 0 sem. hrs.

MUS 099 Senior RecitalCredit, 0 sem. hrs.

MUS 398 Junior Recital (B.M. in Vocal Performance) Credit, 1 sem. hr.

Prerequisites: Passed an advanced standing jury which allows the student to take upper-class voice lessons held at the end of four semesters of vocal study. Passed at least five semesters of vocal study with a grade no lower than B after having passed the advanced standing jury. Officially accepted into the vocal performance degree track, which is usually held simultaneously with the advanced standing jury at the end of the fourth semester of vocal study.

Junior Recital is normally taken in the sixth semester of vocal study. Students are required to perform thirty minutes of music at a level of difficulty deemed appropriate by the studio teacher and acceptable to the voice faculty. Music from diverse periods and styles is to be represented on the recital, with a minimum of three languages represented, including two languages other than English.

MUS 498 Senior Project Credit, 1 sem. hrs.

These numbers are utilized to facilitate the credit given for recital completion at various levels during an applied performance major's study at Mississippi College. Specific requirements for each of these are established between teacher and student and vary according to the student's instrument performance level, playing/singing facility, maturity of technique, and teacher expectations. Generic statements and requirements concerning these recitals may be found in applied policies for the given instructor.

MUS 499 Senior Recital (B.M. in Vocal Performance) Credit, 1 sem. hr.

Prerequisites: Successfully performed and passed a junior voice recital and completed seven semesters of vocal study with a grade no lower than B while enrolled in upper-division studio voice.

Senior Recital is normally taken in the eighth semester of vocal study. Students are required to perform sixty minutes of music at a level of difficulty deemed appropriate by the studio teacher and acceptable to the voice faculty. Music from diverse periods and styles is to be represented on the recital, with a minimum of four languages represented, including three languages other than English.

MUS 055 Performance Lab Credit, 0 sem. hrs.
(each semester)

This course is designed to ensure that students are exposed to a variety of live musical performances. Attendance of performance lab is required of all music majors and minors.

MUS 066 Piano Proficiency Credit, 0 sem. hrs.

Piano proficiency skills must be demonstrated by all music majors by passing the Proficiency Examination. Specific details are found in the Music Department Handbook.

Mission

The School of Humanities and Social Sciences encourages students to appreciate the richness of human experience. Its curriculum seeks to integrate academic excellence with Christian commitment, providing a general education as well as in-depth knowledge in particular majors. The goal of the School's courses is to foster an understanding of human behavior, values, and achievements that will serve students throughout their lives. The insights and skills that come from these courses also prepare students for meaningful careers and for graduate school or professional studies.

Objectives

In serving both the general and specific educational needs of Mississippi College students, the School of Humanities and Social Sciences is guided by four major objectives:

1. To provide a broad foundation of learning in the humanities and social sciences by promoting critical thinking, problem solving, written and oral communication, and research skills.
2. To provide in-depth knowledge of social and political behavior, historical events, linguistic forms, and literary achievement, so that students will better understand others, themselves, their place in a changing world, and the value of disciplined inquiry.
3. To prepare students to excel in professional and graduate schools and ultimately in their careers.
4. To provide a learning and research environment that will enable students and faculty to achieve their fullest potential.

Program Goals

Within the broad reference of Christian education, the Department of English undertakes in its freshman work to give each student a grasp of the tools of written communication with the aid of the latest word processing technology. On the sophomore and advanced levels, the department introduces the student to the great heritage of Western literature placed against the rich background of classical and Christian humanism. The study of literature is looked upon as the exploration of the best that has been thought and said in the world, and consequently, of those documents of the past and present most worthy of study.

Bachelor of Arts in English

Major Requirements

The student electing to major in English may choose a Bachelor of Arts degree with a concentration in literature, a Bachelor of Arts degree with a concentration in writing, or a Bachelor of Arts degree with a standard educator license. All degrees require 12 semester hours of a foreign language. English majors wishing to earn a standard educator's license must take the prescribed Education courses as a part of the undergraduate degree or pursue the Alternative Route to educator licensure after graduation with a baccalaureate degree. Students who wish to earn an educator's license in English must secure a status sheet with all pertinent educator licensure information from the English Department or from the Chair of the Department of Teacher Education and Leadership. Graduate work is also offered leading to the M.A. or M.Ed. degrees.

The student must complete the University Core Curriculum and must complete within the Department of English a total of 24 hours of work in addition to the core English courses. The requirements for a major are as follows.

English Major with Literature Concentration

1. **Twelve semester hours beyond the core literature requirements to be composed of:**

A third sophomore level literature class

ENG 370 Analysis of Literature

ENG 404 Shakespeare

ENG 470 Senior Seminar

6. **Twelve semester hours** of a foreign language or equivalent.

English Minor Requirements

The English Department offers two options for minors: the literature minor and the writing minor. Each option requires 18 semester hours of course work. Course requirements for both minors follow.

Literature Minor

1. **Nine semester hours to be composed of:**
 - ENG 211 World Masterpieces
 - ENG 212 Survey of British Literature
 - ENG 213 Survey of American Literature
2. **Nine hours of electives in the department at the 300- or 400-level.** At least six of the nine hours must be literature courses. The department recommends that literature minors take ENG 370 Analysis of Literature as one of their literature courses.

Writing Minor

1. **Nine semester hours to be composed of:**
 - ENG 101 English Composition
 - ENG 102 English Composition or ENG 103 Accelerated Composition
 - ENG 371 Analysis of Discourse
2. **Nine hours of electives in the department at the 300- or 400-level.**
 - Six of the nine hours must be writing courses
 - Three of the nine hours may be in either literature or writing

Major and Minor Combinations

English majors concentrating in literature may also complete the writing minor, and English majors concentrating in writing may also complete the literature minor. Students completing an English education degree may also complete a minor in literature or in writing. However, credits earned toward a major can not be applied toward a minor. Students majoring in other disciplines may complete a literature minor, a writing minor, or both.

Three-Three Law/English Program

After the approval of their academic advisors in consultation with the appropriate department chair, freshman pre-law students with an acceptable ACT or SAT score may elect to enter the Three-Three Program. Ordinarily a 26 ACT score or 1180 SAT score will qualify a student for the program. Such students are expected to maintain at least 3.25 GPA in their undergraduate work to remain competitive for early admission to the Mississippi College Law School. Students in this program should plan to take the LSAT as soon as possible after their sophomore year, but no later than the fall of their junior year, as an acceptable LSAT score is required for admission to the Mississippi College Law School. **Acceptance into the Three-Three program, however, does not automatically guarantee admission to the Mississippi College Law School.**

Program Goals

The basic goals of the Department of Modern Languages are:

1. to acquaint non-language majors with a culture, language and literature other than their own;
2. to provide language majors with the skills and knowledge necessary for effective communication in another language;
3. and to provide adequate training for those who plan to continue their language study in graduate school and for those who plan to enter professional fields that require the mastery of another language.

Those who continue in the same language they studied in high school should consult with the instructor in that language before registration in order to determine their placement. In general, one year of high school work is considered equivalent to one semester of university work.

Students who have taken two years or more of a modern foreign language in high school may take the CLEP test for that language. Depending on the test score, up to 12 semester hours of university credit may be obtained. This proficiency examination must be taken before receiving upper level university credit in that language.

Most graduate schools require their students to have a working knowledge (12 semester hours or the equivalent) of one foreign language for the master's degree or two for the doctorate.

Most seminaries require that their candidates for the degree of Doctor of Theology have a working knowledge of two foreign languages in addition to Greek and Hebrew. The catalog of the graduate school or seminary that one expects to attend should be consulted for specific requirements.

Exchange Programs

Mississippi College has exchange programs with Johannes Gutenberg University in Mainz, Germany, Federal University of Paraiba in Joao Pessoa, Brazil, and with Montpellier University II in Montpellier, France. Other study abroad opportunities include The British Studies Consortium, The Austrian Studies Program at Salzburg College, Austria, the University of Alicante, Spain, Veritus University in Costa Rica and a summer program in France and Spain.

The Classical Languages

The courses in the classical languages are designed to acquaint students with the languages utilized in the Hellenistic world of ancient Greece and Rome. The course offerings are designed to develop reading competence in either Koine Greek, Latin, or Biblical Hebrew. Through the window of these languages, the student is exposed to the conceptualization of the ideas and culture of the Greco-Roman world and the influences of that world upon the languages, literature, and life of the modern world.

Classical Languages Minor Requirements

Students planning to minor in classical languages should check with the Chair of the Department of Modern Languages.

The Modern Languages

The courses in modern languages are designed to meet both cultural and practical needs. Students may expect to learn not only to read in the target language, but also to understand the spoken language and to express themselves in it with some facility.

Modern Languages Major Requirements

Students electing to major in the Department of Modern Languages must meet all University Core Curriculum requirements for the Bachelor of Arts degree.

Program Goals

Within the framework of the general aims and objectives of the university, the Department of History and Political Science proposes to achieve these ends: to acquaint the student with the history and progress of civilization, and with the efforts of others to recreate man's past; to acquaint the student with the principles and political philosophies of government; to develop within him/her the capacity for honest, critical inquiry; to inspire him/her to greater curiosity about man and to encourage him/her in the search for knowledge; and to promote the highest development of Christian and democratic ideals, and the courage to put them into practice.

Students in History and Political Science may elect majors as follows:

History — A comprehensive Bachelor of Science with a major in History with prelegal emphasis, Bachelor of Arts and Bachelor of Science.

Political Science — A Bachelor of Science with prelegal emphasis, Bachelor of Arts, and Bachelor of Science

Social Studies Education with Bachelor of Science in Education

Administration of Justice with Bachelor of Science

Paralegal Studies with Bachelor of Science

Three-Three Pre-Law Program

After the approval of their academic advisors in consultation with the appropriate department chair, freshman pre-law students with an acceptable ACT or SAT score may elect to enter the Three-Three Program. Ordinarily, a 26 ACT score or 1180 SAT score will qualify a student for the program. Such students are expected to maintain at least 3.25 GPA in their undergraduate work to remain competitive for early admission to the Mississippi College Law School. Students in this program should plan to take the LSAT as soon as possible after their sophomore year, but no later than the fall of their junior year, as an acceptable LSAT score is required for admission to the Mississippi College Law School. **Acceptance into the Three-Three Program, however, does not automatically guarantee admission to the Mississippi College Law School.** The Three-Three Pre-Law Program allows students to count their first year of law school course work (30 hours) toward the 130 hour requirement for an undergraduate degree. Accordingly, students must satisfactorily complete both three years of undergraduate coursework, as specified herein, and their first year of law school coursework in order to obtain the B.S. degree.

Students should refer to the history, political science or administration of justice sections for course requirements for the Three-Three Pre-Law Program.

History Major

The student electing to major in History may choose either the Bachelor of Arts, the Bachelor of Science in Education, or the Bachelor of Science in History, or the comprehensive major in History with a pre-legal emphasis, depending on the student's vocational plan. History majors who plan to teach may choose the Bachelor of Arts but must take the prescribed education courses for a standard educator license. *No more than 3 semester hours of internship or independent study may be used to satisfy degree requirements of any degree plan in History. A minimum of fifty percent of all coursework applied toward the major must be earned at Mississippi College.*

Bachelor of Arts (B.A.):

36 Semester Hours

This program requires a foreign language, either 12 semester hours in the same language, or students with one high school unit may enter course 102 of the same language and thereby waive three hours of this requirement; those with two high school units may enter course 201, waiving six hours. **Students must meet University Core Curriculum requirements. Additional requirements for the degree are:**

1. **Twelve semester hours**, composed of courses **HIS 101-102** History of Western Civilization and **HIS 211-212**. History of the United States.
2. **Twenty-one semester hours**, to be chosen from the remainder of the History courses (300-400 level), *excluding HIS 435 Social Studies Methods*, or from those Political Science courses cross-listed for History credit, or from other closely related fields with the approval of the major professor.
3. **Three semester hours in oral communication** chosen in consultation with an advisor.
4. **Select a minor in consultation with advisor.**
5. **Take the major area field examination** approved by the department for this degree program during the final semester before graduation.

Bachelor of Science in Education (B.S.Ed.):

45 Semester Hours

1. **Earn credit for mandated education courses and university core curriculum (listed elsewhere).**

- 2. **Earn credit for required Social Studies courses to include HIS 435 Social Studies Methods (listed elsewhere).**
- 3. **For those students who desire a history major in addition to a social studies major, fifteen additional hours in history are required.**

Bachelor of Science (B.S.) in History:

36 Semester Hours

- 1. **HIS 101-102** History of Western Civilization or **HIS 103-104** World Civilization and **HIS 211-212** History of the United States.
- 2. **HIS 407-408** American Constitutional Development I, II
- 3. **PLS 201** American National Government
- 4. **Twelve additional hours in History (300-400 level), excluding HIS 435 Social Studies Methods.**
- 5. **Three semester hours in oral communication** chosen in consultation with advisor, to total 36 hours.
- 6. **Select a minor in consultation with advisor.**
- 7. **Take the major area field examination** approved by the department for this degree program during the final semester before graduation.

History Minor

The student who elects to minor in History should take 18 semester hours composed of courses HIS 101-102 History of Western Civilization or HIS 103-104 World Civilization and HIS 211-212 History of the United States, and two other upper level (300-400) courses in History, excluding HIS 435 Social Studies Methods. Neither internship credits nor credits earned through independent study may be applied to the minor.

Comprehensive Major in History with Pre-Legal Emphasis (B.S.)

Note: A minor is not required since this major is interdisciplinary. Students completing this major must take the major area field examination approved by the department for this degree program during the final semester before graduation.

Administration of Justice Program

Harry Porter, Director

The Bachelor of Science degree in Administration of Justice is offered by the Department of History and Political Science to prepare individuals for professional positions in law enforcement and related criminal justice areas. In addition to general curriculum requirements, courses are offered which develop the skills essential to criminal justice practitioners who are currently engaged in law enforcement work.

Mississippi College will give special transfer credit consideration to all students who have completed an administration of justice/law enforcement curriculum at an accredited community/junior college. A maximum of 18 semester hours of community/junior or senior college equivalent courses with grades of C or better in each may count toward the major in Administration of Justice. Additional transfer courses may be counted as general electives.

Bachelor of Science (B.S.) in Administration of Justice

The four areas of emphasis in the program are or are as follows: Police Process, Corrections Process, Judicial Process and Criminology. Select a minor in consultation with advisor. It is possible for a student to complete requirements for another major in an allied field. Students completing this major must take the major area field examination approved by the department for this degree program during the final semester before graduation.

Department Goals

Recognizing the universality of truth, the department believes its programs are valuable vehicles for discovering truth. The faculty endeavors to aid students' exploration of self, the social environment, and the interaction between individual and community through examination of culture, social organization, and human personality. Realization of these goals is attained through a broad liberal arts curriculum, innovative classroom instruction, departmental research projects, and "real world" experiences obtained in internship placements. A global perspective is infused throughout the department's programs of study. The department assumes and nurtures the dignity of all individuals; is committed to the principles of equality, justice, and freedom; and seeks to stimulate a vital interaction among faith, learning, and lifestyle.

Departmental programs of study are designed to refine the student's communication and analytic skills by providing learning experiences grounded in theoretical analysis, research, and human relations. A student is equipped with marketable skills for a variety of occupations in human relations, as well as for graduate study in Sociology, Social Work, Law, Business, Ministry and other professions.

Two major programs are offered to undergraduate students: Sociology and Social Work. The Social Work program is accredited by the Council on Social Work Education.

Student Organizations

The Department of Sociology and Social Work sponsors, in cooperation with the Department of History and Political Science, Pi Gamma Mu, a national honor society established for the purpose of promoting scholarship in the social sciences.

Students pursuing sociology as a major or minor field of study are invited to join the Sociology Club. The Association of Student Social Workers, an organization which seeks to stimulate scholarship and professional identity, is open to Social Work majors. Phi Alpha Honor Society fosters high standards of education for social workers and invites into membership social work students, faculty, and practitioners.

Sociology Major Requirements (B.A.) or (B.S.)

Sociology is the scientific study of human behavior, especially as it is influenced by social groups and culture. A distinctive feature of the program is the integration of theory and research utilizing significant computer applications.

The student electing sociology as a major must meet all requirements for the Bachelor of Arts or Bachelor of Science degree and the following course of study:

1. Core requirements of 18 semester hours in sociology to include SOC 205; SOC 311, SOC 312, SOC 342, SOC 343 and SOC 450.
2. Completion of an additional 12 semester hours in sociology for a total of 30 semester hours in sociology.

Three-Three Law/Sociology Program

After the approval of their academic advisors in consultation with the appropriate department chair, freshman pre-law students with an acceptable ACT or SAT score may elect to enter the Three-Three Program. Ordinarily, a 26 ACT score or 1180 SAT score will qualify a student for the program. Such students are expected to maintain at least 3.25 GPA in their undergraduate work to remain competitive for early admission to the Mississippi College Law School. Students in this program should plan to take the LSAT as soon as possible after their sophomore year, but no later than the fall of their junior year, as an acceptable LSAT score is required for admission to the Mississippi College Law School. **Acceptance into the Three-Three Program, however, does not automatically guarantee admission to the Mississippi College Law School.**

Social Work (B.S.W.)

Social Work is the professional activity of helping individuals, families, groups, organizations or communities improve or recover their ability to function successfully in society. The mission of the Social Work Program at Mississippi College is to prepare students for entry level generalist social work practice with systems of all sizes and/or for continued study at the graduate level. The Social Work Program is accredited by the Council on Social Work Education.

The BSW program has four program goals and twelve program objectives. The goals and objectives are as follows:

1. Prepare graduates for entry level social work practice with individuals, families, groups, organizations, and communities by integrating knowledge, skills, and values inherent to the social work profession.
 - 1.1. Apply critical thinking skills within the context of the professional social work practice.
 - 1.2. Understand the value base of the profession, its ethical standards, principles, and practice accordingly.
 - 1.3. Practice without discrimination and with respect, knowledge, and skills related to client's age, class, color, culture, disability, ethnicity, family structure, gender, marital status, national origin, race, religion, sex, and sexual orientation.
 - 1.4. Understand and interpret the history of the social work profession, its contemporary structures and issues.
 - 1.5. Apply the knowledge and skills of generalist social work practice systems of all sizes.
 - 1.6. Use supervision and consultation appropriate to social work practice.
2. Prepare graduates to understand and appreciate research methodology for program and practice evaluation.
 - 2.1. Evaluates research studies, apply research findings to practice, and evaluate their own practice interventions.
3. Prepare graduates to understand social problems, formulate and influence social policies and social work services in diverse political contexts.
 - 3.1. Identify and evaluate social problems.
 - 3.2. Analyze, formulate, and influence social policies.
 - 3.3. Function within the structure of organizations, service delivery systems and seek necessary organizational change.
 - 3.4. Use communication skills differently across client populations, colleagues, and communities.
4. Prepare graduates who are committed to defending and promoting social and economic justice as implied in the Social Work Code of Ethics and in the ethical principles of the Judeo-Christian faith.
 - 4.1. Understand the forms and mechanisms of oppression, discrimination, and apply strategies of advocacy and social change that advance social and economic justice.

The Social Work student is required to complete the following curriculum:

1. Core Curriculum requirements including SOC 205; PSY 201; MAT 101 or higher; BIO 103 and one 4 hour laboratory science;
2. Eleven courses in Social Work—SWK 209, 225, 333, 334, 341, 420, 426, 442, 443, 448 and 450;
3. Five Interdisciplinary courses MAT 207 or PSY 301, PLS 202, SOC 309, 311, and 342;
4. Thirty semester hours of electives selected in consultation with an advisor. Six of the thirty elective hours must be taken in Social Work or Sociology
5. Social work students transferring from another Council on Social Work Education accredited program are required to complete the following courses at Mississippi College: SWK 341 Interviewing in Social Work, SWK 442 and 443 Generalist Practice I and II, SWK 448 Senior Seminar, and SWK 450 Social Work Practicum. **Introduction to Social Work 225 can only be transferred from another institution if Social Welfare Programs component is included in the course.**

These courses provide knowledge and experience in social welfare policy and services, human behavior and the social environment, social work practice, and social work research. The social work sequence culminates in the completion of a practicum in a local social service agency. The field experience, constituting a minimum 450 clock hours, offers hands-on practice for social work students in a social work setting. The practicum is the cornerstone of the social work major.

There is an admission process into the Social Work program. Students may apply after successfully completing SWK 225. The program is open to all qualified applicants without discrimination. Because the Social Work program involves both cognitive and experiential growth through a practicum, the faculty will meet at least annually with each student to discuss their professional and personal progress in the program.

Minimum requirements for admission to the Social Work program:

1. Completion of at least 75% of core curriculum.
2. Cumulative GPA = 2.5 or higher.
3. Successful completion of SWK 225.
4. Completed application form.
5. Three letters of reference.
6. Admissions interview with Social Work Admissions committee.

The following course sequence is strongly recommended for a beginning freshman. Transfer students and individuals electing a major in Social Work after previously pursuing a different course of study at Mississippi College will be advised, upon review of their academic credentials, on an individual basis. Courses marked with a double asterisk (***) must be taken in the sequence indicated. **A grade of C or better is required on all Social Work courses to continue in the program. Additionally, satisfactory passage of exit examination during the Spring semester of senior year is required before graduation.**

 SWK 209, SWK 225, SWK 333, SWK 334, and 6 semester hours of elective social work courses.

Honors Courses

By invitation of the Honors Council; see *Honors Program* section of *Undergraduate Catalog*.

Sociology Course Descriptions

SOC 123 Career Development and Life Planning **Credit, 3 sem. hrs.**

A study of career decision making in 21st century America focusing on the transformation of work with attention to educational preparation, work trajectories, personality, family life, leisure/recreation and life course issues. This course is a general elective and cannot be used in either the sociology major or minor.

SOC 205 Sociology: An Introduction in Global Context **Credit, 3 sem. hrs.**

This is an introductory course to the academic discipline of sociology that is international in scope. The course will focus on the contributions of sociology to understanding the society in which we live; the interactions of individuals within our society; various social inequities that distinguish society's character; the mosaic of institutions that shape the look and feel of society; and the diverse effects of change over time upon individuals and society. Primary emphasis will be upon modernization and globalization.

SOC 209 Contemporary Social Problems

Credit, 3 sem. hrs.

A study of theoretical approaches to social problems with special emphasis on such specific problems as deviancy, crime, delinquency, prejudice and discrimination, sexual experiences, and mental illnesses. Includes oral presentation by student. *Cross-listed as SWK 209.*

SOC 309 The Family

Credit, 3 sem. hrs.

A psychosocial perspective on the family, emphasizing its historical development and current status as a social institution; family variations; gender; marital dynamics; parent-child interaction; the family life-cycle; sexuality; conflict and conflict resolution; minority group families; and the relationship between the family and other institutions. *Cross-listed as SWK 309.*

SOC 311 Social Science Research I: Quantitative Methods

Credit, 3 sem. hrs.

A survey of quantitative research methods, data analysis procedures and program evaluation and policy analysis related to the macro or international, national, community and organization levels of society. The interdependency of research and theory is emphasized. A quantitative research project will be designed, conducted and reported. *Cross-listed with PLS 311.*

SOC 312 Social Science Research II: I: Qualitative Methods

Credit, 3 sem. hrs.

Prerequisites: SOC 311 or permission of the Instructor

A survey of qualitative research methods, data analysis procedures and program evaluation and policy analysis related to the micro or individual, family and group levels of society. The vital nexus between research and theory is emphasized. A qualitative research project will be designed, conducted and reported. *Cross-listed with PLS 312.*

SOC 332 Law, Crime and Social Control

Credit, 3 sem. hrs.

An analysis of behavioral science theories of crime and delinquency with attention to the formulation of law and social policy as well as to the problems of social control through prevention, punishment and rehabilitation. *Cross-listed as AJU 332.*

**SOC 342 Social Theory and Critical Thinking I:
Macro Perspectives**

Credit, 3 sem. hrs.

Prerequisite: SOC 205 or permission of the Instructor.

Exploration of class and modern systems of social theory and critical thinking at the macro or societal, community and organizational levels of analysis, including the global system. The interdependency of theory and research is emphasized.

**SOC 343 Social Theory and Critical Thinking II:
Micro Perspectives**

Credit, 3 sem. hrs.

Prerequisite: SOC 342 or permission of the Instructor.

An examination of classic and contemporary social theories at the micro or individual, family and group levels of analysis. The vital nexus between theory and research is emphasized.

SOC 401, 402, 403 Special Topics

Credit, 1, 2, or 3 sem. hrs., Respectively

These courses provide students with an opportunity to study in areas of interest other than those elsewhere defined. This series is primarily a classroom function, either seminar or lecture, permitting flexibility in course offerings. Up to six hours of credit may be earned.

SOC 419 Social Psychology

Credit, 3 sem. hrs.

A study of the effects of social influence, including such social factors as conformity, prejudice, aggressiveness, and group movements. *Cross-listed as PSY 419.*

SOC 420 Social Stratification: National and International Perspectives

Credit, 3 sem. hrs.

An investigation of theory and research on social inequality organized by class, gender, race and ethnicity. From a cross-cultural and global perspectives, emphasis is placed on human diversity and oppression, and on resulting implications for individuals, human services organizations, and society.

SOC 427 The Sociology of Medical and Health Care

Credit, 3 sem. hrs.

An analysis of human adaptation to illness and the sick role; the social organization of health care; the socialization of health care professionals; patient-professional relationships; and death.

SOC 428 Aging in Modern Society

Credit, 3 sem. hrs.

A survey of developmental factors and social problems of aging individuals and groups in contemporary American society.

SOC 434 Deviant Behavior

Credit, 3 sem. hrs.

A study of social deviancy as it relates to such areas in society as crime, delinquency, mental health, and religion. *Cross-listed as AJU 434.*

SOC 435 Religion, Culture and Society: Cross-Cultural and Global Issues

Credit, 3 sem. hrs.

A study of behavioral science theories and research on religious communities, organizations, and groups and individual beliefs and behaviors. The emphasis is cross-cultural and global in scope.

SOC 438 Death and Dying

Credit, 3 sem. hrs.

An examination of the perceptions of death and dying, the treatment of the dying person, the grief process, and cross-cultural perspectives on death. *Cross-listed as SWK 438.*

SOC 446 Directed Reading

Credit, 3 sem. hrs.

Prerequisite: Instructor's consent.

A course primarily for sociology majors to demonstrate their ability in planning, organizing and implementing a research project in some area of special interest.

SOC 449 Applied Sociology Internship

Credit, 3 sem. hrs.

Prerequisites: SOC 205, 311, 312, 342 and 343 or permission of the Instructor.

An opportunity to engage in applying sociological theory and research in a particular community setting or to a specific social problem/issue. The student will be under the supervision of a faculty member and any other supervisor(s) appropriate to the internship.

SOC 450 Seminar in Sociology

Credit, 3 sem. hrs.

Prerequisites: SOC 205, 311, 312, 342 and 343 or permission of the Instructor.

Designed as a tool to build upon the sociological imagination through a cumulative curriculum, the course will assist the student in synthesizing social facts. The distinctive feature of this course is an integration of theory and research. Sociological professionalism will be examined to assist the student in finding meaningful careers.

Social Work Course Descriptions

SWK 209 Contemporary Social Problems

Credit, 3 sem. hrs.

Prerequisite: SOC 205

A study of theoretical approaches to social problems with specific emphasis on such specific problems as deviancy, crime, delinquency, prejudice, discrimination, sexual experiences, and mental illness. Includes oral presentation by student. *Cross-listed as SOC 209.*

SWK 225 Introduction to Social Work and Social Welfare

Credit, 3 sem. hrs.

An introduction to the Social Work profession and to the philosophy, concepts, and values of social work practice. Also included in course content is an overview of the historical development of the profession and current fields of practice. Students must complete a field component comprising a minimum of 40 hours of volunteer experience in a human service agency. This course is an analysis of the historical development of social welfare policies and programs. Current programs will be examined in terms of services, eligibility requirements, etc. Includes oral presentation by student.

SWK 333 Human Behavior and Social Environment I

Credit, 3 sem. hrs.

Prerequisites: SOC 205; PSY 201; BIO 111 and 103

Course will present the development of the individual through the life cycle, focusing on the biological, cultural, psychological and social systems as they affect human behavior. Includes oral presentation by student.

SWK 334 Human Behavior and Social Environment II

Credit, 3 sem. hrs.

Prerequisite: SWK 333

Course will present the social systems theory of understanding human behavior within families, groups, organizations and communities. Particular emphasis is placed on the social, cultural, psychological and biological factors influencing the dynamics of human growth and development within the social environment. Includes oral presentation by student.

SWK 341 Interviewing in Social Work

Credit, 3 sem. hrs.

Prerequisites: SWK 225 and 333. Social Work majors only.

An introduction to the basic skills in working with people. Course content includes interviewing techniques and methods, facilitative skills with an emphasis on the acquisition of effective helping skills. Includes oral presentation by student.

SWK 401, 402, 403 Selected Topics

Credit, 1, 2, or 3 sem. hrs., Respectively

An analysis of special interest topics not covered in usual course offerings. Course content will vary and topics will include but are not limited to family violence, social work with children, and social work in a health care setting. Up to six hours of credit may be earned.

SWK 420 Social Stratification: National and International Perspectives

Credit, 3 sem. hrs.

An investigation of theory and research on social inequality organized by class, gender, race and ethnicity. A cross-cultural and global perspective is emphasized. *Cross-listed as SOC 420.*

SWK 426 Social Welfare Policy and Programs

Credit, 3 sem. hrs.

Prerequisite: SWK 225

This course examines the current social policy system of the United States. Emphasis is placed on various models of social policy analysis, the political and economic processes affecting policy development and program implementation, and implications for social work practice.

SWK 438 Death and Dying

Credit, 3 sem. hrs.

An examination of the perceptions of death and dying, the treatment of the dying person, the grief process, and cross-cultural perspectives on death. *Cross-listed as SOC 438.*

SWK 442 Generalist Practice I

Credit, 3 sem. hrs.

Prerequisites: SWK 225, 333. Social Work majors only.

An analysis of the methods and techniques of social work practice with an emphasis on work with individuals. Includes oral presentation by student.

SWK 443 Generalist Practice II

Credit, 3 sem. hrs.

Prerequisites: SWK 442 and SWK 341. Social Work majors only.

A continuation of SWK 442, examining the methods and techniques of social work practice with an emphasis on families, groups and communities. Includes oral presentation by student.

SWK 446 Directed Readings

Credit, 3 sem. hrs.

Prerequisite: Instructor's consent

Independent reading and research on a specific topic of interest to the student. Topics are subject to approval of the supervising faculty member. Readings will culminate in the preparation of a paper/project as arranged by the student and faculty member.

SWK 448 Senior Seminar

Credit, 3 sem. hrs.

Prerequisites: Social Work majors only; taken in conjunction with SWK 450.

A seminar to facilitate the integration of knowledge from previous courses with the practicum experience. Additionally, the course will address current social work issues such as ethical dilemmas, integrating personal faith with professional practice, current practice trends, and specialized case study reviews, and the use of appropriate research methods to evaluate practice in the practicum placement.

SWK 450 Social Work Practicum

Credit, 9 sem. hrs.

Prerequisites: Social Work majors only; completion of social work sequence of prerequisites. Taken concurrently with SWK 448.

Thirty-two hours per week throughout the semester of field instruction supervised by a professional social worker in a local social service agency. Focus is on implementing knowledge from previous courses with practice skills, as well as learning the structure, function and policies of social work agencies.

Mission

The School of Science and Mathematics offers students the opportunity to learn and apply the scientific approach to the acquisition of knowledge and to develop problem solving and critical thinking skills. These opportunities are provided through an extensive variety of courses and research experiences in the natural sciences and mathematics and involve both theoretical modeling and experimental investigation.

Objectives

1. The courses and programs offered within the School prepare all students, regardless of major, to understand the role of science and mathematics in today's complex society, to realize their integration with all disciplines, and to become life-long learners and positive contributors to their communities.
2. The School provides curricula at both the undergraduate and graduate levels with the necessary depth and breadth of knowledge for students majoring in a scientific or mathematical discipline to be successful in gaining employment or entrance into graduate or professional school.
3. The faculty of the School, a skilled, cohesive, and cooperative group of Christian men and women, provide expert guidance, time, and assistance in a caring and supportive way that is focused on student development and achievement. Through these and other efforts, they demonstrate to students the consistency of practicing the Christian faith while engaging in the study of science and mathematics.

Program Goals

It is the intent of the Department of Biological Sciences to effectively train students in such a manner that they have a realistic chance of achieving their goals of going to medical school, dental school, a physician's assistant program, graduate school, becoming a teacher, or entering an allied health science program for training to become a physical therapist, occupational therapist, medical technologist, etc. Additionally, it is the intent of the department that some biology majors participate in an undergraduate research project.

Program Objectives

1. Students graduating as biology majors will compare favorably in their knowledge of biology subject matter as compared with students graduating from other colleges and universities in the United States.
2. Students majoring in biology will be satisfied with their academic experience, which includes academic advising and quality of instruction received from faculty members in the department
3. Students completing the premedical/pre-dental program will be successful in gaining admission to medical school and dental school. Students completing the pre-physical therapy, pre-medical technology, and pre-physician's assistant programs will be successful in gaining admission to the appropriate programs. Students preparing to teach biology will be successful in getting state certification/license to teach. Students preparing for graduate work in biology will be successful in gaining admission to graduate school.

Biological Sciences Program Requirements (B.S.)

1. Students selecting a major in the Biological Sciences must meet the University Core requirements for a Bachelor of Science degree. Majors seeking educator licensure must also take the required education courses.
2. Thirty-two semester hours consisting of:
 - A. Eighteen hours comprise the biology departmental core

BIO 031 Biology Seminar Preview	BIO 111-112 Biology I & II
BIO 305 Cell Biology	BIO 306 Genetics
BIO 431 Biology Seminar	BIO 433 Biology Capstone
 - B. Eight semester hours consisting of:

CHE 141-142 General Inorganic Chemistry I & II
 - C. Six semester hours consisting of:

MAT 207 Elementary Statistics

and one of the following courses: MAT 121 Calculus with Analytical Geometry I or MAT 122 Calculus with Analytical Geometry II or MAT 206 Applied Calculus
 - D. Three semester hours of a computer science course, CSC 114 or CSC 115.
 - E. Three semester hours of a communications course, COM 203 Professional Communication Skills or COM 304 Public Speaking
3. Additional course work required for one of the degree tracks outlined below.

Biological Sciences Degree Tracks:

- I. *Medical Sciences* - For students planning to enter medical or dental school.
 1. Thirty-two semester hours of biology, chemistry and mathematics as outlined above.
 2. At least fifteen semester hours chosen from:

BIO 311 Comparative and Developmental Anatomy
BIO 329 Molecular Biology
BIO 403 Vertebrate Histology
BIO 409 Human Embryology
BIO 410 Human Gross Anatomy
BIO 414 General Microbiology
BIO 412 Medical Physiology
BIO 415 Immunology
BIO 416 Immunology Lab
BIO 417 Medical Microbiology
and BIO 425 Human Neuroanatomy
 3. Ten semester hours of chemistry courses consisting of:

CHE 303-313 Organic Chemistry I and Laboratory I
and CHE 304-314 Organic Chemistry II and Laboratory II.
 4. Eight semester hours chosen from Physics:

PHY 151-152 General Physics or PHY 251-252 Fundamentals of Physics.

II. Research - For students planning to enter graduate school or to pursue a career in research

- 1. Thirty-two semester hours of biology, chemistry and mathematics as outlined under Program Requirements**
- 2. At least twelve semester hours of 300-400 level biology courses including:**
BIO 329 Molecular Biology
- 3. Six semester hours including:**
BIO 451 - 452 Independent Studies and Research
or BIO 361, BIO 462, and BIO 463 Reading and Research for Honors I, II, & III.
- 4. Five semester hours consisting of:**
CHE 303-313 Organic Chemistry I and Laboratory I
- 5. Eight semester hours chosen from:**
PHY 151-152 General Physics or PHY 251-252 Fundamental of Physics

III. Teacher Education - For students planning to teach in secondary schools. Students following this curriculum will be eligible for an educator license in Biology and General Science. Students should follow the current *Secondary Education Biological Sciences Status Sheet* when selecting courses.

- 1. Thirty-two semester hours of biology, chemistry and mathematics as outlined under Program Requirements.**
- 2. Sixteen semester hours consisting of:**
BIO 203-204 Human Anatomy and Physiology
BIO 317 General Microbiology
BIO 423 Plant Ecology
- 3. Six semester hours consisting of:**
BIO 145 Introduction to Earth Science
and BIO 435 Methods of Teaching Secondary Science.
- 4. Seven semester hours consisting of:**
CHE 123 Introduction to Organic and Biochemistry
PHY 104 Physics for Today
- 5. Twenty-five semester hours of professional education courses.**

Students seeking an additional licensing in chemistry should complete a minor in chemistry and drop the CHE 123 requirement.

Students seeking additional licensing in physics should complete a minor in physics and drop the CHE 123 and PHY 104 requirements.

IV. General Biology - For students with other interests and career goals in the biological sciences.

Thirty-two semester hours of biology, chemistry and mathematics courses as outlined under Program Requirements.

Option One

A minimum of twenty-four semester hours of 200-400 level biology electives except BIO 251 Microbiology. At least twenty hours must be 300-400 level courses.

Option Two

Sixteen hours of 300-400 level biology courses beyond the Biology Core requirement and requirement of a minor in a second subject area.

Biological Science Minor Requirements

Twenty semester hours consisting of:

BIO 111-112 Biology I & II

BIO 305 Cell Biology

BIO 306 Genetics

and four additional hours in biology.

Gulf Coast Research Laboratory

The Mississippi College Department of Biological Sciences is affiliated with the University of Southern Mississippi, Institute of Marine Sciences, Gulf Coast Research Laboratory (GCRL). Through this facility a student may take courses in marine biology. Research and independent study are also available through GCRL. For a description of the courses and additional information on the program, contact the chair of the Department of Biological Sciences. Most courses at GCRL are offered only in the summer.

BIO 370 Introduction to Marine Zoology	Credit, 4 sem. hrs.
BIO 372 Marine Biology	Credit, 5 sem. hrs.
BIO 472 Coastal Vegetation	Credit, 5 sem. hrs.
BIO 473 Salt Marsh Plant Ecology	Credit, 4 sem. hrs.
BIO 474 Aquarium Management	Credit, 3-6 sem. hrs.
BIO 475 Comparative Histology of Marine Fishes	Credit, 6 sem. hrs.
BIO 476 Marine Ichthyology	Credit, 6 sem. hrs.
BIO 477 Marine Mammals	Credit, 5, sem. hrs.
BIO 478 Marine Phycology	Credit, 4 sem. hrs.
BIO 479 Applications of Biotechnology in Marine Biology	Credit, 6 sem. hrs.
BIO 481 Marine Invertebrate Zoology	Credit, 5 sem. hrs.
BIO 482 Fauna and Faunistic Ecology of Tidal Marshes, Seagrasses and Sandy Beaches	Credit, 5 sem. hrs.
BIO 485 Marine Vertebrate Zoology	Credit, 5 sem. hrs.
BIO 487 Marine Ecology	Credit, 5 sem. hrs.
BIO 489 Parasites of Marine Animals	Credit, 6 sem. hrs.

Honors Courses

By invitation of the Honors Council; see *Honors Program* section of *Undergraduate Catalog*.

Biological Sciences Course Descriptions

Each semester hour of credit represents approximately one clock hour of recitations and lectures per week for one semester, or the equivalent.

BIO 031 Biology Seminar Preview **Credit, 0 sem. hr.**

Prerequisite: Junior standing and three semesters of biology.

A preview of senior Biology Seminar.

BIO 101 Biology for Today **Credit, 3 sem. hrs.**

Lecture three hours a week.

A survey of life from cell to organism including a look at related topics of cell structure and function, cellular reproduction, and genetics as related to people living and interacting with a biological world. Students will research and prepare oral presentations as part of the requirements for the class. This course will not count toward a major or minor in biology although it will count as a non-laboratory core science course for non-science majors.

BIO 103 Human Biology **Credit, 3 sem. hrs.**

Lecture three hours a week.

A survey of the structure and normal functions of the human organism and an introduction to human ecology and genetics. Students will research and prepare oral presentations as part of the requirements for this class. This course will not count toward a major or minor in biology. It can, however, count either as a non-laboratory core science course for non-science majors or if taken with BIO 104, would count as a laboratory core science course.

BIO 104 Human Biology Laboratory **Credit, 1 sem. hr.**

Corequisite or prerequisite: BIO 103. Laboratory three hours a week.

A laboratory study of the structure and normal functions of the human body. This course will not count toward a major or minor in biology. This course taken concurrently with BIO 103 will meet the core curriculum four hour laboratory science course requirement.

BIO 105 Plants and People **Credit, 3 sem. hrs.**

Lecture three hours a week.

A survey of the uses of plants in human societies throughout the world. This course will not count toward a major or minor in biology although it will count as a non-laboratory core science course for non-science majors. This course taken concurrently with BIO 106 will meet the core curriculum four hour laboratory science course requirement.

BIO 106 Plants and People Laboratory

Credit, 1 sem. hr.

Corequisite or prerequisite: BIO 105. Laboratory three hours a week.

A laboratory investigation of the plants used in human societies throughout the world. This course will not count toward a major or minor in biology. This course taken concurrently with BIO 105 will meet the core curriculum four hour laboratory science course requirement.

BIO 111 Biology I

Credit, 4 sem. hrs.

Lecture three hours a week. Laboratory three hours a week.

An introduction to the living organism emphasizing the structure and function of the cell and genetics. This course is designed for Biology majors and minors.

BIO 112 Biology II

Credit, 4 sem. hrs.

Lecture three hours a week. Laboratory three hours a week.

A survey of the diversity of life forms inhabiting our planet with an emphasis on vertebrate anatomy. This course is designed for Biology majors and minors.

BIO 145 Introduction to Earth Science

Credit, 3 sem. hrs.

Lecture three hours a week.

An introduction to the principles of geology. This course will not count as a biology course for students majoring or minoring in biology. This course will count as a non-laboratory core science course for non-science majors.

BIO 203-204 Human Anatomy and Physiology I & II

Credit, 4 sem. hrs. each

Prerequisites: BIO 111 or CHE 141 or CHE 122 or equivalent or instructor's consent. Lecture three hours a week. Laboratory three hours a week.

An integrated study of the gross and microscopic structure and normal functions of the human organism, emphasizing basic biological principles. Course requirements include student oral presentation of case studies and Internet-based group projects.

BIO 251 Microbiology

Credit, 4 sem. hrs.

Prerequisites: CHE 122-123 or equivalent, or instructor's consent. Lecture three hours a week. Laboratory three hours a week.

A survey of the bacteria, fungi, viruses, and some parasites with an emphasis on their structure, physiology, and pathogenesis in man.

BIO 301 Contemporary Issues in Biology

Credit, 3 sem. hrs.

Prerequisite: Core science and math

An examination of selected biological topics which impinge on society. This course may not be used to satisfy core requirements, or the requirements for a major or minor in biology.

BIO 305 Cell Biology

Credit, 4 sem. hrs.

Prerequisites: BIO 111, and CHE 141 and sophomore standing or higher. Lecture three hours a week. Laboratory three hours per week.

An analysis of the organization and physiology of eukaryotic cells. Students will perform a 15-20 minute oral presentation of a research article selected from the primary literature of cell biology. The presentation should analyze the data in light of the author's stated hypothesis.

BIO 306 Genetics

Credit, 4 sem. hrs.

Prerequisite: BIO 111. Lecture three hours a week. Laboratory three hours a week.

Students will study three main themes in genetics: classical genetics, population genetics, and molecular genetics. Students will read in developmental genetics and make presentations of topics in developmental genetics.

BIO 311 Comparative and Developmental Anatomy

Credit, 4 sem. hrs.

Prerequisites: BIO 111-112. Lecture three hours a week. Laboratory three hours a week.

A comparative study of the anatomy and early development of vertebrates. Students will research and prepare oral presentations on a topic in embryology as part of the requirements for the class.

BIO 321 Ecology

Credit, 4 sem. hrs.

Prerequisite: BIO 111-112 or equivalent. Lecture three hours a week. Laboratory three hours a week.

A study of the interactions of organisms and their environments.

BIO 329 Molecular Biology

Credit, 4 sem. hrs.

Prerequisite: BIO 305 or BIO 306 or equivalent. Lecture three hours a week. Laboratory three hours a week.

An introduction to the basic concepts and techniques in molecular biology. The laboratory component of the course will consist of completion of an independent research project. During the semester, each student will prepare three oral presentations: a research proposal, a mid-semester research update, and a final presentation of results.

BIO 331 Systematic Zoology

Credit, 4 sem. hrs.

Prerequisites: BIO 111-112 or equivalent. Lecture three hours a week. Laboratory and field work three hours a week.

A study of taxonomic principles of invertebrates and vertebrates.

BIO 335 Plant Morphology

Credit, 4 sem. hrs.

Prerequisites: BIO 111-112. Lecture three hours a week. Laboratory three hours a week.

A phylogenetic survey of plants.

BIO 401 Entomology

Credit, 4 sem. hrs.

Prerequisites: BIO 111-112 or equivalent. Lecture three hours a week. Laboratory three hours a week.

Study of the morphology, physiology, ecology, and systematics of insects.

BIO 403 Vertebrate Histology

Credit, 5 sem. hrs.

Prerequisite: BIO 111. Lecture four hours a week. Laboratory three hours a week.

An introduction to normal histology, featuring the study of cells, tissues, and organs. The functional significance of structure is considered.

BIO 409 Human Embryology

Credit, 3 sem. hrs.

Prerequisites: BIO 111 or instructor's consent

A study of human embryology with emphasis on the fundamental developmental process. Topics include gametogenesis, fertilization, and development of the embryo from zygote through the differentiation of the neural tube. Additionally, topics involving development of selected human organ systems will be covered. Clinical analysis of birth defects will also be discussed.

BIO 410 Human Gross Anatomy

Credit, 5 sem. hrs.

Prerequisite: BIO 111. Lecture four hours a week. Laboratory three hours a week.

A detailed examination of vertebrate anatomy with emphasis on human gross anatomy, utilizing human cadaver material.

BIO 412 Medical Physiology

Credit, 5 sem. hrs.

Prerequisites: BIO 111 and CHE 141-142, PHY-101-102 recommended or permission of instructor. Lecture four hours a week. Laboratory three hours a week.

A study of general principles and underlying mechanisms of vertebrate physiology with emphasis on regulation and homeostasis.

BIO 414 General Microbiology

Credit, 4 sem. hrs.

Prerequisite: BIO 111-112 and CHE 141-142. Lecture three hours a week. Laboratory three hours a week.

A study of the natural history of bacteria, fungi, and viruses. Laboratory emphasis is given to the isolation of bacteria and fungi from both the biological and physical environment and their subsequent identification and metabolic characterization. Student receiving credit for BIO 414 cannot receive credit for BIO 251.

BIO 415 Immunology

Credit, 3 sem. hrs.

Prerequisites: BIO 111-112 and CHE 141-142. Lecture three hours a week.

A study of multiple aspects of the immune response.

BIO 416 Immunology Lab

Credit, 1 sem. hr.

Laboratory component of BIO 415. Laboratory three hours a week.

BIO 417 Medical Microbiology

Credit, 4 sem. hrs.

Prerequisite: BIO 414 or equivalent. Lecture three hours a week. Laboratory three hours a week.

A study of medically important bacteria, fungi, viruses, and parasites with an emphasis on clinical laboratory applications.

BIO 423 Plant Ecology

Credit, 4 sem. hrs.

Prerequisites: BIO 111-BIO 112 or equivalent

Students will study plant community ecology. Students will analyze local hardwood forests for plant diversity and make an oral presentation of their findings.

BIO 424 Animal Ecology

Credit, 5 sem. hrs.

Prerequisite: BIO 111. Lecture three hours a week.

An analysis of the factors that regulate animal populations.

BIO 425 Human Neuroanatomy

Credit, 5 sem. hrs.

Prerequisite: BIO 111, PHY 101-102 recommended or permission of instructor. Lecture four hours a week. Laboratory three hours a week.

A detailed examination of neurocircuitry and function of the human brain and spinal cord, and the etiology of common neurological disorders. Human cadaver brains are utilized.

BIO 431 Biology Seminar

Credit, 1 sem. hr.

Prerequisite: BIO 031 and senior standing. *Corequisite:* BIO 433.

A weekly departmental seminar on current biological topics. Students will do an oral presentation on a selected topic.

BIO 433 Biology Capstone

Credit, 1 sem. hr.

Prerequisite: BIO 031 and senior standing. *Corequisite:* BIO 431. One meeting a week.

A synthesis of biology subject matter culminating in a senior biology examination.

BIO 435 Methods of Teaching Secondary School Science

Credit, 3 sem. hrs.

Prerequisite: EDU 300. Lecture three hours per week.

Designed to familiarize teachers with current trends, methods, and techniques of teaching science to secondary school students. Students will research and prepare oral presentations along with inquiry-based activities in order to show competency in their teaching ability. This course may not be used to satisfy requirements for a major or minor in biology. Students certifying to teach biology will take this course.

BIO 442-443 Special Topics

Credit, 1 sem. hr. each

Prerequisites: three semesters of biology and instructor's consent. One week of integrated lecture, laboratory, and field experience.

Selected topics in field biology or natural history.

BIO 445-446-447 Special Topics

Credit, 3 sem. hrs. each

Prerequisite: instructor's consent. Lecture and laboratory four to eight hours a week.

A study of selected current topics in biology.

BIO 451-452 Independent Studies and Research

Credit, 3 sem. hrs. each

Prerequisites: junior or senior standing and departmental permission.

Individual reading and research involving experimental or theoretical investigations; for students not enrolled in Honors Program.

Program Goals

The Department of Chemistry and Biochemistry offers courses to meet the needs of three types of students: those who are non-science majors, but who desire the subject for its cultural and educational values, and for meeting the science requirement for graduation (**CHE 141-142** General Inorganic Chemistry I & II or **CHE 111-112** Chemistry in American Life I & II will meet this requirement); those who plan to enter the professional schools of medicine, medical technology, nursing, dentistry, pharmacy, or allied health; and those who plan to enter graduate school for further study, or to enter the field of industrial chemistry.

Mission

The Department of Chemistry and Biochemistry is committed to offering the best chemistry education possible by maintaining an active and integrated research program, by using modern laboratory experiences with current instrumentation, and by providing an inclusive, supportive, and professional environment which allows and encourages students to develop to their full potential.

Chemistry Major Requirements (B.S.)

Students planning to major in chemistry should seek the advice of the department chair or their academic advisor in the choice of courses that will meet the specific requirements of the programs they plan to pursue. An early determination of the necessary courses will eliminate duplication and loss of time.

The student who elects to major in Chemistry must meet the University Core Requirements for the Bachelor of Science degree. Chemistry majors planning to teach should consult with the department chair or academic advisor regarding the requirements prescribed by the Mississippi Department of Education to earn the basic educator's license.

CHEMISTRY CORE CURRICULUM REQUIRED OF ALL CHEMISTRY MAJORS

1. **CHE 141-142** General Inorganic Chemistry I & II
CHE 303-313 Organic Chemistry I with Laboratory I
CHE 304-314 Organic Chemistry II with Laboratory II
CHE 310 Quantitative Chemical Analysis
CHE 317 Chemical Dynamics
CHE 431 Chemistry Seminar
2. **PHY 151-152** General Physics
or **PHY 251-252** Fundamentals of Physics (Recommended)
3. **MAT 121-122** Calculus with Analytic Geometry I & II
4. **CSC 114** Introduction to Computer Science or **CSC 115** Foundations of Computer Science (Preferred)
5. **COM 203** Professional Communication Skills or **COM 304** Public Speaking or participation in a minimum of three hours of research with an oral presentation at a professional meeting

Chemistry/Medical Sciences (B.S.)

For the student who plans to enter a professional school of medicine, dentistry, pharmacy, or other health field. With careful scheduling, all required science and mathematics courses can be completed in 3 years, leaving the fourth year to take those advanced courses best suited to the chosen professional school.

1. *Chemistry Core, as outlined above* and **University Core Curriculum**
2. A minimum of four hours of Biochemistry chosen from:
CHE 418 Biochemistry: Macromolecules
CHE 419 Biochemistry: Metabolism
CHE 420 Bioanalytical Chemistry Laboratory
CHE 421 Biophysical Chemistry Laboratory
3. **BIO 111-112** Biology I & II

Chemistry/Career (B.S.)

Primarily for the student who plans to seek employment in the field of chemistry immediately upon graduation.

1. **Chemistry Core**, as outlined on preceding page and **University Core Curriculum**
2. **CHE elective**, 4 semester hours of advanced Chemistry
3. **BIO 111-112** Biology I & II
OR **MAT 221-222** Calculus with Analytic Geometry III & IV
OR **two courses of advanced Physics**.

Chemistry/Secondary Education (B.S.)

Completion of the following curriculum makes a student eligible for a standard educator license to teach chemistry at the secondary level. The student is urged also to become licensed in an additional area.

1. **Chemistry Core**, as outlined on preceding page and **University Core Curriculum**
2. A minimum of four hours of Biochemistry chosen from:
CHE 418 Biochemistry: Macromolecules
CHE 419 Biochemistry: Metabolism
CHE 420 Bioanalytical Chemistry Laboratory
CHE 421 Biophysical Chemistry Laboratory
3. **CHE 435** Methods of Teaching Secondary School Science.
4. **BIO 111-112** Biology I & II
5. Professional Education courses required for licensure.

AMERICAN CHEMICAL SOCIETY CERTIFIED OPTIONS

ACS CORE. Required of all ACS majors.

1. **Chemistry Core**, as outlined on preceding page
2. **CHE 211** Investigations in Inorganic Chemistry
CHE 318 Chemical Energetics
CHE 410 Instrumental Analysis
CHE 411 Advanced Inorganic Chemistry

ACS Chemistry (B.S.)

An intensive preparation for the student who desires to pursue graduate work in chemistry, enter the field of industrial chemistry, or study chemical engineering. This program is approved by the Committee on Professional Training of the American Chemical Society.

1. **ACS Core**, as outlined above and **University Core Curriculum**

2. **Advanced courses must include CHE 418 or CHE 419 and three or four hours chosen from:**

CHE 402 Advanced Organic Chemistry
CHE 417 Theoretical Chemistry
CHE 451 Independent Studies and Research
OR **Completion of the Honors sequence: CHE 361, 462, 463**

3. **Two courses chosen from:**

MAT 213 Introduction to Linear Algebra
MAT 221 Calculus with Analytic Geometry III
MAT 222 Calculus with Analytic Geometry IV
MAT 253 Introduction to Mathematical Probability and Statistics
MAT 352 Introduction to Differential Equations

ACS Biochemistry (B.S.)

A curriculum for the student who plans graduate work in biochemistry or molecular biology, or a career in medicine. This program is approved by the Committee on Professional Training of the American Chemical Society.

1. **ACS Core, as outlined on preceding page and University Core Curriculum**
2. **CHE 418 Biochemistry: Macromolecules AND CHE 419 Biochemistry: Metabolism**
3. **CHE 420 Bioanalytical Chemistry Laboratory OR CHE 421 Biophysical Chemistry Laboratory**
4. **BIO 111-112 Biology I & II
plus BIO 305 Cell Biology or BIO 306 Genetics or BIO 414 General Microbiology**
5. **Three semester hours of research in Biochemistry highly recommended.**

Chemical Physics (B.S.)

A curriculum for the student who plans graduate work in Physical Chemistry or Chemical Physics.

1. **ACS Core, as outlined on preceding page and University Core Curriculum**
2. **CHE 417 Theoretical Chemistry**
3. **CHE 418 Biochemistry: Macromolecules OR CHE 419 Biochemistry: Metabolism**
4. **Two courses chosen from:**
MAT 213 Introduction to Linear Algebra
MAT 221 Calculus with Analytic Geometry III
MAT 222 Calculus with Analytic Geometry IV
5. **PHY 301 Modern Physics**
6. **PHY 401 Quantum Physics
or MAT 352 Introduction to Differential Equations
or MAT 381 Introduction to Numerical Methods
or three semester hours of research in Chemical Physics**

Chemistry Minor Requirements

Twenty semester hours consisting of:

CHE 141-142 General Inorganic Chemistry I & II,

CHE 310 Quantitative Chemical Analysis

and eight additional semester hours in upper-level Chemistry courses.

Biochemistry Minor Requirements

Twenty three semester hours consisting of:

CHE 141-142 General Inorganic Chemistry

CHE 303-304 Organic Chemistry I & II

CHE 313-314 Organic Chemistry Laboratory I & II

A minimum of five hours of Biochemistry chosen from the following:

CHE 418 Biochemistry: Macromolecules

CHE 419 Biochemistry: Metabolism

CHE 420 Bioanalytical Chemistry Laboratory

CHE 421 Biophysical Chemistry Laboratory

Laboratory Breakage

Students are responsible for equipment broken in the laboratory. Cost of the material broken must be paid for before examinations can be taken.

Honors Courses

By invitation of the Honors Council; see *Honors Program* section of *Undergraduate Catalog*

Chemistry and Biochemistry Course Descriptions

Each semester hour of credit represents approximately one clock hour of recitations and lectures per week, or three clock hours of laboratory per week, for one semester, or the equivalent.

CHE 111 Chemistry in American Life I

Credit, 3 sem. hrs.

Lecture three hours per week.

Special emphasis is given to applications which will affect the nonscientist throughout life, such as chemistry of health, home, and environment. Designed to satisfy core curriculum science requirements. May not be used as a prerequisite for other chemistry courses (other than CHE 112) or toward a major or minor. May not be combined with CHE 141 or CHE 122 for the University Core Curriculum.

CHE 112 Chemistry in American Life II

Credit, 4 sem. hrs.

Prerequisite: CHE 111 or instructor's consent. Lecture three hours per week.

Laboratory three hours per week.

A continuation of Chemistry 111, with laboratory.

CHE 122 Basic Chemical Principles

Credit, 4 sem. hrs.

Lecture three hours per week. Laboratory three hours per week.

A study of the basic principles of general and inorganic chemistry. Designed for non-majors, the course may not be substituted for CHE 141.

- CHE 123 Introduction to Organic and Biochemistry** **Credit, 4 sem. hrs.**
Prerequisite: CHE 122 or CHE 141. Lecture four hours per week.
Basic concepts of Organic and Biochemistry. Topics chosen are those especially important for health-related majors.
- CHE 141 General Inorganic Chemistry I** **Credit, 4 sem. hrs.**
Lecture three hours per week. Laboratory three hours per week.
The fundamental laws and theories of chemistry and chemical calculations are stressed, primarily while studying inorganic compounds. CHE 141 may not be combined with CHE 111 for the core curriculum.
- CHE 142 General Inorganic Chemistry II** **Credit, 4 sem. hrs.**
Prerequisite: CHE 141. Lecture three hours per week. Laboratory three hours per week.
A continuation of CHE 141.
- CHE 211 Investigations in Inorganic Chemistry** **Credit, 1 sem. hr.**
Prerequisite: CHE 142. Laboratory three hours per week.
A laboratory study of the classification, synthesis and reactions of typical inorganic substances. The physical and chemical properties of elements and compounds will be examined.
- CHE 231 Topics of Current Interest** **Credit, 1 sem. hr.**
Prerequisites: CHE 141, 142.
Students attend seminars, participate in field trips, and discuss topics of current interest in chemistry.
- CHE 303 Organic Chemistry I** **Credit, 3 sem. hrs.**
Prerequisite: CHE 141, 142. Lecture three hours per week.
Corequisite: CHE 313 or instructor's consent.
An introductory course, including a study of the fundamental types of organic compounds, their nomenclature, classification, synthesis, and typical reactions.
- CHE 304 Organic Chemistry II** **Credit, 3 sem. hrs.**
Prerequisites: CHE 303 and CHE 313.
Corequisite: CHE 314 or instructor's consent.
A continuation of CHE 303.
- CHE 310 Quantitative Chemical Analysis** **Credit, 4 sem. hrs.**
Prerequisites: CHE 141, 142 or instructor's consent. Lecture two hours per week. Laboratory six hours per week.
This laboratory intensive course presents the fundamental methods of exact chemical analysis and includes an introduction to the use of chemical instrumentation.

CHE 313 Organic Chemistry Laboratory I

Credit, 2 sem. hrs.

Corequisite: CHE 303 or instructor's consent. Lecture one hour per week and laboratory four hours per week.

A study of laboratory techniques in synthesis, purification, and chemical and instrumental analysis.

CHE 314 Organic Chemistry Laboratory II

Credit, 2 sem. hrs.

Prerequisite: CHE 313. Lecture one hour per week and laboratory four hours per week.

Corequisite: CHE 304 or instructor's consent.

A continuation of CHE 313.

CHE 317 Chemical Dynamics

Credit, 4 sem. hrs.

Prerequisites: CHE 142, MAT 122, PHY 152 or PHY 252, or instructor's consent

Lecture three hours per week. Laboratory three hours per week.

A study of the thermodynamics and kinetics of chemical and biochemical processes.

CHE 318 Chemical Energetics

Credit, 4 sem. hrs.

Prerequisite: CHE 317. Lecture three hours per week. Laboratory three hours per week.

An introduction to the theoretical and fundamental aspects of molecular bonding and structure, and atomic and molecular spectroscopy.

CHE 402 Advanced Organic Chemistry

Credit, 4 sem. hrs.

Prerequisites: CHE 303, 304, 317, or instructor's consent. Lecture three hours per week. Laboratory three hours per week.

Reactions and mechanisms, separation science, serial synthesis and instrumental methods of compound identification.

CHE 410 Instrumental Analysis

Credit, 4 sem. hrs.

Prerequisites: CHE 310 and CHE 317 or instructor's consent. Lecture two hours per week. Laboratory six hours per week.

The course deals with the principles and application of some of the modern instruments used in analytical chemistry.

CHE 411 Advanced Inorganic Chemistry

Credit, 3 sem. hrs.

Prerequisites: CHE 211, CHE 317. *Corequisite:* CHE 318 or instructor's consent. Lecture three hours per week.

A study of modern inorganic chemistry with emphasis on the principles and trends in the chemistry of the elements and the essentials of structure, bonding, and reactivity of inorganic systems.

CHE 415 Synthetic Inorganic Chemistry

Credit, 3 sem. hrs.

Prerequisites: CHE 141, 142, 211. Laboratory six hours per week. Lecture one hour per week.

A laboratory course illustrating the techniques of crystallization, distillation, furnace methods, electrolytic processes and gas handling involved in the preparation and characterization of novel inorganic compounds.

CHE 417 Theoretical Chemistry

Credit, 3 sem. hrs.

Prerequisite: CHE 318. Lecture three hours per week.

A study of theoretical chemistry, chemical physics, theoretical molecular spectroscopy and solid-state chemistry.

CHE 418 Biochemistry: Macromolecules

Credit, 3 sem. hrs.

Prerequisites: CHE 304 and BIO 112 or instructor's consent. Lecture three hours per week.

This lecture course explores the structures and functions of biological molecules. Additional topics include the biological synthesis of proteins and nucleic acids.

CHE 419 Biochemistry: Metabolism

Credit, 3 sem. hrs.

Prerequisites: CHE 304 and BIO 112 or instructor's consent

This lecture course covers the fundamentals of metabolism and bioenergetics. Clinical correlations with metabolic diseases and diabetes are presented.

CHE 420 Bioanalytical Chemistry Laboratory

Credit, 1 sem. hr.

Prerequisites: CHE 304 and BIO 112 or instructor's consent

This laboratory course covers basic methods utilized in the purification and chemical analysis of biological molecules with applications to medicinal and forensic chemistry.

CHE 421 Biophysical Chemistry Laboratory

Credit, 1 sem. hr.

Prerequisites: CHE 304 and BIO 112 or instructor's consent

This laboratory course covers basic methods for the determination of protein and nucleic acid structure, stability, and function.

CHE 431 Chemistry Seminar

Credit, 1 sem. hr.

Prerequisites: CHE 303, 304 and senior standing.

In order to gain experience in oral communication and exploration of the scientific literature students learn to present scientific information by giving short seminars on selected topics in chemistry, as well as a departmental seminar. A standardized chemistry test covering areas of undergraduate chemistry will be administered.

CHE 435 Methods of Teaching Secondary School Science

Credit, 3 sem. hrs.

Prerequisite: EDU 300

Designed to familiarize teachers with current trends, methods and techniques of teaching science to secondary school students. May not be used for minor, nor for Career Chemist and Medical Science majors.

CHE 441-442 Special Topics in Chemistry

Credit, 1 sem. hr. each

Prerequisite: Eighteen hours of chemistry and departmental permission.

Provides students a means to begin undergraduate research or to explore a subject in more depth than is offered in a regular class. A final written report is required.

CHE 451-452 Independent Studies and Research **Credit, 3 sem. hrs. each**

Prerequisite: Eighteen hours of chemistry and departmental consent.

Individual reading and research involving experimental or theoretical investigation.

CHE 470 Historical Foundations of Chemistry **Credit, 3 sem. hrs.**

Prerequisite: Eight hours of chemistry. Lecture three hours per week.

A selected history of chemistry with a study of the pioneers who developed the theories and techniques that have brought the science to its present position. May not be taken for credit toward the undergraduate major or minor in chemistry.

Mission Statement

This department builds upon the synergy of two dynamic scientific disciplines, one very young and the other very old. On the one hand, the computer is of relatively recent vintage and has revolutionized technology globally. Our Computer Science program equips students with fundamental knowledge about computers, how they work, and how they are changing the way we live. The learning approach combines both the theoretical and the practical, with the emphasis upon problem solving. On the other hand, Physics has been called the mother of all the sciences whose origin dates back into ancient times; certainly Physics is the most basic of the sciences for it seeks to observe, analyze, and categorize the interactions which occur in our whole physical world. Our Physics program grounds students in the fundamental principles of the discipline and the scientific approach to knowledge.

Objectives

As a major component of the School of Science and Mathematics, the Department of Computer Science and Physics strives to meet the needs of the students at Mississippi College by:

1. Offering courses, to both majors and non-majors, which stimulate their intellectual development while providing them with essential knowledge in the fields of computer science and physics along with acquainting them with the scientific approach to knowledge.

2. Providing students with opportunities to receive a strong background to enable them to compete successfully in their chosen careers whether in industry or post-baccalaureate study in graduate and professional schools.

3. Effectively advising students regarding choices of courses and programs while at Mississippi College so that they are acquainted with the opportunities and challenges available to them.

4. Employing and retaining competent faculty who are dedicated to teaching students while continuing their own professional development and who support and engage in scholarship, creative activity, and community and collegial service.

Programs of the Department

The Department consists of separate programs in Computer Science and in Physics. Majors offered include Computer Science (B.A. or B.S.), Computing and Information Systems (B.A. or B.S.), and Physics (B.S.). Minors include Computer Science, Physics, and Engineering Science. The Department also offers the graduate degree of Master of Science in the area of Computer Science.

Computing and Information Systems (B.A.) or (B.S.)

Major Requirements

Admission Requirements

The person wishing to major in Computing and Information Systems should meet the undergraduate admissions requirements of Mississippi College.

Degree Requirements

The student seeking a B.A. or B.S. degree in Computing and Information Systems must satisfy the university core curriculum as set forth in this catalog. In addition, the student must take COM 202, 203, or 304. A previous knowledge of computer fundamentals, including DOS, and rudimentary use of microcomputers is assumed; students lacking these skills are strongly urged to take CSC 114 Introduction to Computer Science as a prerequisite to further study in computing and information systems.

The B.A. or B.S. degree in Computing and Information Systems requires completion of 38 hours in computer science, 9 hours of mathematics, and 12 hours of general business.

The following are required computer science and mathematics courses for the B.A or B.S. degree in Computing and Information Systems:

Computer Science

Course	Credit
CSC 115 Foundations of Computer Science	3
CSC 116 Introduction to Programming and Problem Solving	4
CSC 216 Data Structures	4
CSC 220 C/C++ Language Programming	3
CSC 309 Discrete Structures	3
CSC 314 Computer Organization	3
CSC 320 Systems Analysis and Design	3
CSC 330 Social & Ethical Issues in Computing	2
CSC 415 Data Base Management Systems	3
CSC 416 Software Engineering	3
CSC 422 Operating Systems	3
CSC 485 Senior Seminar	1
Total	35

Mathematics

Course	Credit
MAT 205 Finite Mathematics	3
MAT 206 Applied Calculus	3
MAT 207 Elementary Statistics	3
Total	9

Business Administration

Course	Credit
MGT371 Principles of Management & Organizational Behavior	3
ECO 232 Economic Principles II	3
ACC 201 Elementary Accounting	3
MIS 427 Management Information Systems	3
Total	12

Electives are as follows:

Three hours from:

CSC 310 File and Systems Software	CSC 433 Selected Topics
CSC 319 Computer-Human Interaction	CSC 440 Introduction to Artificial Intelligence
CSC 402 Advanced Data Structures	CSC 450 Computer Graphics
CSC 404 Programming Language Structures	CSC 460 Automata Theory and Formal Languages
CSC 423 Computer Networking	
CSC 425 Advanced Database Systems	

Three hours from--CSC 231, CSC 232, CSC 233 Selected Language Programming.

Computer Science (B.A.) or (B.S.)

Major Requirements

Admission Requirements

The person wishing to major in Computer Science should meet the undergraduate admissions requirements of Mississippi College.

Degree Requirements

The B.A. or B.S. in Computer Science requires completion of 46 hours in computer science, 12 hours of mathematics, at least twelve hours of science, the University Core Curriculum and either COM 202, 203, or 304.

The following are required computer science, mathematics, and science courses for the B.A. or B.S. Degree in Computer Science:

Computer Science

Course	Credit
CSC 115 Foundations of Computer Science	3
CSC 116 Introduction to Programming and Problem Solving	4
CSC 216 Data Structures	4
CSC 220 C/C++ Language Programming	3
CSC 309 Discrete Structures	3
CSC 314 Computer Organization	3
CSC 330 Social & Ethical Issues in Computing	2
CSC 402 Advanced Data Structures	3
CSC 404 Programming Language Structures	3
CSC 416 Software Engineering	3
CSC 422 Operating Systems	3
CSC 485 Senior Seminar	1
Total	35

Electives in Computer Science:

Three hours from

- CSC 319 Computer-Human Interaction
- CSC 423 Computer Networking
- CSC 425 Advanced Database Systems
- CSC 433 Selected Topics
- CSC 440 Introduction to Artificial Intelligence
- CSC 450 Computer Graphics
- CSC 460 Automata Theory and Formal Languages

Eight hours from CSC courses, *exclusive of CSC 114 with no more than 5 hours in specialized language courses.*

Other Required Courses

Mathematics

Course	Credit
MAT 121 Calculus with Analytic Geometry I	3
MAT 122 Calculus with Analytic Geometry II	3
MAT 253 Introduction to Mathematical Probability & Statistics	3
Total	9

Electives in Mathematics:

Three hours of mathematics from the following courses:

- MAT 213 Introduction to Linear Algebra
- MAT 221 Calculus with Analytic Geometry III
- MAT 301 Foundations of Mathematics
- MAT 352 Introduction to Differential Equations
- MAT 381 Introduction to Numerical Methods
- MAT 455 Graph Theory

Science - Twelve hours of sciences from the following:

An eight hour sequence to be chosen from the following:

- BIO 111-112 Biology I & II
- or CHE 141-142 General Inorganic Chemistry I & II
- or PHY 151-152 General Physics
- or PHY 251-252 Fundamentals of Physics

Four additional hours of Biology, Chemistry, or Physics.

Computer Science Minor Requirements

Students electing to minor in computer science must complete 18 semester hours of work in computer science, including:

- CSC 116 Introduction to Programming and Problem Solving
- CSC 216 Data Structures
- CSC 314 Computer Organization
- CSC 114 *Introduction to Computer Science and CSC 387, 388, 389 and 380 Internship may not be taken as a part of the minor.*

Physics Major Requirements (B.S.)

1. **The student electing to major in Physics must meet all of the University core curriculum requirements for the Bachelor of Science degree.**
2. **At least thirty-seven (37) semester hours, composed of:**
 - Twenty-Three semester hours of required courses:**
 - PHY 151 General Physics or *PHY 251 Fundamental of Physics
 - PHY 152 General Physics or *PHY 252 Fundamentals of Physics
 - PHY 301 Modern Physics
 - PHY/ESC 308 Classical Mechanics
 - PHY 401 Quantum Physics
 - PHY 404 Electricity & Magnetism
 - PHY 409 Mathematical Physics
 - Fourteen semester hours chosen from:**
 - * ESC 208 Statics
 - ** ESC 305 Electrical Circuits
 - * ESC 306 Digital Circuits
 - ESC 310 Electronics
 - + PHY 313 Optics
 - ** PHY 315 Thermodynamics
 - + PHY 413 Nuclear Physics
 - PHY 417 Selected Topics (may be taken more than once with different specific topics)
 - * Students interested in pursuing additional studies in engineering should elect these courses as a minimum.*
 - + Students interested in pursuing additional studies in physics should elect these courses as a minimum.*
3. **Fifteen semester hours of mathematics composed of:**
 - MAT 121, 122, 221, 222 Calculus with Analytic Geometry I, II, III, & IV
 - MAT 352 Introduction to Differential Equations.
4. **Eight semester hours of chemistry composed of:**
 - CHE 141-142 General Inorganic Chemistry I & II.
5. **Four semester hours of Computer Science**
 - CSC 116 Introduction to Programming and Problem Solving.
6. **Three semester hours of oral communication**

Honors Courses

By invitation of the Honors Council; see *Honors Program* section of *Undergraduate Catalog*.

Computer Science Course Descriptions

CSC 114 Introduction to Computer Science **Credit, 3 sem. hrs.**

This course is an introduction to computer science. Topics to be covered include computer history, computer hardware, application and system software, societal impact of computers, ethics, and problem solving.

CSC 115 Foundations of Computer Science **Credit, 3 sem. hrs.**

Three hours of lecture per week. The class will meet some of these times in the computer laboratory. This course is designed to introduce the student with no prior programming experience to the fundamentals necessary to study the science of computing. Topics include history of computing, computing as a tool and a discipline, machine level data representation, algorithms and problem solving, fundamental programming constructs and software design methodology, fundamental data structures, operating systems, net-centric computing, human-computer interaction, artificial intelligence, simulation, and social issues in computing.

CSC 116 Intro. to Programming and Problem Solving **Credit, 4 sem. hrs.**

Prerequisite: CSC 115

Three hours of lecture and three hours of laboratory per week. This course is designed as an introduction to programming and problem solving. Topics to be included are the abstractions necessary for the program development process, design methodology, control structures, looping, procedures, interface design, functions, simple data types, aggregate data structures and objects.

CSC 216 Data Structures **Credit, 4 sem. hrs.**

Prerequisite: CSC 116

Three hours of lecture and three hours of laboratory per week. An introduction to the basic concepts of data structures from a practical standpoint with an emphasis on the use of some of the abstractions necessary for structured program development. Topics include software development tools, top-down design, algorithm analysis, encapsulation, and methods of implementation as well as the common data structures stacks, queues, lists, and trees. Sorting and searching techniques employing these data structures will also be examined.

CSC 220 C/C++ Language Programming **Credit, 3 sem. hrs.**

Prerequisites: CSC 116 or instructor's consent

A study of the syntax and features of the C and C++ programming languages.

CSC 231, 232, 233 Selected Language Programming **Credit, 1, 2, or 3 sem. hrs. respectively**

Prerequisites: CSC 220 or instructor's consent

A study of the syntax and features of a selected special purpose language such as LISP, Prolog, Ada, Pascal, Fortran, Assembly, BASIC or COBOL. Other languages may be included as needed. May be repeated for credit if a different language is offered.

CSC 300 Fundamentals of Computer Science for Educators **Credit, 3 sem. hrs.**

Prerequisite: CSC 216

A study of the methodology and concepts involved in computer education in the secondary schools. Topics included will be computer curriculum and computer laboratory techniques, course authoring, language survey, multimedia, and classroom networking.

CSC 302 Internet and WWW Basics **Credit, 3 sem. hrs.**

Prerequisite: CSC 114

This course is intended for the general university audience and will cover basic Internet concepts such as telnet, ftp, and newgroups as well as World Wide Web concepts such as searching and authoring. The social and ethical impact of the Internet will also be examined. This course cannot be applied to the requirements for the major in Computer Science or Computing and Information Systems, but may be taken as part of the minor in Computer Science or as general elective credit.

CSC 309 Discrete Structures **Credit, 3 sem. hrs.**

Prerequisite: CSC 216, MAT 122

Concepts of algorithms, induction, recursion, proofs, topics from logic, set theory, combinatorics, graph theory, and automata theory fundamental to the study of computer science.

CSC 310 File and Systems Software **Credit, 3 sem. hrs.**

Prerequisite: CSC 216

A study of file and data storage techniques and the operating systems software necessary to support such file systems. Topics include operating systems, I/O, memory management, indexing, hashing, buffering, and specialized file management techniques for database systems.

CSC 314 Computer Organization **Credit, 3 sem. hrs.**

Prerequisites: CSC 216 and CSC 220

Computer system organization; internal organization and operation of digital computers; some systems software. A working knowledge of the C programming language is assumed.

CSC 319 Computer-Human Interaction **Credit, 3 sem. hrs.**

Prerequisite: CSC 216

This course is the study of the interfaces between the human and the computer and the design principles necessary to make such interfaces more effective. It provides a broad overview of CHI as a sub-area of the computer sciences and offers specific background relating to user-centered design approaches in information systems applications. Areas to be addressed include user interface and software design strategies, user experience levels, interaction styles, usability engineering and collaborative systems technology.

CSC 320 Systems Analysis and Design **Credit, 3 sem. hrs.**

Prerequisite: instructor's consent

Physical and logical design of an operational computer system. The processes of planning for control, implementation, change, analysis, and review of existing systems from a technological as well as managerial standpoint will be covered. This course requires students to make both written and oral presentations of analysis and design projects.

CSC 330 Social & Ethical Issues in Computing **Credit, 2 sem. hr.**

Prerequisite: Junior standing

A study of the major social and ethical issues in computer science, a brief history of computer science, the impact of computers on society, and professional computer ethics.

CSC 387, 388, 389, and 380 Internship **Credit, 1, 2, 3, or 6 sem. hrs.**

See *Internships* section of the *Undergraduate Catalog*.

CSC 381 Introduction to Numerical Methods **Credit, 3 sem. hrs.**

Prerequisites: MAT 122 and CSC 116

This course looks into the modeling of mathematical concepts on a computer. Algorithms will be discussed and implemented which find roots of equations, give polynomial approximations to discrete data, approximate integrals and derivatives, solve ordinary differential equations and solve linear systems of equations. *Cross-listed as MAT 381.*

CSC 402 Advanced Data Structures **Credit, 3 sem. hrs.**

Prerequisite: CSC 216

A study of data structures and algorithms designed for their implementation. Lists, arrays, stacks, deques, queues, graphs, trees and tree structures, and various search and sorting techniques will be covered.

CSC 404 Programming Language Structures **Credit, 3 sem. hrs.**

Prerequisite: CSC 216

Introduction to the principles of programming language design and implementation, syntax, data types, scope, data abstractions, concurrency and Object-Oriented Programming.

CSC 405 Introduction to Operations Research **Credit, 3 sem. hrs.**

This course is cross-listed as MAT 405.

CSC 415 Data Base Management Systems **Credit, 3 sem. hrs.**

Prerequisite: CSC 216

Design and implementation of a data base management system. Also to be included is a study of hierarchical, network, inverted and relational structures, and application of DBMS to file organization and informational retrieval.

CSC 416 Software Engineering **Credit, 3 sem. hrs.**

Prerequisites: CSC 216

A study of the analysis, design and implementation of major software systems. Topics include software development life-cycles and software development product management. A collaborative exercise in developing a large software product is central to the course. This course requires oral presentation of final software engineering project.

CSC 422 Operating Systems **Credit, 3 sem. hrs.**

Prerequisites: CSC 220, CSC 314

An introduction to the various data and control structures necessary for the design and implementation of the modern computer operating systems. Process creation and control, interprocess communications, synchronization and concurrency, I/O memory management, and file systems concepts are explored in the context of the Unix operating system. A working knowledge of the C programming language is assumed.

CSC 423 Computer Networking **Credit, 3 sem. hrs.**

Prerequisite: CSC 220

This course is a study of the physical and logical components used in modern computer networks. Topics include: fundamentals of signaling and data transmission using electromagnetic media, data encoding, multiplexing, circuit switching, packet switching, LAN and WAN technologies, internet working concepts, transport protocols, network security, and distributed applications. May include programming or laboratory assignments to demonstrate key concepts.

CSC 425 Advanced Database Systems **Credit, 3 sem. hrs.**

Prerequisite: CSC 415 or instructor's consent

Concepts of relational database theory and design. Topics include: the relational algebra, relational calculus, dependency theory, normalization, multi-valued dependency, and concurrency transaction management and recovery, data mining and distributed database systems. Database programming using SQL will be used to implement typical database applications.

CSC 431, 432, 433 Selected Topics **Credit, 1, 2, or 3 sem. hrs., respectively**

These courses are offered in response to identified needs and interests.

CSC 440 Introduction to Artificial Intelligence **Credit, 3 sem. hrs.**

Prerequisite: CSC 402

A study of fundamental concepts in AI. The focus is upon knowledge representation and searching, with emphasis on expert systems. Other topics include machine learning, natural language understanding, perception, specialized data structures such as semantic and neural networks, and open problems in the field of AI. Exercises using the LISP and/or Prolog languages may be assigned.

CSC 450 Computer Graphics **Credit, 3 sem. hrs.**

Prerequisite: CSC 220

An introduction to raster graphics technology. A study of the theory and practice necessary for comprehending the techniques for scientific visualization, interface design, and two- and three-dimensional data representation and manipulation.

CSC 455 Graph Theory **Credit, 3 sem. hrs.**

Prerequisite: MAT 222 or instructor's consent

Graph theory with a wide variety of applications, both to other branches of mathematics and to the real world. Some subjects to be treated are graphs, subgraphs, cycles, trees, matchings, and planar graphs. *Cross-listed as MAT 455.*

CSC 460 Automata Theory and Formal Languages **Credit, 3 sem. hrs.**

Prerequisite: CSC 309

A study of languages, grammars, and machines at a theoretical level. Regular, context free, and context sensitive languages are covered, as well as finite state, push down and Turing machines. The concept of decideability is also discussed.

CSC 481 Numerical Analysis **Credit, 3 sem. hrs.**

Prerequisite: MAT/CSC 381

This course is a mathematical analysis of scientific computing. Topics covered include the stability and convergence of algorithms, interval arithmetic, fixed point iteration, matrix factorizations, norms and eigenvalues; iterative solutions to systems. Additional discussions will focus on the design of efficient algorithms for use on parallel computers. *Cross-listed as MAT 481.*

CSC 485 Senior Seminar **Credit, 1 sem. hr.**

Prerequisites: CSC 416 and CSC 422, or instructor's consent

Students will review material from their Computer Science course work and apply this knowledge in the study, discussion and presentation of current literature in the field. Grades will be based, in part, on student presentations and on the results of a nationally standardized Computer Science exam to be given during the course.

Physics Course Descriptions

Each semester hour of credit represents approximately one clock hour of recitations and lectures per week for one semester, or the equivalent.

PHY 103 Physics of Music **Credit, 3 sem. hrs.**

Nature and transmission of sound, hearing, physical and physiological characteristics, musical instruments, acoustics, and electric sources of sound.

PHY 104 Physics for Today **Credit, 3 sem. hrs.**

This is a survey course designed for non-science majors. The math required for this course is minimal and does not go beyond high school algebra.

PHY 151-152 General Physics **Credit, 4 sem. hrs. each**

Prerequisite: MAT 102 or equivalent. Lecture three hours a week. Laboratory three hours a week.

Mechanics, thermodynamics, waves, sound, light, electricity, magnetism, and modern physics.

PHY 216 Astronomy **Credit, 3 sem. hrs.**

History, methods, solar system, stars, and cosmology; presented on an elementary level.

PHY 251-252 Fundamentals of Physics **Credit, 4 sem. hrs. each**

Corequisite: MAT 122. Lecture three hours a week. Laboratory three hours a week.

Mechanics, thermodynamics, waves, sound, light, electricity, and magnetism presented with the aid of calculus.

PHY 301 Modern Physics **Credit, 3 sem. hrs.**

Prerequisite: PHY 152 or 252 and MAT 122

Introduction to the subjects of special relativity, quantum theory, atomic, nuclear and particle physics. An oral presentation on a relevant topic, selected in consultation with the instructor, will be made by each student.

PHY 308 Classical Mechanics **Credit, 3 sem. hrs.**

Prerequisites: PHY 251, MAT 221 or instructor's consent

Two and three dimensional kinematics and dynamics, curvilinear coordinates, vector analysis, projectile motion, conservative and nonconservative forces, potential theory, rigid bodies. *Cross-listed as ESC 308*

PHY 313 Optics **Credit, 4 sem. hrs.**

Prerequisites: PHY 152 or 252 and MAT 122. Lecture three hours a week. Laboratory three hours a week.

Fundamental concepts of simple optical systems, including lenses and mirrors. Physical optics including interference, diffraction, polarization, optical spectra, and lasers.

PHY 315 Thermodynamics

Credit, 3 sem. hrs.

Prerequisites: PHY 252, MAT 222 or instructor's consent

Fundamentals of thermodynamics of ideal and real gases. Phase states. Heat engines and applications to systems. Statistical mechanics.

PHY 401 Quantum Physics

Credit, 3 sem. hrs.

Prerequisite: PHY 301 or instructor's consent

Schrodinger wave mechanics including application to atomic structure. An oral presentation on a relevant topic, selected in consultation with the instructor, will be made by each student.

PHY 402 Special Projects

Credit, 3 sem. hrs.

Prerequisite: Instructor's consent

After consulting with the instructor in charge the student may be assigned to special study in theoretical physics or may be assigned a research problem.

PHY 404 Electricity and Magnetism

Credit, 3 sem. hrs.

Prerequisites: PHY 252, MAT 222 or instructor's consent

The fundamental principles of electrostatic fields, electric potential, dielectrics and magnetic induction. Maxwell's field equations.

PHY 409 Mathematical Physics

Credit, 3 sem. hrs.

Prerequisites: MAT 221

Topics in vector analysis and curvilinear coordinates, complex variables and applications, special functions in physics applications, and elements of matrix analysis.

PHY 413 Nuclear Physics

Credit, 4 sem. hrs.

Prerequisite: PHY 301 or instructor's consent. Lecture three hours a week. Laboratory three hours a week.

Isotopes and nuclear structure, natural radioactivity, induced nuclear transformations, nuclear energy sources, high energy processes and cosmic rays.

PHY 417 Selected Topics in Physics

Credit, 3 sem. hrs.

A course offering formal study of selected topics in physics or applications of physics. May be taken more than once with different specific topics.

Engineering Science Course Descriptions

ESC 105 Computational Tools for Physical Science I

Credit, 2 sem. hrs.

Prerequisite: MAT 102 equivalent. Lecture two hours a week.

The use of spreadsheet packages such as Excel to store data from laboratory experiments, to perform calculations on those data, and to generate charts from the results.

ESC 205 Computational Tools for Physical Science 2

Credit, 2 sem. hrs.

Prerequisite: ESC 105, CSC 116 Lecture two hours a week.

An introduction to the use of a commercially available array processing software package such as MATLAB to analyze large blocks of data (e.g., multiple time-dependent temperatures.)

- ESC 208 Statics** **Credit, 3 sem. hrs.**
Prerequisite: PHY 251
Forces in equilibrium, free body diagrams, beams, trusses, engineering principles, bodies in tension and compression, stress and strain.
- ESC 220 Dynamics** **Credit, 2 sem. hrs.**
Prerequisite: ESC 208, MAT 122. Lecture three hours a week.
Vector treatment of the kinematics and kinetics of particles and rigid bodies, Newton's laws, work and energy, impulse and momentum, impact, mass moments of inertia, rotating axes.
- ESC 305 Electrical Circuits** **Credit, 4 sem. hrs.**
Prerequisite: PHY 252 and MAT 122 or instructor's consent. Lecture three hours a week. Laboratory three hours a week.
Principles of DC circuits, Kirchoff's laws, analysis theorems, AC circuit components, transient behavior, filters, integrating and differentiating circuits, diodes, rectifiers, transformers.
- ESC 306 Digital Circuits** **Credit, 3 sem. hrs.**
Prerequisite: PHY 252 or instructor's consent. Lecture two hours a week. Laboratory three hours a week.
Binary, hexadecimal, octal number systems, Boolean algebra, binary logic, Karnaugh maps, digital circuit principles, flip-flops, switches, counters, basic computer circuits, LED's, introduction to microprocessors.
- ESC 308 Classical Mechanics** **Credit, 3 sem. hrs.**
Prerequisite: ESC 208. Corequisite: MAT 352 or instructor's consent
Two and three dimensional kinematics and dynamics, curvilinear coordinates, vector analysis, projectile motion, conservative and nonconservative forces, potential theory, rigid bodies. *Cross-listed as CSC 308.*
- ESC 310 Electronics** **Credit, 4 sem. hrs.**
Prerequisite: ESC 305. Lecture three hours a week. Laboratory three hours a week.
Semiconductors, solid state electronics, principles of active devices, JFET's, amplifier circuits, operational amplifiers, analog measurements, oscillator circuits, linear integrated circuits.
- ESC 321 Strength of Materials** **Credit, 3 sem. hrs.**
Prerequisite: ESC 220, MAT 122. Lecture three hours a week.
Relationship between internal stresses and deformations produced by external forces acting on deformable bodies, and design principles based on mechanics of solids: normal stresses, shear stresses, and deformations produced by tensile, compressive, torsional, and dimensional stress states; and buckling of columns.

ESC 330 Vibrations

Credit, 3 sem. hrs.

Prerequisite: ESC 220, MAT 122. *Lecture three hours a week.*

Undamped and damped free vibrations of bodies. Forced vibrations. Resonance. Transient and nonlinear vibrations. Numerical methods for multi-degree-of-freedom systems. Lagrange's equation.

ESC 350 Fluid Mechanics

Credit, 4 sem. hrs.

Prerequisite: ESC 220, MAT 352. *Lecture three hours a week. Laboratory three hours a week.*

Comprehensive first course in basic and applied fluid mechanics. Topics covered will include: fluid properties under static and dynamic conditions, Euler's and Bernoulli's equations, hydrodynamics, dimensional analysis and similitude, laminar and turbulent flows, boundary layer model and approximate analysis, compressible flow and propulsion devices, flow measurement, and an introduction to turbomachinery with applications.

ESC 430 Geophysical Applications: Atmospheric Electricity Credit Credit, 4 sem. hrs.

Prerequisite: PHY 152 or 252 and at least one of the following: ESC 305, ESC 306, ESC 310, or PHY 404, MAT 353. *Lecture three hours a week. Laboratory three hours a week.*

Electrical nature of earth's atmosphere, the global electric circuit, cloud physics, lightning, modeling thunderstorm parameters.

ESC 450 Senior Design Project

Credit, 2 sem. hrs.

Prerequisite: senior standing, Engineering Physics major, ESC 220, MAT 353, and at least one of the following: ESC 205, ESC 306, ESC 310, or PHY 404.

Independent research, design, and presentation of results for a student selected and advisor approved project.

Mission Statement

As a major component of the College of Arts and Sciences, the Department of Mathematics strives to meet the needs of its students by:

1. Effectively advising students and offering courses, to both majors and non-majors, that stimulate their intellectual development.
2. Providing students with a strong background for entering their chosen careers or for post-baccalaureate study in graduate and professional schools.
3. Employing and retaining competent faculty who are dedicated to teaching students while continuing their own professional development and who support and engage in scholarship and creative activity.

Mathematics Major Requirements (B.A.) or (B.S.)

1. The student electing mathematics as a major must meet the University core requirements for the Bachelor of Arts degree or the Bachelor of Science degree. In addition, the student must take COM 202, 203, or 304.
2. To complete a major in mathematics, students must take :
MAT 121 Calculus with Analytic Geometry I
MAT 122 Calculus with Analytic Geometry II
MAT 221 Calculus with Analytic Geometry III
MAT 222 Calculus with Analytic Geometry IV
MAT 301 Foundations of Mathematics
MAT 401 Mathematics Seminar

Plus 21 additional hours of courses numbered higher than MAT 222 with at least one course being chosen from each of the following categories:

- I. MAT 413 Linear Algebra
or MAT 421 Modern Algebra
 - II. MAT 304 Modern Plane Geometry
MAT 426 Advanced Calculus
or MAT 460 Introduction to Topology
 - III. MAT 253 Introduction to Mathematical Probability and Statistics
MAT 352 Introduction to Differential Equations
or MAT 381 Introduction to Numerical Methods
- Those students wishing to be licensed to teach mathematics should follow the current *Secondary Mathematics Status Sheet* when selecting mathematics courses.

3. A minor must be taken as specified in a related field.

Mathematics Minor Requirements

Students electing to minor in mathematics must complete 18 semester hours of work in mathematics (excluding MAT 100 Developmental Mathematics, MAT 101 College Algebra and MAT 105 Contemporary Mathematics), including:

MAT 121 Calculus with Analytic Geometry I
MAT 122 Calculus with Analytic Geometry II
and MAT 301 Foundations of Mathematics.

Note: MAT 100 Developmental Mathematics does not count toward a major, minor, or University core curriculum.

Honors Courses

By invitation of the Honors Council; see *Honors Program* section of *Undergraduate Catalog*.

Mathematics Course Descriptions

MAT 100 Developmental Mathematics

Credit, 3 sem. hrs.

Prerequisite: Instructor's consent

Required of students judged to be unprepared for MAT 101; carries elective credit but does not count toward a major, minor, or University core curriculum. Covers topics from arithmetic, geometry, and algebra.

MAT 101 College Algebra

Credit, 3 sem. hrs.

Prerequisite: MAT 100 or one year of high school algebra

This course builds upon basic algebraic concepts. It includes topics such as rational expressions, rational exponents, radicals, quadratic equations and inequalities, quadratic functions, graphing, systems of equations, and exponential and logarithmic functions.

MAT 102 Trigonometry

Credit, 3 sem. hrs.

Prerequisite: MAT 101 or two years of high school algebra

A study of the trigonometric functions, their properties, their graphs and their application to problems in physics, mechanics and surveying. Also includes a study of the conic sections and complex numbers.

MAT 105 Contemporary Mathematics

Credit, 3 sem. hrs.

A survey of mathematical topics for non-majors, designed to develop an appreciation of the uses of mathematics. Selected topics will include: problem solving, math modeling, statistics and the mathematics of finance.

MAT 121 Calculus with Analytic Geometry I

Credit, 3 sem. hrs.

Prerequisite: MAT 102 or the equivalent

A study of limits, continuity, the derivative and its applications.

MAT 122 Calculus with Analytic Geometry II

Credit, 3 sem. hrs.

Prerequisite: MAT 121

A study of integration and its applications.

MAT 181 Mathematics With Technology

Credit, 3 sem. hrs.

Prerequisite or Corequisite: MAT 121

A survey on the application of technology to mathematical concepts and focusing on problems encountered in the calculus sequence. This course is required for all students seeking licensure to teach secondary-level Mathematics.

MAT 205 Finite Mathematics

Credit, 3 sem. hrs.

Prerequisite: MAT 101 or 2 years high school algebra

A study of mathematics for business, management and economics. Topics include algebra, functions and graphs, exponential and logarithmic functions, mathematics of finance, systems of equations and matrices.

MAT 206 Applied Calculus

Credit, 3 sem. hrs.

Prerequisite: MAT 205 or equivalent

A study of the applications of calculus for disciplines outside of mathematics such as business, economics, management, computing and information systems and the life and social sciences. Topics include differentiation, integration and multivariate calculus and applications.

MAT 207 Elementary Statistics **Credit, 3 sem. hrs.**

Prerequisites: MAT 101, 210 or two years of high school algebra

A study of elementary statistics for non-majors with an introduction to probability. Emphasis is placed on student understanding and interpretation of statistical data and computation using calculators and computers. Mathematics majors should take MAT 253.

MAT 210 Mathematics for Teachers: Number Systems **Credit, 3 sem. hrs.**

Prerequisite: Education major or instructor's consent

A development of the real number system for prospective elementary teachers. Emphasis is placed on developing number sense through problem solving, estimation, properties of real numbers and modeling algorithms.

MAT 211 Mathematics for Teachers: Geometry **Credit, 3 sem. hrs.**

Prerequisite: MAT 210 or instructor's consent.

A development of ideas related to informal geometry for prospective elementary teachers. Material includes topics from Euclidean geometry, solid geometry, analytic geometry and measurement.

MAT 213 Introduction to Linear Algebra **Credit, 3 sem. hrs.**

Prerequisite: MAT 101 or equivalent

This course will give the student an understanding of the basic tools of vector and matrix arithmetic. Major topics covered include determinants, linear systems, matrix factorization, linear transformations, eigenvalues and eigenvectors with selected applications.

MAT 221 Calculus with Analytic Geometry III **Credit, 3 sem. hrs.**

Prerequisite: MAT 122

A study of sequences and series, including Taylor series. Other topics of study include conic sections, parametric equations, polar coordinates, vectors in two and three dimensions and applications.

MAT 222 Calculus with Analytic Geometry IV **Credit, 3 sem. hrs.**

Prerequisite: MAT 221

A study of vector-valued functions, functions of two or more variables, partial differentiation, multiple integration and vector analysis through Green's Theorem.

MAT 253 Introduction to Mathematical Probability and Statistics **Credit, 3 sem. hrs.**

Prerequisite: MAT 122

This course is a calculus-based introduction to probability and statistics. Major emphasis is placed on developing a precise framework for solving problems under uncertainty. Topics covered include expected value, probability density functions and their distributions, interpretation of the Central Limit Theorem and its application to confidence intervals.

MAT 301 Foundations of Mathematics

Credit, 3 sem. hrs.

Prerequisite: MAT 122

An introduction to the ideas needed for advanced mathematics courses. Topics include set theory, logic, axiom systems, proof techniques, relations, functions, and cardinality. Emphasis will be given to applying proof techniques to material on number systems and other areas of higher mathematics.

MAT 304 Modern Plane Geometry

Credit, 3 sem. hrs.

Prerequisites: MAT 301 and high school geometry or MAT 211

A study of Euclidean geometry from the modern axiomatic viewpoint. Some alternatives to Euclidean geometry will be considered.

MAT 309 Discrete Mathematics

Credit, 3 sem. hrs.

Prerequisite: MAT 122 or instructor's consent

An introduction to discrete mathematics including induction and recursion, algorithms, relations, partial ordering, graphs, directed graphs and trees. Applications will include Euler and Hamilton paths and minimal spanning trees.

MAT 320 Introduction to Number Theory

Credit, 3 sem. hrs.

Prerequisite: MAT 301

An introduction to properties of integers, prime numbers, divisibility, number theoretic functions and congruences.

MAT 352 Introduction to Differential Equations

Credit, 3 sem. hrs.

Prerequisites: MAT 222 or MAT 221 and instructor's consent

This course covers the development of ordinary differential equations from special applications and concentrates on the derivation of methods for determining their solutions. First order equations, linear equations and systems of equations and Laplace Transforms are discussed as well as further applications.

MAT 381 Introduction to Numerical Methods

Credit, 3 sem. hrs.

Prerequisite: MAT 122 and CSC 116

This course looks into the modeling of mathematical concepts on a computer. Algorithms will be discussed and implemented which find roots of equations, give polynomial approximations to discrete data, approximate integrals and derivatives, solve ordinary differential equations and solve linear systems of equations. *Cross-listed as CSC 381.*

MAT 401 Mathematics Seminar

Credit 1 sem. hr.

Prerequisites: COM 202, 203 or 304; senior standing

This one hour seminar allows senior mathematics students the opportunity to build their skills in the use of information systems culminating in an oral presentation of a written paper on a selected topic in mathematics.

MAT 405 Introduction to Operations Research

Credit, 3 sem. hrs.

Prerequisite: Instructor's consent

Application of quantitative methods to problems arising in the area of business and computing science. *Cross-listed as CSC 405.*

MAT 406 History of Mathematics

Credit, 3 sem. hrs.

Prerequisite: MAT 301 or instructor's consent

A development of areas of mathematics such as algebra, geometry, and analysis and a study of the lives and works of outstanding mathematicians.

MAT 407 Statistical Data Analysis

Credit, 3 sem. hrs.

Prerequisite: MAT 207 or MAT 253 or instructor's consent

Development and application of descriptive techniques, inferential techniques, simple and multiple linear regression. Frequent use of statistical computer packages, allowing the student to concentrate on topics in his own major area. No previous knowledge of the computer is required, though some familiarity is desirable.

MAT 413 Linear Algebra

Credit, 3 sem. hrs.

Prerequisite: MAT 301

An introductory course in linear algebra. Subjects treated are vectors, vector spaces, matrices and determinants, systems of linear equations, linear transformations in a vector space, and systems of linear differential equations.

MAT 421 Modern Algebra

Credit, 3 sem. hrs.

Prerequisite: MAT 301

A study of groups, rings, integral domains and fields.

MAT 426 Advanced Calculus

Credit, 3 sem. hrs.

Prerequisites: MAT 222 and MAT 301

Set theory, the real number system, metric spaces, continuous functions, differentiation and integration.

MAT 431, 432, 433 Selected Topics

Credit, 1, 2, or 3 sem. hrs., Respectively

Prerequisite: Instructor's consent

A study of selected topics in mathematics.

**MAT 441 Methods and Materials for the Teaching of
Secondary Mathematics**

Credit, 3 sem. hrs.

Prerequisite: Junior standing and intent to gain a standard educator's license in Mathematics

This course will acquaint preservice secondary teachers with NCTM Standards and current issues related to teaching secondary mathematics. Emphasis will be placed on using manipulative materials; graphing and scientific calculators; and computers and software to teach mathematics.

MAT 452 Applied Mathematical Problem Solving

Credit, 3 sem. hrs.

Prerequisites: MAT 222 and instructor's consent

Various problem solving techniques will be employed. Applications of linear algebra, the calculus sequence, and other undergraduate mathematics courses provide a comprehensive review of these courses. This would be an excellent course for students considering a career in actuarial science.

MAT 453 Mathematical Statistics

Credit, 3 sem. hrs.

Prerequisite: MAT 253

This course develops rigorous proofs for the results presented in MAT 253. Multivariate Statistics is also covered. Linear regression and the analysis of variance will be discussed as well as applications of the theory.

MAT 455 Graph Theory

Credit, 3 sem. hrs.

Prerequisite: MAT 222 or instructor's consent

Graph theory with a wide variety of applications, both to other branches of mathematics and to the real world. Some subjects to be treated are graphs, subgraphs, cycles, trees, matchings, and planar graphs.

MAT 460 Introduction to Topology

Credit, 3 sem. hrs.

Prerequisite: MAT 301

An introduction to metric spaces and topological spaces. Additional topics include continuous functions, separation axioms, connectedness and compactness.

MAT 471 Independent Study and Research

Credit, 3 sem. hrs.

Prerequisites: Junior standing and permission of the faculty

Individual reading and research in pure or applied mathematics.

MAT 481 Numerical Analysis

Credit, 3 sem. hrs.

Prerequisite: MAT 381

This course is a mathematical analysis of scientific computing. Topics covered include the stability and convergence of algorithms, interval arithmetic, fixed point iteration, matrix factorizations, norms, and eigenvalues; iterative solutions to systems. Additional discussions will focus on the design of efficient algorithms for use on parallel computers. *Cross-listed as CSC 481.*

History

What is now the School of Business began in 1946 when an instructor was given permission to teach non-credit typing and shorthand courses in the basement of Chrestman Hall. The success in the non-credit courses inspired the institution to appoint a full-time business professor and add several business courses. By 1955, the business department had four full-time faculty members and a major. In the fall of 1959, the institution combined the Department of Business and the Department of Economics into the Division of Business and Economics. After consolidation, the division had 200 majors and five full-time faculty members.

In the early 1960s, the division added accounting courses to its curriculum. Also the division began offering evening courses. Students responded favorably to the additional courses and the evening offerings, and the division began experiencing double-digit growth. In 1964, the institution constructed Self Hall. Most of the building was dedicated to the Division of Business. In 1967, the Division of Business added the Master of Business Administration targeted at metropolitan-area professionals seeking an evening graduate program. The program was an immediate success.

The Division of Business continued growing, and in 1975, the Division became the School of Business. All of this was due to the tremendous dedication of Dr. D. Gray Miley.

Mission and Goals

The Mississippi College School of Business provides a superior professional business education through undergraduate and graduate degree programs that integrate ethical values in business and Christian principles in life.

The School recruits regional students who demonstrate excellence in scholarship, leadership, and church/community involvement and who benefit from programs that prepare graduates for lifelong learning. The School employs and retains faculty who are excellent at teaching and advising students, who engage in scholarly activities, who continue their own professional development, and who reflect Christian values and a commitment to service.

Educational Goals

The School of Business curricula contain the knowledge and skills for lifelong learning. Additionally, School of Business students, nurtured by a caring faculty, develop skills in critical thinking and oral and written communication; acquire an understanding of changing demographics, evolving technology, social responsibility, global importance, cultural diversity, and environmental significance; and realize the importance of values necessary for effective and responsible leadership.

Furthermore, the School prepares its graduates for successful admission to graduate programs, and the School provides programs and learning opportunities that prepare graduates for professional certification, when possible.

Faculty Support Goals

The School of Business administration creates an environment where faculty can:

- exhibit strong teaching and advising skills;
- engage in scholarly activities, particularly intellectual contributions in instructional development and application;
- develop continually their professional skills;
- offer service to Mississippi College and its stakeholders.

Community Service Goals

The School of Business faculty offers their unique services to Mississippi College and its stakeholders. The School's faculty pursues meaningful involvement with our university community; our alumni; select academic and professional communities; and area business, government and religious communities.

Accreditation

Mississippi College, through its School of Business, is nationally accredited by the Association of Collegiate Business Schools and Programs to offer the following business degrees:

- The Bachelor of Science (B.S.) in Business Administration.
- The Master of Business Administration (M.B.A.).

Facilities

The School of Business Administration is housed in Self Hall on the Mississippi College campus. This building was made possible by a grant of funds from the Self Foundation of Marks, Mississippi. The building has the office space, classrooms, seminar rooms, laboratories and equipment necessary to provide the implementation of quality educational programs.

Undergraduate Programs

The School of Business Administration offers programs of study leading to the degree of Bachelor of Science (B.S.) in Business Administration. Within this degree, majors are available in Accounting, Business Administration, and Marketing.

Also, the School of Business has jointly with the School of Education a Bachelor of Science in Education.

Transfer Student Requirement

At least 50 percent of transfer student's 300-400-level business courses required for their business degree must be taken at Mississippi College.

Minors

The School of Business offers minors in Business Administration and International Business. Majors in business cannot minor in Business Administration.

European Study

The School of Business at Mississippi College recommends that students utilize their elective courses to study in Europe during the summer through its membership in a consortium. The center in Vienna, Austria, offers a three-week course (3 hours credit) in international business followed by the five-week courses offered in London, England, with an international emphasis in accounting, economics, finance, insurance, management, and marketing (3 to 6 hours credit). The schedule is structured to encourage study in both Vienna and London although students may choose either.

Information and applications can be obtained in the Business School Administration Office in Self Hall, Telephone: 601.925.3214.

Certificate Program

The purpose of a certificate program is to provide an area of concentration in the School of Business for individuals with a bachelor's degree. Persons wishing to change their career or acquire additional skills may be interested in this type of program. Upon completion, a certificate will be awarded and recorded on the transcript. A certificate program is offered in accounting.

Graduate Programs

Master of Business Administration (M.B.A.)

The M.B.A. program consists of thirty semester hours of graduate work and is offered at night. The program was designed for persons who are working and wish to continue their education at night.

In addition to the traditional M.B.A. described above, an M.B.A. with an Accounting Concentration is offered for students with an interest in advanced work in the field of accounting. Those planning to take the C.P.A. exam may complete the required courses and hours with this program. An MBA with a Finance concentration is also offered for students with an interest in advanced work in the field of Finance. An MBA with a Management Information Systems concentration is offered with an interest in advanced work in the field of Management Information System.

A joint J.D./M.B.A. is offered as an option for Mississippi College School of Law students. It has been designed especially for a person who wishes to complete both degrees while attending law school.

Master of Education (M.Ed.)

The School of Business Administration and the School of Education offer a joint program leading to a Master of Education degree with a major in Business Education. Education and general business courses required to earn this degree are offered in both

the day and evening schedules. Business education courses are offered primarily during the summer session and in the evenings.

Three-Three Law/Business Administration Program

After the approval of their academic advisors in consultation with the appropriate department chair, freshman pre-law students with an acceptable ACT or SAT score may elect to enter the Three-Three Program. Ordinarily, a 26 ACT score or 1180 SAT score will qualify a student for the program. Such students are expected to maintain at least 3.25 GPA in their undergraduate work to remain competitive for early admission to the Mississippi College Law School. Students in this program should plan to take the LSAT as soon as possible after their sophomore year, but no later than the fall of their junior year, as an acceptable LSAT score is required for admission to the Mississippi Law School. Acceptance into the Three-Three Program, however, does not automatically guarantee admission to the Mississippi College Law School.

Management

MGT 371 Principles of Management & Organizational Behavior Credit, 3 sem. hrs.

An introduction to management theory and practice through the study of (1) the basic functions of management - planning, organizing, leading, and controlling - and (2) individual and group behavior. Focused on preparing the student to respond effectively to a dynamic, global business environment.

MGT 471 Strategic Management

Credit, 3 sem. hrs.

Prerequisites: ACC 202; ECO 232; FIN 341; MGT 371; MKT 381; must be taken in last 30 hours

The capstone course for the undergraduate business school curriculum that integrates the fundamental aspects of business (marketing, finance, accounting, economics, operations) into a coherent view of management. Through the case analysis method, students study the role of strategy in the management of large and small firms and investigate the principles and practices that lead to successful organizations, both public and private. The final project is a formal classroom presentation where students must demonstrate proficiency in both oral and written communication skills as they present the results of group and individual research applying the principles learned during the semester.

MGT 473 Quantitative Business Modeling

Credit, 3 sem. hrs.

Prerequisites: FIN 341; GBU 351; MIS 327

Quantitative Business Modeling is an applications course designed to prepare the student for data analysis and decision making in the modern organization. The course begins by preparing the student to conduct fundamental data analysis, proceeds to develop the analytical and modeling skills required for decision analysis (strategies and methods for optimization, queuing, and simulation) and concludes with the basic skills necessary for managing technical projects. Along the way, the student will apply the skills learned to situations in management, finance, marketing, operations, accounting, and human resources management. The course makes extensive use of spreadsheet analysis (Microsoft Excel) and spreadsheet add-ins.

MGT 474 Human Resources Management

Credit, 3 sem. hrs.

Prerequisite: MGT 371

A study of personnel management concepts and techniques, including recruitment and placement, training and development, and compensation, to provide the student with a practical working knowledge of the processes involved in managing the human resources of an organization in a dynamic business environment.

MGT 475 Production and Operations Management

Credit, 3 sem. hrs.

Prerequisites: GBU 351; MGT 371

A study of the role of operations management in manufacturing and service firms. Special emphasis is placed on key topics in the fields of cost accounting, general management, industrial engineering, and quantitative methods.

Management Information Systems

MIS 225 Information-Word Processing

Credit, 3 sem. hrs.

Prerequisite: Basic keyboarding skills

Computer lab course where students gain hands-on experience using current word-processing application software. Overview of current trends in information technology, including networks, online resources, and information systems.

MIS 226 Business Software Skills and Applications

Credit, 3 sem. hrs.

A study and application of the basic skills needed in using current software packages including spreadsheet management, database management, and graphics.

MIS 327 Introduction to Management Information Systems

Credit, 3 sem. hrs.

Introduction to Management Information Systems is a lecture and application based courses that provides an introduction to the basics of information technology and its role in the organizational framework. The student will be provided with a background into the field of Information Systems and will be asked to apply the skills and techniques discussed in class in a variety of assignments.

MIS 426 Advanced Software Applications

Credit, 3 sem. hrs.

Prerequisite: MIS 327

An advanced computer lab course emphasizing database management, presentation software application, and computerized accounting in decision making.

MIS 427 Management Information Systems

Credit, 3 sem. hrs.

Prerequisites: CSC 114, MIS 327; MGT 371

An overview of the values and uses of the various types of information systems and technologies found in today's businesses. Also discussed are the skills managers need to propose and participate in developing information system solutions to business problems and opportunities.

MIS 428 Methods and Materials in Teaching Business

Credit, 3 sem. hrs.

Prerequisite: EDU 300

Objectives, materials and special methods of teaching business subjects. Prerequisite to Directed Teaching.

MIS 430 Electronic Commerce

Credit, 3 sem. hrs.

A study of electronic commerce on the Internet, including the technology, business concepts, and issues related to such areas as e-publishing, online monetary transactions, online news services, online career services, online entertainment, online trading, and internet marketing. The student will explore several electronic commerce challenges, such as security, taxation, and customer relationship management.

Marketing

MKT 381 Marketing

Credit, 3 sem. hrs.

An introductory overview of the marketing process, including segmentation and target market selection, marketing mix development, and marketing strategy with emphasis on the interaction with the business environment. Global impact, social responsibility and ethics, technology, and other macromarketing issues are included.

MKT 383 Personal Selling

Credit, 3 sem. hrs.

Prerequisite: MKT 381

An application-based course that addresses all aspects of the sales process. Students will improve verbal and written communication skills through mock sales situations, role-playing and product demonstrations. Students will participate in a self-development project that is designed to build self-esteem and confidence. Ethical dilemmas relating to salespeople will be extensively discussed.

MKT 384 Marketing Management

Credit, 3 sem. hrs.

Prerequisite: MKT 381

A study of the important managerial aspects of marketing, including new product development, product and brand management, logistics management, and decision making with an emphasis on marketing ethics.

MKT 429 Marketing Research (formerly MIS 429)

Credit, 3 sem. hrs.

Prerequisites: MKT 381; GBU 351

The study and application of techniques used to conduct systematic qualitative and quantitative business research. The course teaches a basic research process that includes characterizing business problems or opportunities and developing research objectives, designing a research methodology to address the research objectives, conducting the research in a systematic fashion, and using the tools of statistics to analyze and report the research results.

MKT 481 Consumer Behavior

Credit, 3 sem. hrs.

Prerequisite: MKT 381 or instructor's consent

The strategic implications of the internal, external, and decision-making factors which impact consumer purchasing patterns with emphasis on managerial applications.

MKT 485 Integrated Marketing Communications

Credit, 3 sem. hrs.

Prerequisite: MKT 381

An application-based study of marketing communications tools including advertising, promotions, direct marketing, personal selling, and public relations, and their coordination and integration into a unified program designed to influence a firm's marketing channel, customer, and internal constituencies.

MKT 486 Marketing Strategy

Credit, 3 sem. hrs.

Prerequisites: MKT 381, 384

An application of marketing concepts and skills within the business environment. Using computer simulations, students analyze data, make decisions, implement solutions, and evaluate results. The course provides an illustration of the effects of marketing planning, implementation, and control on the total business system.

Mission

The mission of the Mississippi College School of Education is to provide a caring Christian environment which facilitates the acquisition of knowledge in the behavioral sciences, teaching and learning, and health and human sciences. The School of Education provides the general education, professional studies, field and clinical experience, research skill development, and technological foundation required for each graduate and undergraduate program. These components generate the knowledge, dispositions, and skills necessary to render appropriate services to God and others in a professional environment while meeting all local, state and national performance standards.

History

The roots of today's School of Education date from the establishment of the Bachelor of Science in Education degree in 1950. This degree was followed by the Master of Education in 1954, the Educational Specialist in 1974, and the Doctor of Education in 2008. The School of Education was formed in 1977 from the Divisions of Education, Psychology, and Physical Education.

The School of Education is housed in Lowrey Hall which was renovated in 2005 and in Cockroft Hall which was completed in 1976. The School of Education has been a member of the American Association for Colleges of Teacher Education (AACTE) since 1957 and was the second institution in Mississippi to be accredited by the National Council for the Accreditation of Teacher Education (NCATE) in 1961. Counseling Programs received accreditation by the Council for the Accreditation of Counseling in Related Educational Programs (CACREP) in 2001.

The School of Education currently houses the Departments of Kinesiology, Psychology and Counseling, and Teacher Education and Leadership.

Mission

The mission of the Department of Teacher Education and Leadership at Mississippi College is to provide collaborative, integrated professional educator preparation which is field connected and focused on teaching and learning; based on best practice which is driven and assessed by high national, state, and local standards which will develop reflective practitioners with the appropriate knowledge, dispositions and skills to lead the 21st Century enterprise in America.

Program Goals

The underlying purpose of the Department of Teacher Education and Leadership is to further the aim of the University in offering the opportunity for well-rounded higher education in a Christian environment. The general objective is the professional preparation of classroom teachers and the offering of specialized work in educational leadership.

The Department of Teacher Education and Leadership is responsible for the preparation of teachers, supervisors, and principals. The University is a member of the American Association of Colleges of Teacher Education and is accredited by the National Council for Accreditation of Teacher Education (NCATE).

Degrees Offered

Four degrees are granted by the University with specialization in education: Bachelor of Science in Education, Master of Education, Education Specialist, and Doctor of Education. For the B.S. in Education degree, the student must select an area of specialization approved for teacher licensure by the state of Mississippi. Details concerning graduate programs are listed in the *Graduate Catalog*.

Admission Process to Education Program

Admission procedures in the Department of Teacher Education and Leadership involve three distinct phases: General Admission to the University; Admission to the Teacher Education Program (TEP); and Admission to Student Teaching.

Stage 1. General Admission:

Students who enroll in the University as an education major will be assigned a faculty advisor. The faculty advisor will review all records and counsel the student in preparation for entrance into the Teacher Education Program.

Stage 2. Admission to the Teacher Education Program (TEP):

Students will apply for admission into the Teacher Education Program (TEP) as part of the course requirements for **EDU 300** Introduction to Education. Transfer students, who have had the course equivalent of **EDU 300** at another four year institution, must make application to the TEP in the Office of Field Experiences during their first semester at Mississippi College. No upper level (300 and 400) courses including **EDU 300** are accepted in transfer from two year colleges as part of Teacher Education Program requirements. All students applying for entrance into the TEP must:

1. have successfully completed 44 semester hours of core.
2. have an overall (cumulative) GPA of at least 2.5.
3. have a minimum GPA of 2.5 in the area(s) of expected licensure.
4. pass the Praxis I--*PPST*. Students entering the program who scored 21 or above on the American College Test (ACT) with no sub-test below 18 (while in high school) are exempt from TEP entry testing requirements. A high school SAT of 860 (verbal/math) or higher will also waive entry testing requirements. In order to receive exemption, it is the student's responsibility to provide the Office of Field Experiences with a copy of the appropriate test record.
5. pass Mississippi College's Writing Proficiency Exam (WPE).

Teacher Education Program Maintenance Requirements

After admission to the TEP, a student must maintain at least a 2.50 cumulative grade point average for progression. A grade of C or better is required in all teacher education courses and teacher education courses may be repeated only one time. Only courses with a grade of D or F may be repeated. A failing grade in any two teacher education courses will result in dismissal from the TEP.

Teacher education courses may not be taken by correspondence and in keeping with University policy no correspondence course may be taken as part of the last 33 hours of the program.

Since standards for progress in the TEP are different from the minimum to avoid academic suspension from Mississippi College, a student who is ineligible to enter or remain in the TEP may still be eligible to remain a student at Mississippi College in another major.

Stage 3. Admission to Student Teaching Semester:

Student teaching assignments are generally restricted to Copiah, Hinds, Madison, Rankin, and Warren counties. Requests to student teach outside these areas must be made to the Department's Appeals Committee. Final authority rests with the Department of Teacher Education and Leadership as to the placement of student teachers. Student teaching is to be completed during the senior year after the following requirements have been met.

1. be admitted to the Teacher Education Program for at least one full semester prior to the semester of student teaching.
2. have completed **EDU 299** Pre-Teaching Field Experience.
3. have removed any grade(s) of **I** (incomplete).
4. have at least a 2.5 GPA in the area(s) of expected licensure as well as a cumulative GPA of 2.5.
5. have completed at least three-fourths of the required courses in his/her area of specialization, (secondary education students only).
6. have completed (with a minimum grade of C) all Professional Education courses except **EDU 460** Managing the Secondary Classroom, **EDU 431, 432, and 433** Directed Teaching in 7-12, (secondary education students only).
7. have completed (with a minimum grade of C) all Professional Education courses and subject matter courses except **EDU 458** Organization and Management of the Elementary Classroom , **EDU 421, 422 and 423** Directed Teaching in K-8 (elementary education students only).
8. have completed (with a minimum grade of C) all Professional Education and subject matter courses except **EDU 458** Organization and Management of the Elementary Classroom or **EDU 460** Managing the Secondary Classroom and **EDU 471, 472, and 473** Directed Teaching in K-12 (K-12 students only).
9. upon taking **EDU 458** or **EDU 460**— must pass with a grade of C or better.

Each student is responsible for returning the assigned forms properly completed to the Office of Field Experiences by the assigned date. Applications for student teaching are reviewed by the Director of Field Experiences.

Students pass Praxis I (PPST) which includes *Reading, Writing & Mathematics* as part of the entrance requirements into the TEP. Students also pass Praxis II which includes the *Principles of Learning and Teaching (PLT)* and a specialty area test required for licensure by the Mississippi Department of Education. •**PPST Scores required: Reading 170; Writing 172; Mathematics 169.** •**Required scores on the Praxis II (PLT and Specialty Area Tests) vary with grade level and content areas.**

Students must request that Educational Testing Services (ETS) send a copy of their scores to Mississippi College (Code 1477). It is important that students have their scores sent to the Mississippi Department of Education (Code 7599). Students should keep their original copy in a safe place for future use.

Nature of Student Teaching Program and Extent of Teaching

Every student seeking licensure for teaching in any area will be expected to arrange his/her work so as to devote one semester of the senior year to certain required professional courses which shall include Directed Teaching. A student must have been admitted to the Teacher Education Program before being eligible to enroll in the professional semester. This professional semester for student teachers covers a period of approximately eighteen weeks, including holidays and registration. No coursework other than the 12 hours in the Professional Semester can be taken during the student teaching semester.

Responsibilities of student teachers during the Professional Semester are outlined in the Teacher Education Handbook which students receive when they enroll in EDU 300 Introduction to Education. Students teachers receive guidance and instruction from the faculty advisor, college supervisor, and the cooperating teacher.

Background Checks for School Personnel

Although the Mississippi Code does not require student teachers to be fingerprinted and subjected to a criminal records background check, some school districts may require this as part of local school district policy.

Teacher Licensure

Licensure requirements are reviewed periodically by the Mississippi Department of Education; please consult the School of Education for the latest information. Licenses which entitle the holders to teach in the elementary and secondary schools in Mississippi are issued by the Mississippi Department of Education, Office of Educator Licensure, to applicants who complete the requirements for these licenses. Students who complete any of the teacher education programs offered at Mississippi College and pass all required tests are eligible for a standard Mississippi teaching license.

All persons applying for a license for the first time must have necessary test scores on file with the Mississippi Department of Education.

How to Apply for and Secure One's First Teacher's License

All graduates of Mississippi College who plan to teach in Mississippi must file an application for licensure. Application forms and instructions are available from the Teacher Education and Leadership Office in Lowrey 208.

The graduate who plans to teach in a state other than Mississippi will, after receiving this Mississippi license, secure a license application from the Department of Education of the state in which he or she wishes to teach and will file the completed application form with the Division of Licensure, Department of Education, of that state. If your out-of-state application asks for a section "to be completed by the certification/licensure officer where you completed an approved teacher education program," mail this to the Office of Teacher Education and Leadership at Mississippi College, Box 4009, Clinton, MS 39058.

Placement Files

Students who graduate in a Teacher Education Program should complete a placement packet to be filed with the administrative secretary of the Department of Teacher Education and Leadership. The placement file can be very helpful to graduates in obtaining educational positions. A fee is charged the student for processing the placement file. Placement files are kept for five years.

Licensure in the Sciences

A student graduating from Mississippi College and wishing to be licensed to teach one of the sciences (biology or chemistry) will major in that science and take the additional requirements in Secondary Education. It is expected that a student will be licensed in a second area of science or in General Science. An additional endorsement in one of the sciences may be obtained by having twenty-one semester hours in that science (with no grade below C). See the appropriate catalog section for details.

Required Subject-Matter Specialization

(For Secondary and Special Subject Teachers)

Students who wish to know the specific course requirements in their desired areas of specialization need to contact the Department of Teacher Education and Leadership office to secure a status sheet that will show all courses required for any particular secondary education program. Mississippi College prepares teachers in the following areas:

Grades 7-12 Licensure

- Business Education
- English
- Mathematics
- Science
 - Biology
 - Chemistry
- Social Studies

Special Area Licensure (K-12)

- Art
- Special Education - Mild/Moderate Handicapped
- Music - Instrumental
- Music - Voice/Piano
- Physical Education

Supplemental Licensure

Certain teacher licensure endorsements may be added to a Class A teaching license. Several supplemental endorsements are available through Mississippi College. These endorsements are sometimes included as part of another licensure program. Supplemental endorsements are more typically pursued by using electives to take the appropriate courses and/or taking additional courses beyond those required for the program major. Supplemental endorsements are also available to those who already hold an undergraduate degree and a valid Class A license. Supplemental licensure is only available to those who are pursuing a degree in elementary or secondary education or who already hold a Mississippi Class A license. Mississippi College offers supplemental endorsement programs in the following areas: comprehensive school health, computer applications, driver education, English as a Second Language (ESL), physical science, remedial reading, vocational preparation for the handicapped (must hold vocational licensure), special education K-6, special education 7-12, and gifted. Consult the appropriate secondary area department or the Department of Teacher Education and Leadership.

Honors Courses

By invitation of the Honors Council; see *Honors Program* section of *Undergraduate Catalog*.

EDU 321 Mathematics for Children **Credit, 3 sem. hrs.**

Prerequisites: EDU 300, MAT 207, and mathematics core; admission to TEP

This course involves the teaching of mathematics at all elementary grade levels. Emphasis will be placed on the use of manipulatives to develop conceptual understandings of all mathematics as well as the recommendations of the National Council for Teachers of Mathematics (NCTM). Includes Field Experience.

EDU 334 Early Literacy II **Credit, 3 sem. hrs.**

Prerequisites: EDU 300 and junior standing; must be taken concurrently with EDU 309

This course is designed to teach concepts, materials, and teaching strategies for oral language development and early systematic reading and writing instruction specific to vocabulary, fluency, and comprehension. Students will explore materials and techniques for teaching developmental skills and abilities in reading at the elementary level. Emphases will also be placed on diagnosis, prescription, and recent research findings in the area of reading methodology.

EDU 362 Special Education Practicum I **Credit, 1 sem. hr.**

Corequisite: Must be taken concurrently with EDU 455

This course will be divided into two placements of fifteen hours each. Considering the diversity of special education services, placement will be made based on the skills needed by the students and with teachers who have those skills. During the course of the three field experiences, the student will observe and work with the following populations: developmentally delayed, mild learning problems of elementary students, mild learning problems of middle school or junior high level students, mild learning problems of secondary level students, and learning patterns of moderately disabled students such as those who are trainable mentally retarded and autistic.

EDU 363 Special Education Practicum II **Credit, 1 sem. hr.**

Corequisite: Must be taken concurrently with EDU 456

This course will be divided into two placements of fifteen hours each. Considering the diversity of special education services, placement will be made based on the skills needed by the student and with teachers who have those skills. During the course of the three field experiences, the student will observe and work with the following populations: Developmentally delayed mild learning problems of elementary

students, mild learning problems of middle school or junior high level students, mild learning problems of secondary level students, and learning patterns of moderately disabled students such as those who are trainable mentally retarded and autistic.

EDU 403 Measurement and Evaluation of Student Progress **Credit, 3 sem. hrs.**

Prerequisite: Admission to TEP

This course is concerned with the measurement and evaluation of elementary and secondary pupils. Norm-referenced and criterion-referenced testing procedures are emphasized. Statistical interpretation is given special emphasis.

EDU 411 Children's Literature/Reading **Credit, 3 sem. hrs.**

Prerequisite: EDU 300

This course is designed to help future teachers know the importance of books and reading in the life of the young child and to develop a knowledge and appreciation of the wide variety and scope of recreational and informational materials available for grades K-8.

EDU 413 Current Educational and Psychological Testing Procedures I **Credit, 3 sem. hrs.**

This course is specifically designed to keep the student abreast with current tests required for special class placement. Close contact will be maintained with the State Department of Education requirements, acceptable tests, and testing procedures.

EDU 414 Current Educational and Psychological Testing Procedures II **Credit, 3 sem. hrs.**

This course introduces the student to the administration of current tests used in the IDEA and Section 504 processes. The student will also be introduced to the administration of current tests used in preschool assessments. The student will become familiar with the factors to be considered when conducting assessment, as well as the factors to be considered when determining educational disabilities.

EDU 415 Learning and Behavioral Interventions in the School Setting **Credit, 3 sem. hrs.**

This course offers students opportunity to develop an understanding of the principles of applied behavioral analysis and the skills to design, implement and evaluate behavior plans for students with various behavioral challenges. Skills as both direct interventionist and consultant will be developed.

Mission

The Kinesiology Department is dedicated to excellence in academic preparation and continued professional development throughout the lifespan. The department is committed to providing students with the knowledge and skills necessary to pursue their chosen fields. The curriculum is designed to offer students a broad based interdisciplinary education while allowing for in-depth study in a specific area. The kinesiology major focuses on the total development of the individual through the physical, intellectual, social, emotional, and spiritual dimensions of health. The department promotes healthy lifestyle alternatives and provides the skills and services that lead to more productive and satisfying lives.

Program Goals

The curriculum in kinesiology is designed to:

1. provide quality courses, laboratory experiences, and other educational opportunities that will prepare students for careers and advanced study in the field of kinesiology.
2. offer courses for the University Core Curriculum that improve and effectively maintain healthy lifestyles.

Majors

The Department of Kinesiology offers five tracks leading to the Bachelor of Science degree:

- I. **Physical Education K-12:** Prepares students for a teaching license in physical education. Additionally, students may select a supplemental endorsement or a minor in a subject matter field.
- II. **Sports Management:** Designed to combine liberal arts, kinesiology, and business in a curriculum focused on preparing individuals for careers in the sports industry.
- III. **Exercise Science:** Provides the theoretical, research, and clinical experiences for careers in preventive and rehabilitative health settings. It also provides students with the basic requirements for most graduate programs in Exercise Science. A pre-professional option which is specifically tailored for students who desire to pursue acceptance to a graduate program for physical therapy or other allied health professional programs is also offered.
- IV. **Fitness and Sports Science:** Program designed to have broad applications in the fitness, wellness, and sports industries.
- V. **Sports Ministry:** Designed for students interested in careers with Christian athletic organizations, or church based sports programs.

Minors

The department also offers minors in kinesiology, nutrition, coaching, and health; a driver education endorsement; and an educator license add-on endorsement in health.

The study and practical application of the theory and practice of evaluating fitness and prescribing individualized exercise programs. *ACSM's Guidelines for Exercise Testing and Prescription* will be utilized.

KIN 451 Current Topics in Kinesiology

Credit, 1 sem. hr.

Prerequisite: Permission of Department Chair

Selected topics will be offered to address identified needs and interests of kinesiology majors.

KIN 452 Current Topics in Kinesiology

Credit, 2 sem. hrs.

Prerequisite: Permission of Department Chair

Selected topics will be offered to address identified needs and interests of kinesiology majors.

KIN 453 Current Topics in Kinesiology

Credit, 3 sem. hrs.

Prerequisite: Permission of Department Chair

Selected topics will be offered to address identified needs and interests of kinesiology majors.

KIN 460 Internship in Kinesiology

Credit, 6 sem. hrs.

Prerequisites: Senior standing and permission of instructor

A semester long supervised fitness leadership experience during the senior year designed to provide opportunities for students to gain practical experience working in a medical, fitness or recreation facility. A minimum of 300 supervised clock hours is required. Internship site must be approved by academic advisor one semester prior to placement.

KIN 465 Internship in Nutrition

Credit, 3 sem. hrs.

Prerequisites: Minor in Nutrition and approval of Kinesiology faculty

A semester long supervised dietetic experience designed to provide opportunities for students to gain practical experience working in different settings. A minimum of 180 supervised clock hours is required. Internship sites must be approved by the academic advisor one semester prior to placement.

KIN 481 Biomechanics

Credit, 3 sem. hrs.

Prerequisite: BIO 111

This course is designed to provide students with an understanding of structural and functional kinesiology, and focuses on applying the concepts of mechanics to physical activity and sports performance.

Physical Activity PED Courses (non-academic)*

Class Absences for Activity Courses. A student is allowed two absences for activity classes. Should a student obtain the third absence, they will not receive credit for the courses. Limited make-ups will be allowed for emergency absences. It will be necessary for the student to obtain permission from the instructor to make up periods missed.

Mission

The mission of the Department of Psychology and Counseling undergraduate programs is to help students learn and apply the vast domain of psychological principles that exist in our world today. The goal is for the student to become an effective scientist-practitioner who can model and apply these psychological principles from a Christian perspective.

The department seeks to prepare students for further training and/or entry-level employment into one of the many professional paths available within the discipline.

Psychology Major Requirements (B.A. or B.S.)

The student electing to major in psychology must meet all University Core Curriculum requirements for the Bachelor of Arts or the Bachelor of Science degrees.

Basic Curriculum:

1. **Core requirements of 34 semester hours in psychology to include:**

- PSY 201 Introduction to Psychology
- PSY 301 Psychological Statistics
- PSY 314 Developmental Psychology
- PSY 331 Student Research
- PSY 336 Experimental Psychology
- PSY 337 Experimental Psychology Laboratory
- PSY 340 Career Paths in Psychology
- PSY 423 Abnormal Psychology
- PSY 437 Psychological Testing
- PSY 443 Psychology of Personality
- PSY 438 Physiological Psychology
- PSY 482 Psychology of Learning
- PSY 483 Psychology of Learning Laboratory

2. The student electing the B.A. degree must take a modern language for a total of 34 semester hours in psychology.

3. A student electing the B.S. degree must take an additional 6 hours of electives in psychology for a total of 40 semester hours in psychology. The student in the B.S. degree program must also take 6 additional hours in psychology or a related field. These hours do not necessarily have to be in the same academic area in which the minor is earned.

Admission

Requirements for the undergraduate psychology major:

The undergraduate psychology major is designed primarily as preparation for graduate study, and most graduate schools require at least a 3.00 GPA for admission. Thus, it is not advisable to enter this major without a cumulative GPA of 2.5 or higher, and one should not continue in the program without maintaining a GPA above 2.5 in the major field.

Additional Requirements: Students majoring in psychology should meet with their psychology advisors in selecting appropriate minors and other elective coursework.

Psychology Minor Requirements

The student who elects to minor in psychology must take:

PSY 201 Introduction to Psychology

PSY 423 Abnormal Psychology

PSY 314 Developmental Psychology

and an additional 9 hours of electives in psychology for a total of 18 hours.

Honors Courses

By invitation of the Honors Council; see *Honors Program* section of *Undergraduate Catalog*.

Psychology Course Descriptions

Each semester hour of credit represents approximately one clock hour of recitations and lectures per week for one semester, or the equivalent.

PSY 201 Introduction to Psychology (General Psychology) Credit, 3 sem. hrs.

History

The establishment of the Mississippi College School of Nursing was the realization of a dream of a former president of the University, Dr. Richard A. McLemore. In 1966, the Gilfoy School of Nursing, Baptist Hospital, Jackson, Mississippi, the only Baptist school of nursing in the state, decided to phase out its diploma program in nursing. The program graduated its last class of nursing students in June, 1971. Dr. McLemore believed that Mississippi College had the academic competence and Christian environment in which to educate nurses with excellent professional and Christian qualities. Additional impetus for the establishment of the School came when the Foreign Mission Board of the Southern Baptist Convention raised its minimum requirement for becoming a missionary nurse to a bachelor of science in nursing degree. In 1968, the Board of Trustees of the University approved the establishment of the Mississippi College School of Nursing, and in 1969, the first class of nursing students was accepted by the University.

Mission

The Mississippi College School of Nursing mission is to provide excellence in baccalaureate nursing education within a Christian institution. Graduates are prepared to engage in professional nursing practice as generalists, and to become positive contributors to the profession, to the community, and to society.

Program Goals

The School of Nursing strives to:

1. Advance the mission of Mississippi College;
2. Prepare professional nurses to function as generalists in a variety of settings;
3. Contribute to the delivery of health care in Mississippi with a global perspective;
4. Advance the practice of professional nursing;
5. Prepare graduates who will pursue opportunities for lifelong personal and professional development;
6. Promote an environment of Christian caring which encourages professional, spiritual, intellectual and personal development of the faculty and students; and
7. Provide a foundation for graduates to assume leadership roles in meeting health care needs.

Program Objectives

In keeping with the philosophy of the Mississippi College School of Nursing, the graduate, upon completion of the program should:

1. Practice professional nursing within the legal and ethical framework of a changing society;
2. Integrate knowledge drawn from nursing, humanities, natural and behavioral sciences in the provision of professional nursing care;
3. Utilize the nursing process in assisting clients to attain, maintain, or regain an optimal level of health;
4. Accept responsibility for self-direction in pursuit of personal and professional goals;
5. Incorporate therapeutic communication into professional nursing practice;

6. Employ various nursing roles in collaboration with other health professionals and counselors for the enhancement of health care; and
7. Utilize the research process to enhance the quality of professional nursing practice.

Accreditation

The School of Nursing is accredited by the Mississippi Board of Institutions of Higher Learning and the Commission on Collegiate Nursing Education.

Facilities

The School of Nursing is located in Cockroft Hall which provides a central location for nursing faculty offices and classrooms. The Harvey Garrison Jr. Learning Center houses the audio-visual media and simulated patient care centers. The audio-visual capacity is augmented by the University's Learning Resources Center located in the Leland Speed Library.

Nursing classes are conducted on the Mississippi College campus. The clinical portions of the nursing courses utilize a variety of hospitals and agencies in the Jackson area. Students may also elect learning experiences in other localities within the United States or abroad.

Policies

The school of nursing has policies that are specific to the School of Nursing. **Nursing students should review these policies, which involve both academic and non-academic matters.** The policies are included in the Student Handbook that is provided to each student upon admission to the School of Nursing. Each student is expected to abide by these School of Nursing policies; failure to do so may result in dismissal from the program.

Criminal Background Checks

In accordance with Mississippi legislative statues and regulations for health care institutions regarding criminal background checks, every student must have fingerprints taken and a criminal background check completed. Cost of these requirements will be the student's responsibility. The student must be in compliance with the legislative statues and hospital policies to participate in clinical experiences.

Licensure

Successful completion of the nursing program with the Bachelor of Science in Nursing degree permits the student to make application to take the National Council Licensure Examination for RN licensure examination. However, any disciplinary action, arrest, charge, addiction, or impairment may result in denial of licensure as a registered nurse.

Degree Programs

The School of Nursing offers a program of study leading to a Bachelor of Science in Nursing degree. This is the basic professional degree for nurses and the foundation for graduate nursing education. The nursing curriculum provides general knowledge in the arts and sciences with specialized content in professional nursing.

Curriculum

The nursing curriculum is designed to enable the student to secure a broad foundation in general education with content in professional nursing education. The

general education courses aid in broadening one's understanding of oneself and others, in enhancing the ability to communicate effectively, and in providing a perspective of the society within which one lives and practices the profession.

High School Preparation

The recommended high school preparation for a major in Nursing should include 3 units of science, one of which should be chemistry, and 2 units of math, including algebra.

Admission

Generic Students

To enter the School of Nursing, one must first be admitted to Mississippi College and then be accepted by the School of Nursing into the clinical portion of the nursing major. Admission to the University does not guarantee admission to the nursing major.

The School of Nursing admits twice each year, at the beginning of the fall and spring semesters. Pre-nursing students need to submit their completed applications to the School of Nursing office by February 1st preceding the fall semester or September 1st preceding the spring semester they wish to enter. Students applying for admission after these dates will be considered on a "space available basis." Students should have completed most core courses prior to applying for admission to the clinical portion of the nursing major.

Students who have taken all their work at Mississippi College have priority for admission if they meet the minimum requirements. Transfer students may be admitted if there is space available in the class. The total number of hours taken at MC and the grade point average are considered along with the minimum requirements in the admission of students.

Minimum requirements for admission to the nursing major include:*

1. Completion of all prerequisite courses.
2. Successful completion of university core courses or a faculty-approved plan for completing these in a timely fashion.
3. A cumulative grade point average (GPA) of 2.50 or higher based on work completed at Mississippi College.
4. A minimum grade of C in psychology, sociology, anatomy and physiology, microbiology, chemistry, statistics, algebra and computer science.
5. A minimum score of the 50th percentile (Composite/ALL) on the NLN Pre-Nursing and Guidance test. (Required for students who are not already registered nurses.)
6. Nelson-Denny Reading test.
(Required for students who are not already registered nurses.)
7. Successful completion of ENG 101 and ENG 102 English Composition.**
8. Consistent with State law for health care providers, and for compliance with clinical agency requirements, criminal background checks and/or drug screenings may be required. Failure to successfully meet requirements for the background check or drug screening may result in denial of admission to or progression within the School of Nursing.

**Note: Admission to the nursing major for transfer students is competitively based. The requirements listed above are the minimum for admission to the program. Prospective nursing students are strongly encouraged to exceed minimum levels of work, especially in relation to grade point average, grades in the nursing prerequisite courses, and scores on the Pre-nursing and Guidance, critical thinking and reading tests. When there are more qualified applicants than can be accommodated by the faculty and available clinical facilities, the Admissions and Progression Committee will select those most qualified for the positions available. The Committee may take into account any and all aspects of the student's prior educational record in assessing preparation for success in the nursing program. Careful consideration is given to achievement in prerequisite courses.*

***Students should make every effort to complete writing proficiency requirement prior to admission to the School of Nursing.*

RN-BSN Completion Students

Advanced placement in the nursing major is available to the registered nurse who is a graduate of a state-approved diploma or associate degree program. Mississippi College School of Nursing is committed to providing opportunities for educational advancement for working registered nurses through online delivery of courses and flexible clinical experiences.

Acceptance to the nursing major is dependent upon the satisfactory fulfillment of selected liberal arts and nursing core courses. Some of these courses may have been taken elsewhere, provided they are equivalent to the courses taught at Mississippi College. Equivalency is determined by the Dean and the Registrar.

The registered nurse student must meet the minimum admission requirements for Mississippi College, have completed most core and prerequisite courses, provide evidence of an unrestricted registered nurse license or authorization to practice as a Registered Nurse in the State of Mississippi, and have criminal background clearance for clinical practice in the Mississippi. In addition, students must have access to a computer and internet services.

The validation process of previous nursing knowledge consists of successful completion of **NUR 303** Health Assessment, **NUR 324** Transition to Professional Practice, and **NUR 451** Special Studies in Nursing, the required nursing prerequisite courses and portfolio evaluation. Upon successful completion of these courses and the validation process, 30 hours of credit will be granted for **NUR 344** Clinical Practice I, **NUR 345** Nursing I, **NUR 343** Pharmacology, **NUR 325** Clinical Practice II, **NUR 327** Nursing II, **NUR 414** Nursing III, and **NUR 416** (2 hrs. only) at a cost of \$8.00 per hour (total of \$240).

Financial Information

Detailed financial information is located in the Financial Information section of the *Undergraduate Catalog*. Further information regarding Nursing Scholarships may be obtained from the Office of Financial Aid.

For nursing majors taking clinical courses, the costs of uniforms, annual physical examinations, assessment supplies, malpractice insurance, standardized tests, NCLEX Review, professional association fees and a \$50.00 charge per semester hour of clinical work are in addition to the standard university tuition, fees, and books. Some courses may require that students use their personal cars or share rides with fellow students.

Academic Information

Advising

The Dean of the School of Nursing or a designated faculty member acts as general advisor to all nursing majors and to students who have not yet been formally admitted to the nursing program. Faculty advisors counsel students regarding academic concerns, adjustment to university life, and professional goals.

Class Attendance

Students in the nursing major are subject to Mississippi College and the School of Nursing rules regulating class attendance and absences as outlined in the *Undergraduate Catalog* under *Attendance Regulations* and the *School of Nursing Handbook*. Attendance in class and clinical laboratory is required and students are expected to attend regularly and to be on time to all learning experiences.

Off-Campus Credit

The Dean of the School of Nursing reserves the right to determine whether any course from another institution will be accepted toward a degree in nursing at Mississippi College.

Academic Standards Specific to the Nursing Major

After admission to the nursing major, a student must maintain at least a 2.00 cumulative grade point average for progression. A grade of C or better is required in all nursing courses and nursing courses may be repeated only one time. The failure of any two theory or clinical courses will result in dismissal from the nursing program. Specific progression policies may be found in the *School of Nursing student handbook*. There is a five-year time limit that applies to all courses in the nursing major. Any student, for whatever reason, who does not graduate within a five-year time period may be required to repeat any nursing course taken more than five years previously. Students are required to complete all nursing courses within a level before progressing to the next level.

Since minimum standards for progression in the nursing major are different from the minimum to avoid suspension from Mississippi College, a student who becomes ineligible to enter or remain in the nursing major may still be eligible to remain a student at Mississippi College in another major.

Graduation Requirements for Bachelor of Science in Nursing (B.S.N.)

The general requirements for the bachelor's degree in Nursing are:

1. A total of 131 semester hours of university work. No more than 6 semester hours earned by correspondence or extension courses, and no more than a total of 30 hours of non-residence work (including correspondence or extension courses, credit by examination, credit for specialized training in the armed forces) can be applied toward meeting requirements for graduation. The last 33 semester hours must be taken in residence at Mississippi College. The last 65 hours must be taken at a senior-level university.
2. Compliance with the general graduation requirements of Mississippi College.
3. A grade of C or higher in each nursing course.

Junior students are advised to request from the Office of the Registrar an official degree audit. This degree audit shows hours, grade points (GPA) earned and major requirements yet to be met. Each student is entitled to only one degree audit before the final graduation audit unless there is a change of major or minor.

The School of Nursing reserves the right to withhold a degree of any student deemed unsuitable for the practice of nursing.

Further information pertaining to graduation may be found in the *Academic Information* section of the *Undergraduate Catalog*.

History and Purpose

Mississippi College was authorized to offer work leading to a graduate degree in 1950, and courses were offered on a systematized basis for the first time in the summer of 1950. Enrollment growth in this area, as well as increased enrollments in the undergraduate areas, led to a reorganization of the academic structure, in which departments were assigned to divisions with a chair for each division. At that time (1961) the Division of Graduate Studies came into being.

In 1975, the Division was elevated to the Graduate School. The School is administered by the Dean of Graduate Studies who serves as chairman of the Graduate Council, the decision-making body concerning programs, courses, faculty, and matters related to graduate work. The Council consists of the deans and select chairs of the departments and schools which offer undergraduate as well as graduate courses.

Mission Statement

The mission of the Graduate School is to promote and support quality graduate education within academic departments. The Graduate School in cooperation with the Graduate Council establishes policies and procedures which support quality research, scholarly activities, and advanced learning techniques among departments which offer graduate degrees. The Graduate School shares mutual responsibilities with departments to prepare students to conduct research, to produce creative work, to develop analytical skills and to perform successfully in their chosen professions.

Accreditation

Accreditation is an important assurance to the university student. Mississippi College is accredited by The Commission on Colleges of the Southern Association of Colleges and Schools to award bachelor's, master's, education specialists degrees, the education doctorate and the first professional degree in law. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Mississippi College. Accreditation by The American Chemical Society, The American Council on Teacher Education, The Association of Collegiate Business Schools and Programs, The National Association of Schools of Music, The National Council for Accreditation of Teacher Education, and The National League for Nursing testifies not only to the quality, but also to the variety of the University's instructional program. The Mississippi College School of Law is accredited by the American Bar Association and the Association of American Law Schools.

The Graduate Faculty

Meeting Needs of Students

Members of the Mississippi College faculty hold graduate degrees from more than thirty different doctorate-granting institutions. Many have had practical experience in their areas of expertise and offer to classroom students both education and experience that provide maximum benefit to each enrollee.

Flexibility and accommodation represent hallmarks of the current graduate programs at Mississippi College. Our night classes enable a student to earn an entire degree by taking only night or summer courses. Our summer sessions are constantly adjusted to meet the needs of our student clients. Abbreviated courses of one to two weeks are offered in the summer, and several workshops are scheduled each summer session. We currently offer off-campus courses for students where student demand justifies such offerings. Curriculum review is constantly underway in order to meet the changing interests and requirements of our graduate students. A key commitment to the graduate school at Mississippi College is to make education "within your reach" from the standpoint of both price and course offerings.

The School of Law

Mississippi College School of Law began as a dream of the late Dr. D. M. Nelson who served as president of the university from the depression years until 1957. During his tenure, Mississippi College moved from a struggling all-male, liberal arts institution to a strong, co-educational university that would serve as the foundation for a university system. By the early 1950s, Dr. Nelson was already predicting that the university would one day boast of a law school located near the state capitol.

It was not until 1969, however, that Dr. Nelson's prophecy moved closer to reality when Mississippi College and others independent of the university undertook a study as to the feasibility of establishing a quality law school in the central part of the state. Those studies led to the conclusion that an accredited law school was needed in the state capital of Mississippi, and Mississippi College was the logical institution to undertake the task of establishing one.

In the fall of 1975, the law school officially opened its doors, with the convening of its first classes on the main campus in Clinton. A number of outstanding practitioners and leaders of the state bar were recruited to serve as faculty, and the school immediately began the task of obtaining ABA approval. Within five years, the goal of obtaining accreditation had been reached and the school moved into its permanent facility located in the center of downtown Jackson.

The development of the law school since 1980 has been remarkable. Achievement of accreditation and membership in the Association of American Law Schools made possible the expansion of both faculty and student recruitment to a national scale, thus moving the school toward its goal of building a strong, regional law school. As a result, the school now has a well-recognized faculty that reflects a rich diversity in both professional and educational backgrounds, many of whom have national reputations in their specialties. The student body is equally diverse and is drawn primarily from the southeastern United States.

The law school's success has been reflected in state and regional recognition it has received through its law review, outstanding performances by its appellate and trial teams, student participation in inter-law school organizations, graduate placement in prestigious positions, and selections of its graduates for judicial and political positions.

Admission to the School of Law

The faculty of the law school annually sets the admissions standards for the Doctor of Jurisprudence program. These standards are based primarily on the undergraduate grade point average, the LSAT score, and personal or academic achievements and honors. As a general rule, the bachelor's degree from a regionally accredited four-year college or university is a prerequisite for admission. However, a limited number of Mississippi College students who have demonstrated exceptional academic ability, may combine undergraduate work with law school work to receive in six years a bachelor's degree and the Doctor of Jurisprudence degree. These students are permitted to spend the senior undergraduate year as full-time law students accumulating credit toward the undergraduate and law degrees simultaneously. At the end of the first year of successful law study, the undergraduate degree may be awarded. A student desiring such an arrangement should consult with the Vice President for Academic Affairs.

In order for an applicant's candidacy to be considered by the Admissions Committee, the individual's admissions file must be complete. A completed file consists of the following:

1. A completed application form
2. An LSAT/LSDAS report—every applicant must take the Law School Admission Test (LSAT) and register with Law School Data Assembly Service (LSDAS) prior to being considered for admission.
 - a. An LSAT score obtained more than three years before application is made to law school will not be considered.
 - b. LSDAS is a transcript evaluation service. For information applicants should write to:
LSAC/LSAS
Educational Testing Service
P. O. Box 400
Newtown, PA 18940-0998
3. An application fee, if not waived.
4. Letters of recommendation are optional but are encouraged. It is preferred that letters of recommendation be submitted by individuals who are familiar with a candidate's academic ability, and they be mailed directly to the law school's Admissions Office or received through LSDAS Letter of Recommendation Service. If you choose to use the Letter of Recommendation Service included in your LSDAS Registration, follow the directions for submitting letters outlined in the LSAT/LSDAS Registration and Information Book.

Requirements are subject to change without notice.

Applications are received until June 1 prior to fall registration or until the class closes. Candidates are encouraged to submit their applications and complete their files as early as possible. When an applicant is accepted, a \$250 deposit must be received by April 1 or within two weeks of receipt of notification of acceptance, whichever is later. However, in order to assure a place in the entering class, the applicant may send the deposit any time after acceptance. A second deposit of \$250 must be received by June 1. Upon enrollment, both nonrefundable deposits are credited to the applicant's tuition. For additional information see the Law School website at www.law.mc.edu

History of Mississippi College

Mississippi College is an accredited comprehensive university affiliated with the Mississippi Baptist Convention. Its academic programs of liberal arts and sciences and professional studies are dedicated to the pursuit of academic excellence. The Board of Trustees is elected by the Convention for three-year terms, and its members serve on a rotating basis. The College receives support from the Mississippi Baptist Cooperative Program; from gifts by alumni and friends of the College; from corporations; from endowment income; and from student fees.

Mississippi College, chartered by the legislature in 1826, is the oldest institution of higher learning in the state of Mississippi. Originally called Hampstead Academy and later Mississippi Academy, the College was named Mississippi College in 1830 and authorized “to confer . . . such degrees in the arts, sciences, and languages as are usually conferred in the most respectable colleges in the United States . . .”

A private institution, the College was for several years coeducational and in 1831 was the first such college in the United States to grant a degree to a woman. In 1842 the institution was given to the Presbyterian Church which, upon encountering financial difficulties, returned the College to the original owners in 1850. Later that same year, the Mississippi Baptist Convention obtained the College and began operation through a Board of Trustees.

In 1850 the Female Department was discontinued; and in 1853 a Central Female Institute, later renamed Hillman College, was established in Clinton. In 1942 Mississippi College purchased and absorbed Hillman College, and the institution was again coeducational.

Mississippi College suffered grievously during the Civil War. Its endowment was destroyed, its student body disbanded, and its physical plant allowed to deteriorate. The post Civil War period was one of heart-breaking effort on the part of Baptists and educational leaders to restore the College to its former position of leadership. Enrollments were low; the income of the College was limited. The group of dedicated faculty members who appreciated the value of Christian education labored steadily and courageously to overcome the handicaps.

Under the leadership of Dr. Warren S. Webb (1873-1891), the College was restored to a position of stability. During the administration of Dr. W. T. Lowrey, a substantial beginning was made in the accumulation of an endowment fund and the development of plant. Dr. J. W. Provine's administration was an unusually fruitful period. The former Provine Hall (now destroyed), Lowery Hall (the former library, now renovated as the education building), Alumni Hall, Farr-Hall Hospital, Jennings Hall, Ratliff Hall, and Chrestman Hall were constructed. The endowment was increased to more than \$500,000, and the College was accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097, Telephone Number 404.679.4501), and the enrollment reached 400 during his presidency. During the 25-year period of Dr. D. M. Nelson's administration, the College withstood the ravages of the great depression and emerged a stronger institution. The admission of women and the end of World War II brought about a rapid increase in enrollment and forced expansion of the physical plant. Nelson Hall — the administration, auditorium, and classroom building — was erected; Lowrey Hall was enlarged; Hederman-Gunter and Mary Nelson residence halls for women were erected; and Ratliff Hall, men's residence hall, was improved by the addition of two wings.

The College continued to grow under the administration of Dr. R. A. McLemore. Enrollments grew and plant additions during his eleven-year administration included the Leland Speed Library, Aven Fine Arts Building, the B. C. Rogers Student Center, Hederman Science Building, Latimer-Webb Residence Hall, Whittington Residence Hall, Self Hall, and Hendrick House (President's home). The old cafeteria was converted into a women's gym; the Old Chapel (now Provine Chapel) was restored; Ratliff and Chrestman Residence Halls were renovated; and a program of campus improvement was begun.

Dr. Lewis Nobles' administration, which began in July 1968, saw continued growth in the areas of enrollment and quantity and quality of faculty, resulting in improvement of instruction, curriculum expansion, library accessions, and plant improvements. In the spring of 1975 students began use of the addition to the library and the electronic media center. Constructed from funds raised during the 1972-75 Commitment Campaign, this was the first of three proposed facilities. Other construction included the Cockroft Hall for the School of Nursing and Department of Home Economics and the A. E. Wood Coliseum, a multi-purpose building. The Law School building in downtown Jackson was remodeled and was occupied by the School of Law in January of 1981. The James Moody Adams Field House was dedicated in October of 1983. Latimer House, a Victorian home steeped in Mississippi College history, was dedicated in October of 1991.

With the resignation of Dr. Nobles on August 3, 1993, Dr. Rory Lee, Vice President for Institutional Advancement, was named Acting President. In July of 1994, Dr. Howell W. Todd came as the new President of Mississippi College.

Dr. Todd's administration was committed to preparing Mississippi College for the 21st century. As part of that mission, Dr. Todd targeted a number of physical improvements to maintain and replicate the architectural character of the Mississippi College campus. Renovations and remodeling of Latimer-Webb, Mary Nelson, and Whittington residence halls have been completed. Nelson Hall, and Alumni Hall have been renovated. Self, Farr, and Aven Halls also received renovations. In addition to renovations, state-of-the-art soundproof music practice rooms were installed in Aven Hall. New construction included two new residence halls, 106,000 square foot healthplex and a math, computer science and chemistry complex. A campus-wide computer network, MCNet, offers access to the Internet and acts as a communication link for all administration, faculty, staff and students. In 2002, MC successfully completed a \$100 million capital campaign entitled "New Dawn" launched in 1996, the largest campaign in the school's history. Through these physical, financial and technological advances, Mississippi College can continue its legacy of academic excellence and Christian witness while offering the best of the total university experience.

In June 2001, Dr. Howell Todd retired as president of the University after serving seven years. The Board of Trustees named Dr. Lloyd Roberts, Vice President for Business Affairs and Professor of Management, to serve as Interim President from July 2001 until June 30, 2002. Dr. Lee G. Royce became the 19th president of Mississippi College on July 1, 2002.

During Dr. Royce's presidency, Lowrey Hall, Ratliff Hall, and Aven Auditorium have been renovated, Hederman and Gunter Halls have been refurbished, a new football field, soccer field, track and new practice fields have been built, stands have been added at the Tennis Complex, a new campus entrance sign was constructed, new

covered batting cages have been built at the baseball field, and a Gore sculpture has been added to the campus. Also a new Art Gallery has been constructed and 3rd floor Alumni Hall has been renovated as Alumni Conference Center. The Accelerated Degree Program has been established as well as new sites in Maidson and Rankin counties which are bringing increased enrollment. Other significant accomplishments include creation of the Mississippi College Foundation Board, increased fund raising efforts which include an increase in alumni giving, beautification of the campus, increase in enrollment from 3,300 to 4,200, and endowment growth from \$32,000,000 to \$48,000,000. Mississippi College's vision to be a university recognized for academic excellence and commitment to the cause of Christ remains strong.
