### *Accreditation and State Authorization*

Mississippi College was first authorized by the Mississippi Senate and House of Representatives in 1826 as an “academy” under the name, Hampstead Academy. The institution has operated as an educational institution since that time. The name, Mississippi College, was formally approved by the Mississippi House and Senate in 1830.

In the modern era, Mississippi College is institutionally accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC), to award bachelors, masters, education specialist degrees, and doctoral degrees. Questions or complaints about the accreditation of Mississippi College may be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, by calling 404-679-4500, or by using information available on the SACSCOC website ([www.sacscoc.org/](http://www.sacscoc.org/)).

In addition to institutional accreditation, Mississippi College is authorized and approved by the Mississippi Commission on College Accreditation (MCCA) as a private, not-for-profit institution to offer postsecondary academic degrees. The MCCA has authority to address possible violations of its standards and regulations, policies and procedures, as well as address possible violations of an institution’s own policies and procedures. The MCCA website ([http://www.mississippi.edu/mcca/student\\_complaint\\_process.asp](http://www.mississippi.edu/mcca/student_complaint_process.asp)) has links to a Student Complaint Process form that can be used for all complaints and also provides information related to filing complaints with other relevant entities and branches of the State and Federal government. The MCCA may be reached by mail or phone as follows: Mississippi Commission on College Accreditation, 3825 Ridgewood Road, Jackson, MS. 39211. Phone 601-432-6336

***Volume 109***

***Number 1***

Students entering Mississippi College for the 2024-2025 session (effective May, 2024) must meet major and minor requirements as set forth in this edition or as in any agreement made with other institutions, as well as the general degree requirements for graduation contained herein.

A student readmitted after an interruption of more than two years in the course of study at Mississippi College may, at the discretion of the University, be required to fulfill the graduation requirements in the catalog in force at the time of readmission.

This Catalog does not constitute a contract between the University and its students. The University reserves the right to change any of its regulations, charges, rules, and courses without notice and to make such changes applicable thenceforth, not only to new students but also to students already registered.

Mississippi College offers curricula in various professional fields, as well as general or liberal arts education. In the professional fields, curricula generally include both academic and practical or clinical requirements. In some professional fields (such as nursing, teacher education, and others) it is necessary to pass an examination or other requirements of the professional organization in order to be admitted to the profession. Curricula at Mississippi College are designed to expose students to the skills and knowledge essential to the relevant profession, and the student must successfully complete the requirements of the appropriate curriculum in order to receive a degree. However, Mississippi College cannot guarantee that any student admitted to a given program of study will complete that program successfully. Neither can Mississippi College guarantee that one who completes the degree program will pass the external examination of the professional organization or secure employment in the profession. These factors are not within the control of Mississippi College.

All undergraduate students enrolled at the University are subject to all rules and regulations as specified in the Student Code of Conduct as well as other university policies. Copies of all student policies may be secured from the Office of the Associate Vice President for the Student Experience and Dean of Students or accessed on the Mississippi College website at <https://www.mc.edu/students/student-experience-policies>. Failure to read these policies does not excuse students from the requirements and regulations contained therein.

No commercial solicitation is allowed on Mississippi College property or of Mississippi College students. It is the goal of Mississippi College to assist in the development of good health and clean air. All buildings including areas near entrances and exits on the Mississippi College campus - Academic, Administrative, Athletic, Residential, and the Student Center - are declared to be "smoke free" and all persons associated with the University are expected to adhere to the policy of "No Smoking."

Student complaints are handled through the campus offices having responsibility for the area where the complaint is directed. Complaints relating to academic issues should be in writing and filed with the appropriate department chair or the chair of the complainant's major department. The complainant may discuss the grievance with the department chair who will address the grievance first. The decision of the chair may be appealed to the dean whose decision will be final. In cases where the dean is the source of the complaint or in an extraordinary case, the complaint will be handled by the Provost. For non-academic areas, complaints should be filed or discussed with the appropriate supervisor of the area where the complaint is directed. The supervisor may advise the student on the appropriate route for addressing the complaint or refer the matter for resolution by the appropriate vice president whose decision is final.

## Mission

Mississippi College, governed by a Board of Trustees elected by the Mississippi Baptist Convention, is a private, co-educational, comprehensive university of liberal arts and sciences and professional studies dedicated to the pursuit of academic excellence. Founded in 1826, Mississippi College is the oldest institution of higher learning and the largest private university in the state of Mississippi. As a Christian institution, Mississippi College values the integration of faith and learning throughout the educational process.

Consistent with its Baptist heritage and relationship to the Convention, Mississippi College provides a quality Christian education for its student population. Students select the University because of the quality of its academic programs, Christian environment, and location. The University strives to recruit students who demonstrate excellence in scholarship, leadership, and church/community involvement. The majority of students come from Mississippi and other southeastern states.

Mississippi College stimulates the intellectual development of its students through the liberal arts and sciences and concentrated study in specialized fields. Furthermore, the university environment promotes the spiritual, social, emotional, and physical development of its students and encourages them to utilize their skills, talents, and abilities as they pursue meaningful careers, life-long learning, and service to God and others. The University emphasizes those undergraduate, graduate, and professional programs which offer opportunities for service. Additionally, the University reflects its responsibility of service to the community through a variety of learning opportunities and numerous cultural enrichment experiences.

Mississippi College is committed to excellence and innovation in teaching and learning. The University seeks to employ and retain faculty who are dedicated to teaching/learning and advising students, who support and engage in scholarship and creative activities that advance knowledge, and who seek to continue their own professional development. The University also seeks to employ and retain staff and administrators who are equally dedicated to supporting these efforts. Furthermore, the University selects employees who reflect Christian values and a commitment to service. Mississippi College is an equal opportunity employer in accordance with Title VII and applicable exemptions.

**Official mission statement as adopted by the Board of Trustees 1998**

## Vision

Mississippi College seeks to be known as a university recognized for academic excellence and commitment to the cause of Christ.

**Official vision statement as adopted by the Board of Trustees 2004**

## Facts About Mississippi College

**Location:** Clinton, Mississippi (Population 26,996)

**Campus Population:** over 4,014

**Main Campus:** 140 acres

**Type:** four-year, co-educational

**Average ACT for freshmen:** 24.06

**Affiliation:** Mississippi Baptist Convention

**Cost:** approximately \$35,820 per year (including room, board, tuition and fees)

**Library:** 172,295 volumes

**Honors College:** Incoming freshmen with a score of 29 or higher on the ACT or a score of 1330 or higher on the SAT are invited to apply to the Honors College. Cohorts are selected by an competitive interview process.

**Junior/Senior Honors programs:** open to freshmen, sophomores, juniors, and seniors and administered by Honors Council

**Student-faculty ratio:** 14 to 1

**Preferred time for campus visit:** early in fall semester by appointment

**Summer School:** two-week mini term; one ten-week term; two five-week terms; one eight-week term; two seven-week terms

**Minimum time required for graduation:** two and one-half calendar years

**For additional information call:** 601.925.3000

## ***Enrollment\* (Fall Semester, 2023)***

Total Headcount Enrollment 3,014  
Number of Male Students 1,588  
Number of Female Students 2,426  
Number of Resident Students 1,795

## ***Geographic Representation\****

82 of 82 Mississippi Counties  
39 of 50 States  
44 Foreign Countries

***\*Includes undergraduate, graduate, and law enrollment***

## ***Size and Location***

Although Mississippi College is the largest private university in the state, it is still small enough to retain a friendly atmosphere. Located in the community of Clinton in the center of the state, the University is ten minutes away from Jackson, the state capital and largest metropolitan area in Mississippi. A variety of activities are available to university students living in such a setting.

Mississippi College profits from its ideal location and, in turn, the University contributes to the community. The educational needs of a metropolitan area are changing, and Mississippi College responds to those needs by expanding its instructional programs. The undergraduate program includes a flourishing Business Administration program. About 2,678 students are enrolled for undergraduate studies. Approximately 973 students are enrolled in the Graduate School which offers work leading to 20 graduate degrees. In response to the need for legal education in the area of the state capital, Mississippi College has a School of Law with about 363 students seeking J.D. and LL.M. degrees.

## **Statements of Compliance**

Mississippi College is a Christian University affiliated with the Mississippi Baptist Convention. The Mississippi Baptist Convention elects all members of the Board of Trustees of the University.

Mississippi College complies with all applicable federal and state nondiscrimination laws, and does not engage in prohibited discrimination on the basis of race, color, national or ethnic origin, sex, age, genetic information, veteran status, or disability in admissions and employment. As a religiously affiliated university, Mississippi College is exempt from provisions of certain nondiscrimination laws.

## ***Family Education Rights and Privacy Act of 1974, as amended***

The Family Educational Rights and Privacy Act of 1974, and subsequent amendments, is a federal law that protects the privacy of student education records. Students have specific, protected rights regarding the release of such records or information contained therein. Mississippi College will release confidential or personally identifiable information only with the student's written consent and will release information defined as "Directory Information" only in the best interest of the student. Students may file a consent form in the Office of the Registrar giving permission for non-directory information to be released to their parent(s) or third parties. If an undergraduate student does not wish to have any information released for any reason, he/she may file a written request to that effect in the Office of the

Registrar. A confidential notice will be placed on the student's record and this confidential status will remain on their record permanently until a signed release by the student is filed with the registrar. Graduate students may file a request for confidentiality with the Dean of the Graduate School. Questions or complaints regarding FERPA rights should be directed to the Provost (MC Box 4002, Clinton, MS 39058) or the Registrar (MC Box 4028, Clinton, MS 39058). Complaints regarding alleged failures by Mississippi College to comply with the requirements of FERPA may also be filed with the Family Policy Compliance Office, U.S. Department of Education 400 Maryland Avenue, SW Washington, DC 20202.

## ***Title IX***

Title IX of the Education Amendments of 1972 states, "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance ." Mississippi College does not discriminate on the basis of sex in employment, admissions, student retention, or other educational programs except in those instances which are claimed and exempted on the basis of the religious tenets of the Mississippi Baptist Convention. Inquiries and complaints regarding the application of Title IX may be directed to Dr. William Townsend, Vice President and General Counsel to the President (MC Box 4005, Clinton, MS 39058). Alleged violations of Title IX should be directed to Dr. Kristena Gaylor, Associate Professor of Management and Economics in the School of Business and Title IX Coordinator <https://www.mc.edu/title-ix/>.

## ***Veterans***

The Mississippi State Approving Agency (SAA), is the approving authority of education and training programs for Mississippi. Our office investigates complaints of GI Bill beneficiaries. While most complaints should initially follow the school grievance policy, if the situation cannot be resolved at the school, the beneficiary should contact our office via email at [saa@msva.ms.gov](mailto:saa@msva.ms.gov).

## ***Allowing Veterans to Attend or Participate in Courses Pending VA Payment***

### **Background**

Section 103 of Public Law (PL) 115-407, 'Veterans Benefits and Transition Act of 2018,' amends Title 38 US Code 3679 by adding a new subsection (e) that requires disapproval of courses of education, beginning August 1, 2019, at any educational institution that does not have a policy in place that will allow an individual to attend or participate in a course of education, pending VA payment, providing the individual submits a certificate of eligibility for entitlement to educational assistance under Chapter 31 or 33.

### **Pending Payment Compliance**

In accordance with Title 38 US Code 3679(e), Mississippi College adopts the following additional provisions for any students using U.S. Department of Veterans Affairs (VA) Post-9/11 G.I. Bill® (Ch. 33) or Vocational Rehabilitation & Employment (Ch. 31) benefits, while payment to the institution is pending from VA. Mississippi College will not:

Prevent the student's enrollment;

Assess a late penalty fee to the student;

Require the student to secure alternative or additional funding;

Deny the student access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution.

However, to qualify for this provision, such students may be required to:

By the first day of class, Post-9/11 G.I. Bill® (Ch. 33), produce the VA Certificate of Eligibility (COE) or for Vocational Rehabilitation & Employment (Ch. 31) give notice of your assigned VA VR&E Academic Advisor.

Provide a written request to be certified using Mississippi College's online submission of the [Veteran Verification of Enrollment Form](#) after enrollment has occurred for the designated term for use of VA benefit.

*The Veteran Verification of Enrollment Form is the student's authorization submission for use of their VA Education Benefit. Without the completion of this form, Mississippi College is not authorized to take action on behalf of our students for this benefit.*

Provide additional information needed to properly certify the enrollment as described in other institutional policies or as outlined as required criteria with VA for benefits.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA).

## Accreditation

Accreditation is an important assurance to the university student. Mississippi College is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award bachelors, masters, education specialist degrees, and doctoral degrees. Degree-granting institutions also may offer credentials such as certificates and diplomas at approved degree levels. Questions about the accreditation of Mississippi College may be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, by calling 404-679-4500, or by using information available on SACSCOC's website (<https://www.sacscoc.org/>).

## Academic Resource Facilities

Mississippi College provides learning resource facilities which enhance the teaching/learning environment on campus. The major facilities are the Leland Speed Library, The Teaching and Learning Center (TLC), The Writing Center, Academic Computing Labs, and the multimedia language laboratory.

### *The Library*

The Leland Speed Library provides comprehensive collections, technologies and services in support of MC's academic programs. Research assistance is available in person, via phone and text, and Ask A Librarian. Books, eBooks, streaming media and e-research resources are available to both on-campus and distance learners 24 hours a day. The Teaching and Learning Center (TLC) , located on the main floor, aids faculty and campus departments in their original video/audio productions and provides video productions of campus events. Special collections, located on the top floor, include the Mississippi Baptist Historical Commission collections and the Mississippi College Archives. The building offers study spaces, soft seating, quiet spaces, and individual and group study rooms.

### *Academic Computing Labs*

Academic Computing Labs provide an environment in which Students and Faculty can fulfill their academic needs. These labs are located in several buildings across campus and staff provides assistance.

## Faculty

The institutional goal of academic excellence is achieved through the quality of instruction. Mississippi College's faculty is dedicated to teaching. A high percentage of the faculty holds earned doctorates, and over fifty percent of those who teach undergraduates also teach graduate courses. Mississippi College professors are competent, serious about their work, and interested in their students. Although also engaged in research and other types of professional work outside the classroom, they consider teaching to be their highest priority.

## Organizational Structure of Academic Programs

Many choices are available to students at Mississippi College when they reach the point of deciding upon a major field of study. The instructional program is divided into one college, made up of three schools, and five additional schools: the College of Arts and Sciences, consisting of the School of Christian Studies and the Arts, the School of Humanities and Social Sciences, and the School of Science and Mathematics; the School of Business, the School of Education, the School of Nursing, the Graduate School, and the School of Law.

Mississippi College is classified as a comprehensive university because of the breadth of programs and degrees. Undergraduate degrees are awarded in 80 fields of study and graduate degrees are awarded in over 25 fields of study. Graduate degrees may be earned in a variety of Master's degree programs. In addition, the Specialist in Education (Ed.S.), the Master of Fine Arts (M.F.A.), the Doctor of Education (Ed.D.), the Doctorate of Professional Counseling (D.P.C.), and the Doctor of Jurisprudence (J.D.) degrees are offered. The undergraduate curriculum is centered on a "university core curriculum" which is comprised of the basic courses required of all undergraduate students. These fundamental courses provide a strong basis upon which to build a more specialized course of study.

Detailed information on graduate programs is found in the [Graduate Catalog](#), and detailed information on the School of Law is found in the [Law School Catalog](#).

# Admissions

## General Policy

Undergraduate admission and readmission decisions are made by the Office of Enrollment Services based on a variety of factors including, but not limited to, academic records, scores on standardized tests (ACT, SAT or CLT), an analysis of the application for admission, prior enrollments, lapses in enrollment, relevant character or conduct records, and other criteria as may be relevant. Mississippi College seeks to admit students whose academic preparation and background, personal characteristics, behavior, conduct, and cooperative spirit indicate that they would profit from and contribute positively to the life of a Christian university community.

Mississippi College reserves the right to deny admission to any applicant without assigning reason and to reject any applicant, rescind admission, or discontinue a student's continued enrollment if (i) between the date of an application and the start of classes there is a change in the condition or status of any information provided by the applicant that would have been a basis for denying the application when it was reviewed by the Admission Committee or (ii) any information provided by an applicant proves to be untrue at the time of its submission.

Mississippi College complies with all applicable federal and state nondiscrimination laws, and does not engage in prohibited discrimination on the basis of race, color, national or ethnic origin, sex, age, genetic information, veteran status, or disability in admissions and employment. As a religiously affiliated university, Mississippi College is exempt from certain provisions of some nondiscrimination laws. Inquiries and complaints should be directed to the Vice President and General Counsel to the President (MC Box 4005, Clinton, MS 39058).

**All applicants must complete an application online at <https://go.mc.edu/apply/>.** Completed applications should be submitted online by the first day of class for the entering term. Early application is encouraged because decisions regarding admission are made on a rolling basis as applications are received.

Applicants must have documented evidence of having had the MMR within the last ten years or evidence of having had two immunizations if they were born on or after January 1, 1957. This does not apply to students seeking online enrollment. There is an opt-out process for students with medical or religious objections.

Information furnished to Mississippi College must be true and accurate; the withholding of pertinent information or the furnishing of false information may result in denial of admission or in dismissal.

## Freshmen Admission

In addition to submitting the completed application, prospective freshmen must have satisfactorily completed the graduation requirements of an approved high school. Applicants who have not completed high school will be considered upon achieving passing scores on the General Education Development test (GED). Home schooled applicants must meet the same requirements as other freshmen. Each home schooled applicant must submit a self-reported transcript that demonstrates completion of a high school equivalent curriculum. Mississippi College reserves the right to require additional proof of academic achievement determined by the Dean for Enrollment Services.

**All candidates for freshmen admission should submit the following:**

**Application.** A completed application and payment of the application fee - <https://go.mc.edu/apply/>.

**Transcripts.** An official transcript of all high school work completed to date delivered to the Office of Enrollment Services; this transcript must either be sent from the high school directly or hand delivered by the student in a sealed envelope from the high school. Upon graduation, applicants must have a final transcript sent to the Office of Enrollment Services, showing date of graduation, signature by the school official and/or an official seal.

**Test Scores.** Official ACT, SAT or CLT scores for all applicants who graduated from high school within the last five years must be sent to the Office of Enrollment Services directly from ACT, SAT or CLT headquarters or from the student's high school. Score reports brought by the applicant are not acceptable. For students not immediately eligible for admission based on their transcripts, a minimum composite score of 18 on the American College Test (ACT), or a comparable combined score on the Scholastic Aptitude Test (SAT) or Classical Learning Test (CLT) is required. Some majors may require an ACT/SAT/CLT on file for situations including, but not limited to, admissions to program, class placement, licensure, and/or advanced standing.

*\*some majors may require an ACT/SAT/CLT on file for situations including, but not limited to, admissions to the program, class placement, licensure, and/or advanced standing.*

**Mumps, Measles, and Rubella (MMR) Immunization Certificate.** Immunization record must verify two MMR shots within the student's lifetime or one within the last 10 years.

**Housing.** Students seeking campus housing are required to log in to the online housing portal. They will pay a non-refundable \$200 housing fee and reserve a residence hall room.

## **Temporary Permit to Register**

Applicants who decide to attend Mississippi College that have met the required criteria but still have an incomplete admission file will have the opportunity to register for classes under a temporary permit. Required criteria are the conviction question, signature, and Bursar's Office clearance. The applicant must have an overall cumulative GPA of C (2.00) on all work attempted. No financial aid will be applied to the student's account until their file has been completed. If the applicant does not complete their file, a hold will be placed on their file and they will not be able to register for the following term until the admissions process is completed.

## **Early Admission**

Outstanding secondary school students who choose to enter college before graduation will be considered for admission upon completion of the junior year. Application by each student must be supported by a composite ACT score of 24, (or a comparable SAT or CLT score), a B average on all high school work attempted, and a recommendation from the high school guidance counselor. A student who has completed seven semesters of high school work with a composite ACT score of 24, (or a comparable SAT or CLT score), and has a C average and a recommendation from the high school counselor may apply. In addition, Early Admission students are required to meet with the Provost before being accepted to Mississippi College.

## **Restricted Admission for Freshmen**

Applicants whose ACT scores or SAT scores are slightly below the minimum required scores will be considered for admission by Foundations for University Success Committee, if high school records and counselor evaluations indicate an ability to do university work. The committee will make a recommendation to the Dean of Enrollment Services. If admitted, these students will be required to participate in the Foundations Program and will be admitted on restricted admission. The following classes must be completed before restricted admission can be lifted; English 100, IDS 111,

Math 100, and IDS 112. If the student has not achieved an overall 2.0 or higher GPA at the completion of 24 credit hours, which includes the required Foundations classes, the student will be suspended.

## Transfer Admission

The Office of Enrollment Services will consider community/junior college graduates and transfer students whose transcripts indicate eligibility to return immediately to the school last attended and whose grades show evidence of ability to do college level work. A student is considered a transfer student after 12 semester hours have been successfully completed (2.00 average on a 4.00 system is considered successful) at a regionally accredited institution after graduation from high school. Courses must be comparable to courses offered at Mississippi College (See Grades Transferred from Another Institution).

If a transfer student does not have 12 transferable credit hours, they will be subject to freshmen admission standards (ACT score requirements and high school transcript at a minimum. If a transfer student has less than 12 transferable credit hours and less than a 2.0 GPA, the Director of Undergraduate Admission will evaluate the student's academic history to determine the admission status of the transfer applicant.

### **All candidates for transfer admission should submit the following:**

**Application.** A completed application - <https://go.mc.edu/apply/>.

**Transcripts.** Official transcripts from all colleges attended to date mailed to the Office of Enrollment Services directly from each college attended. Transcripts can be mailed physically or sent electronically through these approved transcript services: Scrip-Safe, Parchment Exchange, and Credentials Solutions. Student copies are not acceptable.

**Mumps, Measles and Rubella (MMR) Immunization Certificate.** Immunization record must verify two MMR shots within the student's lifetime or one within the last 10 years.

**Housing.** Students seeking campus housing are required to log on to the online housing portal. They will pay a non-refundable \$200 fee and reserve a residence hall room.

### ***Transfer students should know the following:***

**Credit from Junior/Community College.** Sixty-five hours applied towards graduation from Mississippi College must be earned at a senior college, regardless of the number of semester hours taken at the junior/community college level. This means that the maximum number of semester hours from a junior/community college that can be applied toward a degree at Mississippi College is 65.

**Grades Transferred from Another Institution.** Grades earned on transfer work from other institutions will be shown on the permanent record at Mississippi College but will not be used in calculating the grade point average at Mississippi College.

Mississippi College typically considers for transfer credits earned at institutions that have regional accreditation that are comparable to disciplines or courses offered at the University and in which the student has earned a grade of C or higher. Academic course work completed in a discipline not taught at Mississippi College that meets Mississippi College's quality standards may be evaluated for general elective hours.

Mississippi College does not accept for transfer toward a degree the hours earned with D grades from another institution if the student was admitted with less than a 2.0 average on all transfer coursework.

Mississippi College may accept up to 10 hours of credit for course work with a grade of C or higher from schools not regionally accredited, or from technical or vocational course work. These hours would count toward general elective

credit. Students may appeal during their first semester to have non-accredited, technical or vocational course work evaluated for transfer to academic department specific courses by completing the appropriate form in the Office of the Registrar and submitting all course descriptions and/or syllabi. Course work will be evaluated by academic departments to determine if credit represents coursework relevant to the degree sought, with course content and level of instruction resulting in student competencies at least equivalent to those of students enrolled at Mississippi College. Final approval rests with the dean of the school whose decision will be final. Evaluation of transcripts is done by personnel in the Office of the Registrar.

**Simultaneous Enrollment.** Students may not be simultaneously enrolled at Mississippi College and any other institution. Special permission for simultaneous enrollment may be granted only by appeal to the Provost.

**Approval to Take Courses at Other Institutions.** Once enrolled at Mississippi College, a student must have prior approval of any course to be taken elsewhere for credit at Mississippi College. A form for this purpose is available online and in the Office of the Registrar.

**Required Hours Taken at Mississippi College.** The last 33 semester hours must be completed in residence at Mississippi College unless an exception is approved by the Provost. A minimum of 12 semester hours must be taken at Mississippi College in the student's major field and 6 hours in the minor; but not more than 45 semester hours may be transferred for credit toward a bachelor's degree on a major in any department. Mississippi College limits academic residency to no more than twenty-five percent of the degree requirements for all undergraduate degrees for active-duty service members. Academic residency can be completed at any time while active-duty service members are enrolled. Reservists and National Guardsmen on active-duty are covered in the same manner.

### *Transfer Credit*

All entering transfer students must provide transcripts of all prior college/university work; these transcripts will be evaluated as promptly as possible by the Office of the Registrar. (See Grades Transferred from Another Institution) Once enrolled at Mississippi College, a student must have prior approval of any course to be taken elsewhere for credit at Mississippi College. A form for this purpose is available from the Office of the Registrar.

## ***Restricted Admission for Transfer Students***

Students who have accumulated a deficit of 15 to 29 grade points from the last institution(s) attended will be considered for admission to Mississippi College on restricted admission. Also, those students who have been suspended from their previous institutions and have sat out of school the required amount of time may be admitted to Mississippi College by the Committee on Enrollment Appeals on a restricted admission status. Restricted admission students must earn a 2.00 grade point average on their first 15 hours, and the 15 hours may be taken in one semester or over several semesters. Earning a 2.00 grade point average over the first 15 hours will result in the lifting of the restricted admission status; failure to earn a 2.00 grade point average over the first 15 hours will result in suspension from Mississippi College. The Committee on Enrollment Appeals will not address an appeal for a suspended student for a minimum of one year after the student was dismissed.

## ***Readmitted Students***

A former Mississippi College student (one who was not registered during the preceding regular semester) must apply for readmission through the Office of Enrollment Services.

**Application.** A completed application - <https://go.mc.edu/apply/>.

**Transcripts.** Transcripts from all colleges attended since the time that the student has been enrolled at Mississippi College must be sent directly to the Office of Enrollment Services from the colleges attended. Student copies are not acceptable. Students readmitted to Mississippi College after a five-year interval may be required to repeat courses if there have been significant changes in course content.

**Housing.** A non-refundable \$200 housing fee is required if the applicant desires campus housing.

## **Readmission on Academic Probation**

Students who have previously attended Mississippi College, were suspended, and have been readmitted by the Committee on Enrollment Appeals, will be admitted on academic probation. Students readmitted on academic probation must improve their cumulative grade point average to at least a 2.0 within two full-time semesters or four part-time semesters. At the end of that time frame, if the student has not earned a cumulative 2.0 grade point average, they will not be allowed to continue study at Mississippi College. An appeal will not be heard again for a minimum period of one year. (See Right of Appeal for Academic Suspension section of the Undergraduate Catalog.)

NOTE: If a student is suspended more than two times from Mississippi College, it is highly unlikely that the student will be given another opportunity to study at Mississippi College.

## **Non-Degree Undergraduate Admission**

A non-degree student is one who is not working toward a degree. Although credit is given for passing work, the credit is not applied toward a degree. If a non-degree student desires at a later time to pursue a degree, application as a regular student must be made. If the student is admitted as a regular student, the University will determine whether work taken as a non-degree student will be acceptable toward meeting degree requirements.

A non-degree student is expected to abide by the rules and standards of Mississippi College. A non-degree student may be admitted to Mississippi College with an official transcript from the last university attended (if applicable).

Non-degree applicants must provide the following:

**Application.** A completed application - <https://go.mc.edu/apply/>.

**Transcripts and ACT.** Freshman applicants must have an official high school transcript mailed directly to the Office of Enrollment Services from the high school attended. Applicants who have not completed high school must have an official high school transcript mailed directly to the Office of Enrollment Services from the high school attended along with an official ACT score and a letter of recommendation from their high school counselor. ACT Score required if Freshman graduated within the last five years.

**College Transcript.** Transfer students must have a letter of good standing or a transcript mailed directly to the Office of Enrollment Services from the last college attended. Transcripts can be mailed physically or sent electronically through these approved transcript services: Scrip-Safe, Parchment Exchange, and Credentials Solutions. Student copies are not acceptable.

**Mumps, Measles and Rubella Immunization Certificate.** Immunization record must verify two MMR shots within the student's lifetime or one within the last 10 years.

## **Appeals for Admission**

### **Right of Appeal for Readmission after Academic Suspension**

Any undergraduate student who is suspended for academic reasons has the right of appeal for readmission to the Enrollment Appeals Committee. This committee will consider each case on its merits, taking into account the full academic record, the student's rate of progress in making up deficiencies, and any special circumstances that might reflect on the student's ability and readiness to do acceptable university-level work. One who is readmitted on appeal will be placed on Academic Probation and will have up to two full-time semesters or four part-time semesters to improve his/her cumulative grade point average to 2.00. If the student fails to raise his/her cumulative GPA to 2.0 in the

time granted, the student will be suspended a second time and an appeal will not be heard for at least one year. Inquiries about this policy and appeals process should be directed to the Provost (MC Box 4002, Clinton, MS 39058).

## ***Right of Appeal for Denial of Admission***

In the event a student is denied Admission to Mississippi College or has their admission revoked prior to matriculation, the student may appeal the decision through a formal appeal process. Inquiries about this process should be directed to the Office of Enrollment Services (MC Box 4026, Clinton, MS 39058).

## **International Student Admissions**

A prospective international student applying for admission as an undergraduate to Mississippi College must provide the following:

1. A fully completed online International Admission Application form (<https://go.mc.edu/apply/>)
2. Applicants must meet the following English requirements

Students can apply for admission to an academic program and meet the English proficiency requirements using TOEFL or IELTS scores\*. If students can submit an original **TOEFL iBT score of 69** or an original **IELTS score of 5.5**, then the requirement to take the institution's English proficiency exam will be waived. Original scores or certified/attested copies must be sent directly to the Office of Global Education at Mississippi College from the testing service or partner agency in order to be considered for undergraduate admission. Students unable to meet the above standards can apply for our Intensive English Program (IEP) until their English scores are at a level to apply for admission to the undergraduate program. Successful completion of IEP does not guarantee admission to the undergraduate program. All other criteria must be met.

**\*Besides TOEFL iBT and IELTS scores, PTE and ITEP language proficiency scores can be accepted as well.**

International students who have a high level of language proficiency (IELTS score between 5-5.5, or TOEFL between 65-68) but have not met the full academic admissions English language proficiency requirement can be admitted to the Pathway Program. Students in the Pathway Program will take credit-bearing English Language Learner courses and a couple of courses in their field of study in the first semester.

3. A financial statement indicating the ability to finance study during one year at Mississippi College. The applicant must provide evidence of sufficient financial support for tuition, educational supplies, and personal living expenses such as transportation, vacation-room and board. There are approximately sixty days in the calendar year (vacations and semester breaks) for which on-campus residential accommodations are not available. Students must decide if they will be in residence halls during these periods. Additional charges for residence halls during vacations and semester break periods will apply. Please contact the Office of Global Education to determine the current amount required.
4. A \$40.00 non-refundable Application fee is required. This fee may be paid by bank draft, personal check, or paid by credit/debit card through Flywire (<https://www.flywire.com/>).
5. Transcripts of all high school and college grades with literal translations into English. Students attempting to transfer credits received in secondary degrees or courses completed at universities outside the United States must request a Course-by-Course evaluation from a credentialed evaluation service. Mississippi College requires the evaluation services to be credentialed through the Association of International Credential Evaluators, Inc. (AICE) or the National Association of Credential Evaluation Services (NACES).

The services Mississippi College suggests are:

North American Education Group  
505 Paradise Road U#254  
Swampscott, MA 01907  
<https://www.naeg.org/>

Education Evaluators International, Inc  
11 South Angell Street #348  
Providence, RI 02906  
<https://educei.com/>

Global Credential Evaluators  
PO Box 2903  
College Station, TX 77842  
<https://www.gceus.com/>

World Education Services, Inc.  
P. O. Box 5087  
Bowling Green Station  
New York, NY 10274  
<https://www.wes.org/>

Josef Silny & Associates, Inc.  
International Education Consultants  
7101 SW 102 Avenue  
Miami, FL 33173  
<https://www.jsilny.org/>

The student must pay for the evaluation. Transcripts from institutions in the United States must be mailed directly to the Office of Global Education at Mississippi College.

Before contacting the Office of Global Education, students should visit the Office of Global Education website (<https://www.mc.edu/international/>) for details concerning admission requirements.

Students will be required to purchase health insurance each year through the University. The policy will provide medical, medical evacuation, and repatriation coverage with Mississippi College as the trustee beneficiary.

Before arrival at Mississippi College, the applicant must be immunized against measles/mumps/rubella (MMR). To ensure compliance with Mississippi State Department of Health regulations, Mississippi College will require international students to submit proof of test screening for tuberculosis by interferon-gamma release assays (IGRA) performed in the United States after their arrival and before classes start. Before classes start, these test results must be submitted to the MC Office of Global Education. The student will pay costs for all TB and MMR testing.

An international student with an F-1 or J - 1 student visa must carry a full course of study in the fall and spring semesters. A full-time undergraduate course load is twelve (12) credit hours.

All tuition and fees are expected to be paid during registration.

### **IEP 330 – The Mississippi College Undergraduate Classroom**

**Credits, 2 sem. hrs. Prerequisite(s): none/enrollment limited to first-semester international undergraduate students and exchange students.**

This eight-week course explores the international undergraduate student experience at Mississippi College. Students will participate in class discussions; produce reflective journals; utilize Turnitin, and Canvas; learn how to navigate MyMC and BannerWeb; and understand how to maintain their F-1 student visa status while working toward their degree.

# Financial Information

## Location of Business Office

The Business Office is located in the foyer of Nelson Hall, Room 106.

## Student Expenses

The cost to attend Mississippi College and the refund policies have been approved by the Board of Trustees and are designed to be as fair as possible to both the University and the student. If a student or parent feels the policies have not been administered as written, and in a fair and equitable manner, an appeal may be directed to the Provost, Telephone: 601.925.3202.

## Payment Policy

Tuition and fees are due and payable in full by the given deadline each semester unless utilizing the monthly payment plan. Accepted forms of payment are cash, check, money order, MasterCard, VISA, Discover, American Express, pinless debit and eCheck

Any account balance not paid or set up on a monthly payment plan by the given deadline may result in withdrawal from classes or being placed on hold. Students with an account on hold will not be able to register for any upcoming semesters. Past due accounts will also be subject to a late payment penalty. However, any student awaiting funding from VA Ch 31 and 33 will not be assessed a late payment penalty.

Monthly Payment Plan - The University offers a monthly payment plan, a convenient method for planning and budgeting tuition and fees for the fall or spring semester. Under this plan, costs may be paid in three (3) or four (4) monthly payments per semester. More detailed information may be obtained by contacting the Business Office at 601.925.3307 or 1.800.738.1287 or by email at [bursar@mc.edu](mailto:bursar@mc.edu) or by visiting <https://www.mc.edu/offices/business/>.

## Fees

The total expense of an undergraduate student attending Mississippi College for the nine-month session, excluding books and personal expenses, is approximately \$34,620. This is payable by semester. The University reserves the right to revise prices as economic conditions warrant.

### Table I- Typical Expenses

#### UNDERGRADUATE- For One Semester

##### **Full-time (12-18 hours):**

Tuition per semester	10,500.00
Tuition per semester hour for additional hours over 18	700
Consolidated fee	1250

##### **Part-time (less than 12 hours) and summer**

Tuition per semester hour	700
---------------------------	-----

Consolidated fee	800

## Tuition Refund Policies

### Refund of Tuition on Courses Dropped

For courses dropped during fall and spring:	Refund Credit:
1st week	100%
2nd week	0%
For courses dropped during 8 week terms:	Refund Credit:
1st, 2nd and 3rd day of course	100%
4th day of course	0%
For courses dropped during 7 week terms:	Refund Credit:
1st and 2nd day of course	100%
3rd day of course	0%
For courses dropped during summer terms:	Refund Credit:
Registration day and the next day	100%
3rd day of the term	0%
For courses dropped during 10 week summer terms:	Refund Credit:
Registration day thru 3rd day of the term	100%
4th day of the term	0%
For courses dropped during 2 week summer term:	Refund Credit:
Registration day	100%
After registration day	0%

### **Refund on Withdrawal from Mississippi College –**

A student desiring to withdraw from the University should initiate the process using the Complete Withdrawal link in the MY MC student portal. It is necessary for the correct procedure to be followed. Failure to process an official withdrawal earns a grade of F in each course. Deadlines for withdrawal are the same as those for dropping courses. Any claims for refunds of tuition will be based on the date on which the student initiates the online withdrawal process.

### **Refund of Tuition upon Withdrawal –**

Note that in counting deadlines (for changes of schedule, refunds, etc.) the first week of the semester is the calendar week in which registration begins. Registration fees are not refundable.

For withdrawal during Fall and Spring:	Refund Credit:
1st week	100%
2nd week	75%
3rd week	50%
4th week	25%
5th week	0%

For withdrawal during 8 week terms (summer, fall and spring):	Refund Credit:
1st, 2nd and 3rd day of course	100%
4th and 5th day of course	75%
6th and 7th day of course	50%
8th and 9th day of course	25%
10th day of course	0%

For withdrawal during 7 week terms:	Refund Credit:
1st and 2nd day of course	100%
3rd day of course	0%

For withdrawal during 5 week summer terms:	Refund Credit:
Registration day and the next day	100%
3rd day	75%
4th day	50%
5th day	25%
6th day	0%

For withdrawal during 10 week summer terms:	Refund Credit:
Registration day thru 3rd day of 1st summer term	100%
4th and 5th days of 1st summer term	75%
6th and 7th days of 1st summer term	50%
8th and 9th days of 1st summer term	25%
10th day of 1st summer term	0%

For withdrawal during 2 week summer terms:	Refund Credit:
Registration day	100%
After registration day	0%

## *Refund of On-Campus Living Expenses*

Should a student withdraw from school or cease to be a resident student, dorm expense will not be refunded. A refund will be given for meals based on a daily rate. A student withdrawing from Mississippi College will surrender their ID card to the Office of Residence Life at the time the withdrawal papers are processed.

## *Refund of Other Fees*

All registration, special and course fees are not refundable.

## *Refunds/Return of Title IV Funds*

The return of unearned Title IV aid is calculated in accordance with Federal regulations. This calculations applies to any student who meets the following criteria:

- Withdraws from the university or ceases class attendance prior to the end of the term and
- Received Federal Title IV aid (Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, Federal Direct Loan, Federal Plus Loan, but not Work Study)

If a student withdraws from the university or ceases class attendance prior to the end of the term, the university is required to calculate the amount of aid earned. Any unearned aid must be returned according to the provisions of the Higher Education Amendment of 1998. The withdrawal date is determined when the student initiates the withdrawal process in Banner web. The withdrawal date for unofficial withdrawals is the midpoint of the semester or the last date of attendance that a professor provides to the Financial Aid Office. The calculation of the return of these funds may result in the student owing a balance to the university.

The student is responsible for any balance due on the account after the Title IV funds have been returned. The student's responsibility also includes earned Title IV aid and any tuition and fees due to the institution.

Federal regulations require Mississippi College to have a fair and equitable refund policy. If a recipient of Title IV aid withdraws during a period of enrollment, Mississippi College must calculate the amount of Title IV aid the student did not earn. The percentage of aid earned is equal to the percentage of time completed. Unearned Title IV funds must be returned to the Title IV programs.

If a student withdraws on or before the 60% point of enrollment, the percentage of aid earned is equal to the percentage of time completed. If a student remains enrolled beyond the 60% point of enrollment period, 100% of the aid has been earned for that period. The percentage of earned days is calculated by taking the number of days the student attended the university and divide it by the total number of days for the semester. The amount of aid earned is equal to the amount of aid disbursed plus the amount of aid that could have been disbursed multiplied by the percentage of earned aid. The amount of earned aid is subtracted from the total amount disbursed. This is the unearned aid that should be returned.

All unearned Title IV funds must be returned to the Title IV programs. If Title IV aid was used to pay institutional charges first, the University will return unearned Title IV funds up to an amount that is equal to the amount disbursed to the U.S. Department of Education.

Funds are returned in the following order up to the full amount disbursed:

- Federal Unsubsidized Direct Loan,
- Federal Subsidized Direct Loan,
- Federal PLUS Loan,
- Federal Pell Grants,
- FSEOG, and/or
- Other assistance under TITLE IV.

# Financial Assistance

All matters concerning financial aid are under the direction of the Committee for Enrollment Appeals, composed of administrators, faculty, staff and students. This committee establishes policies regarding financial aid. The amount of aid awarded a student is based on either scholarship or financial need. Aid is offered under the categories described below. Financial Aid will be disbursed approximately two (2) weeks following the first day of classes for the fall and spring semester. The Bursar's Office will disburse the aid to students' accounts. Summer federal financial aid will be disbursed after July 1st. Undergraduate students must be in at least 6 hours on July 1st to receive their federal aid. Graduate students must be in at least 3 hours on July 1st to receive their federal aid.

## *Institutional Scholarships*

Scholarships are awarded on a first come, first-served basis. Institutional scholarships are intended to recognize the student's outstanding academic achievement, service in the community, and leadership skills. A comprehensive listing of those scholarships and requirements can be found on the MC website <https://www.mc.edu/offices/financial-aid/scholarships>. Academic scholarships are awarded based on a student standardized test score for freshmen and GPA for transfers. Students may also qualify for additional aid by completing the Free Application for Federal Student Aid. These awards are based on the student's SAI. Once a new student is awarded institutional aid, this award will be theirs for the time at Mississippi College as long as they maintain minimum GPA requirements. Students must be enrolled full-time in order to receive institutional scholarships. (An exception to this rule is made if the student is in their final semester.) Students who are under 21 years of age must live in a residence hall or at home with their parents. Those students electing to live off campus will lose all institutional scholarships. Scholarships cannot be used during the summer terms.

## *Renewal Requirement for Institutional Scholarships*

Scholarships are renewed annually if the student meets the condition as outlined in their letter of acceptance. Students must maintain a GPA of 3.0 for the following scholarships:

New Trustee Scholarship

Trustee Scholarship

New Presidential with Distinction

Students must maintain a 2.5 GPA for the following academic scholarships.

Heritage Scholarship

Dean's Scholarship

Presidential Scholarship

Presidential Scholarship with Distinction

Provine Scholarship

Transfer Heritage Scholarship

Transfer Dean's Scholarship

Transfer Presidential Scholarship

Phi Theta Kappa Scholarships

Hampstead Scholarship

Transfer Hampstead Scholarship

Students must maintain a 2.0 GPA for the following scholarships.

Leadership Scholarship

Christian Ministry Scholarship

Christian Ministry Dependent Scholarship

Financial Need Scholarship

Baptist Student Union Scholarship

Institutional Scholarship

Bible Drill Scholarship

Church Matching Scholarship

Academic Competition Scholarship

Speaker's Tournament Scholarship

Institutional Need Grant

Band Scholarship

Jazz Band Scholarship  
Music Scholarship  
Hillman Scholarship

Math and Science Scholarship  
Chamber Choir Scholarship  
Speed Scholarship

Scholarship recipients who fall below the required cumulative GPA will be placed on probation for the next semester enrolled. If after the probationary semester the student's cumulative GPA is not restored to the required level, the student will be placed on scholarship suspension and will lose the scholarship immediately. If after the probationary semester the student's cumulative GPA is not restored to the required level, but the student makes the required GPA for the probationary semester, then the student will be allowed a second probationary semester. If after the second probationary semester the cumulative GPA is not restored to the required level, then the scholarships would be suspended. The scholarship will be re-instated when the cumulative GPA meets or exceeds the minimum requirement. Notification of all actions will be sent to the student by MC student email.

Institutional scholarships recipients are expected to demonstrate good character in all aspects of their lives. Students who engage in serious misconduct may lose part or all of their scholarship support. The imposition of disciplinary action sanctioned through the student disciplinary process could also include loss of scholarship support. Students can receive scholarships for their first undergraduate degree only. Once degree requirements are met for the first undergraduate degree, the student is no longer eligible to receive institutional scholarships. Students who choose to enter college before graduation from high school upon completion of their junior year are not eligible for any institutional scholarships.

## ***State Scholarships and Grants***

The following scholarships and grants are available to residents of Mississippi:

Mississippi Tuition Assistance Grant

Mississippi Eminent Scholars Grant

HELP (Higher Education Legislative Plan for Needy Students)

Application procedure and eligibility information about these programs may be obtained from the Mississippi Office of State Student Financial Aid at <https://www.msfinancialaid.org/>.

FAITH (Fostering Access and Inspiring True Hope)

## ***Federal Student Aid***

Students wishing to be awarded federal student aid must complete the Free Application for Federal Student Aid (FAFSA). To receive priority consideration for campus-based federal student aid the application must be received by the central processor by March 1, with Mississippi College being designated as a recipient of FAFSA data. Applications received after this date will be given consideration depending on the availability of funds. Campus-based programs for which a student may be awarded include: Federal Work Study Program (FWS) and the Federal Supplemental Educational Opportunity Grant (FSEOG).

In addition, awards may include the Federal Pell Grant and the Direct Student Loan. Parents of undergraduate students may apply for the Parent Loan for Undergraduate Student (PLUS). Eligible students can also apply for the TEACH grant. The FAFSA is to be completed online at <https://studentaid.gov/>.

## ***Student Employment***

Students who desire to work on campus should contact the Office of Career Development at (601) 925-3901. Due to the limited number of jobs on campus, campus employment cannot be guaranteed. If a student is eligible to receive Federal Work Study, then they are eligible to work up to 20 hours per work during the enrollment period.

More information is available online at <https://www.mc.edu/career/>

## *Receiving and Maintaining Financial Assistance*

All students that received federal aid must be working toward an eligible degree from Mississippi College. Students must make progress towards a degree in order to maintain being eligible to receive federal aid. Satisfactory Academic progress is evaluated at the end of each semester. This would be at the end of fall, spring and summer terms. The progress is evaluated by using the following standards:

Quantitative - Undergraduate and graduate must successfully complete 67% of all hours attempted during the semester. Attempted hours are those hours that will appear on one's transcript. Successful grades are A, B, C, and D. Unsuccessful grades W, F, or I.

Qualitative - Undergraduates must maintain a GPA of 2.0 to remain in good standing with the university. Graduate students must maintain a GPA of 2.75 - 3.25 to remain in good standing. The required GPA's depend on the degree the graduate is pursuing.

Maximum Hours- If an undergraduate student exceeds 190 hours, they are placed on financial aid suspension. If a graduate student exceeds 150% of the published required hours, they are placed on suspension.

Once Satisfactory Academic progress is evaluated, students who fail to meet the standards are first put on financial aid probation. Students on academic probation will be eligible to receive financial assistance for the first semester on probation, and they will be eligible to receive financial assistance for the second semester provided substantial academic progress was made during the first semester of probation. Those students on financial aid probation are eligible to receive their federal aid during their time of probation. If a student is on financial aid probation for 2 consecutive semesters, then the student is placed on financial aid suspension. The student will be ineligible to receive federal aid, but they will be eligible to attend the university. Students that are placed on academic suspension are automatically placed on financial aid suspension.

Students who are denied financial assistance due to unsatisfactory academic progress have the right to appeal the denial. Students should place in writing the request to appeal to the Committee for Enrollment Appeals. (Contact the Office of Financial Aid, Telephone: 601.925.3212.) The full satisfactory academic progress policy can be found on the Mississippi College website at <https://www.mc.edu/offices/financial-aid/satisfactory-academic-progre>. Once a decision is made concerning the student's appeal, the student is notified in writing the decision that was made.

# Student Life and Activities

## Student Government

Every undergraduate student at Mississippi College has membership in and is represented by the Student Government Association (SGA). Each year the student body elects Executive Council members which include: President, Vice-President, Chief Justice, and Business Manager to represent them. These officers help to promote student welfare, perpetuate university customs and traditions, and to train in the principles of democratic government preparing for distinguished citizenship. They cooperate with the administration in promoting well-ordered conduct among the students and enforcing the regulations of the University, as well as those of the Student Leadership Council.

## Disability Accommodations and Services

**Student Accessibility Services:** The Mississippi College Office of Student Accessibility Services (SAS) is committed to ensuring that educational programs and campus life activities are accessible to all qualified students. SAS assists faculty, staff, and students through the provision of students' accommodations, advising, and referral services. These efforts are to ensure students are provided equal access to MC's academic programs, non-academic programs, and all other aspects of student life. Accommodation requests are reviewed on a case-by-case basis, and reasonable accommodations are provided for students who have demonstrated a need for these services.

Students with disabilities that are needing accommodations should contact Student Accessibility Services, Nelson Hall, basement, Telephone: 601.925.3852 or email: [accessibility@mc.edu](mailto:accessibility@mc.edu). Additional information regarding the SAS services & guidelines can be found on the Mississippi College Student Accessibility Services webpage at <https://www.mc.edu/offices/accessibility-services/>

## Emergency Procedures

Recognizing that safety is to a certain extent the responsibility of the entire campus community, the Office of Public Safety lists Emergency Procedures on its website (<https://www.mc.edu/offices/safety/procedures>). Any questions may be directed to the Office of Public Safety at 925.3204.

## Student Policies

All students should be familiar with the policies of the University and the rules and regulations with which govern student behavior. These policies may also be accessed on the Mississippi College website at <https://www.mc.edu/students/student-experience-policies>.

## Student Publications

The **Tribesman** is the University yearbook published annually by an appointed student staff.

**Blue and Gold Media** is the student voice of Mississippi College, MC's student-produced media group publishing stories, videos, and podcasts online at <https://www.blueandgoldmc.com/>

The **Arrowhead** is a magazine published by students. It carries a number of stories, poems, photographs and feature articles written by students, faculty members and alumni.

Student publications play an important part in the extracurricular activity on any university campus. The University newspaper, the literary magazine, and the yearbook are the Mississippi College student publications. They preserve the events and experiences of campus life in the permanency of print for students to read and enjoy.

The Publications Council oversees all matters relating to student publications. The Council interviews and elects editors, assistant editors and business managers of the student publications. The Council has the authority and responsibility to deal with problems concerning student publications.

The maximum amount of credit that one may earn in a semester for working on student publications is 1/2 semester hour.

## Athletics and Intramural Sports

Mississippi College offers proper balance to its students in physical development opportunities and competitive interest through a first-rate intercollegiate athletic program for men and women. The University participates in eighteen men's and women's sports: baseball, basketball, cross country, football, golf, soccer, softball, tennis, indoor and outdoor track, and volleyball. Although a member of the small college category, the University has produced many players and coaches who have gone on to win national recognition. The University is a member of the National Collegiate Athletic Association (NCAA) and the Gulf South Conference (GSC) and participates according to the rules and regulations established by these organizations.

A well-balanced program of intramural sports is provided for Mississippi College's students, faculty and staff. This program provides a means of recreation and physical fitness for the individual who does not participate in varsity athletics. This program is designed to provide persons of all fitness levels the chance to play on a competitive, organized sports team without the time demands of varsity sports. Teams are organized from the residence halls, clubs and various campus groups to compete in sports such as flag football, tennis, ultimate frisbee, basketball, soccer, softball, and outdoor volleyball.

Throughout all levels of physical activity, Mississippi College emphasizes the physical, social and recreational benefits to be gained through active participation. With these educational values in mind, the University fosters a program that encourages as broad a participation as possible. Mississippi College is proud of this active program and the hundreds of students, faculty and staff who participate in it annually. Details can be found at

<https://www.mc.edu/students/policies/intramurals-and-recreation>.

## Student Organizations

Student activities and organizations at Mississippi College help to facilitate students in their development academically, socially, emotionally, spiritually, and physically. Mississippi College also offers numerous other opportunities for students to get involved such as: campus ministries, music ensembles, student publications, campus elections and honors, and intramural and varsity athletic programs. All student organizations on the main campus are authorized by and operate under the supervision of the Student Activities and Services Committee according to regulations listed at <https://www.mc.edu/students/policies/student-organizations>. This committee is made up of members of the administration, faculty, staff, and student body.

Organization Name	Type of Organization	Sponsor/Contact
-------------------	----------------------	-----------------

Accounting Society	Academic Organization	<a href="#">Taylor Corso</a>
--------------------	-----------------------	------------------------------

The Accounting Society connects accounting students to firms as well as members of the industry who speak at society meetings and recruit Mississippi College students. The Accounting Society allows professors to get to know students in an informal setting while students are able to learn from their professor's experiences in the field of accounting.

Alpha Chi	Honor Society (all majors)	Dr. David Magers
-----------	-------------------------------	------------------

Alpha Chi National College Honor Society recognizes and promotes academic excellence among college and university students of all disciplines, to encourage a spirit of service and leadership, and to nurture the elements of character that make scholarship effective for good.

Alpha Epsilon Delta	Honor Society (Pre-Health Care)	Dr. Christopher Weeks Dr. Shawn Callahan
---------------------	------------------------------------	---

National Pre-health care honor society. Alpha Epsilon Delta exists to promote student interest and engagement in the field of Health Care.

Alpha Mu Gamma	Honor Society (Modern Languages)	Dr. Amy Williamson
----------------	-------------------------------------	--------------------

Alpha Mu Gamma is an honor society for Modern Language students.

Alpha Psi Omega	Honor Society (Theater)	Dr. Phyllis Seawright
-----------------	----------------------------	-----------------------

Alpha Psi Omega exists to stimulate an interest in theater, and provide a fun community for those who love theater on MC's campus.

American Marketing Association	Academic Organization	Dr. Michelle Beauchamp
--------------------------------	-----------------------	---------------------------

The American Marketing Association exists to provide professional development and community service opportunities to students interested in the field of marketing.

American Society of Interior Designers	Academic Organization	Mandy Berdami
--	-----------------------	---------------

The American Society of Interior Designers (ASID) advances the interior design profession and communicates the impact of design on the human experience.

Amicus Pre-Law Society	Academic Organization	Melissa Jones
------------------------	-----------------------	---------------

Amicus exists to educate students on the law field as well as help them progress toward law school.

Association of Student Social Workers	Academic Organization	Dr. Laurie Lawson
---------------------------------------	-----------------------	-------------------

The purpose of the Association of Student Social Workers of Mississippi College is to provide service-minded students of any discipline with an organization that is committed to serving those in need by adhering to the standards, values and ethics of the social work profession. The ASSW exists to meet the needs of individuals and needs in the community by working together to utilize the resources of money, time and willingness to serve to spread hope to those in need, and to empower people with the skills and knowledge necessary to create for themselves a brighter tomorrow.

Baptist Nursing Fellowship	Academic/Special Interest Organization	
----------------------------	--	--

Meeting needs where they occur is a foundational Christian principle role modeled by Jesus feeding the hungry, clothing the poor, healing the sick, and sheltering the homeless. Whether painting, framing, or roofing, students utilize interpersonal skills combined with novice building skills as student nurses work to meet physical needs through Habitat for Humanity.

Students also volunteer at the Stewpot (Feeding the Poor) Ministry and at various health fairs throughout the community, including giving flu shots. BNF students are also responsible for organizing the annual Blessing of the Hands, a sacred tradition for the healing hands of nursing.

[Baptist Nursing Fellowship Website](#)

Beta Beta Beta (Tri Beta)	Honor Society (Biology)	Dr. Jerry Reagan Jana Thoma
---------------------------	-------------------------	--------------------------------

Beta Beta Beta exists to improve the understanding and appreciation of biological study and extending boundaries of human knowledge through scientific research. The organization is open to any student with an interest in biology.

Choctaw Swing Dancers	Special Interest Organization	
-----------------------	-------------------------------	--

The goal of the Choctaw Swing Dancers is to teach people to swing dance and to hold swing dancing events. The organization has also participated in MC's annual Swerve Dance Competition.

Donald Fisher Student Society	Academic Organization (PA Program)	Megan Colvin
-------------------------------	---------------------------------------	--------------

Donal Fisher Student Society members pledge to promote academic excellence, student wellness, community volunteerism, and clinical preparedness in order to promote the PA as a fundamental member of the health care team.

History Club	Academic Organization (History)	Dr. Christian Pinnen
--------------	------------------------------------	----------------------

The History Club welcomes students from across campus, regardless of major. We foster community with any who has an interest in history and we organize small events around campus and visit museums and historical sites.

International Students Association	Special Interest Organization	Mei-Chi Piletz
------------------------------------	----------------------------------	----------------

The International Students Association provides a platform to showcase the various international cultures present at MC and build a connection between the domestic and the international communities.

Jackson Free Clinic Health Ambassadors	Academic/Special Interest Organization	Dr. Stan Baldwin
--	---	------------------

The Jackson Free Clinic Health Ambassadors' primary purpose is to encourage undergraduate and graduate students to improve the health of Mississippi, especially Clinton, MS, through service to the community in a medical context consistent with the mission of Jackson Free Clinic.

Kappa Delta Pi	Honor Society (Education)	Dr. Cindy Melton Dr. Mario Keys
----------------	------------------------------	------------------------------------

Kappa Delta Pi inspires and equips future and new teachers so they can thrive inside and outside the classroom.

Kappa Pi	Honor Society (Art)	Randy Jolly
----------	---------------------	-------------

Kappa Pi seeks to form bodies of representative students who will, by their influence and artistic interest, uphold the highest ideals of a liberal education; to provide a means whereby students with artistic commitment meet for the purpose of informal study and communication; to raise the standards of productive artistic work among the students in colleges and universities; to furnish the highest reward for conscientious effort in furthering the best interest of art in the broadest sense of the term, by election to membership in the Fraternity, based upon such meritorious work.

Kinesiology Student Association	Academic Organization	Dr. Carol Barnes Penny McNair
---------------------------------	-----------------------	----------------------------------

The Kinesiology Student Association promotes professionalism and the image of kinesiology throughout the campus, community, professional involvement, and service.

MEDLIFE	Special Interest Organization	
---------	-------------------------------	--

MEDLIFE is dedicated to serving our community and other underserved communities through medicine, education, and community development.

MC Women in Business	Academic/Special Interest Organization	Dr. Tammy Arthur Michele Ricker
----------------------	--	------------------------------------

Mississippi College Women in Business is an organization for undergraduates, graduates, and alumnae that is committed to the growth and development of female students at the University. In collaboration with the MC School of Business, our objectives are to:

Provide a supportive community that guides members in their business endeavors

Educate members of various career opportunities, trends, and challenges that women may experience in the business world

Build confidence to utilize the skills that Christ has given them

Mortar Board	Honor Society (all majors)	Dr. Stephanie Carmicle
--------------	----------------------------	------------------------

Mortar Board is considered the premier national honor society for college seniors that recognizes their achievements in scholarship, leadership and service.

MC Investment Club	Academic/Special Interest Organization	Dr. Marcelo Eduardo
--------------------	--	---------------------

The MC Investment Club learns about real-world investing within the Mississippi College School of Business.

MC Math Club	Academic Organization	Dr. John Travis Dr. Taylor Poe
--------------	-----------------------	-----------------------------------

The MC Math Club exists to foster a love of mathematics in the world around us.

MC Mock Trial Team	Special Interest Organization	Eric Brown
--------------------	-------------------------------	------------

The Mississippi College Mock Trial Team provides an incredible and unique experience for those interested in practicing law. Students will spend several months researching and preparing a case, acting as either lawyers or witnesses, and learning how to practice law in a real life setting. The Mock Trial Team also competes against other schools from across the country during the spring semester.

MC Students for Life	Special Interest Organization	
----------------------	-------------------------------	--

MC Students for Life exists to protect the rights of the unborn.

MC Ultimate Frisbee Club	Special Interest Organization	Dr. John Meadors Dr. Steven Patterson
--------------------------	-------------------------------	--

The MC Ultimate Frisbee Club exists so members can learn the game of ultimate frisbee and participate in local tournaments.

MC Pre-Physician Assistant Club	Academic Organization	Dr. Erick Bourassa
---------------------------------	-----------------------	--------------------

The MC Pre-Physician Assistant Club equips students pursuing the PA occupation for applying to and being successful in PA school.

MC Student Chapter of the Institute for Electrical and Electronics Engineers (IEEE)	Academic Organization	Dr. Chris Maggio
---	-----------------------	------------------

The purpose of the MC Chapter of the Institute for Electrical and Electronics Engineers (IEEE) shall be the dissemination of knowledge and practice of the many aspects of electrical engineering, physics, programming, and mathematics, as well as to enhance the professional development of the students of Mississippi College.

Monarch Dance Team	Special Interest Organization	Dr. Phyllis Seawright
--------------------	-------------------------------	-----------------------

The Monarch Dance Team exists to form a sisterhood and fellowship through dance with Christ and ministry being the center focus.

Multicultural Student Association	Special Interest Organization	Dr. Stephanie Carmicle Dr. Damien Thomas
-----------------------------------	-------------------------------	---

MSA aims to foster an inclusive and diverse environment for students by establishing relationships, understanding cultural values, and encouraging student development by promoting diversity, multiculturalism, and inclusion through various conversations, events, activities, and programs.

National Art Educators Association (NAEA) Student Chapter	Honor Society	Dr. Stephanie Busbea
--	---------------	----------------------

NAEA is the leading professional organization for arts educators.

Phi Alpha	Honor Society (Social Work)	Dr. Laurie Lawson
-----------	-----------------------------	-------------------

Phi Alpha Honor Society fosters high standards of education for social workers and invites into membership social work students, faculty and practitioners.

Phi Alpha Theta	Honor Society (History)	Dr. Christian Pinnen
-----------------	-------------------------	----------------------

Phi Alpha Theta ( $\Phi\text{A}\Theta$ ) is an American honor society for undergraduate and graduate students and professors of history. The society has over 400,000 members, with some 9,000 new members joining each year through 970 chapters nationwide.

Phi Epsilon Kappa Theta Delta Chapter	Honor Society (Kinesiology)	
--	-----------------------------	--

The Phi Epsilon Kappa Fraternity is a national, professional, honorary fraternity that was founded in 1913 originally for individuals engaged in the field of Physical Education.

Fraternity membership has since expanded to include individuals engaged in or pursuing careers in kinesiology-related fields such as health, physical education, recreation, dance, human performance, exercise science, athletic training, sport administration and management, and sport studies. Membership in the Phi Epsilon Kappa Fraternity is available through established chapters at various colleges and universities.

Phi Mu Alpha Sinfonia	Honor Society (music fraternity for men)	Dr. Robert Knupp
-----------------------	---	------------------

Phi Mu Alpha Sinfonia exists for the advancement of music in the United States of America.

Phi Theta Kappa	Honor Society (transfer students)	Angie Hardin Lexi Richards
-----------------	--------------------------------------	-------------------------------

Phi Theta Kappa shall provide opportunity for the development of leadership and service, for an intellectual climate for exchange of ideas and ideals for lively fellowship for scholars, and for stimulation of interest in continuing academic excellence.

Physical Therapy / Occupational Therapy Club	Academic Organization	Dr. Carol Barnes Penny McNair
--	-----------------------	----------------------------------

The Physical Therapy / Occupational Therapy Club exists to educate and prepare students who want to pursue a career in PT or OT.

Pi Gamma Mu	Honor Society (Social Sciences)	
-------------	---------------------------------	--

Pi Gamma Mu seeks to improve scholarship in the social studies and to achieve synthesis therein.

Pi Mu Epsilon	Honor Society (Mathematics)	Dr. Melinda Gann
---------------	-----------------------------	------------------

Pi Mu Epsilon is dedicated to the promotion of mathematics and recognition of students who successfully pursue mathematical understanding.

MC Pre-Dental Society	Academic Organization	Dr. Erin Norcross
-----------------------	-----------------------	-------------------

The mission of the Pre-Dental Society is to provide students interested in a career in dentistry the opportunity to participate in educational, community, and social activities that will enhance their knowledge of the profession and assist them in becoming excellent dental school applicants.

MC Scouts (Student Recruiters)	Special Interest Organization	Michael Wright Leah Trainer
--------------------------------	-------------------------------	--------------------------------

MC Scouts assist the Office of Admissions in recruiting students to Mississippi College through campus tours, communication with prospective students and assisting with special events.

National Art Education Association (MC Chapter)	Academic Organization	
---	-----------------------	--

The National Art Education Association (MC Chapter) exists to assist future art educators.

Omicron Delta Kappa	Honor Society (all majors)	
---------------------	-------------------------------	--

Omicron Delta Kappa (ODK) is a national honor society which helps leaders improve their skills, share their ideas, and continue to make a difference in their communities.

Psi Chi	Honor Society (Psychology)	Dr. Katherine Heard
---------	-------------------------------	---------------------

Psi Chi exists to recognized and promote excellence in the science and application of psychology.

Public Relations Association of MS (MC Chapter)	Academic Organization	Dr. Mignon Kucia
---	-----------------------	------------------

The MC Chapter of the Public Relations Association of MS exists to help students connect with professional public relation practitioners.

Sexual Assault Prevention Ambassadors (SAPA)	Special Interest Organization	Dr. Kristi Melancon
--	-------------------------------	---------------------

The purpose of SAPA is to promote knowledge of sexual assault and prevention to students on our campus. We will work towards educating our student body about their Title IX rights. We also will strive to provide a safe place for students who are affected by sexual assault.

Sigma Theta Tau	Honor Society (Nursing)	
-----------------	----------------------------	--

The School of Nursing's local chapter, Omicron Lambda, is a member of Sigma Theta Tau International Honor Society of Nursing. The vision of the Honor Society of Nursing, Sigma Theta Tau International is to create a global community of nurses who lead in using knowledge, scholarship, service and learning to improve the health of the world's people. Impacting world health begins at the local level and opportunities for growth and participation are many. Members explore evidenced-based principles and practice, interact with other nurses, and learn from others by attending honor society meetings and events.

Membership is by invitation to baccalaureate and graduate nursing students who demonstrate excellence in scholarship, leadership, and/or service/ministry and to nurse leaders exhibiting exceptional achievements in nursing. Senior students in the top third of their nursing class are invited to join. The induction ceremony is a highpoint of spring activity, welcoming new members and celebrating nursing. Many members hold leadership positions both at the local and international levels.

Social Justice Club	Special Interest Organization	Dr. Steven Price (English) Autumn Norman
---------------------	----------------------------------	--

The Social Justice Club brings awareness to social issues in our local and worldwide community in hopes of creating a more inclusive future for everyone.

Student Athlete Advisory Committee	Special Interest Organization	Leigh Streetman & Miguel Black
------------------------------------	----------------------------------	-----------------------------------

Mississippi College SAAC is a motivated, organized, and service-based organization that seeks to provide better opportunities for student-athletes as well as being the hands and feet of Christ to the surrounding community in any way possible.

Student Members of the American Chemical Society (SMACS)

Academic Organization

Dr. Trent Selby

The objects of this Chapter shall be to afford an opportunity for students of a chemical science to become better acquainted, to secure the intellectual stimulation that arises from professional association, to obtain experience in preparing and presenting technical material before chemical audiences, to foster a professional spirit among the members, to instill a professional pride in the chemical sciences, and to foster an awareness of the responsibilities and challenges of the modern chemist.

Student Nurses Association

Academic Organization

All nursing students are members of the Mississippi Student Nurses' Association (MSNA), which is the student nurse professional organization.

[Student Nursing Association Website](#)

Social Responsibility Club

Academic/Special Interest Organization

Dr. Sara Kimmel

The Social Responsibility Club exists to glorify God by uniting the School of Business around the service of others.

Tabletop Gaming League	Special Interest Organization	Dr. Nathan Tullos
------------------------	-------------------------------	-------------------

The Tabletop Gaming League allows those interested in tabletop games a place to easily find and join tabletop games, and allows those who haven't played before to try something new. The leagues gives students inexpensive social opportunities on campus that can also help develop team-building, leadership and communication skills.

Turning Point USA	Special Interest Organization	Dr. Glenn Antizzo
-------------------	-------------------------------	-------------------

The purpose of Turning Point USA is to educate students about the benefits of limited government, capitalism, free markets and freedom.

## Christian Life

One of the most distinctive aspects of Mississippi College is our long heritage of Christian witness. We are a Christian college where Christ is worshiped and honored. We understand that not all of our students at Mississippi College are Christians, but it is our hope that as students become part of our campus community they will grow in their understanding of the life and teachings of Jesus Christ. We place a great value on "the integration of faith and learning throughout the educational process" and it is our desire that every member of our campus have opportunities to acknowledge Jesus as Lord and have the opportunity to grow in their understanding of Christ. It is also our belief that being a Christian involves service to God and others, we therefore encourage members of the Mississippi College community to serve and give back to society through the various ministries and service projects that have been established. The goal of Christian Life at Mississippi College is to foster respect for, encourage inquiry regarding, and develop participation in the teachings of Christ and the traditions of the Christian Church.

Under the umbrella of Christian Life there are four unique components: Campus Ministries, Church Relations, Faith Engagement and Community Service. While each one of these areas have been developed to assist in educating students to a life of faith, Campus Ministries is most directly related to purposes of Student Life. Students are encouraged to participate in all aspects of Christian Life and to discuss their ideas with each other and bring any concerns to the Associate Vice President for Student Experience and Dean of Students, Dr. Jonathan Ambrose. His office is located in the basement of Nelson Hall, and he can be reached at 601.925.3275 or by e-mail at [jwambrose@mc.edu](mailto:jwambrose@mc.edu).

## Campus Ministries

As a student comes to Mississippi College, he/she will find opportunities for spiritual growth and enrichment. Many activities are planned for the personal benefit of the student. Each activity is voluntary, and the student must take the initiative to become involved and thereby profit from it. Besides ministries located on MC's campus, students are encouraged to participate in the worship and teaching ministries of the churches in the area. More information can be found on the Christian Life Website: <https://www.mc.edu/students/christian/campus-ministries>.

### BSU (Baptist Student Union)

The BSU is a campus ministry that exists to be a community among friends, growing in Christ, impacting the world with the Gospel of Jesus Christ. The BSU's focus is to be a student-led, Christ-centered ministry that seeks to provide opportunities for spiritual growth and Christian community. We do this through our weekly worship service called Vision, as well as discipleship small groups.

Weekly Gathering: Monday's at 6:30pm, FBC Clinton Activities Center

### FCA (Fellowship of Christian Athletes)

FCA is an organization at Mississippi College that focuses on influencing athletes and coaches to use their influence for Christ. At MC, our mission is to form an army of believers to disciple and serve every athlete and coach on campus, displaying the love of Christ through our personal faith; being unashamed and transparent with a presence of overflowing joy that sets this campus on fire. We are seeing this mission accomplished by teams being affected by Christ in a visible way, community being developed and encouraged, raising up disciples who are constantly growing and multiplying other disciples and seeing coaches coach biblically.

## RUF (Reformed University Fellowship)

RUF is a ministry of the Presbyterian Church in America on the campus of Mississippi College that is open to all people and all faiths. We strive to provide an in-depth ministry to college students based upon the authority of the Word of God in every area of life. Our purpose is the glorification of God in all pursuits and endeavors of life and the enjoyment of Him forever.

### *Special Programs*

Throughout the year, a wide variety of special programs provide educational and cultural opportunities to Mississippi College students. Many are open to the local community as well. Outstanding lecturers in literature, science, mathematics, political science, and religion have appeared recently on campus in programs open to the public. Vocal and instrumental performances are also an almost weekly occurrence throughout the university year, and numerous art exhibits are on display during each year, specifically those in the Samuel Marshall Gore Gallery located directly behind the Leland Speed Library.

### *Music Ensembles*

#### **The Mississippi College Singers**

The premier choral organization of Mississippi College, the MC Singers represent the university in performances locally, regionally, nationally and internationally. Membership is by audition only, and all undergraduate members receive scholarship funds. With only rare exception, membership in the MC Singers spans the full academic year, fall and spring semesters.

### **The Symphonic Winds**

The Symphonic Winds presents concerts of classical wind band literature as well as pops/variety repertoire throughout both semesters. Scholarships are available for all members. An audition is required.

### **The Jazz Band**

The Jazz Band presents concerts of big band and jazz charts of many styles for on and off campus events. Scholarships are available for all members.

### **The Choctaw Marching Band**

The Choctaw Marching Band performs at all MC home football games. This fall semester ensemble rehearses during the marching season and performs a wide variety of music from many different genres during the games and at half time. Scholarships are available for all members.

### **MC Worship Collective**

MC Worship Collective is the primary ensemble for students in the BA in Music: Worship Leadership degree. The collective is comprised of instrumentalists and vocalists who perform various forms of modern worship music. In addition to giving both on and off-campus concerts, MC Worship Collective also leads worship weekly for MC chapel services. Membership is by audition only. Scholarships are available for all members.

### **The Choctaw Chorus**

The Choctaw Chorus is a non-auditioned, mixed-voice ensemble with broad campus participation from all majors at Mississippi College. Performing primarily in on-campus venues, the Chorus performs secular and sacred literature and major choral works from all musical periods.

## **Residence Hall Students**

Living on campus adds a wonderful dimension to a student's life and education. It is the desire of each Residence Life professional that the residence halls will truly be a place where students can develop, not only scholastically but socially and spiritually as well. Every effort is made to make living on campus as comfortable and pleasant as it is convenient.

To promote better student relationships, a broader exchange of intellectual thought and to foster the general student welfare and culture of Mississippi College, the university has made a sizable commitment to providing a residential environment that contributes to an overall educational experience. Accordingly, all single full-time undergraduate students, under the age of 22 and classified as dependent, as determined by the MC Office of Financial Assistance, are required to live in a campus residence hall unless they commute from home. Furthermore, the policy addressing the award of institutional scholarship funds directly relates to this requirement. (University Policy 4.14.10)

The residence halls are reserved for students enrolled for classes at Mississippi College. Generally, full-time (12 hours) status is required, but exceptions are occasionally made for students with special circumstances.

Special permission is required from the Director of Residence Life for a part-time student (below 12 hours) to live in a residence hall.

There are eleven residence halls and two apartment complexes for our students. Each residence hall and apartment complex has a Lead Resident Assistant with upper-classmen students serving as Resident Assistants.

## **Vehicle Registration**

In the interest of campus safety and because there is a finite amount of parking space, all vehicles driven on campus by faculty, staff and students must be registered with the office of public safety.

Vehicle registration fees are included as part of tuition and fees. A decal designating specific parking areas is issued for each vehicle registered. Decals are issued through the Office of Public Safety after first registering at (<https://www.mc.edu/offices/safety/parking-permits>). Anyone driving on the campus is subject to University traffic safety regulations. Violators will be fined, with fines going into a student scholarship fund. Students accumulating more than five traffic citations may have their parking privileges on the campus revoked. Designated parking spaces for handicapped students are provided. Rules and regulations are specifically listed on the Public Safety website (<https://www.mc.edu/offices/safety/traffic-regulations>).

## Identification Card

Every student who does not have an ID card from a prior semester will obtain an Identification Card during the registration process. The student is expected to have this card in his/her possession at all times. Use of another student's ID is not allowed. Students will use the card for admission to school-sponsored activities and as a voting permit during student body elections, for library privileges, to scan for chapel credit, and for obtaining a copy of the TRIBESMAN at the end of the school year. Resident students will use their ID cards for meals in the Hannah Food Court, points in the Chick-fil-a and Einstein Bagels located in the Commons, Pimento's Café, the coffee shop in Speed Library, as well as to gain entrance through secured doors in residence halls. A student withdrawing from the University should surrender his/her ID card to the Bursar's Office at the time the withdrawal is initiated.

## Mailroom & Copy Center

The Mailroom and Copy Center offers full-service mail and print services for Mississippi College students, faculty and staff.

The main Mailroom and Copy Center location is located on the lower level of Alumni Hall. The Alumni Hall location receives letter mail only. Packages sent from FedEx, UPS and USPS are all sent to the Campus Operations Stockroom Location.

Mailboxes are only provided for students living in the residence halls.

The hours of operation for the Mailroom and Copy Center are:

Monday- Friday 8:00am to 4:00pm

Copy Center services include high-quality black & white and color printing/copying, print consulting, scanning/imaging and document management, wide-format print of posters and much more.

We ask for 1 working day (from the time we receive it) to produce your average order. If it is more complicated or a larger than average order, it may take longer. Most orders, however, are turned around in less than 1 working day. If you have a rush order, we will do everything we can to accommodate you. Please do not request something as a rush unless absolutely necessary. Rushing your order means that someone else's order will be delayed.

Additional information regarding our Mailroom and Copy Center can be accessed on the Mississippi College Website at <https://www.mc.edu/offices/mailroom/>

## Health Services

Student health services are provided through the Mississippi Baptist Health Systems, Inc., at the Healthplex, located on the Mississippi College Clinton campus. These services are available to full time students. Because of the existing relationship between Mississippi College and Baptist Health Systems, Inc., it is recommended that emergency care be

handled through Mississippi Baptist Medical Center Emergency Room. To assist with the cost of health services, students are encouraged to retain insurance coverage on their parent's or spouse's policy whenever possible. Additional information regarding policy and procedures may be accessed on the Mississippi College Website at <https://www.mc.edu/offices/health/>.

## Bookstore

The Mississippi College Bookstore is located on the corner of Jefferson Street and Madison Street. The primary mission of the store is to provide textbooks and course materials for purchase. The bookstore is operated by Follett Higher Education Group whose management and personnel strive to provide efficient, courteous, and reliable service at all times.

Students may purchase books in the store or on-line before the semester starts. Text book rental is also offered. The store accepts Visa, Master Card, American Express, Discover, and personal checks.

Students may conveniently charge educational purchases to their account through the last "drop day," as set by the current Academic Calendar. Purchases may be offset against anticipated financial aid or paid when the next monthly billing statement is received by providing the store cashier with the purchase information and MC student ID. Please keep in mind that charges placed on student accounts must be paid off on time to avoid late fees. If needed, a monthly payment option is offered for the fall and spring terms.

The bookstore will buy back textbooks year round, except the first two weeks of each semester.

The store's regular hours are Monday through Friday from 9:00 AM to 4:30 PM. Store hours are extended when Fall and Spring classes start - contact store for term-specific hours. Summer hours are Monday through Thursday from 9:00 AM - 4:30 AM and Friday from 9:00 AM - 12:00 PM.

## Food Services

MMI Dining offers multiple outlets for food service on campus for your dining pleasure.

The main cafeteria is located on the first floor of the B.C. Rogers Student Center. Here you can enjoy "classic favorites" that are almost as good as your mother's home cooking. (If you think ours is better, we won't tell her and neither should you). Our Grill area prepares fresh daily features such as Philly Cheesesteaks or Blackened Chicken Po-boys. Our "Bowl You Over" station might have loaded Mac-n-Cheese or Shrimp and Grits as a daily feature. Our always fresh salad bar, brick oven pizza and design your own deli favorites are available at lunch and dinner daily. Be sure to save room for hand dipped Blue Bell Ice cream.

### Cafeteria

#### Monday – Friday

Breakfast 7:00 a.m. - 9:30 a.m.

Lunch 10:30 am - 2:00 p.m.

Dinner 4:30 p.m. - 7:00 p.m.

#### Saturday – Sunday

Lunch 11:00 a.m. - 1:30 p.m.

Dinner 4:30 p.m. - 6:30 p.m.

### Chick-fil-A (located in Alumni Hall)

Monday-Thursday 10:30 a.m. - 7 p.m.

Friday 10:30 a.m. - 3 p.m.

Saturday-Sunday Closed

### **Einstein Bagels** (located in Alumni Hall)

Monday-Thursday 7:30 a.m. - 3 p.m.

Friday 7:30 a.m. - 2 p.m.

Saturday-Sunday Closed

### **Coffee Shop**

We proudly serve **Starbucks** in the coffee shop located just inside the front doors of the Leland Speed Library. Enjoy a cup or your favorite snacks here.

Monday-Thursday 7 a.m. - 9 p.m.

Friday 7 a.m. - 3 p.m.

Our meal plans include a set number of meals each week which can be enjoyed in the cafeteria along with Points which are equivalent to dining dollars. Meals can only be used in the cafeteria, Dining Dollars can be used at any location. Mississippi College requires students in residential housing to participate in a meal plan. Freshman and Sophomores must have a 19 meal per week plan. Juniors and Seniors have their choice of plans.

Plan A: 19 meals per week plus \$250 points per semester

Plan B: 14 meals per week plus \$250 points per semester

Plan C: 9 meals per week plus \$200 points per semester

Additional points may be purchased through the food service office located in the cafeteria.

For special needs and allergy concerns please contact our food service director.

## **Student Conduct**

It is assumed that every student enrolling in Mississippi College agrees to conduct themselves in a manner conducive to the highest sort of mental and moral development in keeping with the ideals and traditions of the University. Personal misconduct either on or off the campus by anyone connected with Mississippi College detracts from the Christian witness Mississippi College strives to present to the world and hinders full accomplishment of the mission of the University.

As an institution pledged to the Christian principle of concern for others, the University enunciates a definite position on certain matters. Students who elect to attend the University, realizing its position on such matters, are expected to respect and abide by that position. Students who evidence an unwillingness or inability to conduct themselves in accord with University standards and any other rules and regulations of the University not specifically listed here, either on or off the campus, shall be subject to disciplinary action.

The faculty, administration, and Student Government Association cooperate in the student conduct process. Student participation in the conduct process is by allowance and not as a delegation of ultimate authority or responsibility. This procedure, it is hoped, will aid the students of Mississippi College to be judged by their peers, according to and by the rules, regulations, standards, and ideals of this institution, allowing them an opportunity to exercise self-discipline to the fullest extent possible.

In addressing an alleged violation of regulations or conduct deemed inconsistent with the ideals and standards of the institution, the University reserves the right to make any and all necessary investigations including, but not limited to, an on-premises investigation and inspection of any residence or living quarters on University property.

Disciplinary expulsion, suspension and probation may become a part of the permanent record. Parents or guardians may be notified of serious disciplinary action taken concerning their dependents. Rules and regulations are specifically listed in the Mississippi College Student Code of Conduct at [Policies | The Student Experience | Mississippi College \(mc.edu\)](#)

# Drug-free Environment

Mississippi College is committed to establishing a completely DRUGFREE environment in the lives of each student enrolled for all study at the University or involved in any Mississippi College program.

The use, possession, or distribution of illicit drugs and alcohol by students at Mississippi College is expressly forbidden and the same shall not be tolerated on any property owned or controlled by Mississippi College, nor shall the same be tolerated at or as a part of any activity undertaken at or under the direction or supervision of Mississippi College.

Illicit drugs shall be defined to include any use, possession, distribution, sale, manufacture, or evidence of consumption of narcotics, controlled substances or illegal drugs on or off Mississippi College property, or at Mississippi College-sponsored events or programs in accordance with federal, state, and local laws.

Any violations of the provisions of this notice, or of any statements of a similar nature published by Mississippi College, relative to illicit drugs, will result in disciplinary action which may include expulsion, suspension, mandatory successful completion of approved rehabilitation programs, and/or probation, any of which may become a part of the permanent record of the person violating or breaching any expression of this statement or similar published University rules and/or regulations.

Additionally, the University expressly reserves the right to refer any person violating this or similar regulations to the appropriate law enforcement officials for prosecution for violation of civil and/or criminal laws, as authorized by The DRUGFREE Schools and Communities Act of 1989.

# Academic Information

## New Student Orientation

Orientation for freshmen and transfer students is held periodically, starting in the spring, continuing during the summer and at the beginning of each semester. Academic and social expectations for students and parents are addressed during each orientation as well as class scheduling and registration. All new students are expected to be in attendance.

## Career Development

MC Career Development aims to engage students and alumni as they grow in their confidence both professionally and personally, resulting in a successful career. MC Careers accomplish this mission, within a Christian setting, by providing the most current resources, employment information and support. Students are encouraged to begin using Career Development early in their academic experience at Mississippi College.

Career Development collaborates with faculty and staff as well as employers to offer a variety of events and programming designed to help students and alumni make informed career and/or graduate and professional school decisions. Career coaching, resume/cover letter writing, employment search, Career Closet guidance, and interview preparation sessions can be scheduled. An on and off campus job board (Handshake), on-campus interviews, an annual Career Day, and other professional development opportunities are put in place to connect students with local and national employers.

For more information, visit us on the web at [mc.edu/career](https://www.mc.edu/career) or call (601) 925-3901.

## Student Success

The Office of Student Success offers support for students seeking academic assistance and connection to campus resources. The academic coaches assist students as they develop strategies to set goals, manage their time, develop effective academic habits, optimize their use of different learning strategies, and make academic progress towards graduation. Contact Student Success to schedule an appointment at <https://www.mc.edu/success/> or (601) 925-7657

## Advising

Mississippi College places a priority on high quality academic advising and guidance for all students. Freshmen are assigned to faculty advisors for registration. All upperclassmen who have chosen their major field of study are assigned to advisors in the department of their choice. Students who have not selected majors are assigned to a general faculty advisor, but upon choosing a major and initiating an Undergraduate Major Change process through the MyMC portal, will be reassigned to a faculty advisor in their major area. Students are encouraged to interact with their faculty advisor on a regular basis as they seek to complete their program of studies in a timely manner.

## University Core Curriculum

The purpose of the General Education Program (University Core Curriculum) at Mississippi College is to prepare students for a lifetime of learning. Inspired by and consistent with our mission as a Christian university, the program is designed to instill basic skills and knowledge deemed necessary for disciplined study, global awareness, and reasoned response to a changing world. This educational experience should assist students as they build academic majors and minors. The General Education Program is divided into learning areas defined by an educational goal and outcome objectives.

**Analytical Reasoning and Effective Communication:** The ability to think critically and independently, apply scientific and quantitative methods, and communicate effectively should empower students to:

- communicate logically and precisely
- engage in problem solving and in making informed judgments
- conceptualize and solve numerical problems
- study and learn about the natural world

**Personal Values and Attitudes:** An understanding of, Christian ethics, personal wellness, and interpersonal relationships in society should empower students to:

- develop skills for making responsible moral choices based on an understanding of Biblical principles
- enhance physical and psychological well being
- engage in team-building and cooperative efforts as well as individual initiative

**Social and Cultural Understanding:** An examination of various dimensions of human civilization should empower students to acquire perspective into the society and culture of Americans and other peoples

- acquire knowledge of the arts and humanities
- enhance skills for the dynamics of relationships

University Core Curriculum and other Graduation Requirements

## University Core Curriculum

Students should take these core courses during the first two years at Mississippi College. Other degree requirements are indicated with the appropriate major.

Category	Subject	Course Number and Name	Credit Hours
<b>Humanities and Fine Arts</b>	<b>English</b> (9 Semester Hours)	ENG 101 English Composition	3
		ENG 102 English Composition OR ENG 103 Accelerated Composition	3
		ENG 211 - World Masterpieces OR ENG 212 - Survey of British Literature OR ENG 213 - Survey of American Literature	3
	<b>History</b> (6 Semester Hours)  <i>* RN to BSN are only required to take 3 hours in the History Core</i>	HIS 103 - World Civilization I HIS 104 - World Civilization II OR	6
		HIS 211 - History of the United States HIS 212 - History of the United States	
<b>Fine Arts</b> (3 Semester Hours)	ART 125 - Art Appreciation or MUS 125 - Music Appreciation or THE 125 - Introduction to Theatre	3	
<b>Social Sciences</b>	<b>Social Sciences</b> (3 Semester Hours)	ECO 231 - Principles of Macroeconomics GBU 151 - Business Skills for Life MLG 205 - Cross-Cultural Understanding PLS 201 - American National Government PSY 201 - Introduction to Psychology (General Psychology) SOC 205 - Sociology: An Introduction in Global Context Any PHI course Credits, 3 sem. hrs.	3
<b>Mathematics and Sciences</b>	<b>Science</b> (4 Semester Hours)	Four hours of science are required, including one lecture with a corresponding lab. Students are encouraged to choose from one of the following lab courses:	4

		BIO 103 - Human Biology AND BIO 104 - Human Biology Laboratory  BIO 105 - Plants and People AND BIO 106 - Plants and People Laboratory  BIO 111 - Biology I AND BIO 110 - Biology I Laboratory  CHE 112 - Chemistry in American Life II CHE 141 - General Chemistry I PHY 151 - General Physics I PHY 251 - Fundamentals of Physics I	
	<b>Mathematics</b> (3 Semester Hours)	MAT 105 - Contemporary Mathematics (or a higher-level course)	3
<b>Other</b>	<b>Bible</b> (6 Semester Hours) <i>* RN to BSN are only required to take 3 hours in Bible Core</i>	BIB 110 - Introduction to the Old Testament OR BIB 111 - An Intensive Analysis of the Old Testament	3
		BIB 120 - Introduction to the New Testament OR BIB 121 - An Intensive Analysis of the New Testament	3
	<b>Physical Education Activity Courses</b> (2 Semester Hours) <i>* Students enrolled in the ABSN program or an on-line degree program are exempt from Physical Education Activity Course requirements</i>	Recommended courses are KIN 123 - Fitness For Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).  PED credit can also be awarded for specialized training in the armed forces.	2
	<b>Communication</b> (0-3 Semester Hours)	All departments require training in communication. Some departments will utilize COM 202 or 203 or 304 while other departments offer discipline specific communication training.	0-3
	<b>Technology</b> (0-3 Semester Hours)	All departments require training in technology. Some departments will utilize CSC 114 or CSC 115 , while other departments offer discipline specific technology training. CONTACT DEPARTMENT FOR REQUIREMENT.	0-3
	<b>Modern Languages</b> (6-12 Semester Hours) <i>B.A. Candidates and all English Majors</i>	Students must complete the intermediate or sophomore-level courses in their chosen language. Students with one high school unit may enter course 102 of the same language and thereby waive 3 hours of this requirement; those with two high school units may enter course 201, waiving 6 hours.	6-12
	<b>Writing Proficiency Requirement</b> (0 Semester Hours)	This requirement is met by earning a passing score on the Writing Proficiency Exam (ENG 099 ), which will be shown on the permanent records as "CR" for ENG 099 , or by earning a grade of "C" or higher in the three-hour course ENG 299 (Professional Writing Skills). Students who have completed their first bachelors degree are not required to complete the WPE for additional bachelors degrees.	0
<b>Chapel Requirement</b> <i>* Students enrolled in the ABSN program or an on-line degree program are exempt from Chapel requirements.</i>	Freshman (0-23 sem. hrs.) 4 semesters Sophomore (24-53 sem. hrs.) 3 semesters Junior (54-83 sem. hrs.) 2 semesters Senior (84 or more) 1 semester	0	

## Majors, Minors and Concentrations

For a bachelor's degree the student must complete an approved major and minor, with the exception that certain comprehensive majors do not require a separate minor. A major is a specified program of study usually containing at least 30 semester hours of courses unique to the field. A comprehensive major, which does not require a minor, may include courses from related fields in its 50-65 required hours. Music, as is common at other institutions, requires more (55-94 hours).

Some majors allow a choice among designated concentrations of courses within the major. A concentration consists of 12-18 hours of related courses, taken along with the basic courses required of all students in that major. Transfer students must complete a minimum of 12 hours of the major at Mississippi College.

A student may earn a second major by completing all requirements specified in that field provided both majors are offered within the same degree; ex. both majors must be offered in the Bachelor of Arts degree.

A minor is a specified program of 18-21 hours in a field separate from the major. Courses counted in the major cannot be counted in the 18-21 hours in a minor. Transfer students must take a minimum of six hours in the minor at Mississippi College. Courses counted in one minor cannot be counted in a second minor.

## Second Bachelor's Degree

Ordinarily, students may not be awarded two degrees at the same time.

In order to qualify for a second bachelor's degree the student must satisfy all course requirements for the second degree sought and must complete a minimum of 33 semester hours in residence at Mississippi College with 66 grade points in addition to the credits used for the first degree. Depending upon the student's academic standing, and with prior approval of the Provost and the Registrar, coursework for both degrees may be undertaken contemporaneously.

When completing a second bachelor's degree, the minor requirement is waived for the second degree program.

A transfer student with a degree from another institution must fulfill the aforementioned stipulations in seeking a second degree from Mississippi College (a minimum of 33 semester hours in residence at Mississippi College with 66 grade points), including a minimum of twelve hours in the major and six hours in the minor (if declared) at Mississippi College.

## Academic Loads

**Full Time Students** - An individual qualifies as a full-time student if he/she is registered for a minimum of 12 semester hours of academic work per semester.

**Regular or Normal Load** - The regular or normal load for students is 16 hours per semester. However, upper class students may, on the advice of their faculty advisors, take as many as 18 semester hours of academic work, provided they have a cumulative grade point average of 2.0. See **Grade Point Averages** section of this **Undergraduate Catalog**.

**Load for Freshmen** - Freshmen are advised not to take more than 17 semester hours of academic work in one semester. Eighteen semester hours may be taken with advisor's permission.

**Load for Seniors** - Seniors who have a grade point average of 3.5 on work taken at Mississippi College may, during one semester of their senior year-and one semester only-take a maximum of 21 credit hours. Permission for such must be secured from the Provost. Under no circumstances will a student be allowed to enroll in more than 21 hours during a semester.

**Load and Hours Required to Graduate** - All bachelor's degrees require at least 130 semester hours. Therefore, the student who takes only the minimum load of 12 hours per semester will need 11-12 semesters to graduate. By taking the more normal load of 16-17 hours, most students can complete requirements in 8 semesters.

**Load for Summer Session** - In summer session the maximum load is one academic course in the May term, and two academic courses per term (plus a non-academic course if needed), for a total of 17 credit hours for the summer session.

Statements concerning maximum academic load apply whether a student takes all of his/her work at Mississippi College or whether he/she takes work here and elsewhere at the same time. Note that students must obtain permission from the Provost to take courses elsewhere while they are enrolled at Mississippi College and/or working toward a degree from Mississippi College. (Form available online and in the Office of the Registrar)

## Change of Schedule: Drop, Add, Audit, Withdrawal

After the second full week of classes in a fall or spring semester, students who have been reported by a faculty member to the Registrar's Office will be administratively dropped from those classes for which they are registered but have never attended.

Students register for courses on-line through Banner Web according to schedules published on the Banner website. Consultation with an advisor is a requirement, and the student must understand that if there is any deviation from the schedule agreed upon with the advisor, full responsibility rests on the student. After classes have begun, courses may be added or dropped according to the college calendar published in the on-line catalog and schedule.

### *Drop or Add Courses*

#### *Add Courses*

Students may add a course without being assessed an additional fee or penalty through the “last day to register or add a class” as listed on the schedule for the given term. The student will be responsible for any additional tuition and/or course fees.

#### *Add Courses Late (Late Add)*

Students will not be allowed to add a course after the “last day to register or add a class” for a given term unless special permission is granted by the Provost in consultation with the Dean and/or the Department Chair and the instructor of record for the course. Unless the change is originated by a faculty member or administrative official of the University the student will be assessed a fee for a late add. The student will be responsible for any additional tuition and/or course fees.

#### *Drop Courses (Drop Without a Grade)*

Students may drop a course without a grade and without being assessed an additional fee or penalty through the close of business on the “last day to drop a class without a grade” for a given term. The course will not be entered on the student’s permanent record and the student is eligible to receive a 100% tuition refund, but fees will not be refunded.

#### *Late Drop (Drop with a “W” Grade)*

Student may drop a course after the “last day to drop a course without a grade” and up to the last day to “drop a class with a grade of “W” for a given term. In these cases, a “W” will appear on the student’s permanent record for the course(s) dropped late. The student will be assessed a fee for the late course drop unless the change is originated by a faculty member or administrative official of the University. Students who drop a course late are not eligible for a refund of tuition or fees.

Students who cease class attendance/participation but fail to follow the proper procedure to drop with a “W” grade by the drop deadline will be assigned a grade of “F.” In rare circumstances, students wishing to drop a course after the last day to drop may appeal to the Provost to receive a grade of “W” instead of “F.” However, the following conditions must be met for the appeal to be successful:

1. There are extenuating circumstances beyond the student’s control as to why the drop is requested after the drop deadline;
2. the student is passing the course(s) at the time of the request;
3. the student has attended class with regularity; and the student has demonstrated general good faith toward completing the requirements of the course.

The recommendations of the instructor of the course, the student's advisor, and/or the Dean of the School where the course is offered may be considered, but the final decision regarding an appeal must be approved by the Provost. The student will be assessed a fee for the late course drop, and students are not eligible for a refund of tuition or fees.

### *Schedule Change Fees*

A fee will be assessed to the student if a change of schedule occurs after the last day to add or to drop a class unless the change is originated by a faculty member or administrative official of the University.

For more information regarding changing a course schedule, students should contact the Office of the Registrar, (601.925.3210) and/or consult *University Policy 2.13*.

### *Auditing Courses*

Briefly stated, auditing a course conveys the normal privileges of the course, but without the responsibility of grades and without credit. The student registers for the course and pays full tuition. Although the work is not graded, the student is expected to participate in at least 75 percent of class meetings and activities in order for the audit to appear on the permanent record.

Any change from audit to credit must be accomplished by the last day for adding a course, and any change from credit to audit must be made by the last day to drop a course. No credit can be given for a class audited, nor is the student permitted an examination for credit. The only way to earn credit is to take the course anew for credit.

**Audit hours do not count toward eligibility for financial aid. No faculty member is authorized to admit anyone as an auditor to any class unless the auditor is registered as such. A drop/add form must be completed, including obtaining the instructor's signature, before a course can be changed from credit to audit.**

### *Withdrawal from the University*

A student desiring to withdraw from the University should initiate the withdrawal by accessing the Complete Withdrawal link in the MyMC student portal. See Refund Policies in this catalog for withdrawal/ refund schedule.

Any claims for refunds of tuition will be based on the date on which the student initiates the withdrawal. If students are living on campus, it will be necessary for them to notify the Director of Residence Life regarding their moving out of the residence hall.

## *Withdrawal*

Students electing to leave the University prior to the end of the term of enrollment, except for temporary absences, should initiate the procedure to withdrawal from the university with the Registrar's Office. By completing this procedure, the student will prevent future difficulties in obtaining transcripts or in re-entering the University, and will avoid having F's automatically recorded for all courses taken during the semester. Students who stop attending/participating in classes without officially withdrawing from the university earn a grade of "F" in each course.

A student who withdraws from the institution after the "last day to drop a course without a grade" for a given term will receive a grade of "W" for each scheduled course. The student will be assessed a fee to withdrawal from the university, and students are not eligible for a refund of tuition or fees.

No withdrawals from the institution will be allowed during the final exam period. Further, no withdrawals from the institution will be allowed during the 10 calendar days preceding and including the last class day for the term.

The withdrawal of any student shall not be effective on a date prior to the last day of class attendance.

## *Withdraw after Last Day to Drop a Course With a Grade*

In rare circumstances resulting from an extreme hardship, students wishing to withdraw from the university after this period may appeal to the Provost to receive a grade of "W" instead of "F" for all courses. However, the following conditions must be met for the appeal to be successful:

1. There are extenuating circumstances beyond the student's control as to why the withdrawal is requested after the withdrawal deadline;
2. the student is passing the course(s) at the time of the request;
3. the student has attended class with regularity;
4. and the student has demonstrated general good faith toward completing the requirements of the course.

If successful, the student will be assessed a fee to withdraw, and students are not eligible for a refund of tuition or fees.

## *Withdraw After a Semester Has Ended*

In highly unusual circumstances resulting from extreme hardship, a student may petition to withdraw retroactively from a semester within one calendar year. The request for withdrawal will be considered only when accompanied by appropriate documentation of the situation (e.g., medical emergency or administrative error) which was related to the student's recorded academic performance for the semester in question. Such requests must be approved by the student's advisor, department chair, dean, and the Provost. For cases other than administrative error in which final grades were recorded, the student's instructors should be consulted before a final decision is rendered and should be notified after the decision is made. In no case will more than one semester's work be retroactively withdrawn during a student's matriculation at Mississippi College.

## **Summer Session Drops and Withdrawals**

When a student is taking only one course in a summer session and drops it, it is considered a withdrawal from the University. The student should initiate the withdrawal by accessing the Complete Withdrawal link in the MyMC student portal.

## Course Numbering System, Undergraduate

For undergraduate courses, Mississippi College uses course numbers consisting of a three-character subject code followed by a 3 or 4 digit number.

Lower-division Courses: Numbers beginning with 1 and 2 are considered Lower-division courses primarily for freshmen and sophomores:

- 1-Level: Courses beginning with 1: Freshman
- 2-Level: Courses beginning with 2: Sophomore

Upper-division Courses: Numbers beginning with 3 and 4 are considered Upper-division courses primarily for juniors and seniors:

- 3-Level: Courses beginning with 3: Junior
- 4-Level: Courses beginning with 4: Senior

Some 4-level courses carry dual credit, undergraduate/graduate. These courses cannot subsequently be changed to graduate credit nor repeated for graduate credit at the 5-level.

Specific information about post-baccalaureate graduate courses is found in the [Graduate Catalog](#) and the [Law School Catalog](#).

## Classification of Students

Classification is based on the student's standing according to earned hours at the beginning of any regular session.

### By Hours

**Freshman:** (0-23 hours) one working toward a bachelor's degree.

**Sophomore:** ( 24-53 hours) one working toward a bachelor's degree.

**Junior:** (54-83 hours) one working toward a bachelor's degree.

**Senior:** (84 or more hours) one working toward a bachelor's degree.

### By Degree Status

**Degree seeking student:** one who has made declaration of a specific degree and major and is enrolled in those courses required to attain such degree.

**Pre-baccalaureate non-degree student:** one who does not have a bachelor's degree and is not working toward a degree at Mississippi College. The student is eligible to take any undergraduate course for which he or she is qualified. The student will be admitted through undergraduate admissions as a non-degree seeking student.

**Post-baccalaureate non-degree student:** one who already holds a bachelor's degree and is not working toward a degree at Mississippi College. The student is eligible to take any graduate or undergraduate course for which he or she is qualified, as determined by the faculty member or department concerned. The student will be admitted through the Graduate School as a non-degree seeking student.

**Graduate student:** one enrolled in a master's, education specialist, counseling specialist or doctoral degree program at Mississippi College.

**Law student:** one enrolled in Mississippi College School of Law.

## Special Ways to Earn Credit

The normal way to earn degree credit at Mississippi College is by taking regular university classes. However, the University does have several ways of validating prior learning or accepting credit from external sources. All such credit must meet Mississippi College standards and, for enrolled students, must be approved in advance by Mississippi College. The maximum total of such credit in any combination is 30 semester hours.

### Advanced Placement Credit (AP)

A student may earn credit for university-level Advanced Placement (AP) courses, provided that the score set by Mississippi College is made on the standardized examination. An official copy of the AP College Grade Report is required to award credit.

NOTE (1): In some cases the AP course is not the full equivalent of the corresponding MC course; in such cases the department concerned will be consulted to determine if AP credit may be applied to major, electives, etc.  
NOTE (2) Students who receive a 4 or 5 on the English Language and Composition exam receive credit for ENG 101 - English Composition; students who achieve a 4 or 5 on the English Literature and Composition exam receive

credit for ENG 212 - Survey of British Literature. ALL students must take ENG 102 - English Composition at Mississippi College or by transfer credit.

NOTE (3): The Department of Art will review AP Art and Design Program scores and determine which course credit should apply based on the student portfolio.

## College Level Examination Program (CLEP)

A student may receive credit toward graduation for approved subject examinations through CLEP. No student may receive credit by examination at a lower course level in a subject from which he/she has earned credit at an advanced level. An official copy of the CLEP score report is required to award credit. Details are available from the Registrar's office. For more information about CLEP exams, please visit MC website at

<https://www.mc.edu/offices/registrar/forms/clep-information>

<p>*CLEP credit in English is limited to a total of six (6) semester hours. A student may CLEP only one literature exam.  ** A single examination covers the foreign language skills usually learned from the end of the first year through the second year of college study.  ***CLEP credit in history is limited to a total of six (6) semester hours chosen from the courses listed above. To meet the six (6) hours of history CORE requirement, both courses must be from the same series, i.e. United States History or Western Civilization.  ****Students who have previous credit for PLS 202 will NOT be allowed to receive credit for PLS 201 per the History/Political Science Department.</p>			

### ***Correspondence or Extension Credit***

Mississippi College does not offer work by correspondence and prefers that its students not take correspondence courses from other institutions except in cases of scheduling difficulties that cannot be resolved in some other way. In such cases the appropriate dean may permit transfer of correspondence credit, but in no case can more than six semester hours of correspondence or extension credit be accepted.

### ***Credit For Service In The Armed Forces***

Credit for specialized training in the armed forces may be granted on the basis of recommendations published in *A Guide to the Evaluation of Educational Experience in the Armed Services*, insofar as the recommendations can be applied toward requirements for graduation. An official copy of the Joint Services Transcript is required to award credit. Up to three semester hours of Physical Education credit may be granted for completion of basic training or the equivalent. Students should submit a copy of discharge papers reflecting Honorable Discharge to the Office of the Registrar.

### ***Credit Validated by Examination***

In some cases a student may wish to receive university credit for a course taken through a reputable institution not offering university credit or combination of such coursework and other experience. With the approval of the Provost, such credit may be established by the student's passing satisfactorily an examination on a course of comparable content

given at Mississippi College. There is a fee for validating credit. See the Office of the Provost for details. 601.925.3202. (See *Special Examinations* section of this catalog.)

## **International Baccalaureate (IB) Credit**

Students who are interested in obtaining IB credit should contact the Office of the Registrar, Telephone: 601.925.3210.

IB Credit Awarded at Mississippi College		
Subject Matter Area	Required Minimum IB Score	MC Credit Accepted
Chemistry	N/A	None Accepted
Biology	6	Subsidiary/Standard Level: BIO: 101 (3 hrs) 103 (3 hrs) 104 (1 hr)
	5	Subsidiary/Standard Level: BIO: 101 (3 hrs)
Economics	6	Subsidiary/Standard and Higher Levels: ECO 231-ECO 232 (6 hrs) Note: Subsidiary/Standard Level contains both micro and macro economics
English	5	Subsidiary/Standard Level/Higher Level: ENG 101 (3 hrs)
Foreign Languages (French, German, Latin, Spanish)	5	Subsidiary/Standard Level: 101-102 (6 hrs); Higher Level: 201-202 (6 hrs)
History	5	Higher Level: HIS 102 (3 hrs) [Americas]
Mathematics	N/A	None Accepted
Physics	5	Subsidiary/standard Level: PHY 104 (3 hrs); Higher Level: PHY 151- PHY 152 (8 hrs)

*A maximum of 30 hours in any combination may be accepted from the sources listed above: Correspondence, or extension courses (no more than 6 hours), advanced placement, CLEP, credit by examination, credit for specialized training in the armed forces, and international baccalaureate.*

## **Military Officer Training Programs**

Mississippi College offers courses in two military officer programs: U.S. Army ROTC and U.S. Air Force ROTC. Army ROTC courses are offered as Military Science and Leadership (MSL) courses. Air Force ROTC courses are offered as Aerospace Studies (AOS) courses. Courses are not available on campus but are part of a cooperative program with Jackson State University. For information about Army ROTC call 601-925-3856 and for Air Force ROTC call 601-979-1620.

### **Aerospace Studies Courses**

#### **AOS 101 - Heritage and Values**

Credits, 1 sem. hr. Corequisite(s): AOS 103.

A survey course designed to introduce students to the U.S. Air Force and Air Force Reserve Officer Training Corps.

#### **AOS 102 - Heritage and Values**

Credits, 1 sem. hr. Corequisite(s): AOS 104.

Continuation of AOS 101

#### **AOS 103 - Leadership Laboratory**

Credits, 1 sem. hr. Air Force customs, courtesies, health, mandatory physical fitness, field training orientation, drill and ceremonies. Graded Credit/No Credit.

### **AOS 104 - Leadership Laboratory**

Credits, 1 sem. hr. Air Force customs, courtesies, health, mandatory physical fitness, field training orientation, drill and ceremonies. Graded Credit/No Credit.

### **AOS 201 - Team and Leadership Fundamentals**

Credits, 2 sem. hrs. Corequisite(s): AOS 203.

Provides an understanding of leadership and team building skills, with concentration on problem-solving and basic verbal and written communication.

### **AOS 202 - Team and Leadership Fundamentals**

Credits, 1 sem. hr. Corequisite(s): AOS 204.

Continuation of AOS 201.

### **AOS 203 - Leadership Laboratory**

Credits, 1 sem. hr. Air Force customs, courtesies, health, mandatory physical fitness, field training orientation, drill and ceremonies. Graded Credit/No Credit.

### **AOS 204 - Leadership Laboratory**

Credits, 1 sem. hr. Air Force customs, courtesies, health, mandatory physical fitness, field training orientation, drill and ceremonies. Graded Credit/No Credit.

### **AOS 301 - Leading People and Effective Communication (Professional Officer Course)**

Credits, 2 sem. hrs. Corequisite(s): AOS 303.

This course builds on the leadership fundamentals taught in AOS 201 -AOS 202 by focusing on additional leadership dimensions, ethics training, and advanced writing and public speaking skills

### **AOS 302 - Leading People and Effective Communication (Professional Officer Course)**

Credits, 3 sem. hrs. Corequisite(s): AOS 304.

Continuation of AOS 301.

### **AOS 303 - Leadership Laboratory**

Credits, 3 sem. hrs. Air Force customs, courtesies, health, mandatory physical fitness, field training orientation, drill and ceremonies. Graded Credit/No Credit.

### **AOS 304 - Leadership Laboratory**

Credits, 3 sem. hrs. Air Force customs, courtesies, health, mandatory physical fitness, field training orientation, drill and ceremonies. Graded Credit/No Credit.

**AOS 401 - National Security, Leadership Responsibilities and Commissioning Preparation (Professional Officer Course)**

Credits, 1 sem. hr. (non-academic). Corequisite(s): AOS 403.

Examines the national security process, regional studies, advanced leadership ethics, and Air Force doctrine.

**AOS 402 - National Security, Leadership Responsibilities and Commissioning Preparation (Professional Officer Course)**

Credits, 1 sem. hr. (non-academic). Corequisite(s): AOS 404.

Continuation of AOS 401.

**AOS 403 - Leadership Laboratory**

Credits, 3 sem. hrs. Air Force customs, courtesies, health, mandatory physical fitness, field training orientation, drill and ceremonies. Graded Credit/No Credit.

**AOS 404 - Leadership Laboratory**

Credits, 3 sem. hrs. Air Force customs, courtesies, health, mandatory physical fitness, field training orientation, drill and ceremonies. Graded Credit/No Credit.

***Military Science Leadership Courses***

**MSL 101 - Foundations of Leadership and Management I**

Credits, 1 sem. hr. Corequisite(s): MSL 103.

Establishes a framework for understanding officership, leadership, and Army values.

**MSL 102 - Foundations of Leadership and Management II**

Credits, 1 sem. hr. Corequisite(s): MSL 104.

Continuation of MSL 101.

**MSL 103 - Leadership Laboratory**

Credits, 1 sem. hr. Develops principles and exercises for individual fitness and healthy lifestyle.

**MSL 104 - Leadership Laboratory**

Credits, 1 sem. hr. Develops principles and exercises for individual fitness and healthy lifestyle.

**MSL 120 – Fundamentals of Physical Fitness**

Credits, 1 sem. hr.

This course is designed to teach and apply the principles of physical fitness, utilizing the five major components of cardio-respiratory endurance, muscular strength, muscular endurance, flexibility, and body composition. A variety of health and wellness issues will be addressed. The components of fitness will be met through structured group physical activities as well as strength and endurance conditioning exercises

## **MSL 130 – Applied Leadership Principles in Military Practice**

### **Credits, 3 sem. hrs.**

Provides practical experience within the setting of a military organization to develop discipline and team work. The course provides opportunities to apply learned leadership principles and to plan, instruct and practice military skills such as drill and ceremonies, marksmanship, communications and tactical operating procedures. Students are organized into squads and platoons under the supervision of the Instructor.

## **MSL 201 - Applied Leadership and Management I**

### **Credits, 2 sem. hrs. Corequisite(s): MSL 203.**

Takes the unique approach of placing cadets in a wide variety of group exercises designed to emphasize various professional leadership competencies and insights.

## **MSL 202 - Applied Leadership and Management II**

### **Credits, 2 sem. hrs. Corequisite(s): MSL 204.**

Continuation of MSL 201.

## **MSL 203 - Leadership Laboratory**

**Credits, 1 sem. hr.** Develops principles and exercises for individual fitness and healthy lifestyle.

## **MSL 204 - Leadership Laboratory**

**Credits, 1 sem. hr.** Develops principles and exercises for individual fitness and healthy lifestyle.

## **MSL 301 - Advanced Leadership and Management I**

### **Credits, 3 sem. hrs. Corequisite(s): MSL 303.**

The study, practice and evaluation of adaptive leadership skills in challenging scenarios related to squad tactical operations.

## **MSL 302 - Advanced Leadership and Management II**

### **Credits, 3 sem. hrs. Corequisite(s): MSL 304.**

Uses intense situational leadership challenges to build cadet awareness and skills in leading tactical operations up to platoon level.

## **MSL 303 - Leadership Laboratory**

**Credits, 1 sem. hr.** Develops principles and exercises for individual fitness and healthy lifestyle.

## **MSL 304 - Leadership Laboratory**

Credits, 1 sem. hr. Develops principles and exercises for individual fitness and healthy lifestyle.

### **MSL 401 - Seminar in Leadership I**

Credits, 3 sem. hrs. Corequisite(s): MSL 403.

Develops cadet proficiency in planning, executing and assessing complex operations.

### **MSL 402 - Seminar in Leadership II**

Credits, 3 sem. hrs. Corequisite(s): MSL 404.

Explores the dynamics of leading in the complex situations of current military operations in the contemporary operating environment.

### **MSL 403 - Leadership Laboratory**

Credits, 1 sem. hr. Develops principles and exercises for individual fitness and healthy lifestyle.

### **MSL 404 - Leadership Laboratory**

Credits, 1 sem. hr. Develops principles and exercises for individual fitness and healthy lifestyle.

## **Grades**

### ***Undergraduate Grading System***

The University uses the following grading system:

- A** is reserved for work which is definitely superior in quality.
- B** is given for work which is consistently good and which manifests sufficient interest, effort, or originality to lift it above average work.
- C** is given for average work and shows that basic requirements in class assignments have been met. It is the minimum requirement for graduation.
- D** earns credit but is below the standard required for graduation.
- F** indicates failure and naturally carries no credit.
- W** Withdrawal (does not count in the student's academic standing.)
- CR** earns credit hour(s) without grade points.
- AU** refers to audit credit without hours or grade points.
- NA** No Audit because requirements were not met.
- NC** No Credit because requirements were not met.
- I** "Incomplete" may be given to a student who has been unavoidably hindered from completing work required in a course, provided that:
  - a. semester attendance requirements have been met;
  - b. the request is made at a point beyond the last date to withdraw from a class;
  - c. in the opinion of the professor, the student has completed the vast majority of work required for the course and the remaining work can be accomplished independently and without significant oversight by the professor;

- d. the student is doing passing work; and
- e. the student has made prior arrangements with the faculty member to complete the remaining work

*The grade of I affects the grade point average because it carries no grade points and the course hours are calculated as hours attempted and grade point hours. The grade of I must be removed promptly or it becomes an F; it cannot be removed by repeating the course. The course syllabus outlines the criteria faculty members use in determining a student's final grade in the course.*

**PR** The grade of PR is only available when, by design, coursework extends beyond the semester or term in which the course is scheduled and the course has prior approval of the Academic Council. The current list of approved course numbers is maintained within the Registrar's Office. The PR grade does not count in grade point hours, and thus does not affect GPA until changed to a single letter grade upon successful completion.

Requirements for course completion are outlined within the course syllabus or in prior arrangement with the course instructor. Requirements not completed within the designated timeframe results in the PR grade removal and the grade earned assigned.

## Grade Points

<b><u>A</u></b>	=	4 grade points per hour
<b><u>B</u></b>	=	3 grade points per hour
<b><u>C</u></b>	=	2 grade points per hour
<b><u>D</u></b>	=	1 grade points per hour
<b><u>F</u></b>	=	0 grade points per hour
<b><u>I</u></b>	=	0 grade points per hour
<b><u>CR</u></b>	=	0 grade points per hour
<b><u>PR</u></b>	=	0 grade points per hour

## Grade Point Hours

Grade point hours are those hours for which a student registered and received a letter grade (A, B, C, D, F, I). Grades of F and Incomplete are included in grade point hours. No withdrawals or dropped courses are included.

Credits in non-academic courses do not carry grade points. Note information on credit for Varsity Sports (PED courses) in the section of this Undergraduate Catalog.

## Grade Point Average (GPA)

One's grade point average is based on grade point hours at Mississippi College. If one repeats a course, both grades enter into calculation of the grade point average. The formula for GPA is number of grade points divided by grade point hours. Any exceptions to calculating GPA by repeating a course are identified in Policy 2.15 of the Mississippi College Policy and Procedure Manual.

## Mid-Term Grades for Undergraduate Students

Mid-term grades are calculated for undergraduate students both fall and spring semesters, with special emphasis on freshmen. They are not a part of the student's permanent record. These grades are available to the student on the Mississippi College Banner website.

## Grade Reports

A record of each student's grades (transcript) is kept in the Office of the Registrar, and a report is available to the student at the close of each semester on the Mississippi College Banner website.

## Repeated Courses and Grades in the Permanent Record

A grade on a student's permanent record cannot be changed for reasons external to the course itself. A grade of F remains on the record when the course is repeated, and both grades count in the calculation of grade point average. Courses passed cannot be repeated for credit or used to pull up low grades; with special permission by the Provost an exception can be made in the case of a D grade. Both grades then count in calculating grade point average, but the credit counts only once. See Academic Fresh Start and Calculation of Grade Point Averages for Special Purposes when Courses are Repeated sections of the Undergraduate Catalog.

Note: Successful completion of a course, regardless of GPA considerations, is based on the grade of the last attempt. (For example, if a student took a course and earned a D and then repeated the course and earned an F, the student would not have successfully completed the course, even though a passing grade had been previously earned.)

## Grade Correction/Appeal

A student questioning a semester grade must, before the end of the following semester, ask the faculty member of the course to check for possible error. One who then still believes that the grade is inaccurate or unjust may appeal to the department chair and, if necessary, to the dean of the school whose decision will be final. In cases where the dean is the source of the grade or in an extraordinary cases, the appeal will be handled by the Provost.

When it has been determined that a grade will be changed, the faculty member must acquire and process a Permanent Record Change (Grade Change) form from the Office of the Registrar.

## Incomplete Grades

When a student has an acceptable reason for failing to complete a course on time, his/her record will be marked "Incomplete." The I grade is not to be abused to provide preferential treatment for a student who is unprepared through choice or carelessness. It is given only when circumstances beyond the student's control, such as illness on examination day, make it impossible to complete the course on schedule. The faculty member informs the student of the postponed date for completion of the work, which should be as soon as possible after the emergency that made the delay necessary but no later than the end of the next semester. An I that is not removed by the deadline becomes an F whether the student remains in school or not. (In extraordinary circumstances the student may petition the Provost for an extension of the deadline.)

To receive an I grade the student fills out a Request for Incomplete Grade form obtained from the Office of the Registrar or the faculty member and pays a fee. Upon completion of course requirements, the faculty member uses the Permanent Record Change (Grade Change) form to submit a new grade to the Registrar. The faculty member, not the student, turns the grade in to the Office of the Registrar.

An I cannot be removed by repeating the course; if the course is repeated, the I becomes an F and counts among the hours attempted and grade point hours, as does the new grade.

## President's and Dean's Lists

During each semester those full-time undergraduate students (12 semester hours or more of undergraduate grade point hours) whose grade point averages are 4.00 are recognized as being on the President's List and those between 3.50 and 3.99 are recognized as being on the Dean's List. Grade point average is calculated on grade point hours.

## ***Undergraduate Academic Standings***

The following end-of-term academic standings become a part of a student's permanent record. In order to be in ***Academic Good Standing***, a student must have an overall grade point average (GPA) of at least 2.00 at the end of each fall, spring or summer semester. A student must be in academic good standing in order to take courses at another college/university for transfer back to Mississippi College. If a student's overall GPA falls below 2.00 at the end of a fall, spring or summer semester, the student is immediately placed on ***Academic Probation***. A student placed on academic probation has up to two full-time semesters or four part-time semesters to improve his/her cumulative grade point average to 2.00 and return to ***Academic Good Standing***. If the student enrolls in two full-time semesters, four part-time semesters, or a combination of the two and fails to raise his/her cumulative GPA to 2.0, the student will be placed on ***Academic Suspension***.

If a student is suspended from Mississippi College due to unsuccessful academic performance, he/she is ineligible to enroll the following spring or fall semester and may not attend summer school. The student may then reapply and file an appeal for readmission (See ***Right of Appeal for Academic Suspension*** section of the ***Undergraduate Catalog***). If a student is readmitted to Mississippi College and does not earn at least a 2.00 cumulative GPA in the time allowed, the student will be suspended a second time and cannot apply for readmission for at least one year.

## ***Right of Appeal for Academic Suspension***

Undergraduate students placed on Academic Suspension may appeal through an appeals process that originates in the Office for the Provost. The Provost office will determine if the appeal will be reviewed. A successful appeal will return the student to Academic Probation with number of semesters on probation determined by the appeals body. A status of academic probation or academic suspension becomes a part of the student's permanent record. Students who have previously attended MC, were suspended, and have been readmitted by the Committee on Enrollment Appeals, will be admitted on Academic Probation and follow the above process.

## ***Enrollment in Absentia***

***Enrollment in Absentia*** is an enrollment term for students who are not in residence at Mississippi College during the semester of their expected graduation *or for students pursuing degree-related work while not in residence for the semester*. These students may have been given special permission by the Provost to finish final required credit hours at another institution, they may be students who have a graduation requirement deficiency with plans to correct it during the Enrollment in Absentia term *or students studying abroad through The McMillan Center for Education Abroad Center*. This enrollment status may be repeated if the student continues in deficiency for a successive or later term. An Enrollment in Absentia fee may be assessed for each term to which this category applies.

## ***Academic Fresh Start***

A student who has not been enrolled in any post-secondary academic institution for the immediately preceding twenty-four consecutive months may reapply to Provost for admission as an academic fresh start. If admitted in the academic fresh start program, the student may be allowed to begin their coursework and grade point calculation anew. All university credits earned at Mississippi College by the student prior to his or her admission in the academic fresh start program will be eliminated from computation of the student's grade point average and may not be used to satisfy

requirements for a degree provided that the student's transcripts will continue to reflect his or her complete post-secondary academic record. A student who retakes courses as a consequence of being admitted in the academic fresh start program will not be deemed to be repeating those courses.

If a student is readmitted to Mississippi College as a "fresh start", he/she must complete at least 24 grade point hours with a minimum 2.00 GPA before being allowed to take courses at another institution for transfer to Mississippi College, not withstanding all other requirements for graduation.

## Examinations

### *Final Examinations*

Regular examinations are held at the end of each semester. No examination of a regular class may be held at any other time except that designated by the administration. A student who is deliberately absent from an examination without legitimate reason will be given a grade of F for the course.

In some cases, exceptions can be made; for example, students who have more than two examinations in one day may ask that an exception be made. A legitimate exception to changing a final exam schedule must be approved by the Dean of the school after the student works out arrangements with the faculty member.

### *Exemption from Examinations for Graduating Seniors*

Seniors who have a B average in a given course during the term or semester in which they complete requirements for graduation from Mississippi College may be exempted from the final examination in that course at the discretion of the faculty member. Seniors who are exempted from examinations are to meet the class through its last meeting prior to examination.

A student who is deficient in any requirement for graduation will not be eligible for exemption from examinations. **Also, a faculty member has the right to require any senior to take the examination in a given class.** Thus, the student should not assume that he or she will be exempt except when specifically so informed by the faculty member.

A senior who is eligible for exemption may elect to take the examination in order to receive a better grade; in such case, the grade scored on the examination must be used in determining the final grade.

### *Special Examinations*

Occasionally a student needs a special examination for credit such as removing an incomplete or validating credit for courses taken at a reputable institution not offering university credit or a combination of such coursework and other experiences. With the approval of the Provost, the student will pay the appropriate fee in the Bursar's Office and present the written permit to the faculty member. It is the student's responsibility to arrange with the faculty member an acceptable time for the examination. (*Credit Validated by Examination* of the *Undergraduate Catalog*.)

### *Dead Days*

Monday-Wednesday preceding semester final examinations are known as "Dead Days". These days are designated on the Academic Calendar for each semester. During those designated days, no extra-curricular activities can be scheduled. Class work proceeds as usual, but it is expected that no periodic test will be given at the last meeting of class.

### *Study Day*

Thursday before final examinations each semester is known as "Study Day" and is to be used by students to prepare for final examinations. No classes will meet and no extra-curricular activities can be scheduled.

## Attendance/Participation

Class attendance/participation is an essential part of university education, and students are expected to attend/participate regularly and punctually all classes and laboratories for which they are registered. Cumulative absences/nonparticipation may result in a lowered grade or loss of credit for the course. **Tardiness** is also subject to penalty, as is any failure to complete required class work on time. Although some specific requirements may vary according to the nature and structure of the course, the following guidelines summarize university policy:

Class attendance/participation is required, and accurate records are kept.

For online courses, nonparticipation means the failure to login for any group assignments (i.e., chats, etc.), tests, or weekly assignments. Excessive absences are the same as for the classes that meet 1 time per week.

Students must not accumulate excessive absences. A student receives a grade of F in a course immediately upon accumulating the following number of absences, whether excused or unexcused:

12 in semester classes meeting 3 times per week

8 in semester classes meeting 2 times per week

4 in semester classes meeting 1 time per week

6 in summer day classes

In other classes which meet on different schedules, a student will receive an F in a class immediately when absences, whether excused or unexcused, (including university functions), exceed 25% of the class meetings.

**Absence Appeal**. If a student misses more than the number of class periods specified in university policy and believes that there are reasonable explanations for the absences, he/she may appeal the absences to the dean of the school in which the course is being taught. Students may obtain a Student Absence Appeal Form from the office of the appropriate dean.

For lesser numbers of absences/non-participation, the student should expect a lowered grade in the course, with the maximum penalty of one letter grade for each week of absences (in a semester) or the equivalent. The calculation of the semester grade, including any penalty for absences, is the responsibility of the faculty member and may vary according to the nature of the course and the grading scale used. In some classes points will be deducted from the semester grade for unexcused absences; in others, the penalty may be built into the grading scale by means of frequent pop quizzes, grades for class participation, etc.

The faculty member will excuse a limited number of absences/non-participation for serious illness, for field trips, for representing the University, and perhaps for other emergency reasons which the faculty member finds justifiable.

Whether an absence/non-participation is excused or not, the student who is absent misses some learning that takes place in the class. Naturally, the faculty member is more inclined to assist the student in making up the work if the absence was excused. However, the responsibility for work missed rests entirely with the student.

A student registering late will be charged for all absences/non-participation occurring prior to his or her reporting to class, although these may be treated as excused absences.

Students are expected to attend class beginning with the first class meeting (or participate in online classes the first week). Students who have not attended class (or participated in an online class) within 14 calendar days of the first day of class for full semester classes or within 7 calendar days of the first day of eight week classes (brick-and-mortar or online) will be administratively dropped from class.

## Chapel Attendance

Chapel exercises are a significant part of the University's educational program, and attendance is a part of the requirements for graduation. Participation in a given semester is limited, however, by the space available. For the best utilization of present seating capacity, the following requirements have been established.

Freshman	( 0-23 sem. hrs.)	4 semesters
Sophomore	(24-53 sem. hrs.)	3 semesters
Junior	(54-83 sem. hrs.)	2 semesters
Senior	(84 or more hrs.)	1 semester

All incoming students are required to register for Chapel One for their first semester at MC. Chapel attendance requirements may be found at <https://www.mc.edu/students/christian/chapel/attendance-policies>. There are no excused absences from Chapel.

Four sections of Chapel are offered each spring and fall semester: Chapel One, Chapel Two, Chapel Three, and Chapel Four. All students should complete Chapel One during their first semester at MC. Then, students should complete their subsequent semesters of Chapel in sequential order (Semester 1: Chapel One; Semester 2: Chapel Two; Semester 3: Chapel Three; Semester 4: Chapel Four). A student cannot receive credit for a section of Chapel more than once; each section can only be completed once. A student will not receive credit for Chapel attendance in any semester in which he or she does not meet the attendance requirements. Chapel attendance requirements may be found at <https://www.mc.edu/students/christian/chapel/attendance-policies>. There are no excused absences for Chapel.

Attendance requirements for Chapel One, Chapel Two, Chapel Three, and Chapel Four may be completed through a weekly Large Group Chapel gathering and/or Chapel+ opportunities.

Students in programs that meet only at night or online, of necessity, are exempt from the Chapel requirement.

## Mental Health Services

### Mission Statement:

Mississippi College Mental Health Services supports the institution's mission in providing services to Mississippi College students to promote healthy mental, physical, and spiritual well-being. We strive to help students determine successful paths in pursuit of their educational and life goals. MC Mental Health Services works to encourage the total development of our students. We provide a range of counseling options to students, with opportunities for group, individual, and crisis intervention. We also provide campus-wide outreach services to students that offer psycho-educational services with a wealth of information (such as wellness, stress management, and relationship issues) as we promote enriching discussion. MHS is here to educate, advocate and counsel students concerning mental health.

Students wishing to meet with a counselor should contact Mental Health Services, Alumni Hall, 4th Floor, Telephone: 601.925.7790 or email: [mentalhealth@mc.edu](mailto:mentalhealth@mc.edu). After hours mental health crisis telephone: 601-925-2346. Additional information regarding policy and procedures can be found on the Mississippi College Website at <https://www.mc.edu/offices/mental-health-services/>. Crisis information and additional mental health support information can be accessed on the Mississippi College Counseling Website at [Are you in crisis? | Mental Health Services | MississippiCollege \(mc.edu\)](#)

### General Policies:

Counseling services are private and confidential. All information and communication between a student and counselor are kept confidential and considered privileged as counselor-client information. All information is held in strict confidence except information indicating the intention of harm toward oneself or others. For specific information related to the limitations to confidentiality please contact Mental Health Services directly. A student's Mississippi College transcript will not include his or her records for MC Mental Health Services.

## Study Skills

In order to assist students who need to improve their study habits or skills, Mississippi Colleges offers IDS 111 Foundations for University Success, **Credit 1 sem. hr. (non-academic)**. This course provides an assessment and strategies to help students in specific areas of growth. Additionally, students can find a list of available tutoring sessions offered by departments on the MC website at <https://www.mc.edu/success/>. Supplemental instruction is also offered in designated classes. Ask the course instructor for details.

## Honesty

Mississippi College students are expected to be scrupulously honest. Dishonesty, such as cheating or plagiarism, or furnishing false information, including forgery, alteration or misuse of University documents, records or identification, will be regarded as a serious offense subject to severe penalty, including, but not limited to, loss of credit and possible dismissal. See the [Mississippi College Student Code of Conduct](#) or University Policy 2.19 for specific information regarding penalties associated with dishonest behavior at Mississippi College. Copies of the Mississippi College Student Code of Conduct are available in the Office of the Vice President for the Student Experience and Dean of Students. Copies of University policies are available on the Mississippi College website.

## Transcripts

Requests for official transcripts of credits must be made through the online request system found at <https://www.mc.edu/offices/registrar/transcripts>. For each transcript, a fee of \$15.00 is charged and must be paid in advance. The certified original copy will be mailed directly to the designated recipient, transmitted electronically to approved receiving schools or designated individual, or given to the student in a sealed envelope. While transcripts may not immediately be issued for students whose accounts have unpaid balances, students in pursuit of employment should place an order and then contact the Business Office at 601-925-3307 to confirm that the transcript recipient is an employer so that it may be issued.

E-mail, faxed, mailed, and phone requests cannot be accepted.

# Requirements for Graduation

## General Degree Requirements for Graduation

The following are general requirements for the bachelor's degree.

**Hours Required**-At least 130 semester hours of university credit, at least 120 of which must be in academic courses. A maximum of 30 hours in any combination may be accepted from the following sources: correspondence and/or extension courses (no more than 6 hours), advanced placement, CLEP, credit by examination, credit for specialized training in the armed forces, and international baccalaureate. Credits are measured in terms of semester hours. A semester hour represents one hour of recitation or lecture, or three hours of laboratory work, per week for one semester of approximately 15 weeks, or the equivalent.

**Residence Hours Required**-The last 33 semester hours must be completed in residence at Mississippi College unless an exception is approved by the Provost. Mississippi College limits academic residency to no more than twenty-five percent of the degree requirements for all undergraduate degrees for active-duty servicemembers. Academic residency can be completed at any time while active-duty servicemembers are enrolled. Reservists and National Guardsmen on active-duty are covered in the same manner.

**Major and Minor**-An approved major and minor are required, except for certain comprehensive majors.

**GPA: Overall and Major**-An average 2.00 GPA is required in all academic work attempted at Mississippi College and an average of C or higher is required in courses in the major (2.00 GPA) and any additional courses in the department. Some majors may require a GPA greater than 2.00. For exceptions to the required 2.00 GPA, see **Calculation of Grade Averages for Special Purposes** section of the **Undergraduate Catalog**.

**Courses Included in Calculating GPA in the Major**--All courses required in a major and all other courses taken in the department in which the major is housed are included in calculating a student's GPA in the major. In departments and schools in which there is a comprehensive major, all courses included in the comprehensive major are included in calculating the GPA in the major.

Note: **Successful completion of a course**, regardless of GPA considerations, is based on the grade of the last attempt. (For example, if a student took a course and earned a D and then repeated the course and earned an F, the student would not have successfully completed the course, even though a passing grade had been previously earned.)

#### **Calculation of Grade Point Averages for Special Purposes When Courses are Repeated**

The limited use of substituted grades for calculating the grade point average as described in the following paragraph is intended only to assist students in meeting the general requirements for the bachelor's degree at graduation and does not affect the manner by which any department or school calculates any student's eligibility for any course of study or program. This policy will only be enacted at the request of the advisor with the approval of the department chair, dean of the school and the Provost.

For a maximum of three repeated courses or maximum of nine semester hours, only the grade earned by the student when repeating the course will be used when calculating grade point average; the grade earned by the student on the first try will be ignored in such calculations. If a student repeats more than three courses, then for each such course in excess of three, the original grade and the subsequent grade(s) will be used when calculating grade point average. The courses for which grades may be substituted under this provision will be determined by the Registrar in order to provide the greatest assistance to the student meeting the general degree requirements. These calculations are for special GPA problems at the time of graduation and are not to be used at any other time, or for any other purpose. Therefore original grades from repeated courses will not be ignored when determining eligibility for academic honors such as the Dean's List, nor will any indication of academic probation or similar status be expunged from a student's transcript as a consequence of this policy.

**Chapel Credit**-Students will acquire the number of chapel credits as specified in the **University Core Curriculum** section of the **Undergraduate Catalog**.

**Writing Proficiency**-As a prerequisite to graduation, students must demonstrate proficiency in basic English grammar, usage, and writing skills. Students may demonstrate proficiency by earning a passing score on the Writing Proficiency Exam (WPE - ENG 099). Students who fail the WPE may demonstrate proficiency by earning a "C" or higher in ENG 299 - Professional Writing Skills.

The student maintains responsibility for completing the requirement and should be aware of the following policies:

Students planning to earn credit for ENG 102 at MC must register for the WPE when they register for ENG 102.

Students transferring credit for ENG 102 from another university should register for and complete the exam during their first semester at MC.

Students are billed for the WPE at the time of registration.

Students must attempt the WPE at least once before enrolling in ENG 299.

Students who fail the WPE twice may not take the exam again. Instead, they must demonstrate writing proficiency by earning a "C" or higher in ENG 299.

The Writing Proficiency Exam is offered twice in the fall, twice in the spring, and once in the summer. Online students who demonstrate they are unable to come to campus for the WPE can seek approval to take the WPE off-campus at approved sites.

Students may not take the Writing Proficiency Examination twice in one day.

Because of the above policies, students who postpone taking the WPE may be ineligible for graduation on their anticipated date. For some students, completing this requirement may take up to three (or more) semesters.

**Junior/Senior Level Courses**-At least one-third of the academic work which a student takes in meeting requirements for graduation with a bachelor's degree must be in junior-senior level courses (courses numbered 300-400).

**Degree Evaluation:** DegreeWorks (students with a catalog year Fall 2016 and forward) is a real-time online system used in planning degree programs. This evaluation utilizes courses completed and those in which the student is currently enrolled to inform students and their advisors of degree completion status at any point in their university career. The results are unofficial until they have been reviewed by the Office of the Registrar. Students should be in consultation with their advisors in utilizing any degree evaluations. Once the student has applied for graduation, an official review will be completed by the Office of the Registrar.

**Application for Degree-Please see calendar for application deadlines.**

To submit an application for a degree, students should log into the MyMC portal on the MC website. Students should select the box labeled "Banner Web for Students". Students should then select "Apply to Graduate" from the menu under their Profile Picture. When the application is completed, the student can submit the application digitally. Applying by the PRIORITY deadline gives the Registrar's Office time to check degree requirements and to notify students who do not meet those requirements early in the graduation semester when changes can be made to address the deficiencies.

Students who apply after the PARTICIPATION deadline (approximately three weeks before graduation) may not be eligible to participate in the graduation ceremonies and their names will not appear in the commencement program.

Candidates for degrees are charged a graduation fee at the time their application is processed. These fees, together with all balances of any nature, must be paid in full prior to graduation.

Students with a balance on their account will not receive a diploma and cannot be issued a transcript until the full balance is paid.

**Honors at Graduation**-Baccalaureate degrees at Mississippi College may carry two types of academic honors. These honors are recognized in the commencement ceremony and on the academic transcript.

Graduation with ***Latin honors***: Students who have completed at least half (65 semester hours, excluding AP, IB, CLEP, or credit by correspondence) of their work at Mississippi College will receive their degrees with special recognition in accordance with the following grade averages:

3.500-3.699 Graduation ***cum laude***

3.700-3.899 Graduation ***magna cum laude***

3.900-4.000 Graduation ***summa cum laude***

Graduation in the Junior/Senior Honors Program: Juniors and seniors with high academic averages may complete a program of independent research leading to an honors thesis or project. Graduation with Honors requires a satisfactory paper (or project), a cumulative grade point average of 3.25, and a grade point average of 3.5 in the major field; Graduation with High Honors requires a superior paper (or project), a cumulative grade point average of 3.5, and a grade point average of 3.75 in the major field.

Graduation in the Honors College: Students who have successfully completed all of the requirements of the Honors College will also be recognized in the commencement ceremony.

**Marching Requirements**-Students who meet graduation requirements are expected to march. If students have questions about marching, they should contact the Office of the Registrar at 601.925.3210.

# Special Programs and Study Opportunities

## Honors College

*Dr. Christopher Weeks, Interim Director of the Honors College*

### Mission

The Honors College at Mississippi College develops student leaders committed to academic excellence, spiritual maturity, and civic engagement. It offers a vibrant learning community dedicated to meaningful reflection, faithful citizenship, and servant leadership. Students learn to translate knowledge into wisdom as they think deeply on enduring themes and important questions. They are encouraged to imitate Christ, cultivate virtue, and pursue human flourishing. Students are challenged to see love of neighbor as foundational to their calling and leadership in careers, communities, and churches.

### Freshman Entry Into Honors College

The Honors College is a cohort-based program in which students will be challenged academically, grow spiritually, and become engaged in their community. Incoming students with a minimum ACT/SAT are invited to apply for acceptance into the Honors College. Students who successfully complete the requirements for graduation from the Honors College will have completed at least 24 hours of honors credit, as outlined below. During the freshman and sophomore years, students in the honors college will take one honors core class each semester. These courses emphasize interdisciplinary and transdisciplinary thinking and may satisfy certain university core requirements. During the junior and senior year, students have the option to complete their honors work with a thesis or non-thesis option. Students selecting the thesis and capstone option will complete an honors thesis and capstone project. Over the course of three semesters, students will work under the guidance of a faculty director to propose and develop an independent reading and research project within their academic discipline. Students completing the non-thesis option will take a combination of honors elective courses and honors contract courses. Honors elective courses are interdisciplinary seminar courses that often focus on a special topic. Honors contract courses allow students to develop a deeper understanding and appreciation for subject matter within their chosen major.

Seniors in the honors college will conclude their honors requirements with the honors senior seminar core class.

### Honors College Requirements (24 Hours)\

#### Honors Core (15 Hours)

HON 101 – Honors Thinking and Writing

HON 102 – Honors Writing and Research

HON 201 – Sophomore Honors I

HON 202 – Sophomore Honors II

HON 470 – Honors Senior Seminar: Vocation and Human Flourishing

## Choose Honors Track Option:

### Track 1: Honors Thesis and Capstone (9 Hours)

Students in the Honors College who wish to pursue independent reading and research under the guidance of a faculty director will complete the three-course sequence as outlined below.

HON 361 - Reading and Research for Honors I (2 Hrs.)  
HON 462 - Reading and Research for Honors II (2 Hrs.)  
HON 463 - Reading and Research for Honors III (2 Hrs.)  
Honors Elective and/or Contract Course (3 Hrs.)

### Track 2: Honors Non-Thesis (9 Hours)

Students pursuing the Honors Non-Thesis option will complete 9 credit hours of honors electives and/or contract courses.

## Junior and Senior Honors Program

A student in the junior year, who has a cumulative grade point average of 3.25 or higher, and has had at least 12 credit hours at Mississippi College, and who has the approval of the department in which one proposes to do honors work, may be invited to enter an honors program designed to run through three consecutive semesters. This is a program of independent reading and research under the guidance of a faculty director. Six semester hours may be earned in the field in which the student is working.

### **361 - Reading and Research for Honors I**

**Credits, 2 sem. hrs. Prerequisite(s): by invitation of the Honors Council**

General reading in a major field, with frequent conferences with the directing faculty member. A bibliography and a statement of purpose will be submitted at the end of the semester to both the directing faculty member and the Honors Council.

### **462 - Reading and Research for Honors II**

**Credits, 2 sem. hrs. Prerequisite(s): 361- Honors I**

Reading within a more specific area within the major field, leading to a selection of an honors topic, and the preparation of a prospectus and bibliography (or its equivalent in particular cases) to be submitted to the directing faculty member and to the Honors Council.

### **463 - Reading and Research for Honors III**

**Credits, 2 sem. hrs. Prerequisite(s): 462 - Honors II**

An honors essay (or approved equivalent) will be written and defended before an Honors Examination Committee. Grading on all three courses will be assigned by the directing faculty member. Whether the honors paper is judged unsatisfactory, satisfactory, or superior will be determined by the Honors Examination Committee.

The minimum requirements for graduation with honors are: a satisfactory paper, a cumulative grade point average of 3.25, and an average of 3.50 in the major field. For graduation with high honors the minimum requirements are: a superior paper, a cumulative average of 3.50 and an average of 3.75 in the major field. One who completes the paper but does not maintain the required grade point average may receive credit for the courses but will not be eligible to graduate with honors.

## Senior Honors Seminar

An interdisciplinary program in the spring semester of the senior year designed to bring together outstanding academic achievers. It is under the direction of a Senior Honors Team, selected and guided by the Honors Council. Issues of contemporary interest, often involving the work done by the individual students, constitute the subject matter, with the class meeting at regularly scheduled times. It is open to seniors whose grade point average is 3.50 or higher, with a minimum of 30 semester hours from Mississippi College.

IDS 464 - Senior Honors

## Additional Information

Additional information concerning the Honors College may be obtained from the chair of the Honors Council.

## Honors Courses

### HON 101 - Honors Thinking and Writing

Credits, 3 sem. hrs.

(This replaces ENG 101 in the University Core Curriculum)

Active study of discussion of issues of contemporary interest, determined by the faculty of the Mississippi College Honors College. Students will study and practice the elements of composition through writing and analysis of expository prose with emphasis on short essays. An interdisciplinary and transdisciplinary approach to the subject matter will be utilized.

### HON 102 - Honors Writing and Research

Credits, 3 sem. hrs. Prerequisite(s): HON 101; Corequisite/Prerequisite ENG 099

(This replaces ENG 102 in the University Core Curriculum)

Active study of discussion of issues of contemporary interest, determined by the faculty of the Mississippi College Honors College. A multidisciplinary research methodology and academic writing course. Students will learn to critique complex multifactorial problems through the lenses of various academic disciplines.

### HON 201 - Sophomore Honors I

Credits, 3 sem. hrs. Prerequisite(s): Prerequisite(s): HON 102

Active study and discussion of issues of contemporary interest, determined each year by the Honors College committee. Students will study the intersection of science and communication. Students will analyze current and historical issues in science with a focus on how those issues were communicated with the general public as well as within scientific circles.

### HON 202 - Sophomore Honors II

**Credits, 3 sem. hrs. Prerequisite(s): HON 201**

Active study and discussion of issues of contemporary interest, determined each year by the Honors College committee. This course will promote digital literacy and technological discernment. It is designed for students to gain a deeper understanding of how technology shapes our day to day lives and relationships.

**HON 361 - Reading and Research for Honors I**

**Credits, 2 sem. hrs. Prerequisite(s): by invitation of the Honors Council**

General reading in a major field, with frequent conferences with the directing faculty member. A bibliography and a statement of purpose will be submitted at the end of the semester to both the directing faculty member and the Honors Council.

**HON 401 - Honors Selected Topics, Credit, 3 sem. hr.**

**Credits, 3 sem. hrs. Prerequisite(s): HON 202 or instructor's consent**

This course is offered in response to identified interests and needs. Topics of a contemporary nature and other topics of current interest will be chosen for in-depth study.

**HON 402 - Honors Selected Topics, Credit, 3 sem. hr.**

**Credits, 3 sem. hrs. Prerequisite(s): HON 202 or instructor's consent**

This course is offered in response to identified interests and needs. Topics of a contemporary nature and other topics of current interest will be chosen for in-depth study.

**HON 403 - Honors Selected Topics, Credit, 3 sem. hr.**

**Credits, 3 sem. hrs. Prerequisite(s): HON 202 or instructor's consent**

This course is offered in response to identified interests and needs. Topics of a contemporary nature and other topics of current interest will be chosen for in-depth study.

**HON 462 - Reading and Research for Honors II**

**Credits, 2 sem. hrs. Prerequisite(s): HON 361**

Reading within a more specific area within the major field, leading to a selection of an honors topic, and the preparation of a prospectus and bibliography (or its equivalent in particular cases) to be submitted to the directing faculty member and to the Honors Council.

**HON 463 - Reading and Research for Honors III**

**Credits, 2 sem. hrs. Prerequisite(s): HON 462**

An honors essay (or approved equivalent) will be written and defended before an Honors Examination Committee. Students pursuing the Honors Thesis & Capstone option will also complete an additional 6 credit hours of honors electives, contract courses and/or senior honors seminar

**HON 470 - Honors Senior Seminar: Vocation and Human Flourishing**

**Credits, 3 sem. hrs. Prerequisite(s): HON 202, senior standing**

The Honors College Senior Seminar is a capstone course designed around the concept of vocation, a term that encompasses more than career in the Christian tradition. Vocation refers not only to career but also our calling as neighbors, citizens, and participants in a variety of institutions that contribute to human flourishing.

## Summer Study

The summer term is divided into a two-week May session, a ten-week session, two five-week sessions and one eight-week session. Graduate and undergraduate courses are offered. Some night courses are offered as 10-week courses which run the entire summer session. Check with the Office of the Registrar for maximum hours that can be taken during the summer session.

## Edward L. McMillan Center for Education Abroad

Mississippi College offers numerous opportunities for education abroad. The McMillan Center for Education Abroad (The MacCenter) is the base of operations for these programs. The MacCenter works with students and faculty to provide opportunities for Study Abroad, Internships Abroad, and Service Abroad. Students can participate in pre-approved programs during the Fall, Spring, or Summer semesters. Students can choose to study in locations including France, Germany, Japan, South Korea, Spain, Taiwan, the United Kingdom. The University sponsors a spring break program each March, a School of Nursing summer mission trip, and several short-term programs with many departments on campus. For more details of any or all of these programs, please email the MacCenter ([maccenter@mc.edu](mailto:maccenter@mc.edu)) to set up an appointment.

## Internships and Field Study

A limited number of internships and field study courses are available. These courses are designed to combine formal education with practical experience.

## Continuing Education

The Office of Continuing Education (OCED), established in 1976, primarily serves as a revenue source for the University while also coordinating public service functions through the development and coordination of the following programs and activities:

- Approves and documents non-traditional (outside of regular semester/summer calendar) for credit courses offered through Mississippi College.
- Supports and supervises non-academic activities related to summer programming (from May graduation through last week of July).
- Administers the program of Continuing Education Units (CEU) conforming with the specifics outlined by the Mississippi Department of Education.
- Schedules and maintains a regular program of test reviews for college and community individuals (currently: ACT, LSAT, GRE, and GMAT).
- Coordinates programs that are of interest to the University and provides community support (currently: Academic Competition, Student Council Workshop, Senior Adult Education Program, and events associated with the Mississippi Baptist Convention).

## Internships\*

The internship program is one of the methods used by Mississippi College to integrate theory with practice. Some academic departments provide internship experiences for their majors and interested students should contact their academic advisors as soon as possible.

Academic credit is awarded for experiential learning through the internship programs. Students may earn a maximum of six (6) semester hours of credit through internship and the following internship courses carry credit in the student's academic major.

***\*Students should not expect to earn more than a total of six semester hours through field studies, internships, and other experiential courses.***

- Typically, courses are 387, 388, 389, and 380 Internship Credit, 1, 2, 3 or 6 sem. hrs.

Through the internship program the student is on the job temporarily in specific public or private professional areas and is under direct supervision of a faculty advisor. A letter grade is assigned for this work experience. Internships may be arranged for 1, 2, or 3 (very rarely for 6) hours of credit in the student's academic major.

## Field Studies\*

Students should consult their academic advisors and their major academic departments for detailed information concerning field studies and other field experience. Departments will list their own departmental prefixes for these courses.

- 491, 492, 493 Field Studies Credit, 1, 2, or 3 sem. hrs.

These courses are taught in response to a specific need and request. They may involve non-traditional teaching techniques and will usually combine formal education with practical experience in a career field. (A similar program is available at the graduate level in courses 6591, 6592, and 6593.)

Courses 491, 492 and 493 may be repeated as necessary for up to six hours of credit.

***\*Students should not expect to earn more than a total of six semester hours through field studies, internships, and other experiential courses.***

## Foundations for University Success Courses

In order to assist first-year students who need to improve their study habits and skills, Mississippi College offers two special courses described below.

IDS 111 - Foundations for University Success Credit, 1 sem. hr. (non-academic)

IDS 112 - Foundations for University Success II Credit, 1 sem. hr. (non-academic)

## Foundations for University Success Program

***Dr. Stephanie Carmicle, Coordinator***

This program is designed to help students improve their academic skills and increase their chances of academic success at the university-level. All freshman students who have been granted restricted admission to Mississippi College are required to enroll in the program. It consists of four special courses (8 semester hours) that must be taken and successfully completed during the student's first and second semesters at the University.

## Courses

ENG 100 - Introduction to College Writing  
IDS 111 - Foundations for University Success  
MAT 100 - College Algebra Basics  
IDS 112 - Foundations for University Success II

## Note(s):

Credit is awarded for the Foundation Program courses, but they count as electives and not toward core requirements, a major, or a minor. For additional information about restricted admission and the Foundation for University Success Program contact the Office of Enrollment Services, Telephone: 601.925.3354 or 601.925.3240 or Program Coordinator (601.925.3872).

# College of Arts and Sciences

## *Mission and History*

The College of Arts and Sciences consists of three schools: the School of Christian Studies and the Arts, the School of Humanities and Social Sciences, and the School of Science and Mathematics. They offer students a liberal arts education reflecting both academic excellence and Christian concern and commitment. Course offerings in the College of Arts and Sciences provide students with a broad general education as well as in-depth knowledge in particular majors. This combination is designed to equip students not only with career training, but also with an appreciation and understanding of cultural achievements and religious values and with the literacy skills necessary for lifelong learning. Each school provides students with a strong background for post-baccalaureate concentration in graduate school or professional studies.

The academic programs in the College of Arts and Sciences prepare students for such careers as those of pastor, director of religious education, minister of music, artist, journalist, chemist, biologist, physicist, mathematician, computer science specialist, social scientist, historian, social worker, teacher, writer, linguist, mass media specialist, interior designer, graphic designer, paralegal or law enforcement official. The Department of Christian Studies also gives excellent preparation to many students who will attend our Southern Baptist seminaries.

## *History*

The College of Arts and Sciences has a unique history. It is both the oldest and the newest of the schools that make up Mississippi College. It includes those fields of learning which have traditionally constituted a university education and which were the whole curriculum of Mississippi College until relatively late in its history. By the early twentieth century, as human knowledge became more specialized and skilled professions became more complex, Mississippi College, along with most other colleges and universities, added courses of study directed toward preparation for specific professions, such as teaching or business; it also helped students to tailor their pre-professional studies in the broad areas of liberal learning and in preparation for professional studies in such fields as medicine and law.

In 1969, with the establishment of the School of Nursing, Mississippi College began the systematic development of a university structure. New or existing programs were formed into separate, though related, schools of business, education, law, and graduate studies. In 1982, the restructuring was completed by combining the academic areas of Fine Arts, Humanities, Christian Studies, Social Sciences, and Science and Mathematics into the College of Arts and Sciences.

## *Mission*

The Mississippi College School of Christian Studies and the Arts offers undergraduate and graduate programs designed to prepare students to use their skills in the pursuit of meaningful careers in the fine arts, communication, and in service to God. These programs express the School's commitment to the intellectual and spiritual growth of its students. Through a variety of challenging academic programs offered in the Departments of Art, Christian Studies,

Communication, and Music, students are encouraged to express their convictions and creativity in the church, mission field, classroom, studio, or concert hall.

The School of Christian Studies and the Arts is committed to excellence and innovation in teaching. The School is further committed to offering students in each of its departments the opportunity to participate in activities outside the classroom which enhance and supplement their academic experiences and provide avenues for them to function in the workplace. The School of Christian Studies and the Arts further seeks to hire and retain teachers who are committed to the ideals of the college and who seek to continue their professional development. This excellence in teaching is complemented by numerous opportunities for community service, internships, and artistic performances made available to students.

The School of Christian Studies and the Arts is also committed to enriching the life of the college and community through its varied lectureships, art exhibits, theatrical productions, and musical events. These productions are designed to enhance the growth and development of all members of the campus community.

# Art Department

## Art

### *Faculty*

#### **Dr. Randy Miley, Chair**

Professor and Chair (1999)

601.925.3912

miley@mc.edu

### *Support Staff*

#### **Nate Jarnagin**

Administrative Assistant, GAC Coordinator

601.925.3452

njarnagin@mc.edu

### *Program Goals*

The Department supports the mission of Mississippi College by preparing students for lifelong learning in a Christian environment where Christian ethics and ideals find free exercise as motivating factors in the art experience.

Furthermore, it is the hope of the Department to acclimate the student to the continuing disciplines and learning processes which are necessary factors in the professions of art and art education. The Department proposes to provide art experiences that are basic to the various applications and directions in the professions of art and art education and provide guidance, instruction, and resources in an effort to bring out the highest potential of each student in his or her chosen area of concentration.

The Department pursues excellence in teaching and learning through five goals:

- To inspire a Christ centered Department,
- To identify a strategic direction for the Department
- To improve and maintain facilities and equipment
- To implement a recruitment plan for the Department
- To increase student involvement in department events and activities.

## **Majors**

The student desiring to major in Art may pursue the Bachelor of Arts, the Bachelor of Fine Arts in Studio Art, Graphic Design, Interior Design or the Bachelor of Science in Education, depending upon vocational choice. The balance of art courses needed to complete art major requirements must consist of at least 21 semester hours of art on a junior-senior level. Transfer students must complete a minimum of 21 semester hours of art courses at Mississippi College. It is the policy of the Mississippi College Department of Art to require each student pursuing an interior design Bachelor of Fine Arts degree to acquire a laptop computer, hardware, and software for processing required course assignments in the classroom and outside of the classroom. The Department of Art publishes on its website guidelines for students' computer laptop needs.

Students pursuing the Bachelor of Fine Arts (BFA) in Studio Art may declare an emphasis in Painting & Drawing or Sculpture & Ceramics. They may also choose an emphasis in digital media or photography. In Graphic Design they may major in Graphic Design with a Marketing Emphasis. An emphasis is a concentration of 18 hours in a given area of study.

## **Kenneth M. Quinn Art Library**

**The Kenneth M. Quinn Art Library**, located in the Gore Arts Complex, room 143, contains several hundred books related to artists, art processes, aesthetics, and art history. Students have access to use the library for reading and research. The books were given by numerous donors including Kenneth Quinn, art faculty, friends, and alumni.

## **Student Organizations**

**Creative Pulse**: The student organization for Graphic Design seeks to advance graphic design as a respected craft, profession, and vital cultural force. Membership is open to Graphic Design majors.

**A.S.I.D.**: The student chapter of the American Society of Interior Designers (A.S.I.D.) is a pre-professional organization emphasizing the aims and standards of the profession while providing upon graduation the benefit of one year associate membership in the national organization. Membership is open to Interior Design majors.

**Kappa Pi**: The Kappa Pi International Honorary Art Fraternity, Delta Beta Chapter, is an honorary fraternity for art majors, faculty, and honorary members. Its purpose is to recognize and honor those who have excelled in the visual arts academically and creatively. Members also are involved with activities which further the goals of achievement in art and purposes of the Art Department and the University.

**Student Chapter NAEA**: The student chapter of the National Art Education Association (NAEA) was designed to provide an effective transition from art education preparation to professional practice. Students in this organization pledge to maintain a high standard of quality art education on campus and in the community. Membership is open to all art education majors. The Student Chapter of NAEA is affiliated with both NAEA and the Mississippi Art Education Association (MAEA).

## **Senior Art Exhibit**

All seniors are required to participate in a portfolio art exhibit, ART 499 - Professional Presentation, Exhibition and Portfolio Skills, following the guidelines set forth by the Department of Art.

## **Graduate Degrees**

The Art Department offers graduate courses leading to the Master of Education, the Master of Science in 2D or 3D Studio, the Masters of Science or Master of Fine Art in Graphic Design, or the Masters of Fine Art in 2D or 3D Studio.

## **Minors in Art:**

Art minors include Studio Art, Photography, Art History, Residential Design in Interior Design, and Graphic Design. Students may also pursue a major in Graphic Design with a Marketing Emphasis. Students interested in any of these minors or emphasis must contact the Chair of the Department of Art prior to registering for classes.

## **Honors Courses**

By invitation of the Honors Council; see [Junior and Senior Departmental Honors Program](#) section of [Undergraduate Catalog](#).

# **Bachelor of Arts**

## **Studio Art, B.A.**

A. University Core Curriculum for the Bachelor of Arts \*

*\* The fine arts requirement will be met through required art history courses.*

### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

### University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR  
HIS 211 - History of the United States  
HIS 212 - History of the United States

## University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

### **AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

## University Core - Social Sciences (3 hours)

Any PHI (Philosophy) course  
ECO 231 - Principles of Macroeconomics  
GBU 151 - Business Skills for Life  
MLG 205 - Cross-Cultural Understanding  
PLS 201 - American National Government  
PSY 201 - Introduction to Psychology (General Psychology)  
SOC 205 - Sociology: An Introduction in Global Context

## University Core - Science (4 hours)

Four hours of science are required, including one lecture with a corresponding lab. Students are encouraged to choose from one of the following lab courses:

BIO 103 - Human Biology **AND**  
BIO 104 - Human Biology Laboratory  
OR  
BIO 105 - Plants and People **AND**  
BIO 106 - Plants and People Laboratory  
OR  
BIO 111 - Biology I **AND**  
BIO 110 - Biology I Laboratory  
OR  
CHE 112 - Chemistry in American Life II  
OR  
CHE 141 - General Chemistry I  
OR  
PHY 151 - General Physics I  
OR  
PHY 251 - Fundamentals of Physics I

## University Core - Mathematics (3 hours)

Any MAT course numbered 105 or higher, determined in consultation with the advisor.

## University Core for BA and English Majors - Modern Languages (6-12 hours)

Twelve hours are usually required. Students must complete the intermediate or sophomore-level courses in their chosen language. Students with one high school unit may enter course 102 of the same language and thereby waive 3 hours of this requirement; those with two high school units may enter course 201, waiving 6 hours.

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life

OR

Any combination of :

KIN 124- Nutrition for Well-Being (1 hour)

PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours) 4 semesters

Sophomore (24-53 semester hours) 3 semesters

Junior (54-83 semester hours) 2 semesters

Senior (84 or more semester hours) 1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## B. The following courses in Art (49 hours):

ART 101 - Basic Design I

ART 102 - Basic Design II

ART 203 - Drawing I

ART 204 - Drawing II

ART 205 - Introduction to Graphic Design & Software \*

ART 211 - Painting I **or**

ART 212 - Painting II

ART 318 - Printmaking I

ART 331 - Introduction to Sculpture I

ART 351 - Ceramics I

ART 407 - History of Art I

ART 408 - History of Art II

ART 475 – Art Criticism and Aesthetics

ART 499 - Professional Presentation, Exhibition and Portfolio Skills

Concentration in One Studio Area **Credit, 9 sem. hrs.**

Art Electives (ART 125 - Art Appreciation may not be included) **Credit, 3 sem. hrs**

## C. The following course in Communication (3 hours):

COM 202 - Interpersonal Communication **or**

COM 203 - Professional Communication Skills

## D. Minor (18 Sem. Hrs.)

### General Electives (6 hours)

Six (6) hours of general electives.

Total: 130 sem. hrs.

Note(s):

*\*meets university technology requirement*

## Bachelor of Fine Arts

### Digital Art (B.F.A.)

#### UNIVERSITY CORE (33 SEM. HOURS)

##### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

##### University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR  
HIS 211 - History of the United States  
HIS 212 - History of the United States

Three hours of general electives.

### Professional Education, K-12 (28 hours)

Students may not take EDU 403, EDU 460, EDU 431, 432, 433, 434 or EDU 471, 472, 473, or 474 prior to admittance into the TEP.

EDU 299 - Pre-Teaching Field Experience

EDU 300 - Introduction to Education

EDU 304 - Educational Psychology

EDU 403 - Measurement and Evaluation of Student Progress

PSY 435 - Psychology of Exceptional Children

EDU 460 - Managing the Secondary Classroom

EDU 471 - Directed Teaching in K-12

EDU 472 - Directed Teaching in K-12

EDU 473 - Directed Teaching in K-12

EDU 474 - Directed Teaching in K-12-Reading Pedagogy

Total: 132 sem. hrs.

Note(s):

**\*meets university technology requirement**

## Minor

### Art History Minor

Eighteen semester hours of emphasis in art history chosen from:

ART 275 - History of Photography

ART 313 - History of Architecture and Interiors I

ART 314 - History of Architecture and Interiors II

ART 406 – Modern and Contemporary Art  
ART 407 - History of Art I  
ART 408 - History of Art II  
ART 421 - Special Projects (a special project to consist of a major research paper)

## **Graphic Design Minor**

Eighteen semester hours of graphic design classes including:

ART 101 - Basic Design I  
ART 102 - Basic Design II  
ART 205 - Introduction to Graphic Design & Software  
ART 215 - Graphic Design I  
ART 216 - Graphic Design II  
One of the following approved Graphic Design related electives (3 hrs.):  
ART 315 - Graphic Design III  
ART 316 - Graphic Design IV  
ART 481 - Photography I  
ART 482 - Photography II  
ART 403 - Illustration  
ART 414 - Interactive Design  
ART 317 - Digital Illustration  
ART 209 - Digital Animation

## **Photography Minor**

### PHOTOGRAPHY MINOR REQUIREMENTS (18 HOURS)

ART 101 - Basic Design I  
ART 275 - History of Photography  
ART 281 - Introduction to Digital Photography  
ART 368 - Photographic Lighting Techniques  
ART 481 - Photography I  
ART 482 - Photography II

## **Residential Design Minor**

The combination of courses below provides students with a basic knowledge of residential design principles.

### RESIDENTIAL DESIGN MINOR REQUIREMENTS

ART 104 - Introduction to Interior Environments  
ART 271 - Interior Design I  
ART 272 - Interior Design II  
ART 301 - ID Graphics I  
ART 302 - ID Graphics II  
ART 306 - Textiles, Materials and Resources for Interior Environments

Total: 18 hours

## **Studio Art Minor**

Eighteen semester hours of studio emphasis including:

ART 101 - Basic Design I

ART 102 - Basic Design II or ART 103 Basic Design III

Three semester hours of Art Appreciation or Art History

Nine semester hours of studio electives

## Art Courses

### ART 101 - Basic Design I

**Credits, 3 sem. hrs.**

Basic Design I is a lecture and laboratory course introducing the formal and communicative aspects of two-dimensional composition and design, primarily executed achromatically. The elements and principles of design are used to solve compositional problems and analyze works of art.

### ART 102 - Basic Design II

**Credits, 3 sem. hrs. Prerequisite(s): ART 101.**

Basic Design II is a lecture and laboratory course in color theory that extends the topics and concepts introduced in ART 101. Exploration of the history and principles of color, as well as trends in contemporary art and design are used in creative problem solving, developing concept statements and analyzing works of art.

### ART 103 - Three Dimensional Design

**Credits, 3 sem. hrs Prerequisite(s): ART 101**

Three Dimensional design is a lecture and laboratory course designed to explore the visual, physical and conceptual aspects of three-dimensional design through a variety of three-dimensional materials. Concepts of the elements and principles of design will be applied to develop and analyze the constructional methods, aesthetics, and conceptual parameters of three-dimensional design in sculpture, ceramics, architecture, product and industrial design.

**Fee: Lab fee required**

### ART 104 - Introduction to Interior Environments

**Credits, 3 sem. hr.**

This course explores disciplines throughout the interior design profession. This course also focuses on interior design licensing certifications, professional organizations, and professional examinations.

### ART 120 – Painting for Non-Majors

**Credits, 3 sem. hr.**

An introduction to basic painting tools and techniques. Through the use of primarily acrylic painting medium the student will examine techniques for painting various subject matter, such as still life, landscape, architecture, etc. This course is intended for students who are not art majors, and who do not require a painting credit for an art major or minor.

Fee: Lab fee required.

## **ART 125 - Art Appreciation**

**Credits, 3 sem. hrs.**

General survey of the nature of art, art media, the visual elements, and the history of art. Focus is on the relationship of art to contemporary living. Satisfies the core curriculum fine arts requirement.

## **ART 203 - Drawing I**

**Credits, 3 sem. hrs.**

Introduction to perspective and freehand drawing techniques with emphasis on line, value, and texture. Additional focus will be on still-life and landscape subject matter.

## **ART 204 - Drawing II**

**Credits, 3 sem. hrs. Prerequisite(s): ART 203.**

Problems in life drawing with an emphasis on anatomy.

## **ART 205 - Introduction to Graphic Design & Software**

**Credits, 3 sem. hrs.**

An introduction to graphics software and design principles. The focus will be on applied use of programs for image editing, document layout, and digital graphics manipulation.

**Fee: Lab fee required**

## **ART 207 - Art in the Elementary Schools**

**Credits, 3 sem. hrs.**

An investigation into the literature, materials, and procedures appropriate to teaching art to children at the elementary level. Students will develop curricula and participate in studio experiences designed for the elementary classroom.

**Fee: Lab fee required**

Course Designation: (C)

## **ART 209 - Digital Animation**

**Credits, 3 sem. hrs.**

This course is an introduction to the study of 2D animation in digital workspace. Giving students a working knowledge of animation techniques necessary to design sequences for professional use. It examines basic concepts in the production, design, and software needed to produce motion graphics and digital animations. Assignments will have an emphasis on technical skills, animation principles, and presentation.

**Fee: Lab fee required**

## **ART 211 - Painting I**

**Credits, 3 sem. hrs. Prerequisite(s): ART 203.**

Application of design principles as they relate to various approaches to painting, with an emphasis on color theory. A synthesis of technique, skill development and creative expression.

## **ART 212 - Painting II**

Credits, 3 sem. hrs. Prerequisite(s): ART 203.

Advanced application of design principles as they relate to various approaches to painting, with an emphasis on color theory. A synthesis of technique, skill development and creative expression.

## **ART 215 - Graphic Design I**

Credits, 3 sem. hrs. Prerequisite(s): ART 101 and ART 102, ART 205 and/or department chair approval.

Explores software for both vector-based and raster-editing image editing with an emphasis on learning Adobe Photoshop and Illustrator. Projects in this studio class will emphasize application of graphic design principles. (Extra lab fee)

Fee: Lab fees required

## **ART 216 - Graphic Design II**

Credits, 3 sem. hrs. Prerequisite(s): ART 215.

An introduction to graphic design practices and technology, with emphasis on planning, design fundamentals, and execution. Projects in this studio class will focus on basic graphic design problem solving, printing, and presentation with an emphasis on Adobe InDesign.

Fee: Lab fees required

## **ART 234 - Introduction to Handmade Paper**

Credits, 3 sem. hrs

An introduction to the fine craft of handmade paper focusing on basic sheet forming techniques and the process of recycling material. Papermaking techniques applied to basic design concepts will also be explored.

Fee: Lab fee required

## **ART 251 - Ceramics for Non Majors**

Credits, 3 sem. hrs.

An introduction to basic ceramic construction techniques including slab, coil, and wheel-throwing methods. Includes study and experimentation with glazing and firing. This course is intended for students who are non-art majors, and who do not require a ceramics credit for an art major or minor.

Fee: Lab fees required

## **ART 271 - Interior Design I**

Credits, 3 sem. hrs.

Application of interior design elements and principles. An introduction to the programming, schematic design, and conceptual design phases. Investigation of residential material components used by the designer that include selection of surface finishes and furnishings.

Fee: Lab fee required

## **ART 272 - Interior Design II**

**Credits, 3 sem. hrs. Prerequisite(s): ART 271 and ART 301**

Continuation of ART 271, Interior Design I, with further exploration of residential material components while also focusing on accessibility, human factors, and space planning.

**Fee: Lab fee required**

### **ART 273 - Research and Writing for Interior Design**

**Credits, 3 sem. hrs Prerequisite(s): ART 104**

This is a lecture course involving research and writing methods applicable to the field of Interior Design. This course culminates in the development of the student capstone feasibility study and design proposal.

### **ART 275 - History of Photography**

**Credits, 3 sem. hrs**

A survey of photography from pre-history to the present - as an artistic medium, as a social commentator, as a technological adventure, and its effect on culture.

### **ART 281 - Introduction to Digital Photography**

**Credits, 3 sem. hrs.**

An introduction to digital photography using a digital camera or smartphone. Concepts and skills of basic photography, such as composition techniques, are emphasized. Students will be expected to demonstrate an understanding of image manipulation software, as well as an ability to use photography to communicate information and ideas.

**Fee: Lab fee required**

### **ART 301 - ID Graphics I**

**Credits, 3 sem. hrs.**

Course focuses on the use of drafting equipment and software as a means of visually communicating solutions to architectural design problems. Includes a study of drafting symbols, isometric and oblique drawings, sections, floor plans, and elevations.

**Fee: Lab fee required**

### **ART 302 - ID Graphics II**

**Credits, 3 sem. hrs. Prerequisite(s): ART 301**

A studio course that focuses on digital presentation and drawing techniques as applied to interior design.

**Fee: Lab fee required**

### **ART 303 - Drawing III**

**Credits, 3 sem. hrs. Prerequisite(s): ART 204.**

Further study and experience in drawing with an emphasis on experimentation with drawing media and stylistic development.

### **ART 304 - Drawing IV**

Credits, 3 sem. hrs. Prerequisite(s): ART 303.

Advanced exploration and experience in drawing with emphasis on form, content, and meaning.

### **ART 306 - Textiles, Materials and Resources for Interior Environments**

Credits, 3 sem. hrs. Prerequisite(s): ART 271

A study of textiles, materials and resources for the interior environment which considers finish products and their application as well as manufacturing processes, installation methods, maintenance, and specifications.

### **ART 311 – Watercolor Painting**

Credits, 3 sem. hrs. Prerequisite(s): ART 102.

Tools and techniques of painting with the medium of transparent watercolor. Focus on non-figurative subject matter.

### **ART 313 - History of Architecture and Interiors I**

Credits, 3 sem. hrs.

An integrated history of architecture, interior design, furniture and decorative arts exploring the cultural, historical and social influences in the prehistoric periods through the early Neoclassical.

### **ART 314 - History of Architecture and Interiors II**

Credits, 3 sem. hrs. An integrated history of architecture, interior design, furniture and decorative arts exploring the cultural, historical and social influences from the Industrial Revolution to the present.

### **ART 315 - Graphic Design III**

Credits, 3 sem. hrs. Prerequisite(s): ART 216.

Advanced application of graphic design fundamentals and computer technology, with emphasis on advertising, branding, and project production. Projects in this studio class will focus on graphic design for business and social needs, as well as pre-press problem solving.

*Fee: Lab fees required*

### **ART 316 - Graphic Design IV**

Credits, 3 sem. hrs. Prerequisite(s): ART 315.

Focuses on technical proficiency of press production and file preparation, as well as the business components of production. Students produce projects from comprehensives to print-ready digital mechanicals. Projects in this studio class include file preparation, trouble-shooting, pricing, estimates, client relations and professional business conduct.

*Fee: Lab fees required*

### **ART 317 - Digital Illustration**

Credits, 3 sem. hrs. Prerequisite(s): ART 203 and ART 205

This course examines the use of the computer as an artistic medium and tool for illustrators. Techniques using both vector- and raster-based editing software will be explored; as well as a review of the historical development and current directions of digital illustration. Assignments will have an emphasis on concept, creativity, technical achievement, and presentation.

Fee: Lab fee required

### **ART 318 - Printmaking I**

Credits, 3 sem. hrs. Prerequisite(s): ART 203.

Introduction to basic printmaking techniques which may include relief, intaglio, lithography, and screen processes.

Fee: Lab fee required

### **ART 319 - Printmaking II**

Credits, 3 sem. hrs. Prerequisite(s): ART 318.

A continuation of ART 318 with emphasis on advanced printmaking techniques.

Fee: Lab fee required

### **ART 320 - Color & Lighting for Interior Environments**

Credits, 3 sem. hrs. Prerequisite(s): ART 272

This course explores the use of color and lighting as design elements in the interior environment and how they apply to visual, psychological, technical, and functional aspects of lighting specifications.

### **ART 323 - Human Factors for Interior Design**

Credits, 3 hrs. Prerequisite(s): ART 104

A lecture course focusing on the relationship of the human body and space planning to the design process in order to properly plan and detail interiors.

### **ART 331 - Introduction to Sculpture I**

Credits, 3 sem. hrs. Prerequisite(s): Department Chair Approval.

Introductory course implementing basic sculptural methods in clay with exploration of the human form, representation of non-figurative form, and principles of design.

Fee: Lab fee required

### **ART 332 - Sculpture II**

Credits, 3 sem. hrs. Prerequisite(s): ART 331.

Implementation of sculptural methods in pliable media dedicated to learning human anatomy and the expressive quality of the human form and underlying principles of design. Introduction to mold-making and casting, per student interest.

Fee: Lab fee required

### **ART 351 - Ceramics I**

Credits, 3 sem. hrs. Prerequisite(s): Art Majors Only (Non-Art Majors must receive written permission from the Chair, Department of Art).

An introduction to basic ceramic construction techniques including slab, coil, and wheel-thrown methods. Includes study and experimentation with glazing and firing.

**Fee: Lab fee required**

## **ART 352 - Ceramics II**

**Credits, 3 sem. hrs. Prerequisite(s): ART 351.**

A continuation of ART 351, extending the creative activity into the development of skill at the potter's wheel and further knowledge of firing, glazing, and hand-built methods.

**Fee: Lab fee required**

## **ART 368 - Photographic Lighting Techniques**

**Credits, 3 sem. hrs. Prerequisite(s): ART 281**

Introduction to creative professional lighting concepts and techniques for commercial and fine art photography. Includes lighting and studio equipment, light qualities, lighting for form, lighting for surface qualities, still- life photography, portrait photography, image composition, and critical analysis. A digital camera with manual control is required.

**Fee: Lab fee required**

## **ART 370 - Sustainable Design**

**Credits, 3 sem. hrs Prerequisite(s): ART 271**

Course focuses on green building concepts including sustainable site selection, water efficiency, energy efficiency, sustainable materials and resources, and indoor environmental quality.

## **ART 371 - Interior Design III**

**Credits, 3 sem. hrs. Prerequisite(s): ART 272, ART 273**

Exploration of commercial design, space planning and material selections that utilize the research and application of federal, state, and local building codes.

**Fee: Field Studies fee required**

## **ART 372 - Interior Design IV**

**Credits, 3 sem. hrs. Prerequisite(s): ART 371 and ART 469**

Continuation of ART 371, Interior Design III, with increased project scope and complexity.

**Fee: Lab fee required**

## **ART 375 - Furniture Design**

**Credits, 3 sem. hrs Prerequisite(s): ART 301**

This course incorporates the study of the history and design of furniture. The components of this course focus on advanced application of design theories and principles in the creation of furniture, as well as the specification of furniture in interior design projects.

## **ART 399 - The Business of Art**

**Credits, 3 sem. hrs**

A course designed to better prepare the advanced art student for a professional career in studio art. Main topics of the course deal with production, marketing, record keeping, accounting, and contracts. It is also open to non-art majors.

**ART 403 - Illustration**

**Credits, 3 sem. hrs. Prerequisite(s): ART 102 and ART 204.**

A studio exploration of illustration techniques and their applications, with an emphasis on in-depth portfolio projects.

**Fee: Lab fee required**

**ART 406 - Modern and Contemporary Art**

**Credits, 3 sem. hrs.** Art history from post-impressionism to the present. Course includes study of traditional forms such as painting, sculpture, photography, and architecture, as well as contemporary forms and media

**ART 407 - History of Art I**

**Credits, 3 sem. hrs.** A study of art from the prehistoric period through the Medieval period, including utilitarian art, architecture, decorative arts, painting, and sculpture. This course is offered in both lecture and online formats.

**ART 408 - History of Art II**

**Credits, 3 sem. hrs.** Art from the Renaissance to the present including architecture, decorative arts, painting, and sculpture. This course is offered in both lecture and online formats.

**ART 411 – Pastel Painting**

**Credits, 3 sem. hrs. Prerequisite(s): ART 102**

Application of design principles as they relate to the processes and techniques of pastels. A synthesis of technique, skill development and creative expression in the pastel medium.

**ART 414 - Interactive Design**

**Credits, 3 sem. hrs. Prerequisite(s): ART 205.**

Explores the software and processes used to develop conceptual designs for interactive applications. Emphasis will be placed on learning Adobe XD software. Projects in this studio class will emphasize application of graphic design principles. (Extra lab fee)

**Fee: Lab fee required**

**ART 415 - Graphic Design Portfolio I**

**Credits, 3 sem. hrs. Prerequisite(s): ART 216.**

Initiation of professional-level portfolio development projects in the graphic design field from concept to distribution with individual flexibility for professional development.

**Fee: Lab fees required**

## **ART 416 - Graphic Design Portfolio II**

**Credits, 3 sem. hrs. Prerequisite(s): ART 315.**

Professional-level portfolio development projects in the graphic design field from concept to distribution with individual flexibility for professional development, for completion of professional-level portfolio for assessment and career planning. Special Emphasis on the synthesis of technical, functional, and aesthetic factors inherent in the graphic design process.

**Fee: Lab fees required**

## **ART 417 - Art and the Gospel**

**Credits, 3 sem. hrs. Prerequisite(s):** Instructor permission or Art Major or Minor, and at least Junior standing.

This course is designed to assist undergraduate students in the production of art works and the implementation of ministering opportunities using art, so that the student may assist in the spread of the Gospel ministry and serve to enhance various Christian arenas of service and worship.

## **ART 421 - Special Projects**

**Credits, 3 sem. hrs. Prerequisite(s): Department Chair Approval.**

Advanced level projects with consideration of students' professional goals. A course with flexibility in which an advanced art student may continue an advanced level of work in projects determined according to individual need and specific areas of interest. A student preparing for graduate school may in this way do further study in an area in which he/she plans to do work on a graduate level.

## **ART 422 - Special Projects**

**Credits, 3 sem. hrs. Prerequisite(s): Department Chair Approval.**

Advanced level projects with consideration of students' professional goals. A course with flexibility in which an advanced art student may continue an advanced level of work in projects determined according to individual need and specific areas of interest. A student preparing for graduate school may in this way do further study in an area in which he/she plans to do work on a graduate level.

## **ART 430 - Building Construction**

**Credits, 3 sem. hrs. Prerequisite(s): ART 272**

This course explains the philosophy, organization and content of construction documents - drawings and specifications - and their relationship to actual interior construction and the commercial project design and construction process.

**Fee: Lab fee required**

## **ART 431 - Sculpture III**

**Credits, 3 sem. hrs. Prerequisite(s): ART 331.**

Explores sculpture in pliable and non-pliable media with representational figurative and non-figurative subjects as relief and free-standing sculpture, and includes mold-making and casting projects with underlying principles of design, per student interest.

**Fee: Lab fee required**

## **ART 432 - Sculpture IV**

**Credits, 3 sem. hrs. Prerequisite(s): ART 332**

Advanced sculpture in pliable and non-pliable media dedicated to learning human anatomy and the expressive quality of the human form and underlying principles of design. A continuation of ART 332 with relief and free-standing sculpture projects in addition to casting projects and welding instruction, per student interest.

**Fee: Lab fee required**

### **ART 434 - Papermaking**

**Credits, 3 sem. hrs.** This course offers a variety of sheet forming and sculptural techniques applied to the craft of handmade paper.

**Fee: Lab fee required**

### **ART 435 - Special Projects in Sculpture I**

**Credits, 3 sem. hrs Prerequisite(s): ART 432**

This course is for the purpose of directed experience in sculpture. This course is designed with flexibility whereby an advanced art student may continue an advanced level of work in sculpture projects determined according to individual need and specific areas of interest. The student will submit a proposal that establishes specific goals and objectives that must be approved and supervised by the professor of record.

**Fee: Lab fee required**

### **ART 436 - Special Projects in Sculpture II**

**Credits, 3 sem. hrs Prerequisite(s): ART 432**

This course is for the purpose of directed experience in sculpture. This course is designed with flexibility whereby an advanced art student may continue an advanced level of work in sculpture projects determined according to individual need and specific areas of interest. The student will submit a proposal that establishes specific goals and objectives that must be approved and supervised by the professor of record.

**Fee: Lab fee required**

### **ART 437 - Painting III**

**Credits, 3 sem. hrs Prerequisite(s): ART 211 or ART 212**

The study and practice of painting emphasizing color and creative processes through use of techniques with the medium of watercolors or pastels.

### **ART 438 - Painting IV**

**Credits, 3 sem. hrs Prerequisite(s): ART 437**

Advanced study and practice of painting in selected media such as watercolor and pastel. An additional focus on mixed media techniques with a refinement of a personal aesthetic direction.

### **ART 441 - Art in Secondary Schools**

**Credits, 3 sem. hrs. Prerequisite(s): ART 207.**

This course is designed for art education majors. Students will plan curricula and prepare teaching materials for middle and secondary art classrooms. Specific teaching procedures and techniques developed from art

education philosophy, research, and studio projects will be utilized.

*Fee: Lab fee required*

### **ART 451 - Ceramics III**

*Credits, 3 sem. hrs. Prerequisite(s): ART 352.*

This class will explore advanced wheel-throwing techniques and hand-built methods of construction for ceramic forms, with continued experimentation with surface enrichment and firing processes.

*Fee: Lab fee required*

### **ART 452 - Ceramics IV**

*Credits, 3 sem. hrs. Prerequisite(s): ART 451.*

Emphasis placed on aesthetic considerations of ceramic forms, wheel-thrown and hand-built, and appropriate application of surface enrichment and firing processes.

*Fee: Lab fee required*

### **ART 458 - Special Projects in Painting I**

*Credits, 3 sem. hrs Prerequisite(s): ART 438*

This course is for the purpose of further directed experience in an individually chosen medium with a stated goal or objective. Advanced level projects with consideration of the student's possible career goals. A course with flexibility in which an advanced art student may continue a professional level of work in projects determined according to individual need and specific areas of interest.

### **ART 459 - Special Projects in Painting II**

*Credits, 3 sem. hrs Prerequisite(s): ART 438*

This course is for the purpose of further directed experience in an individually chosen medium with a stated goal or objective. Advanced level projects with consideration of the student's possible career goals. A course with flexibility in which an advanced art student may continue a professional level of work in projects determined according to individual need and specific areas of interest.

### **ART 460 - Special Projects in Printmaking I**

*Credits, 3 sem. hrs Prerequisite(s): ART 318*

This printmaking course allows an advanced art student to continue a professional level of work in projects determined according to individual need and specific areas of interest.

*Fee: Lab fee required*

### **ART 461 - Special Projects in Printmaking II**

*Credits, 3 sem. hrs Prerequisite(s): ART 318*

This printmaking course allows an advanced art student to continue a professional level of work in projects determined according to individual needs and specific areas of interest.

*Fee: Lab fee required*

## **ART 465 - Special Projects in Ceramics I**

Credits, 3 sem. hrs. Prerequisite(s): ART 452

This course is for the purpose of further directed experience in an individually chosen medium with a state goal or objective. Advanced level projects with consideration of the student's possible career goals. A course with flexibility in which an advanced art student may continue a professional level of work in projects determined according to individual need and specific areas of interest.

Fee: Lab fee required

## **ART 466 - Special Projects in Ceramics II**

Credits, 3 sem. hrs. Prerequisite(s): ART 452

This course is for the purpose of further directed experience in an individually chosen medium with a state goal or objective. Advanced level projects with consideration of the student's possible career goals. A course with flexibility in which an advanced art student may continue a professional level of work in projects determined according to individual need and specific areas of interest.

Fee: Lab fee required

## **ART 469 - Computer Generated Design**

Credits, 3 sem. hrs. Prerequisite(s): ART 301.

Course focuses on architectural drafting and design using software.

## **ART 470 - Portfolio Development for Interior Design**

Credits, 3 sem. hrs. Prerequisite(s): ART 272

Course focuses on professional-level interior design portfolio development with an emphasis on personal branding and marketing.

## **ART 471 - Interior Design V**

Credits, 3 sem. hrs. Prerequisite(s): ART 372.

Culmination of interior design studios applying all area content knowledge in the development of an individual capstone design proposal.

Fee: Field Studies fee required

## **ART 472 - Interior Design Professional Examination Preparation**

Credits, 3 sem. hrs. Prerequisite(s): ART 272

A course designed to prepare students for a professional examination that assesses the knowledge and skills needed by interior designers to practice responsibly and to protect the health, safety, and welfare of the public.

## **ART 473 - Business Principles for Interior Design**

Credits, 3 sem. hrs. Prerequisite(s): ART 272

Emphasis on contract documents, business formation, specification writing, designer-client relationship, and accounting

principles unique to interior design.

### **ART 474 - Professional Internship**

Credits, 3 sem. hrs.

A period of apprenticeship of observation by arrangement with a professional business specializing in studio art discipline in art, or with an institution in the field of museology. Includes 200 hours of on-the-job experience.

### **ART 475 – Art Criticism and Aesthetics**

Credits, 3 sem. hrs.

This course is a discussion-driven, issues, and problem-based survey of aesthetics and criticism. Topics include the nature of art, aesthetic evaluation, meaning, critical processes, and aesthetic theories. Classic and contemporary readings are researched and utilized.

### **ART 476 - Contemporary Topics in Interior Design**

Credits, 3 hrs. Prerequisite(s): ART 272

This course will expose students to contemporary topics and issues affecting the interior design field.

### **ART 481 - Photography I**

Credits, 3 sem. hrs. Prerequisite(s): ART 281 and Art major or Department Chair Approval

An introduction to traditional film photography and silver gelatin-based printing, as well as digital post-production techniques using industry standard image manipulation software. The semester will be split between traditional film-based photography and digital photography, with a focus on learning to evaluate images in terms of their ability to communicate information and ideas. A digital camera with manual control is required. Fee: Lab fee Required

Fee: Lab fee required

### **ART 482 - Photography II**

Credits, 3 sem. hrs. Prerequisite(s): ART 481 and Department Chair Approval.

This course will result in advanced competency in digital and traditional photography with advanced techniques using industry standard image manipulation software and the traditional darkroom. Students will explore a variety of image media from slides and negatives, to direct capture with a focus on image making. A digital camera with manual control is required.

Fee: Lab fee required

### **ART 484 - Professional Internship for Interior Design**

Credits, 3 sem. hrs. Prerequisite(s): ART 470

Course focuses on professionalism, job search and interview techniques, followed by a period of apprenticeship or observation. Includes 320 hours of on-the-job experience with a professional business specializing in interior design.

### **ART 485 - Graphic Design Professional Internship**

Credits, 3 sem. hrs. Prerequisite(s): ART 315 for Graphic Design Majors

A period of apprenticeship or observation by arrangement with a professional business specializing in graphic design. Includes 200 hours of on-the-job experience as well as projects and assignments.

### **ART 499 - Professional Presentation, Exhibition and Portfolio Skills**

Credits, 1 sem. hrs. Prerequisite(s): Senior Standing, required for graduation

Course dealing with the preparation of portfolio and exit show for art majors relevant to their area of study.

Fee: Lab fee required

# Christian Studies Department

## *Faculty*

**Evan Lenow, Chair**

Associate Professor (2019)

601.925.3208

elenow@mc.edu

## *Support Staff*

**LaJune White**

Administrative Assistant

601.925.3218

white19@mc.edu

## *Program Goals*

The Department of Christian Studies seeks to stimulate the development of foundational knowledge, skills, and values of Judeo-Christian heritage. It further seeks to encourage examination of philosophical perspectives significant for personal living and Christian leadership. The department thus offers educational opportunities that pursue exploration of significant aspects of scriptural understanding, philosophical and theological reflection, spiritual formation, and practical ministry.

The department emphasizes learning and development of critical thinking and communication skills that foster a sense of well-being and personal competence that nurtures faith. This in turn directs students toward the establishment of meaningful careers in the context of Christian community in a global environment. In keeping with the stated mission of the University, the department thus seeks to serve all students at the University through its core and major offerings within the context of a liberal arts education.

In accomplishing its goals, the department proposes to:

Provide sound and appropriate instruction in biblical content and interpretation.

Provide insights and opportunities for practical exploration of Christian ministry and service.

Facilitate philosophical, theological, and ethical reflection and application of Christian principles.

Encourage development of analytical thinking and communication skills useful for the pursuit of graduate study and/or roles of Christian leadership.

## ***Majors and Minors***

Students preparing for church-related vocations are encouraged to major or minor in the Department of Christian Studies. The student majoring in Christian Studies must meet all University Core Curriculum requirements for the Bachelor of Arts degree, including the foreign language requirement. Students are reminded that at least one-third of their academic work for the bachelor's degree must be in courses numbered 300-400.

Students who major within the Department of Christian Studies also have the opportunity to minor in a different field of study within the department.

Bible Majors can minor within Ministry Studies or Missions Minor for Christian Studies Majors.

Ministry Studies Majors can minor within Bible or Missions Minor for Christian Studies Majors

Missions Majors can minor within Bible or Ministry Studies Minor for Christian Studies Majors.

Also, students should be aware that most theological seminaries require a working knowledge of one or more modern languages in addition to Hebrew and Greek as part of the entrance requirements leading to the Doctor of Philosophy degree. Students should consult the catalog of the seminary they plan to attend for specific requirements.

## ***Honors Courses***

By invitation of the Honors Council; see *Junior and Senior Departmental Honors Program* section of *Undergraduate Catalog*.

## **Bachelor of Arts**

### ***Christian Studies, Bible Concentration, B.A.***

#### UNIVERSITY CORE

Students majoring in Christian Studies must complete all requirements outlined below, including the language study, which should begin no later than the sophomore year.

#### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam

ENG 101 - English Composition

ENG 102 - English Composition

OR

ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces

ENG 212 - Survey of British Literature

ENG 213 - Survey of American Literature

## University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR  
HIS 211 - History of the United States  
HIS 212 - History of the United States

## University Core - Bible (6 hours)

BIB 111 - An Intensive Analysis of the Old Testament  
BIB 121 - An Intensive Analysis of the New Testament

## University Core - Social Sciences (3 hours)

Any PHI (Philosophy) course  
ECO 231 - Principles of Macroeconomics  
GBU 151 - Business Skills for Life  
MLG 205 - Cross-Cultural Understanding  
PLS 201 - American National Government  
PSY 201 - Introduction to Psychology (General Psychology)  
SOC 205 - Sociology: An Introduction in Global Context

## University Core - Science (4 hours)

Four hours of science are required, including one lecture with a corresponding lab. Students are encouraged to choose from one of the following lab courses:

BIO 103 - Human Biology AND  
BIO 104 - Human Biology Laboratory  
OR  
BIO 105 - Plants and People AND  
BIO 106 - Plants and People Laboratory  
OR  
BIO 111 - Biology I AND  
BIO 110 - Biology I Laboratory  
OR  
CHE 112 - Chemistry in American Life II  
OR  
CHE 141 - General Chemistry I  
OR  
PHY 151 - General Physics I  
OR  
PHY 251 - Fundamentals of Physics I

## University Core - Mathematics (3 hours)

Any MAT course numbered 105 or higher, determined in consultation with the advisor.

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation OR

MUS 125 - Music Appreciation OR  
THE 125 - Introduction to Theatre

## University Core for BA and English Majors - Modern Languages (6-12 hours)

Twelve hours are usually required. Students must complete the intermediate or sophomore-level courses in their chosen language. Students with one high school unit may enter course 102 of the same language and thereby waive 3 hours of this requirement; those with two high school units may enter course 201, waiving 6 hours.

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life

OR

Any combination of :

KIN 124- Nutrition for Well-Being (1 hour)

PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours) 4 semesters

Sophomore (24-53 semester hours) 3 semesters

Junior (54-83 semester hours) 2 semesters

Senior (84 or more semester hours) 1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## CHRISTIAN STUDIES CORE (21 HOURS)

BIB 210 - Discovering the World of the Bible (Fall)

BIB 220 - Interpreting the Bible (Spring)

BIB 322 - Distinctive Theological Ideas in the Bible (Fall)

BIB 422 - The Teachings of Jesus (Spring)

MIN 201 - Foundations for Christian Ministry (Fall)

MIN 224 - Ministry of the Church (Spring)

Choice of any Christian Studies 300 or 400 Level Course

## BIBLE CONCENTRATION REQUIREMENTS (15 HOURS)

BIB 099 – Culminating Experience

Students select any 5 courses below.

BIB 315 - A History of Israel

BIB 316 - Exegesis in Poetic and Wisdom Literature

BIB 317 - Exegesis in Eighth Century Prophets  
BIB 324 - History of the Bible  
BIB 327 - Acts of the Apostles  
BIB 328 - Paul: The Man and His Writings  
BIB 329 - Hebrews and the General Epistles (James-Jude)  
BIB 413 - Exegesis in the Pentateuch  
BIB 417 - Exegesis in Jeremiah-Ezekiel  
BIB 424 - Exegesis of the Fourth Gospel  
BIB 425 - Exegesis in the Letters of Paul  
BIB 427 - Exegesis of Romans  
BIB 429 - Revelation  
BIB 432 - The New Testament World  
BIB 440 - Geography and Culture of the Biblical Lands  
BIB 490 - Special Topics

## MINOR REQUIREMENTS (18 HOURS)

A typical minor consists of 18 semester hours; however, some department minors may vary in terms of required semester hours. The minor should be selected in consultation with the student's advisor and in the minor department

### General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

**TOTAL: 130 SEM. HOURS**

## *Christian Studies, Ministry Studies Concentration, B.A.*

### UNIVERSITY CORE

#### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition

OR

ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces

ENG 212 - Survey of British Literature

ENG 213 - Survey of American Literature

#### University Core - History (6 hours)

HIS 103 - World Civilization I

HIS 104 - World Civilization II

OR

HIS 211 - History of the United States

HIS 212 - History of the United States

## University Core - Bible (6 hours)

BIB 111 - An Intensive Analysis of the Old Testament  
BIB 121 - An Intensive Analysis of the New Testament

## University Core - Social Sciences (3 hours)

Any PHI (Philosophy) course  
ECO 231 - Principles of Macroeconomics  
GBU 151 - Business Skills for Life  
MLG 205 - Cross-Cultural Understanding  
PLS 201 - American National Government  
PSY 201 - Introduction to Psychology (General Psychology)  
SOC 205 - Sociology: An Introduction in Global Context

## University Core - Science (4 hours)

Four hours of science are required, including one lecture with a corresponding lab. Students are encouraged to choose from one of the following lab courses:

BIO 103 - Human Biology AND  
BIO 104 - Human Biology Laboratory  
OR  
BIO 105 - Plants and People AND  
BIO 106 - Plants and People Laboratory  
OR  
BIO 111 - Biology I AND  
BIO 110 - Biology I Laboratory  
OR  
CHE 112 - Chemistry in American Life II  
OR  
CHE 141 - General Chemistry I  
OR  
PHY 151 - General Physics I  
OR  
PHY 251 - Fundamentals of Physics I

## University Core - Mathematics (3 hours)

Any MAT course numbered 105 or higher, determined in consultation with the advisor.

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation OR  
MUS 125 - Music Appreciation OR  
THE 125 - Introduction to Theatre

## University Core for BA and English Majors - Modern Languages (6-12 hours)

Twelve hours are usually required. Students must complete the intermediate or sophomore-level courses in their chosen language. Students with one high school unit may enter course 102 of the same language and thereby waive 3 hours of this requirement; those with two high school units may enter course 201, waiving 6 hours.

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life

OR

Any combination of:

KIN 124- Nutrition for Well-Being (1 hour)

PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## CHRISTIAN STUDIES CORE (21 HOURS)

BIB 210 - Discovering the World of the Bible (Fall)

BIB 220 - Interpreting the Bible (Spring)

BIB 322 - Distinctive Theological Ideas in the Bible (Fall)

BIB 422 - The Teachings of Jesus (Spring)

MIN 201 - Foundations for Christian Ministry (Fall)

MIN 224 - Ministry of the Church (Spring)

Choice of any Christian Studies 300 or 400 Level Course

## MINISTRY STUDIES CONCENTRATION REQUIREMENT (15 HOURS)

BIB 099 – Culminating Experience

Students choose 5 of the following courses.

MIN 300 - Essentials for Ministry

MIN 302 - Christian Formation

MIN 315- Evangelism and Cross-Cultural Witness

MIN 316 - Church Administration

MIN 403 - Church Leadership

MIN 404 - The Development of Christian Worship (Fall)

MIN 410 - Faith Development

MIN 480 – Ministry Internship

MIN 490 Special Topics

MSS 302 - Evangelism and Cross-Cultural Witness

COM 458 – Strategic Ministry Communication

## MINOR REQUIREMENTS (18 HOURS)

A typical minor consists of 18 semester hours; however, some department minors may vary in terms of required semester hours. The minor should be selected in consultation with the student's advisor and in the minor department

### General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

TOTAL: 130 SEM. HOURS

## Minors

### ***Bible Minor for Christian Studies Majors***

For Christian Studies majors with concentrations in Biblical Language, or Ministry, or Missions Studies.

Required courses:

18 Hours in 300 - 400 level Bible (BIB) courses.

*(Courses used in the Christian Studies Core cannot be used in the minor including BIB 322 and BIB 422.)*

TOTAL: 18 SEM. HRS.

### ***Bible Minor for Non-Christian Studies Majors***

Bible (18 sem. hrs.)

Students selecting a Bible minor in the Christian Studies Department must take:

BIB 210 - Discovering the World of the Bible

BIB 322 - Distinctive Theological Ideas in the Bible

BIB 422 - The Teachings of Jesus

Plus 9 elective hours of **BIB** courses, 300 level or higher

### ***Biblical Language Minor for Christian Studies Majors***

This minor can be completed by Christian Studies majors with concentration in Bible, or Ministry, or Missions Studies.

Required Courses:

12 hours in Greek (GRK) or Hebrew (HBW) in addition to 6 hours (GRK 201 and 202, or HBW 201 and 202) used to complete the Modern Language University Core Requirements.

### ***Biblical Languages Minor for Non-Christian Studies Majors***

Biblical Languages (18 sem. hrs.)

12-hours of one language and six hours of the other.

### ***Christian Studies Minor***

Christian Studies (18 sem. hrs.)

Students choose 6 out of 8 of the Christian Studies core courses

- BIB 210 - Discovering the World of the Bible (Fall)
- BIB 220 - Interpreting the Bible (Spring)
- BIB 322 - Distinctive Theological Ideas in the Bible (Fall)
- BIB 422 - The Teachings of Jesus (Spring)
- MIN 201 - Foundations for Christian Ministry (Fall)
- MIN 224 - Ministry of the Church (Spring)
- MIN 404 - The Development of Christian Worship (Fall)

### ***Ministry Studies Minor for Christian Studies Majors***

This minor can be completed by Christian Studies majors with concentration in Bible or Missions.

Required courses:

18 hours in 300 - 400 level Ministry (MIN) courses.

(Course used in the Christian Studies core cannot be used to complete this minor, including MIN 404.)

TOTAL: 18 SEM. HRS.

### ***Ministry Studies Minor for Non-Christian Studies Majors***

Ministry Studies (18 sem. hrs.)

Any 6 Ministry Studies courses.

### ***Missions Minor***

- MSS 301 – Introduction to Missions
- MSS 302 – Evangelism and Cross-Cultural Witnessing
- MSS 303 – History of Missions
- MSS 304 – Contemporary Mission Strategies
- MSS 305 – Spiritual Warfare and Missions
- MSS 306 – The Missionary Lifestyle

## **Bible Courses**

**BIB 099 – Culminating Experience: Senior Exit Exam**

Credits, 0 sem. hrs. Required for all graduating seniors.

**BIB 110 - Introduction to the Old Testament**

Credits, 3 sem. hrs. A general overview of the background, development, and content of the Old Testament.

### **BIB 111 - An Intensive Analysis of the Old Testament**

Credits, 3 sem. hrs Bible 111 is designed for Christian Studies majors and other interested students and offers a more intensive investigation into the critical issues of Old Testament studies. The critical issues to be addressed include author, date, purpose, and interpretive issues related to significant passages.

### **BIB 120 - Introduction to the New Testament**

Credits, 3 sem. hrs. A general overview of the background, development, and content of the New Testament.

### **BIB 121 - An Intensive Analysis of the New Testament**

Credits, 3 sem. hrs Bible 121 is designed for Christian Studies majors and other interested students and offers a more intensive investigation into the critical issues of New Testament studies. The critical issues to be addressed include author, date, purpose, and interpretive issues related to significant passages.

### **BIB 210 - Discovering the World of the Bible**

Credits, 3 sem. hrs. Prerequisite(s): *BIB 110 and BIB 120 or BIB 111 and BIB 121.*  
A study of geography, archaeology, and history relevant to sound biblical understanding.

### **BIB 220 - Interpreting the Bible**

Credits, 3 sem. hrs Prerequisite(s): *BIB 110 and BIB 120, OR BIB 111 and BIB 121*  
A practical introduction to biblical interpretation where the student will have the opportunity to apply learned principles of exegesis to a specific biblical passage.

### **BIB 315 - A History of Israel**

Credits, 3 sem. hrs. Prerequisite(s): *BIB 110 and BIB 120 or BIB 111 and BIB 121.*  
A historical survey of the life and faith of Israel up to the New Testament period.

### **BIB 316 - Exegesis in Poetic and Wisdom Literature**

Credits, 3 sem. hrs. Prerequisite(s): *BIB 110 or BIB 111 and Sophomore standing.*  
An introduction to the poetic and wisdom literature of the Old Testament with selected exegesis within the literature.

### **BIB 317 - Exegesis in Eighth-Century Prophets**

Credits, 3 sem. hrs. Prerequisite(s): *BIB 110 or BIB 111 and Sophomore standing.*  
Selected exegesis within the books of the eighth-century prophets.

### **BIB 322 - Distinctive Theological Ideas in the Bible**

Credits, 3 sem. hrs. Prerequisite(s): *BIB 110 and BIB 120 or BIB 111 and BIB 121.*  
A study of the theological interpretation of the Old Testament and the New Testament.

## **BIB 324 - History of the Bible**

Credits, 3 sem. hrs. Prerequisite(s): BIB 120 or BIB 121 and Sophomore standing.

The historical study of the origin of the New Testament with particular emphasis on the process of preservation of the text and determination of canonicity.

## **BIB 327 - Acts of the Apostles**

Credits, 3 sem. hrs. Prerequisite(s): BIB 120 or BIB 121 and Sophomore standing.

An exegetical study of the development of the early Christian movement reflected in the book of Acts.

## **BIB 328 - Paul: The Man and His Writings**

Credits, 3 sem. hrs. Prerequisite(s): BIB 120 or BIB 121 and Sophomore standing.

A study of the life and thought of Paul from the primary literature.

## **BIB 329 - Hebrews and the General Epistles (James-Jude)**

Credits, 3 sem. hrs. Prerequisite(s): BIB 120 or BIB 121 and Sophomore standing.

An exegetical study of selected passages from Hebrews and/or the General Epistles.

## **BIB 413 - Exegesis in the Pentateuch**

Credits, 3 sem. hrs. Prerequisite(s): BIB 110 or BIB 111 and Sophomore standing.

Selected exegetical study within the Pentateuch.

## **BIB 417 - Exegesis in Jeremiah-Ezekiel**

Credits, 3 sem. hrs. Prerequisite(s): BIB 110 or BIB 111 and Sophomore standing.

Selected exegesis within Jeremiah or Ezekiel.

## **BIB 422 - The Teachings of Jesus**

Credits, 3 sem. hrs. Prerequisite(s): BIB 120 or BIB 121 and Sophomore standing.

The study of selected teachings of Jesus with emphasis upon their historical occasion and contemporary relevance.

## **BIB 424 - Exegesis of the Fourth Gospel**

Credits, 3 sem. hrs. Prerequisite(s): BIB 120 or BIB 121 and Sophomore standing.

An exegetical study of the Fourth Gospel.

## **BIB 425 - Exegesis in the Letters of Paul**

Credits, 3 sem. hrs. Prerequisite(s): BIB 120 or BIB 121 and Sophomore standing.

Selected exegesis of one or more letters of Paul, but excluding Romans.

## **BIB 427 - Exegesis of Romans**

Credits, 3 sem. hrs. Prerequisite(s): BIB 120 or BIB 121 and Sophomore standing.

An exegesis of the book of Romans.

### **BIB 429 - Revelation**

Credits, 3 sem. hrs. Prerequisite(s): BIB 120 or BIB 121 and Sophomore standing.

An exegetical study of the book of Revelation with attention given to critical problems and contemporary relevance.

### **BIB 432 - The New Testament World**

Credits, 3 sem. hrs. Prerequisite(s): BIB 120 or BIB 121 and Sophomore standing.

A study of the Jewish and Greco-Roman world into which Christianity was born, with a view toward understanding of historical, archaeological, religious, and sociological perspectives of significant importance for New Testament interpretation.

### **BIB 440 - Geography and Culture of the Biblical Lands**

Credits, 3 sem. hrs. Travel and study in the biblical lands under the guidance of a Mississippi College faculty member. The course will include lectures, corollary reading, and a travel journal.

### **BIB 490 - Special Topics in Bible**

Credits, 3 sem. hrs.

Designed to respond to identified interests and needs.

## **New Testament Greek Courses**

### **GRK 101 - Elementary New Testament Greek I**

Credits, 3 sem. hrs. Basic grammar, syntax, and vocabulary, coupled with the beginning reading of New Testament materials.

### **GRK 102 - Elementary New Testament Greek II**

Credits, 3 sem. hrs. Prerequisite(s): GRK 101.

Basic grammar, syntax, and vocabulary, coupled with the beginning reading of New Testament materials.

### **GRK 201 - Intermediate New Testament Greek I**

Credits, 3 sem. hrs. Prerequisite(s): GRK 102.

Intensive study of grammar, syntax and vocabulary, with extensive reading in the New Testament and other Koine Greek writings.

### **GRK 202 - Intermediate New Testament Greek II**

Credits, 3 sem. hrs. Prerequisite(s): GRK 201

Intensive study of grammar, syntax and vocabulary, with extensive reading in the New Testament and other Koine Greek writings.

## **GRK 490 - Special Topics in New Testament Greek**

Credits, 3 sem. hrs. Prerequisite(s): GRK 201

Designed to respond to identified interests and needs.

## **Hebrew Courses**

### **HBW 101 - Elementary Biblical Hebrew I**

Credits, 3 sem. hrs. This course is designed to introduce the student to foundational Hebrew vocabulary, syntax, and grammar coupled with initial readings from the Hebrew Bible.

### **HBW 102 - Elementary Biblical Hebrew II**

Credits, 3 sem. hrs. Prerequisite(s): **HBW 101.**

This course is designed to introduce the student to foundational Hebrew vocabulary, syntax, and grammar coupled with initial readings from the Hebrew Bible.

### **HBW 201 - Intermediate Biblical Hebrew I**

Credits, 3 sem. hrs. Prerequisite(s): **HBW 102.**

This course is designed to aid the student in learning to read the Hebrew Bible, to introduce the student to the Biblia Hebraica Stuttgartensia in general and to the Torah, Nevi'im and Kethubim in particular.

### **HBW 202 - Intermediate Biblical Hebrew II**

Credits, 3 sem. hrs. Prerequisite(s): **HBW 201**

This course is designed to aid the student in learning to read the Hebrew Bible, to introduce the student to the Biblia Hebraica Stuttgartensia in general and to the Torah, Nevi'im and Kethubim in particular.

## **Ministry Studies Courses**

### **MIN 201 - Foundations for Christian Ministry**

Credits, 3 sem. hrs. An introductory study of Christian ministry emphasizing spiritual, personal, academic and professional foundations for ministry.

### **MIN 224 - Ministry of the Church**

Credits, 3 sem. hrs. A study of the programs and activities of the church's ministry in relationship to the mission and life cycle of the church.

### **MIN 300 - Essentials for Ministry**

Credits, 3 sem. hrs. Prerequisite(s): **Sophomore standing.**

A study of the varied responsibilities of the those who serve on a church staff including leadership in worship, officiating at funerals and weddings, and pastoral care with specific attention to the visiting of the sick and dying.

### **MIN 302 - Christian Formation**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.*

A study of the basic foundations of Christian educational ministry in the local church.

### **MIN 315 - Ministry to Youth**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.*

A practical study of youth ministry programs with a special emphasis on the role of recreation.

### **MIN 316 - Church Administration**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.*

An orientation to the administrative process encountered in local church ministry.

### **MIN 403 - Church Leadership**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.*

A study dealing with the theory and practice of Christian leadership.

### **MIN 404 - The Development of Christian Worship**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.*

*The Development of Christian Worship* is a course designed to introduce the student to the historical and theological aspects of worship in the Judeo-Christian heritage.

### **MIN 410 - Faith Development**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.*

A theological & psychological study of faith throughout the life cycle with an examination of the implications of the study for individuals and church programs.

### **MIN 480 – Ministry Internship**

Credits, 3 sem. hrs.,

Practical ministry experience is crucial to becoming an effective minister. This course requires students to work for 160 hours in an approved ministry setting in order to gain experience beyond that which could be learned in the classroom environment. Each student, under direct supervision of an onsite director, will learn the inner workings of the church or ministry.

### **MIN 490 - Special Topics in Ministry Studies**

Credits, 3 sem. hrs. Designed to respond to identified interest and needs.

## **Missions Courses**

### **MSS 301 - Introduction to Missions**

Credits, 3 sem. hrs. The history, principles and methods of New Testament evangelism and its implementation in local and international missions.

## **MSS 302 - Evangelism and Cross-Cultural Witness**

Credits, 3 sem. hrs. The principles and methods of New Testament evangelism with a focus on gospel presentations in contemporary American society and in the context of cross-cultural religious worldviews.

## **MSS 303 - History of Missions**

Credits, 3 sem. hrs. The course will focus on the redemptive mission of God from an historical perspective, beginning with the revelation of God's mission in the Old Testament, its fulfillment in the coming of Jesus in the New Testament and expansion of the New Testament church. It will review the epochs of global mission beginning in the Ante-Nicene period, through the Dark Ages, how the Reformation prepared the world for a renewed thrust of global outreach in the 19th and 20th centuries and unprecedented contemporary harvest among previously unreached peoples.

## **MSS 304 - Contemporary Mission Strategies**

Credits, 3 sem. hrs. The course will focus on how mission strategies have evolved since the beginning of the modern mission era with William Carey in 1793 and how the momentum of missions efforts in the 19th and 20th centuries have led to unprecedented advance in fulfilling the Great Commission. The class will explore in depth current methods of Bible translation, cross-cultural communication of the gospel, utilization of electronic and social media, church planting movements and the tension between humanitarian ministries with evangelism as well as how unreached people groups are being engaged through creative access platforms.

## **MSS 305 - Spiritual Warfare and Missions**

Credits, 3 sem. hrs. Effective cross-cultural witness requires an understanding of non-Christian religious worldviews and how these represent a barrier to the kingdom of God being extended to the ends of the earth. It also requires an understanding of the one who is the adversary of God's glory among the nations. This course will enable students to recognize and expose Satan's strategies, appropriate foundational principles for victorious living, and to be equipped for the battle in the kingdoms of the world becoming the kingdoms of our Lord.

## **MSS 306 - The Missionary Lifestyle**

Credits, 3 sem. hrs. The lifestyle and incarnational witness of missionaries, whether single or married, is often the key to receptivity among people of other cultures. This course will focus on the spiritual characteristics and relational skills essential to effective ministry. Lessons will include the challenge of cultural adjustments and the stress on marriage and parenting.

## **MSS 490 - Special Topics in Missions**

Credits, 3 sem. hrs.

## About the Department of Communication

The Mississippi College Department of Communication prepares students to be excellent communicators with their words, skills, and lives. Students who pursue a degree in Communication are provided opportunities to develop a variety of academic, performance, and professional competencies. Areas of concentration are offered to help prepare students to excel in such fields as media, public relations, Christian ministry, business, law, government, education, industry and elsewhere.

## Communication Majors

The Department of Communication offers the Bachelor of Science (B.S.) and Bachelor of Arts (B.A.) degree. (The B.A. degree requires 12 hours of modern languages whereas the B.S. does not require modern language coursework.) The curriculum consists of a set of core classes and the student's choice of several concentrations:

- Digital Media Production
- Interpersonal and Public Communication
- Journalism
- Public Relations
- Sports Media
- Digital Media Production
- Media Analytics
- Ministry Communication

## Communication Minors

The field of Communication is an excellent complement to majors in other fields. An 18-hour Communication minor (consisting of six Communication courses of a student's choice) and a defined minor in Journalism are available.

## Co-Curricular Program

The department offers a variety of ways students can be involved in campus and departmental activities, including:  
Alpha Psi Omega (theater honor society)

Big River Agency (student-operated public relations agency)  
Blue & Gold Media (student media group)  
Lambda Pi Eta (national communication honor society)  
MCTV (campus newscast)  
PRAM (for public relations students)  
Messengers (department ambassadors)  
Sports Media Team  
Theater Productions  
The Tribesman (yearbook)  
Washington Internship Program

#### Honors Courses

By invitation of the Honors Council; see *Junior and Senior Departmental Honors Program* section of *Undergraduate Catalog*.

## Bachelor of Arts

### *Digital Media Production Concentration, B.A.*

#### UNIVERSITY CORE

##### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

##### University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR  
HIS 211 - History of the United States  
HIS 212 - History of the United States

##### University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

## University Core - Social Sciences (3 hours)

Any PHI (Philosophy) course  
ECO 231 - Principles of Macroeconomics  
GBU 151 - Business Skills for Life  
MLG 205 - Cross-Cultural Understanding  
PLS 201 - American National Government  
PSY 201 - Introduction to Psychology (General Psychology)  
SOC 205 - Sociology: An Introduction in Global Context

## University Core - Science (4 hours)

Four hours of science are required, including one lecture with a corresponding lab. Students are encouraged to choose from one of the following lab courses:

BIO 103 - Human Biology AND  
BIO 104 - Human Biology Laboratory  
OR  
BIO 105 - Plants and People AND  
BIO 106 - Plants and People Laboratory  
OR  
BIO 111 - Biology I AND  
BIO 110 - Biology I Laboratory  
OR  
CHE 112 - Chemistry in American Life II  
OR  
CHE 141 - General Chemistry I  
OR  
PHY 151 - General Physics I  
OR  
PHY 251 - Fundamentals of Physics I

## University Core - Mathematics (3 hours)

Any MAT course numbered 105 or higher, determined in consultation with the advisor.

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation OR  
MUS 125 - Music Appreciation OR  
THE 125 - Introduction to Theatre

### NOTE:

Communication majors are expected to take THE 125 to satisfy the Fine Arts core requirement.

## University Core for BA and English Majors - Modern Languages (6-12 hours)

Twelve hours are usually required. Students must complete the intermediate or sophomore-level courses in their chosen language. Students with one high school unit may enter course 102 of the same language and thereby waive 3 hours of this requirement; those with two high school units may enter course 201, waiving 6 hours.

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life

OR

Any combination of :

KIN 124- Nutrition for Well-Being (1 hour)

PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours) 4 semesters

Sophomore (24-53 semester hours) 3 semesters

Junior (54-83 semester hours) 2 semesters

Senior (84 or more semester hours) 1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## Major Requirements

### COMMUNICATION CORE (28 HOURS)

COM 102 - Communication Writing & Research \*

COM 103 - Fundamentals of Digital Communication

COM 201 – Communication Ethics

COM 202 - Interpersonal Communication

COM 304 - Public Speaking

COM 442 - Communication Law

COM 443 - Public Relations

COM 480 - Communication Internship

COM 499 - Senior Portfolio

JOU 333 - Journalism I

\* COM 102 is a prerequisite for all 300- and 400-level Communication class for all Communication majors

### DIGITAL MEDIA PRODUCTION CONCENTRATION (18 HOURS)

COM 200 - Campus Media Production

COM 300 - Campus Media Production

COM 400 - Campus Media Production

COM 321 – Church Media Production

COM 334 - Digital Storytelling

COM 360 - Social Media Communication

COM 453 - Sports Public Relations

JOU 334 - Multimedia Journalism

### MINOR REQUIREMENTS (18 HOURS)

A typical minor consists of 18 semester hours; however, some department minors may vary in terms of required semester hours. The minor should be selected in consultation with the student's advisor.

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

TOTAL: 130 SEM. HOURS

## *Interpersonal and Public Communication Concentration, B.A.*

### UNIVERSITY CORE

#### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

#### University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR  
HIS 211 - History of the United States  
HIS 212 - History of the United States

#### University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

#### University Core - Social Sciences (3 hours)

Any PHI (Philosophy) course  
ECO 231 - Principles of Macroeconomics  
GBU 151 - Business Skills for Life  
MLG 205 - Cross-Cultural Understanding

PLS 201 - American National Government  
PSY 201 - Introduction to Psychology (General Psychology)  
SOC 205 - Sociology: An Introduction in Global Context

## University Core - Science (4 hours)

Four hours of science are required, including one lecture with a corresponding lab. Students are encouraged to choose from one of the following lab courses:

BIO 103 - Human Biology AND  
BIO 104 - Human Biology Laboratory  
OR  
BIO 105 - Plants and People AND  
BIO 106 - Plants and People Laboratory  
OR  
BIO 111 - Biology I AND  
BIO 110 - Biology I Laboratory  
OR  
CHE 112 - Chemistry in American Life II  
OR  
CHE 141 - General Chemistry I  
OR  
PHY 151 - General Physics I  
OR  
PHY 251 - Fundamentals of Physics I

## University Core - Mathematics (3 hours)

Any MAT course numbered 105 or higher, determined in consultation with the advisor.

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation OR  
MUS 125 - Music Appreciation OR  
THE 125 - Introduction to Theatre

### Note:

Communication majors are expected to take THE 125 - Introduction to Theatre to satisfy the Fine Arts requirement.

## University Core for BA and English Majors - Modern Languages (6-12 hours)

Twelve hours are usually required. Students must complete the intermediate or sophomore-level courses in their chosen language. Students with one high school unit may enter course 102 of the same language and thereby waive 3 hours of this requirement; those with two high school units may enter course 201, waiving 6 hours.

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life

OR

Any combination of :

KIN 124- Nutrition for Well-Being (1 hour)

PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours) 4 semesters

Sophomore (24-53 semester hours) 3 semesters

Junior (54-83 semester hours) 2 semesters

Senior (84 or more semester hours) 1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS

### COMMUNICATION CORE (28 HOURS)

COM 102 - Communication Writing & Research \*

COM 103 - Fundamentals of Digital Communication

COM 201 – Communication Ethics

COM 202 - Interpersonal Communication

COM 304 - Public Speaking

COM 442 - Communication Law

COM 443 - Public Relations

COM 480 - Communication Internship

COM 499 - Senior Portfolio

JOU 333 - Journalism I

\* COM 102 is a prerequisite for all 300- and 400-level Communication class for all Communication majors

Twelve hours are usually required. Students must complete the intermediate or sophomore-level courses in their chosen language. Students with one high school unit may enter course 102 of the same language and thereby waive 3 hours of this requirement; those with two high school units may enter course 201, waiving 6 hours.

### University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
OR  
Any combination of:  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS

### COMMUNICATION CORE (28 HOURS)

- COM 102 - Communication Writing & Research \*
- COM 103 - Fundamentals of Digital Communication
- COM 201 – Communication Ethics
- COM 202 - Interpersonal Communication
- COM 304 - Public Speaking
- COM 442 - Communication Law
- COM 443 - Public Relations
- COM 480 - Communication Internship
- COM 499 - Senior Portfolio
- JOU 333 - Journalism I

\* COM 102 is a prerequisite for all 300- and 400-level Communication class for all Communication majors

### SPORTS MEDIA CONCENTRATION (18 HOURS)

- COM 200 - Campus Media Production
- COM 300 - Campus Media Production
- COM 400 - Campus Media Production
- COM 334 - Digital Storytelling
- COM 345 – Advertising in Communication
- COM 360 - Social Media Communication
- COM 453 - Sports Public Relations
- JOU 455 - Sports Journalism

### MINOR REQUIREMENTS (18 HOURS)

A typical minor consists of 18 semester hours; however, some department minors may vary in terms of required semester hours. The minor should be selected in consultation with the student's advisor.

### General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

**TOTAL: 130 SEM. HOURS**

# Bachelor of Science

## Digital Media Production Concentration, B.S..

### UNIVERSITY CORE

#### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam

ENG 101 - English Composition

ENG 102 - English Composition

OR

ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces

ENG 212 - Survey of British Literature

ENG 213 - Survey of American Literature

#### University Core - History (6 hours)

HIS 103 - World Civilization I

HIS 104 - World Civilization II

OR

HIS 211 - History of the United States

HIS 212 - History of the United States

#### University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**

BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**

BIB 121 - An Intensive Analysis of the New Testament

#### University Core - Social Sciences (3 hours)

Any PHI (Philosophy) course

ECO 231 - Principles of Macroeconomics

GBU 151 - Business Skills for Life

\* COM 102 is a prerequisite for all 300- and 400-level Communication class for all Communication majors

\* COM 443 is a prerequisite for COM 457

### PUBLIC RELATIONS CONCENTRATION (18 HOURS)

COM 334 - Digital Storytelling

COM 360 - Social Media Communication

COM 444 - Practices in Public Relations

COM 457 - Strategic Crisis Communication

COM 458 - Strategic Ministry Communication

COM 459 – Audience Analysis

COM 474 - Media Analytics

JOU 454 - Public Relations Writing

### MINOR REQUIREMENTS (18 HOURS)

A typical minor consists of 18 semester hours; however, some department minors may vary in terms of required semester hours. The minor should be selected in consultation with the student's advisor.

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

TOTAL: 130 SEM. HOURS

## *Sports Media Concentration, B.S.*

### UNIVERSITY CORE

#### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

#### University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

#### University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR

HIS 211 - History of the United States  
HIS 212 - History of the United States

#### University Core - Social Sciences (3 hours)

Any PHI (Philosophy) course  
ECO 231 - Principles of Macroeconomics  
GBU 151 - Business Skills for Life  
MLG 205 - Cross-Cultural Understanding  
PLS 201 - American National Government  
PSY 201 - Introduction to Psychology (General Psychology)  
SOC 205 - Sociology: An Introduction in Global Context

## University Core - Science (4 hours)

Four hours of science are required, including one lecture with a corresponding lab. Students are encouraged to choose from one of the following lab courses:

BIO 103 - Human Biology AND  
BIO 104 - Human Biology Laboratory  
OR  
BIO 105 - Plants and People AND  
BIO 106 - Plants and People Laboratory  
OR  
BIO 111 - Biology I AND  
BIO 110 - Biology I Laboratory  
OR  
CHE 112 - Chemistry in American Life II  
OR  
CHE 141 - General Chemistry I  
OR  
PHY 151 - General Physics I  
OR  
PHY 251 - Fundamentals of Physics I

## University Core - Mathematics (3 hours)

Any MAT course numbered 105 or higher, determined in consultation with the advisor.

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation OR  
MUS 125 - Music Appreciation OR  
THE 125 - Introduction to Theatre

### Note:

Communication majors are expected to take THE 125 - Introduction to Theatre to satisfy the Fine Arts requirement.

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
OR  
Any combination of:  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS

### COMMUNICATION CORE (28 HOURS)

COM 102 - Communication Writing & Research \*  
COM 103 - Fundamentals of Digital Communication  
COM 201 – Communication Ethics  
COM 202 - Interpersonal Communication  
COM 304 - Public Speaking  
COM 442 - Communication Law  
COM 443 - Public Relations  
COM 480 - Communication Internship  
COM 499 - Senior Portfolio  
JOU 333 - Journalism I

\* COM 102 is a prerequisite for all 300- and 400-level Communication class for all Communication majors

### SPORTS MEDIA CONCENTRATION (18 HOURS)

COM 200 - Campus Media Production

Total: 18 sem. hrs.

## Communication Courses

### **COM 100 - Campus Media Production**

**Credits, 1 sem. hr.** This course allows students to gain practical experience in a variety of campus-based media productions. This course may be repeated once for credit.

### **COM 102 - Communication Writing & Research**

**Credits, 3 sem. hrs.** This course prepares the student to do practical research associated with the pursuit of a degree in communication. Emphasis will be placed on developing a research attitude, research skills, and a research vocabulary. The course will deal with surveys, validity, and the interpretation of data. This course is required for most COM classes 300 or above.

### **COM 103 - Fundamentals of Digital Communication**

**Credits, 3 hrs.** This course teaches students basic digital communication productivity, collaboration, and navigation skills and concepts using industry standard applications. Students also learn how to become discerning users of digital devices through the exploration of Biblical principles concerning the role of technology in life and society.

### **COM 200 - Campus Media Production**

**Credits, 1 sem. hr.** This course allows students to gain practical experience in a variety of campus-based media productions. This course may be repeated once for credit.

### **COM 201 – Communication Ethics**

**Credits, 3 sem. hrs. Prerequisite(s): COM 102 for Communication Majors**

This course approaches the study of ethics in communication from a biblical perspective and is designed to help students gain an appreciation of the benefits and difficulties associated with practicing ethics in human communication. Students will also be introduced to universal and individual perspectives of virtue, rightness, wrongness, duty, obligation, and consequences, especially as they relate to human communication.

### **COM 202 – Interpersonal Communication**

**Credits, 3 sem. hrs. Concurrent Prerequisite(s): COM 102 for Communication Majors**

This course is designed to improve communication competencies in interpersonal relationships through the study of perception, self-concept, verbal and nonverbal communication listening, conflict management, and relationship development.

### **COM 203 - Professional Communication Skills**

**Credits, 3 sem. hrs.** This course teaches communication principles and oral skills associated with interpersonal, team, and public communication

### **COM 300 - Campus Media Production**

**Credits, 1 sem. hr.** This course allows students to gain practical experience in a variety of campus-based media productions. This course may be repeated once for credit.

### **COM 301 - Nonverbal Communication**

**Credits, 3 sem. hrs. Prerequisite(s): COM 102 for Communication Majors**

This course is a survey and examination of such phenomena as the environment, architectural design, physical appearance, kinesics, haptics, face and eye behavior, as well as other similar applications. Students will be encouraged to investigate the findings of nonverbal research in their major interest areas.

**COM 304 - Public Speaking**

**Credits, 3 sem. hrs. Prerequisite(s): sophomore, junior or senior standing**

This course is the upper-level speaking course which seeks to polish basic public speaking skills. Persuasion is studied and taught as a speaking skill. A student is expected to develop advanced speaking skills in the course.

**COM 305 - Argumentation**

**Credits, 3 sem. hrs. Prerequisite(s): COM 102 for Communication Majors**

This course teaches skills involved in effective argumentative communication, examining various types of arguments, tests of arguments, and debate formats.

**COM 320 – Christ, Media and Culture**

**Credits, 3 sem. hrs. Prerequisite(s): COM 102 for Communication Majors**

This course surveys the development of various forms of media in Christian contexts, and how media are used for evangelistic, discipling, and missional purposes. Students explore new possibilities for the use of media to advance the Gospel and serve the Christian church.

**COM 321 – Church Media Production**

**Credits, 3 sem. hrs. Prerequisite(s): COM 102 for Communication Majors**

This course provides students with a knowledge of the principles, strategies, and tactics used by media practitioners in the local church and in ministry organizations, especially as they relate to worship and live event production. Emphasis is placed on developing best practices for advancing the work of the local church and ministry organizations through the development and use of various media.

**COM 334 - Digital Storytelling**

**Credits, 3 sem. hrs. Prerequisite(s): COM 102 for Communication Majors**

This course teaches students how to use industry-standard video, audio, photo, and mobile-based media production tools to produce high-quality content intended for distribution via a variety of mass media channels and emerging media platforms

**COM 345 – Advertising in Communication**

**Credits, 3 sem. hrs. Prerequisite(s): COM 102 for Communication Majors**

This course provides students with the theoretical foundation to help them develop a critical awareness of advertising's role in communication processes through various media forms with a particular focus on digital and social media. Students will learn about advertising messaging in contemporary society, data gathering techniques related to advertising, and how to use research to develop and maintain relationships with clients.

## **COM 360 - Social Media Communication**

Credits, 3 sem. hrs. Prerequisite(s): COM 102 for Communication Majors

This course teaches students to use social media in a variety of communication settings in a professional and ethical manner. Students in this course will become more social media literate, more discerning about social media choice and use, and more effective practitioners of social media in their chosen vocation.

## **COM 400 - Campus Media Production**

Credits, 1 sem. hr. This course allows students to gain practical experience in a variety of campus-based media productions. This course may be repeated once for credit.

## **COM 401 - Team-Based Communication**

Credits, 3 sem. hrs. Prerequisite(s): COM 102 for Communication Majors

This course presents the practical application of group procedures functioning under the principles of parliamentary order.

## **COM 403 - Negotiation**

Credits, 3 sem. hrs.

This course teaches the communication principles associated with negotiation and conflict management for every aspect of life. Students will have the opportunity to develop negotiation skills in multiple contexts.

## **COM 442 - Communication Law**

Credits, 3 sem. hrs. Prerequisite(s): Prerequisite(s): COM 102 for Communication Majors

This course examines legal rights, privileges, and regulations of the press, radio, television, and films. The principles of libel, contempt, copyright, and broadcast regulations are explored

## **COM 443 - Public Relations**

Credits, 3 sem. hrs. Prerequisite(s): COM 102 for Communication Majors

This course addresses the task of building and maintaining positive or neutral relationships with the public based upon performance and communications.

## **COM 444 - Practices in Public Relations**

Credits, 3 sem. hrs. Prerequisite(s): COM 102 for Communication Majors

This course is an advanced study of public relations and is designed to utilize case studies which allow the student to solve problems in public relations.

## **COM 449 - Intercultural Communication**

Credits, 3 sem. hrs. Prerequisite(s): COM 102 for Communication Majors.

This course involves the student in the study of the complex issues of intercultural communication. The student examines the manner in which various cultures and subcultures communicate in personal and professional settings. The course focuses upon both foreign and domestic cultures. Various cultural communication patterns are explored in order to prepare the student to be a leader in a global multi-cultural community.

## **COM 453 - Sports Public Relations**

Credits, 3 sem. hrs Prerequisite(s): COM 443 and COM 102 for Communication Majors

This course provides students with an overview of public relations activities and opportunities within the sports industry within journalistic and media production contexts. Students develop essential skills for practice on the high school, college, and professional level.

## **COM 457 - Strategic Crisis Communication**

Credits, 3 sem. hrs Prerequisite(s): COM 443 and COM 102 for Communication Majors

This course is an advanced study of public relations and how crises are managed through the application of public relations theory and practice.

## **COM 458 – Strategic Ministry Communication**

Credits, 3 sem. hrs. Prerequisite(s): COM 102 for Communication Majors

This course introduces students to principles of internal and external small group and public communication in the church and ministry context and helps students develop strategies and tactics designed to enhance the work of churches and ministry organizations and promote that work to external audiences.

## **COM 459 – Audience Analysis**

Credits, 3 sem. hrs. Prerequisite(s): COM 102 for Communication Majors

This course provides students with a theoretical and applied exploration of contemporary media environments and common methods of audience analysis such as secondary analysis of data, survey research, focus groups, and interviewing. Trends in audience uses of media environments, interactions with media platforms, and behavior resulting from media usage are discussed.

## **COM 474 - Media Analytics**

Credits, 3 sem. hrs. Prerequisite(s): COM 443 and COM 102 for Communication Majors

This course is designed to introduce students to basic and fundamental areas of media analytics with a focus on social media and web data. Students will learn how to collect, process and analyze data to draw insights about an organization and its publics, provide actionable, data-driven Requests and inform business strategy. Students will complete a Google Analytics 4 certification.

## **COM 480 - Communication Internship**

Credits, 3 sem. hrs. Prerequisite(s): Junior or senior standing.

This course is an integral part of communication curriculum. It requires students to work for 160 hours in an approved workplace setting in order to gain experience beyond that which could be learned in the classroom environment. Each student, under direct supervision of an onsite director, will learn the inner workings of the organization. In addition, a significant research project must be submitted as a part of the course requirements.

## **COM 481 - Communication Internship II**

Credits, 3 sem. hrs Prerequisite(s): COM 480; Junior or Senior Standing

This course is an integral part of communication curriculum. It requires students to work for 160 hours in an approved workplace setting in order to gain experience beyond that which could be earned in the classroom environment. Each

student, under direct supervision of an on site director, will earn the inner workings of the organization. In addition, a significant research project must be submitted as a part of the course requirements.

### **COM 491 - Field Studies**

**Credits, 1 sem. hrs. Prerequisite(s): Junior or senior standing**

These courses are taught in response to a specific need and request. They may involve non-traditional teaching techniques and usually combine formal education with practical experience in a career field. (A similar program is available at the graduate level.) These courses may be repeated as necessary for up to six hours of credit.

### **COM 492 - Field Studies**

**Credits, 2 sem. hrs. Prerequisite(s): Junior or senior standing**

These courses are taught in response to a specific need and request. They may involve non-traditional teaching techniques and usually combine formal education with practical experience in a career field. (A similar program is available at the graduate level.) These courses may be repeated as necessary for up to six hours of credit.

### **COM 493 - Field Studies**

**Credits, 3 sem. hrs. Prerequisite(s): Junior or senior standing**

These courses are taught in response to a specific need and request. They may involve non-traditional teaching techniques and usually combine formal education with practical experience in a career field. (A similar program is available at the graduate level.) These courses may be repeated as necessary for up to six hours of credit.

### **COM 499 - Senior Portfolio**

**Credits, 1 sem. hrs. Prerequisite(s): Senior standing**

This course prepares students to present a portfolio of work to department faculty and outside professionals. Students must take the course during the final term of their senior year prior to graduation. A grade of C or better is required to pass the course.

## **Journalism Courses**

### **JOU 101 - Journalism Laboratory I**

**Credits, 1 sem. hrs.**

This course provides students with supervised experience in reporting for campus media organizations.

### **JOU 201 - Journalism Laboratory II**

**Credits, 1 sem. hrs.**

This course provides students with supervised experience in reporting for campus media organizations

### **JOU 301 - Journalism Laboratory III**

**Credits, 1 sem. hrs.**

This course provides students with supervised experience in reporting for campus media organizations

## **JOU 333 – Media Writing**

Credits, 3 sem. hrs.

This course provides students with the skills needed to write for the media in various styles as required of journalism and public relations professionals.

## **JOU 334 - Multimedia Journalism**

Credits, 3 sem. hrs. Prerequisite(s): JOU 333

This course introduces students to the principles of journalistic writing, photography, and videography with an emphasis on digital distribution on various web and social media platforms.

## **JOU 454 - Public Relations Writing**

Credits, 3 sem. hrs. Prerequisite(s): JOU 333

This course provides students with the media writing skills needed for practice by the public relations professional.

## **JOU 455 - Sports Journalism**

Credits, 3 sem. hrs

This course provides students with journalistic skills needed for coverage of sporting events and sports-related stories.

# **Theatre Courses**

## **THE 125 - Introduction to Theatre**

Credits, 3 sem. hrs. This course is a basic introduction to the understanding and appreciation of the theatre. It satisfies the core curriculum fine arts requirement.

## **THE 355 - Theatre Production**

Credits, 1 sem. hr.

This course provides credit for participation in department-sponsored theater productions. This course may be repeated as needed.

## **THE 356 - Theatre Production**

Credits, 1 sem. hr.

This course provides credit for participation in department-sponsored theater productions. This course may be repeated as needed.

# Music Department

## *Faculty*

### **Benjamin Williams, Chair**

Professor (2010)

601.925.7739

benwilliams@mc.edu

## *Support Staff*

### **Dottie Serio**

Administrative Assistant (2010)

601.925.3440

serio@mc.edu

## *Program Goals*

The mission of the Department of Music is to provide the opportunity for students to gain the knowledge, understanding, skills and appreciation of music necessary to function at professional levels in their chosen areas. Individual degree programs are specifically designed to provide a foundation for development in those areas and to prepare students for meaningful careers in service to others. Faculty reflect Christian values, commitment to service, and personal concern for students in both classroom and studio, modeling for them the integration of faith and learning in scholarship and performance. The department offers cultural enrichment opportunities to the college community and the public in the form of applied lessons, concerts, recitals, and workshops.

Mississippi College is an institutional member of the National Association of Schools of Music (NASM). The requirements of the department are in accordance with the published standards of that organization.

## *Admissions, Curricula, and Degrees*

An audition before members of the music faculty is required of all students who declare music as a major.

The student majoring in music may choose the Bachelor of Arts (B.A.), the Bachelor of Music (B.M.), or the Bachelor of Music Education (B.M.Ed.) degree. The Bachelor of Arts degree with a major in music, or Worship Leadership, is a broad program with approximately one-third of the curriculum in music. The Bachelor of Music degree is designed for the student who is interested in music as a profession. The Bachelor of Music Education degree, which is designed to meet the standard educator licensure requirements for teachers of music, is for the student who plans to teach in schools. (Educator licensure requirements will be found in this catalog under School of Education.) The Master of Music (M.M.) is also offered at Mississippi College.

## *Note Regarding Music Studio Classes*

In Music studio classes, one semester hour of credit equals thirty minutes of private instruction per week for 14 weeks. In production classes, one semester hour may constitute up to 6 hours per week for 14 weeks. In ensembles, one

semester hour equals 2-5 hours per week of rehearsal. Classes that do not carry credit include proficiencies, recital attendance, and ensembles

## ***Ensembles***

In accordance with standards of NASM, students majoring in music are required to register for a music ensemble EACH semester. The ensemble should correspond to the student's performance area; therefore, instrumental majors will choose Band as their ensemble, voice majors will choose Choctaw Chorus or audition for Singers as their ensemble, and keyboard majors may choose from these ensembles. Students pursuing a Bachelor of Arts in Worship Leadership or a Music Minor may choose to audition for the Worship Ensemble to fulfill part of their ensemble requirement. Choctaw Chorus and MC Singers are other options for these students.

## ***Professional Music Organizations***

### ***National Association for Music Education (NAfME)***

The student chapter of NAfME was established on the campus of Mississippi College in September of 1959. Membership is open to all students planning to teach music in the public schools. The aim of the organization is to afford students an opportunity for professional orientation and development in the field of public school music while still in school.

### ***American Choral Directors Association (ACDA)***

The purposes of this organization shall be those as set forth in the National Constitution of the American Choral Directors Association and shall primarily consist of the fostering and promotion of choral singing that will provide artistic and spirited experiences for the participants.

The membership of this organization shall include students at Mississippi College who, because of their serious interest in the improvement of choral music and the profession of the choral director, have chosen to become members of the student chapter of the American Choral Directors Association.

## ***Recitals***

Realizing the importance of public performance for the applied music student, the Music Department sponsors Performance Laboratories, Degree Recitals, and Faculty/ Guest Recitals.

## ***Degree Recitals for Majors***

These recitals are designed to meet the requirements of the various music curricula and are presented in partial fulfillment of degree requirements.

All applicants for the degree of Bachelor of Music in performance (with the emphasis in organ, piano, or voice) will be required to give recitals as follows: junior recital duration, 30 minutes; senior recital duration, one hour.

Composition majors will give a one-hour senior recital.

The applicant for the Bachelor of Music Education degree in music will be required to give a 30-minute recital in the senior year. This recital may be shared with another student.

Applicants for the Bachelor of Arts degree may present a 30-minute recital in the senior year, although it is not a requirement for degree completion.

## ***Faculty/Guest Recital***

Each semester several evening recitals will be presented by faculty performers or guest artists.

## ***Music Handbook***

The Department of Music publishes annually a Handbook which clarifies procedures and policies not contained in the Undergraduate Catalog. Handbooks are available on the music Web site (<https://music.mc.edu/>) and policies are discussed at the first MUS 055 class meeting of each fall semester. Students should understand that it is their obligation to abide by procedures as outlined in both the Undergraduate Catalog and the Music Department Handbook.

### ***Advanced Standing***

All students majoring in BM or BMEd degrees will be assessed through an Advanced Standing Jury, either at the end of the sophomore year or in the first year after transferring with two years of applied study at another institution. The jury will consist of appropriate faculty in the student's applied area. Successful completion of the jury will allow the student to progress into 300-level (BMEd) or 400-level (BM) applied lessons.

Failure to complete a successful advanced standing jury appropriate to the student's chosen major will necessitate a change of major. Students are permitted only one chance to retake the advanced standing jury after a failed first attempt.

### ***Fees***

All applied lessons - voice, piano, instrumental, composition - have a fee\* attached. (See Financial Information for current fee schedule)

\* (Whether the student earns one or more credit hours, the fee is the same. This fee is in addition to hourly tuition for the course.)

### ***Bachelor of Music Education (B.M.Ed.)***

The curricula in Music Education are planned to give thorough and practical training in the fields recommended by the Mississippi Department of Education. These plans meet the requirements for licensure of elementary and secondary teachers in the State of Mississippi.

### ***Honors Courses***

By invitation of the Honors Council; see *Junior and Senior Departmental Honors Program* section of *Undergraduate Catalog*.

### ***Graduate Study***

The Music Department offers the following programs:

Master of Music in Music Education

Master of Music in Voice Performance and Pedagogy

Master of Music in Performance: Conducting, Organ, Piano

Master of Music in Piano Pedagogy

## **Bachelor of Arts**

### ***Music, B.A.***

## UNIVERSITY CORE

### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam

ENG 101 - English Composition

ENG 102 - English Composition

OR

ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces

ENG 212 - Survey of British Literature

ENG 213 - Survey of American Literature

### University Core - History (6 hours)

HIS 103 - World Civilization I

HIS 104 - World Civilization II

OR

HIS 211 - History of the United States

HIS 212 - History of the United States

### University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**

BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**

BIB 121 - An Intensive Analysis of the New Testament

### University Core - Social Sciences (3 hours)

Any PHI (Philosophy) course

ECO 231 - Principles of Macroeconomics

GBU 151 - Business Skills for Life

MLG 205 - Cross-Cultural Understanding

PLS 201 - American National Government

PSY 201 - Introduction to Psychology (General Psychology)

SOC 205 - Sociology: An Introduction in Global Context

### University Core for BA and English Majors - Modern Languages (6-12 hours)

Twelve hours are usually required. Students must complete the intermediate or sophomore-level courses in their chosen language. Students with one high school unit may enter course 102 of the same language and thereby waive 3 hours of this requirement; those with two high school units may enter course 201, waiving 6 hours.

### University Core - Science (4 hours)

Four hours of science are required, including one lecture with a corresponding lab. Students are encouraged to choose from one of the following lab courses:

- BIO 103 - Human Biology AND
- BIO 104 - Human Biology Laboratory
- OR
- BIO 105 - Plants and People AND
- BIO 106 - Plants and People Laboratory
- OR
- BIO 111 - Biology I AND
- BIO 110 - Biology I Laboratory
- OR
- CHE 112 - Chemistry in American Life II
- OR
- CHE 141 - General Chemistry I
- OR
- PHY 151 - General Physics I
- OR
- PHY 251 - Fundamentals of Physics I

### University Core - Mathematics (3 hours)

Any MAT course numbered 105 or higher, determined in consultation with the advisor.

### University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

- KIN 123 - Fitness For Life
- OR
- Any combination of:
- KIN 124- Nutrition for Well-Being (1 hour)
- PED activity courses (1 hour).

### University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS

### Applied Music (13 Hours)

- Major Applied **Credits, 8 sem. hrs.**
- Music Ensemble **Credits, 4 sem. hrs.** (required each semester)

MUS 055 - Performance Lab (0 hrs.) (4 semesters)

MUS 087 - Senior Music Project (1 hr.)

## Music Theory and History (29 Hours)

MUS 101 - Theory I (2 hrs.)

MUS 102 - Theory II (2 hrs.)

MUS 103 - Introduction to Musicology (2 hrs.)

MUS 105 - Aural Skills I (2 hrs.)

MUS 106 - Aural Skills II (2 hrs.)

MUS 126 - Piano Fundamentals I (1 hr.)

MUS 127 - Piano Fundamentals II (1 hr.)

MUS 201 - Theory III (2 hrs.)

MUS 202 - Theory IV: Form and Analysis (2 hrs.)

MUS 205 - Aural Skills III (2 hrs.)

MUS 206 - Aural Skills IV (2 hrs.)

MUS 209 - Intro to Music Technology (3 hrs.)

MUS 226 - Piano Fundamentals III (1 hr.)

MUS 227 - Piano Fundamentals IV (1 hr.)

MUS 257 - Music History I (2 hrs.)

MUS 258 - Music History II (2 hrs.)

## Music Electives (12 Hours)

12 hours in MUS courses selected in consultation with the student's advisor.

## Minor Requirements (18 HOURS)

A typical minor consists of 18 semester hours; however, some department minors may vary in terms of required semester hours.

The minor should be selected in consultation with the student's advisor.

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

**TOTAL: 130 SEM. HOURS**

## ***Worship Leadership, B.A.***

### UNIVERSITY CORE

#### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam

ENG 101 - English Composition

ENG 102 - English Composition

OR

ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces

ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

## University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR  
HIS 211 - History of the United States  
HIS 212 - History of the United States

## University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

### **AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

## University Core - Social Sciences (3 hours)

Any PHI (Philosophy) course  
ECO 231 - Principles of Macroeconomics  
GBU 151 - Business Skills for Life  
MLG 205 - Cross-Cultural Understanding  
PLS 201 - American National Government  
PSY 201 - Introduction to Psychology (General Psychology)  
SOC 205 - Sociology: An Introduction in Global Context

## University Core for BA and English Majors - Modern Languages (6-12 hours)

Twelve hours are usually required. Students must complete the intermediate or sophomore-level courses in their chosen language. Students with one high school unit may enter course 102 of the same language and thereby waive 3 hours of this requirement; those with two high school units may enter course 201, waiving 6 hours.

## University Core - Science (4 hours)

Four hours of science are required, including one lecture with a corresponding lab. Students are encouraged to choose from one of the following lab courses:

BIO 103 - Human Biology **AND**  
BIO 104 - Human Biology Laboratory  
OR  
BIO 105 - Plants and People **AND**  
BIO 106 - Plants and People Laboratory  
OR  
BIO 111 - Biology I **AND**  
BIO 110 - Biology I Laboratory  
OR  
CHE 112 - Chemistry in American Life II

OR  
CHE 141 - General Chemistry I  
OR  
PHY 151 - General Physics I  
OR  
PHY 251 - Fundamentals of Physics I

## University Core - Mathematics (3 hours)

Any MAT course numbered 105 or higher, determined in consultation with the advisor.

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
OR  
Any combination of :  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS

### Applied Music (19 Hours)

Voice **Credits, 8 sem hrs.**  
MUS 140 - Guitar Class (2 hrs.)  
MUS 126 - Piano Fundamentals I (1 hr.)  
MUS 127 - Piano Fundamentals II (1 hr.)  
MUS 226 - Piano Fundamentals III (1 hr.)  
MUS 227 - Piano Fundamentals IV (1 hr.)  
Music Ensemble **Credits, 4 sem. hrs.** (required each semester)  
MUS 055 - Performance Lab (0 hrs.) (4 semesters)  
MUS 087 - Senior Music Project (1 hr.)

### Music Coursework (32 Hours)

MUS 101 - Theory I (2 hrs.)  
MUS 102 - Theory II (2 hrs.)  
MUS 103 - Introduction to Musicology (2 hrs.)  
MUS 105 - Aural Skills I (2 hrs.)

MUS 106 - Aural Skills II (2 hrs.)  
MUS 201 - Theory III (2 hrs.)  
MUS 202 - Theory IV: Form and Analysis (2 hrs.)  
MUS 205 - Aural Skills III (2 hrs.)  
MUS 206 - Aural Skills IV (2 hrs.)  
MUS 209 - Intro to Music Technology (3 hrs.)  
MUS 305 - Introduction to Conducting (2 hrs.)  
MUS 344 - Seminar in Worship Leading I (3 hrs.)  
MUS 345 - Seminar in Worship Leading II (3 hrs.)  
MUS 309 – Advanced Music Technology (3 hrs.)

## Worship Studies (Minor Area - 18 Hours)

BIB 220 - Interpreting the Bible  
MIN 201 - Foundations for Christian Ministry  
MIN 404 - The Development of Christian Worship

Choose one from the following list:

COM 202 - Interpersonal Communication  
COM 203 - Professional Communication Skills  
COM 304 - Public Speaking

Choose one from the following list:

MIN 300 - Essentials for Ministry  
MSS 302 - Evangelism and Cross-Cultural Witness  
MIN 315 - Ministry to Youth  
MIN 316 - Church Administration  
MIN 403 - Church Leadership

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

TOTAL: 130 sem. hrs.

## Bachelor of Music

### *Composition, B.M.*

#### UNIVERSITY CORE

#### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition

OR

Total: 130 HOURS

## Minors

### Music Minor

#### I. Applied Music (4 sem. hrs) \*

\* Education majors who select music as a minor will substitute MUS 225 (Music for Children) for two hours of applied music.

#### II. Ensemble (4 sem. hrs)

MUS 194 - Choctaw Chorus (1 hr.)  
MUS 197 - Singers (1 hr.)  
MUS 144 - Worship Ensemble (1 hr.) (Up to 2 sem. hrs.)  
MUS 195 - Symphonic Winds (1 hr.)

#### III. Recital Attendance (0 sem. hrs.)

The student must register for and complete requirements for MUS 055 (Performance Lab) a total of two semesters.

#### IV. Music Theory and Appreciation (10 sem. hrs.)

MUS 101 - Theory I (2 hrs.)  
MUS 102 - Theory II (2 hrs.)  
MUS 105 - Aural Skills I (2 hrs.)  
MUS 106 - Aural Skills II (2 hrs.)

Choose one from the following list:

MUS 126 - Piano Fundamentals I (1 hr.)  
AND  
MUS 127 - Piano Fundamentals II (1 hr.)  
OR  
MUS 103 - Introduction to Musicology (2 hrs.)

Total: 18 Hours

## Music Courses

### Music Course Descriptions

#### Applied Music

Daily practice requirements are based upon the amount of credit to be earned. Repertoire requirements are also graduated according to the number of hours being earned each semester. Specific requirements regarding the repertoire can be obtained from your professor. Credit is given according to the following tables:

2 semester hours per semester	10 hours per week
1 semester hour per semester	8 hours per week

### Applied Music Requirements

Students desiring to enroll for applied music, either as an elective or as an assisting course for a music degree, will be assigned a course number and an instructor by the Chair of the Music Department.

The final exam for each applied music course is a jury examination. In the event of illness, an incomplete grade may be given by the instructor who will set a date for a make-up jury in the following regular semester.

<u>Freshman and Sophomore</u>	<u>Junior and Senior</u>	<u>Applied Performance Majors</u>
<u>Composition</u>		
<u>1 or 2 hours per semester, instructor's consent</u>		
107-108	307-308	407-408
<u>Organ</u>		
<u>1 or 2 hours per semester, instructor's consent</u>		
111-112	311-312	411-412
<u>Piano</u>		
<u>1 or 2 hours per semester, instructor's consent</u>		
121-122	321-322	421-422
<u>Voice</u>		
<u>1 or 2 hours per semester, instructor's consent</u>		
131-132	331-332	431-432
<u>Strings and Guitar</u>		
<u>1 or 2 hours per semester, instructor's consent</u>		
141-142	341-342	441-442
<u>Woodwinds</u>		
<u>1 or 2 hours per semester, instructor's consent</u>		
171-172	371-372	471-472
<u>Brass</u>		
<u>1 or 2 hours per semester, instructor's consent</u>		
181-182	381-382	481-482
<u>Percussion</u>		
<u>1 or 2 hours per semester, instructor's consent</u>		
191-192	391-392	401-402
<u>Conducting</u>		
<u>1 or 2 hours per semester, instructor's consent</u>		
351-352		

Each semester hour of credit in applied music represents one-half hour of private study per week.

### **MUS 044 - Worship Ensemble (0 hrs.)**

Credits, 0 sem. hrs. Prerequisite(s): Audition.

The Worship Ensemble will serve as the primary ensemble credit for students in the Bachelor of Arts in Worship Leadership degree. It is comprised of vocalists and instrumentalists who will perform together and develop skills needed to participate and lead in group settings in contemporary church music.

### **MUS 054 - Vocal Jazz Ensemble (0 hrs.)**

**Credits, 0 sem. hrs.**

The Vocal Jazz Ensemble prepares music from the standard jazz and contemporary pop repertoire, accompanied and unaccompanied. They perform on and off campus. Their primary responsibility is to recruit for the department and the university. Participation in this ensemble will not satisfy the ensemble requirements of music majors and minors.

### **MUS 055 - Performance Lab (0 hrs.)**

**Credits, 0 sem. hrs.**

Attendance at a variety of live musical performances.

### **MUS 056 - Jazz Ensemble (0 hrs.)**

**Credits, 0 sem. hrs.**

The Jazz Ensemble is a performance class designed to give students the opportunity to prepare and publicly perform a wide variety of music from the jazz idiom. Various techniques in jazz style and improvisation will be introduced, developed, and practiced throughout the year. Rehearsals 3 hours per week. Participation in this ensemble will not satisfy the ensemble requirements of music majors and minors

### **MUS 073 - Marching Band (0 hrs.)**

**Credits, 0 Sem. Hrs. Prerequisite(s):** Audition required.

The Choctaw Marching Band concentrates on developing musically interesting and enjoyable presentations at all Mississippi College home football games as well as select campus events. (Fall only)

This course will meet one of the PE requirements, but a special adjustment must be made on the degree audit. The student's advisor should contact the Registrar's office.

**Fall Only**

### **MUS 074 – Mississippi College Athletic Band (0 hrs.)**

**Credits, 0 Sem. Hrs. Prerequisite(s):** Audition required.

During the Spring Semester, the Choctaw Athletic Band concentrates on developing musically interesting and enjoyable presentations for performance at select Mississippi College sporting events.

### **MUS 087 - Senior Music Project (1 hr.)**

**Credits, 1 sem. hr. Prerequisite(s):** Senior standing

The senior Project is a summative presentation of the student's interests which shows mastery of academic study and musical performance or creativity.

### **MUS 094 - Choctaw Chorus (0 hrs.)**

**Credits, 0 sem. hrs.** The Choctaw Chorus is a mixed-voice ensemble of Mississippi College, performing primarily in on-campus venues, and off-campus locally as opportunities present. The Chorus performs sacred and secular literature from all major musical periods. No audition is required.

### **MUS 095 - Symphonic Winds**

**Credits, 0 sem. hrs. Prerequisite(s): Previous experience on a wind or percussion instrument**

The Symphonic Winds is a full concert band that performs high quality wind band music. Responsibilities include 4 1/2 hours of rehearsal per week in the spring semester (3 in the fall semester), major performances on campus (1 in the fall, 2 in the spring), a brief tour each semester and other various performances.

### **MUS 096 - Music Theater and Opera Workshop (0 hrs.)**

**Credits, 0 sem. hrs.**

This course is designed to provide students an opportunity to perform in a mainstage musical theater or opera production. Students must audition to enroll in this course. The course will assist students in developing performance skills in the operatic and musical theater repertoire, and will enhance students' approach to preparing dramatic musical material including acting and movement principles.

### **MUS 097 - Singers (0 hrs.)**

**Credits, 0 sem. hrs. Prerequisite(s): Audition**

The Singers are selected by audition and perform a broad spectrum of the choral repertoire. Responsibilities of this 35-40 voice choir include 4½ hours of rehearsal per week, brief tours, and performances for schools, churches, and organizations. Membership is highly selective and carries a scholarship responsibility.

### **MUS 099 - Senior Recital (0 hrs.)**

**Credits, 0 sem. hrs.**

A presentation of at least 25 minutes of music appropriate for the applied area.

### **MUS 101 - Theory I (2 hrs.)**

**Credits, 2 sem. hrs.**

An introduction to rhythm, melody and harmony in music. Skills in reading, analyzing and writing music are developed.

### **MUS 102 - Theory II (2 hrs.)**

**Credits, 2 sem. hrs. Prerequisite(s): MUS 101.**

A continuation of the study of rhythm, melody and harmony in music. Skills in reading, analyzing and writing music are further developed.

### **MUS 103 - Introduction to Musicology (2 hrs.)**

**Credits, 2 sem. hrs.**

An introduction to the study of diverse musical styles and practices from a historical and cultural viewpoint, including a survey of Western art music history. Critical and analytical skills are developed alongside discipline-specific research and writing methods.

### **MUS 105 - Aural Skills I (2 hrs.)**

Credits, 2 sem. hrs.

An introduction to ear training for rhythms, melodies and harmonies. Skills in sight-singing and dictation are developed.

### **MUS 106 - Aural Skills II (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): MUS 105.

A continuation of ear training for rhythms, melodies and harmonies. Further skills in sight-singing and dictation are developed.

### **MUS 107 - Applied Composition (1 hr.)**

Credits, 1 sem. hr.

### **MUS 108 - Applied Composition (2 hrs.)**

Credits, 2 sem. hrs.

### **MUS 109 - Popular Music and Society (3 hrs.)**

Credits, 3 sem. hrs.

A study of contemporary popular music from its origins to the present. The course will trace the influence culture has had on popular music and the influence of music on society.

### **MUS 111 - Applied Organ (1 hr.)**

Credits, 1 sem. hr.

### **MUS 112 - Applied Organ (2 hrs.)**

Credits, 2 sem. hrs.

### **MUS 121 - Applied Piano (1 hr.)**

Credits, 1 sem. hr.

### **MUS 122 - Applied Piano (2 hrs.)**

Credits, 2 sem. hrs.

### **MUS 125 - Music Appreciation**

Credits, 3 sem. hrs.

A general survey of music in society. This course examines elements of music in a variety of styles. This class satisfies the core curriculum fine arts requirement.

### **MUS 126 - Piano Fundamentals I (1 hr.)**

Credits, 1 sem. hrs. Prerequisite(s): Music majors by Instructor's or Advisor's consent.

The practical application of rhythm, melody and harmony through the development of basic keyboard skills.

### **MUS 127 - Piano Fundamentals II (1 hr.)**

Credits, 1 sem. hrs. Prerequisite(s): Music majors by Instructor's or Advisor's consent.

The continued practical application of rhythm, melody and harmony through the development of basic keyboard skills.

### **MUS 130 - Voice Class for Non-Music Majors (2 hrs.)**

Credits, 2 sem. hrs.

Basic voice instruction for non-music majors. Skills in basic music reading, technique and diction are developed.

### **MUS 131 - Applied Voice (1 hr.)**

Credits, 1 sem. hrs.

### **MUS 132 - Applied Voice (2 hrs.)**

Credits, 2 sem. hrs.

### **MUS 139 - Piano Class for Non-Music Majors (1 hr.)**

Credits, 1 sem. hrs.

Basic piano instruction for non-music majors. Skills in basic music reading, technique and improvisation are developed.

### **MUS 140 - Guitar Class (2 hrs.)**

Credits, 2 sem. hrs.

Basic guitar instruction. Skills in basic music reading, technique and improvisation are developed.

### **MUS 141 - Applied Strings (1 hr.)**

Credits, 1 sem. hr.

### **MUS 142 - Applied Strings (2 hrs.)**

Credits, 2 sem. hrs.

### **MUS 144 - Worship Ensemble (1 hr.)**

Credits, 1 sem. hr. Prerequisite(s): Audition.

The Worship Ensemble will serve as the primary ensemble credit for students in the Bachelor of Arts in Worship Leadership degree. It is comprised of vocalists and instrumentalists who will perform together and develop skills needed to participate and lead in group settings in contemporary church music.

### **MUS 154 - Vocal Jazz Ensemble (1 hr.)**

Credits, 1 sem. hr. The Vocal Jazz Ensemble prepares music from the standard jazz and contemporary pop repertoire, accompanied and unaccompanied. They perform on and off campus. Their primary responsibility is to recruit for the

department and the university. Participation in this ensemble will not satisfy the ensemble requirements of music majors and minors.

### **MUS 156 - Jazz Ensemble (1 hr.)**

Credits, 1 sem. hr. The Jazz Ensemble is a performance class designed to give students the opportunity to prepare and publicly perform a wide variety of music from the jazz idiom. Various techniques in jazz style and improvisation will be introduced, developed, and practiced throughout the year. Rehearsals 3 hours per week. Participation in this ensemble will not satisfy the ensemble requirements of music majors and minors.

### **MUS 161 - Vocal Diction I (2 hrs.)**

Credits, 2 sem. hrs. Utilizing International Phonetic Alphabet, English, Italian and Latin dictions will be studied. Applications to the standard repertoire in each of these languages will be made.

### **MUS 162 - Vocal Diction II (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): MUS 161.

Utilizing International Phonetic Alphabet, German and French dictions will be studied. Applications to the standard repertoire in each of these languages will be made.

### **MUS 164 - Ballet I (2 hrs.)**

Credits, 2 sem. hrs. This course is designed to develop an understanding of ballet terms, positions, and techniques.

### **MUS 165 - Ballet II (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): Instructor's consent.

This course is designed to develop an understanding of ballet terms, positions, and techniques.

### **MUS 166 - Jazz/Tap I (2 hrs.)**

Credits, 2 sem. hrs. This course is designed to develop an understanding of jazz/tap terms, positions, and techniques.

### **MUS 167 - Jazz/Tap II (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): Instructor's consent.

This course is designed to develop an understanding of jazz/tap terms, style, and techniques.

### **MUS 171 - Applied Woodwinds (1 hr.)**

Credits, 1 sem. hr.

### **MUS 172 - Applied Woodwinds (2 hrs.)**

Credits, 2 sem. hrs.

### **MUS 173 - Marching Band (1 hr.)**

**Credits, 1 sem. hr. Prerequisite(s):** Audition Required

The Choctaw Marching Band concentrates on developing musically interesting and enjoyable presentations at all Mississippi College home football games as well as select campus events. (Fall only)  
Students may receive 1 credit of PE for this course.

**Fall Only**

### **MUS 174 – Mississippi College Athletic Band (1 hr.)**

**Credits, 1 Sem. hr. Prerequisite(s):** Audition required.

During the Spring Semester, the Choctaw Athletic Band concentrates on developing musically interesting and enjoyable presentations for performance at select Mississippi College sporting events.

### **MUS 181 - Applied Brass (1 hr.)**

**Credits, 1 sem. hr.**

### **MUS 182 - Applied Brass (2 hrs.)**

**Credits, 2 sem. hrs.**

### **MUS 191 - Applied Percussion (1 hr.)**

**Credits, 1 sem. hr.**

### **MUS 192 - Applied Percussion (2 hrs.)**

**Credits, 2 sem. hrs.**

### **MUS 194 - Choctaw Chorus (1 hr.)**

**Credits, 1 sem. hr.** The Choctaw Chorus is a mixed-voice ensemble of Mississippi College, performing primarily in on-campus venues, and off-campus locally as opportunities present. The Chorus performs sacred and secular literature from all major musical periods. No audition is required.

### **MUS 195 - Symphonic Winds (1 hr.)**

**Credits, 1 sem. hr. Prerequisite(s):** *Previous experience on a wind or percussion instrument*

The Symphonic Winds is a full concert band that performs high quality wind band music. Responsibilities include 4 1/2 hours of rehearsal per week in the spring semester (3 in the fall semester), major performances on campus (1 in the fall, 2 in the spring), a brief tour each semester, and other various performances.

### **MUS 196 - Musical Theater and Opera Workshop (1 hr.)**

**Credits, 1 sem. hr.**

This course is designed to provide students an opportunity to perform in a mainstage musical theater or opera production. Students must audition to enroll in this course. The course will assist students in developing performance

skills in the operatic and musical theater repertoire, and will enhance students' approach to preparing dramatic musical material including acting and movement principles.

### **MUS 197 - Singers (1 hr.)**

Credits, 1 sem. hr. Prerequisite(s): Audition.

The Singers are selected by audition and perform a broad spectrum of the choral repertoire. Responsibilities of this 35-40 voice choir include 4 ½ hours of rehearsal per week, brief tours, and performances for schools, churches, and organizations. Membership is highly selective and carries a scholarship responsibility.

### **MUS 198 - Wind Ensemble (1 hr.)**

Credits, 1 sem. hrs. Prerequisite(s): Instructor's consent.

Performance of all types of chamber music for wind instruments in combination with piano and other instruments.

### **MUS 201 - Theory III (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): MUS 102.

Application of the study of rhythm, melody and harmony in music. Skills in reading, analyzing and writing music are further developed.

### **MUS 202 - Theory IV: Form and Analysis (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): MUS 201.

A survey of musical forms. Skills in reading and analysis are developed through score study in a variety of styles.

### **MUS 204 - Introduction to Music Education (1 hr.)**

Credits, 1 sem. hr. Corequisite(s): To be taken with EDU 299 & EDU 300.

This course will introduce music education majors to the underlying principles, philosophies, and practices in music education. It will also include information on teaching licensure and certification, and portfolio development.

### **MUS 205 - Aural Skills III (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): MUS 106.

Practical application of ear training for rhythms, melodies and harmonies. Skills in sight-singing and dictation are further developed.

### **MUS 206 - Aural Skills IV (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): MUS 205.

Ear training for larger forms and contemporary styles of music. Practical skills in sight-singing and dictation are developed.

### **MUS 209 - Intro to Music Technology (3 hrs.)**

Credits, 3 sem. hrs.

An introduction to various aspects of music technology including music engraving, sequencing, sound design, and digital recording and editing.

### **MUS 225 - Music for Children (3 hrs.)**

Credits, 3 sem. hrs. Corequisite/Prerequisite Prerequisite or corequisite: EDU 300.

This course is designed for the elementary classroom teacher and deals with the methods and procedures of presenting materials used in the first six grades.

### **MUS 226 - Piano Fundamentals III (1 hr.)**

Credits, 1 sem. hr. Prerequisite(s): Music majors by Instructor's or Advisor's consent.

Application of rhythm, melody and harmony through the continued development of keyboard skills in music reading.

### **MUS 227 - Piano Fundamentals IV (1 hr.)**

Credits, 1 sem. hr. Prerequisite(s): Music majors by Instructor's or Advisor's consent.

Continued application of rhythm, melody and harmony through the continued development of keyboard skills in music reading.

### **MUS 257 - Music History I (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): MUS 103

A survey of the development of Western art music of the Common Practice Period beginning with the music of the early baroque period and continuing through the music of Beethoven.

### **MUS 258 - Music History II (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): MUS 103

A survey of the development of Western art music beginning with the music of Beethoven and continuing through the end of the Common Practice Period.

### **MUS 273 - Woodwind Instruments Class (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): MUS 102, MUS 106.

Practical elementary class instruction is given to students on the instruments of the woodwind family with considerable attention devoted to correct tone production, technique, and care of woodwind instruments. Critical examination of materials appropriate for use in public schools is included.

### **MUS 283 - Brass Instruments Class (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): MUS 102, MUS 106.

Practical elementary class instruction is given to students on the instruments of the brass family with considerable attention devoted to correct tone production technique and care of brass instruments. Critical examination of materials appropriate for use in public schools is included.

### **MUS 305 - Introduction to Conducting (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): MUS 206.

The purpose of this course is for the attainment of an effective gestural language for any musical ensemble through demonstration, graded observation, and video recorded class performances. Specific areas, such as conducting patterns, expressiveness, cueing, transposition, and score study will be examined

**MUS 307 - Applied Composition (1 hr.)**

Credits, 1 sem. hr.

**MUS 308 - Applied Composition (2 hrs.)**

Credits, 2 sem. hrs.

**MUS 311 - Applied Organ (1 hr.)**

Credits, 1 sem. hr.

**MUS 312 - Applied Organ (2 hrs.)**

Credits, 2 sem. hrs.

**MUS 316 - Post-tonal Styles and Analysis(3 hrs.)**

Credits, 3 sem. hrs. Prerequisite(s): MUS 201

A cultural and analytical study of music written since 1900, with a focus on Western art music.

**MUS 317 - Counterpoint (3 hrs.)**

Credits, 3 sem. hrs. Prerequisite(s): MUS 202 and MUS 206.

The elements of 16th and 18th century contrapuntal techniques are studied by analysis, listening and written exercises culminating in compositions in the Baroque style typified by Bach.

**MUS 319 - Service Playing (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): four semester hours of organ.

A study of the practical problems of the church organist. Hymn playing, accompanying, transposition, sight reading, modulation and extemporization are taught.

**MUS 321 - Applied Piano (1 hr.)**

Credits, 1 sem. hr.

**MUS 322 - Applied Piano (2 hrs.)**

Credits, 2 sem. hrs.

**MUS 323 - Elementary Music Methods (3 hrs.)**

Credits, 3 sem. hrs. Prerequisite(s): MUS 202, MUS 206 and passage of PPST\*.

The aim of this course is to present a survey of material and methods in teaching music in the elementary grades for

prospective teachers of music in the public schools. \*PPST (Pre-Professional Skills Test) is offered through the Praxis Series of the Educational Testing Service, Princeton, NJ.

### **MUS 325 - Secondary Choral Methods (3 hrs.)**

Credits, 3 sem. hrs. Prerequisite(s): MUS 202, MUS 206 and passage of PPST\*.

A study of methods and materials used in teaching vocal music in the junior and senior high school with special emphasis on the care and training of the adolescent voice and appropriate literature for choral ensembles. This is a participatory class with focus on appropriate oral communication skills necessary for the choral director. \*PPST (Pre-Professional Skills Test) is offered through the Praxis Series of the Educational Testing Service, Princeton, NJ.

### **MUS 326 - Advanced Instrumental Conducting (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): MUS 305

This course is a continuation of MUS 305, emphasizing the understanding of relationships between musical elements and gestures, and taking a more in-depth investigation into score study and ensemble psychology.

### **MUS 327 - Instrumental Music Education in Junior & Senior High School (3 hrs.)**

Credits, 3 sem. hrs. Prerequisite(s): MUS 273, band, and passage of PPST\*.

This course establishes principals, techniques (methods), and materials necessary for running a successful junior and senior high school instrumental music program. \*PPST (Pre-Professional Skills Test) is offered through the Praxis Series of the Educational Testing Service, Princeton, NJ.

### **MUS 328 - Marching Band Techniques (2 hrs.)**

Credits, 2 sem. hrs Prerequisite(s): MUS 205

This course establishes principles, techniques, and materials necessary for running a successful contemporary Marching Band Program. Emphasis is placed on the teaching and designing of entertaining and educationally sound marching programs within the framework of music education.

### **MUS 329 - Accompanying**

Credits, 1 sem. hr. Development of functional piano skills for students demonstrating a high level of performance ability, with an emphasis on sight reading, score reading, and accompanying

### **MUS 331 - Applied Voice (1 hr.)**

Credits, 1 sem. hr.

### **MUS 332 - Applied Voice (2 hrs.)**

Credits, 2 sem. hrs.

### **MUS 338 - Advanced Choral Conducting (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): MUS 202, MUS 206, MUS 305

The purpose of this course is to refine and augment understanding of all areas of the conducting art by demonstration,

graded observation, and recorded class performances. Refinement of gesture, advanced choral methods, rehearsal techniques, and eurhythmic and kinesthetic movement will also be given strong emphasis.

### **MUS 339 - Collaborative Piano (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): Completed advanced standing, junior level.

Corequisite(s): Applied Piano

Applied Collaborative Piano is the foundational course for the Bachelor of Music Performance: Piano Collaborative Emphasis. All concepts needed to fully understand and perform in the collaborative setting will be explored and practiced. The course is intended to be taken for four consecutive semesters, allowing a logical progression of increasingly advanced skills and knowledge to be applied to literature from vocal, choral, and instrumental genres.

### **MUS 340 - Advanced Music Technology (3 hrs.)**

Credits, 3 sem. hrs. Prerequisite(s): MUS 209

This course will provide the student with hands-on learning of various aspects of music technology including live mixing, recording, editing, MIDI, sequencing and sound synthesis. These topics are an extension of those covered in MUS 209 - Intro to Music Technology (3 hrs.).

### **MUS 341 - Applied Strings (1 hr.)**

Credits, 1 sem. hr.

### **MUS 342 - Applied Strings (2 hrs.)**

Credits, 2 sem. hrs.

### **MUS 343 - String Instruments Class (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): **MUS 202, MUS 205.**

Practical elementary class instruction is given to students on the instruments of the string family with attention devoted to correct tone production, bowing technique and care of the instruments. Materials applicable for public school purposes are critically examined.

### **MUS 344 - Seminar in Worship Leading I (3 hrs.)**

Credits, 3 sem. hrs.

The first in a two-part sequence of courses designed to help students develop a foundational understanding of worship and worship ministry in the local church. Focus on foundational theological, ministerial, and musical knowledge and skills used by local church worship leaders.

### **MUS 345 - Seminar in Worship Leading II (3 hrs.)**

Credits, 3 sem. hrs. Prerequisite(s): MUS 344

The second in a two-part sequence of courses designed to help students develop a foundational understanding of worship and worship ministry in the local church. Focus on topics related to the practical work of the worship leader in the local church with a brief history of congregational singing and song in the Christian church.

### **MUS 351 - Applied Conducting (1 hr.)**

Credits, 1 sem. hr. Prerequisite(s): MUS 326 or MUS 338

**MUS 352 - Applied Conducting (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): MUS 326 or MUS 338

**MUS 371 - Applied Woodwinds (1 hr.)**

Credits, 1 sem. hr.

**MUS 372 - Applied Woodwinds (2 hrs.)**

Credits, 2 sem. hrs.

**MUS 375 - Congregational Song (3 hrs.)**

Credits, 3 sem. hrs. Prerequisite(s): *Junior or senior standing; declared church music major or instructor's consent.*

This course introduces the study of hymns and other congregational music from three perspectives: as they relate to literature, music, scripture, and theology; as they have evolved historically; and as they relate to the church's tasks of proclamation, worship, education, and ministry.

**MUS 381 - Applied Brass (1 hr.)**

Credits, 1 sem. hr.

**MUS 382 - Applied Brass (2 hrs.)**

Credits, 2 sem. hrs.

**MUS 387 - Internship (1-6 hrs.)**

Credits, 1-6 sem. hrs. Through the internship program the student is on the job temporarily in specific public or private professional areas and is under direct supervision of a faculty advisor. A letter grade is assigned for this work experience. Internships may be arranged for 1, 2, or 3 (very rarely for 6) hours of credit in the students academic major.

**MUS 391 - Applied Percussion (1 hr.)**

Credits, 1 sem. hr.

**MUS 392 - Applied Percussion (2 hrs.)**

Credits, 2 sem. hrs.

**MUS 393 - Percussion Instruments Class (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): *MUS 202, MUS 205.*

Practical class instruction is given to students on the various percussion instruments.

### **MUS 398 - Junior Recital (1 hr.)**

Credits, 1 sem. hr.

A presentation of at least 25 minutes of music appropriate for the applied area.

### **MUS 407 - Applied Composition (1 hr.)**

Credits, 1 sem. hr.

### **MUS 408 - Applied Composition (2 hrs.)**

Credits, 2 sem. hrs.

### **MUS 409 – Scoring and Arranging (3 hrs.)**

Credits, 3 sem. hrs. Prerequisite(s): MUS 202 and MUS 206.

Practical applications in scoring and arranging for various instruments and voices—including bands, choirs and orchestras—through study of the ranges, limitations and capabilities of each.

### **MUS 411 - Applied Organ (1 hr.)**

Credits, 1 sem. hr.

### **MUS 412 - Applied Organ (2 hrs.)**

Credits, 2 sem. hrs.

### **MUS 421 - Applied Performance Piano**

Credits, 1 sem. hr. Prerequisite(s): Approval Required by the Chair of the Music Department

### **MUS 422 - Applied Performance Piano**

Credits, 2-6 Sem. Hrs. Prerequisite(s): Approval required by the Chair of the Music Department.

### **MUS 425 - Piano Pedagogy (2 hrs.)**

Credits, 2 hrs. each sem. Prerequisite(s): Junior or senior standing.

Modern procedures and methods of teaching children and pupils of junior and senior high school levels in both private and class instruction. Problems involved in the teaching of adults are considered. The second semester will emphasize student teaching.

### **MUS 426 - Practicum in Piano Pedagogy (1 hr.)**

Credits, 1 sem. hr. Prerequisite(s): Junior or senior standing.

Modern procedures and methods of teaching children and pupils of junior and senior high school levels in both private and class instruction. Problems involved in the teaching of adults are considered. The second semester will emphasize student teaching.

### **MUS 427 - Organ Pedagogy (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): Junior or senior standing.

A study of the basic techniques and materials used in the teaching of organ.

### **MUS 431 - Applied Performance Voice (1 hr.)**

Credits, 1 sem. hr.

### **MUS 432 - Applied Performance Voice (2 hrs.)**

Credits, 2 sem. hrs.

### **MUS 433 - Vocal Pedagogy I (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): Junior or senior standing in voice.

This course covers the fundamentals, techniques, and methods of teaching voice in one-on-one and group settings. Topics include anatomy, physiology, function of voice, acoustics, developmental voice, and voice health. Course includes teaching observations.

### **MUS 434 - Vocal Pedagogy II (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): MUS 433

Supervised, practical voice teaching observations and experiences.

### **MUS 437 - Instrumental Literature (2 hrs.)**

Credits, 2 hrs. each sem. Prerequisite(s): Junior or senior standing.

This course focuses on the materials and literature used in the junior high, senior high, and college wind bands.

### **MUS 441 - Applied Performance Strings (1 hr.)**

Credits, 1 sem. hr.

### **MUS 442 - Applied Performance Strings (2 hrs.)**

Credits, 2 sem. hrs.

### **MUS 450 - Song Literature I (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): MUS 202, MUS 206, and MUS 258

A survey of solo repertoire from French and German composers, this course emphasizes style and interpretation. Instructor presents material through lecture, guided listening experiences, and score examination. Students intersperse representative literature through performance and oral reports.

### **MUS 451 - Song Literature II (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): MUS 202, MUS 206, and MUS 258

A survey of solo repertoire from American, British, Italian, Scandinavian, Spanish and Russian composers, this course emphasizes style and interpretation. Instructor presents material through lecture, guided listening experiences, and score examination. Students intersperse representative literature through performance and oral reports.

### **MUS 452 - Piano Literature (3 hrs.)**

Credits, 3 sem. hrs. Prerequisite(s): MUS 202, MUS 206, and MUS 258

Examination is made of the style and keyboard practice of major works for keyboard solo by composers from the time of J.S. Bach to the present day, including Mozart, Beethoven, Chopin, Liszt, Brahms, Schoenberg, Barber and Crumb.

### **MUS 453 - Organ Literature (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): MUS 202, MUS 206, and MUS 258

This course involves a survey of organ literature from its beginnings to the present, emphasizing the contributions of the prominent Baroque composers and their successors.

### **MUS 457 - Music Theatre History**

Credits, 2 sem. hrs. Prerequisite(s): Instructor's consent.

This course is designed to inform the Musical Theater student about the history and repertory of the modern American Musical, including the study of the composers, lyricists, directors, choreographers, and performing artists that have contributed to its development from Ancient Greek times to the present.

### **MUS 460 - Organ Construction and Design (2 hrs.)**

Credits, 2 sem. hrs. This course will provide the student in the organ performance field a sense of the history of the development of pipe organ construction and design through the last 700 years, thus giving them background for the understanding of the various facets of national styles and periods they will face in learning the literature of the organ. It will also prepare them to act as a consultant in designing specifications of new instruments for churches and educational institutions in the future job market.

### **MUS 468 - Opera History (1600-Present) (2 hrs.)**

Credits, 2 sem. hrs. Prerequisite(s): MUS 202, MUS 206, and MUS 258

A survey of opera from 1600 to the present, encompassing operatic history and literature.

### **MUS 483 - Orff-Schulwerk Music Education I (3 hrs.)**

Credits, 3 sem. hrs. The study of the Orff-Schulwerk philosophy and approach to music education, focusing on the process of exploration and experience utilizing the voice, the body and the Orff Instrumentarium.

### **MUS 486 - Introduction to Kodaly Music Education I (3 hrs.)**

Credits, 3 sem. hrs. An introduction to the Kodaly Music Education philosophy and methodology.

### **MUS 487 - Kodaly Music Education I (3 hrs.)**

Credits, 3 sem. hrs. The study of the Kodaly Music Education philosophy and methodology with emphasis on personal musicianship skills including singing, solfege study, Curwen hand signs, folk dance, and recorder.

### **MUS 488 - Kodaly Music Education II (3 hrs.)**

**Credits, 3 sem. hrs.** A detailed study of the basic tenets of the Kodaly Music Education methodology, emphasizing discovery learning, abstract before concrete, sound before sight, rhythmic reading, and lesson planning, focusing on preparation, presentation and reinforcement.

### **MUS 489 - Kodaly Music Education III (3 hrs.)**

**Credits, 3 sem. hrs.** Kodaly Music Education methodology developed through sequential lesson planning, folk song research and compilation, choral conducting and the children's choir, and ear training with complex solfege.

### **MUS 499 - Senior Recital**

**Credits, 1 sem. hr.**

A presentation of at least 50 minutes of music appropriate for the applied area

# School of Humanities and Social Sciences

## *Dean*

### **Jonathan Randle**

Professor (1999)

601.925.3269

randle@mc.edu

## *Support Staff*

### **Autumn Norman**

Administrative Assistant (2015)

601.925.3215

anorman1@mc.edu

## *Mission*

The School of Humanities and Social Sciences encourages students to appreciate the richness of human experience. Its curriculum seeks to integrate academic excellence with Christian commitment, providing a general education as well as in-depth knowledge in particular majors. The goal of the School's courses is to foster an understanding of human behavior, values, and achievements that will serve students throughout their lives. The insights and skills that come from these courses also prepare students for meaningful careers and for graduate school or professional studies.

## *Objectives*

In serving both the general and specific educational needs of Mississippi College students, the School of Humanities and Social Sciences is guided by four major objectives:

To provide a broad foundation of learning in the humanities and social sciences by promoting critical thinking, problem solving, written and oral communication, and research skills.

To provide in-depth knowledge of social and political behavior, historical events, linguistic forms, and literary achievement, so that students will better understand others, themselves, their place in a changing world, and the value of disciplined inquiry.

To prepare students to excel in professional and graduate schools and ultimately in their careers.

To provide a learning and research environment that will enable students and faculty to achieve their fullest potential.

## *Program Goals*

The Department of English and Philosophy stimulates the intellectual development of our students through the production and analysis of diverse texts. Coursework is designed to facilitate philosophical and ethical reflection and to encourage the development of analytical reasoning skills. The three undergraduate tracks in the department -- Literature, Writing, and English Secondary Education -- promote close reading, information literacy, effective communication, and critical thinking. The department cultivates students who engage thoughtfully in analysis, interpretation, service, and life-long learning as they pursue their vocations.

## *English Majors and Concentrations*

The student electing to major in English may choose from the following options, each of which leads to the Bachelor of Arts Degree: English major with Literature Concentration; English major with Writing Concentration; and English Education major. All degrees require 12 semester hours of a foreign language.

## *Minors in English and Philosophy*

The Department of English and Philosophy offers three minors: the Applied Humanities minor, the English minor and the philosophy minor. Each option requires 18 semester hours of coursework. Course requirements for all minors are detailed below.

## Major and Minor Combinations

English majors concentrating in literature or writing may also complete the Applied Humanities minor in consultation with an advisor. English Education majors are not required to select an additional minor. Credits earned toward a major cannot be applied toward a minor and vice versa. Students majoring in other disciplines may complete the English minor or the Applied Humanities minor, but not both.

## Honors Courses

By invitation of the Honors Council; see [Junior and Senior Departmental Honors Program](#) section of [Undergraduate Catalog](#).

## Bachelor of Arts

### English Education, B.A.

This major requires 12 hours of student teaching and is intended to lead to teaching licensure. Students should consult with their academic advisor in English or with Dr. Kristi Melancon for more information about the licensure process.

### UNIVERSITY CORE

#### University Core - English (12 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition

And two of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

#### University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR  
HIS 211 - History of the United States  
HIS 212 - History of the United States

#### University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

## University Core- Social Science (3 hours)

ECO 231 - Principles of Macroeconomics OR  
PLS 201 - American National Government OR  
PSY 201 - Introduction to Psychology (General Psychology) OR  
SOC 205 - Sociology: An Introduction in Global Context

## University Core - Science (7 Hours)

Lab Science, 4 sem. hrs.  
and  
Science, 3 sem. hrs

## University Core: Mathematics (3 hours)

Any MAT course numbered 111 or higher, determined in consultation with the advisor.

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation OR  
MUS 125 - Music Appreciation OR  
THE 125 - Introduction to Theatre

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
OR  
Any combination of :  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core for BA and English Majors - Modern Languages (6-12 hours)

Twelve hours are usually required. Students must complete the intermediate or sophomore-level courses in their chosen language. Students with one high school unit may enter course 102 of the same language and thereby waive 3 hours of this requirement; those with two high school units may enter course 201, waiving 6 hours.

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters

Senior (84 or more semester hours)

1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS

The student must complete the University Core Curriculum and must complete a total of 33 hours of coursework in English in addition to the English core. A Communication course is also required. The requirements for a major are as follows:

Fifteen semester hours composed of:

- ENG 275 – Texts and Research
- ENG 321 - Sentence Grammar and Style
- ENG 322 - Language and Diversity
- ENG 371 - Analysis of Discourse
- ENG 475 – Senior Research Capstone

One 3-hour English Writing Elective

Choose one of the following:

- ENG 250 - Introduction to Creative Writing
- ENG 351 - Creative Writing, Topics in Poetry
- ENG 352 - Creative Writing, Topics in Narrative
- ENG 370 - Analysis of Literature
- ENG 372 - Rhetorical Devices and Designs
- ENG 391 - Special Topics in Writing
- ENG 398 - Practicum in Writing Consulting
- ENG 450 - Advanced Creative Writing
- ENG 452 - Public & Professional Writing
- ENG 457 - History of the English Language
- JOU 333 - Journalism I

Twelve hours to be composed of the following:

- ENG 404 - Shakespeare
- ENG 442 - Texts and Interpretation for Teachers
- ENG 447 - Methods of Teaching Literature to Young Adults
- ENG 455 - Methods of Teaching Composition and Grammar

Additional English Electives (3 sem. hrs.)

Choose three (3) semester hours from ENG 250 or any 300- or 400-level English courses in writing or literature.

Communication Course (3 Hours)

Choose one of the following Communication courses:

- COM 203 - Professional Communication Skills
- COM 304 - Public Speaking

Secondary Education Requirements (28 Hours)

The student must be admitted to the Teacher Education Program in order to complete the Secondary Education requirements. Additional steps are required to earn a teaching license.

- EDU 299 - Pre-Teaching Field Experience
- EDU 300 - Introduction to Education
- EDU 304 - Educational Psychology
- PSY 435 - Psychology of Exceptional Children
- EDU 403 - Measurement and Evaluation of Student Progress
- EDU 460 - Managing the Secondary Classroom
- EDU 431 - Directed Teaching in 7-12
- EDU 432 - Directed Teaching in 7-12
- EDU 433 - Directed Teaching in 7-12
- EDU 434 - Directed Teaching in 7-12- Reading Pedagogy

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

**TOTAL: 130 SEM. HOURS**

## **English, Literature Concentration, B.A.**

### UNIVERSITY CORE

#### University Core - English (12 hours)

- ENG 099 - Writing Proficiency Exam
- ENG 101 - English Composition

- ENG 102 - English Composition
- OR
- ENG 103 - Accelerated Composition

And two of the following Literature classes

- ENG 211 - World Masterpieces
- ENG 212 - Survey of British Literature
- ENG 213 - Survey of American Literature

#### University Core - History (6 hours)

- HIS 103 - World Civilization I
- HIS 104 - World Civilization II
- OR
- HIS 211 - History of the United States
- HIS 212 - History of the United States

#### University Core - Bible (6 hours)

- BIB 110 - Introduction to the Old Testament **OR**
- BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

## University Core - Social Sciences (3 hours)

Any PHI (Philosophy) course  
ECO 231 - Principles of Macroeconomics  
GBU 151 - Business Skills for Life  
MLG 205 - Cross-Cultural Understanding  
PLS 201 - American National Government  
PSY 201 - Introduction to Psychology (General Psychology)  
SOC 205 - Sociology: An Introduction in Global Context

## University Core - Science (4 hours)

Four hours of science are required, including one lecture with a corresponding lab. Students are encouraged to choose from one of the following lab courses:

BIO 103 - Human Biology **AND**  
BIO 104 - Human Biology Laboratory  
OR  
BIO 105 - Plants and People **AND**  
BIO 106 - Plants and People Laboratory  
OR  
BIO 111 - Biology I **AND**  
BIO 110 - Biology I Laboratory  
OR  
CHE 112 - Chemistry in American Life II  
OR  
CHE 141 - General Chemistry I  
OR  
PHY 151 - General Physics I  
OR  
PHY 251 - Fundamentals of Physics I

## University Core - Mathematics (3 hours)

Any MAT course numbered 105 or higher, determined in consultation with the advisor.

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation **OR**  
MUS 125 - Music Appreciation **OR**  
THE 125 - Introduction to Theatre

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
OR

Any combination of :  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core for BA and English Majors - Modern Languages (6-12 hours)

Twelve hours are usually required. Students must complete the intermediate or sophomore-level courses in their chosen language. Students with one high school unit may enter course 102 of the same language and thereby waive 3 hours of this requirement; those with two high school units may enter course 201, waiving 6 hours.

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS

The student must complete the University Core Curriculum and must complete a total of 33 hours of coursework in English including the core English literature courses. A Communication course is also required. The requirements for the English major with Literature Concentration are as follows:

### 1. Twenty-one semester hours to be composed of:

Any two of the following Literature classes (core curriculum requirement)

ENG 211 - World Masterpieces

ENG 212 - Survey of British Literature

ENG 213 - Survey of American Literature

AND

ENG 275 – Texts and Research

ENG 370 - Analysis of Literature

ENG 404 - Shakespeare

ENG 470 - Majors to Marketplace

### 2. Twelve semester hours chosen from 300- or 400-level literature courses

### 3. Choose one of the following Communication courses (3 hours)

COM 203 - Professional Communication Skills or

COM 304 - Public Speaking

## MINOR REQUIREMENTS (18 HOURS)

A typical minor consists of 18 semester hours; however, some department minors may vary in terms of required semester hours. The minor should be selected in consultation with the student's advisor.

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

TOTAL: 130 SEM. HOURS

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS

The student must complete the University Core Curriculum and must complete a total of 33 hours of coursework in English including the core English writing courses. The requirements for a major are as follows.

Twenty-one semester hours composed of:

ENG 101 - English Composition  
ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition  
ENG 275 – Texts and Research  
ENG 321 - Sentence Grammar and Style  
ENG 322 - Language and Diversity  
ENG 371 - Analysis of Discourse  
ENG 475 – Senior Research Capstone

### One 3-hour English Writing Elective

Choose one of the following:

ENG 250 - Introduction to Creative Writing  
ENG 351 - Creative Writing, Topics in Poetry  
ENG 352 - Creative Writing, Topics in Narrative  
ENG 370 - Analysis of Literature  
ENG 372 - Rhetorical Devices and Designs  
ENG 391 - Special Topics in Writing  
ENG 398 - Practicum in Writing Consulting  
ENG 450 - Advanced Creative Writing  
ENG 452 - Public & Professional Writing  
ENG 455 - Methods of Teaching Composition and Grammar  
ENG 457 - History of the English Language  
JOU 333 - Journalism I

### Additional English Electives (9 Hours)

Choose nine (9) semester hours from ENG 250 or any 300- or 400-level English courses in writing or literature or any PHI course.

### Communication Course (3 Hours)

Choose one of the following Communication courses:

COM 203 - Professional Communication Skills  
COM 304 - Public Speaking

## MINOR REQUIREMENTS (18 HOURS)

A typical minor consists of 18 semester hours; however, some department minors may vary in terms of required semester hours. The minor should be selected in consultation with the student's advisor.

### General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

TOTAL: 130 SEM. HOURS

### *English, Writing Concentration (Pre-Professional English Ed), B.A.*

This option does not include a student teaching component and therefore does not automatically qualify students to apply for teaching licensure. Students wishing to earn a teaching license are advised to pursue the English Education major.

## UNIVERSITY CORE

### University Core - English (12 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition

And two of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

### University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR  
HIS 211 - History of the United States  
HIS 212 - History of the United States

### University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

## University Core - Social Sciences (3 hours)

CHE 112 - Chemistry in American Life II  
OR  
CHE 141 - General Chemistry I  
OR  
PHY 151 - General Physics I  
OR  
PHY 251 - Fundamentals of Physics I

## University Core - Mathematics (3 hours)

Any MAT course numbered 105 or higher, determined in consultation with the advisor.

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation OR  
MUS 125 - Music Appreciation OR  
THE 125 - Introduction to Theatre

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
OR  
Any combination of:  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core for BA and English Majors - Modern Languages (6-12 hours)

Twelve hours are usually required. Students must complete the intermediate or sophomore-level courses in their chosen language. Students with one high school unit may enter course 102 of the same language and thereby waive 3 hours of this requirement; those with two high school units may enter course 201, waiving 6 hours.

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS

The student must complete the University core curriculum and must complete a total of 33 hours of English coursework (including 6 hours designated as Pre-Professional English Education courses). A Communication course is also required. The requirements for the English major with Writing Concentration and Pre-Professional Education are as follows:

Eighteen semester hours composed of:

- ENG 275 – Texts and Research
- ENG 321 - Sentence Grammar and Style
- ENG 322 - Language and Diversity
- ENG 371 - Analysis of Discourse
- ENG 475 – Senior Research Capstone

## One 3-hour English Writing Elective

Choose one of the following:

- ENG 250 - Introduction to Creative Writing
- ENG 351 - Creative Writing, Topics in Poetry
- ENG 352 - Creative Writing, Topics in Narrative
- ENG 370 - Analysis of Literature
- ENG 372 - Rhetorical Devices and Designs
- ENG 391 - Special Topics in Writing
- ENG 398 - Practicum in Writing Consulting
- ENG 450 - Advanced Creative Writing
- ENG 452 - Public & Professional Writing
- ENG 457 - History of the English Language
- JOU 333 - Journalism I

Six semester hours to be composed of the following:

- ENG 404 - Shakespeare
- ENG 455 - Methods of Teaching Composition and Grammar

## Additional English Electives

Choose three (3) semester hours from ENG 250 or any 300- or 400-level English courses in writing or literature or any PHI course.

## Communication Course (3 Hours)

Choose one of the following Communication courses:

COM 203 - Professional Communication Skills

COM 304 - Public Speaking

## Pre-Professional English Education Courses (19 Hours)

The student must be admitted to the Teacher Education Program in order to complete the Pre-Professional English Education requirements.

### **16 hours composed of the following:**

EDU 299 - Pre-Teaching Field Experience

EDU 300 - Introduction to Education

EDU 304 - Educational Psychology

PSY 435 - Psychology of Exceptional Children

ENG 442 - Texts and Interpretation for Teachers

ENG 447 - Methods of Teaching Literature to Young Adults

### **3 hours to be chosen from the following:**

EDU 403 - Measurement and Evaluation of Student Progress

EDU 460 - Managing the Secondary Classroom

PSY 302 - Adolescent Psychology

MLG 205 - Cross-Cultural Understanding

MLG 450 - The Multicultural Classroom

MLG 451 - Second Language Acquisition

MLG 453 - Methods and Field Studies

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

**TOTAL: 130 SEM. HOURS**

## ***Three-Three Law/English (Literature) Program, B.A.***

After the approval of their academic advisors in consultation with the appropriate department chair, freshman pre-law students with an acceptable ACT or SAT score may elect to enter the Three-Three Program. Ordinarily a 26 ACT score or 1180 SAT score will qualify a student for the program. Such students are expected to maintain at least 3.25 GPA in their undergraduate work to remain competitive for early admission to the Mississippi College Law School. Students in this program should plan to take the LSAT as soon as possible after their sophomore year, but no later than the fall of their junior year, as an acceptable LSAT score is required for admission to the Mississippi College Law School. **Acceptance into the Three-Three program, however, does not automatically guarantee admission to the Mississippi College Law School.**

## University Core - English for 3/3 Law Literature Majors (12 Hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature

## University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR  
HIS 211 - History of the United States  
HIS 212 - History of the United States

## University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

## University Core - Social Sciences (3 hours)

Any PHI (Philosophy) course  
ECO 231 - Principles of Macroeconomics  
GBU 151 - Business Skills for Life  
MLG 205 - Cross-Cultural Understanding  
PLS 201 - American National Government  
PSY 201 - Introduction to Psychology (General Psychology)  
SOC 205 - Sociology: An Introduction in Global Context

## University Core - Science (4 hours)

Four hours of science are required, including one lecture with a corresponding lab. Students are encouraged to choose from one of the following lab courses:

BIO 103 - Human Biology **AND**  
BIO 104 - Human Biology Laboratory  
OR  
BIO 105 - Plants and People **AND**  
BIO 106 - Plants and People Laboratory  
OR  
BIO 111 - Biology I **AND**  
BIO 110 - Biology I Laboratory

OR  
CHE 112 - Chemistry in American Life II  
OR  
CHE 141 - General Chemistry I  
OR  
PHY 151 - General Physics I  
OR  
PHY 251 - Fundamentals of Physics I

## University Core - Mathematics (3 hours)

Any MAT course numbered 105 or higher, determined in consultation with the advisor.

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation OR  
MUS 125 - Music Appreciation OR  
THE 125 - Introduction to Theatre

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
OR  
Any combination of:  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core for BA and English Majors - Modern Languages (6-12 hours)

Twelve hours are usually required. Students must complete the intermediate or sophomore-level courses in their chosen language. Students with one high school unit may enter course 102 of the same language and thereby waive 3 hours of this requirement; those with two high school units may enter course 201, waiving 6 hours.

## English Major Requirements (33 Hours)

ENG 213 - Survey of American Literature  
ENG 370 - Analysis of Literature  
ENG 404 - Shakespeare  
ENG 470 – Majors to Marketplace  
PHI 211 - Introduction to Logic  
HIS 407 - American Constitutional Development I  
HIS 408 - American Constitutional Development II

### **Choose one class (3 hours) from the following:**

COM 202 - Interpersonal Communication  
COM 203 - Professional Communication Skills  
COM 304 - Public Speaking

**300- or 400-Level ENG electives (9 sem. hrs.)**

**Government Requirement (3 Sem. Hrs.)**

**Choose one of the following:**

PLS 201 - American National Government

PLS 202 - State and Local Government

COM 304 - Public Speaking

Upper level English electives **Credits, 6 sem. hrs.**

## Government and Constitution Requirement (9 Sem. Hrs.)

HIS 407 - American Constitutional Development I  
HIS 408 - American Constitutional Development II

### **Choose one of the following:**

PLS 201 - American National Government  
PLS 202 - State and Local Government

## Required Electives (9 Sem. Hrs.)

AJU 332 - Criminology  
AJU 350 - Critical Thinking and the Law

AJU 403 - Criminal Law  
COM 442 - Communication Law  
GBU 358 - Business Law and Ethics  
Any 300- or 400-level PHI or PLS class

Electives to Bring total hours to 100.  
Law School Coursework (30 sem. hrs.)  
Total: 130 sem. hrs.

## Minor

### *English Minor (not available to English majors)*

#### 1. Twelve semester hours to be composed of:

ENG 101 - English Composition  
ENG 102 - English Composition

ENG 221 – Interpreting Literature: Fiction and Poetry  
OR  
ENG 222 - Interpreting Literature: Media and Graphics

ENG 275 – Texts and Research

#### 2 . Six semester hours of English Electives

Choose six (6) semester hours from 300- or 400-level English courses in writing or literature

Total: 18 sem. hrs.

### *Applied Humanities Minor*

#### 1. Fifteen Semester Hours to Be Composed of:

ENG 101 - English Composition (non-majors only, see below)  
ENG 102 - English Composition (non-majors only, see below)  
ENG 452 - Public and Professional Writing  
ENG 470 - Majors to Marketplace  
ENG 493 - Field Experience

Instead of ENG 101 and ENG 102, English majors who choose the Applied Humanities course may take any MLG, HIS, PLS, PHI, or 300-400 level ENG course. Students are reminded that credits earned toward a major cannot be applied toward a minor.

#### 2. 3 semester hours chosen from the following Communication electives

COM 103 - Fundamentals of Digital Communication (recommended)  
COM 202 - Interpersonal Communication  
COM 203 - Professional Communication Skills  
COM 301 - Nonverbal Communication

COM 304 - Public Speaking  
COM 305 - Argumentation  
COM 360 - Social Media Communication  
COM 401 - Team-Based Communication  
COM 403 - Negotiation  
COM 449 - Intercultural Communication  
JOU 333 - Journalism I  
JOU 454 - Public Relations Writing

Total: 18 sem. hrs.

## ***Philosophy Minor Requirements***

The philosophy minor requires 18 semester hours consisting of any 6 philosophy courses.

## **English Courses**

### **ENG 099 - Writing Proficiency Exam**

**Credits, 0 sem. hrs. Prerequisite(s): See ENG 299 course description for prerequisites.**

Required by the University of all students. ENG 299 with a grade of C or higher may be substituted.

### **ENG 100 - Introduction to College Writing**

**Credits, 3 sem. hrs. Prerequisite(s): Restricted freshman admission.**

Analysis of academic writing assignments and practice in various genres of college-level writing. Carries elective credit but does not count toward a major, minor or core curriculum.

### **ENG 101 - English Composition**

**Credits, 3 sem. hrs.** The study of the elements of composition through writing and analysis of expository prose with emphasis on short essays.

### **ENG 102 - English Composition**

**Credits, 3 sem. hrs. Corequisite(s):** ENG 099.

The study of academic research and writing with special attention to information literacy. Students enrolled in ENG 102 must also concurrently register for the Writing Proficiency Examination (ENG 099).

### **ENG 103 - Accelerated Composition**

**Credits, 3 sem. hrs. Prerequisite(s): ENG 101 credit and instructor's consent.**

**Corequisite(s):** ENG 099

A special section of freshman composition focusing on the research paper and designed for students with advanced writing skills. Interested students should contact the instructor prior to registering. It may be substituted for ENG 102.

## **ENG 211 - World Masterpieces**

Credits, 3 sem. hrs. A survey of literary works that have been most influential in shaping the culture of the Western world. Fulfills the University Core Curriculum requirement.

## **ENG 212 - Survey of British Literature**

Credits, 3 sem. hrs. A survey of major British literary figures and their works. Fulfills the University Core Curriculum requirement.

## **ENG 213 - Survey of American Literature**

Credits, 3 sem. hrs. A survey of major American literary figures and their works. Fulfills the University Core Curriculum requirement.

## **ENG 221 – Interpreting Literature: Fiction and Poetry**

Credits, 3 sem. hrs

This course focuses on reading and interpreting literature such as short stories, drama, poetry, personal essays, memoir, and other print forms. The emphasis is on noticing, focusing and interpreting texts in rhetorical contexts and using various genres, periods and authors.

## **ENG 222 – Interpreting Literature: Media and Graphics**

Credits, 3 sem. hrs

This course focuses on reading and interpreting works of media such as music, visual art, computer games, film, graphic novels and other multimodal forms. The emphasis is on noticing, focusing and interpreting texts in rhetorical contexts and using various genres, periods and authors.

## **ENG 250 - Introduction to Creative Writing**

Credits, 3 sem. hrs. Prerequisite(s): ENG 101

Poetry and fiction. A structured approach to formal verse, free verse, and the basic elements of narration.

*Offered in full semester only.*

## **ENG 275 – Texts and Research**

Credits, 3 sem. hrs

This course develops analytical modes and introduces research methods relevant for English majors investigating various kinds of texts. The student practices primary and secondary research, practices in setting up research projects and practices various modes of synthesizing and presenting research findings.

## **ENG 299 - Professional Writing Skills**

Credits, 3 sem. hrs. Prerequisite(s): ENG 101-ENG 102 credit and 1 prior attempt at ENG 099 "Writing Proficiency Exam (WPE).

Students will analyze and compose a variety of texts from various professional genres. ENG 299 satisfies the writing proficiency requirement with a grade of C or higher. Students who fail the WPE once may take ENG 299 to satisfy the college's writing proficiency requirement; students who fail the WPE twice must take ENG 299.

## **ENG 321 - Sentence Grammar and Style**

**Credits, 3 sem. hrs** **Prerequisite(s):** ENG 101 and ENG 102 or ENG 103

This course will focus on the building block of any written discourse: the sentence. Students will work at defining the sentence and analyzing the functions of contributing factors such as parts of speech, grammar, and style choices. Students will study various kinds of sentence patterns, examine how and why grammar functions, and work on incorporating those options into their own writing.

## **ENG 322 - Language and Diversity**

**Credits, 3 sem. hrs** **Prerequisite(s):** ENG 101 and ENG 102 or ENG 103; ENG 321 recommended

This course introduces students to the structure of and attitudes towards the English language in all its varieties. The course begins with the basics of linguistics - definitions of language, sound production and sound systems, word-formation processes, and grammatical structure. Students will then apply these linguistic tools to understand how meaning is created, how variation and change occur in English, and how English is acquired, processed, and used to establish social and other (cognitive, pragmatic, emotional) meanings.

## **ENG 330 - Mythology**

**Credits, 3 sem. hrs.** **Prerequisite(s):** **Completion of English core requirement.**

A survey of myth, saga, folktale, and folklore from ancient times to the present.

## **ENG 340 - Introduction to Film**

**Credits, 3 sem. hrs.** **Prerequisite(s):** **ENG 101**

An introductory study of the elements of film that includes a brief survey of film history and the viewing and discussion of significant representative films.

## **ENG 351 - Creative Writing, Topics in Poetry**

**Credits, 3 sem. hrs.** **Prerequisite(s):** ENG 101

Creative Writing, Topics in Poetry develops students' composition and knowledge of a variety of verse forms through workshopping students' own writing and through readings in poetry and in the history and theory of verse forms. May be repeated.

## **ENG 352 - Creative Writing, Topics in Narrative**

**Credits, 3 sem. hrs.** **Prerequisite(s):** ENG 101

Creative Writing, Topics in Narrative develops students' composition and knowledge of narrative forms such as the novel, short story, and creative non-fiction through workshopping students' own writing and through readings in narrative and in the history and theory of narrative forms. May be repeated.

## **ENG 370 - Analysis of Literature**

**Credits, 3 sem. hrs.** **Prerequisite(s):** **Completion of English core requirement.**

This course is designed to help English majors and minors become more proficient in thinking, writing, and speaking about literature. MLA documentation will be studied and applied to writing about poetry, fiction, and drama. For English majors, ENG 370 should be taken either concurrently with the final survey course in the English core or during the first

semester after completion of the survey courses in the English core.

Offered in fall semester only.

### **ENG 371 - Analysis of Discourse**

Credits, 3 sem. hrs. Prerequisite(s): ENG 101 and ENG 102 or ENG 103

This course is designed to help students become more proficient in thinking, writing, speaking, and theorizing about discourse. Students will engage in rhetorical, linguistic, and cultural analysis of texts representing a variety of genres and disciplines.

### **ENG 372 - Rhetorical Devices and Designs**

Credits, 3 sem. hrs Prerequisite(s): ENG 101 and ENG 102 or ENG 103

This course will focus on defining rhetoric and analyzing the function of rhetorical devices and designs in sample texts and contemporary discourse. Students will study various kinds of rhetorical options, examine what those devices do and how they do it, and work on incorporating those options into their own writing.

### **ENG 390 - Special Topics**

Credits, 3 sem. hrs. Prerequisite(s): Completion of English core requirement.

In-depth study in special areas of literary inquiry. Topics and readings will vary between offerings. The course may be repeated for credit with permission of the department chair if course readings differ between sections.

### **ENG 391 - Special Topics in Writing**

Credits, 3 sem. hrs Prerequisite(s): ENG 101 and ENG 102 or ENG 103

In-depth study in special areas of rhetoric and writing. Topics will vary between offerings. The course may be repeated for credit with permission of the department chair if course emphasis differs between sections.

### **ENG 398 - Practicum in Writing Consulting**

Credits, 3 sem. hrs. Prerequisite(s): ENG 101 and ENG 102 or ENG 103

An introduction to writing theory and pedagogy, with emphasis on approaches to teaching writing one-on-one. This course prepares students to tutor in the Mississippi College Writing Center and is recommended for those planning to pursue careers in teaching or in writing-oriented fields.

### **ENG 404 - Shakespeare**

Credits, 3 sem. hrs. Prerequisite(s): Completion of English core requirement.

A study of Shakespeare's plays against the background of the life and times of the dramatist.

Offered in fall semester only.

### **ENG 427 - Literature of the South**

Credits, 3 sem. hrs. Prerequisite(s): Completion of English core requirement.

Examination of selected works of writers from the early South through the Modern Southern Renaissance to the present.

## **ENG 429 – Survey of African American Literature**

Credits, 3 sem. hrs. Prerequisite(s): Completion of English core requirement.

Survey of African American Literature covers the main threads of African American concerns as written exclusively by African American writers. It acknowledges traditions beginning in the 1700's and new trends to the current day.

## **ENG 430 - Mississippi Writers**

Credits, 3 sem. hrs. Prerequisite(s): Completion of English core requirement.

In-depth study of writers associated with Mississippi, including writers from the Territorial through Contemporary eras.

## **ENG 436 - European Culture**

Credits, 3 sem. hrs. Prerequisite(s): Completion of English core requirement.

European travel, reading, reports, and research paper. A study-tour directed by a teacher and requiring corollary reading, a travel journal, and a paper on some area of concentration.

## **ENG 442 - Texts and Interpretation for Teachers**

Credits, 3 sem. hrs. Prerequisite(s): Prerequisite: ENG 101 and ENG 102 or ENG 103

A survey of representative texts, of various genres and forms, commonly taught at the secondary school level, including fiction and non-fiction, classic, and contemporary works.

## **ENG 445 - Women Writers**

Credits, 3 sem. hrs. Prerequisite(s): Completion of English core requirement.

Readings from selected women writers and studies in their social and cultural contexts.

## **ENG 447 - Methods of Teaching Literature to Young Adults**

Credits, 3 sem. hrs. Prerequisite(s): ENG 101 and ENG 102 or ENG 103

The study of literature suitable for students in middle school and above along with the theories and methods of teaching literature.

## **ENG 450 - Advanced Creative Writing**

Credits, 3 sem. hrs. Prerequisite(s): ENG 250 or ENG 351 or ENG 352

An advanced study of poetry and fiction. Through workshops and assigned readings students develop and then execute works such as a collection of poems, short stories, creative non-fiction, a novel, play, screenplay, or a hybrid portfolio of creative works.

## **ENG 452 - Public & Professional Writing**

Credits, 3 sem. hrs. Prerequisite(s): ENG 101 and ENG 102, or ENG 103

Analysis of and practice in writing that serves professional goals, public interests, or both.

[Crosslisted as: JOU 452]

## **ENG 455 - Methods of Teaching Composition and Grammar**

**Credits, 3 sem. hrs. Prerequisite(s): ENG 101 and ENG 102 or ENG 103**

A study of the theories and methods of teaching grammar and composition designed for those who plan to teach at the middle school level or above.

### **ENG 457 - History of the English Language**

**Credits, 3 sem. hrs. Prerequisite(s): Completion of English core requirement.**

Study of the phonological, grammatical, and lexical history of the English language.

**Offered in full semester only.**

### **ENG 460 - Literature of the Bible**

**Credits, 3 sem. hrs. Prerequisite(s): Completion of ENG 102 or equivalent.**

A study of the literary qualities of the Bible, emphasizing genres and figures of speech.

### **ENG 465 - Studies in Literary Figure**

**Credits, 3 sem. hrs. Prerequisite(s): ENG 211 or ENG 212 or ENG 213.**

This course explores a body of work from one or two authors primarily in light of biographical theory. Offered Fall and Spring semesters; may be repeated.

### **ENG 466 - Studies in Literary Period**

**Credits, 3 sem. hrs. Prerequisite(s): ENG 211 or ENG 212 or ENG 213.**

This course surveys discrete literary periods, highlighting the historical contexts for authors and works. Offered Fall and Spring semesters; may be repeated.

### **ENG 467 - Studies in Literary Genre**

**Credits, 3 sem. hrs. Prerequisite(s): ENG 211 or ENG 212 or ENG 213.**

This course examines the development of particular genres, emphasizing changes over time. Offered Fall and Spring semesters; may be repeated.

### **ENG 470 – Majors to Marketplace**

**Credits, 3 sem. hrs.**

A study of critical theory and advanced research techniques in English language and literature; a research project and an oral presentation are required.

**Offered in fall and spring semesters.**

### **ENG 475 – Senior Research Capstone**

**Credits, 3 sem. hrs. Prerequisite(s): Completion of English core and ENG 275.**

Development of a primary, text-based research project; analysis and synthesis of relevant secondary research; planning and proposing of project; developing and implementing coding and analysis of collected texts; interpreting results; and presenting findings.

## **ENG 489 - Independent Reading and Research**

Credits, 3 sem. hrs. Prerequisite(s): Completion of English core requirement and department chair's consent.

Designed for outstanding students to deepen and broaden their knowledge of special topics. This course is not offered regularly but is available only under special circumstances, normally when the student and instructor have already worked together in an on-going pursuit of mutual interests in the field.

## **ENG 490 - Special Topics**

Credits, 3 sem. hrs. Prerequisite(s): Completion of English core requirement.

Designed to respond to identified interests and needs.

# **Philosophy Courses**

## **PHI 207 - Introduction to Philosophy**

Credits, 3 sem. hrs. An introductory survey of major philosophical topics, themes, and significant figures.

## **PHI 211 - Introduction to Logic**

Credits, 3 sem. hrs. An introductory study of the principles and methods used to identify correct and incorrect reasoning. Topics include the key concepts in logical analysis, language, definitions, informal fallacies, and categorical logic.

## **PHI 216 - Cultural Apologetics**

Credits, 3 sem. hrs. An introduction to the work of establishing the Christian voice, conscience, and imagination within contemporary American culture so that Christianity can be seen as true and satisfying. Coursework includes a survey of conceptual and evidential challenges raised against Christianity within the culture with a view toward responding to these challenges from the rich cultural resources available to Christian thought, practice, and community. Reference is made to the history of apologetics, forms of apologetics, and distinctive sources in art, literature, and music that speak to the beauty and truth of Christian faith.

## **PHI 309 - Christian Ethics**

Credits, 3 sem. hrs. Prerequisite(s): Sophomore standing.

An introductory survey of methodological and conceptual issues central to Christian Ethics. Topics include sources, distinctive features, and issues of particular concern in the Christian ethical tradition.

## **PHI 315 - Philosophy of Religion**

Credits, 3 sem. hrs. Prerequisite(s): Sophomore standing.

A study of key philosophical problems associated with classical theism. Topics include the relationship between faith and reason, religious experience, the existence of God, the problem of evil, religious language, and the diversity of religious traditions.

## **PHI 370 - Philosophy in Literature**

**Credits, 3 sem. hrs. Prerequisite(s):** Completion of the English core curriculum.

A critical study of the intersection between philosophy and literature ideally team-taught by one philosophy and one literature professor. This course addresses philosophical questions about literature (how it accounts for truth, how it contends for the sympathies of its readers, how it shapes human experience, etc.) and looks for philosophical themes in specific works of literature including essays, novels, short-stories, poems, plays, and film.

### **PHI 419 - World Religions**

**Credits, 3 sem. hrs. Prerequisite(s):** *Sophomore standing.*

A study of the major religions of the world. This course focuses on the philosophical, psychological, and aesthetic dimensions of the great religious traditions originating in India, the Middle East, China, and Japan.

### **PHI 421 - Medical Ethics**

**Credits, 3 sem. hrs.** An introductory study of the ethical issues in health care, medical research, and public policy regarding the fair distribution of health care resources.

### **PHI 428 - Philosophy of Science**

**Credits, 3 sem. hrs.** A survey of the philosophical issues associated with the analysis and practice of science. Students will investigate what science is, how it works, and what makes science different from other ways of making sense of the world. Topics studied include natural law, causation, inductive logic, hypothesis and theory formation, the sociology of knowledge, and theory confirmation.

### **PHI 490 - Special Topics in Philosophy**

**Credits, 3 sem. hrs.** Designed to respond to identified interests and needs.

The African American Studies Minor critically engages students in interdisciplinary conversations about the social, political, economic, historical, religious and intellectual experiences of Africans and their descendants throughout the United States. This preparation serves as a solid foundation for graduate-level work in African American Studies, History, Sociology, Political Science, English, International Affairs, Religious Studies, and other academic disciplines in the Social Sciences and Humanities. In addition to graduate school, Law School or any number of industries, including city and state government, urban and community planning, secondary education, civil service, African American student services at colleges and universities, community relations, and journalism are career fields for graduates.

## **Minor**

### **African American Studies Minor**

#### **1. Nine hours to be composed of:**

HIS 211 – History of the United States I

HIS 212 - History of the United States II

AAS 101- African American Studies Survey

#### **2. Nine hours of Electives**

**Students must choose electives from at least two groups below:**

Majors in History must choose at least 6 hours from the remaining two columns, outside of their major discipline. (HIS and SWK)

Majors in English must choose at least 6 hours from the remaining two columns, outside of their major discipline. (ENG and MLG)

#### **Group One – History and Social Work**

HIS 304- Mississippi History  
HIS 404 – Old South  
HIS 412 - New South  
HIS 441 - The Civil Rights Movement  
HIS 439 – American Religious History Seminar- The African American Religious Experience  
SWK 422 – Human Diversity and Social Justice

**Prerequisite: SWK 225, 331 and 333\***

\*Non-Social Work majors may request a prerequisite override from the Department Social Work

## **Group Two – English and Modern Languages**

ENG 322- Language and Diversity  
ENG 429- Survey of African American Literature  
ENG 391- African American Literacies  
MLG 401 – Sociolinguistics and Dialect  
MLG 205 – Cross Cultural Understanding

## **Group Three**

PHI 309 – Christian Ethics  
ART 406- Modern and Contemporary Art  
MUS 109- Popular Music and Society  
MGT 371 – Principles of Management and Organizational Behavior  
PSY 391 – Multicultural Psychology

## **Classical Studies Minor**

### **1. Six hours to be composed of:**

6 Hours of 100-200 Level LAT (Latin)  
OR  
6 Hours of 100-200 Level GRK (Greek)

### **2. Six hours of History:**

HIS 324 The Roman World  
HIS 325 Ancient Near East and Greece

### **3. Six hours of Philosophy and/or Literature Electives:**

Choose among the following courses:

PHI 211- Introduction to Logic  
PHI 313- History of Philosophy I  
PHI 490- Special Topics in Philosophy (if an ancient Greek or Roman subject)  
ENG 330- Mythology  
ENG 465 - Studies in Literary Figure (if an ancient Greek or Roman subject)  
ENG 466 - Studies in Literary Period (if an ancient Greek or Roman subject)  
ENG 466 - Studies in Literary Genre (if an ancient Greek or Roman subject)

## *International Studies*

**1. Twelve hours or its equivalent in a foreign language.**

**2. Courses:**

HIS 103 - World Civilization I

HIS 104 - World Civilization II

**3. Plus eighteen semester hours chosen from the following courses:**

**Nine semester hours must be chosen from the following history courses:**

HIS 390 - Independent Reading and Research

HIS 457 - England to 1500

HIS 458 - England 1500-1800

HIS 459 - England 1800-Present

HIS 442 - Twentieth Century U.S. Diplomatic History

HIS 433 - World War I

HIS 444 - Cold War, 1945-1992

HIS 446 - Europe Since 1919

HIS 456 - History of the Middle East

HIS 494 - London History and Culture

**Nine hours must be chosen from the following courses:**

HIS 390 - Independent Reading and Research

PLS 320 - Comparative Governments

PLS 419 - International Relations

PLS 422 - Politics of Developing Nations

SOC 205 - Sociology: An Introduction in Global Context

PHI 419 - World Religions

ART 406 – Modern and Contemporary Art

FRE 305 French Civilization

GER 305 German Civilization

SPA 305 Spanish Civilization

SPA 306 Spanish American Civilization

MLG 205 - Cross-Cultural Understanding

## **African American Studies Courses**

**AAS 101 – African American Studies Survey**

**Credits, 3 sem. hrs.** This course introduces students to key events, individuals, institutions, experiences, and texts that both reflect(ed) and shape(ed) the history and culture of Africans and their descendants from their arrival in North America to the present.

# Modern Languages Department

## *Faculty*

**Amy Williamson, Chair**  
Associate Professor (2001)  
601.925.3401  
[willia49@mc.edu](mailto:willia49@mc.edu)

## *Support Staff*

**Cristel Young**  
Administrative Assistant (2023)  
601.925.3400  
[cyoung6@mc.edu](mailto:cyoung6@mc.edu)

## *Program Goals*

In preparing and equipping students to engage in the greater global community, the Department of Modern Languages is guided by three main goals:

- To acquaint non-language majors with a culture, language and literature other than their own;
- To provide language majors with the skills and knowledge necessary for effective communication in another language;
- To provide adequate training for those who plan to continue their language study in graduate school and for those who plan to enter professional fields that require the mastery of another language.

Those who continue in the same language they studied in high school should consult with the instructor in that language before registration in order to determine their placement. In general, one year of high school work is considered equivalent to one semester of university work.

Students who have taken two years or more of a modern foreign language in high school may take the CLEP test for that language. Depending on the test score, up to 12 semester hours of university credit may be obtained. This proficiency examination must be taken before receiving upper level university credit in that language.

Most graduate schools require their students to have a working knowledge (12 semester hours or the equivalent) of one foreign language for the master's degree or two for the doctorate.

Most seminaries require that their candidates for the degree of Doctor of Theology have a working knowledge of two foreign languages in addition to Greek and Hebrew. The catalog of the graduate school or seminary that one expects to attend should be consulted for specific requirements.

## *Study Abroad Programs*

Mississippi College offers numerous opportunities for education abroad. The McMillan Center for Education Abroad (The Mac Center) is the base of operations for these programs. The Mac Center works with students and faculty to provide opportunities for study abroad, internships abroad, and service abroad, during fall, spring or summer terms. Students can choose to study in Argentina, Austria, Brazil, China, Costa Rica, France, Germany, Japan, South Korea, Spain, Taiwan, and the United Kingdom (London semester), as well as other pre-approved programs. Specific study abroad programs

include the Austrian Studies Program at Salzburg College in Austria, Colegio Delibes in Spain, USAC in Costa Rica and an exchange program with Johannes Gutenberg University in Mainz, Germany. To facilitate abroad offerings, the MLG designation is used. Modifications are made based on the student needs, location of study abroad, and degree requirements.

## *The Classical Languages*

The courses in the classical languages are designed to acquaint students with the languages utilized in the Hellenistic world of ancient Greece and Rome. The course offerings are designed to develop reading competence in either Koine Greek, Latin or Biblical Hebrew. Through the window of these languages, the student is exposed to the conceptualization of the ideas and culture of the Greco-Roman world and the influences of that world upon the languages, literature, and life of the modern world.

## *Classical Languages Minor Requirements*

Students planning to minor in classical languages should check with the Chair of the Department of Modern Languages.

## *The Modern Languages*

The courses in modern languages are designed to meet both cultural and practical needs. Students may expect to learn not only to read in the target language, but also to understand the spoken language and to express themselves in it with some facility.

Ordinarily, 39 semester hours are required for a major in the Department of Modern Languages. However, students whose background in a language enables them to begin their course of study beyond the intermediate level will be considered to have satisfied the requirements for a major when they have completed 27 semester hours. Students may elect majors in the Department of Modern Languages as follows:

***Foreign Language and International Trade (B.A.)***

***French (B.A.)***

***International Studies (B.A.)***

***Language, Writing and Linguistics (B.A.)***

***Modern Languages (B.A.)***

***Spanish (B.A.)***

Students who elect to major in Foreign Language and International Trade (F.L.I.T.) must complete 36 semester hours of a modern language or 30 semester hours beyond the elementary level. F.L.I.T. majors may elect to complete 36 semester hours in one language or to complete the 36 semester hours in two languages. In that case, students must complete a minimum of 21 semester hours in one language and a minimum of 15 semester hours in another. However, students whose background in a language enables them to begin their course of study at the intermediate level will have satisfied the requirements for a major when they have completed 30 semester hours in the two languages.

Students who elect to major in French must complete 24 semester hours of French courses numbered higher than 202.

Students who elect to complete a major in Modern Languages must complete 21 semester hours in one language and 15 semester hours in another.

Students who elect to major in Spanish must complete 24 semester hours of Spanish courses numbered higher than 202.

Students who elect to major in the Department of Modern Languages must complete a minor as specified in a related department with the approval of their advisor. Education courses required for an educator license will not satisfy the

requirements for a minor in the Department of Modern Languages. A minor in English or TESOL is recommended for students planning to teach.

Certain majors and minors in the Department of Modern Languages have a mandatory study abroad requirement, but all students majoring in the Department of Modern Languages are strongly encouraged to spend at least one term studying overseas through an approved study-abroad program.

## ***Modern Languages Minor Requirements***

The Department of Modern Languages offers minors in French, German, Chinese, Japanese, Spanish, and TESOL. Students minoring in a modern language must have 18 semester hours of university credit in that language, with at least 6 of the 18 hours at the 300 level or higher. Minors in certain languages require study abroad.

## ***Honors Courses***

By invitation of the Honors Council; see *Junior and Senior Departmental Honors Program* section of *Undergraduate Catalog*.

## **Bachelor of Arts**

### ***Foreign Language and International Trade, B.A.***

All F.L.I.T. students are strongly encouraged to spend at least one term studying overseas through an approved study-abroad program.

### UNIVERSITY CORE

#### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

#### University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR  
HIS 211 - History of the United States  
HIS 212 - History of the United States

#### University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

## University Core - Social Sciences (3 hours)

MLG 205 - Cross-Cultural Understanding

## University Core - Science (4 hours)

Four hours of science are required, including one lecture with a corresponding lab. Students are encouraged to choose from one of the following lab courses:

BIO 103 - Human Biology **AND**  
BIO 104 - Human Biology Laboratory  
OR  
BIO 105 - Plants and People **AND**  
BIO 106 - Plants and People Laboratory  
OR  
BIO 111 - Biology I **AND**  
BIO 110 - Biology I Laboratory  
OR  
CHE 112 - Chemistry in American Life II  
OR  
CHE 141 - General Chemistry I  
OR  
PHY 151 - General Physics I  
OR  
PHY 251 - Fundamentals of Physics I

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation **OR**  
MUS 125 - Music Appreciation **OR**  
THE 125 - Introduction to Theatre

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
OR  
Any combination of :  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS (66 HOURS)

### Language Requirements (36 Hours)

Thirty-six semester hours of a language or 30 semester hours beyond the elementary level are required.

A student may complete 36 semester hours in one language or choose to take the 36 hours in two languages. In that case, a student must complete a minimum of 21 semester hours in one language and a minimum of 15 semester hours in another. However, students whose background in a language enables them to begin their course of study at the intermediate level will have satisfied the requirements for a major when they have completed 30 semester hours in the two languages.

If choosing one language (either French or Spanish), the following courses are required:

### FRENCH

FRE 101 - Elementary French I

FRE 102 - Elementary French II

(Two units of high school French can be substituted for FRE 101 and FRE 102.)

FRE 201 - Intermediate French I

FRE 202 - Intermediate French II **OR**

FRE 209 - Intermediate French Conversation

FRE 309 - Advanced French Conversation and Composition I **OR**

FRE 310 - Advanced French Conversation and Composition II

FRE 315 - French Civilization **OR**

FRE 350 - Advanced French Grammar **OR**

FRE 440 Selected Topics in French Civilization

FRE 401 - Survey of French Literature **OR**

FRE 402 - Selected Topics in French Literature

FRE 416 - Survey of Film in the French Speaking World **OR**

FRE 440 Selected Topics in French Literature

FRE 375 - French Phonetics and Pronunciation **OR**

FRE 440 Selected Topics in French Linguistics

FRE 420 - French For Business

Six (6) hours of French electives

**TOTAL: 36 Hours in French**

## SPANISH

SPA 101 - Elementary Spanish I

SPA 102 - Elementary Spanish II

(Two units of high school Spanish can be substituted for SPA 101 and SPA 102.)

SPA 202 - Intermediate Spanish II **OR**

SPA 209 - Intermediate Spanish Conversation

SPA 309 - Advanced Spanish Conversation and Composition I **OR**

SPA 310 - Advanced Spanish Conversation and Composition II **AND**

SPA 311- Advanced Spanish Writing

SPA 315 - Spanish Civilization **OR**

SPA 316 - Latin-American Civilization **OR**

SPA 350 - Advanced Spanish Grammar **OR**

SPA 440 Selected Topics in Spanish Civilization

SPA 401 - Survey of Spanish Literature **OR**

SPA 402 - Selected Topics in Spanish Literature **OR**

SPA 403 - Survey of Latin-American Literature **OR**

SPA 404 - Open Topics in Latin-American Literature

SPA 415 - Survey of Film in the Spanish-Speaking World **OR**

SPA 425 - Survey of Short Story **OR**

SPA 440 Selected Topics in Spanish Literature

SPA 375 - Spanish Phonetics and Phonology **OR**

SPA 395 – Introduction to Spanish Linguistics **OR**

SPA 440 Selected Topics in Spanish Linguistics

SPA 420 - Spanish for Business

Three (3) hours of Spanish electives

### **TOTAL: 36 Hours in Spanish**

If choosing two languages:

Twenty-one (21) hours are required in the primary language. Fifteen (15) hours are required in the second language. If choosing the primary language of either French or Spanish, the program requires FRE 420 or SPA 420.

### **BUSINESS REQUIREMENTS (18 Hours Minimum)**

Required Business Courses (12 Hours)

ACC 201 - Principles of Accounting I

ACC 202 - Principles of Accounting II

ECO 231 - Principles of Macroeconomics **OR**

ECO 232 - Principles of Microeconomics

## Business Electives (6 Hours)

Choose two courses from this recommended (but not required) list. Please check for prerequisites as they pertain to each course.

ECO 231 - Principles of Macroeconomics  
GBU 355 - Global Dimensions of Business

GBU 321 - Business Communications  
GBU 358 - Business Law and Ethics  
MGT 371 - Principles of Management & Organizational Behavior

MIS 226 - Business Software Skills and Applications **or**  
MKT 381 - Marketing Principles

## STATISTICS REQUIREMENT (3 Hours)

Choose one of the following courses:

MAT 207 - Elementary Statistics  
PSY 301 - Psychological Statistics

## SPECIFIED CORE (3 HOURS)

Choose one of the following Math courses:

MAT 121 - Calculus with Analytic Geometry I  
MAT 122 - Calculus with Analytic Geometry II  
MAT 205 - Finite Mathematics  
MAT 206 - Applied Calculus

## MAJOR ELECTIVE REQUIREMENT (3 HOURS)

MLG 305 – Cross-Cultural Leadership

## FIRST YEAR SURVEY (2 HOURS)

Should be taken in the Fall or Spring of the student's first year

MLG 105 – Survey of Global Engagement

## SENIOR SEMINAR (1 Hour)

Should be taken in the Fall or Spring of the student's senior year.

MLG 470 - Senior Seminar

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

TOTAL: 130 SEM. HOURS

## **French, B.A.**

### UNIVERSITY CORE

#### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

#### University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR  
HIS 211 - History of the United States  
HIS 212 - History of the United States

#### University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

#### University Core - Social Sciences (3 hours)

Any PHI (Philosophy) course  
ECO 231 - Principles of Macroeconomics  
GBU 151 - Business Skills for Life  
MLG 205 - Cross-Cultural Understanding  
PLS 201 - American National Government  
PSY 201 - Introduction to Psychology (General Psychology)  
SOC 205 - Sociology: An Introduction in Global Context

#### University Core - Science (4 hours)

Four hours of science are required, including one lecture with a corresponding lab. Students are encouraged to choose from one of the following lab courses:

BIO 103 - Human Biology AND  
BIO 104 - Human Biology Laboratory  
OR  
BIO 105 - Plants and People AND  
BIO 106 - Plants and People Laboratory  
OR  
BIO 111 - Biology I AND  
BIO 110 - Biology I Laboratory  
OR  
CHE 112 - Chemistry in American Life II  
OR  
CHE 141 - General Chemistry I  
OR  
PHY 151 - General Physics I  
OR  
PHY 251 - Fundamentals of Physics I

### University Core - Mathematics (3 hours)

Any MAT course numbered 105 or higher, determined in consultation with the advisor.

### University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation OR  
MUS 125 - Music Appreciation OR  
THE 125 - Introduction to Theatre

### University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
OR  
Any combination of :  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

### University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

### MAJOR REQUIREMENTS (39 HOURS)

## French courses (36 Hours)

**18 hours available on campus: FRE 101 , FRE 102 , FRE 201 , FRE 202 , and 6 Hours higher than FRE 202.**

**18 hours must be completed during a semester abroad.**

FRE 101 - Elementary French I \*

FRE 102 - Elementary French II \*

FRE 201 - Intermediate French I \*

FRE 202 - Intermediate French II \* **or**

FRE 209 - Intermediate French Conversation \*

FRE 309 - Advanced French Conversation and Composition I **OR**

FRE 310 - Advanced French Conversation and Composition II

FRE 315 - French Civilization **OR**

FRE 350 - Advanced French Grammar **OR**

FRE 440 Selected Topics in French Civilization

FRE 401 - Survey of French Literature **OR**

FRE 402 - Selected Topics in French Literature

FRE 416 - Survey of Film in the French Speaking World **OR**

FRE 440 Selected Topics in French Literature

FRE 375 - French Phonetics and Pronunciation **OR**

FRE 440 Selected Topics in French Linguistics

FRE 420 - French For Business **OR**

FRE 441 - Methods and Materials in Teaching Foreign Languages

Six (6) hours French electives higher than FRE 202

## Study Abroad

Study abroad is mandatory for French majors, either through summer or semester programs. The program advisor may substitute living abroad experience for study abroad. Students must apply for study abroad through the McMillian Center for Education Abroad and must complete the "Study Abroad Requirement Form" with the program director upon completion of their semester abroad.

## FIRST YEAR SURVEY (2 HOURS)

Should be taken in the Fall or Spring of the student's first year

MLG 105 – Survey of Global Engagement

## SENIOR SEMINAR (1 Hour)

Should be taken in the Fall or Spring of the student's senior year.

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

## MINOR REQUIREMENTS (18 HOURS)

A typical minor consists of 18 semester hours; however, some department minors may vary in terms of required semester hours. The minor should be selected in consultation with the student's advisor.

## TOTAL: 130 SEM. HOURS

### Note(s):

\*Ordinarily, 36 semester hours are required for a major in the Department of Modern Languages. However, students whose background in a language enables them to begin their course of study beyond the intermediate level will be considered to have satisfied the requirements for a major when they have completed 24 semester hours.

Students who elect to major in the Department of Modern Languages must complete a minor as specified in a related department with the approval of their advisor. Education courses required for an educator license will not satisfy the requirements for a minor in the Department of Modern Languages. A minor in English or TESOL is recommended for students planning to teach.

Certain majors and minors in the Department of Modern Languages have a mandatory study abroad requirement, but all students majoring in the Department of Modern Languages are strongly encouraged to spend at least one term studying overseas through an approved study-abroad program.

## *International Studies, B.A.*

Students electing a major in International Studies must meet Mississippi College's core curriculum requirements for the Bachelor of Arts degree in Modern Languages. Because this is a comprehensive major no additional minor is required.

## UNIVERSITY CORE

### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam

ENG 101 - English Composition

ENG 102 - English Composition

OR

ENG 103 - Accelerated Composition

KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS (51 HOURS)

### International Studies Core Courses (12 Hours)

GBU 355 - Global Dimensions of Business  
MLG 205 - Cross-Cultural Understanding

PLS 320 - Comparative Governments or  
PLS 450 – History of Political Theory or  
HIS 350 - History of Political Theory

MLG 305 – Cross-Cultural Leadership

### International Studies Elective Courses (18 Hours)

Choose six (18 semester hours) of the following courses. Other courses not listed must have the approval of the program advisor.

BIO 402 - Ecology  
COM 449 - Intercultural Communication  
ECO 231 - Principles of Macroeconomics  
MLG 450 - The Multicultural Classroom  
FRE 315 - French Civilization  
GEO 403 - Selected Topics in Geography  
GER 315 - German Civilization  
HIS 456 - History of the Middle East

HIS 494 - London History and Culture  
HIS 495 - Austrian Civilization

PLS 419 - International Relations **or**  
HIS 419 - International Relations

PLS 422 - Politics of Developing Nations

PLS 442 - Twentieth Century U.S. Diplomatic History **or**  
HIS 442 - Twentieth Century U.S. Diplomatic History

SPA 315 - Spanish Civilization  
SPA 316 - Latin-American Civilization

SOC 205 – Sociology: An Introduction in Global Context

MLG 440 – Special Topics: Food and Culture

## Language Requirement (18 Hours)

Students must take 18 semester hours of the same language, with 6 of those 18 hours at the 300 level or higher.

## Study Abroad

Study abroad is mandatory for International Studies majors, either through summer or semester programs. The program advisor may substitute living abroad experience for study abroad. Students must apply for study abroad through the McMillian Center for Education Abroad and must complete the "Study Abroad Requirement Form" with the program director upon completion of their semester abroad.

## FIRST YEAR SURVEY (2 HOURS)

Should be taken in the Fall or Spring of the student's first year

MLG 105 – Survey of Global Engagement

## SENIOR SEMINAR (1 Hour)

Should be taken in the Fall or Spring of the student's senior year.

MLG 470 - Senior Seminar

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

**TOTAL: 130 SEM. HOURS**

***Language, Writing, and Linguistics, B.A.***

Students electing a major in Language, Writing, and Linguistics must complete Mississippi College's core curriculum requirements; 54 hours of courses representing modern languages, English Writing, and linguistics; and general electives to meet the number of credit hours required for graduation. Because Language, Writing, and Linguistics is a comprehensive major, no minor is required.

## UNIVERSITY CORE

### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam

ENG 101 - English Composition

ENG 102 - English Composition

OR

ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces

ENG 212 - Survey of British Literature

- PHY 151 - General Physics I
- OR
- PHY 251 - Fundamentals of Physics I

### University Core - Mathematics (3 hours)

Any MAT course numbered 105 or higher, determined in consultation with the advisor.

### University Core - Fine Arts (3 hours)

- ART 125 - Art Appreciation OR
- MUS 125 - Music Appreciation OR
- THE 125 - Introduction to Theatre

### University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

- KIN 123 - Fitness For Life
- OR
- Any combination of:
- KIN 124- Nutrition for Well-Being (1 hour)
- PED activity courses (1 hour).

### University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS (56 HOURS)

The major requirements include the following:

### LANGUAGE CORE (18 HOURS)

Students must complete 18 hours of a single language (101 to 300-level)

### Linguistics & Writing Core (24 Hours)

Students must complete 12 hours of Linguistics courses as follows:

MLG 375 - Phonetics and Phonology of English

MLG 401 - Sociolinguistics and Dialect

MLG 451 - Second Language Acquisition \*\*

MLG 452 - Applied Linguistics \*\*

Students must complete 12 hours of English Writing courses as follows:

ENG 275 – Texts and Research

ENG 321 - Sentence Grammar and Style

ENG 371 - Analysis of Discourse

ENG 475 – Senior Research Capstone

### MAJOR ELECTIVES (12 HOURS)

Students must complete 12 hours selected from the courses below.

MLG 440 - Selected Topics (Students may select this course if the special topic relates to linguistics; MLG 440 Food and Culture may not serve as a major elective.)

MLG 450 - The Multicultural Classroom \*\*

MLG 453 - Methods and Field Studies \*\*

FRE 375 - French Phonetics and Pronunciation

SPA 375 - Spanish Phonetics and Phonology

ENG 250 - Introduction to Creative Writing \*

ENG 322 - Language and Diversity

ENG 351 - Creative Writing, Topics in Poetry \*

ENG 352 - Creative Writing, Topics in Narrative \*

ENG 372 - Rhetorical Devices and Designs

ENG 398 - Practicum in Writing Consulting

ENG 450 - Advanced Creative Writing \*

ENG 455 - Methods of Teaching Composition and Grammar

\*No more than 6 hours may be earned via creative writing courses.

### FIRST YEAR SURVEY (2 HOURS)

Should be taken in the Fall or Spring of the student's first year

MLG 105 – Survey of Global Engagement

### SENIOR SEMINAR (1 Hour)

Should be taken in the Fall or Spring of the student's senior year.

MLG 470 - Senior Seminar

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

**TOTAL: 130 SEM. HOURS**

Note(s):

\*\* Students who complete all four courses (MLG 450, 451, 452 and 453) will earn an ELL certification. Certain majors and minors in the Department of Modern Languages have a mandatory study abroad requirement, but all students majoring in the Department of Modern Languages are strongly encouraged to spend at least one term studying overseas through an approved study-abroad program.

THE 125 - Introduction to Theatre

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
OR  
Any combination of:  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS (39 HOURS)

### Spanish Courses (36 Hours)

SPA 101 - Elementary Spanish I \*

SPA 102 - Elementary Spanish II \*

SPA 201 - Intermediate Spanish I \*

SPA 202 - Intermediate Spanish II \* **OR**

SPA 209 - Intermediate Spanish Conversation \*

SPA 309 - Advanced Spanish Conversation and Composition I **OR**

SPA 310 - Advanced Spanish Conversation and Composition II **AND**

SPA 311- Advanced Spanish Writing

SPA 315 - Spanish Civilization **OR**

SPA 316 - Latin-American Civilization **OR**

SPA 350 - Advanced Spanish Grammar **OR**

SPA 440 Selected Topics in Spanish Civilization

SPA 401 - Survey of Spanish Literature **OR**

SPA 402 - Selected Topics in Spanish Literature **OR**

SPA 403 - Survey of Latin-American Literature **OR**

SPA 404 - Open Topics in Latin-American Literature

SPA 415 - Survey of Film in the Spanish-Speaking World **OR**

SPA 425 - Survey of Short Story **OR**

SPA 440 Selected Topics in Spanish Literature

SPA 375 - Spanish Phonetics and Phonology **OR**

SPA 395 – Introduction to Spanish Linguistics **OR**

SPA 440 Selected Topics in Spanish Linguistics

SPA 385 - Advanced Medical Spanish **OR**

SPA 420 - Spanish for Business **OR**

SPA 441 - Methods and Materials in Teaching Foreign Languages

Three (3) hours of Spanish electives.

### FIRST YEAR SURVEY (2 HOURS)

Should be taken in the Fall or Spring of the student's first year

MLG 105 – Survey of Global Engagement

## SENIOR SEMINAR (1 Hour)

Should be taken in the Fall or Spring of the student's senior year.

MLG 470 - Senior Seminar

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

## MINOR REQUIREMENTS (18 HOURS)

A typical minor consists of 18 semester hours; however, some department minors may vary in terms of required semester hours. The minor should be selected in consultation with the student's advisor.

## TOTAL: 130 SEM. HOURS

### Note(s):

\*Ordinarily, 36 semester hours are required for a major in the Department of Modern Languages. However, students whose background in a language enables them to begin their course of study beyond the intermediate level will be considered to have satisfied the requirements for a major when they have completed 24 semester hours.

Students who elect to major in the Department of Modern Languages must complete a minor as specified in a related department with the approval of their advisor. Education courses required for an educator license will not satisfy the requirements for a minor in the Department of Modern Languages. A minor in English or TESOL is recommended for students planning to teach.

Certain majors and minors in the Department of Modern Languages have a mandatory study abroad requirement, but all students majoring in the Department of Modern Languages are strongly encouraged to spend at least one term studying overseas through an approved study-abroad program.

## Minor

### *Chinese Minor*

18 semester hours of university credit in Chinese, with 6 of those 18 at the 300 level or higher. At least 6 of the 18 hours must be taken abroad.

### *French Minor*

18 semester hours of university credit in French, with 6 of those 18 at the 300 level or higher.

### *German Minor*

18 semester hours of university credit in German, with 6 of those 18 at the 300 level or higher. At least 6 of the 18 hours must be taken abroad.

## ***Global Engagement Minor***

### **Requirements:**

6 hours in any language  
6 hours study abroad  
1 hour in Field Study during study abroad  
MLG 105- Survey of Global Engagement

### **Elective Hours: Choose 1 course (3 sem. hrs.) from the following:**

MLG 205 - Cross-Cultural Understanding  
MLG 305 – Cross-Cultural Leadership  
HIS 310 – Latin American Civilization  
PLS 419 – International Relations  
PLS 422 – Politics of Developing Nations  
PHI 419 – World Religions

## ***Japanese Minor***

18 semester hours of university credit in Japanese, with 6 of those 18 at the 300 level or higher. At least 6 of the 18 hours must be taken abroad.

## ***Linguistics Minor***

### **Requirements:**

MLG 375 - Phonetics and Phonology of English  
MLG 401 - Sociolinguistics and Dialect  
MLG 451 – Second Language Acquisition  
MLG 452 – Applied Linguistics

### **Elective Hours: Choose 2 courses (6 sem. hrs.) from the following:**

ENG 321 – Sentence and Grammar Style  
ENG 322 – Language and Diversity  
SPA 350 – Advanced Spanish Grammar  
SPA 375 – Phonetics and Phonology of Spanish  
SPA 395 – Spanish Linguistics

## ***Modern Languages Minor***

18 semester hours of university credit in an approved language, with 6 of those 18 at the 300 level or higher. Students who choose this minor should take MLG 205 to satisfy the University Core Social Sciences requirement.

## ***Spanish Minor***

18 semester hours of university credit in Spanish, with 6 of those 18 at the 300 level or higher.

## **TESOL Minor**

### **Requirements:**

MLG 450 - The Multicultural Classroom  
MLG 451 - Second Language Acquisition  
MLG 452 - Applied Linguistics  
MLG 453 - Methods and Field Studies

Students who complete all four courses (MLG 450, 451, 452 and 453) will earn an English as a Second Language (K-12) Certificate

### **Elective Hours: Choose 2 courses (6 sem. hrs.) from the following:**

MLG 205 - Cross-Cultural Understanding  
MLG 375 - Phonetics and Phonology of English  
ENG 457 - History of the English Language  
MLG 401 - Sociolinguistics and Dialect  
COM 301 – Nonverbal Communication  
ENG 321 – Sentence and Grammar Style  
ENG 322 – Language and Diversity  
ENG 455 – Methods of Teaching Composition and Grammar

## **Certificate**

### **English As A Second Language (K-12) (CERT) Certificate**

#### **Required Courses (12 hours)**

MLG 450 - The Multicultural Classroom  
MLG 451 - Second Language Acquisition  
MLG 452 - Applied Linguistics  
MLG 453 - Methods and Field Studies

The Modern Language department offers an English as a Second Language (K-12) (CERT) Certificate Program at the graduate and undergraduate level. The purpose of the certificate program is to develop qualified students who have an interest in teaching English to non-native English speakers. This is an interdisciplinary program with courses in linguistics, teacher training and pedagogy, research, and multicultural understanding, incorporating the departments of Modern Languages, Education, English, and Communication. This four-course program meets the required guidelines for an add-on endorsement by the Mississippi Department of Education for English as a Second Language.

## **Chinese Courses**

### **CHI 101 - Elementary Chinese I**

**Credits, 3 sem. hrs. Prerequisite(s): None.**

A course for beginning students with an emphasis on hearing, speaking, reading, and writing Chinese language (simplified) within a cultural context.

## **CHI 102 - Elementary Chinese II**

Credits, 3 sem. hrs. Prerequisite(s): CHI 101.

A continuation course for beginning students with an emphasis on the further development of the four skills of hearing, speaking, reading, and writing the Chinese language (simplified) within a cultural context.

## **CHI 201 - Intermediate Chinese I**

Credits, 3 sem. hrs. Prerequisite(s): CHI 101, CHI 102.

A course for intermediate students with a limited background in the Chinese language. Students will continue to develop skills in reading, writing, listening, and speaking.

## **CHI 202 - Intermediate Chinese II**

Credits, 3 sem. hrs. Prerequisite(s): CHI 201.

Intermediate Chinese II is a continuation course for intermediate students. Students will continue to develop skills in reading, writing, listening, and speaking.

## **CHI 440 - Selected Topics**

Credits, 3 sem. hrs. Prerequisite(s): by department approval.

Designed to meet the needs of students minoring in Chinese.

# **French Courses**

## **FRE 101 - Elementary French I**

Credits, 3 sem. hrs. Prerequisite(s): None.

A course for beginning students with emphasis on hearing, speaking, reading, and writing the French language within a cultural context.

## **FRE 102 - Elementary French II**

Credits, 3 sem. hrs. Prerequisite(s): FRE 101 or 1 unit of high school French.

A continuation of FRE 101 - Elementary French I with emphasis on the further development of the four skills of hearing, speaking, reading, and writing the French language within a cultural context.

## **FRE 109 - Beginning French Conversation**

Credits, 3 sem. hrs. A conversation course for beginning students participating in the Tours Summer Program.

## **FRE 201 - Intermediate French I**

Credits, 3 sem. hrs. Prerequisite(s): FRE 101 - FRE 102 or 2 units of high school French.

A course composed of grammar review, conversation, composition, and cultural and literary readings. Designed for students with a basic knowledge of French pronunciation, vocabulary and grammar.

## **FRE 202 - Intermediate French II**

Credits, 3 sem. hrs. Prerequisite(s): FRE 201 or 3 units of high school French.

A continuation of FRE 201 - Intermediate French I.

### **FRE 209 - Intermediate French Conversation**

Credits, 3 sem. hrs. Prerequisite(s): FRE 201 or instructor's consent.

A conversation course for intermediate students in French. May be used instead of FRE 202 to satisfy core curriculum requirement.

### **FRE 309 - Advanced French Conversation and Composition I**

Credits, 3 sem. hrs. Prerequisite(s): FRE 202 or FRE 209.

Practice in French conversation and composition based on practical and cultural topics. Designed for the non-native speaker of French. Students enrolled in this course will be required to make oral presentations.

### **FRE 310 - Advanced French Conversation and Composition II**

Credits, 3 sem. hrs. Prerequisite(s): FRE 202 or FRE 209.

Practice in French conversation and composition based on practical and cultural topics. Designed for the non-native speaker of French. Topics will vary from FRE 309. Students enrolled in this course will be required to make oral presentations.

### **FRE 315 - French Civilization**

Credits, 3 sem. hrs. Prerequisite(s): FRE 202 or FRE 209.

A study of French civilization and culture with emphasis on history, art, and music. Classes conducted in French.

### **FRE 350 - Advanced French Grammar**

Credits, 3 sem. hrs. Prerequisite(s): FRE 202 or FRE 209.

A study of French grammar and syntax. Classes conducted in French.

### **FRE 375 - French Phonetics and Pronunciation**

Credits, 3 sem. hrs. Prerequisite(s): FRE 202 or FRE 209.

An introduction to the phonetic system of the French language with emphasis on pronunciation. Classes conducted in French.

### **FRE 401 - Survey of French Literature**

Credits, 3 sem. hrs. Prerequisite(s): FRE 202 or FRE 209.

A survey of French literary masterpieces from the Middle Ages through today. Classes conducted in French.

### **FRE 402 - Selected Topics in French Literature**

Credits, 3 sem. hrs. Prerequisite(s): FRE 202 or FRE 209.

Designed to meet the needs of students majoring in French. Classes conducted in French.

### **FRE 416 - Survey of Film in the French Speaking World**

Credits, 3 sem. hrs. Prerequisite(s): FRE 202 or FRE 209.

This course is taught as an appreciation of French culture as presented through a diversity of films. Classes conducted in French.

### **FRE 420 - French For Business**

Credits, 3 sem. hrs. Prerequisite(s): FRE 202 or FRE 209.

A study of vocabulary used in business correspondence, travel and international business transactions. Classes conducted in French. Students enrolled in this course will be required to make oral presentations.

### **FRE 440 - Selected Topics**

Credits, 3 sem. hrs. Prerequisite(s): FRE 202 or FRE 209 and instructor's consent.

Designed to respond to identified interests and needs of students majoring or minoring in French. Classes conducted in French.

### **FRE 441 - Methods and Materials in Teaching Foreign Languages**

Credits, 3 sem. hrs. Prerequisite(s): FRE 202 or FRE 209

Methods, techniques and pedagogical practices in the teaching of foreign languages to secondary school students. For students seeking a standard educator license in foreign languages. Classes conducted in French.

## **German Courses**

### **GER 101 - Elementary German I**

Credits, 3 sem. hrs. Prerequisite(s): None.

A course for beginning students with emphasis on hearing, speaking, reading, and writing the German language within a cultural context.

### **GER 102 - Elementary German II**

Credits, 3 sem. hrs. Prerequisite(s): GER 101 or 1 unit of high school German.

A continuation of GER 101 - Elementary German I with emphasis on the further development of the four skills of hearing, speaking, reading, and writing the German language within a cultural context.

### **GER 109 - Beginning German Conversation**

Credits, 3 sem. hrs. A conversation course for beginning students participating in the Salzburg College Program. This course accompanies a grammar-oriented Elementary German course.

### **GER 201 - Intermediate German I**

Credits, 3 sem. hrs. Prerequisite(s): GER 101 - GER 102 or 2 units of high school German.

A course composed of grammar review, conversation, composition, and cultural and literary readings. Designed for students with a basic knowledge of German pronunciation, vocabulary and grammar.

### **GER 202 - Intermediate German II**

Credits, 3 sem. hrs. Prerequisite(s): GER 201 or 3 units of high school German.

A continuation of GER 201 - Intermediate German I.

### **GER 209 - Intermediate German Conversation**

Credits, 3 sem. hrs. Prerequisite(s): GER 201 or instructor's consent.

A conversation course for intermediate students. This course accompanies a grammar-oriented German course. May be used instead of GER 202 to satisfy core curriculum requirement.

### **GER 309 - Advanced German Conversation and Composition I**

Credits, 3 sem. hrs. Prerequisite(s): GER 202 or GER 209.

Practice in German conversation and composition based on practical and cultural topics. Designed for the non-native speaker of German. Students enrolled in this course will be required to make oral presentations.

### **GER 310 - Advanced German Conversation and Composition II**

Credits, 3 sem. hrs. Prerequisite(s): GER 202 or GER 209.

Practice in German conversation and composition based on practical and cultural topics. Designed for the non-native speaker of German. Topics will vary from GER 309. Students enrolled in this course will be required to make oral presentations.

### **GER 315 - German Civilization**

Credits, 3 sem. hrs. Prerequisite(s): GER 202 or GER 209.

A study of German civilization with emphasis on history, art, and music. Classes conducted in German.

### **GER 401 - German Literature I**

Credits, 3 sem. hrs. Prerequisite(s): GER 202 or GER 209.

An introduction to German literature of the twentieth century with an emphasis on Nobel-prize winning authors. Classes conducted in German.

### **GER 402 - German Literature II**

Credits, 3 sem. hrs. Prerequisite(s): GER 202 or GER 209.

A survey of German literary masterpieces from the eighteenth and nineteenth centuries. Classes conducted in German.

### **GER 440 - Selected Topics**

Credits, 3 sem. hrs. Prerequisite(s): GER 202 or GER 209 and instructor's consent.

Designed to respond to identified interests and needs of students majoring or minoring in German. Classes conducted in German.

## **Japanese Courses**

### **JPN 101 - Elementary Japanese I**

**Credits, 3 sem. hrs. Prerequisite(s): None.**

A course for beginning students with an emphasis on hearing, speaking, reading, and writing the Japanese language (simplified) within a cultural context.

### **JPN 102 - Elementary Japanese II**

**Credits, 3 sem. hrs. Prerequisite(s): JPN 101.**

A continuation course for beginning students with an emphasis on the further development of the four skills hearing, speaking, reading, and writing the Japanese language (simplified) within a cultural context.

### **JPN 201 - Intermediate Japanese I**

**Credits, 3 sem. hrs. Prerequisite(s): JPN 101, JPN 102.**

A continuation course for intermediate students with a limited background in the Japanese language. Students will continue to develop skills in reading, writing, listening, and speaking.

### **JPN 202 - Intermediate Japanese II**

**Credits, 3 sem. hrs. Prerequisite(s): JPN 201 - Intermediate Japanese I**

Intermediate Japanese II is a continuation course for intermediate students. Students will continue to develop skills in reading, writing, listening, and speaking.

### **JPN 440 - Selected Topics**

**Credits, 3 sem. hrs. Prerequisite(s): by department approval.**

Designed to meet the needs of students minoring in Japanese.

## **Latin Courses**

### **LAT 101 - Elementary Latin**

**Credits, 3 sem. hrs. Corequisite/Prerequisite Prerequisite(s): None**

Introduction to the Latin language, with emphasis on pronunciation, basic grammar, syntax, and vocabulary, along with attention to the influences of Latin on English.

### **LAT 102 - Elementary Latin**

**Credits, 3 sem. hrs. Prerequisite(s): LAT 101 or 1 unit of high school Latin.**

Introduction to the Latin language, with emphasis on pronunciation, basic grammar, syntax, and vocabulary, along with attention to the influences of Latin on English.

### **LAT 201 - Intermediate Latin**

**Credits, 3 sem. hrs. Prerequisite(s): LAT 102 or 2 units of high school Latin.**

These courses build on LAT 101 - LAT 102, further developing the ability to read selections from Latin literature with understanding and appreciation.

### **LAT 202 - Intermediate Latin**

**Credits, 3 sem. hrs.** *Prerequisite(s): LAT 201 or 3 units of high school Latin.*

These courses build on LAT 101 - LAT 102, further developing the ability to read selections from Latin literature with understanding and appreciation.

### **LAT 411 - Selected Readings in Latin**

**Credits, 3 sem. hrs.** *Prerequisite(s): Two years of high school Latin and instructor's consent or LAT 202.*

Extensive reading of Latin literature, focusing on particular authors or works.

## **Modern Language, General Courses**

### **MLG 105 – Survey of Global Engagement**

**Credits, 2 sem. hrs.**

This course uses an interdisciplinary approach to survey topics and strategies for global engagement. Students will research a variety of global issues, analyzing the significance and impact of these issues within global contexts. Students will evaluate diverse perspectives of current affairs from news media, expert-led lectures and discussions, and independent research and reflection. Culminating projects and writing will consider various degrees of and approaches to global engagement and further study. This course is intended for students who want to broaden their awareness and understanding of contemporary global issues and use this knowledge to undertake informed action in their role within the global citizenry.

### **MLG 205 - Cross-Cultural Understanding**

**Credits, 3 sem. hrs.** (This course satisfies three hours of the University Core Curriculum Social Sciences requirement.) This course will introduce students to various cultures in order to develop an awareness and understanding of how culture influences perceptions and actions. Students will also study communication skills drawn from a cross-cultural frame of reference.

### **MLG 305 - Cross-Cultural Leadership**

**Credits, 3 sem. hrs.**

This course explores leadership communication skills through the lens of cultural intelligence. Students will evaluate topics such as building motivation to interact with other cultures, the art of adaptability within cultural contexts, effective communication strategies in culturally diverse situations, and choosing the right verbal and nonverbal behaviors in culturally influenced settings. The course is intended for students who want to further their knowledge and practice of interacting within previously unfamiliar cultural settings.

### **MLG 375 - Phonetics and Phonology of English**

**Credits, 3 sem. hrs.** An introductory course designed to be a first formal coursework in English phonetics and phonology. It is intended for upper-level students who wish to learn more about the sounds of English and the phonological rules that govern the language. The course is divided into three primary components: the study of the International Phonetic Alphabet, the practice of transcriptions of English discourse (phonemic and phonetic versions), and the awareness of

dialectal differences seen in the sounds of English. This will be primarily helpful for teaching second language learners of English.

### **MLG 401 - Sociolinguistics and Dialect**

Credits, 3 sem. hrs. This course is intended to provide students with a sound, basic coverage of sociolinguistics and dialectology. The course content will be directed to future teachers, focusing on the applications of teaching of English as a second language, in addition to covering global themes within the disciplines. Students will have the opportunity to gain practical knowledge through research projects and actual data from audio/video sources.

### **MLG 440 - Selected Topics**

Credits, 3 sem. hrs. Designed to respond to identified interests and needs of students in foreign languages not traditionally taught at Mississippi College.

### **MLG 450 - The Multicultural Classroom**

Credits, 3 sem. hrs. A course designed to introduce students to various cultures in order to develop an awareness and understanding of how culture influences perceptions and actions. This course will help teachers use this knowledge to make instruction of students from diverse cultural backgrounds less problematic and more effective.

### **MLG 451 - Second Language Acquisition**

Credits, 3 sem. hrs. A course designed to examine empirical and theoretical studies of second language acquisition and processing in order to look into why people learn second languages, what effects this process has on the first language, and what motivates people to learn another language.

### **MLG 452 - Applied Linguistics**

Credits, 3 sem. hrs. A course designed to provide the practical aspects and applications of the concepts learned in MLG 450 - The Multicultural Classroom and MLG 451 - Second Language Acquisition. Provides the student with the opportunity to examine the various areas of linguistics as it is applied to ESL.

### **MLG 453 - Methods and Field Studies**

Credits, 3 sem. hrs. This course addresses the questions an ESL professional needs to ask when determining how to match student needs with an appropriate method of learning. This course will equip the teacher to evaluate, adapt, and use various teaching methods that are suited to particular ESL environments and goals.

### **MLG 470 - Senior Seminar**

Credits, 1 sem. hr. Prerequisite(s): Senior Standing; Majoring in FLIT, International Studies, French, Spanish, LWL, or Modern Languages. This course is required of all seniors in these programs to meet graduation requirements. This course will serve as the exiting capstone course for all seniors majoring in the Department of Modern Languages. Data from this course will be used in the annual assessment report for students in the department. A comprehensive portfolio and oral presentation are required. This course is offered fall and spring semesters only.

# Spanish Courses

## SPA 101 - Elementary Spanish I

Credits, 3 sem. hrs. Prerequisite(s): None.

A course for beginning students with emphasis on hearing, speaking, reading, and writing the Spanish language within a cultural context.

## SPA 102 - Elementary Spanish II

Credits, 3 sem. hrs. Prerequisite(s): SPA 101 or 1 unit of high school Spanish.

A continuation of SPA 101 - Elementary Spanish I with an emphasis on the further development of the four skills of hearing, speaking, reading, and writing the Spanish language within a cultural context.

## SPA 109 - Beginning Spanish Conversation

Credits, 3 sem. hrs. A beginning conversation course reserved for students who study abroad in an approved program.

## SPA 185 - Beginning Medical Spanish

Credits, 3 sem. hrs. This course covers basic terminology used in the medical field with an emphasis on the development of the four skills of hearing, speaking, reading and writing Spanish within a cultural context.

## SPA 201 - Intermediate Spanish I

Credits, 3 sem. hrs. Prerequisite(s): SPA 101- SPA 102 or 2 units of high school Spanish.

A course composed of grammar review, conversation, composition, and cultural and literary readings for students with a basic knowledge of Spanish pronunciation, vocabulary and grammar.

## SPA 202 - Intermediate Spanish II

Credits, 3 sem. hrs. Prerequisite(s): SPA 201 or 3 units of high school Spanish.

A continuation of SPA 201 - Intermediate Spanish I.

## SPA 209 - Intermediate Spanish Conversation

Credits, 3 sem. hrs. Prerequisite(s): SPA 201 or instructor's consent (reserved for students participating in a Spanish study abroad program).

A conversation course for intermediate students.

## SPA 309 - Advanced Spanish Conversation and Composition I

Credits, 3 sem. hrs. Prerequisite(s): SPA 202 or SPA 209.

Practice in Spanish conversation and composition based on practical and cultural topics. Designed for the non-native speaker of Spanish. Students enrolled in this course will be required to make oral presentations.

## SPA 310 - Advanced Spanish Conversation and Composition II

**Credits, 3 sem. hrs. Prerequisite(s): SPA 202 or SPA 209.**

Practice in Spanish conversation and composition based on practical and cultural topics. Designed for the non-native speaker of Spanish. Topics will vary from SPA 309. Students enrolled in this course will be required to make oral presentations.

### **SPA 311 - Advanced Spanish Writing**

**Credits, 3 sem. hrs. Prerequisite(s): SPA 202 or higher**

SPA 311 is an advanced course with emphasis on development of abilities in composition tasks that reflect the kind of writing students are generally asked to perform as majors and minors.

### **SPA 315 - Spanish Civilization**

**Credits, 3 sem. hrs. Prerequisite(s): SPA 202 or SPA 209.**

A study of the civilization of Spain with emphasis on history, art, and music. Classes conducted in Spanish.

### **SPA 316 - Latin-American Civilization**

**Credits, 3 sem. hrs. Prerequisite(s): SPA 202 or SPA 209.**

A study of civilization and culture in Hispanic countries other than Spain with emphasis on history, art, and music. Classes conducted in Spanish.

### **SPA 350 - Advanced Spanish Grammar**

**Credits, 3 sem. hrs. Prerequisite(s): SPA 202 or SPA 209.**

A study of Spanish grammar and syntax. Classes conducted in Spanish.

### **SPA 375 - Spanish Phonetics and Phonology**

**Credits, 3 sem. hrs. Prerequisite(s): SPA 202 or higher.**

An introductory course designed to be a first formal coursework in Spanish phonetics and phonology. It is intended for upper-level students who have a working knowledge of the language and wish to further develop their abilities in the sounds and symbols of Spanish.

### **SPA 385 - Advanced Medical Spanish**

**Credits, 3 sem. hrs. Prerequisite(s): SPA 202 or higher.**

This advanced course covers basic terminology used in the medical field with an emphasis on the development of the four skills of hearing, speaking, reading and writing Spanish within a cultural context. Upon completion of this course, students should feel comfortable serving as a medical translator in hospitals and/or on medical mission trips for a Spanish-speaking patient.

### **SPA 390 - Women Writers in the Spanish-speaking World**

**Credits, 3 sem. hrs. Prerequisite(s): SPA 202 or higher**

A survey of Spanish-speaking women writers taken mostly from the twentieth century. Classes conducted in Spanish.

### **SPA 395 - Introduction to Spanish Linguistics**

**Credits, 3 sem. hrs. Prerequisite(s): SPA 202 or higher**

This course offers a basic introduction to the primary components of Spanish linguistics, including phonetics and phonology, morphology, semantics and pragmatics, syntax, and Spanish language variation. This course is taught in Spanish.

### **SPA 401 - Survey of Spanish Literature**

**Credits, 3 sem. hrs. Prerequisite(s): SPA 202 or SPA 209.**

A survey of literary masterpieces of Spain from the Middle Ages through the present. Classes conducted in Spanish.

### **SPA 402 - Selected Topics in Spanish Literature**

**Credits, 3 sem. hrs. Prerequisite(s): SPA 202 or SPA 209.**

A survey of literary masterpieces of Spain from the eighteenth century to the present. Classes conducted in Spanish.

### **SPA 403 - Survey of Latin-American Literature**

**Credits, 3 sem. hrs. Prerequisite(s): SPA 202 or SPA 209.**

A study of major Spanish American writers and their works from the Spanish conquest to present. Classes conducted in Spanish.

### **SPA 404 - Open Topics in Latin-American Literature**

**Credits, 3 sem. hrs. Prerequisite(s): SPA 202 or SPA 209.**

A study of major Spanish American writers and their works. Classes conducted in Spanish.

### **SPA 415 - Survey of Film in the Spanish-Speaking World**

**Credits, 3 sem. hrs. Prerequisite(s): SPA 202 or higher.**

A survey of culture and history as presented in films from countries in the Spanish-speaking world. Classes conducted in Spanish.

### **SPA 420 - Spanish for Business**

**Credits, 3 sem. hrs. Prerequisite(s): SPA 202 or SPA 209.**

A study of vocabulary used in business correspondence, travel and international business transactions. Classes conducted in Spanish. Students enrolled in this course will be required to make oral presentations.

### **SPA 425 - Survey of Short Story**

**Credits, 3 sem. hrs. Prerequisite(s): SPA 202 or higher.**

This course serves as a survey of the Spanish short story, covering authors from Spain, Latin America, and the United States. The course covers a wide spectrum of short stories from the 19th-21st centuries. Classes conducted in Spanish.

### **SPA 440 - Selected Topics**

**Credits, 3 sem. hrs. Prerequisite(s): SPA 202 or SPA 209 and instructor's consent.**

Designed to respond to identified interests and needs of students majoring or minoring in Spanish. Classes conducted in Spanish.

## SPA 441 - Methods and Materials in Teaching Foreign Languages

Credits, 3 sem. hrs. Prerequisite(s): SPA 202 or SPA 209

Methods, techniques and pedagogical practices in the teaching of foreign languages to secondary school students. For students seeking a standard educator license in foreign languages. Classes conducted in Spanish.

[jones20@mc.edu](mailto:jones20@mc.edu)

### **Zachary Osborn**

Director of Social Studies Education (2023)

601.925.7834

[osborn@mc.edu](mailto:osborn@mc.edu)

## *Program Goals*

The Department of History & Political Science honors the mission of Mississippi College by teaching and mentoring students in the fields of History, Political Science, Paralegal Studies, Administration of Justice, and Social Studies Education. We equip students to take the transferable skills of critical thinking, writing, oral communication, and data analysis to the marketplace. We prepare students for the responsibilities of citizenship by helping them understand the ideas and institutions that have shaped societies. We cultivate students who seek to pursue human flourishing in their careers and communities.

Our goals for you, the student, include the following:

An understanding of the institutions of government, law, and law enforcement

A foundational awareness of American and world history

An emphasis on internships and experiential learning opportunities

Preparation for career and calling

Appreciation of how faith enriches intellectual inquiry, moral reflection, concern for justice, and respect for human dignity

Students in History and Political Science may elect majors as follows:

History - Bachelor of Arts, Bachelor of Science, and Bachelor of Science with pre-legal emphasis.

Political Science - Bachelor of Arts, Bachelor of Science, and Bachelor of Science with pre-legal emphasis.

Social Studies Education - Bachelor of Science in Education

Administration of Justice - Bachelor of Science, Bachelor of Science with pre-legal emphasis, Bachelor of Science in Homeland Security, and Bachelor of Science in Loss Prevention/Security Management

Paralegal Studies with Bachelor of Science

### **Three-Three Pre-Law Program**

A freshman pre-law student with an acceptable ACT or SAT score may elect to enter the Three-Three Program upon the approval of their advisor, in consultation with the appropriate department chair. Transfer students are not eligible for the Three-Three Program. Ordinarily, a 26 ACT score or 1180 SAT score will qualify a first-year student for the program. Such students are expected to maintain at least a 3.25 GPA in their undergraduate work to remain competitive for early admission to the Mississippi College School of Law. Students in this program should plan to take the LSAT as soon as possible after their sophomore year, but no later than the fall of their junior year, as an acceptable LSAT score is required for admission to the Mississippi College Law School. **Acceptance into the Three-Three Program, however, does not automatically guarantee admission to the Mississippi College Law School.** The Three-Three Pre-Law Program allows students to count their first year of law school coursework (30 hours) toward the 130 hour requirement for an undergraduate degree. Accordingly, students must satisfactorily complete both three years of undergraduate coursework, as specified herein, and their first year of law school coursework in order to obtain the B.S. degree. Students should refer to the history, political science or administration of justice sections for course requirements for the Three-Three Pre-Law Program.

### **History Major**

Students electing to major in History may choose either the Bachelor of Arts, the Bachelor of Science in History, or the comprehensive major in History with a pre-legal emphasis, depending on the student's vocational plan. History majors who plan to teach may choose the Bachelor of Arts but must take the prescribed education courses for a standard educator license. **No more than 3 semester hours of internship or independent study may be used to satisfy degree requirements of any degree plan in History. A minimum of fifty percent of all coursework applied toward the major must be earned at Mississippi College.**

### **Political Science Major**

Students electing to major in Political Science may select the Bachelor of Arts or the Bachelor of Science degree or the comprehensive major in Political Science with Pre-Legal emphasis. Students planning to pursue graduate work in Political Science are advised to select the B.A. degree; those who plan to attend law school are advised to select the B.S. degree. A minimum of fifty percent of all coursework applied toward the major must be earned at Mississippi College.

## **Administration of Justice Major**

### **TBA, Director**

The Bachelor of Science degrees in Administration of Justice and Homeland Security prepare individuals for professional positions in law enforcement and related criminal justice areas. In addition to general curriculum requirements, courses are offered which develop the skills essential to criminal justice practitioners who are currently engaged in law enforcement work.

Mississippi College will consider transfer credits to students who have completed administration of justice/law enforcement curriculum at an accredited community/junior college. A maximum of 18 semester hours of community/junior or senior college equivalent courses with grades of C or better in each may count toward the major in Administration of Justice. Additional transfer courses may be counted as general electives.

## **Administration of Justice with Emphasis in Homeland Security/Certificate in Homeland Security**

Students may receive undergraduate credit in Homeland Security by completing a Certificate in Homeland Security (21 hrs.), by completing a minor (18 hrs.), or by completing a major in Administration of Justice with an emphasis in Homeland Security.

## **Paralegal Studies Major**

### **Melissa Jones, Director**

This program is designed to train graduates to work under the supervision of attorneys. Since paralegals (also known as legal assistants) are not licensed to practice law, they are prohibited from the Unauthorized Practice of Law, which is a crime under state law.

The major objectives of the paralegal program are the following:

- To increase access to legal services by reducing costs to clients.

- To encourage the growth of the paralegal profession.

- To teach students about legal ethics and to qualify them to work as paralegals in law-related occupations in law offices, government agencies and businesses.

A 27-hour certificate in Paralegal Studies is available to students who already have a baccalaureate degree. Students need above-average writing skills. All students must pass ENG 099 Writing Proficiency Examination during their first semester. Those who do not pass the Writing Proficiency Examination must take ENG 299 Composition Skills the following semester.

Additional computer classes are highly recommended, as are courses in Business Law, Accounting and Business Communications.

### **Levels of Specialization:**

- A student may major in Paralegal Studies and earn a Bachelor of Science degree.

- A student may earn a paralegal certificate if he or she already has earned a baccalaureate degree.

- A student may earn a minor in Paralegal Studies.

## Social Studies Education Major

### Zachary Osborn, Director

This program is designed specifically for students wishing to teach social studies in secondary schools. In lieu of a minor, students will complete all requirements for secondary education licensure as prescribed by the Department of Teacher Education and Leadership.

### Honors I, II, III

A student who completes all Honors courses, totaling 6 hours, will receive 3 semester hours credit toward the appropriate major - History, Political Science, or Administration of Justice. The other 3 hours count as general elective credit.

### Honors Courses

By invitation of the Honors Council; see Junior and Senior Departmental Honors Program section of Undergraduate Catalog.

## Bachelor of Arts

### History, B.A.

Students must meet University Core Curriculum requirements and take the major area field examination approved by the department for this degree program during the final semester before graduation.

### UNIVERSITY CORE

#### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

#### University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

#### **AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

## University Core - Social Sciences (3 hours)

Any PHI (Philosophy) course  
ECO 231 - Principles of Macroeconomics  
GBU 151 - Business Skills for Life  
MLG 205 - Cross-Cultural Understanding  
PLS 201 - American National Government  
PSY 201 - Introduction to Psychology (General Psychology)  
SOC 205 - Sociology: An Introduction in Global Context

## University Core - Science (4 hours)

Four hours of science are required, including one lecture with a corresponding lab. Students are encouraged to choose from one of the following lab courses:

BIO 103 - Human Biology AND  
BIO 104 - Human Biology Laboratory  
OR  
BIO 105 - Plants and People AND  
BIO 106 - Plants and People Laboratory  
OR  
BIO 111 - Biology I AND  
BIO 110 - Biology I Laboratory  
OR  
CHE 112 - Chemistry in American Life II  
OR  
CHE 141 - General Chemistry I  
OR  
PHY 151 - General Physics I  
OR  
PHY 251 - Fundamentals of Physics I

## University Core - Mathematics (3 hours)

Any MAT course numbered 105 or higher, determined in consultation with the advisor.

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation OR  
MUS 125 - Music Appreciation OR  
THE 125 - Introduction to Theatre

## University Core for BA and English Majors - Modern Languages (6-12 hours)

Twelve hours are usually required. Students must complete the intermediate or sophomore-level courses in their chosen language. Students with one high school unit may enter course 102 of the same language and thereby waive 3 hours of this requirement; those with two high school units may enter course 201, waiving 6 hours.

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life

OR

Any combination of:

KIN 124- Nutrition for Well-Being (1 hour)

PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours) 4 semesters

Sophomore (24-53 semester hours) 3 semesters

Junior (54-83 semester hours) 2 semesters

Senior (84 or more semester hours) 1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## Major Requirements

### History Survey Courses (12 hours)

HIS 103 - World Civilization I

AND

HIS 104 - World Civilization II

AND

HIS 211 - History of the United States

AND

HIS 212 - History of the United States

### Historical Methods and Senior Seminar (6 hours)

HIS 360 - Historical Methods

HIS 460 - Senior Seminar in History

### Additional 15 hours of related courses

To be chosen from the remaining 300-400 level History courses (excluding HIS 435 - Social Studies Methods) or from those Political Science courses cross listed for History credit, or from other closely related fields with the approval of the major professor.

### Communication Course (3 hours)

Should be chosen in consultation with advisor.

COM 202 - Interpersonal Communication OR

COM 203 - Professional Communication Skills OR

COM 304 - Public Speaking

## MINOR REQUIREMENTS (18 HOURS)

A typical minor consists of 18 semester hours; however, some department minors may vary in terms of required semester hours. The minor should be selected in consultation with the student's advisor.

### General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

TOTAL: 130 SEM. HOURS

## *Political Science, B.A.*

### UNIVERSITY CORE

#### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam

ENG 213 - Survey of American Literature

### University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**

BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**

BIB 121 - An Intensive Analysis of the New Testament

## University Core - Social Sciences (3 hours)

Any PHI (Philosophy) course  
ECO 231 - Principles of Macroeconomics  
GBU 151 - Business Skills for Life  
MLG 205 - Cross-Cultural Understanding  
PLS 201 - American National Government  
PSY 201 - Introduction to Psychology (General Psychology)  
SOC 205 - Sociology: An Introduction in Global Context

## University Core - Science (4 hours)

Four hours of science are required, including one lecture with a corresponding lab. Students are encouraged to choose from one of the following lab courses:

BIO 103 - Human Biology AND  
BIO 104 - Human Biology Laboratory  
OR  
BIO 105 - Plants and People AND  
BIO 106 - Plants and People Laboratory  
OR  
BIO 111 - Biology I AND  
BIO 110 - Biology I Laboratory  
OR  
CHE 112 - Chemistry in American Life II  
OR  
CHE 141 - General Chemistry I  
OR  
PHY 151 - General Physics I  
OR  
PHY 251 - Fundamentals of Physics I

## University Core - Mathematics (3 hours)

Any MAT course numbered 105 or higher, determined in consultation with the advisor.

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation OR  
MUS 125 - Music Appreciation OR  
THE 125 - Introduction to Theatre

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
OR  
Any combination of:  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS (36 HOURS)

### History and Related Courses (33 hours)

HIS 103 - World Civilization I  
AND  
HIS 104 - World Civilization II

HIS 211 - History of the United States  
HIS 212 - History of the United States  
HIS 360 - Historical Methods  
HIS 460 - Senior Seminar in History

Fifteen additional hours in History (300-400 level), excluding HIS 435 - Social Studies Methods.

### Communication Course (3 hours)

Should be selected in consultation with advisor.

COM 202 - Interpersonal Communication OR  
COM 203 - Professional Communication Skills OR  
COM 304 - Public Speaking

**TOTAL: 130 SEM. HOURS**

Note:

Students must take the major field examination approved by the department for this degree program during the final semester before graduation.

### ***Three-Three Law/Administration of Justice, B.S.***

A freshman pre-law student with an acceptable ACT or SAT score may elect to enter the Three-Three Program upon the approval of their advisor, in consultation with the appropriate department chair. Transfer students are not eligible for the Three-Three Program. Ordinarily, a 26 ACT score or 1180 SAT score will qualify a first-year student for the program. Such students are expected to maintain at least a 3.25 GPA in their undergraduate work to remain competitive for early admission to the Mississippi College School of Law. Students in this program should plan to take the LSAT as soon as possible after their sophomore year, but no later than the fall of their junior year, as an acceptable LSAT score is required for admission to the Mississippi College Law School. Acceptance into the Three-Three program, however, does not automatically guarantee admission to the Mississippi College Law School.

University Core Curriculum (46 sem. hrs.) \*

Courses

AJU 100 - Introduction to Criminal Justice  
HIS 407 - American Constitutional Development I  
HIS 408 - American Constitutional Development II  
AJU 300 - Police Process  
AJU 310 - Judicial Process

AJU 320 - Corrections Process **or**  
AJU 332 - Criminology

**Advanced AJU Credits, 12 sem. hrs.**

AJU 325 - Legal Research and Bibliography

## **Political Science Minor**

Students from other departments who choose to minor in Political Science must take:

PLS 201 - American National Government  
PLS 202 - State and Local Government  
**12 semester hours from the remainder of the Political Science courses.**

## **Preservation Minor**

Courses may count toward the history major; however, history majors who choose to minor in preservation should take HPR courses.

## Required courses:

HIS 304 - Mississippi History  
HPR 470 - Preserving History  
HPR 471 - Architectural History  
HIS 472 - History & Memory in America or  
HPR 472 - History & Memory in America  
HPR 473 - Historical Research & Documentation  
HPR 474 - Historic Conservation

Total: 18 sem. hrs.

## *Public History Minor for History Majors*

Prerequisite: HIS 211 and HIS 212

## Required courses:

HIS 304 - Mississippi History  
HIS 412 - The New South  
HIS 404 - The Old South  
HIS 420 - Field Study in History  
This course will facilitate the student's public history internship.

## Electives (6 sem. hrs.)

Complete two additional 300- or 400-level History Courses

TOTAL: 18 SEM. HRS.

## *Public History Minor for Non-History Major*

Prerequisite: HIS 211 and HIS 212

## Choose two of the following courses:

HIS 304 - Mississippi History  
HIS 412 - The New South  
HIS 404 - The Old South

## Required courses:

HIS 360 - Historical Methods  
HIS 420 - Field Study in History  
This course will facilitate the student's public history internship.

## Electives (6 sem. hrs.)

Complete two additional 300- or 400-level History Courses

TOTAL: 18 SEM. HRS.

## Certificate

### *Homeland Security Certificate (available in online format)*

A 21 hour certificate in Homeland Security is available to individuals who have graduated from high school or who have passed a GED equivalency exam.

Students in the Certificate program who want their Mississippi College courses to count for undergraduate degree credit must be admitted as a regular undergraduate student at Mississippi College. All students who are receiving undergraduate credits for the Certificate in Homeland Security program must pass the ENG 099 - Writing Proficiency Exam during their first semester in the Certificate Program at Mississippi College. Those who do not pass the Writing Proficiency Examination must take ENG 299 the following semester.

A minimum of 15 semester hours in the certificate program must be completed at Mississippi College. Acceptable transfer credit must be at or above a C. Students must make a C or better in all required classes taken at Mississippi College to graduate with a Certificate in Homeland Security.

For the Certificate in Homeland Security, the student must complete the following:

#### A. Required: (6 sem. hrs.)

HLS 441 - Introduction to Homeland Security  
HLS 442 - Introduction to Emergency Management

#### B. Choose from five of the following: (15 sem. hrs.)

HLS 443 - Introduction to Physical Security  
HLS 444 - Legal Aspects of Homeland Security  
HLS 445 - Domestic Terrorism  
HLS 446 - International Terrorism  
HLS 447 - Cyber Terrorism  
HLS 448 - Grant Writing for Homeland Security  
AJU 432 - Special Issues

Total: 21 sem. hrs.

### *Loss Prevention/Security Management Certificate (available in online format)*

A 21-hour certificate in Loss Prevention/Security Management is available through online instruction to individuals who have graduated from high school or who have passed a GED equivalency exam.

Students in the certificate program who want their Mississippi College courses to count for undergraduate degree credit must be admitted as a regular undergraduate student at Mississippi College. All students who are receiving undergraduate credits from the Certificate in Loss Prevention/Security Management program must pass the ENG 099 Writing Proficiency Examination during their first semester in the certificate program at Mississippi College. Those who do not pass the Writing Proficiency Examination must take ENG 299 the following semester.

A minimum of 15 semester hours in the certificate program must be completed at Mississippi College. Acceptable transfer credit must be at or above a grade of C. Students must make a C or better in all required classes taken at Mississippi College in order to graduate with a Certificate in Loss Prevention/Security Management.

For the Certificate in Loss Prevention/Security Management, the student must complete the following courses:

## A. Required Loss Prevention/Security Management Core (12 sem. hrs.)

AJU 405 - Introduction to Loss Prevention  
AJU 406 - Executive Management in Loss Prevention  
AJU 407 - Private Security Law  
AJU 443 - Introduction to Physical Security

## B. Electives: Choose three from the following (9 sem hrs.):

AJU 432 - Special Issues  
Options include White Collar Crime, Kinesic Interview and Interrogation Techniques, Criminal Profiling, Intelligence Analysis, and Transportation Security. AJU 432 may be repeated with a different topic each time.  
AJU 445 - Domestic Terrorism  
AJU 447 - Cyber Terrorism  
AJU 490 - Internship  
AJU 499 - Directed Readings

Total: 21 sem. hrs.

## *Post-Baccalaureate Paralegal Studies Certificate*

### **This is not a graduate level program leading to a Master's Degree**

A 27-hour certificate in Paralegal Studies is available to students who already have a baccalaureate degree. Students need above-average writing skills. All students must pass ENG 099 - Writing Proficiency Exam during their first semester. Those who do not pass the Writing Proficiency Examination must take ENG 299 - Professional Writing Skills the following semester.

A minimum of 15 hours must be completed at Mississippi College. Acceptable transfer credit must be at or above the grade level of a C. Students must make a C or better in all required classes taken at Mississippi College to graduate with a certificate in paralegal studies.

Additional computer classes are highly recommended, as are courses in Business Law, Accounting and Business Communications.

## A. Complete the Paralegal Studies core courses: (18 sem. hrs.)

PLE 201 - Introduction to Law  
PLE 300 - Civil Litigation I  
PLE 301 - Civil Litigation II  
PLE 325 - Legal Research and Bibliography  
PLE 335 - Legal Writing  
PLE 400 - Law Office Management

## B. Complete three 3 semester-hour law-related courses: (9 sem. hrs.)

Complete 9 semester hours of additional PLE courses.

Note(s):

Also in Paralegal Studies section of Graduate Catalog.

Total: 27 sem. hrs.

## Administration of Justice Courses

### **AJU 100 - Introduction to Criminal Justice**

Credits, 3 sem. hrs.

An introduction to the fundamental concepts of the criminal justice system.

### **AJU 200 - Analysis of Drug Abuse**

Credits, 3 sem. hrs.

A study of drug abuse and its relationship to the criminal justice system.

### **AJU 300 - Police Process**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.*

An analysis of the role of police in contemporary society.

### **AJU 301 - Criminal Investigation**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.*

A study of the crime-solving process.

### **AJU 310 - Judicial Process**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.*

A study of the role and structure of local, state, and federal court systems, including the functions of prosecutors, public defenders, and private lawyers.

[Crosslisted as: PLE 310.]

### **AJU 311 - Arrest, Search and Seizure**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.*

A study of the constitutional and procedural considerations affecting arrest, search and seizure.

### **AJU 320 - Corrections Process**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.*

A study of the correctional process in contemporary society from conviction to institutionalization.

### **AJU 321 - Community-Based Corrections**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.*

A study of the theories and practices of probation, parole and pardon including administrative organization, feasibility and effectiveness of treating individuals released to the community.

## **AJU 325 - Legal Research and Bibliography**

Credits, 3 sem. hrs. An introduction to the fundamental and essential tools and resources of legal research. Problems are assigned to give students actual research experience in the Law Library. Primary emphasis is given to the judicial, legislative and administrative sources of American law.

[Crosslisted as: PLE 325]

## **AJU 331 - Forensic Science**

Credits, 3 sem. hrs. Prerequisite(s): Sophomore standing.  
A study of crime laboratory principles and scientific crime detection methods.

## **AJU 332 - Criminology**

Credits, 3 sem. hrs. Prerequisite(s): Sophomore standing.  
An analysis of sociological theories of criminology and delinquency with attention to the problems of control and prevention.

## **AJU 350 - Critical Thinking and the Law**

Credits, 3 sem. hrs. Prerequisite(s): Sophomore standing.  
This course emphasizes the application of critical thinking skills to varied legal problems as a means of determining factual relevance and logical arguments to be used in support of positions taken.

[Crosslisted as: PLE 350.]

## **AJU 400 - Police Rights and Responsibilities**

Credits, 3 sem. hrs. Prerequisite(s): Sophomore standing.  
A study of the fundamental rights and civil liabilities of the police, their supervisors and other law enforcement personnel.

## **AJU 401 - Police Personnel Administration**

Credits, 3 sem. hrs. Prerequisite(s): Sophomore standing.  
A study of the organization, management techniques, and supervision of police personnel.

## **AJU 402 - Police Stress**

Credits, 3 sem. hrs. Prerequisite(s): Sophomore standing.  
A study of causes, cures and types of stress common to law personnel.

## **AJU 403 - Criminal Law**

Credits, 3 sem. hrs. Prerequisite(s): Sophomore standing.  
A study of the criminal law system which has developed in the U.S., including Mississippi Criminal Statutes.

## **AJU 405 - Introduction to Loss Prevention**

**Credits, 3 sem. hrs Prerequisite(s): AJU 100**

This course is an overview of the field of retail loss prevention and it addresses basic theories and concepts, key terms and definitions and current critical issues. This course introduces the student to the organizational fundamentals of loss prevention, including goals, missions, objectives, functions, operations, and roles.

**AJU 406 - Executive Management in Loss Prevention**

**Credits, 3 sem. hrs Prerequisite(s): AJU 405**

This course introduces the student to retail loss prevention issues from a supervision and management perspectives, including the role of loss prevention within the corporate management structure. This course also introduces the student to classic and contemporary management theory along with basic roles and functions of managers and supervisors. This course is designed to assist individuals currently holding or aspiring to management positions in implementing realistic loss prevention strategies in both small and large retail and corporate environments. Lab fees will cover materials for the loss prevention certification.

**AJU 407 - Private Security Law**

**Credits, 3 sem. hrs Prerequisite(s): AJU 100**

This course will introduce the student to the legal aspects and concerns related to Loss Prevention Management and Private Security Administration. It also introduces the student to the applicable criminal procedures utilized in corporate investigations, civil rights and fair employment rules, civil liability, contract considerations, and regulatory agency requirements.

**AJU 410 - Juvenile Justice Process**

**Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.***

A study of the adjudication process for juveniles including the philosophy and practice of treatment procedures for juvenile delinquents.

**AJU 414 Cyber Crimes Credits**

**Credits, 3 sem. hrs**

This course provides an overview of cyber crimes. It addresses the basic theories, concepts, key terms, definitions, and current critical issues. Students completing this course will be able to appraise and assess the different kinds of cyber crimes and other criminal activity. The course will also examine technological advancements and the opportunities they may present for cyber criminals as well as how one can devise plans, countermeasures, and contingencies against cyber attacks. Students will also examine the efficacy of current U.S. policy regarding critical infrastructure protection.

**AJU 421 - Victimology**

**Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.***

Analysis of contemporary victim compensation programs and a comprehensive study of victimization.

**AJU 424 Homicide Investigation**

**Credits, 3 sem. hrs**

This course examines the knowledge and skills to professionally investigate any possible homicidal situations. Students will learn a systematic process for handling a crime scene, from the initial approach through scene documentation and evidence collection and how the latest technology and forensic sciences can assist a homicide investigation.

**AJU 425 - Human Relations and Police Work**

**Credits, 3 sem. hrs.** This course will enable students to become competent in managing relations between the people they might interact with in a police department and on their beats. Emphasis is placed on developing oral/written communication and critical thinking skills that will enable students to deal with the various conflicts they might be called on to solve in the daily work routine of a police officer.

### **AJU 430 - Police Problems and Practices**

**Credits, 3 sem. hrs. Prerequisite(s): Sophomore standing.**

An analysis of contemporary problems and practices confronting police officers in our society today.

### **AJU 432 - Special Issues**

**Credits, 3 sem. hrs. Prerequisite(s): Sophomore standing.**

Forum for special course offerings focusing upon special issues in criminal justice by visiting instructors or regular faculty.

### **AJU 434 - Deviant Behavior**

**Credits, 3 sem. hrs. Prerequisite(s): Sophomore standing.**

A study of social deviancy as it relates to such areas in society as crime, delinquency, mental health, and religion.

### **AJU 436 Criminal Profiling**

**Credits, 3 sem. hrs.**

This course examines the history and present-day use of profiling in the Administration of Justice field, such as forensic victimology, crime scene analysis, and offender characteristics.

### **AJU 438 White Collar Crime**

**Credits, 3 sem. hrs.**

This course examines the history and present-day criminal activities committed by people in the regular course of their business which involve bribery, extortion, tax evasion, money laundering, fraud, embezzlement, Ponzi scheme and securities fraud such as insider trading that usually ends in financial gain or the perpetrators.

### **AJU 439 Kinesic Interview and Interrogation**

**Credits, 3 sem. hrs.**

This course is designed to familiarize the student with the techniques and principles of Kinesic Interviewing skills. Students will learn the fundamentals of interviewing which include verbal quality, stress response states, verbal content, and non-verbal behaviors

### **AJU 490 - Internship**

**Credits, 3 or 6 sem. hrs. Prerequisite(s): Junior or senior standing or instructor's consent.**

A planned program of observation in selected criminal justice, homeland security, loss prevention, or security management agencies. Credit is awarded on CR/NC.

### **AJU 498 - Independent Study**

Credits, 1-3-6 sem. hrs. Prerequisite(s): Junior or senior standing or instructor's consent.

This is an independent research course completed in one of the following areas: Criminal Justice, Homeland Security, Loss Prevention, or Security Management.

### **AJU 499 - Directed Readings**

Credits, 3 sem. hrs. A readings course designed to broaden a student's knowledge in the area of criminal justice, homeland security, loss prevention, or security management. May be repeated once.

## **Geography Courses**

### **GEO 210 - Principles of Geography**

Credits, 3 sem. hrs. Human interdependencies and interrelationships with the social and physical environments, with special focus on the mutual impact of human values, human environment and life phases are explored. This course provides social studies teachers the required knowledge, capabilities, and dispositions to organize and provide instruction at the appropriate school level for the study of geography.

### **GEO 390 - Independent Readings & Research in Geography**

Credits, 3 sem. hrs. Prerequisite(s): GEO 210.

Designed for students to broaden their geographical knowledge beyond regular course offerings.

### **GEO 401 - Selected Topics in Geography**

Credits, 1 sem. hr. Prerequisite(s): GEO 210 and instructor's consent.

These courses are offered in response to identified interests and needs. In collaboration with the instructor, a topic of interest will be selected for in-depth study.

### **GEO 402 - Selected Topics in Geography**

Credits, 2 sem. hrs. Prerequisite(s): GEO 210 and instructor's consent.

These courses are offered in response to identified interests and needs. In collaboration with the instructor, a topic of interest will be selected for in-depth study.

### **GEO 403 - Selected Topics in Geography**

Credits, 3 sem. hrs. Prerequisite(s): GEO 210 and instructor's consent.

These courses are offered in response to identified interests and needs. In collaboration with the instructor, a topic of interest will be selected for in-depth study.

### **GEO 491 - Field Studies in Geography**

Credits, 1 sem. hr. Prerequisite(s): GEO 210 and instructor's consent.

These courses are taught in response to a specific need or opportunity. They may involve non-traditional teaching techniques and will combine formal education with practical experience in the field.

### **GEO 492 - Field Studies in Geography**

Credits, 2 sem. hrs. Prerequisite(s): GEO 210 and instructor's consent.

These courses are taught in response to a specific need or opportunity. They may involve non-traditional teaching techniques and will combine formal education with practical experience in the field.

### **GEO 493 - Field Studies in Geography**

Credits, 3 sem. hrs. Prerequisite(s): GEO 210 and instructor's consent.

These courses are taught in response to a specific need or opportunity. They may involve non-traditional teaching techniques and will combine formal education with practical experience in the field.

## **History Courses**

### **HIS 103 - World Civilization I**

Credits, 3 sem. hrs. This course begins with the prehistorical period and will examine the emergence of civilizations in Europe, North and South America, Asia, Africa, and the Middle East, tracing their development up to 1500.

### **HIS 104 - World Civilization II**

Credits, 3 sem. hrs. An examination of major world civilizations from 1500 to the present. Europe, North and South America, Asia, Africa, and the Middle East will be studied.

### **HIS 211 - History of the United States**

Credits, 3 sem. hrs. A study of American history from the period of discovery and exploration to the American Civil War.

### **HIS 212 - History of the United States**

Credits, 3 sem. hrs. A study of American history from the Civil War to the present day.

### **HIS 304 - Mississippi History**

Credits, 3 sem. hrs. Prerequisite(s): Sophomore standing and/or Instructor's consent.

A study of Mississippi from the colonial days to modern times.

### **HIS 310 - Latin American Civilization**

Credits, 3 sem. hrs. This course will explore themes in Latin American history. We will specifically examine Contact, Colonial Latin America, Independence, Revolution, and modern Latin America. Moreover, we will examine race, class, and gender in order to better understand the Latin American experience. You will demonstrate understanding of social institutions, such as the family, religion, and education, which are closely related to each other and are evidence of the integration of the complex social system of Latin America.

### **HIS 324 - The Roman World**

Credits, 3 sem. hrs. This course will explore the history of ancient Rome from the establishment of the city to the fall of the empire. Course themes include the cultural, social, political, military, and religious aspects of Rome, the reasons for Rome's rise and fall, and Rome's legacy in the modern world.

## **HIS 325 - Ancient Near East and Greece**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.*

An intensive study of the ancient civilization of Mesopotamia, Egypt, and Greece, focusing on their rise and fall.

## **HIS 350 - History of Political Theory (Ancient, Medieval and Modern)**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.*

This course is a survey of the development of political thought from the Greeks to the present time.

*[Crosslisted as: PLS 450.]*

## **HIS 360 - Historical Methods**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore Standing.*

This course will introduce students to the theories, methods, and skills of history, including historiography (the history of history). Students will conduct research on a selected topic, focusing on the use of archival primary sources.

## **HIS 390 - Independent Reading and Research**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.*

Designed for outstanding students to broaden their historical knowledge beyond regular course offerings. May be repeated once.

*[Crosslisted as: PLS 390.]*

## **HIS 401 - Selected Topics**

Credits, 1 sem. hr. Prerequisite(s): *Instructor's consent.*

These courses are offered in response to identified interests and needs. Topics of a contemporary nature and other topics of current interest will be chosen for in-depth study.

## **HIS 402 - Selected Topics**

Credits, 2 sem. hrs. Prerequisite(s): *Instructor's consent.*

These courses are offered in response to identified interests and needs. Topics of a contemporary nature and other topics of current interest will be chosen for in-depth study.

## **HIS 403 - Selected Topics**

Credits, 3 sem. hrs. Prerequisite(s): *Instructor's consent.*

These courses are offered in response to identified interests and needs. Topics of a contemporary nature and other topics of current interest will be chosen for in-depth study.

## **HIS 404 - The Old South**

Credits, 3 sem. hrs Prerequisite(s): *Sophomore Standing or instructor's consent.*

A study of the South from colonial times to the Civil War. Emphasis will be given to black-white relations, especially as

they relate to the growth of the plantation system, extension of the frontier, commerce, industry, culture, and the institution of slavery.

### **HIS 405 - A History of Colonial America**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore Standing or instructor's consent.*

This course is a survey of the colonial and revolutionary eras in American history. Emphasis will be given to the planting of colonies, their growth and development, origins of the American Revolution, struggle for independence and the creation of the U.S. Constitution.

### **HIS 406 - Civil War and Reconstruction**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore Standing or instructor's consent.*

A very intensive study of the causes, events, major problems, and lasting effects of this period in the history of the South and the nation.

### **HIS 407 - American Constitutional Development I**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.*

May be counted toward a major or minor in Political Science. A study of the origin and development of the American constitutional system from its English and European background to 1877. The influence of social, economic, and other cultural factors on the developing legal-political structure is stressed. Research, writing, critical thinking and oral communication skills are emphasized and evaluated.

*[Crosslisted as: PLS 407.]*

### **HIS 408 - American Constitutional Development II**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.*

May be counted toward a major or minor in Political Science. A study of the development of the American constitutional system from 1877 to the present. Post-Civil War developments, including substantive due process and increasing concern with individual rights, are examined within the context of developing urban-industrial society and American involvement in international politics. Research, writing, critical thinking, and oral communication skills are emphasized and evaluated.

*[Crosslisted as: PLS 408.]*

### **HIS 412 - The New South**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore Standing or Instructor's Consent*

A study of the New South since the end of Reconstruction. The rise of Jim Crow, the impact of industrialization and urbanization, the emergence of Southern populism, the relation between national and regional identity in the postwar South, and the long civil rights movement will be examined. Questions of Southern identity and historical memory in the post-Civil War South will be explored.

*[Crosslisted as: HIS 5412]*

### **HIS 419 - International Relations**

Credits, 3 sem. hrs. Prerequisite(s): Sophomore standing.

Lecture/Lab/Field/Meeting: Recitations and lectures three hours a week.

May be counted toward major or minor in Political Science. A survey of the principal economic and territorial problems among nations.

[Crosslisted as: PLS 419.]

### **HIS 420 - Field Study in History**

Credits, 1 to 3 sem. hrs. Prerequisite(s): Instructor's consent.

A guided tour of important historical points in the United States or abroad. Lectures, readings, and reports. This course may not be used as part of the basic requirements in History but may be included in the major or as an elective.

### **HIS 426 - Europe in the Era of the French Rev. and Napoleon**

Credits, 3 sem. hrs. Prerequisite(s): Sophomore standing.

A study of the Age of Reason, the Old Regime and its critics, and the disturbing impact of the French Revolution and Napoleon on Europe.

### **HIS 427 - Europe 1815-1918**

Credits, 3 sem. hrs. Prerequisite(s): Sophomore standing.

A survey of political, social, and cultural trends in Europe from the conclusion of the Napoleonic Wars to the conclusion of World War I.

### **HIS 432 - British Empire**

Credits, 3 sem. hrs. Prerequisite(s): Sophomore Standing or instructor's consent.

A study of the rise and fall of the British Empire, focusing on the political, social, economic, and cultural aspects of empire, as well as the importance of empire to English national identity.

### **HIS 433 - World War I**

Credits, 3 sem. hrs. Prerequisite(s): Sophomore Standing or instructor's consent.

A study of the causes and consequences of the First World War, with emphasis on the transformative nature of the war and its legacy in the twentieth century.

### **HIS 434 - Environmental History Seminar**

Credits, 3 sem. hrs. Prerequisite(s): Sophomore Standing or Instructor's consent

This interdisciplinary, experiential learning course will explore topics pertaining to how human interaction with nature influences historical outcomes. Special attention is paid to the way nature shapes human history, settlement, and conflict; the ways in which humans have understood, utilized, and transformed the natural world; and how religious, cultural, scientific, and political attitudes toward nature have changed over time.

[Crosslisted as: HIS 5434

### **HIS 435 - Social Studies Methods**

Credits, 3 sem. hrs. Prerequisite(s): Admission to Teacher Education Program (T.E.P.) or instructor approval.

A specific methods course for secondary Social Studies teachers. This course will allow Social Studies majors to review current strategies, methods— including educational technology—and curricula for Social Studies in the secondary school. An effort will be made to distinguish between middle school and junior high methods and those better suited for high school students.

### **HIS 436 – Leadership and History in the Era of Mass Incarceration**

Credits, 3 sem. hrs

The course examines the history of the carceral spaces in American history from the institution of slavery up through the twenty first century and the context of the expanding prison industrial complex. Students will also learn from practitioners and leaders in the field of higher ed in prison initiatives, prison reform advocates, and abolitionist pedagogical experts on ways they can engage mass incarceration as Christians in their professions. Students will also have an opportunity to engage in the Mississippi College and The University of Mississippi's Prison to College Pipeline Program with fellow MC students at Central Mississippi Correctional Facility in Pearl, MS.

### **HIS 437 - The American Presidency**

Credits, 3 sem. hrs. Prerequisite(s): Sophomore Standing or instructor's consent.

A study of the evolving powers and responsibilities of the presidency, an appraisal of the individuals who have served, and an assessment of the current condition of and prospects for the office.

[Crosslisted as: PLS 437.]

### **HIS 438 - History of Christianity**

Credits, 3 sem. hrs. Prerequisite(s): Sophomore Standing or Instructor's Consent

This course examines the beliefs, institutions, and worldwide expansion of Christianity. Attention will be given to doctrinal and occlusion development, spirituality and devotional practices, historical expressions of service and ministry, the social and cultural ramifications of Christianity, and the dynamic between the church and global societies from the ancient world to the present day.

[Crosslisted as: HIS 5438

### **HIS 439 - American Religious History Seminar**

Credits, 3 sem. hrs. Prerequisite(s): Sophomore Standing or Instructor's Consent

A study of religion in America with attention to the history of institutions, denominations, political activism, cultural engagement, religious experience and religious liberty from the colonial period to the present. A broad overview will serve as the foundation to examine specialized topics in the seminar.

[Crosslisted as: HIS 5439

### **HIS 441 - The Civil Rights Movement**

Credits, 3 sem. hrs. Prerequisite(s):

Sophomore Standing or instructor's consent

This course explores the history of the Civil Rights Movement from the collapse of Reconstruction and the rise of Jim Crow to the modern era of activism and landmark legislation. It examines the key personalities, organizations, events,

and philosophical approaches to the African American freedom struggle, as well as the historiography of the movement. The post-World War II movement for civil rights will receive close attention, particularly in regard to its national and local dynamics as well as the role of religion in civil rights history.

*[Crosslisted as: HIS 5441*

### **HIS 442 - Twentieth Century U.S. Diplomatic History**

*Credits, 3 sem. hrs. Prerequisite(s): Sophomore Standing or instructor's consent.*

May be counted toward a major or minor in Political Science. A study of United States' foreign policy in fact and theory, indicating America's constant involvement in world affairs since before the Revolution. (This course will satisfy the Political Science requirement for a standard educator license.).

*[Crosslisted as: PLS 442.]*

### **HIS 443 - World War II, 1939-1945**

*Credits, 3 sem. hrs. Prerequisite(s): Sophomore standing.*

A study of the causes and consequences of the Second World War with emphasis given to the major military and diplomatic events of the period.

### **HIS 444 - Cold War, 1945-1992**

*Credits, 3 sem. hrs. Prerequisite(s): Sophomore standing.*

The nature of Soviet-American relations since World War II prefaces a more intensive examination of related issues such as nuclear disarmament, emerging Third World nations, and the impact of the Cold War on domestic policy.

### **HIS 445 - The American Revolution**

*Credits, 3 sem. hrs. Prerequisite(s): Sophomore Standing or Instructor's Consent*

A study of the Revolutionary and early Republic eras in American history. Students will examine the tumultuous events in British North America from the 1750s to 1800, the conflicts between the colonists and the British, the political and social motivations to fight independence, gender, race, and class during the revolutionary period, as well as the foundations of the American Constitution.

*[Crosslisted as: HIS 5505*

### **HIS 446 - Europe Since 1919**

*Credits, 3 sem. hrs. Prerequisite(s): Sophomore standing.*

A study of the World War I settlement, the rise of Nazism, Fascism and Communism, World War II, the United Nations, NATO, developments in the Cold War era, and the European Union.

### **HIS 450 - Gilded Age and Progressive Era, 1877-1920**

*Credits, 3 sem. hrs. Prerequisite(s): Sophomore Standing or instructor's consent.*

An analysis of the political, economic, and cultural developments from the post-reconstruction era to the conclusion of the first World War. Key issues include the end of reconstruction, the American West, the rise of big business, populism, progressivism, and World War I.

## **HIS 456 - History of the Middle East**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing or instructor's consent.*

This course will begin with the rise and spread of Islam and will examine the various Arab dynasties, the Ottoman Empire, the Palestinian-Israeli conflict, and conclude with current events.

[Crosslisted as: *PLS 456.*]

## **HIS 457 - England to 1500**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore Standing or instructor's consent.*

A study of Ancient and Medieval England, emphasizing the political, social, economic, and cultural aspects of English history.

## **HIS 458 - England 1500-1800**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore Standing or instructor's consent.*

A study of England from 1500-1800, emphasizing the political, social, economic, and cultural aspects of English history.

## **HIS 459 - England 1800-Present**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore Standing or instructor's consent.*

A study of England from 1800-present, emphasizing the political, social, economic, and cultural aspects of English history.

## **HIS 460 - Senior Seminar in History**

Credits, 3 sem. hrs. Prerequisite(s): HIS 360

This course, taken in the final year of the major, will focus on historical research centered on a particular theme chosen by the professor. Students will build on the knowledge, skills, and methods presented in HIS 360 and in other classes in the major by learning to identify the methods used by historians in a particular field, by delivering seminar presentations, and by conducting research in primary and secondary sources.

## **HIS 472 - History & Memory in America**

Credits, 3 sem. hrs. To assist in the preservation of artifacts and interpretation of events, this course explores the frequent clash between popularly accepted views of the past and historians' analyses. The course's central focus is the crafting of historical interpretations and the formation of collective memory.

[Crosslisted as: *HPR 472.*]

## **HIS 494 - London History and Culture**

Credits, 3 sem. hrs. Prerequisite(s): *London semester participant.*

This is a special course designed for the London semester program. It features class discussion of British history in general; London history specifically; politics; and culture. In addition, museum and gallery visits are a required component of the course.

## **HIS 495 - Austrian Civilization**

Credits, 3 sem. hrs. Corequisite(s): Salzburg College Program participation.

An introduction to Austrian history and culture.

## Homeland Security Courses

### HLS 437 Intelligence Analysis

Credits, 3 sem. hrs.

This course examines the history and development of the role of intelligence analysis in efforts to secure our homeland, including an overview of the tools and techniques associated with intelligence gathering and analysis.

### HLS 441 - Introduction to Homeland Security

Credits, 3 sem. hrs.

This course introduces the student to the field of terrorism and the prevention of terrorism. The prevention of terrorism in the United States lies with Homeland Security, whether it is federal or state sponsored. This course explores the history of terrorism and the ongoing battle to keep the world safe from terrorism.

### HLS 442 - Introduction to Emergency Management

Credits, 3 sem. hrs.

This course focuses on the areas critical in emergency management and disaster relief systems, to include mitigation, risk management, planning, and process. The course covers all issues associated with emergency planning, management, policies and the systems in place to manage disaster support.

### HLS 443 - Introduction to Physical Security

Credits, 3 sem. hrs.

This course is designed to familiarize you with the managerial aspects of physical security. This course is an overview of physical security from a management perspective while keeping the student abreast of the industry changes and academic relevance.

### HLS 444 - Legal Aspects of Homeland Security

Credits, 3 sem. hrs.

This course is the study of the legal aspects of current government regulations on intelligence operations, identity management, information dissemination, infrastructure protection, security concerns, and ethical issues. The development of public policy in homeland security is examined on local, regional, national, and international levels.

### HLS 445 - Domestic Terrorism

Credits, 3 sem. hrs.

This course traces the history, emergence, and growth of paramilitary and terrorist groups within the United States. Students will assess various groups' intentions, capabilities, and activities within contexts of and ramifications on political, national security, and legal paradigms.

### HLS 446 - International Terrorism

Credits, 3 sem. hrs.

This course examines the global terrorism phenomenon and the social, economic, political, and religious conditions of select states, groups, and individuals that influence the terrorist mindset. Students examine the definitions, origins and

development of terror as a means of influencing public policy decisions and in fostering transitions in public power to promote group goals. Specific historical instances of the use of terror are evaluated, assessed, and analyzed. Examples of groups such as the Al-Qaeda terrorist network are assessed including focused discussions on current events.

### **HLS 447 - Cyber Terrorism**

**Credits, 3 sem. hrs.**

This course will teach students to identify the ways that digital technologies can be used by terrorists and criminals. Students completing this course will be able to appraise and assess the potential of different kinds of cyber-attacks. The course examines technological advancements on the horizon and the opportunities they may present for terrorists as well as how one can devise plans, countermeasures, and contingencies against future attacks. Students will also learn how to determine the efficacy of current U.S. policy regarding critical infrastructure protection and future avenues for addressing the threat.

### **HLS 448 - Grant Writing for Homeland Security**

**Credits, 3 sem. hrs.**

This course covers the skills and strategies essential to any grant writing process but with heavy emphasis on First Responder grant programs specifically. It will give students the basics needed to apply for funding available from corporate, nonprofit or governmental entities. Specific emphasis is placed on researching and writing grants associated with the Departments of Homeland Security, Justice and those associated with the First Responder community.

### **HLS 449 Transportation Security**

**Credits, 3 sem. hrs.**

This course is designed to familiarize students with the basic framework of global transportation security and how this knowledge is implemented within all levels of government in the homeland security system prior to and following the events surrounding 9/11.

### **HLS 450 Border Security**

**Credits, 3 sem. hrs.**

This course is designed to provide an overview of border security challenges not only in the United States but for comparison purposes, examines the challenges faced by other nations in securing their borders

## **Historic Preservation Courses**

### **HPR 470 - Preserving History**

**Credits, 3 sem. hrs.** This course is designed to provide students with an understanding of the history, methodology and practice of historic preservation. Practical, legal and philosophical issues are examined.

**[Crosslisted as: HIS 470.]**

### **HPR 471 - Architectural History**

**Credits, 3 sem. hrs.** This course is a survey of American architectural styles and the architects responsible for them. Emphasis is on identifying architectural elements that serve as clues in determining a building's architectural style.

**[Crosslisted as: HIS 471.]**

## **HPR 472 - History & Memory in America**

Credits, 3 sem. hrs. To assist in the preservation of artifacts and interpretation of events, this course explores the frequent clash between popularly accepted views of the past and historians' analyses. The course's central focus is the crafting of historical interpretations and the formation of collective memory.

[Crosslisted as: HIS 472.]

## **HPR 473 - Historical Research & Documentation**

Credits, 3 sem. hrs. This course is an introduction to documenting and recording historic buildings and landscapes. Local case study projects will be utilized for archival research, field investigation, and preparation of final documentation.

[Crosslisted as: HIS 473.]

## **HPR 474 - Historic Conservation**

Credits, 3 sem. hrs. Prerequisite(s): HIS 470.

This course presents a fundamental overview of the materials found in the make-up of historic structures--their composition, application and function. The history and evolution of materials, the remedial abatement of deterioration and long-term maintenance are also addressed.

[Crosslisted as: HIS 474.]

# **Paralegal Courses**

## **PLE 201 - Introduction to Law**

Credits, 3 sem. hrs. (To be taken the first semester of Paralegal courses) Introduction to legal terminology and reasoning, the major areas of law, the paralegal profession, the legal profession and legal ethics with some legal research and writing.

## **PLE 300 - Civil Litigation I**

Credits, 3 sem. hrs. The rules of procedure of civil lawsuits with emphasis on law office management, interviewing and investigation, pre-trial motions and initial pleadings.

## **PLE 301 - Civil Litigation II**

Credits, 3 sem. hrs. Prerequisite(s): PLE 300.

The rules of procedure of civil lawsuits with emphasis on pre-trial discovery, trials, and accompanying motions and appeals.

## **PLE 304 - Wills and Estates**

Credits, 3 sem. hrs. Study of the administration of decedents' estates, the use of trusts and guardianships with emphasis on Mississippi law, drafting of wills and trusts, and legal research.

## **PLE 305 - Real Property Law**

Credits, 3 sem. hrs. Estates in land, title and concurrent ownership, real estate closings, transfer of interests in property, escrow agreements, recording systems and drafting of documents affecting property.

## **PLE 310 - Judicial Process**

Credits, 3 sem. hrs. Recommend taking the first semester of Paralegal courses. Study of the state and federal court systems, with emphasis on Mississippi courts and their differences in jurisdiction and procedure. Differences in basic trial procedure, civil and criminal. Some legal research and drafting.

[Crosslisted as: AJU 310.]

## **PLE 320 - Family Law**

Credits, 3 sem. hrs. A study of the Chancery Court in Mississippi, its jurisdiction and unique procedures, with emphasis on domestic relations.

## **PLE 325 - Legal Research and Bibliography**

Credits, 3 sem. hrs. An introduction to the fundamental tools of legal research. Problems are assigned to give students actual research experience in the law library. Primary emphasis is given to the judicial, legislative, and administrative sources of American law.

[Crosslisted as: AJU 325]

## **PLE 330 - Bankruptcy Law**

Credits, 3 sem. hrs. This course is an introduction to federal bankruptcy law. Emphasis is placed upon federal bankruptcy statutes, chapters and forms.

## **PLE 335 - Legal Writing**

Credits, 3 sem. hrs. Prerequisite(s): PLE 325.

Emphasis on improving written communication skills with assignments of legal writing projects including the drafting of business letters, motions, pleadings, memoranda, contracts and resumes.

## **PLE 350 - Critical Thinking and the Law**

Credits, 3 sem. hrs. Prerequisite(s): Sophomore standing or instructor's consent.

This course emphasizes the application of critical thinking skills to varied legal problems as a means of determining factual relevance and logical arguments to be used in support of positions taken.

[Crosslisted as: AJU 350.]

## **PLE 400 - Law Office Management**

**Credits, 3 sem. hrs. Prerequisite(s): Basic word processing skills.**

This is a practical skills training course to introduce students to law office policies, personnel, and legal software used in performing daily tasks such as timekeeping, billing, spreadsheets, case forms, and client trust accounts.

### **PLE 401 - Selected Topics**

**Credits, 1 sem. hr.** Courses offered in response to identified needs and interests of paralegal students for general elective credit only.

### **PLE 402 - Selected Topics**

**Credits, 2 sem. hrs.** Courses offered in response to identified needs and interests of paralegal students for general elective credit only.

### **PLE 403 - Selected Topics**

**Credits, 3 sem. hrs.** Courses offered in response to identified needs and interests of paralegal students for general elective credit only.

### **PLE 410 - Paralegal Internship**

**Credits, 3 sem. hrs. Prerequisite(s): PLE 300, PLE 325, and instructor's consent.**

A 160-hour on-site internship in a law office or legal department of a business or government agency under the supervision of an attorney. Credit is awarded on CR/NC.

## **Political Science Courses**

### **PLS 101 - Introduction to Political Science**

**Credits, 3 sem. hrs.** This course will provide a survey of the academic discipline of Political Science, introducing the subfields and the primary tools used in the study of politics. Students will be exposed to methodological issues, learn about the variety of available resources and work on research and writing skills.

### **PLS 201 - American National Government**

**Credits, 3 sem. hrs.** This course deals with the government of the United States as it originated and developed under the Constitution, stressing the position and powers of the President, Congress, and Supreme Court.

### **PLS 202 - State and Local Government**

**Credits, 3 sem. hrs.** A study of the origin, development, and continuing problems of government in community and state, and their changing relationships to the federal government.

### **PLS 303 - Mississippi Government and Politics**

**Credits, 3 sem. hrs. Prerequisite(s): PLS 201 or PLS 202.**

The student is introduced to the basic institutions of state and local government in Mississippi. Some attention will be

devoted to the one-party system of politics emerging from the end of Reconstruction and its demise. Economic and social changes and the policies designed to cope with change will be covered.

### **PLS 320 - Comparative Governments**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.*

A rapid survey of the governmental organization of the major nations of the world, especially of England, France and Russia. The totalitarian and democratic forms are compared.

### **PLS 324 - American Political Parties and Elections**

Credits, 3 sem. hrs. Prerequisite(s): *PLS 201 or PLS 202.*

May be counted toward a major or minor in History. This course presents the history of the political parties of the United States and a study of practical politics.

### **PLS 360 - American Political Thought**

Credits, 3 sem. hrs. This course is designed to provide an in-depth analysis of American Political thinking from the pre-Revolutionary era through the present. Particular attention is paid to the theoretical conception of liberty, equality, and representation.

### **PLS 387 - Internship**

Credits, 1 sem. hr. These courses involve students in city, county, state, or national governmental agencies for supervised practical activities. Credit awarded on CR/NC basis (See Internship section of Undergraduate Catalog for further information.).

### **PLS 388 - Internship**

Credits, 2 sem. hrs. These courses involve students in city, county, state, or national governmental agencies for supervised practical activities. Credit awarded on CR/NC basis (See Internship section of Undergraduate Catalog for further information.).

### **PLS 389 - Internship**

Credits, 3 sem. hrs. These courses involve students in city, county, state, or national governmental agencies for supervised practical activities. Credit awarded on CR/NC basis (See Internship section of Undergraduate Catalog for further information.).

### **PLS 390 - Independent Reading and Research**

Credits, 3 sem. hrs. Prerequisite(s): *Consent of instructor and department chair.*

Designed for outstanding students to broaden their historical knowledge beyond regular course offerings. May be repeated once.

*[Crosslisted as: HIS 390.]*

### **PLS 401 - Selected Topics**

Credits, 1 sem. hr. These courses are offered in response to identified interests and needs. Topics of a contemporary nature and other topics of current interest will be chosen for in-depth study.

### **PLS 402 - Selected Topics**

Credits, 2 sem. hrs. These courses are offered in response to identified interests and needs. Topics of a contemporary nature and other topics of current interest will be chosen for in-depth study.

### **PLS 403 - Selected Topics**

Credits, 3 sem. hrs. These courses are offered in response to identified interests and needs. Topics of a contemporary nature and other topics of current interest will be chosen for in-depth study.

### **PLS 407 - American Constitutional Development I**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.*

May be counted toward a major or minor in Political Science. A study of the origin and development of the American constitutional system from its English and European background to 1877. The influence of social, economic, and other cultural factors on the developing legal-political structure is stressed. Research, writing, critical thinking, and oral communication skills are emphasized and evaluated.

*[Crosslisted as: HIS 407.]*

### **PLS 408 - American Constitutional Development II**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.*

May be counted toward a major or minor in Political Science. A study of the development of the American constitutional system from 1877 to the present. Post-Civil War developments, including substantive due process and increasing concern with individual rights, are examined within the context of developing urban-industrial society and American involvement in international politics. Research, writing, critical thinking, and oral communication skills are emphasized and evaluated.

*[Crosslisted as: HIS 408.]*

### **PLS 410 - Southern Politics**

Credits, 3 sem. hrs. Prerequisite(s): *PLS 201 or PLS 202.*

The party systems of the Southern states are examined in terms of their origin, development and impact on national politics.

### **PLS 411 - Terrorism and 21st Century America**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.*

An exploration of the roots, motivations, and tactics of attacks against the United States. The main focus will be on the causes and consequences of the September 11 attacks, drawing on the approaches of scholars in several fields to investigate the causes of the event and to consider the implications of future policies.

*[Crosslisted as: HIS 411 and AJU 411 .]*

## **PLS 419 - International Relations**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.*

May be counted toward a major or minor in Political Science. A survey of the principal economic and territorial problems among nations.

[Crosslisted as: HIS 419.]

## **PLS 422 - Politics of Developing Nations**

Credits, 3 sem. hrs. Prerequisite(s): *PLS 101, PLS 320 or instructor's consent.*

An examination of the political processes and governmental distributions in the under-developed and developing nations of the world.

## **PLS 437 - The American Presidency**

Credits, 3 sem. hrs. Prerequisite(s): *HIS 211- HIS 212 or instructor's consent.*

A study of the evolving powers and responsibilities of the presidency, an appraisal of the individuals who have served, and an assessment of the current condition of and prospects for the office.

[Crosslisted as: HIS 437.]

## **PLS 441 - Contemporary Political Ideologies**

Credits, 3 sem. hrs. Prerequisite(s): *PLS 101 or PLS 201 or instructor's consent.*

A study of the major political ideologies of the past century. Topics include: nationalism, conservatism, liberalism, Marxism, democracy and other contemporary political ideologies.

## **PLS 442 - Twentieth Century U.S. Diplomatic History**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore Standing or instructor's consent.*

May be counted toward a major or minor in Political Science. A study of United States' foreign policy in fact and theory, indicating America's constant involvement in world affairs since before the Revolution. (This course will satisfy the Political Science requirement for a standard educator license.).

[Crosslisted as: HIS 442.]

## **PLS 447 - U.S. Military Intervention**

Credits, 3 sem. hrs. Prerequisite(s): *PLS 101 or PLS 201 or instructor's consent.*

A study of American military intervention with an emphasis on the post-World War II era and consideration of the different types of interventions utilized since 1945, including: covert intervention, the utilization of paramilitary forces, the Reagan Doctrine, and instances of direct military intervention by U.S. armed forces.

## **PLS 450 - History of Political Theory (Ancient, Medieval and Modern)**

Credits, 3 sem. hrs. Prerequisite(s): *PLS 101 and PLS 201.*

This course is a survey of the development of political thought from the Greeks to the present time.

*[Crosslisted as: HIS 350.]*

## **PLS 456 - History of the Middle East**

*Credits, 3 sem. hrs. Prerequisite(s): Junior standing or instructor's consent.*

This course will begin with the rise and spread of Islam and will examine the various Arab dynasties, the Ottoman Empire, the Palestinian-Israeli conflict, and conclude with current events.

*[Crosslisted as: HIS 456.]*

## **PLS 499 - Capstone in Political Science**

*Credits, 3 sem. hrs. Prerequisite(s): Senior Standing.*

This course will serve as a summation of the undergraduate study of Political Science, emphasizing research and writing skills. Limited to Seniors, the course will conclude the program of study, recapping the material introduced in PLS 101 and tying together the various substantive courses in terms of how they fit within the study of Political Science. The course will include taking the national field test; however, the primary assignment will be a Capstone research paper, allowing students to demonstrate their research and writing skills.

# **Social Work Department**

## ***Faculty***

### **Laurie Smith Lawson, PhD, LCSW**

Social Work Department Chair; Social Work Program Director

Associate Professor (2012)

Jennings 111

(601) 925-3298

llawson@mc.edu

## ***Support Staff***

### **Cathy Chapman**

Administrative Assistant (2017)

601.925.3207

## ***Department Goals***

The department of social work empowers students to advocate for the most vulnerable in society by providing a foundation for critical analysis, empathetic, compassionate practice, and development of dynamic solutions for personal and cultural problems.

The faculty endeavors to aid students' exploration of self, the social environment, and the interaction between individual and community through examination of culture, social organization, and human personality with an emphasis on ethical practice, cultural competency, and social justice, creating meaningful change in society.

Realization of these goals is attained through a broad liberal arts curriculum, innovative classroom instruction, departmental research projects, and "real world" experiences obtained in internship placements. A global perspective is infused throughout the department's programs of study. The department assumes and nurtures the dignity of all individuals; is committed to the principles of equality, justice, and freedom; and seeks to stimulate a vital interaction among faith, learning, and lifestyle.

The departmental program of study is designed to refine the student's communication and analytic skills by providing learning experiences grounded in theoretical analysis, research, social work practice and human relations. A student is equipped with marketable skills for a variety of positions in social work.

Social work is the major program offered to undergraduate students, and is accredited by the Council on Social Work Education.

## ***Student Organizations***

The Association of Student Social Workers is an organization which seeks to stimulate scholarship and professional identity. It is open to students pursuing social work as a major, as well as any student attending Mississippi College. Phi Alpha Honor Society fosters high standards of education for social workers and invites into membership social work students, faculty, and practitioners.

The department of social work sponsors, in cooperation with the department of history and political science, Pi Gamma Mu, a national honor society established for the purpose of promoting scholarship in the social sciences.

## ***Honors Courses***

By invitation of the honors council; see junior and senior departmental honors program section of [Undergraduate Catalog](#).

# **Bachelor of Social Work**

## ***Social Work, B.S.W.***

Social work is the professional activity of helping individuals, families, groups, organizations or communities improve or recover their ability to function successfully in society. The mission of the Bachelor of Social Work program is to prepare students for entry-level generalist social work practice with diverse individuals, families, groups, organizations, and communities in a changing global social environment. It also prepares students for the option of continued study at the graduate level. The Bachelor of Social Work program provides an integrative foundation of social work knowledge, skills, and values and ethics, guiding and engaging students in critical analysis and exploring best practices, building on client strengths and resiliency in helping to improve client systems. The program promotes advocacy for populations at-risk, social and economic justice, and respect for human diversity. Exploration of self-awareness among each student is part of the Program's strategies, further promoting effective, professional social work practice. The program's professional curriculum incorporates the ten core competencies of the Council on Social Work Education Educational Policy and Accreditation Standards. In a context of Christian higher education, the Program encourages students to commit to enter a profession of service to others that inspires hope, strengthens lives and promotes positive change.

The goals of the BSW program are to prepare students:

- for entry-level generalist social work practice with diverse populations of individuals, families, groups, organizations, and communities in a changing global social environment;
- to advocate for human well-being recognizing the strengths and resiliency of client systems;
- to understand social problems, formulate, influence, and/or improve social policies and services in diverse political contexts;

to utilize critical thinking in understanding and applying appropriate research methodologies, and best practices for implementing and evaluating program services;  
for professional, empathetic social work practice, guided by the CSWE Educational Policy and Accreditation core competencies and the Social Work Code of Ethics;  
for graduate education.

The BSW program incorporates the Educational Policy Accreditation Standards core competencies of social work practice adopted by the Council on Social Work Education. The nine competencies are:

Competency 1: Demonstrate ethical and professional behavior

Competency 2: Engage diversity and difference in practice

Competency 3: Advance human rights and social, economic, and environmental justice

Competency 4: Engage in practice-informed research and research-informed practice

Competency 5: Engage in policy practice

Competency 6: Engage with individuals, families, groups, organizations, and communities

Competency 7: Assess individuals, families, groups, organizations, and communities

Competency 8: Intervene with individuals, families, groups, organizations, and communities

Competency 9: Evaluate practice with individuals, families, groups, organizations, and communities

The social work student is required to complete the following curriculum:

Core Curriculum requirements including SOC 205; PSY 201; MAT 105 or higher; BIO 103 and one 1 hour laboratory science;

Fourteen courses in social work including SWK 099, SWK 225, SWK 312, SWK 331, SWK 332, SWK 333, SWK 334, SWK 422, SWK 426, SWK 433, SWK 434, SWK 445, SWK 448 and SWK 450;

Three interdisciplinary courses MAT 207 or PSY 301, PLS 201 or PLS 202, and PSY 423

Thirty-seven semester hours of electives selected in consultation with an advisor. Nine of the thirty-seven elective hours must be taken in Social work electives.

Social work students transferring from another Council on Social Work Education accredited program are required to complete the following courses at Mississippi College: SWK 331, SWK 332, SWK 433, SWK 434, SWK 448, and SWK 450.

**Introduction to Social Work may only be transferred from another institution if a Social Welfare Program component is included in the course.**

These courses provide knowledge and experience in social welfare policy and services, human behavior and the social environment, social work practice, and social work research. The social work sequence culminates in the completion of a practicum in a local social service agency. The field experience (practicum), constituting a minimum 450 clock hours, offers hands-on practice for social work students in a social work setting. The practicum is the capstone of the social work major.

There is an admission process into the Social Work program. Students may apply after successfully completing SWK 225 and SWK 331 (C or above). The program is open to all qualified applicants without discrimination. Because the Social Work program involves both cognitive and experiential growth through a practicum, the faculty will meet at least annually with each student to discuss their professional and personal progress in the program.

Minimum requirements for admission to the Social Work program:

Completion of at least 75% of core curriculum.

Cumulative GPA = 2.5 or higher.

Successful completion of SWK 225 and SWK 331 (C or above).

Completed application form.

Three letters of reference.

Admissions interview with Social Work Admissions committee.

The following course sequence is strongly recommended for a beginning freshman. Transfer students and individuals electing a major in Social Work after previously pursuing a different course of study at Mississippi College will be advised, upon review of their academic credentials, on an individual basis. Courses marked with a double asterisk (\*\*) must be taken in the sequence indicated. **A grade of C or better is required in all Social Work classes to continue in the program. Additionally, students are required to take the Social Work Licensure Exam during the final semester of the senior year.**

## Program of Study

### University Core Curriculum

**(to include SOC 205 - Sociology: An Introduction in Global Context, PSY 201 - Introduction to Psychology (General Psychology), BIO 103 - Human Biology & MAT 105 or higher)**

### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

### University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR  
HIS 211 - History of the United States  
HIS 212 - History of the United States

### University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

### University Core - Social Sciences (6 hours)

SOC 205 - Sociology: An Introduction in Global Context  
PSY 201 - Introduction to Psychology (General Psychology)

## University Core- Science (4 hours)

BIO 103 - Human Biology AND  
BIO 104 - Human Biology Laboratory

## University Core - Mathematics (3 hours)

Any MAT course numbered 105 or higher, determined in consultation with the advisor.

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation OR  
MUS 125 - Music Appreciation OR  
THE 125 - Introduction to Theatre

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
OR  
Any combination of:  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## SWK Required Courses (45 sem. hrs.)

SWK 225 - Introduction to Social Work and Social Welfare  
SWK 312 - Social Work Research Methods  
SWK 331 - Generalist Practice I  
SWK 332 - Generalist Practice II  
SWK 333 - Human Behavior and Social Environment I  
SWK 334 - Human Behavior and Social Environment II  
SWK 422 - Human Diversity and Social Justice  
SWK 426 - Social Welfare Policy and Programs  
SWK 433 - Generalist Practice III  
SWK 434 - Generalist Practice IV  
SWK 445 - Social Work and Mental Health  
SWK 448 - Senior Seminar

## Interdisciplinary required courses (9 sem. hrs.)

MAT 207 - Elementary Statistics **or**  
PSY 301 - Psychological Statistics

PLS 201 - American National Government **or**  
PLS 202 - State and Local Government

PSY 423 - Abnormal Psychology

## Social Work Electives (9 hrs.)

Nine hours must be taken as SWK courses selected in consultation with an advisor.

## General Electives (28 sem. hrs.)

Twenty-eight hours of courses selected in consultation with an advisor.

Total: 130 sem. hrs.

## *Child Advocacy Studies Training Certificate*

The Child Advocacy Studies Training (CAST) curriculum focuses on interdisciplinary, ethical, trauma informed, realistic, and culturally proficient content that provides professionals a foundation for responding to child maltreatment. Students learn about the various disciplinary responses to child maltreatment and will develop a multidisciplinary understanding of most efficient responses. Students completing the courses in the program will be better equipped to accomplish the work of related agencies (social work, criminal justice, education, psychology, nursing, paralegal, pre-law, pre-med or other areas where knowledge of child maltreatment and advocating for children will be necessary) as they advocate on behalf of child victims and survivors of child maltreatment. Experiential learning through coursework is emphasized. Students majoring in social work may use CAST courses to satisfy required social work electives. The certificate is approved and offered by Zero Abuse Project Protection Training Center, a 501(c)(3) organization committed to transforming institutions in order to effectively prevent, recognize, and respond to child maltreatment.

\*More than 20 Mississippi Institutions of Higher Learning offer either a certificate and/or minor in CAST.

### Required Courses (9 sem. hrs.):

CAST 400 Perspectives on Child Maltreatment and Child Advocacy (3 hours)  
CAST 401 Professional and System Responses to Child maltreatment (3 hours)  
CAST 402 Responding to the Survivor of Child Abuse and Survivor Responses (3 hours)

## *Child Advocacy Studies Training Minor*

The Child Advocacy Studies Training (CAST) curriculum focuses on interdisciplinary, ethical, trauma informed, realistic, and culturally proficient content that provides professionals a foundation for responding to child maltreatment. Students learn about the various disciplinary responses to child maltreatment and will develop a multidisciplinary understanding of most efficient responses. Students completing the courses in the program will be better equipped to

accomplish the work of related agencies (social work, criminal justice, education, psychology, nursing, paralegal, pre-law, pre-med or other areas where knowledge of child maltreatment and advocating *for* children will be necessary) as they advocate on behalf of child victims and survivors of child maltreatment. Experiential learning through coursework is emphasized. **Students may opt for the CAST Certificate, taking CAST 400, 401, and 402.**

Students majoring in social work may use CAST courses to satisfy required social work electives.

*The minor is approved and offered by Zero Abuse Project Protection Training Center, a 501(c)(3) organization committed to transforming institutions in order to effectively prevent, recognize, and respond to child maltreatment*

## Minor

### Child Advocacy Studies Training Minor

#### Required Classes

CAST 400 Perspectives on Child Maltreatment and Child Advocacy (3 hours)  
CAST 401 Professional and System Responses to Child maltreatment (3 hours)  
CAST 402 Responding to the Survivor of Child Abuse and Survivor Responses (3 hours)  
CAST 403 The Church's Response to Child Maltreatment (3 hours)  
CAST 404 Strengthening Families: Building Protective Factors (3 hours)  
CAST 405 CAST Capstone Project and Experience (3 hours)

Total: 18 Sem. Hrs.

### Sociology Minor

The minor in Sociology is designed for students from other disciplines who are interested in learning more about the development, structure, and functioning of human society. Coursework provides students with critical analytic skills and basic knowledge of social relations and social systems and processes.

#### Required Classes (9 sem. hrs.)

SOC 205 - Sociology: An Introduction in Global Context  
SOC 209 – Contemporary Social Problems  
SOC 422 – Human Diversity and Social Justice

#### Sociology Electives (9 sem. hrs.)

SOC 225 – Introduction to Social Work and Social Welfare  
SOC 406 – Healthy Relationships Harmful Relationships  
SOC 438 – Death and Dying

Total: 18 Sem. Hrs.

## Child Advocacy Studies Courses

### **CAST 400 - Perspectives on Child Maltreatment and Child Advocacy**

Credits, 3 sem. hrs. Prerequisite(s): Instructor consent.

This course covers the history, comparative perspectives, the legal framework, responses to child maltreatment, the skills necessary to do the work, and other pertinent issues pertaining to child maltreatment, child advocacy, and the future.

### **CAST 401 - Professional and System Responses to Child Maltreatment**

Credits, 3 sem. hrs. Prerequisite(s): CAST 400

This course focuses on the responses of professionals to allegations of child maltreatment. The purpose of this course is to expand the student's knowledge and skills in identifying, investigating and prosecuting child maltreatment.

### **CAST 402 - Responding to the Survivor of Child Abuse and Survivor Responses**

Credits, 3 sem. hrs. Prerequisite(s): CAST 400 and CAST 401

This course prepares students to recognize the effects of child maltreatment and apply intervention strategies for children and their families. Multidisciplinary approaches to prevention, advocacy and treatment of child maltreatment survivors will be presented and discussed. There will be an experiential lab for this course.

### **CAST 403 – The Church's Response to Child Maltreatment**

Credits, 3 sem. hrs.

This course focuses on the responses of the church and community organizations to the protection and prevention of child maltreatment. The purpose of this course is to expand the student's knowledge and skills in protecting, preventing, and identifying child maltreatment. Students majoring in criminal justice, education, social work, sociology, psychology, nursing, paralegal, pre-med, pre-law, ministry and other areas where knowledge of child maltreatment advocacy are necessary will receive competency-based skills training.

### **CAST 404 – Strengthening Families: Building Protective Factors**

Credits, 3 sem. hrs.

This course is designed to explore the concept of protective factors and equip students with the knowledge and skills to create supportive environments for families. Drawing on research from various disciplines, students will examine the key protective factors that contribute to family resilience and well-being. By creating positive childhood experiences we minimize the impact of Adverse Childhood Experiences (ACEs) which are linked to lifelong illnesses and ultimately lead to early death. Students will learn the strength-based approach to building resilient families. Students will also learn how hope is a protective factor for parents to prevent child maltreatment

### **CAST 405 – CAST Capstone Project and Experience**

Credits, 3 sem. hrs. Prerequisite(s): CAST 400 and CAST 401

Concurrent Prerequisite: CAST 402

This capstone course serves as the culmination of the Child Advocacy Studies program, providing students with the opportunity to integrate and apply their knowledge and skills in a real-world context. Students will participate in an experiential learning project related to child advocacy, combining research, analysis, and practical application to address current issues and challenges in the field.

## **Sociology Courses**

### **SOC 205 - Sociology: An Introduction in Global Context**

**Credits, 3 sem. hrs.** This is an introductory course to the academic discipline of sociology that is international in scope. The course will focus on the contributions of sociology to understanding the society in which we live; the interactions of individuals within our society; various social inequities that distinguish society's character; the mosaic of institutions that shape the look and feel of society; and the diverse effects of change over time upon individuals and society. Primary emphasis will be upon modernization and globalization.

### **SOC 209 - Contemporary Social Problems**

**Credits, 3 sem. hrs.** A study of theoretical approaches to social problems with special emphasis on such specific problems as deviancy, crime, delinquency, prejudice and discrimination, sexual experiences, and mental illnesses. Includes oral presentation by student.

**[Crosslisted as: SWK 209.]**

### **SOC 225 - Introduction to Social Work and Social Welfare**

**Credits, 3 sem. hrs.** An introduction to the Social Work profession and to the philosophy, concepts, and values of social work practice policies and programs. Also included in course content is an overview of the historical development of the profession and current fields of practice. Students must complete a field component comprising a minimum of 40 hours of volunteer experience in a human service agency. This course is an analysis of the historical development of social welfare policies and programs. Current programs will be examined in terms of services, eligibility requirements, etc.

**[Crosslisted as: SWK 225.]**

### **SOC 406 – Healthy Relationships, Harmful Relationships**

**Credits, 3 sem. hrs., respectively.** This course is designed to provide the opportunity for students to become more knowledgeable and skillful in characteristics that constitute healthy and harmful relationships. The course reviews multiple relationship categories including: acquaintanceships, friendships, professional, family, and romantic relationships. Students are taught that though no human relationship is perfect, they can learn to identify characteristics of both healthy and unhealthy relationships

**[Crosslisted as: SWK 406.]**

### **SOC 422 - Human Diversity and Social Justice**

**Credits, 3 sem. hrs**

This course examines aspects of human diversity and the need for social justice on all levels of social work practice. Generalist social workers work with people from a variety of backgrounds, and therefore need knowledge of a wide range of population groups in order to be effective in the practice of social work with diverse clients. Because social workers often work with people who are vulnerable to oppression and discrimination, they also need an understanding of the dynamics of oppression and discrimination as well as strategies that promote political, economic and social justice.

**[Crosslisted as: SWK 422.]**

### **SOC 438 - Death and Dying**

Credits, 3 sem. hrs. Prerequisite(s): SOC 205.

An examination of the perceptions of death and dying, the treatment of the dying person, the grief process, and cross-cultural perspectives on death.

[Crosslisted as: SWK 438.]

## Social Work Courses

### SWK 099 - Social Work Licensure Exam

Credits, Credit or No Credit, 0 sem. hrs. Prerequisite(s): Social Work majors only, completion of all social work courses other than SWK 448 and SWK 450.

Corequisite(s): SWK 448 and SWK 450

Social Work majors are required to take the social work licensure exam prior to graduation. This exam is required for entry level social work practice and is administered by the Mississippi Board of Examiners (MBOE) for Social Workers and Marriage and Family Therapists. The MBOE requires applicants to take the licensure exam developed by the Association of Social Work Boards (ASWB). This exam is used in 49 states, the District of Columbia, the U.S. Virgin Islands, and the Canadian provinces of Alberta and British Columbia.

Social Work majors must take the Social Work Licensing Examination as a requirement for graduation. This examination must be completed during the spring semester of the student's senior year, if they are within 15 hours of graduating.

Fee: Examination fees are established by the state licensing board.

### SWK 209 - Contemporary Social Problems

Credits, 3 sem. hrs. A study of theoretical approaches to social problems with specific emphasis on such specific problems as deviancy, crime, delinquency, prejudice, discrimination, sexual experiences, and mental illness.

[Crosslisted as: SOC 209.]

### SWK 225 - Introduction to Social Work and Social Welfare

Credits, 3 sem. hrs. An introduction to the Social Work profession and to the philosophy, concepts, and values of social work practice policies and programs. Also included in course content is an overview of the historical development of the profession and current fields of practice. Students must complete a field component comprising a minimum of 40 hours of volunteer experience in a human service agency. This course is an analysis of the historical development of social welfare policies and programs. Current programs will be examined in terms of services, eligibility requirements, etc.

[Crosslisted as: SOC 225.]

### SWK 312 - Social Work Research Methods

Credits, 3 sem. hrs. Prerequisite(s): MAT 207 or PSY 301

This course provides students with instruction in the concepts and methods used in the conduct of ethical social work research. The course is based on an understanding that the research process is critical to professional practice, and directly mirrors the problem solving process. The course will provide instruction in various types of problem formulation, research design, sampling, measurement, data collection, ethical issues and applications to social work practice

settings. Students will also learn to evaluate one's own practice and will learn to be competent consumers of social work research studies. Includes oral presentation by student.

### **SWK 331 - Generalist Practice I**

**Credits, 3 sem. hrs** **Corequisite/Prerequisite** SWK 225 and SWK 333.

This course is the first in a four-course practice sequence Social Work majors must complete. As the introductory course in the sequence, Practice I provides an introduction to generalist social work practice, with an emphasis on the skills, knowledge, and values of the profession. Students will learn the stages of the generalist model of social work practice. Additionally, a focus on social work interviewing skills is included.

### **SWK 332 - Generalist Practice II**

**Credits, 3 sem. hrs** **Prerequisite(s)**: SWK 225 , SWK 331 and SWK 333 . Social Work majors only. Must be accepted into the Social Work program.

This course is the second in a four-course practice sequence Social Work majors must complete. Practice II provides a specific focus on social work theory and knowledge related to working with individuals and families. An emphasis on general practice skills, analyses of processes and social work interactions with individuals and families will be presented.

### **SWK 333 - Human Behavior and Social Environment I**

**Credits, 3 sem. hrs.** **Corequisite(s)**: SWK 225, PSY 423

This course will present social systems theory of understanding human behavior within families, groups, organizations and communities. Particular emphasis is placed on the social, cultural, psychological and biological factors influencing the dynamics of human growth and development within the social environment.

### **SWK 334 - Human Behavior and Social Environment II**

**Credits, 3 sem. hrs.** **Prerequisite(s)**: **SWK 333.**

This course will present the development of the individual through the life cycle, focusing on the biological, cultural, psychological, and social systems as they affect human behavior. Identity, spirituality and social justice issues that affect human behavior are addressed.

### **SWK 401 - Selected Topics**

**Credits, 1 sem. hr., respectively.** An analysis of special interest topics not covered in usual course offerings. Course content will vary and topics will include but are not limited to family violence, social work with children, and social work in a health care setting.

### **SWK 402 - Selected Topics**

**Credits, 2 sem. hrs., respectively.** An analysis of special interest topics not covered in usual course offerings. Course content will vary and topics will include but are not limited to family violence, social work with children, and social work in a health care setting.

### **SWK 403 - Selected Topics**

**Credits, 3 sem. hrs., respectively.** An analysis of special interest topics not covered in usual course offerings. Course content will vary and topics will include but are not limited to family violence, social work with children, and social work in a health care setting.

#### **SWK 404 – Guardian Ad Litem**

**Credits, 3 sem. hrs., respectively.** This course will provide opportunities for social work students to interface with law students with cases assigned through the Mississippi College School of Law. The course allows students the opportunity to accompany their assigned “law partner” to court hearings and on home visits to the family members in the case. Participation in the project also requires attendance in periodic informational seminars, which is a stipulation to receive course credit of 3 hours as a social work elective. This is an experiential learning course and is for social work majors only.

#### **SWK 405 – Community-Based Case Management**

**Credits, 3 sem. hrs., respectively.** This course will provide opportunities for social work students to interface with nursing students in community-based case management. Students will accompany their assigned “nursing partner(s)” to a local congregate senior citizen center, and/or to home visits to senior adults assigned by the agency, for the purpose of conducting community-based case management. Participation in the course also requires attendance in periodic informational seminars, a requirement to receive course credit of 3 hours as a social work elective. This is an experiential learning course and available to social work majors only.

#### **SWK 406 – Healthy Relationships, Harmful Relationships**

**Credits, 3 sem. hrs., respectively.** This course is designed to provide the opportunity for students to become more knowledgeable and skillful in characteristics that constitute healthy and harmful relationships. The course reviews multiple relationship categories including: acquaintanceships, friendships, professional, family, and romantic relationships. Students are taught that though no human relationship is perfect, they can learn to identify characteristics of both healthy and unhealthy relationships.

**[Crosslisted as: SOC 406.]**

#### **SWK 422 - Human Diversity and Social Justice**

**Credits, 3 sem. hrs** **Prerequisite(s):** SWK 225 , SWK 331 , SWK 333.

This course examines aspects of human diversity and the need for social justice on all levels of social work practice. Generalist social workers work with people from a variety of backgrounds, and therefore need knowledge of a wide range of population groups in order to be effective in the practice of social work with diverse clients. Because social workers often work with people who are vulnerable to oppression and discrimination, they also need an understanding of the dynamics of oppression and discrimination as well as strategies that promote political, economic and social justice.

**[Crosslisted as: SOC 422.]**

#### **SWK 426 - Social Welfare Policy and Programs**

**Credits, 3 sem. hrs. Prerequisite(s): SWK 225.**

This course examines the current social policy system of the United States. Emphasis is placed on various models of social policy analysis, the political and economic processes affecting policy development and program implementation, and implications for social work practice.

### **SWK 433 - Generalist Practice III**

**Credits, 3 sem. hrs Prerequisite(s):** SWK 331, SWK 332 Social Work majors only. Must be accepted into the Social Work Program.

**Corequisite(s):** SWK 434

This is the third in a four-course practice sequence required for Social Work majors. This course provides a specific focus on the application of social work practice skills to work with groups. An emphasis on theory and knowledge of group dynamics is foundational to this course. Additionally, the course will focus on the development of effective group work skills, including the analysis of social work processes and interactions.

### **SWK 434 - Generalist Practice IV**

**Credits, 3 sem. hrs Prerequisite(s):** SWK 331 , SWK 332 Social Work majors only. Must be accepted into the Social Work Program.

**Corequisite(s):** SWK 433

This is the final course in a four-course practice sequence required for Social Work majors. This course provides a specific focus on the application of social work practice skills to work communities and organizations. An emphasis on theory and knowledge of applying social work skills to work with communities and organizations is presented. Additionally, the course will focus on the development of effective social work practice skills in the macro setting, including the development of leadership in organizational, policy, and advocacy issues. This course includes a service-learning component.

### **SWK 438 - Death and Dying**

**Credits, 3 sem. hrs.** This course is an examination of the perceptions of death and dying, the treatment of the dying person, the grief process, and cross-cultural perspectives on death.

**[Crosslisted as: SOC 438.]**

### **SWK 440 - Social Work and Family Violence**

**Credits, 3 sem. hrs.** This course includes an overview of the many forms of family violence that occur in society, with an emphasis on precursors, patterns, and effects of various forms of family violence. This includes examining intimate partner violence, child abuse and neglect, sexual abuse, dating violence, and elder abuse. Special emphasis will be placed on the intervention role for social workers in both prevention and treatment efforts.

### **SWK 445 - Social Work and Mental Health**

**Credits, 3 sem. hrs. Prerequisite(s):** PSY 423 This course provides an overview of mental health and mental illness in children, youth and families. Students will learn approaches of assessment to evaluate human behavior and functioning throughout the life course. Particular attention will be directed to the Diagnostic and Statistical Manual of Mental Disorders (DSM-5) as the major assessment tool utilized in human services and for insurance reimbursement

### **SWK 446 - Directed Readings**

Credits, 3 sem. hrs. Prerequisite(s): Instructor's consent.

Independent reading and research on a specific topic of interest to the student. Topics are subject to approval of the supervising faculty member. Readings will culminate in the preparation of a paper/project as arranged by the student and faculty member.

### **SWK 448 - Senior Seminar**

Credits, 3 sem. hrs. Prerequisite(s): Social Work majors only; completion of social work sequence.

Corequisite(s): SWK 099 and SWK 450

A seminar to facilitate the integration of knowledge from previous courses with the practicum experience. Additionally, the course will address current social work issues such as ethical dilemmas, integrating personal faith with professional practice, current practice trends, and specialized case study reviews, and the use of appropriate research methods to evaluate practice in the practicum placement.

### **SWK 450 - Social Work Practicum**

Credits, 9 sem. hrs. Prerequisite(s): Social Work majors only; completion of social work sequence.

Corequisite(s): SWK 099 and SWK 448

Thirty-two hours per week throughout the semester of field instruction supervised by a professional social worker in a local social service agency. Focus is on implementing knowledge from previous courses with practice skills, as well as learning the structure, function and policies of social work agencies.

## **School of Science and Mathematics**

### **Dean**

**Stan Baldwin, Dean**

Professor of Biology (1999)

601.925.3321

sbaldwin@mc.edu

### **Support Staff**

**Sue Caldwell**

Administrative Assistant (2023)

601.925.3300

caldwell@mc.edu

### **Mission**

The School of Science and Mathematics offers students the opportunity to learn and apply the scientific approach to the acquisition of knowledge and to develop problem solving and critical thinking skills. These opportunities are provided through an extensive variety of courses and research experiences in the natural sciences and mathematics and involve both theoretical modeling and experimental investigation.

## Objectives

The courses and programs offered within the School prepare all students, regardless of major, to understand the role of science and mathematics in today's complex society, to realize their integration with all disciplines, and to become life-long learners and positive contributors to their communities.

The School provides curricula at both the undergraduate and graduate levels with the necessary depth and breadth of knowledge for students majoring in a scientific or mathematical discipline to be successful in gaining employment or entrance into graduate or professional school.

The faculty of the School, a skilled, cohesive, and cooperative group of Christian men and women, provide expert guidance, time, and assistance in a caring and supportive way that is focused on student development and achievement. Through these and other efforts, they demonstrate to students the consistency of practicing the Christian faith while engaging in the study of science and mathematics.

Please scroll down for a list of undergraduate programs, which follow the list of graduate programs below.

## Graduate Programs in the School of Science and Mathematics

### Biological Sciences

Master of Science

Biology (Medical Sciences), M.S.

Biology (Biological Sciences), M.S.

Master of Education

Biology (Master of Biology Education), M.Ed.

Chemistry and Biochemistry

Master of Science

Chemistry, Non-Thesis Option, M.S.

Chemistry, Thesis Option, M.S.

### Computer Science and Physics

Master of Science

Computer Science, M.S.

Master of Education

Computer Science, M.Ed.

Master of Science

Cybersecurity and Information Assurance, M.S.

### Mathematics

Master of Science

Mathematics, M.S.

Master of Education

Mathematics, M.Ed.

Physician Assistant Program

Master of Science in Medicine

Physician Assistant, M.S.M.

# Biological Sciences Department

## *Faculty*

### **Beth Ann Barlow**

Chair

Professor (1999)

601.925.3972

babarlow@mc.edu

## *Support Staff*

### **Sue Caldwell**

Administrative Assistant (2010)

601.925.3300

scaldwell@mc.edu

## *Program Goals*

It is the intent of the Department of Biological Sciences to effectively train students in such a manner that they have a realistic chance of achieving their goals of going to medical school, dental school, a physician's assistant program, graduate school, becoming a teacher, or entering an allied health science program for training to become a physical therapist, occupational therapist, medical technologist, etc. Additionally, it is the intent of the department that some biology majors participate in an undergraduate research project.

## *Program Objectives*

Students graduating as biology majors will compare favorably in their knowledge of biology subject matter as compared with students graduating from other colleges and universities in the United States.

Students majoring in biology will be satisfied with their academic experience, which includes academic advising and quality of instruction received from faculty members in the department

Students completing the medical sciences and research tracks will be successful in gaining admission to medical school, dental school, or graduate school. Students completing the general biology track will be successful in gaining admission to appropriate postgraduate programs or find employment related to biology. Students preparing to teach biology will be successful in attaining state certification to teach. .

Students will have adequate opportunity to engage in research opportunities.

Students enrolled in U Research courses will master the Student Learning Outcomes for each course

## *Honors Courses*

By invitation of the Honors Council; see *Junior and Senior Departmental Honors Program* section of *Undergraduate Catalog*.

# Bachelor of Science

## *Biological Sciences, Medical Sciences Track, B.S.*

**For students planning to enter medical or dental school.**

### UNIVERSITY CORE CURRICULUM (29 HOURS)

#### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam

ENG 101 - English Composition

ENG 102 - English Composition

OR

ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces

ENG 212 - Survey of British Literature

ENG 213 - Survey of American Literature

#### University Core - History (6 hours)

HIS 103 - World Civilization I

HIS 104 - World Civilization II

OR

HIS 211 - History of the United States

HIS 212 - History of the United States

#### University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**

BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**

BIB 121 - An Intensive Analysis of the New Testament

#### University Core - Social Sciences (3 hours)

Any PHI (Philosophy) course

ECO 231 - Principles of Macroeconomics

GBU 151 - Business Skills for Life

MLG 205 - Cross-Cultural Understanding

PLS 201 - American National Government

PSY 201 - Introduction to Psychology (General Psychology)

SOC 205 - Sociology: An Introduction in Global Context

#### University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation OR  
MUS 125 - Music Appreciation OR  
THE 125 - Introduction to Theatre

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
OR  
Any combination of:  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## BIOLOGICAL SCIENCES CORE REQUIREMENTS

Thirty-eight semester hours consisting of:

A. Eighteen hours comprise the biology departmental core

BIO 111 - Biology I  
BIO 110 - Biology I Laboratory  
BIO 112 - Biology II  
BIO 113 - Biology II Laboratory  
BIO 305 - Cell Biology  
BIO 306 - Genetics  
BIO 307 - Cell and Genetics Laboratory  
BIO 431 - Biology Seminar  
BIO 433 - Biology Capstone

B. Eight semester hours consisting of:

CHE 141 - General Chemistry I  
CHE 142 - General Chemistry II

C. Six semester hours consisting of:

MAT 208 – Elementary Biostatistics

and one of the following courses:

MAT 121 - Calculus with Analytic Geometry I  
MAT 122 - Calculus with Analytic Geometry II  
MAT 206 - Applied Calculus

D. Three semester hours of a computer science course

CSC 114 - Introduction to Computer Science  
OR  
CSC 115 - Foundations of Computer Science

E. Three semester hours of a communications course

COM 203 - Professional Communication Skills  
OR  
COM 304 - Public Speaking

## MEDICAL SCIENCES TRACK (33 hours)

For students planning to enter medical or dental school.

1. At least fifteen semester hours chosen from:

BIO 403 - Vertebrate Histology  
BIO 404 - Pharmacology I  
BIO 405 - Pharmacology II  
BIO 407 - Biology of Cancer  
BIO 409 - Human Embryology  
BIO 410 - Human Gross Anatomy  
BIO 414 - General Microbiology  
BIO 415 - Immunology  
BIO 416 - Immunology and Virology Lab  
BIO 418 - Infectious Diseases  
BIO 419 - DNA Forensics  
BIO 417 - Medical Microbiology  
BIO 422 - Virology  
BIO 425 - Human Neuroanatomy  
BIO 426 - Mitochondrial Genomics  
BIO 428 - Epidemiology  
BIO 436 - Pulmonary and Renal Physiology  
BIO 437 - Neuromuscular and Cardiovascular Physiology  
BIO 438 - Gastrointestinal and Endocrine Physiology  
BIO 457 - Neurophysiology

2. Ten semester hours of chemistry courses consisting of:

CHE 303 - Organic Chemistry I  
CHE 313 - Organic Chemistry Laboratory I  
**AND**  
CHE 304 - Organic Chemistry II

### 3. Eight semester hours chosen from Physics:

PHY 151 - General Physics I  
PHY 152 - General Physics II

**OR**

PHY 251 - Fundamentals of Physics I  
PHY 252 - Fundamentals of Physics II

### General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

**TOTAL: 130 SEM. HOURS**

## ***Biological Sciences, Neuroscience Track, B.S.***

### UNIVERSITY CORE CURRICULUM (29 HOURS)

#### University Core - English (9 hours)

THE 125 - Introduction to Theatre

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
OR  
Any combination of:  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## BIOLOGICAL SCIENCES CORE REQUIREMENTS

Thirty-eight semester hours consisting of:

A. Eighteen hours comprise the biology departmental core

BIO 111 - Biology I  
BIO 110 - Biology I Laboratory  
BIO 112 - Biology II  
BIO 113 - Biology II Laboratory  
BIO 332 - Cell and Molecular Biology

BIO 333 - Cell and Molecular Biology Laboratory  
BIO 306 - Genetics  
BIO 431 - Biology Seminar  
BIO 433 - Biology Capstone

**B. Eight semester hours consisting of:**

CHE 141 - General Chemistry I  
CHE 142 - General Chemistry II

**C. Six semester hours consisting of:**

MAT 208 – Elementary Biostatistics

**and one of the following courses:**

MAT 121 - Calculus with Analytic Geometry I  
MAT 122 - Calculus with Analytic Geometry II  
MAT 206 - Applied Calculus

**D. Three semester hours of a computer science course**

CSC 114 - Introduction to Computer Science  
OR  
CSC 115 - Foundations of Computer Science

**E. Three semester hours of a communications course**

COM 203 - Professional Communication Skills  
OR  
COM 304 - Public Speaking

**NEUROSCIENCE TRACK (37 hours)**

**1. Nineteen semester hours chosen from:**

BIO 352 – Introduction to Neuroscience  
BIO 456 – Neuroscience Laboratory  
BIO 425 – Human Neuroanatomy  
BIO 457 - Neurophysiology  
BIO 458 – Cognitive Neuroscience  
BIO 459 - Neuropharmacology

**2. Ten semester hours of chemistry courses consisting of:**

CHE 303 - Organic Chemistry I  
CHE 313 - Organic Chemistry Laboratory I  
**AND**  
CHE 304 - Organic Chemistry II  
CHE 314 - Organic Chemistry Laboratory II

### 3. Eight semester hours chosen from Physics:

PHY 151 - General Physics I  
PHY 152 - General Physics II

**OR**

PHY 251 - Fundamentals of Physics I  
PHY 252 - Fundamentals of Physics II

### General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

**TOTAL: 130 SEM. HOURS**

## ***Biological Sciences, Research Track, B.S.***

### UNIVERSITY CORE CURRICULUM

#### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition

**OR**

ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

#### University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II

**OR**

HIS 211 - History of the United States  
HIS 212 - History of the United States

#### University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

#### University Core - Social Sciences (3 hours)

Any PHI (Philosophy) course  
ECO 231 - Principles of Macroeconomics  
GBU 151 - Business Skills for Life  
MLG 205 - Cross-Cultural Understanding  
PLS 201 - American National Government  
PSY 201 - Introduction to Psychology (General Psychology)  
SOC 205 - Sociology: An Introduction in Global Context

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation OR  
MUS 125 - Music Appreciation OR  
THE 125 - Introduction to Theatre

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
OR  
Any combination of :  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## BIOLOGICAL SCIENCES CORE REQUIREMENTS

Thirty-eight semester hours consisting of:

A. Eighteen hours comprise the biology departmental core

BIO 111 - Biology I  
BIO 110 - Biology I Laboratory  
BIO 112 - Biology II  
BIO 113 - Biology II Laboratory  
BIO 306 - Genetics  
BIO 332 – Cell and Molecular Biology  
BIO 333 - Cell and Molecular Biology Laboratory  
BIO 431 - Biology Seminar  
BIO 433 - Biology Capstone

B. Eight semester hours consisting of:

CHE 141 - General Chemistry I  
CHE 142 - General Chemistry II

C. Six semester hours consisting of:

MAT 208 - Elementary Biostatistics

and one of the following courses:

MAT 121 - Calculus with Analytic Geometry I  
MAT 122 - Calculus with Analytic Geometry II  
MAT 206 - Applied Calculus

D. Three semester hours of a computer science course

CSC 114 - Introduction to Computer Science  
OR  
CSC 115 - Foundations of Computer Science

E. Three semester hours of a communications course

COM 203 - Professional Communication Skills  
OR  
COM 304 - Public Speaking

## RESEARCH TRACK (AT LEAST 31 HOURS)

For students planning to enter graduate school or to pursue a career in research

1. At least twelve semester hours of 300-400 level biology courses including:

BIO 402 - Ecology

2. Six semester hours from the following:

BIO 451 - Independent Studies and Research  
BIO 452 - Independent Studies and Research  
BIO 453 - Independent Studies and Research  
BIO 454 - Independent Studies and Research

**OR**

BIO 361 Reading and Research for Honors I  
BIO 462 Reading and Research for Honors II  
BIO 463 Reading and Research for Honors III

3. Five semester hours consisting of:

CHE 303 - Organic Chemistry I  
CHE 313 - Organic Chemistry Laboratory I

#### 4. Eight semester hours chosen from:

PHY 151 - General Physics I  
PHY 152 - General Physics II

**OR**

PHY 251 - Fundamentals of Physics I  
PHY 252 - Fundamentals of Physics II

#### General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

TOTAL: 130 SEM. HOURS

## TEACHER EDUCATION TRACK (28 hours)

For students planning to teach in secondary schools. Students following this curriculum will be eligible for an educator license in Biology and General Science. Students should follow the current **Secondary Education Biological Sciences Status Sheet** when selecting courses.

PHY 104 - Physics for Today  
CHE 143 - Introduction to Organic and Biochemistry  
BIO 145 - Introduction to Earth Science  
BIO 203 - Human Anatomy and Physiology I  
BIO 204 - Human Anatomy and Physiology II  
BIO 402 - Ecology  
BIO 414 - General Microbiology  
BIO 435 - Methods of Teaching Secondary School Science

Note(s):

**Students seeking an additional licensing in chemistry should complete a minor in chemistry and drop the CHE 143 requirement. Students seeking additional licensing in physics should complete a minor in physics and drop the CHE 143 and PHY 104 requirements.**

Professional Education, 7-12 (28 hours)

Students may not take EDU 403, EDU 460, EDU 431, 432, 433, 434 or EDU 471, 472, 473, or 474 prior to admittance into the TEP.

EDU 299 - Pre-Teaching Field Experience  
EDU 300 - Introduction to Education  
EDU 304 - Educational Psychology  
EDU 403 - Measurement and Evaluation of Student Progress  
PSY 435 - Psychology of Exceptional Children  
EDU 460 - Managing the Secondary Classroom  
EDU 431 - Directed Teaching in 7-12  
EDU 432 - Directed Teaching in 7-12  
EDU 433 - Directed Teaching in 7-12  
EDU 434 - Directed Teaching in 7-12- Reading Pedagogy

TOTAL: 130 SEM. HOURS

## GENERAL BIOLOGY TRACK

For students with other interests and career goals in the biological sciences.

### Option One

A minimum of twenty-four semester hours of 200-400 level biology electives except BIO 251 - Microbiology. At least sixteen hours must be 300-400 level courses including:

BIO 402 - Ecology

### General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

TOTAL: 130 SEM. HOURS

BIO 307 - Cell and Genetics Laboratory OR

BIO 333- Cell and Molecular Biology Laboratory

BIO 431 - Biology Seminar

BIO 433 - Biology Capstone

B. Eight semester hours consisting of:

CHE 141 - General Chemistry I

CHE 142 - General Chemistry II

C. Six semester hours consisting of:

MAT 208 – Elementary Biostatistics

and one of the following courses:

MAT 121 - Calculus with Analytic Geometry I

MAT 122 - Calculus with Analytic Geometry II

MAT 206 - Applied Calculus

D. Three semester hours of a computer science course

CSC 114 - Introduction to Computer Science

OR

CSC 115 - Foundations of Computer Science

E. Three semester hours of a communications course

COM 203 - Professional Communication Skills

OR

COM 304 - Public Speaking

## GENERAL BIOLOGY TRACK

For students with other interests and career goals in the biological sciences.

### Option Two (16 hours)

### Biology Electives (16 hours)

Sixteen hours of 300-400 level biology courses beyond the Biology Core requirement including:

BIO 402 - Ecology

## MINOR REQUIREMENTS (18 HOURS)

A typical minor consists of 18 semester hours; however, some department minors may vary in terms of required semester hours. The minor should be selected in consultation with the student's advisor.

### General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

**TOTAL: 130 SEM. HOURS**

## Minor

## Biological Science Minor

BIO 110 - Biology I Laboratory (1 credit hour)  
BIO 111 - Biology I (3 credit hours)  
BIO 112 - Biology II (3 credit hours)  
BIO 113 - Biology II Laboratory (1 credit hour)  
BIO 306 – Genetics (3 credit hours)

BIO 305 - Cell Biology (3 credit hours) \*  
OR  
BIO 332 – Cell and Molecular Biology (3 credit hours) \*  
OR  
BIO 402 – Ecology (4 credit hours)

**and a minimum of 3-4 additional hours in Biology (as required to equal 18 credit hours)**

\* Students may not take both BIO 305 and BIO 332

TOTAL: 18 SEM. HOURS

## Biological Sciences Courses

### BIO 101 - Biology for Today

**Credits, 3 sem. hrs.** Lecture/Meeting: Lecture three hours a week.

A survey of life from cell to organism including a look at related topics of cell structure and function, cellular reproduction, and genetics as related to people living and interacting with a biological world. This course will not count toward a major or minor in biology.

Biology majors may not enroll in this course.

### BIO 103 - Human Biology

**Credits, 3 sem. hrs.**  
Lecture/Meeting: Lecture three hours a week.

A survey of the structure and normal functions of the human organism and an introduction to human ecology and genetics. This course will not count toward a major or minor in biology. This course taken concurrently with BIO 104 will meet the core curriculum four-hour laboratory science course requirement.

Biology majors may not enroll in this course.

### BIO 104 - Human Biology Laboratory

**Credits, 1 sem. hr. Corequisite/Prerequisite Corequisite or Prerequisite: BIO 103.**  
Lecture/Lab/Meeting: Laboratory three hours a week.

A laboratory study of the structure and normal functions of the human body. This course will not count toward a major or minor in biology. This course taken concurrently with BIO 103 will meet the core curriculum four-hour laboratory science course requirement.

Biology majors may not enroll in this course.

## **BIO 105 - Plants and People**

Credits, 3 sem. hrs.

Lecture/Meeting: Lecture three hours a week.

A survey of the uses of plants in human societies throughout the world. This course will not count toward a major or minor in biology although it will count as a non-laboratory core science course for non-science majors. This course taken concurrently with BIO 106 will meet the core curriculum four-hour laboratory science course requirement.

Biology majors may not enroll in this course.

## **BIO 106 - Plants and People Laboratory**

Credits, 1 sem. hr. Corequisite/Prerequisite Corequisite or Prerequisite: BIO 105.

Lecture/Lab/Meeting: Laboratory three hours a week.

A laboratory investigation of the plants used in human societies throughout the world. This course will not count toward a major or minor in biology. This course taken concurrently with BIO 105 will meet the core curriculum four-hour laboratory science course requirement.

Biology majors may not enroll in this course.

## **BIO 110 - Biology I Laboratory**

Credits, 1 sem. hr. Corequisite/Prerequisite Corequisite or Prerequisite: BIO 111

Lecture/Lab/Meeting: Laboratory three hours a week

Lab component for Biology 1 lecture.

An introduction to the living organism emphasizing the structure and function of the cell and genetics. This course is designed for Biology majors and minors.

## **BIO 111 - Biology I**

Credits, 3 sem. hrs. Corequisite/Prerequisite: BIO 110

Lecture/Meeting: Lecture three hours a week.

An introduction to the living organism emphasizing the structure and function of the cell and genetics. This course is designed for Biology majors and minors.

## **BIO 112 - Biology II**

Credits, 3 sem. hrs. Corequisite/Prerequisite: BIO 113

Lecture/Meeting: Lecture three hours a week. Laboratory three hours a week.

An overview of the biodiversity, biology and ecological relationships of the major phyla of organisms inhabiting our planet.

## **BIO 113 - Biology II Laboratory**

Credits, 1 sem. hr. Corequisite/Prerequisite Corequisite or Prerequisite: BIO 112

Lecture/Lab/Field/Meeting: Laboratory three hours a week

Lab component for Biology II lecture. An overview of the biodiversity, biology and ecological relationships of the major phyla of organisms inhabiting our planet.

### **BIO 145 - Introduction to Earth Science**

Credits, 3 sem. hrs.

Lecture/Lab/Meeting: Lecture three hours a week.

An introduction to the principles of geology. This course will not count as a biology course for students majoring or minoring in biology.

### **BIO 203 - Human Anatomy and Physiology I**

Credits, 4 sem. hrs. Prerequisite(s): BIO 111 and BIO 110 or CHE 141 or CHE 124 - Integrated Chemical Principles or equivalent or instructor's consent.

Lecture/Lab/Meeting: Lecture three hours a week. Laboratory three hours a week.

An integrated study of the gross and microscopic structures and normal functions of the human organism, emphasizing basic biological principles with a holistic human perspective. Topics to be covered include the cell, integumentary system, skeletal system, muscular system, and nervous system.

### **BIO 204 - Human Anatomy and Physiology II**

Credits, 4 sem. hrs. Prerequisite(s): BIO 111 and BIO 110 or CHE 141 or CHE 124 - Integrated Chemical Principles or equivalent or instructor's consent.

Lecture/Lab/Meeting: Lecture three hours a week. Laboratory three hours a week.

An integrated study of the gross and microscopic structure and normal functions of the human organism, emphasizing basic biological principles with a holistic human perspective. Topics to be covered include the endocrine system, cardiovascular system, digestive system, respiratory system, urinary system, reproductive system, and human genetics.

### **BIO 251 - Microbiology**

Credits, 4 sem. hrs. Prerequisite(s): Restricted to nursing majors.

Lecture/Lab/Meeting: Lecture three hours a week. Laboratory three hours a week.

A survey of the bacteria, fungi, viruses, and some parasites with an emphasis on their structure, physiology, and pathogenesis in man. This course may not be used to satisfy requirements for a major or a minor in biology.

### **BIO 305 - Cell Biology**

Credits, 3 sem. hrs. Prerequisite(s): BIO 111 and BIO 110, CHE 141, CHE 142 and sophomore standing or higher or instructor's consent.

Lecture/Meeting: Lecture three hours a week.

An analysis of the organization and physiology of eukaryotic cells.

## **BIO 306 - Genetics**

Credits, 3 sem. hrs. Prerequisite(s): BIO 111, BIO 110 and CHE 141 and sophomore standing or higher or instructor's consent.  
Lecture/Meeting: Lecture three hours a week.

An analysis of the three main themes in genetics: classical genetics, population genetics, and molecular genetics.

## **BIO 307 - Cell and Genetics Laboratory**

Credits, 2 sem. hrs. Prerequisite(s): BIO 111, BIO 110 and CHE 141.  
Corequisite(s): BIO 305 OR BIO 306.

A laboratory course designed to illustrate the techniques of cell biology and genetics. This course cannot be changed from credit to audit.

## **BIO 332 – Cell and Molecular Biology**

Credits, 3 sem. hrs. Prerequisite(s): BIO 111, CHE 141, CHE 142 and sophomore standing or higher

This course is designed to provide students with detailed instruction in the regulation of gene expression at the molecular level and an overview of cellular processes required for cell viability, maintenance of homeostasis and general cellular function.

## **BIO 333 – Cell and Molecular Biology Laboratory**

Credits, 2 sem. hrs. Prerequisite(s): BIO 111, CHE 141, CHE 142 and sophomore standing or higher  
Prerequisite/Corequisite(s): BIO 332

This laboratory-based course is designed to provide students with hands-on experience in the design, execution and interpretation of experiments that use modern cell and molecular biology techniques as their primary experimental method.

## **BIO 352 – Introduction to Neuroscience**

Credits, 3 sem. hrs. Prerequisite(s): BIO 332 and BIO 333 (minimum grade of C)

This course provides an overview of the structure, organization, and function of the nervous system from both a cellular/molecular and a systems-based perspective. Students will learn the technical applications of methodologies used in neuroscience studies (neural tracing, immunological / histochemical staining, EEG / MEG / ECoG, fMRI / fNIRS / BOLD response). Using data generated from these technologies, students will explore the molecular- and systems-based mechanisms of attention, memory, motor control, and sensation/perception. Transcriptional and non-transcriptional mechanisms of neuronal plasticity will also be explored.

## **BIO 400 - Herpetology**

Credits, 4 sem. hrs. Prerequisite(s): BIO 110, BIO 111, BIO 112 and BIO 113.

Herpetology is the study of the diversity, phylogeny, systematics, and adaptations of amphibians and non-avian reptiles. Beyond global diversity, the course emphasizes diversity in Mississippi. Students are introduced to comparative anatomy, ecophysiology, reproduction, feeding, behavior, and conservation of various herpetofauna. The laboratory component of this course makes use of preserved specimens and includes field trips to allow hands-on experience with finding, capturing, and proper handling of reptiles and amphibians.

### **BIO 401 - Entomology**

Credits, 4 sem. hrs. Prerequisite(s): **BIO 111 and BIO 110 or BIO 112 and BIO 113**

Lecture/Lab/Field/Meeting: Lecture three hours a week. Laboratory three hours a week.

Study of the morphology, physiology, ecology, and systematics of insects.

### **BIO 402 - Ecology**

Credits, 4 sem. hrs. Prerequisite(s): **BIO 110, BIO 111, BIO 112 and BIO 113**

Lecture/Lab/Field/Meeting: Lecture three hours a week. Laboratory three hours a week.

A study of the interactions of organisms and their environments.

### **BIO 403 - Vertebrate Histology**

Credits, 5 sem. hrs. Prerequisite(s): **BIO 305.**

Lecture/Lab/Meeting: Lecture four hours a week. Laboratory three hours a week.

An introduction to normal histology, featuring the study of cells, tissues, and organs. The functional significance of structure is considered.

### **BIO 404 - Pharmacology I**

Credits, 5 sem. hrs. Prerequisite(s): **CHE 304, CHE 314, CHE 418 or CHE 419, BIO 305 or BIO 332, BIO 436, BIO 437 or instructor's consent.**

This course is part one of a study of basic and clinical pharmacology with an emphasis on major drug groups and their mechanisms of action. This course will also include the recommended drugs for all major diseases of the autonomic nervous system, cardiovascular and renal systems, smooth muscle, and the CNS; it will integrate some basic human pathology to enhance further understanding of drugs on certain diseases. The study of each drug will cover bioavailability, route of delivery, its mechanism of action, its medical use, its contraindications, and its adverse effects.

### **BIO 405 - Pharmacology II**

Credits, 5 sem. hrs. Prerequisite(s): **BIO 404 - Pharmacology I.**

This course is part two of a study of basic and clinical pharmacology with an emphasis on major drug groups and their mechanisms of action. This course will also include the recommended drugs for all major diseases of the CNS not covered in Pharmacology I, blood and the endocrine system, and will also include chemotherapeutics; it will integrate some basic human pathology to enhance further understanding of drugs on certain diseases. The study of each drug will

cover bioavailability, route of delivery, its mechanism of action, its medical use, its contraindications, and its adverse effects.

### **BIO 407 - Biology of Cancer**

Credits, 3 sem. hrs. Prerequisite(s): CHE 304, CHE 314, BIO 305 or BIO 332, BIO 306.

Building on the student's knowledge of cell physiology and genetics, the discussion in this course will begin with the process of cell transformation, followed by the mechanics of cell growth and division gone awry, and lead up to the interactions between tumors and their host. Signal transduction, the cellular energetics of tumor cells, inflammation, and angiogenesis will be discussed in the context of tumor growth and metastasis.

### **BIO 408 - Systematic Zoology**

Credits, 4 sem. hrs. Prerequisite(s): BIO 112 and BIO 113

Lecture/Lab/Field/Meeting: Lecture three hours a week. Laboratory and field work three hours a week.

A study of taxonomic principles of invertebrates and vertebrates.

### **BIO 409 - Human Embryology**

Credits, 3 sem. hrs. Prerequisite(s): BIO 111, BIO 110 AND BIO 305 OR BIO 332 OR BIO 306 AND junior standing or higher.

A study of human embryology with emphasis on the fundamental developmental process. Topics include gametogenesis, fertilization, and development of the embryo from zygote through the differentiation of the neural tube. Additionally, topics involving development of selected human organ systems will be covered. Clinical analysis of birth defects will also be discussed.

### **BIO 410 - Human Gross Anatomy**

Credits, 8 sem. hrs. Prerequisite(s): BIO 305 or BIO 306 and a grade of B or better in one of the following courses: BIO 403, BIO 436, BIO 437, BIO 438 or BIO 425.

Lecture/Lab/Meeting: Lecture four hours a week (combination of in-class meetings and virtual meetings). Laboratory twelve hours a week.

This is a human dissection course. The major objective of the course is to have students become proficient in dissection techniques of the human body. In addition, students will demonstrate a mastery of all structures of the human body and apply that knowledge to clinical situations. Technical Standards: Students need to have sufficient motor and sensory function to be able to dissect cadavers for the full duration of the assigned laboratory meeting times. This course cannot be taken as an audit.

### **BIO 411 – Ornithology**

Credits, 4 sem. hrs. Prerequisite(s): BIO 110, BIO 111, BIO 112 and BIO 113.

Ornithology is the study of the diversity, phylogeny, and adaptations of birds. Beyond global diversity, the course emphasizes diversity in Mississippi. Students are introduced to comparative anatomy, locomotion, ecophysiology, reproduction, feeding, behavior, and conservation of various birds. The laboratory component of this course makes use of preserved specimens and includes field trips to allow experience with identification and observation of local birds.

## **BIO 414 - General Microbiology**

Credits, 4 sem. hrs. Prerequisite(s): BIO 111, BIO 110, CHE 141, CHE 142, (and BIO 305 or BIO 332 or BIO 306 or CHE 303 all of which must have a minimum grade of C.)

Lecture/Lab/Meeting: Lecture three hours a week. Laboratory three hours a week.

An integrated course on prokaryotic cell structure, protein secretion, nutrition, growth, metabolism, antimicrobial drugs, normal microbial flora, dental infections, pathogenicity, selected Gram-negative and Gram-positive bacteria, and a survey of viruses, viral diseases, and prions. Laboratory exercises illustrating the preceding lecture topics are included in this course. Students receiving credit for BIO 414 cannot receive credit for BIO 251 (Microbiology).

## **BIO 415 - Immunology**

Credits, 3 sem. hrs. Prerequisite(s): BIO 305 or BIO 332 and CHE 142.

Lecture/Lab/Meeting: Lecture three hours a week.

A study of multiple aspects of the immune response.

## **BIO 416 - Immunology and Virology Lab**

Credits, 1 sem. hr. Corequisite/Prerequisite BIO 415

Lecture/Lab/Meeting: Laboratory three hours a week.

Laboratory component of BIO 415 or BIO 442. This course cannot be changed from credit to audit.

## **BIO 417 - Medical Microbiology**

Credits, 4 sem. hrs. Prerequisite(s): BIO 414 or equivalent.

Lecture/Lab/Meeting: Lecture three hours a week. Laboratory three hours a week.

A study of medically important bacteria, fungi, viruses, and parasites with an emphasis on clinical laboratory applications.

## **BIO 418 - Infectious Diseases**

Credits, 3 sem. hrs Prerequisite(s): BIO 251 or BIO 414 or BIO 417 or equivalent

A survey of infectious diseases with a focus on human pathogens. Clinical based correlations and geographic epidemiology as it relates to the spread and pathophysiology of disease in human societies will be a primary topic. A review of emerging and re-emerging pathogens as they relate to human health and societal impacts will be covered.

## **BIO 419 - DNA Forensics**

Credits, 3 sem. hrs. Prerequisite(s): CHE 141, CHE 142, BIO 305 or BIO 332 or BIO 306.

Specific examples of protocols and methodology will be presented from the scientific and the law literature. Students will be expected to develop an understanding of the nature of DNA evidence and the manner in which it is presented in court. Students will be expected to understand how the collection and analysis of samples interacts with presentations of materials to support legal arguments in courts of law.

## **BIO 422 - Virology**

Credits, 3 sem. hrs. Prerequisite(s): BIO 111, BIO 110, BIO 112, BIO 113, BIO 305 or BIO 332 and CHE 141 and CHE 142.

Lecture/Meeting: Lecture three hours a week.

A survey of bacterial, plant and animal viruses with an additional emphasis on pertinent aspects of molecular biology. A review of emerging and re-emerging viruses will be included as they currently relate to their ecological and human health impact.

### **BIO 424 - Animal Ecology**

Credits, 3 sem. hrs. Prerequisite(s): BIO 110, BIO 111, BIO 112 and BIO 113

Lecture/Lab/Field/Meeting: Lecture three hours a week.

An analysis of the adaptations animal populations.

### **BIO 425 - Human Neuroanatomy**

Credits, 5 sem. hrs. Prerequisite(s): BIO 305 or instructor's consent.

Lecture/Lab/Field/Meeting: Lecture four hours a week. Laboratory three hours a week.

A detailed examination of neurocircuitry and function of the human brain and spinal cord, and the etiology of common neurological disorders. Human cadaver brains are utilized.

### **BIO 426 - Mitochondrial Genomics**

Credits, 3 sem. hrs Prerequisite(s): CHE 304, CHE 314, BIO 306 and BIO 305 or BIO 332

This course centers on mitochondrial biology, including general structure and function, energy production and oxidative phosphorylation, and protein import. There is special focus on mitochondrial genome structure including genetic abnormalities, corresponding mitochondrial disorders, and use of the genome in mitochondrial haplotyping to determine maternal inheritance.

### **BIO 428 - Epidemiology**

Credits, 3 sem. hrs. Prerequisite(s): MAT 208

This course provides an introduction to the basic principles of epidemiology with an emphasis on data analysis and the application of data to populations at risk for disease. Major topics include exposure and outcome measurements, infectious disease modeling, test diagnostics with measures of normality/abnormality, and applying clinical data to a sick population.

### **BIO 431 - Biology Seminar**

Credits, 1 sem. hr. Prerequisite(s): Senior standing.

Corequisite(s): BIO 433. Restricted to Biology majors.

A weekly departmental seminar on current biological topics. Students will do an oral presentation on a selected topic.

### **BIO 433 - Biology Capstone**

Credits, 1 sem. hr. Prerequisite(s): Senior standing. (BIO 305 or BIO 332) and BIO 306  
Corequisite(s): BIO 431. Restricted to Biology majors.

A synthesis of biology subject matter culminating in a senior biology examination.

### **BIO 435 - Methods of Teaching Secondary School Science**

Credits, 3 sem. hrs. Prerequisite(s): EDU 300 or instructor's consent.

Lecture/Lab/Meeting: Lecture three hours per week.

Designed to familiarize teachers with current trends, methods, and techniques of teaching science to secondary school students. Students will research and prepare oral presentations along with inquiry-based activities in order to show competency in their teaching ability. This course may not be used to satisfy requirements for a major or minor in biology. Students certifying to teach biology will take this course.

### **BIO 436 – Pulmonary and Renal Physiology**

Credits, 5 sem. hrs. Prerequisite(s): BIO 305 or BIO 332 (minimum grade of C)

This course reviews the basic anatomy and physiology of pulmonary and renal function. The emphasis of the course is clinical application of lung and kidney physiology as it relates to metabolism, control of blood gases and electrolytes. Special attention is paid to pathological processes and basic pharmacological approaches to resolving disturbances to these systems.

### **BIO 437 – Neuromuscular and Cardiovascular Physiology**

Credits, 5 sem. hrs. Prerequisite(s): BIO 305 or BIO 332 (minimum grade of C)

This course reviews the basic anatomy and physiology of neuromuscular and cardiovascular function. The emphasis of the course is clinical application to nervous system, skeletal and smooth muscle, and cardiovascular systems. Special attention is paid to pathological processes and basic pharmacological approaches to resolving disturbances to these systems.

### **BIO 438 – Gastrointestinal and Endocrine Physiology**

Credits, 5 sem. hrs. Prerequisite(s): BIO 305 or BIO 332 (minimum grade of C)

This course is designed to provide students with detailed instruction in the physiology of the gastrointestinal, endocrine, reproductive, and hematological systems. A discussion of metabolism is integrated across the gastrointestinal and endocrine systems.

### **BIO 440 - Special Topics**

Credits, 0-5 sem. hrs. A study of selected topics in Biology.

### **BIO 441 - Selected Topics**

Credits, 0-5 sem. hrs. A study of selected topics in Biology.

### **BIO 442 - Special Topics**

Credits, 0-5 sem. hrs. A study of selected topics in biology.

### **BIO 443 - Special Topics**

Credits, 0-5 sem. hrs. A study of selected topics in biology.

### **BIO 445 - Special Topics**

Credits, 0-5 sem. hrs. A study of selected topics in biology.

### **BIO 446 - Special Topics**

Credits, 0-5 sem. hrs. A study of selected topics in biology.

### **BIO 448 - Special Topics**

Credits, 0-5 sem. hrs. A study of selected topics in biology.

### **BIO 449 - Special Topics**

Credits, 0-5 sem. hrs. A study of selected topics in biology.

### **BIO 451 - Independent Studies and Research**

Credits, 1-3 sem. hrs. Prerequisite(s): Instructor consent.

Individual reading and research involving experimental or theoretical investigations; for students not enrolled in Honors Program.

### **BIO 452 - Independent Studies and Research**

Credits, 1-3 sem. hrs. Prerequisite(s): Instructor consent.

Individual reading and research involving experimental or theoretical investigations; for students not enrolled in Honors Program.

### **BIO 453 - Independent Studies and Research**

Credits, 1-3 sem. hrs. Prerequisite(s): Instructor permission.

Individual reading and research involving experimental or theoretical investigations; for students not enrolled in Honors Program.

### **BIO 454 - Independent Studies and Research**

Credits, 1-3 sem. hrs. Prerequisite(s): Instructor consent.

Individual reading and research involving experimental or theoretical investigations; for students not enrolled in the Honors Program.

## **BIO 456 – Neuroscience Laboratory**

**Credits, 2 sem. hrs. Prerequisite(s): BIO 352 (minimum grade of C), BIO 332 and 333 (minimum grade of C) and MAT 208 (minimum grade of C)**

This laboratory-based course provides hands-on experience using common neuroscience techniques. Students should be able to describe the technological basis of the following: EEG, fNIRS/fMRI, TMS/tACS/tDCS, and pupil tracking as well as describe the types of data obtained from those technologies as well as explain the basic principles of analyzing that data (e.g. event-related potentials, event-related spectral perturbations, and phase coherence measures from EEG). This course includes designing and conducting experiments as well as follow-up experiments. Elements of information literacy and scientific communication skills (written, poster, and oral) will be emphasized.

## **BIO 457 – Neurophysiology**

**Credits, 3 sem. hrs. Prerequisite(s): Completion of either (BIO 305 or BIO 332) and (BIO 333 or BIO 307) (minimum grade of C)**

This course reviews the basic cell biology and principles of physics underlying the function of the nervous and skeletal muscle systems. Topics covered are cell membrane potential, action potential, neuron to neuron communication, nerve conduction studies, electromyography, and nerve injury repair, as well as neuron to skeletal muscle interactions. Emphasis will be placed on basic drug groups affecting both the nervous system and skeletal muscle function. Also, common pathologies of both systems will be reviewed.

## **BIO 458 – Cognitive Neuroscience**

**Credits, 3 sem. hrs. Prerequisite(s): BIO 352 (minimum grade of C)**

This course provides an in-depth exploration into the neural substrates and processes that support cognitive abilities including perception (with a focus on visual, auditory, and olfactory senses), object recognition, attention, learning and memory, emotion, language comprehension and production, cognitive control, and consciousness. The neural substrates and processes supporting these abilities will be studied from both systems/network and cellular perspectives. Experimental designs used in the field of cognitive neuroscience will also be emphasized. Students will describe the types of data produced from, and data analysis methods available to, different measurement modalities including CT/MRI/fMRI/fNIRS, EEG/MEG/ECOG, single-cell recordings, and behavioral measures (such as accuracy and reaction time).

## **BIO 459 – Neuropharmacology**

**Credits, 3 sem. hrs. Prerequisite(s): BIO 352 and BIO 457 (minimum grade of C)**

This course provides an in-depth exploration of the drugs used in psychiatry and neurology including those used to manage psychosis, depression, anxiety, chronic pain, sleep disorders, ADHD, dementia, epilepsy, and movement disorders, among others. Mechanisms of action, off-target effects, clinical use, and adverse effects are discussed. A detailed discussion of the pharmacological interaction between the receptor and neurotransmitter systems (both beneficial and detrimental) will be included for drug categories covered (i.e. allosteric modulators of GABA<sub>A</sub> receptors in the cortico-striato-thalamo-cortical loop will have beneficial effects in anxious patients, but may induce excessive sedation via inhibition of the VLPO-hypothalamo-cortical pathway).

# Chemistry and Biochemistry Department

## Faculty

**Jack Clinton Bailey, II**, Chair  
Associate Professor (1999)  
601.925.3338  
bailey@mc.edu

## Support Staff

**Tina Reeves**  
Administrative Assistant (2004)  
601.925.3223  
treeves@mc.edu

## Program Goals

The Department of Chemistry and Biochemistry offers courses to meet the needs of three types of students: those who are non-science majors, but who desire the subject for its cultural and educational values, and for meeting the science requirement for graduation (CHE 141 - General Chemistry I and CHE 142 - General Chemistry II or CHE 111 - Chemistry in American Life I and CHE 112 - Chemistry in American Life II will meet this requirement); those who plan to enter the professional schools of medicine, medical technology, nursing, dentistry, pharmacy, or allied health; and those who plan to enter graduate school for further study, or to enter the field of industrial chemistry.

## Mission

The Department of Chemistry and Biochemistry is committed to offering the best chemistry education possible by maintaining an active and integrated research program, by using modern laboratory experiences with current instrumentation, and by providing an inclusive, supportive, and professional environment which allows and encourages students to develop to their full potential.

## Laboratory Breakage

Students are responsible for equipment broken in the laboratory. Cost of the material broken must be paid for before examinations can be taken.

## Honors Courses

By invitation of the Honors Council; see *Junior and Senior Departmental Honors Program* section of *Undergraduate Catalog*.

## Bachelor of Science

## ACS Biochemistry, B.S.

### UNIVERSITY CORE

#### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

#### University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR  
HIS 211 - History of the United States  
HIS 212 - History of the United States

#### University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

#### University Core - Social Sciences (3 hours)

Any PHI (Philosophy) course  
ECO 231 - Principles of Macroeconomics  
GBU 151 - Business Skills for Life  
MLG 205 - Cross-Cultural Understanding  
PLS 201 - American National Government  
PSY 201 - Introduction to Psychology (General Psychology)  
SOC 205 - Sociology: An Introduction in Global Context

#### University Core - Mathematics (3 hours)

Any MAT course numbered 105 or higher, determined in consultation with the advisor.

#### University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation OR  
MUS 125 - Music Appreciation OR  
THE 125 - Introduction to Theatre

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
OR  
Any combination of :  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS

### ACS Core (59 Hours)

American Chemical Society Certified Options. **Required of all ACS majors.**

CHE 141 - General Chemistry I  
CHE 142 - General Chemistry II  
CHE 211 - Investigations in Inorganic Chemistry  
CHE 303 - Organic Chemistry I  
CHE 304 - Organic Chemistry II  
CHE 310 - Quantitative Chemical Analysis  
CHE 313 - Organic Chemistry Laboratory I  
CHE 314 - Organic Chemistry Laboratory II  
CHE 317 - Chemical Dynamics  
CHE 318 - Chemical Energetics  
CHE 410 - Instrumental Analysis  
CHE 411 - Advanced Inorganic Chemistry  
CHE 431 - Chemistry Seminar

PHY 151 - General Physics I  
PHY 152 - General Physics II  
OR  
PHY 251 - Fundamentals of Physics I  
PHY 252 - Fundamentals of Physics II

MAT 121 - Calculus with Analytic Geometry I AND  
MAT 122 - Calculus with Analytic Geometry II

CSC 114 - Introduction to Computer Science **OR**

CSC 115 - Foundations of Computer Science

COM 203 - Professional Communication Skills **OR**

COM 304 - Public Speaking **OR**

Participation in a minimum of three hours of research with an oral presentation at a professional meeting.

## Chemistry Courses (7 Hours)

CHE 418 - Biochemistry: Macromolecules

CHE 419 - Biochemistry: Metabolism

CHE 420 - Bioanalytical Chemistry Laboratory **or**

CHE 421 - Biophysical Chemistry Laboratory

## Biology Courses (11 or 12 Hours)

BIO 111 - Biology I

BIO 110 - Biology I Laboratory

BIO 112 - Biology II

BIO 113 - Biology II Laboratory

BIO 305 - Cell Biology **or**

BIO 306 - Genetics **or**

BIO 414 - General Microbiology

Three semester hours of research in Biochemistry highly recommended.

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

**TOTAL: 130 SEM. HOURS**

## ***ACS Chemistry, B.S.***

An intensive preparation for the student who desires to pursue graduate work in chemistry, enter the field of industrial chemistry, or study chemical engineering. This program is approved by the Committee on Professional Training of the American Chemical Society.

## UNIVERSITY CORE

PHY 252 - Fundamentals of Physics II

MAT 121 - Calculus with Analytic Geometry I AND  
MAT 122 - Calculus with Analytic Geometry II

CSC 114 - Introduction to Computer Science OR  
CSC 115 - Foundations of Computer Science

COM 203 - Professional Communication Skills OR  
COM 304 - Public Speaking OR

Participation in a minimum of three hours of research with an oral presentation at a professional meeting.

## CHEMICAL PHYSICS TRACK REQUIREMENTS (18 HOURS)

### Chemistry Courses

CHE 417 - Theoretical Chemistry

CHE 418 - Biochemistry: Macromolecules **or**  
CHE 419 - Biochemistry: Metabolism

### Math Courses (3 hours):

MAT 213 - Applied Linear Algebra  
MAT 221 - Calculus with Analytic Geometry III  
MAT 222 - Calculus with Analytic Geometry IV

### Physics/Other Requirements

PHY 301 - Modern Physics

### One of the following:

PHY 401 - Quantum Mechanics  
MAT 352 - Introduction to Differential Equations  
MAT 381 - Introduction to Numerical Methods

3 hrs of research in Chemical Physics

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

TOTAL: 130 SEM. HOURS

## *Chemistry/Career, B.S.*

Primarily for the student who plans to seek employment in the field of chemistry immediately upon graduation.

## UNIVERSITY CORE

### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

### University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR

HIS 211 - History of the United States  
HIS 212 - History of the United States

### University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

### University Core - Social Sciences (3 hours)

Any PHI (Philosophy) course  
ECO 231 - Principles of Macroeconomics

GBU 151 - Business Skills for Life  
MLG 205 - Cross-Cultural Understanding  
PLS 201 - American National Government  
PSY 201 - Introduction to Psychology (General Psychology)  
SOC 205 - Sociology: An Introduction in Global Context

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation OR  
MUS 125 - Music Appreciation OR  
THE 125 - Introduction to Theatre

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
OR  
Any combination of :  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS

### Chemistry Core (47 Hours)

#### Required of all Chemistry Majors

CHE 141 - General Chemistry I  
CHE 142 - General Chemistry II  
CHE 303 - Organic Chemistry I  
CHE 313 - Organic Chemistry Laboratory I  
CHE 304 - Organic Chemistry II  
CHE 314 - Organic Chemistry Laboratory II  
CHE 310 - Quantitative Chemical Analysis  
CHE 317 - Chemical Dynamics  
CHE 431 - Chemistry Seminar

PHY 151 - General Physics I  
PHY 152 - General Physics II

**OR**

PHY 251 - Fundamentals of Physics I  
PHY 252 - Fundamentals of Physics II

MAT 121 - Calculus with Analytic Geometry I  
MAT 122 - Calculus with Analytic Geometry II

CSC 114 - Introduction to Computer Science **or**  
CSC 115 - Foundations of Computer Science

COM 203 - Professional Communication Skills **or**  
COM 304 - Public Speaking **or**

participation in a minimum of three hours of research with an oral presentation at a professional meeting

## Chemistry Career Track Requirements (10 to 12 Hours)

### Chemistry Elective (4 Hours)

Four (4) hours of advanced Chemistry.

### Additional Requirements (6 to 8 Hours)

Choose one set from the following:

BIO 111 - Biology I  
BIO 110 - Biology I Laboratory  
BIO 113 - Biology II Laboratory  
BIO 112 - Biology II

**OR**

MAT 221 - Calculus with Analytic Geometry III  
MAT 222 - Calculus with Analytic Geometry IV

**OR**

**Two courses of advanced Physics**

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

**TOTAL: 130 SEM. HOURS**

## ***Chemistry/Medical Sciences, B.S.***

For the student who plans to enter a professional school of medicine, dentistry, pharmacy, or other health field. With careful scheduling, all required science and mathematics courses can be completed in 3 years, leaving the fourth year to take those advanced courses best suited to the chosen professional school.

## UNIVERSITY CORE

University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

## University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR  
HIS 211 - History of the United States  
HIS 212 - History of the United States

## University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

## University Core - Social Sciences (3 hours)

Any PHI (Philosophy) course  
ECO 231 - Principles of Macroeconomics  
GBU 151 - Business Skills for Life  
MLG 205 - Cross-Cultural Understanding  
PLS 201 - American National Government  
PSY 201 - Introduction to Psychology (General Psychology)  
SOC 205 - Sociology: An Introduction in Global Context

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation **OR**  
MUS 125 - Music Appreciation **OR**  
THE 125 - Introduction to Theatre

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life

OR

Any combination of:

KIN 124- Nutrition for Well-Being (1 hour)

PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours) 4 semesters

Sophomore (24-53 semester hours) 3 semesters

Junior (54-83 semester hours) 2 semesters

Senior (84 or more semester hours) 1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS

### Chemistry Core (47 Hours)

#### Required of all Chemistry Majors

CHE 141 - General Chemistry I

CHE 142 - General Chemistry II

CHE 303 - Organic Chemistry I

CHE 313 - Organic Chemistry Laboratory I

CHE 304 - Organic Chemistry II

CHE 314 - Organic Chemistry Laboratory II

CHE 310 - Quantitative Chemical Analysis

CHE 317 - Chemical Dynamics

CHE 431 - Chemistry Seminar

PHY 151 - General Physics I

PHY 152 - General Physics II

**OR**

PHY 251 - Fundamentals of Physics I

PHY 252 - Fundamentals of Physics II

MAT 121 - Calculus with Analytic Geometry I

MAT 122 - Calculus with Analytic Geometry II

CSC 114 - Introduction to Computer Science **or**

CSC 115 - Foundations of Computer Science

COM 203 - Professional Communication Skills **or**

COM 304 - Public Speaking **or**

participation in a minimum of three hours of research with an oral presentation at a professional meeting

### Medical Sciences Track Requirements (12 Hours)

### Biology Courses (8 Hours)

BIO 111 - Biology I  
BIO 110 - Biology I Laboratory  
BIO 112 - Biology II  
BIO 113 - Biology II Laboratory

## Biochemistry Courses (4 Hours Minimum)

Choose at least one course from the following:

CHE 418 - Biochemistry: Macromolecules  
CHE 419 - Biochemistry: Metabolism  
CHE 420 - Bioanalytical Chemistry Laboratory  
CHE 421 - Biophysical Chemistry Laboratory

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

TOTAL: 130 SEM. HOURS

## *Chemistry/Secondary Education, B.S.*

Completion of the following curriculum makes a student eligible for a standard educator license to teach chemistry at the secondary level. The student is urged also to become licensed in an additional area.

## UNIVERSITY CORE

### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

### University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR  
HIS 211 - History of the United States  
HIS 212 - History of the United States

### University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

## University Core- Social Science (3 hours)

ECO 231 - Principles of Macroeconomics **OR**  
PLS 201 - American National Government **OR**  
PSY 201 - Introduction to Psychology (General Psychology) **OR**  
SOC 205 - Sociology: An Introduction in Global Context

## University Core - Mathematics (3 hours)

Any MAT course numbered 105 or higher, determined in consultation with the advisor.

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation **OR**  
MUS 125 - Music Appreciation **OR**  
THE 125 - Introduction to Theatre

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
**OR**  
Any combination of :  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## Chemistry Core (47 Hours)

## Required of all Chemistry Majors

CHE 141 - General Chemistry I  
CHE 142 - General Chemistry II  
CHE 303 - Organic Chemistry I  
CHE 313 - Organic Chemistry Laboratory I  
CHE 304 - Organic Chemistry II  
CHE 314 - Organic Chemistry Laboratory II  
CHE 310 - Quantitative Chemical Analysis  
CHE 317 - Chemical Dynamics  
CHE 431 - Chemistry Seminar

PHY 151 - General Physics I  
PHY 152 - General Physics II

**OR**

PHY 251 - Fundamentals of Physics I  
PHY 252 - Fundamentals of Physics II

MAT 121 - Calculus with Analytic Geometry I  
MAT 122 - Calculus with Analytic Geometry II

CSC 114 - Introduction to Computer Science **or**  
CSC 115 - Foundations of Computer Science

COM 203 - Professional Communication Skills **or**  
COM 304 - Public Speaking **or**

participation in a minimum of three hours of research with an oral presentation at a professional meeting

## A minimum of four hours of Biochemistry chosen from:

CHE 418 - Biochemistry: Macromolecules  
CHE 419 - Biochemistry: Metabolism  
CHE 420 - Bioanalytical Chemistry Laboratory  
CHE 421 - Biophysical Chemistry Laboratory

## Additional Requirements

CHE 435 - Methods of Teaching Secondary School Science  
BIO 111 - Biology I  
BIO 110 - Biology I Laboratory  
BIO 112 - Biology II  
BIO 113 - Biology II Laboratory

## NCATE Requirements

BIO 145 - Introduction to Earth Science

MAT 207 - Elementary Statistics

**OR**

MAT 353 - Introduction to Mathematical Probability and Statistics

## Professional Education, 7-12 (28 hours)

Students may not take EDU 403, EDU 460, EDU 431, 432, 433, 434 or EDU 471, 472, 473, or 474 prior to admittance into the TEP.

EDU 299 - Pre-Teaching Field Experience  
EDU 300 - Introduction to Education  
EDU 304 - Educational Psychology  
EDU 403 - Measurement and Evaluation of Student Progress  
PSY 435 - Psychology of Exceptional Children  
EDU 460 - Managing the Secondary Classroom  
EDU 431 - Directed Teaching in 7-12  
EDU 432 - Directed Teaching in 7-12  
EDU 433 - Directed Teaching in 7-12  
EDU 434 - Directed Teaching in 7-12- Reading Pedagogy

TOTAL: 135 SEMESTER HOURS

## Minor

### *Biochemistry Minor*

Twenty three semester hours consisting of:

CHE 141 - General Chemistry I  
CHE 142 - General Chemistry II  
CHE 303 - Organic Chemistry I  
CHE 304 - Organic Chemistry II  
CHE 313 - Organic Chemistry Laboratory I  
CHE 314 - Organic Chemistry Laboratory II

A minimum of five hours of Biochemistry chosen from the following:

CHE 418 - Biochemistry: Macromolecules  
CHE 419 - Biochemistry: Metabolism  
CHE 420 - Bioanalytical Chemistry Laboratory  
CHE 421 - Biophysical Chemistry Laboratory

### *Chemistry Minor*

Twenty semester hours consisting of:

CHE 141 - General Chemistry I  
CHE 142 - General Chemistry II  
CHE 310 - Quantitative Chemical Analysis  
**and eight additional semester hours in upper-level Chemistry courses.**

## Chemistry and Biochemistry Courses

CHE 111 - Chemistry in American Life I

Credits, 3 sem. hrs. Lecture/Lab/Field/Meeting: Lecture three hours per week.

Special emphasis is given to applications which will affect the nonscientist throughout life, such as chemistry of health, home, and environment. Designed to satisfy core curriculum science requirements. May not be used as a prerequisite for other chemistry courses (other than CHE 112) or toward a major or minor. May not be combined with CHE 141 or CHE 124 for the University Core Curriculum.

### **CHE 112 - Chemistry in American Life II**

Credits, 4 sem. hrs. Prerequisite(s): CHE 111 or instructor's consent.

Lecture/Lab/Field/Meeting: Lecture three hours per week. Laboratory three hours per week.

A continuation of CHE 111, with laboratory.

### **CHE 124 - Integrated Chemical Principles**

Credits, 4 sem. hrs. Lecture/Lab/Field/Meeting: Lecture three hours per week and laboratory three hours per week.

A one semester survey of the principles of chemistry illustrated by selected topics from inorganic, organic, and biochemistry. Topics discussed are those relevant to allied health related fields, especially nursing. This course may not substitute for any other chemistry course.

### **CHE 141 - General Chemistry I**

Credits, 4 sem. hrs. Prerequisite(s): ACT MATH subscore of 24 or better.

Lecture/Lab/Field/Meeting: Lecture three hours per week. Laboratory three hours per week.

A combined lecture and laboratory course that covers the fundamental principles of chemistry and their applications. Atomic structure, periodic properties, bonding theories, chemical nomenclature, chemical reactions, stoichiometry, and gas laws are among the topics presented. Labs associated with this course contain experiments and exercises that reinforce the principles introduced in lecture classes. For science and engineering majors.

### **CHE 142 - General Chemistry II**

Credits, 4 sem. hrs. Prerequisite(s): CHE 141 The department recommends at least a C in CHE 141.

Lecture/Lab/Field/Meeting: Lecture three hours per week. Laboratory three hours per week.

A combined lecture and laboratory course that covers intermolecular forces, solutions, kinetics, equilibria, thermodynamics, acid-base chemistry and electrochemistry. Labs associated with this course contain experiments and exercises that reinforce the principles introduced in lecture classes. For science and engineering majors.

### **CHE 143 - Introduction to Organic and Biochemistry**

Credits, 3 sem. hrs. Prerequisite(s): CHE 141.

An overview of basic concepts of Organic and Biochemistry including nomenclature, classification and selected reaction mechanisms.

### **CHE 211 - Investigations in Inorganic Chemistry**

Credits, 1 sem. hr. Prerequisite(s): CHE 142.

Lecture/Lab/Field/Meeting: Laboratory three hours per week.

A laboratory study of the classification, synthesis and reactions of typical inorganic substances. The physical and chemical properties of elements and compounds will be examined.

### **CHE 231 - Topics of Current Interest**

Credits, 1 sem. hr. Prerequisite(s): CHE 141, CHE 142.

Students attend seminars, participate in field trips, and discuss topics of current interest in chemistry.

### **CHE 303 - Organic Chemistry I**

Credits, 3 sem. hrs. Prerequisite(s): CHE 141, CHE 142 The department recommends at least a C in CHE 142.

Corequisite(s): CHE 313 or instructor's consent.

Lecture/Lab/Field/Meeting: Lecture three hours per week.

An introductory course, including a study of the fundamental types of organic compounds, their nomenclature, classification, synthesis, and typical reactions.

### **CHE 304 - Organic Chemistry II**

Credits, 3 sem. hrs. Prerequisite(s): CHE 303 and CHE 313 The department recommends at least a C in CHE 303.

Corequisite(s): CHE 314 or instructor's consent.

A continuation of CHE 303.

### **CHE 310 - Quantitative Chemical Analysis**

Credits, 4 sem. hrs. Prerequisite(s): CHE 141, CHE 142 or instructor's consent.

Lecture/Lab/Field/Meeting: Lecture two hours per week. Laboratory six hours per week.

This laboratory intensive course presents the fundamental methods of exact chemical analysis and includes an introduction to the use of chemical instrumentation.

### **CHE 313 - Organic Chemistry Laboratory I**

Credits, 2 sem. hrs. Corequisite(s): CHE 303 or instructor's consent.

Lecture/Lab/Field/Meeting: Lecture one hour per week and laboratory four hours per week.

A study of laboratory techniques in synthesis, purification, and chemical and instrumental analysis.

### **CHE 314 - Organic Chemistry Laboratory II**

Credits, 2 sem. hrs. Prerequisite(s): CHE 313.

Corequisite(s): CHE 304 or instructor's consent.

Lecture/Lab/Field/Meeting: Lecture one hour per week and laboratory four hours per week.

A continuation of CHE 313.

## **CHE 317 - Chemical Dynamics**

Credits, 4 sem. hrs. Prerequisite(s): CHE 142, MAT 122, PHY 152 or PHY 252, or instructor's consent.

Lecture/Lab/Field/Meeting: Lecture three hours per week. Laboratory three hours per week.

A study of the thermodynamics and kinetics of chemical and biochemical processes.

## **CHE 318 - Chemical Energetics**

Credits, 4 sem. hrs. Prerequisite(s): CHE 317 or Instructor's consent.

Lecture/Lab/Field/Meeting: Lecture three hours per week. Laboratory three hours per week.

An introduction to quantum mechanics and its application to atomic and molecular structure, energetics, and spectroscopy.

## **CHE 402 - Advanced Organic Chemistry**

Credits, 4 sem. hrs. Prerequisite(s): CHE 303, CHE 304 or instructor's consent.

Lecture/Lab/Field/Meeting: Lecture three hours per week. Laboratory three hours per week.

Reactions and mechanisms, separation science, serial synthesis and instrumental methods of compound identification.

## **CHE 410 - Instrumental Analysis**

Credits, 4 sem. hrs. Prerequisite(s): CHE 310 or instructor's consent.

Lecture/Lab/Field/Meeting: Lecture two hours per week. Laboratory six hours per week.

The course deals with the principles and application of some of the modern instruments used in analytical chemistry.

## **CHE 411 - Advanced Inorganic Chemistry**

Credits, 3 sem. hrs. Prerequisite(s): CHE 211, CHE 317.

Corequisite(s): CHE 318 or instructor's consent.

Lecture/Lab/Field/Meeting: Lecture three hours per week.

A study of modern inorganic chemistry with emphasis on the principles and trends in the chemistry of the elements and the essentials of structure, bonding, and reactivity of inorganic systems.

## **CHE 415 - Synthetic Inorganic Chemistry**

Credits, 3 sem. hrs. Prerequisite(s): CHE 141, CHE 142, CHE 211.

Lecture/Lab/Field/Meeting: Laboratory six hours per week. Lecture one hour per week.

A laboratory course illustrating the techniques of crystallization, distillation, furnace methods, electrolytic processes and gas handling involved in the preparation and characterization of novel inorganic compounds.

## **CHE 417 - Theoretical Chemistry**

**Credits, 3 sem. hrs. Prerequisite(s): CHE 318.**

Lecture/Lab/Field/Meeting: Lecture three hours per week.

A study of theoretical chemistry, chemical physics, theoretical molecular spectroscopy and computational chemistry.

### **CHE 418 - Biochemistry: Macromolecules**

**Credits, 3 sem. hrs. Prerequisite(s): CHE 304 and BIO 111 and BIO 110 or instructor's consent.**

Lecture/Lab/Field/Meeting: Lecture three hours per week.

This lecture course examines: the chemical structure/function relationship of biopolymers including proteins, carbohydrates, lipids, and nucleic acids; the nomenclature, kinetics, catalytic mechanisms and regulation of enzymes; and chemistry of the cellular processes of replication, transcription and translation.

### **CHE 419 - Biochemistry: Metabolism**

**Credits, 3 sem. hrs. Prerequisite(s): CHE 304 and BIO 111 and BIO 110 or instructor's consent.**

This lecture course examines the energetics and regulation of anabolism and catabolism of proteins, lipids, carbohydrates and nucleic acids. Clinical correlations with metabolic diseases are discussed.

### **CHE 420 - Bioanalytical Chemistry Laboratory**

**Credits, 1 sem. hr. Prerequisite(s): CHE 304 and BIO 111 and BIO 110 or instructor's consent.**

This laboratory course covers basic methods utilized in the purification and chemical analysis of biological molecules with applications to medicinal and forensic chemistry.

### **CHE 421 - Biophysical Chemistry Laboratory**

**Credits, 1 sem. hr. Prerequisite(s): CHE 304 and BIO 111 and BIO 110 or instructor's consent.**

This laboratory course covers basic techniques currently used in biochemistry and molecular biology. Methods include the determination of protein and nucleic acid structure, stability, identity, and function with applications to biomedical science.

### **CHE 431 - Chemistry Seminar**

**Credits, 1 sem. hr. Prerequisite(s): CHE 303, CHE 304 and senior standing.**

In order to gain experience in oral communication and exploration of the scientific literature students learn to present scientific information by giving short seminars on selected topics in chemistry, as well as a departmental seminar. A standardized chemistry test covering areas of undergraduate chemistry will be administered.

### **CHE 435 - Methods of Teaching Secondary School Science**

**Credits, 3 sem. hrs. Prerequisite(s): EDU 300.**

Designed to familiarize teachers with current trends, methods and techniques of teaching science to secondary school students. May not be used for minor, nor for Career Chemist and Medical Science majors.

### **CHE 441 - Special Topics in Chemistry**

Credits, 1 sem. hr. Prerequisite(s): Eighteen hours of chemistry and departmental permission.

Provides students a means to begin undergraduate research or to explore a subject in more depth than is offered in a regular class. A final written report is required.

### **CHE 442 - Special Topics in Chemistry**

Credits, 1 sem. hr. Prerequisite(s): Eighteen hours of chemistry and departmental permission.

Provides students a means to begin undergraduate research or to explore a subject in more depth than is offered in a regular class. A final written report is required.

### **CHE 451 - Independent Studies and Research**

Credits, 3 sem. hrs. Prerequisite(s): Eighteen hours of chemistry and departmental consent.

Individual reading and research involving experimental or theoretical investigation.

### **CHE 452 - Independent Studies and Research**

Credits, 3 sem. hrs. Prerequisite(s): Eighteen hours of chemistry and departmental consent.

Individual reading and research involving experimental or theoretical investigation.

### **CHE 470 - Historical Foundations of Chemistry**

Credits, 3 sem. hrs. Prerequisite(s): Eight hours of chemistry.

Lecture/Lab/Field/Meeting: Lecture three hours per week.

A selected history of chemistry with a study of the pioneers who developed the theories and techniques that have brought the science to its present position.

## ***Mission Statement***

This department builds upon the synergy of two dynamic scientific disciplines, one very young and the other very old. On the one hand, the computer is of relatively recent vintage and has revolutionized technology globally. Our Computer Science program equips students with fundamental knowledge about the discipline of computer science and how it is changing the way we live. The learning approach combines both the theoretical and the practical, with the emphasis upon problem solving. On the other hand, Physics has been called the mother of all the sciences whose origin dates back into ancient times; certainly Physics is the most basic of the sciences for it seeks to observe, analyze, and categorize the interactions which occur in our whole physical world. Our Physics program grounds students in the fundamental principles of the discipline and the scientific approach to knowledge.

## ***Objectives***

As a major component of the School of Science and Mathematics, the Department of Computer Science and Physics strives to meet the needs of the students at Mississippi College by:

Offering courses, to both majors and non-majors, which stimulate their intellectual development while providing them with essential knowledge in the fields of computer science and physics along with acquainting them with the scientific approach to knowledge.

Providing students with opportunities to receive a strong background to enable them to compete successfully in their chosen careers whether in industry or post-baccalaureate study in graduate and professional schools.

Effectively advising students regarding choices of courses and programs while at Mississippi College so that they are acquainted with the opportunities and challenges available to them.

Employing and retaining competent faculty who are dedicated to teaching students while continuing their own professional development and who support and engage in scholarship, creative activity, and community and collegial service.

## ***Programs of the Department***

The Department consists of separate programs in Electrical Engineering, Computer Science and Physics. Majors offered include Computer Science (B.A. or B.S.), Computing and Information Systems (B.A. or B.S.), Physics (B.S.), and Electrical Engineering (B.S.E.E.). Minors include Computer Science and Physics. The Department also offers the graduate degree of Master of Science in the areas of Computer Science and Cybersecurity & Information Assurance.

## ***Honors Courses***

By invitation of the Honors Council; see *Junior and Senior Departmental Honors Program* section of *Undergraduate Catalog*.

## **Bachelor of Science**

### ***Computer Science, B.S.***

## UNIVERSITY CORE

### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam

ENG 101 - English Composition

ENG 102 - English Composition

OR

ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces

ENG 212 - Survey of British Literature

ENG 213 - Survey of American Literature

### University Core - History (6 hours)

HIS 103 - World Civilization I

HIS 104 - World Civilization II

OR

HIS 211 - History of the United States

HIS 212 - History of the United States

### University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**

BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**

BIB 121 - An Intensive Analysis of the New Testament

### University Core - Social Sciences (3 hours)

Any PHI (Philosophy) course

ECO 231 - Principles of Macroeconomics

GBU 151 - Business Skills for Life

MLG 205 - Cross-Cultural Understanding

PLS 201 - American National Government

PSY 201 - Introduction to Psychology (General Psychology)

SOC 205 - Sociology: An Introduction in Global Context

### University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation OR

MUS 125 - Music Appreciation OR

THE 125 - Introduction to Theatre

### University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life

OR

Any combination of :

KIN 124- Nutrition for Well-Being (1 hour)

PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours) 4 semesters

Sophomore (24-53 semester hours) 3 semesters

Junior (54-83 semester hours) 2 semesters

Senior (84 or more semester hours) 1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS

### Computer Science (36 Hours)

CSC 115 - Foundations of Computer Science

CSC 116 - Intro. to Programming and Problem Solving

CSC 216 - Data Structures

CSC 220 - C/C++ Language Programming

CSC 309 - Discrete Structures

CSC 314 - Computer Organization

CSC 330 - Social & Ethical Issues in Computing

CSC 402 - Advanced Data Structures and Algorithm Analysis

CSC 404 - Programming Language Structures

CSC 416 - Software Engineering

CSC 422 - Operating Systems

CSC 485 - Senior Seminar

### Computer Science Electives (9 Hours)

One course from the following:

CSC 319 - Computer-Human Interaction

CSC 415 - Database Management Systems

CSC 423 - Computer Networking

CSC 425 - Advanced Database Systems

CSC 433 - Selected Topics

CSC 435 - Computer Security

CSC 440 - Introduction to Artificial Intelligence

CSC 445 - Web-Centric Programming Methodologies

CSC 450 - Computer Graphics

CSC 460 - Automata Theory and Formal Languages

Six hours from

CSC courses, exclusive of CSC 114 with no more than 3 hours in specialized language courses.

## Mathematics (12 Hours)

MAT 121 - Calculus with Analytic Geometry I  
MAT 122 - Calculus with Analytic Geometry II

MAT 207 - Elementary Statistics **OR**  
MAT 353 - Introduction to Mathematical Probability and Statistics

And one of the following courses:

MAT 213 - Applied Linear Algebra  
MAT 221 - Calculus with Analytic Geometry III  
MAT 301 - Foundations of Mathematics  
MAT 352 - Introduction to Differential Equations  
MAT 381 - Introduction to Numerical Methods  
MAT 455 - Graph Theory

## Science Courses (12 Hours)

12 hours of laboratory based science chosen from Biology, Chemistry, or Physics.

Students are encouraged to choose from one of the following lab courses:

BIO 111 - Biology I AND

BIO 112 - Biology II

**OR**

CHE 141 - General Chemistry I AND

CHE 142 - General Chemistry II

**OR**

PHY 151 - General Physics I AND

PHY 152 - General Physics II

**OR**

PHY 251 - Fundamentals of Physics I AND

PHY 252 - Fundamentals of Physics II

The following course combinations not permitted are BIO 101 -BIO 203 , BIO 101 -BIO 111 , CHE 141 -CHE 111 ,CHE 141 -CHE 124 ,CHE 111 -CHE 124 , PHY 151 -PHY 251 ,PHY 251 -PHY 104 , or PHY 151 -PHY 104

## Communication Course (3 Hours)

Choose one of the following courses:

COM 202 - Interpersonal Communication

COM 203 - Professional Communication Skills

COM 304 - Public Speaking

GBU 321 - Business Communications

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

**TOTAL: 130 SEM. HOURS**

## Computing and Information Systems, B.S.

### UNIVERSITY CORE

#### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

#### University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR  
HIS 211 - History of the United States  
HIS 212 - History of the United States

#### University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

#### University Core - Social Sciences (3 hours)

Any PHI (Philosophy) course  
ECO 231 - Principles of Macroeconomics  
GBU 151 - Business Skills for Life  
MLG 205 - Cross-Cultural Understanding  
PLS 201 - American National Government  
PSY 201 - Introduction to Psychology (General Psychology)  
SOC 205 - Sociology: An Introduction in Global Context

#### University Core - Science (4 hours)

Four hours of science are required, including one lecture with a corresponding lab. Students are encouraged to choose from one of the following lab courses:

BIO 103 - Human Biology **AND**  
BIO 104 - Human Biology Laboratory  
OR

BIO 105 - Plants and People AND  
BIO 106 - Plants and People Laboratory  
OR  
BIO 111 - Biology I AND  
BIO 110 - Biology I Laboratory  
OR  
CHE 112 - Chemistry in American Life II  
OR  
CHE 141 - General Chemistry I  
OR  
PHY 151 - General Physics I  
OR  
PHY 251 - Fundamentals of Physics I

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation OR  
MUS 125 - Music Appreciation OR  
THE 125 - Introduction to Theatre

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
OR  
Any combination of :  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS

### Computer Science (36 Hours)

CSC 115 - Foundations of Computer Science  
CSC 116 - Intro. to Programming and Problem Solving  
CSC 216 - Data Structures  
CSC 220 - C/C++ Language Programming  
CSC 309 - Discrete Structures  
CSC 314 - Computer Organization  
CSC 320 - Systems Analysis and Design

CSC 330 - Social & Ethical Issues in Computing  
CSC 415 - Database Management Systems  
CSC 416 - Software Engineering  
CSC 422 - Operating Systems  
CSC 485 - Senior Seminar

## Mathematics (9 Hours)

MAT 205 - Finite Mathematics  
MAT 207 - Elementary Statistics  
And one of the following courses:  
MAT 111 - College Algebra with Applications  
MAT 113 - College Trigonometry  
MAT 105 - Contemporary Mathematics  
MAT 121 - Calculus with Analytic Geometry I  
MAT 206 - Applied Calculus  
MAT 213 - Applied Linear Algebra

## Choose either Art/Graphic Design Option or Business Administration Option (12 Hours)

Art/Graphic Design Option:

ART 101 - Basic Design I  
ART 102 - Basic Design II  
ART 205 - Introduction to Graphic Design & Software  
ART 215 - Graphic Design I

**OR**

Business Administration Option:

MGT 371 - Principles of Management & Organizational Behavior  
ECO 232 - Principles of Microeconomics  
ACC 201 - Principles of Accounting I  
GBU 358 - Business Law and Ethics

## Computer Science Electives (6 Hours)

One course from the following:

CSC 310 - File and Systems Software  
CSC 319 - Computer-Human Interaction  
CSC 402 - Advanced Data Structures and Algorithm Analysis  
CSC 404 - Programming Language Structures  
CSC 423 - Computer Networking  
CSC 425 - Advanced Database Systems  
CSC 433 - Selected Topics  
CSC 435 - Computer Security  
CSC 436 - Cryptography & Network Security  
CSC 438 - Computer & Network Forensics  
CSC 440 - Introduction to Artificial Intelligence  
CSC 445 - Web-Centric Programming Methodologies  
CSC 450 - Computer Graphics  
CSC 460 - Automata Theory and Formal Languages

Three hours from the following:

CSC 231 - Selected Language Programming

CSC 232 - Selected Language Programming  
CSC 233 - Selected Language Programming

## Communication Course (3 Hours)

Choose one of the following courses:

COM 202 - Interpersonal Communication

OR

COM 203 - Professional Communication Skills

OR

COM 304 - Public Speaking OR

GBU 321 - Business Communications

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

TOTAL: 130 SEM. HOURS

# Bachelor of Science Electrical Engineering

## *Electrical Engineering (B.S.E.E.)*

### Accreditation

The Electrical Engineering (B.S.E.E.) program is accredited by the Engineering Accreditation Commission (EAC) of ABET. More information about ABET can be found at <https://www.abet.org/>.

### Program Educational Objectives

Graduates of the Electrical Engineering Program at Mississippi College will attain a reputation for integrity and expertise in the technical workforce by:

Demonstrating problem solving skills, professionalism, and ethical conduct through their endeavors in engineering practice or other related pursuits.

Demonstrating the ability to communicate effectively and make meaningful contributions as members of engineering or other problem-solving teams.

Demonstrating an awareness, appreciation, and ability to engage in life-long learning and service to society.

### Student Outcomes

In support of the Program Educational Objectives, the following student outcomes describe what students are expected to know and be able to do by the time of graduation. These relate to the skills, knowledge, and behaviors that students acquire as they progress through the program.

an ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics

an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors

an ability to communicate effectively with a range of audiences

an ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts

an ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives

an ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions

an ability to acquire and apply new knowledge as needed, using appropriate learning strategies

## Admission Requirements

In order for an applicant to be admitted into the Electrical Engineering program, the applicant must meet all the requirements for admission to Mississippi College and an open slot must be available in the Electrical Engineering program. Additionally, the following requirements must be satisfied:

Applicants applying for admission to the program must either satisfy the following two criteria:

1. The applicant must have at least 4 units of high school mathematics which must include 2 units of algebra, 1 unit of geometry, and at least one-half unit coverage of trigonometry, pre-calculus, or calculus.

AND

2. The applicant must have a Math ACT score of 25 or higher (or equivalent SAT score). Special exceptions can be made in some instances for applicants with a Math ACT score of 24 (or equivalent SAT score) based on the applicant's level of performance in their high school trigonometry, pre-calculus, or calculus courses.

OR satisfy the following:

The applicant must have a cumulative collegiate GPA of 2.00 or higher and must have passed MAT 113 Trigonometry or MAT 119 Precalculus or MAT 121 Calculus I (or their equivalent) with a grade of C or higher

Applicants with justifiable circumstances may petition the Department Chair for special admission.

Students with coursework deficiencies will be required to enroll in the necessary prerequisite courses. These courses will be in addition to those contained in the Electrical Engineering curriculum and may extend the time for graduation.

## UNIVERSITY CORE CURRICULUM

### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam

ENG 101 - English Composition

ENG 102 - English Composition

OR

ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces

ENG 212 - Survey of British Literature

ENG 213 - Survey of American Literature

### University Core - History (6 hours)

HIS 103 - World Civilization I

HIS 104 - World Civilization II

OR

HIS 211 - History of the United States

HIS 212 - History of the United States

## University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

### **AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

## University Core - Social Sciences (3 Hours)

ECO 231 - Principles of Macroeconomics

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation **OR**  
MUS 125 - Music Appreciation **OR**  
THE 125 - Introduction to Theatre

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
**OR**  
Any combination of:  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS

### Mathematics Courses (21 Hours)

MAT 121 - Calculus with Analytic Geometry I  
MAT 122 - Calculus with Analytic Geometry II  
MAT 213 - Applied Linear Algebra  
MAT 221 - Calculus with Analytic Geometry III

MAT 222 - Calculus with Analytic Geometry IV  
MAT 352 - Introduction to Differential Equations  
MAT 353 - Introduction to Mathematical Probability and Statistics

## Computer, Physical, and Engineering Science Courses (21 Hours)

CHE 141 - General Chemistry I  
PHY 251 - Fundamentals of Physics I  
PHY 252 - Fundamentals of Physics II  
CSC 105 - C Programming for Scientists and Engineers

CSC 205 - Data Structures and Algorithms for Engineers OR  
ESC 205 - Computational Tools for Scientists and Engineers OR  
ESC 311 – Statics OR  
PHY 313 - Optics

ESC 315 - Thermodynamics

## Electrical Engineering Required Courses (45 Hours)

ECE 101 - Introduction to Electrical Engineering  
ECE 201 - Logic Design  
ECE 202 - Logic Design Laboratory  
ECE 301 - Electric Circuit Theory  
ECE 302 - Electric Circuit Theory Laboratory  
ECE 305 - Electronics I  
ECE 306 - Electronics I Laboratory  
ECE 315 - Electronics II  
ECE 316 - Electronics II Laboratory  
ECE 320 - Microprocessors and Microcontrollers  
ECE 321 - Microprocessors and Microcontrollers Laboratory  
ECE 325 - Electromagnetic Theory I  
ECE 326 - Electromagnetic Theory II  
ECE 330 - Signals and Systems  
ECE 401 - Electric Machines  
ECE 405 – Feedback Control Systems  
ECE 421 - Communications Systems

ECE 451 - Senior Design I OR  
ECE 5453 - Senior Design With Business Proposal I  
ECE 452 - Senior Design II OR  
ECE 5454 - Senior Design With Business Proposal II

ECE 490 – Service Learning  
ECE 099- Professional Development

## Electrical Engineering Elective Courses (9 Hours)

Nine hours of 400-level ECE courses, with the exception of ECE 401, ECE 405, ECE 421 , ECE 451, and ECE 452.  
At least three of these hours must be from one of the following courses: ECE 431 , ECE 433 , or ECE 435

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

TOTAL: 130 SEM. HOURS

## Bachelor of Science

### *Physics, B.S.*

#### UNIVERSITY CORE

##### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

##### University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR  
HIS 211 - History of the United States  
HIS 212 - History of the United States

##### University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

##### University Core - Social Sciences (3 hours)

Any PHI (Philosophy) course  
ECO 231 - Principles of Macroeconomics  
GBU 151 - Business Skills for Life  
MLG 205 - Cross-Cultural Understanding

PLS 201 - American National Government  
PSY 201 - Introduction to Psychology (General Psychology)  
SOC 205 - Sociology: An Introduction in Global Context

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation **OR**  
MUS 125 - Music Appreciation **OR**  
THE 125 - Introduction to Theatre

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
**OR**  
Any combination of :  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS

### Physics & Related Courses (40 Hours)

#### Required Physics Courses

PHY 151 - General Physics I  
**OR**  
PHY 251 - Fundamentals of Physics I \*

PHY 152 - General Physics II  
**OR**  
PHY 252 - Fundamentals of Physics II \*

PHY 301 - Modern Physics  
PHY 308 - Classical Mechanics  
PHY 313 - Optics  
PHY 401 - Quantum Mechanics  
PHY 402 - Special Projects  
PHY 406 - Electricity and Magnetism I

PHY 407 - Electricity and Magnetism II  
PHY 433 - Physics Capstone

## Physics and Related Electives

Choose nine (9) hours from the following:

CHE 318 - Chemical Energetics  
ESC 205 - Computational Tools for Scientists and Engineers  
ESC 311 - Statics \*  
ESC 315 - Thermodynamics \*+  
PHY 216 - Astronomy  
PHY 413 - Nuclear Physics +  
PHY 417 - Selected Topics in Physics (may be taken more than once with different specific topics)

## Mathematics Courses (21 Hours)

MAT 121 - Calculus with Analytic Geometry I  
MAT 122 - Calculus with Analytic Geometry II  
MAT 221 - Calculus with Analytic Geometry III  
MAT 222 - Calculus with Analytic Geometry IV  
MAT 352 - Introduction to Differential Equations

And two of the following courses:

MAT 213 - Applied Linear Algebra  
MAT 353 - Introduction to Mathematical Probability and Statistics  
MAT 381 - Introduction to Numerical Methods

## Chemistry Courses (12 Hours)

CHE 141 - General Chemistry I  
CHE 142 - General Chemistry II  
CHE 317 - Chemical Dynamics

## Computer Science Course (3 Hours Minimum)

Choose one of the following courses:

CSC 105 - C Programming for Scientists and Engineers **OR**  
CSC 204 - Practical Fortran Programming

## Communication Course (3 Hours)

COM 203 - Professional Communication Skills  
**OR**  
COM 304 – Public Speaking

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

TOTAL: 130 SEM. HOURS

Note(s):

\* Students interested in pursuing additional studies in engineering should elect these courses as a minimum.

+ Students interested in pursuing additional studies in physics should elect these courses as a minimum.

## Minors

### Computer Science Minor

Students electing to minor in computer science must complete 18 semester hours of work in computer science, including:

#### Requirements

CSC 115 - Foundations of Computer Science  
CSC 116 - Intro. to Programming and Problem Solving  
CSC 216 - Data Structures  
CSC 220 - C/C++ Language Programming  
CSC 314 - Computer Organization

Note(s):

CSC 114 - Introduction to Computer Science and CSC 387, CSC 388, CSC 389 and CSC 380 - Internship may not be taken as a part of the minor.

### Physics Minor

#### Requirements

PHY 151 - General Physics I  
**OR**  
PHY 251 - Fundamentals of Physics I  
  
PHY 152 - General Physics II  
**OR**  
PHY 252 - Fundamentals of Physics II  
  
PHY 301 - Modern Physics

Nine hours chosen from:

PHY 308 - Classical Mechanics  
PHY 313 - Optics  
PHY 401 - Quantum Mechanics  
PHY 406 - Electricity and Magnetism I  
PHY 407 - Electricity and Magnetism II

PHY 413 - Nuclear Physics  
PHY 417 - Selected Topics in Physics  
CHE 317 - Chemical Dynamics

## Certificate

### *Computer Science Certificate, Track 1*

This track leads to a 20-hour certificate in Computer Science and is open to individuals who have graduated from high school, passed the GED equivalency exam, or already have a baccalaureate degree.

A minimum of 12 semester hours in the certificate program must be completed at Mississippi College.

Transfer credit (up to 8 hours) with a minimum grade of C will be accepted at the discretion of the department.

Students should have some general experience with Calculus before enrolling. MAT 121 or MAT 206 may be required as a prerequisite course if needed.

This certificate program may be completed in a minimum of four semesters. Cohorts begin each fall semester.

These courses also provide those without a background in computer science with required prerequisites to pursue a master's degree in the field.

A 3.0 GPA in the below listed courses is required with no less than a C in any course.

#### Required Courses:

CSC 115 - Foundations of Computer Science  
CSC 116 - Intro. to Programming and Problem Solving  
CSC 216 - Data Structures  
CSC 220 - C/C++ Language Programming  
CSC 309 - Discrete Structures  
CSC 314 - Computer Organization

### *Computer Science Certificate, Track 2 (Applied Programming)*

This track leads to a 20-hour certificate in Applied Programming and is open to individuals who have graduated from high school, passed the GED equivalency exam, or already have a baccalaureate degree.

A minimum of 12 semester hours in the certificate program must be completed at Mississippi College.

Transfer credit (up to 8 hours) with a minimum grade of C will be accepted at the discretion of the department.

This certificate program may be completed in a minimum of three semesters. Cohorts begin each fall semester.

This track provides a heavier programming emphasis than the Certificate in Computer Science, Track 1.

A 2.75 GPA in the below listed courses is required with no less than a C in any course.

#### Required Courses

CSC 115 - Foundations of Computer Science  
CSC 116 - Intro. to Programming and Problem Solving  
CSC 216 - Data Structures  
CSC 220 - C/C++ Language Programming  
CSC 302 - Internet and WWW Basics  
CSC 415 - Database Management Systems

### *Cybersecurity Certificate*

This certificate is only available to students completing a Computer Science, B.S./Computer Science, B.A. or Computing and Information Systems, B.S./Computing and Information Systems, B.A. degree program.

Students will be required to maintain a B average in the courses in order to receive the certificate.

## Requirements (18 sem. hrs.)

CSC 415 - Database Management Systems  
CSC 422 - Operating Systems  
CSC 423 - Computer Networking  
CSC 435 - Computer Security  
CSC 436 - Cryptography & Network Security  
CSC 438 - Computer & Network Forensics

## Computer Science Courses

### CSC 105 - C Programming for Scientists and Engineers

**Credits, 3 sem. hrs.** A study of syntax and features of the C programming language. Special attention will be given to scientific, engineering and mathematical oriented applications of C. Substantial programming exercises utilizing concepts from scientific programming environments will be required.

### CSC 114 - Introduction to Computer Science

**Credits, 3 sem. hrs.** This course is an introduction to computer science. Topics to be covered include computer history, computer hardware, application and system software, networks, www concepts, ethics, and problem solving.

### CSC 115 - Foundations of Computer Science

**Credits, 3 sem. hrs.** Lecture/Lab/Field/Meeting: Three hours of lecture per week. The class will meet some of these times in the computer laboratory.

This course is designed to introduce the student with no prior programming experience to the fundamentals necessary to study the science of computing. Topics include history of computing, computing as a tool and a discipline, machine level data representation, algorithms and problem solving, fundamental programming constructs and software design methodology, fundamental data structures, operating systems, net-centric computing, human-computer interaction, artificial intelligence, simulation, and social issues in computing.

### CSC 116 - Intro. to Programming and Problem Solving

**Credits, 4 sem. hrs. Prerequisite(s): CSC 115.**

Lecture/Lab/Field/Meeting: Three hours of lecture and three hours of laboratory per week.

This course is designed as an introduction to programming and problem solving. Topics to be included are the abstractions necessary for the program development process, design methodology, control structures, looping, procedures, interface design, functions, simple data types, aggregate data structures and objects.

## **CSC 204 - Practical Fortran Programming**

**Credits, 3 sem. hrs. Prerequisite(s): CSC 116 and MAT 121 or MAT 206 or approval by instructor.**

A study of the syntax and features of the Fortran programming language. Special attention will be given to scientific, engineering and mathematical oriented applications of Fortran. Substantial programming exercises utilizing concepts from scientific programming environments will be required.

## **CSC 205 - Data Structures and Algorithms for Engineers**

**Credits, 3 sem. hrs. Prerequisite(s): CSC 105 or Instructor's Consent.**

Introduces fundamental data structures, algorithms, and abstract data types. Main topics include data structures such as arrays, linked lists, stacks, queues, graphs, and trees, and algorithms such as those that are used for list manipulation, graph searches, sorting, searching and tree traversals. Implementation of data structures and algorithms in C++.

## **CSC 216 - Data Structures**

**Credits, 4 sem. hrs. Prerequisite(s): CSC 116.**

Lecture/Lab/Field/Meeting: Three hours of lecture and three hours of laboratory per week.

An introduction to the basic concepts of data structures from a practical standpoint with an emphasis on the use of some of the abstractions necessary for structured program development. Topics include software development tools, top-down design, algorithm analysis, encapsulation, and methods of implementation as well as the common data structures stacks, queues, lists, and trees. Sorting and searching techniques employing these data structures will also be examined.

## **CSC 220 - C/C++ Language Programming**

**Credits, 3 sem. hrs. Prerequisite(s): CSC 116 or instructor's consent.**

A study of the syntax and features of the C and C++ programming languages.

## **CSC 231 - Selected Language Programming**

**Credits, 1 sem. hr. Prerequisite(s): CSC 220 or instructor's consent.**

A study of the syntax and features of a selected special purpose language such as LISP, Prolog, Ada, Pascal, Fortran, Assembly, BASIC or COBOL. Other languages may be included as needed. May be repeated for credit if a different language is offered.

## **CSC 232 - Selected Language Programming**

**Credits, 2 sem. hrs. Prerequisite(s): CSC 220 or instructor's consent.**

A study of the syntax and features of a selected special purpose language such as LISP, Prolog, Ada, Pascal, Fortran, Assembly, BASIC or COBOL. Other languages may be included as needed. May be repeated for credit if a different language is offered.

## **CSC 233 - Selected Language Programming**

**Credits, 3 sem. hrs. Prerequisite(s): CSC 220 or instructor's consent.**

A study of the syntax and features of a selected special purpose language such as LISP, Prolog, Ada, Pascal, Fortran,

Assembly, BASIC or COBOL. Other languages may be included as needed. May be repeated for credit if a different language is offered.

### **CSC 300 - Fundamentals of Computer Science for Educators**

Credits, 3 sem. hrs. Prerequisite(s): CSC 216.

A study of the methodology and concepts involved in computer education in the secondary schools. Topics included will be computer curriculum and computer laboratory techniques, course authoring, language survey, multimedia, and classroom networking.

### **CSC 302 - Internet and WWW Basics**

Credits, 3 sem. hrs. Prerequisite(s): CSC 114 or CSC 115 or instructor's consent.

This course is intended for the general university audience and will cover basic Internet concepts as well as World Wide Web design concepts such as XHTML, CSS, XML, Javascript and XSL.

### **CSC 309 - Discrete Structures**

Credits, 3 sem. hrs. Prerequisite(s): CSC 216.

Concepts of algorithms, induction, recursion, proofs, topics from logic, set theory, combinatorics, graph theory, and automata theory fundamental to the study of computer science.

### **CSC 310 - File and Systems Software**

Credits, 3 sem. hrs. Prerequisite(s): CSC 216.

A study of file and data storage techniques and the operating systems software necessary to support such file systems. Topics include operating systems, I/O, memory management, indexing, hashing, buffering, and specialized file management techniques for database systems.

### **CSC 314 - Computer Organization**

Credits, 3 sem. hrs. Prerequisite(s): CSC 216 and CSC 220.

Computer system organization; internal organization and operation of digital computers; some systems software. A working knowledge of the C programming language is assumed.

### **CSC 319 - Computer-Human Interaction**

Credits, 3 sem. hrs. Prerequisite(s): CSC 216.

This course is the study of the interfaces between the human and the computer and the design principles necessary to make such interfaces more effective. It provides a broad overview of CHI as a sub-area of the computer sciences and offers specific background relating to user-centered design approaches in information systems applications. Areas to be addressed include user interface and software design strategies, user experience levels, interaction styles, usability engineering and collaborative systems technology.

### **CSC 320 - Systems Analysis and Design**

Credits, 3 sem. hrs. Prerequisite(s): CSC 216.

Physical and logical design of an operational computer system. The processes of planning for control, implementation,

change, analysis, and review of existing systems from a technological as well as managerial standpoint will be covered. This course requires students to make both written and oral presentations of analysis and design projects.

### **CSC 330 - Social & Ethical Issues in Computing**

Credits, 3 sem. hrs. Prerequisite(s): Junior standing.

A study of the major social and ethical issues in computer science, a brief history of computer science, the impact of computers on society, and professional computer ethics.

### **CSC 380 - Internship**

Credits, 1, 2, 3, or 6 sem. hrs. See Internships section of the Undergraduate Catalog.

### **CSC 381 - Introduction to Numerical Methods**

Credits, 3 sem. hrs. Prerequisite(s): MAT 122 and CSC 116.

This course looks into the modeling of mathematical concepts on a computer. Algorithms will be discussed and implemented which find roots of equations, give polynomial approximations to discrete data, approximate integrals and derivatives, solve ordinary differential equations and solve linear systems of equations.

[Crosslisted as: MAT 381.]

### **CSC 387 - Internship**

Credits, 1, 2, 3, or 6 sem. hrs. See Internships section of the Undergraduate Catalog.

### **CSC 388 - Internship**

Credits, 1, 2, 3, or 6 sem. hrs. See Internships section of the Undergraduate Catalog.

### **CSC 389 - Internship**

Credits, 1, 2, 3, or 6 sem. hrs. See Internships section of the Undergraduate Catalog.

### **CSC 402 - Advanced Data Structures and Algorithm Analysis**

Credits, 3 sem. hrs. Prerequisite(s): CSC 216.

A study of complexity of algorithms and algorithm design and data structures used for their implementation along with the analysis of algorithmic performance of these designs. Advanced searching and sorting techniques, trees and tree structures, hashing, network flows, recurrence, divide-and-conquer techniques, transform-and-conquer techniques, dynamic programming, and greedy algorithms are among the topics examined.

### **CSC 404 - Programming Language Structures**

Credits, 3 sem. hrs. Prerequisite(s): CSC 216

Introduction to the principles of programming language design and implementation, syntax, data types, scope, data abstractions, concurrency and Object-Oriented Programming.

### **CSC 405 - Introduction to Operations Research**

Credits, 3 sem. hrs. [Crosslisted as: MAT 405.]

### **CSC 415 - Database Management Systems**

Credits, 3 sem. hrs. Prerequisite(s): CSC 216.

Design and implementation of a database system. This course focuses on relational database systems concepts such as relational algebra, normalization, transaction management, concurrency control, authentication, XQuery, Xpath, SQL, and design implementation concepts. A major database design and implementation project will be required.

### **CSC 416 - Software Engineering**

Credits, 3 sem. hrs. Prerequisite(s): CSC 216.

A study of the analysis, design and implementation of major software systems. Topics include software development life-cycles and software development product management. A collaborative exercise in developing a large software product is central to the course. This course requires an oral presentation of the final software engineering project.

### **CSC 422 - Operating Systems**

Credits, 3 sem. hrs. Prerequisite(s): CSC 220, CSC 314.

An introduction to the various data and control structures necessary for the design and implementation of the modern computer operating systems. Process creation and control, inter-process communications, synchronization and concurrency, I/O memory management, and file systems concepts are explored in the context of the Unix operating system. A working knowledge of the C programming language is assumed.

### **CSC 423 - Computer Networking**

Credits, 3 sem. hrs. Prerequisite(s): CSC 220.

This course is a study of the physical and logical components used in modern computer networks. Topics include: fundamentals of signaling and data transmission using electromagnetic media, data encoding, multiplexing, circuit switching, packet switching, LAN and WAN technologies, internet working concepts, transport protocols, network security, and distributed applications. May include programming or laboratory assignments to demonstrate key concepts.

### **CSC 425 - Advanced Database Systems**

Credits, 3 sem. hrs. Prerequisite(s): CSC 415 or instructor's consent.

This course will focus on database systems theory. Topics include Query optimization, object-oriented databases, data mining, hybrid databases, data warehousing, physical database structures, indexing and recovery.

### **CSC 431 - Selected Topics**

Credits, 1 sem. hr., respectively. These courses are offered in response to identified needs and interests.

### **CSC 432 - Selected Topics**

Credits, 2 sem. hrs., respectively. These courses are offered in response to identified needs and interests.

### **CSC 433 - Selected Topics**

Credits, 3 sem. hrs., respectively. These courses are offered in response to identified needs and interests.

### **CSC 435 - Computer Security**

Credits, 3 sem. hrs. Prerequisite(s): CSC 216 and CSC 314.

A study of the fundamental concepts and practical applications of computing systems security from a critical and analytical standpoint. Topics include: security concepts and services, physical, operational, and organizational security, cryptography, hardening, secure code, secure applications development, threats, vulnerabilities, and countermeasures, legal, ethical and privacy considerations.

### **CSC 436 - Cryptography & Network Security**

Credits, 3 sem. hrs. Prerequisite(s): CSC 423

A study of the fundamental concepts and practical applications of cryptography and network security. Topics include: symmetric and asymmetric cryptography, cryptographic hash functions, authentication and digital signatures, management and distribution of keys, cloud, wireless, and wire network security introduction, IPSec, authentication and security at various network levels.

### **CSC 438 - Computer & Network Forensics**

Credits, 3 sem. hrs. Prerequisite(s): CSC 422

A study of computer and network forensics. Topics include: computer crimes, standard techniques of digital evidence acquisition and handling, techniques and methods of computer, network, mobile, and cloud forensics, network device and server forensics, network tunneling, malware forensics, and preparation of the computer scientist to testify in court. The students will conduct an investigation of computer crime and prepare the necessary reports.

### **CSC 440 - Introduction to Artificial Intelligence**

Credits, 3 sem. hrs. Prerequisite(s): CSC 216 and CSC 309.

A study of fundamental concepts in AI. The focus is upon knowledge representation and searching, with emphasis on expert systems. Other topics include machine learning, natural language understanding, perception, specialized data structures such as semantic and neural networks, and open problems in the field of AI. Exercises using the LISP and/or Prolog languages may be assigned.

### **CSC 445 - Web-Centric Programming Methodologies**

Credits, 3 sem. hrs. Prerequisite(s): CSC 216.

This course gives hands-on experimentation and analysis of concepts and applications relating to real-world web-based application development. Topics include Client-Server Architectures, web protocols and software, client-side and server-side programming, database connectivity, design patterns for web apps, security, performance, reliability, internationalization, cloud, wireless and mobile computing, SaaS, SOA, and various other web services and advanced web-based architectural styles.

### **CSC 450 - Computer Graphics**

Credits, 3 sem. hrs. Prerequisite(s): CSC 220.

An introduction to raster graphics technology. A study of the theory and practice necessary for comprehending the

techniques for scientific visualization, interface design, and two- and three-dimensional data representation and manipulation.

### **CSC 455 - Graph Theory**

**Credits, 3 sem. hrs. Prerequisite(s): MAT 222 and CSC 216 or instructor's consent.**

Graph theory with a wide variety of applications, both to other branches of mathematics and to the real world. Some subjects to be treated are graphs, subgraphs, cycles, trees, matchings, and planar graphs.

**[Crosslisted as: MAT 455.]**

### **CSC 460 - Automata Theory and Formal Languages**

**Credits, 3 sem. hrs. Prerequisite(s): CSC 309.**

A study of languages, grammars, and machines at a theoretical level. Regular, context free, and context sensitive languages are covered, as well as finite state, push down and Turing machines. The concept of decidability is also discussed.

### **CSC 481 - Numerical Analysis**

**Credits, 3 sem. hrs. Prerequisite(s): MAT 381/CSC 381.**

This course is a mathematical analysis of scientific computing. Topics covered include the stability and convergence of algorithms, interval arithmetic, fixed point iteration, matrix factorizations, norms and eigenvalues; iterative solutions to systems. Additional discussions will focus on the design of efficient algorithms for use on parallel computers.

**[Crosslisted as: MAT 381.]**

### **CSC 485 - Senior Seminar**

**Credits, 1 sem. hr. Prerequisite(s): CSC 416 and CSC 422, or instructor's consent.**

Students will review material from their Computer Science coursework and apply this knowledge in the study, discussion and presentation of current literature in the field. Grades will be based, in part, on student presentations and on the results of a nationally standardized Computer Science exam to be given during the course.

## **Electrical Engineering Courses**

### **ECE 099 – Professional Development**

**Credits, 0 sem. hrs. Prerequisite(s) Senior standing in Electrical Engineering:**

Students will register to take the Fundamentals of Engineering (FE) exam. The FE is a national exam that is administered year-round at test centers approved by the National Council of Examiners for Engineering and Surveying (NCEES) and is typically required to begin the process of becoming a professional licensed engineer.

### **ECE 101 – Introduction to Electrical Engineering**

**Credits, 2 sem. hrs. Prerequisite(s):** Only electrical engineering majors are allowed to register for this course.

An introduction to the field of electrical engineering. Typical questions that students have about the field and program

are addressed through the course content. Topics include an overview of the program, differences between EE sub-fields, career opportunities and development, keys to student success, ethics, and technical reporting skills.

### **ECE 201 - Logic Design**

Credits, 3 sem. hrs. Corequisite(s): ECE 202.

Corequisite/Prerequisite MAT 121 and ECE 101.

Analysis and design of combinational and sequential logic circuits. Topics include number systems and conversions, Boolean algebra, basic logic gates, minterm and maxterm expansions, Karnaugh maps, multi-level gate circuits, multiplexers, decoders, PLDs, flip-flops, registers, counters, and state tables.

### **ECE 202 - Logic Design Laboratory**

Credits, 1 sem. hr. Corequisite(s): ECE 201.

Laboratory investigations and applications of topics introduced in ECE 201.

### **ECE 301 - Electric Circuit Theory**

Credits, 4 sem. hrs. Prerequisite(s): PHY 252 and ECE 101.

Corequisite(s): ECE 302.

Principles of DC and AC circuits. Topics include basic laws, analysis techniques, circuit theorems, energy storage elements, first and second order circuits, operational amplifiers, phasors, AC power and transformers.

### **ECE 302 - Electric Circuit Theory Laboratory**

Credits, 1 sem. hr. Corequisite(s): ECE 301 .

Laboratory investigations and applications of topics introduced in ECE 301.

### **ECE 305 - Electronics I**

Credits, 3 sem. hrs. Prerequisite(s): ECE 301.

Corequisite(s): ECE 306.

First part of a course on electronic circuit analysis and design. Topics include semiconductors, diodes, rectifiers, clippers and clampers, bipolar junction transistors, BJT amplifiers, field effect transistors, and FET amplifiers.

### **ECE 306 - Electronics I Laboratory**

Credits, 1 sem. hr. Prerequisite(s): ECE 302

Corequisite(s): ECE 305

Laboratory investigations and applications of topics introduced in ECE 305.

### **ECE 315 - Electronics II**

Credits, 3 sem. hrs. Prerequisite(s): ECE 305.

Corequisite(s): ECE 316.

Second part of a course on electronic circuit analysis and design. Topics include frequency response,

power amplifiers, output stages, differential amplifiers, feedback and stability, active filters, oscillators, and MOSFET digital circuits.

### **ECE 316 - Electronics II Laboratory**

Credits, 1 sem. hr. Prerequisite(s): ECE 306

Corequisite(s): ECE 315

Laboratory investigations and applications of topics introduced in ECE 315.

### **ECE 320 - Microprocessors and Microcontrollers**

Credits, 3 sem. hrs. Prerequisite(s): ECE 201 and either CSC 105 or CSC 220.

Corequisite(s): ECE 321.

A study of microprocessor and microcontroller architecture, programming, and interfacing.

### **ECE 321 - Microprocessors and Microcontrollers Laboratory**

Credits, 1 sem. hr. Corequisite(s): ECE 320.

Laboratory investigations and applications of topics introduced in ECE 320.

### **ECE 325 - Electromagnetic Theory I**

Credits, 3 sem. hrs. Prerequisite(s): ECE 301 and MAT 222

Corequisite/Prerequisite MAT 352.

Fundamental principles of static electric and magnetic fields. Topics include discrete and continuous charge distributions, Coulomb's law, Gauss's law, electric potential, electrostatic energy, conductors and insulators, boundary conditions, boundary value problems, steady currents, the Biot-Savart law, Ampere's law, and magnetization.

### **ECE 326 - Electromagnetic Theory II**

Credits, 3 sem. hrs. Prerequisite(s): ECE 325.

Fundamental principles of electrodynamics. Topics include Faraday's law, Maxwell's Equations, plane electromagnetic waves, transmission lines, waveguides, and antennas.

### **ECE 330 - Signals and Systems**

Credits, 3 sem. hrs. Prerequisite(s): ECE 301 and MAT 352.

A study of continuous and discrete-time signals and systems. Topics include system analysis in the time-domain, Fourier series, Fourier transforms and applications, Laplace transforms and applications, state-variables, and z-transforms.

### **ECE 401 - Electric Machines**

Credits, 3 sem. hrs. Prerequisite(s): ECE 326.

Electric devices used for energy conversions. Topics include magnetic circuits, three-phase circuits, transformers, synchronous machines, induction machines, and DC machines.

### **ECE 405 - Feedback Control Systems**

**Credits, 3 sem. hrs. Prerequisite(s):** ECE 315 and ECE 330.

Classical analysis and design of feedback control systems. Topics include time and frequency response of feedback systems, transfer functions, block diagrams and signal-flow graphs, stability testing, root-locus, Bode plots, and compensation.

### **ECE 421 - Communications Systems**

**Credits, 3 sem. hrs. Prerequisite(s):** ECE 330

**Corequisite/Prerequisite** MAT 353

Introduction to communication theory through basic principles in the analysis and design of analog and digital communication systems. Topics include signal analysis in the time and frequency domain, modulation and demodulation of analog signals, analog-to-digital conversion, digital signal transmission, and the effects of noise on analog and digital communication systems.

### **ECE 423 - Electrical Properties of Materials**

**Credits, 3 sem. hrs. Prerequisite(s):** ECE 305 and ECE 326.

Introduction to quantum mechanics, the free electron theory of metals, band theory, semiconductors, dielectrics, and magnetic materials.

### **ECE 425 - Digital Signal Processing**

**Credits, 3 sem. hrs. Prerequisite(s):** ECE 330.

Sampling, quantization, D/A and A/D converters, discrete-time systems, convolution, z-transforms, transfer functions, digital filter realizations and design, DFT and FFT algorithms.

### **ECE 431 - Advanced Logic Design**

**Credits, 3 hrs. Prerequisite(s):** ECE 320 and ECE 321 and Senior Standing in Electrical Engineering

Syntax and features of the VHDL hardware description language. Special attention on synthesis capability of VHDL and its use in targeting FPGA-based digital hardware design platforms. Substantial programming exercises to develop modest sized fully functional digital logic hardware.

### **ECE 433 - VLSI Design**

**Credits, 3 sem. hrs. Prerequisite(s):** ECE 201 and ECE 315

The study of integrating millions of transistors on a single chip and creating optimized digital designs. Topics include CMOS digital logic design with related power and delay issues. Full custom layouts are studied and implemented. Students will use CAD tools to implement and simulate VLSI designs.

### **ECE 435 - Introduction to Robotics**

**Prerequisite(s):** ECE 315 and ECE 320

Course Description: Principles of robotics are studied. Topics include: mechanical systems; electrical systems; navigation and path planning; sensors and actuators; robot communication.

### **ECE 447 - Selected Topics in Electrical Engineering**

**Credits, 3 sem. hrs. Prerequisite(s):** Instructor's consent.

A course offering formal study of selected topics in electrical engineering.

### **ECE 451 - Senior Design I**

**Credits, 2 sem. hrs. Prerequisite(s):** ECE 315, ECE 320, ECE 326 and senior standing.

First part of a capstone course in electrical engineering design. Lectures on the design process, application of design tools, professional skills, and ethics. Students work in groups to define a design project and its requirements, develop a design plan, and present the plan to the faculty at the end of the semester.

### **ECE 452 - Senior Design II**

**Credits, 2 sem. hrs. Prerequisite(s):** Grade of C or better in ECE 451.

Second part of a capstone course in electrical engineering design. Lectures on the design process, application of design tools, professional skills, and ethics. Design plans formulated in ECE 451 are implemented and a formal report is prepared, presented, and evaluated.

### **ECE 490 – Service Learning**

**Credits, 0 sem. hrs. Prerequisite(s):** Senior Standing in Electrical Engineering

Students will form outreach groups and assist science and engineering teachers in local area high schools in the development of new projects or laboratory procedures to enhance their lesson plans and the educational experiences of their students.

### **ECE 5453 - Senior Design With Business Proposal I**

**Credits, 3 sem. hrs. Prerequisite(s):** Senior Standing and ECE 315 , ECE 320 and ECE 326

First part of a capstone course in electrical engineering design. Lectures on the design process, application of design tools, professional skills, and ethics. Students work in groups to define a design project and its requirements, develop a design plan, and present the plan to the faculty at the end of the semester. Students also work with faculty in the School of Business to develop a business proposal based on their design project.

### **ECE 5454 - Senior Design With Business Proposal II**

**Credits, 3 sem. hrs. Prerequisite(s):** Grade of C or better in ECE 5453

Second part of a capstone course in electrical engineering design. Lectures on the design process, application of design tools, professional skills, and ethics. Design plans formulated in ECE 5453 are implemented and a formal report is prepared, presented, and evaluated. Students also work with faculty in the School of Business to finalize and present a business proposal based on their design project.

## **Engineering Science Courses**

### **ESC 105 - Spreadsheet Applications for Scientists and Engineers**

**Credits, 2 sem. hrs. Prerequisite(s):** MAT 113 or MAT 121.

Lecture/Lab/Field/Meeting: Lecture two hours a week.

The use of spreadsheet packages such as Excel to store data from laboratory experiments, to perform calculations on those data, and to generate charts from the results.

### **ESC 205 - Computational Tools for Scientists and Engineers**

Credits, 3 sem. hrs. Corequisite/Prerequisite MAT 121

Lecture/Lab/Field/Meeting: Lecture three hours a week.

An introduction to the use of an array of processing software packages such as MATLAB or Octave to analyze mathematical problems common to the field of physics and engineering.

### **ESC 305 - Electrical Circuits**

Credits, 5 sem. hrs. Prerequisite(s): PHY 152 or PHY 252 and MAT 122.

Lecture/Lab/Field/Meeting: Lecture four hours a week. Laboratory three hours a week.

Principles of DC circuits, Ohm's Law, Kirchhoff's laws, analysis theorems, AC circuit components, transient behavior, steady-state behavior, phasors, transformers, two-port networks.

### **ESC 306 - Digital Circuits**

Credits, 4 sem. hrs. Prerequisite(s): PHY 152 or PHY 252 or instructor's consent.

Lecture/Lab/Field/Meeting: Lecture three hours a week. Laboratory three hours a week.

Binary, hexadecimal, octal number systems, Boolean algebra, binary logic, Karnaugh maps, digital circuit principles, flip-flops, switches, counters, basic computer circuits, LED's, introduction to microprocessors.

### **ESC 310 - Electronics**

Credits, 4 sem. hrs. Prerequisite(s): ESC 305.

Lecture/Lab/Field/Meeting: Lecture three hours a week. Laboratory three hours a week.

Semiconductors, solid state electronics, principles of active devices, JFET's, amplifier circuits, operational amplifiers, analog measurements, oscillator circuits, linear integrated circuits.

### **ESC 311 - Statics**

Credits, 3 sem. hrs. Prerequisite(s): PHY 151 or PHY 251 and MAT 122.

Forces in equilibrium, free body diagrams, beams, trusses, engineering principles, bodies in tension and compression, stress and strain.

### **ESC 312 - Dynamics**

Credits, 3 sem. hrs. Prerequisite(s): ESC 311.

Vector treatment of the kinematics and kinetics of particles and rigid bodies, Newton's laws, work and energy, impulse and momentum, impact, mass moments of inertia, rotating axes.

## ESC 315 - Thermodynamics

Credits, 3 sem. hrs. Prerequisite(s): PHY 152 or PHY 252 and MAT 222 or instructor's consent.

A study of the science of the conversion of energy from one form to another. This course will emphasize the first and second laws of thermodynamics and their applications to power cycle and refrigeration cycle analyses.

## ESC 321 - Strength of Materials

Credits, 3 sem. hrs. Prerequisite(s): PHY 151 or PHY 251 and MAT 122.

Lecture/Lab/Field/Meeting: Lecture three hours a week.

Relationship between internal stresses and deformations produced by external forces acting on deformable bodies, and design principles based on mechanics of solids: normal stresses, shear stresses, and deformations produced by tensile, compressive, torsional, and dimensional stress states; and buckling of columns.

## ESC 340 - Heat Transfer

Credits, 3 sem. hrs. Prerequisite(s): PHY 151 or PHY 251 and MAT 122.

Corequisite(s): MAT 352.

A one-semester study of the principles of steady state conduction, transient conduction, radiative heat transfer, and forced natural convection.

## ESC 350 - Fluid Mechanics

Credits, 4 sem. hrs. Prerequisite(s): PHY 151 or PHY 251 and MAT 122.

Lecture/Lab/Field/Meeting: Lecture three hours a week. Laboratory three hours a week.

Comprehensive first course in basic and applied fluid mechanics. Topics covered will include: fluid properties under static and dynamic conditions, Euler's and Bernoulli's equations, hydrodynamics, dimensional analysis and similitude, laminar and turbulent flows, boundary layer model and approximate analysis, compressible flow and propulsion devices, flow measurement, and an introduction to turbomachinery with applications.

## ESC 450 - Senior Design Project

Credits, 2 sem. hrs. Prerequisite(s): senior standing, Engineering Physics major.

Independent research, design, and presentation of results for a student selected and advisor approved project.

# Physics Courses

## PHY 104 - Physics for Today

Credits, 3 sem. hrs. This is a survey course designed for non-science majors. The math required for this course is minimal and does not go beyond high school algebra.

## PHY 151 - General Physics I

Credits, 4 sem. hrs. Prerequisite(s): MAT 113 or or MAT 119 or MAT 121 or MAT 206.

Lecture/Lab/Field/Meeting: Lecture three hours a week. Laboratory three hours a week.

Mechanics, thermodynamics, waves, and sound.

### **PHY 152 - General Physics II**

Credits, 4 sem. hrs. Prerequisite(s): PHY 151.

Lecture/Lab/Field/Meeting: Lecture three hours a week. Laboratory three hours a week.

Light, electricity, magnetism, and modern physics.

### **PHY 216 - Astronomy**

Credits, 3 sem. hrs. History, methods, solar system, stars, and cosmology; presented at an introductory level.

### **PHY 250 - Selected Topics in Physics Laboratory**

Credits, 1 sem. hr. Prerequisite(s): Instructor's Consent.

Laboratory investigations of selected topics in physics. May be taken more than once with different topics.

### **PHY 251 - Fundamentals of Physics I**

Credits, 4 sem. hrs. Prerequisite(s):

Corequisite(s):

Corequisite/Prerequisite Prerequisite or Corequisite: MAT 122.

Lecture/Lab/Field/Meeting: Lecture three hours a week. Laboratory three hours a week.

Mechanics, thermodynamics, waves, and sound presented with the aid of calculus.

### **PHY 252 - Fundamentals of Physics II**

Credits, 4 sem. hrs. Prerequisite(s): PHY 251.

Lecture/Lab/Field/Meeting: Lecture three hours a week. Laboratory three hours a week.

Light, electricity, and magnetism presented with the aid of calculus.

### **PHY 301 - Modern Physics**

Credits, 3 sem. hrs. Prerequisite(s): PHY 152 or PHY 252 and MAT 122.

Introduction to the subjects of special relativity, quantum theory, atomic, nuclear and particle physics. An oral presentation on a relevant topic, selected in consultation with the instructor, will be made by each student.

### **PHY 308 - Classical Mechanics**

Credits, 3 sem. hrs. Prerequisite(s): PHY 151 or PHY 251 and MAT 122 or instructor's consent.

Two and three dimensional kinematics and dynamics, curvilinear coordinates, vector analysis, projectile motion, conservative and non-conservative forces, potential theory, rigid bodies.

## **PHY 313 - Optics**

Credits, 4 sem. hrs. Prerequisite(s): PHY 152 or PHY 252 and MAT 122.

Lecture/Lab/Field/Meeting: Lecture three hours a week. Laboratory three hours a week.

Fundamental concepts of simple optical systems, including lenses and mirrors. Physical optics including interference, diffraction, polarization, optical spectra, and lasers.

## **PHY 401 - Quantum Mechanics**

Credits, 3 sem. hrs. Prerequisite(s): PHY 301 or instructor's consent.

Schroedinger wave mechanics including application to atomic structure. An oral presentation on a relevant topic, selected in consultation with the instructor, will be made by each student.

## **PHY 402 - Special Projects**

Credits, 3 sem. hrs. Prerequisite(s): Instructor's consent.

After consulting with the instructor in charge the student may be assigned to special study in theoretical physics or may be assigned a research problem.

## **PHY 406 - Electricity and Magnetism I**

Credits, 3 sem. hrs. Prerequisite(s): PHY 152 or PHY 252 and MAT 222 or instructor's consent.

The fundamental principles of electrostatic fields, electric potential, electrostatic boundary conditions, work and energy in electrostatics, conductors and insulators, and special techniques in solving electrostatics problems.

## **PHY 407 - Electricity and Magnetism II**

Credits, 3 sem. hrs. Prerequisite(s): PHY 406.

The fundamental principles of magnetostatic fields, electromagnetic induction, magnetic fields in matter, Maxwell's equations, electromagnetic waves and radiation.

## **PHY 413 - Nuclear Physics**

Credits, 4 sem. hrs. Prerequisite(s): PHY 301 or instructor's consent.

Lecture/Lab/Field/Meeting: Lecture three hours a week. Laboratory three hours a week.

Isotopes and nuclear structure, natural radioactivity, induced nuclear transformations, nuclear energy sources, high energy processes and cosmic rays.

## **PHY 417 - Selected Topics in Physics**

Credits, 3 sem. hrs. A course offering formal study of selected topics in physics or applications of physics. May be taken more than once with different specific topics.

## **PHY 433 - Physics Capstone**

Credits, 1 sem. hr. Prerequisite(s): Senior standing in Physics or Engineering Physics.

A synthesis of physics subject matter culminating in a senior physics examination.

# Mathematics Department

## Faculty

### Daniel Watson

Chair  
Associate Professor (2009)  
601.925.3817  
dwatson@mc.edu

## Support Staff

### Kelli Tatum

Administrative Assistant (2017)  
601.925.3217  
kltatum@mc.edu

## Mission Statement

The Department of Mathematics serves to promote and develop quantitative reasoning skills among its majors as well as among students from all disciplines. Toward that end, the department seeks to maintain an engaged, inclusive and supportive faculty that focuses on personal interaction with students.

## Program Objectives

Students graduating as mathematics majors will compare favorably in their knowledge of mathematics subject matter as compared with students graduating from other colleges and universities in the United States. Students majoring in mathematics will be satisfied with their academic experience, which includes academic advising and quality of instruction received from faculty members in the department. Students planning to enter the workforce in scientific, government, business, research or other areas will be prepared mathematically to do well. Students preparing to teach mathematics will be successful in getting state certification/license to teach and in gaining an appropriate teaching position. Students preparing for graduate work in mathematics or in one of the medical fields will be successful in gaining admission to graduate school.

## Honors Courses

By invitation of the Honors Council; see [Junior and Senior Departmental Honors Program](#) section of [Undergraduate Catalog](#).

## Bachelor of Science

### Mathematics Education (B.S.)

UNIVERSITY CORE

## University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

## University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR  
HIS 211 - History of the United States  
HIS 212 - History of the United States

## University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

## University Core - Social Sciences (3 hours)

PSY 201 - Introduction to Psychology (General Psychology)

## University Core - Science (7 Hours)

Lab Science, 4 sem. hrs.  
and  
Science, 3 sem. hrs

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation OR  
MUS 125 - Music Appreciation OR  
THE 125 - Introduction to Theatre

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life

OR

Any combination of:

KIN 124- Nutrition for Well-Being (1 hour)

PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours) 4 semesters

Sophomore (24-53 semester hours) 3 semesters

Junior (54-83 semester hours) 2 semesters

Senior (84 or more semester hours) 1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## Major Requirements (72 Hours)

### Mathematics Courses (38 Hours)

MAT 121 - Calculus with Analytic Geometry I

MAT 122 - Calculus with Analytic Geometry II

MAT 213 - Applied Linear Algebra

MAT 221 - Calculus with Analytic Geometry III

MAT 222 - Calculus with Analytic Geometry IV

MAT 301 - Foundations of Mathematics

MAT 304 - Modern Plane Geometry

MAT 309 - Discrete Mathematics

MAT 353 - Introduction to Mathematical Probability and Statistics

MAT 401 - Mathematics Seminar

MAT 406 - History of Mathematics

MAT 421 - Modern Algebra

MAT 441 - Methods and Materials for the Teaching of Secondary Mathematics

### Computer Science Courses (6-7 Hours)

CSC 115 - Foundations of Computer Science

AND

CSC 105 - C Programming for Scientists and Engineers

OR

CSC 116 - Intro. to Programming and Problem Solving

### Communication Course (3 Hours)

Choose one of the following courses:

COM 202 - Interpersonal Communication

COM 203 - Professional Communication Skills

COM 304 - Public Speaking

## Profession Education, 7-12 (28 Hours)

EDU 299 - Pre-Teaching Field Experience  
EDU 300 - Introduction to Education  
EDU 304 - Educational Psychology  
PSY 435 - Psychology of Exceptional Children  
EDU 403 - Measurement and Evaluation of Student Progress  
EDU 460 - Managing the Secondary Classroom  
EDU 431 - Directed Teaching in 7-12  
EDU 432 - Directed Teaching in 7-12  
EDU 433 - Directed Teaching in 7-12  
EDU 434 - Directed Teaching in 7-12- Reading Pedagogy

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with an advisor.

**TOTAL: 130 SEM. HOURS**

## *Mathematics, B.S.*

### UNIVERSITY CORE

#### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition  
OR

ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

#### University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR

HIS 211 - History of the United States  
HIS 212 - History of the United States

#### University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

## University Core - Social Sciences (3 hours)

Any PHI (Philosophy) course  
ECO 231 - Principles of Macroeconomics  
GBU 151 - Business Skills for Life  
MLG 205 - Cross-Cultural Understanding  
PLS 201 - American National Government  
PSY 201 - Introduction to Psychology (General Psychology)  
SOC 205 - Sociology: An Introduction in Global Context

## University Core - Science (4 hours)

Lab Science- 4 Hours. Recommended courses include:

PHY 151 - General Physics I  
OR  
PHY 251 - Fundamentals of Physics I  
OR  
CHE 141 - General Chemistry I  
OR  
BIO 111 - Biology I  
AND  
BIO 110 - Biology I Laboratory

## NOTE:

The second 4-hour course in sequence is recommended.

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation **OR**  
MUS 125 - Music Appreciation **OR**  
THE 125 - Introduction to Theatre

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
OR  
Any combination of:  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS

### Mathematics Courses (38 Hours)

MAT 121 - Calculus with Analytic Geometry I

MAT 122 - Calculus with Analytic Geometry II

MAT 213 - Applied Linear Algebra

MAT 221 - Calculus with Analytic Geometry III

MAT 222 - Calculus with Analytic Geometry IV

MAT 301 - Foundations of Mathematics

MAT 401 - Mathematics Seminar

Plus eighteen (18) additional hours of Math numbered higher than MAT 222

### Computer Science Courses (6-7 Hours)

CSC 115 - Foundations of Computer Science

AND

CSC 116 - Intro. to Programming and Problem Solving

OR

CSC 105 - C Programming for Scientists and Engineers

### Communication Course (3 Hours)

Choose one course from the following:

COM 202 - Interpersonal Communication OR

COM 203 - Professional Communication Skills OR

COM 304 - Public Speaking

## MINOR REQUIREMENTS (18 hours)

Students not seeking secondary education licensure must choose a minor or a second major and are encouraged to consider one in a related field. Students seeking secondary education licensure should follow the appropriate status sheet (available from the Department of Education).

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with an advisor.

**TOTAL: 130 SEM. HOURS**

# Mathematics Minors

Students may select from two possible minors in mathematics:

## *Mathematics minor*

MAT 121 - Calculus with Analytic Geometry I  
MAT 122 - Calculus with Analytic Geometry II  
MAT 301 - Foundations of Mathematics  
and 9 additional semester hours of work in mathematics at the 200 level or above

## *Applied Mathematics minor*

MAT 121 - Calculus with Analytic Geometry I  
MAT 122 - Calculus with Analytic Geometry II  
MAT 221 - Calculus with Analytic Geometry III  
MAT 222 - Calculus with Analytic Geometry IV

And any three of the following:

MAT 213 - Applied Linear Algebra  
MAT 352 - Introduction to Differential Equations  
MAT 353 - Introduction to Mathematical Probability and Statistics  
MAT 381 - Introduction to Numerical Methods

Note(s):

*MAT 100 - College Algebra Basics does not count toward a major, minor, or University core curriculum.*

# Mathematics Courses

## **MAT 100 - College Algebra Basics**

**Credits, 3 sem. hrs. Prerequisite(s): ACT Math subscore of less than 19 or instructor's consent.**

A review of basic topics from arithmetic, geometry, and algebra. The course is designed to prepare students for MAT 111. It carries elective credit but does not count toward a major, minor, or university core curriculum.

## **MAT 105 - Contemporary Mathematics**

**Credits, 3 sem. hrs.** A survey of mathematical topics for non-majors, designed to develop an appreciation of the uses of mathematics. Selected topics will include: problem solving, math modeling, statistics and the mathematics of finance.

## **MAT 111 - College Algebra with Applications**

**Credits, 3 sem. hrs. Prerequisite(s): MAT 100 or ACT MAT subscore of 19 or better.**

This course covers algebra topics with a focus on practical applications involving linear, quadratic, and rational equations and inequalities, linear and quadratic functions, systems of equations, and exponential and logarithmic functions.

## **MAT 113 - College Trigonometry**

**Credits, 3 sem. hrs. Prerequisite(s): MAT 111 or ACT MAT subscore of 21 or better**

A study of the trigonometric functions including their properties and graphs with applications to practical problems in mathematics, physics and other areas. An emphasis is also placed on proving trigonometric identities, solving equations involving trigonometric functions, and understanding and applying theorems such as the Law of Sines and the Law of Cosines.

## **MAT 119 - Precalculus**

**Credits, 3 sem. hrs. Prerequisite(s): MAT 111 or ACT MAT subscore of 21 or better**

A study of elementary functions, including polynomials, algebraic functions, logarithmic, exponential and trigonometric functions.

## **MAT 120 – Algebra and Trigonometry Review for Calculus**

**Credits, 1 sem. hr. Concurrent Prerequisite(s): MAT 121**

A comprehensive review of fundamental algebra and trigonometry concepts as they apply to the study of Calculus.

## **MAT 121 - Calculus with Analytic Geometry I**

**Credits, 3 sem. hrs. Prerequisite(s): MAT 113 or MAT 119 or ACT MAT subscore of 25 or better.**

A brief review of functions including transcendental functions and a study of single-variable differential calculus. Major topics covered include limits, continuity, the derivative and its applications.

## **MAT 122 - Calculus with Analytic Geometry II**

**Credits, 3 sem. hrs. Prerequisite(s): MAT 121.**

A study of single-variable integral calculus with applications to area, arc length, surfaces of revolution and work. Techniques discussed include integration by parts, partial fractions, trigonometric substitutions and improper integrals.

## **MAT 205 - Finite Mathematics**

**Credits, 3 sem. hrs. Prerequisite(s): MAT 111, ACT MAT subscore 20 or better**

A study of mathematics for business, management and economics. Topics include applications of functions to include exponential and logarithmic, mathematics of finance, systems of equations and matrices, and linear optimization. Since this course presumes a strong background in algebra, students should have successfully completed the prerequisite within the previous five years.

## **MAT 206 - Applied Calculus**

**Credits, 3 sem. hrs. Prerequisite(s): MAT 111 or MAT 205 or, ACT MAT subscore 21 or better.**

A study of the applications of calculus for disciplines outside of mathematics such as business, economics, management, computing and information systems and the life and social sciences. Topics include differentiation, integration and multivariate calculus and applications.

## **MAT 207 - Elementary Statistics**

**Credits, 3 sem. hrs.** A study of elementary statistics for non-majors with an introduction to probability. Emphasis is placed on student understanding and interpretation of statistical data and computation. Mathematics majors should take MAT 353

### **MAT 208 - Elementary Biostatistics**

**Credits, 3 sem. Hrs..**

A study of elementary statistics for students in health-related majors with an introduction to probability. Emphasis is placed on student understanding and interpretation of statistical data and computation using calculators and computers. Topics include prevalence and incidence of disease, sensitivity and specificity of tests, interval estimation, hypothesis testing, and Analysis of Variance (ANOVA).

### **MAT 210 - Mathematics for Teachers: Number Systems**

**Credits, 3 sem. hrs. Prerequisite(s): Education major or instructor's consent.**

A development of the real number system for prospective elementary teachers. Emphasis is placed on developing number sense through problem solving, estimation, properties of real numbers and modeling algorithms.

### **MAT 211 - Mathematics for Teachers: Geometry**

**Credits, 3 sem. hrs. Prerequisite(s): MAT 210 or instructor's consent.**

A development of ideas related to informal geometry for prospective elementary teachers. Material includes topics from Euclidean geometry, solid geometry, analytic geometry and measurement.

### **MAT 213 - Applied Linear Algebra**

**Credits, 3 sem. hrs. Prerequisite(s): MAT 111 or MAT ACT subscore of 21 or better.**

This course develops practical uses for vector and matrix arithmetic and makes extensive use of computational resources. Topics covered include various methods for solving linear systems, matrix factorization, linear transformations, eigenvalues and eigenvectors. Applications include problems in mathematics, engineering, computer science and the natural sciences as well as in finance and business.

### **MAT 221 - Calculus with Analytic Geometry III**

**Credits, 3 sem. hrs. Prerequisite(s): MAT 122.**

A study of the calculus of infinite series and single-variable vector calculus. Topics covered include tests for series convergence, Taylor's Theorem, power series, polar coordinates, cylindrical and spherical coordinates, and vectors and vector-valued function in the plane and in space.

### **MAT 222 - Calculus with Analytic Geometry IV**

**Credits, 3 sem. hrs. Prerequisite(s): MAT 221.**

A study of the calculus of multivariate functions. Topics covered include partial differentiation, double and triple integration, vector fields, line and surface integrals and numerous applications.

### **MAT 301 - Foundations of Mathematics**

**Credits, 3 sem. hrs. Prerequisite(s): MAT 122.**

An introduction to the ideas needed for advanced mathematics courses. Topics include set theory, logic, axiom systems,

proof techniques, relations, functions, and cardinality. Emphasis will be given to applying proof techniques to material on number systems and other areas of higher mathematics. Also, this course serves as a formal introduction into the literature of mathematics and mathematical research.

### **MAT 304 - Modern Plane Geometry**

Credits, 3 sem. hrs. Prerequisite(s): MAT 301 or instructor's consent.

A study of Euclidean geometry from the modern axiomatic viewpoint. Some alternatives to Euclidean geometry will be considered.

### **MAT 309 - Discrete Mathematics**

Credits, 3 sem. hrs. Prerequisite(s): MAT 122 or instructor's consent.

An introduction to discrete mathematics including induction and recursion, algorithms, relations, partial ordering, graphs, directed graphs and trees. Applications will include Euler and Hamilton paths and minimal spanning trees.

### **MAT 320 - Introduction to Number Theory**

Credits, 3 sem. hrs. Prerequisite(s): MAT 301.

An introduction to properties of integers, prime numbers, divisibility, number theoretic functions and congruences.

### **MAT 352 - Introduction to Differential Equations**

Credits, 3 sem. hrs. Prerequisite(s): MAT 222 or MAT 221 and instructor's consent.

This course covers the development of ordinary differential equations and concentrates on the derivation of methods. First order equations, linear equations and systems of equations and Laplace Transforms are discussed as well as further applications.

### **MAT 353 - Introduction to Mathematical Probability and Statistics**

Credits, 3 sem. hrs. Corequisite/Prerequisite MAT 122.

This course is a calculus-based introduction to probability and statistics. Major emphasis is placed on developing a precise framework for solving problems under uncertainty. Topics covered include expected value, probability functions and their distributions, interpretation of the Central Limit Theorem and its application to confidence intervals.

### **MAT 381 - Introduction to Numerical Methods**

Credits, 3 sem. hrs. Prerequisite(s): MAT 122 and CSC 116 or CSC 105.

This course looks into the modeling of mathematical concepts on a computer. Algorithms will be discussed and implemented which find roots of equations, give polynomial approximations to discrete data, approximate integrals and derivatives, solve ordinary differential equations and solve linear systems of equations.

[Crosslisted as: CSC 381.]

### **MAT 401 - Mathematics Seminar**

Credits, 2 sem. hr. Prerequisite(s): COM 202, COM 203 or COM 304; senior standing.

This seminar course serves as a research-oriented capstone course for senior students in mathematics. Methods for discovering and developing area-appropriate research topics will be investigated and skills will be cultivated in the

effective use of discipline-specific information systems. Major goals include the oral presentation of a written paper on a selected topic in mathematics and successfully completing a nationally normed examination in Mathematics.

### **MAT 405 - Introduction to Operations Research**

Credits, 3 sem. hrs. Prerequisite(s): Instructor's consent.

Application of quantitative methods to problem solving. Topics include both deterministic and probabilistic models.

### **MAT 406 - History of Mathematics**

Credits, 3 sem. hrs. Prerequisite(s): MAT 301 or instructor's consent.

A study of the development of areas of mathematics including number theory, algebras, geometries, probability and statistics, graph theory and analysis. Included in the course are studies of the lives and contributions of outstanding mathematicians of each era.

### **MAT 407 - Statistical Data Analysis**

Credits, 3 sem. hrs. Prerequisite(s): MAT 207 or MAT 353 or instructor's consent.

Development and application of statistical techniques. Topics include both descriptive and inferential techniques including simple and multiple linear regression.

### **MAT 413 - Linear Algebra**

Credits, 3 sem. hrs. Prerequisite(s): MAT 301 and MAT 213.

A study of general vector spaces and their properties.

### **MAT 421 - Modern Algebra**

Credits, 3 sem. hrs. Prerequisite(s): MAT 301.

A study of groups, rings, integral domains and fields.

### **MAT 426 - Advanced Calculus**

Credits, 3 sem. hrs. Prerequisite(s): MAT 222 and MAT 301.

Set theory, the real number system, metric spaces, continuous functions, differentiation and integration.

### **MAT 431 - Selected Topics**

Credits, 1 sem. hr. Prerequisite(s): Instructor's consent.

A study of selected topics in mathematics.

### **MAT 432 - Selected Topics**

Credits, 2 sem. hrs. Prerequisite(s): Instructor's consent.

A study of selected topics in mathematics.

### **MAT 433 - Selected Topics**

Credits, 3 sem. hrs. Prerequisite(s): Instructor's consent.

A study of selected topics in mathematics.

### **MAT 435 - Introduction to Partial Differential Equations**

Credits, 3 sem. hrs. Prerequisite(s): MAT 352 or the equivalent

This course covers the development of partial differential equations from special applications and concentrates on the derivation of methods. Parabolic, elliptic, hyperbolic linear equations, and separation of variables are discussed as well as further applications.

[Crosslisted as: MAT 5435

### **MAT 441 - Methods and Materials for the Teaching of Secondary Mathematics**

Credits, 3 sem. hrs. Prerequisite(s): Math major with at least junior standing in the Teacher Education Program.

This course will acquaint preservice secondary teachers with Common Core State Standards for Mathematics (CCSSM) as well as NCTM Standards and current issues related to teaching secondary mathematics. Emphasis will be placed on using manipulative materials and current available technology to teach mathematics.

### **MAT 452 - Applied Mathematical Problem Solving**

Credits, 3 sem. hrs. Prerequisite(s): MAT 222 and instructor's consent.

Various problem solving techniques will be employed. Applications of linear algebra, the calculus sequence, and other undergraduate mathematics courses provide a comprehensive review of these courses. This would be an excellent course for students considering a career in actuarial science.

### **MAT 453 - Mathematical Statistics**

Credits, 3 sem. hrs. Prerequisite(s): MAT 353.

This course is a follow-up to MAT 353. Topics include properties of estimators, hypothesis testing, linear regression and analysis of variance.

### **MAT 455 - Graph Theory**

Credits, 3 sem. hrs. Prerequisite(s): MAT 222 or instructor's consent.

Graph theory with a wide variety of applications, both to other branches of mathematics and to the real world. Some subjects to be treated are graphs, sub graphs, cycles, trees, matching's, and planar graphs.

### **MAT 460 - Introduction to Topology**

Credits, 3 sem. hrs. Prerequisite(s): MAT 301.

An introduction to metric spaces and topological spaces. Additional topics include continuous functions, separation axioms, connectedness and compactness.

### **MAT 471 - Independent Study and Research**

Credits, 3 sem. hrs. Prerequisite(s): Junior standing and permission of the faculty.

Individual reading and research in pure or applied mathematics.

## **MAT 481 - Numerical Analysis**

Credits, 3 sem. hrs. Prerequisite(s): MAT 381.

This course is a mathematical analysis of scientific computing. Topics covered include the stability and convergence of algorithms, interval arithmetic, fixed point iteration, matrix factorizations, norms, and eigenvalues; iterative solutions to systems. Additional discussions will focus on the design of efficient algorithms for use on parallel computers.

[Crosslisted as: CSC 481.]

# **School of Business**

## **Dean**

### **Marcelo Eduardo, Dean**

Professor (1997)

601.925.3420

eduardo@mc.edu

### **Michele Ricker, Assistant Dean**

Advisor and Coordinator (2009)

601.925.3925

mricker@mc.edu

## **History**

What is now the School of Business began in 1946 when an instructor was given permission to teach non-credit typing and shorthand courses in the basement of Chrestman Hall. The success in the non-credit courses inspired the institution to appoint a full-time business professor and add several business courses. By 1955, the business department had four full-time faculty members and a major. In the fall of 1959, the institution combined the Department of Business and the Department of Economics into the Division of Business and Economics. After consolidation, the division had 200 majors and five full-time faculty members.

In the early 1960s, the division added accounting courses to its curriculum. Also the division began offering evening courses. Students responded favorably to the additional courses and the evening offerings, and the division began experiencing double-digit growth. In 1964, the institution constructed Self Hall. Most of the building was dedicated to the Division of Business. In 1967, the Division of Business added the Master of Business Administration targeted at metropolitan-area professionals seeking an evening graduate program. The program was an immediate success. The Division of Business continued growing, and in 1975, the Division became the School of Business. All of this was due to the tremendous dedication of Dr. D. Gray Miley.

## **Mission and Goals**

The Mississippi College School of Business mission is to provide a quality business education in a Christian environment.

We serve undergraduate and graduate students from the region providing a setting where Christian values are emphasized through ethical awareness, biblical principles and a supportive faculty.

In this environment, the school seeks to prepare students with a sound understanding of essential business principles, effective communication skills, and an appreciation for social responsibility and ethical values.

The school is committed to academic quality through effective teaching, relevant programs, and faculty scholarship through contributions to practice, learning and pedagogy, and discipline-based research.

#### Accreditation

Mississippi College, through its School of Business, is nationally accredited by the Association of Collegiate Business Schools and Programs to offer the following business degrees:

The Bachelor of Science in Business Administration (B.S.B.A.).

The Master of Business Administration (M.B.A.).

## *Facilities*

The School of Business Administration is housed in Self Hall on the Mississippi College campus. This building was made possible by a grant of funds from the Self Foundation of Marks, Mississippi. The building has the office space, classrooms, seminar rooms, laboratories and equipment necessary to provide the implementation of quality educational programs.

## *Undergraduate Programs*

The School of Business Administration offers programs of study leading to the degree of Bachelor of Science (B.S.B.A.) in Business Administration. Within this degree, majors are available in Accounting, Business Administration, Entrepreneurship, Finance, and Marketing.

## *Transfer Student Requirement*

At least 50 percent of transfer student's 300-400-level business courses required for their business degree must be taken at Mississippi College.

## *Double Majors in Business*

A student may earn a second major by completing all requirements specified in that field provided both majors are offered within the same degree; ex. both majors must be offered in the Bachelor of Arts degree.

## *Minors*

The School of Business offers minors in Accounting, Business Administration, Entrepreneurship, Finance, International Business, and Marketing, as well as concentrations in MIS and Data Management. Business majors may choose a minor in any of these areas in which they do not major.

## *European Study*

The School of Business at Mississippi College recommends that students utilize their elective courses to study in Europe during the summer through its membership in a consortium. The center in Vienna, Austria, offers a three-week course (3 hours credit) in international business followed by the five-week courses offered in London, England, with an

international emphasis in accounting, economics, finance, insurance, management, and marketing (3 to 6 hours credit). The schedule is structured to encourage study in both Vienna and London although students may choose either. Information and applications can be obtained in the Business School Administration Office in Self Hall, Telephone: 601.925.3214.

## **Certificate Program**

The purpose of a certificate program is to provide an area of concentration in the School of Business for individuals with a bachelor's degree. Persons wishing to change their career or acquire additional skills may be interested in this type of program. Upon completion, a certificate will be awarded and recorded on the transcript. A certificate program is offered in accounting.

## **Graduate Programs**

### **Master of Business Administration (M.B.A.)**

The M.B.A. program consists of thirty semester hours of graduate work and is offered online and at night. The program was designed for persons who are working and wish to continue their education.

In addition to the traditional M.B.A. described above, an M.B.A. with an Accounting Concentration is offered for students with an interest in advanced work in the field of accounting. Those planning to take the C.P.A. exam may complete the required courses and hours with this program. An MBA with a Finance concentration is also offered for students with an interest in advanced work in the field of Finance. Also, an MBA with a MIS concentration is offered for students who want to gain a deep understanding of the information systems and computer technologies for organizations to be competitive.

A joint J.D./M.B.A. is offered as an option for Mississippi College School of Law students. It has been designed especially for a person who wishes to complete both degrees while attending law school.

### **Master of Accountancy (MAcc)**

The MAcc consists of thirty semester hours of graduate work and is offered online. The program is designed for persons who seek to further enhance their accounting and analytical skills. The MAcc is also designed to enhance the preparation for taking the CPA examination and earn the additional credit hours required for obtaining a CPA license.

## **Honors Courses**

By invitation of the Honors Council; see [Junior and Senior Departmental Honors Program](#) section of [Undergraduate Catalog](#).

## **Bachelor of Science in Business Administration**

### **Accounting, B.S.B.A. (available in traditional format as well as Five-Year BSBA-MBA path)**

#### **UNIVERSITY CORE**

#### **University Core - English (9 hours)**

ENG 099 - Writing Proficiency Exam

ENG 101 - English Composition

ENG 102 - English Composition

OR

ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces

ENG 212 - Survey of British Literature

ENG 213 - Survey of American Literature

## University Core - History (6 hours)

HIS 103 - World Civilization I

HIS 104 - World Civilization II

OR

HIS 211 - History of the United States

HIS 212 - History of the United States

## University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**

BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**

BIB 121 - An Intensive Analysis of the New Testament

## University Core - Social Sciences (3 hours)

Choose one of the following:

GBU 151 - Business Skills for Life

PSY 201 - Introduction to Psychology (General Psychology)

PLS 201 - American National Government

SOC 205 - Sociology: An Introduction in Global Context

MLG 205 - Cross-Cultural Understanding

Any Philosophy Course

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation **OR**

MUS 125 - Music Appreciation **OR**

THE 125 - Introduction to Theatre

## University Core - Science (4 hours)

Four hours of science are required, including one lecture with a corresponding lab. Students are encouraged to choose from one of the following lab courses:

BIO 103 - Human Biology **AND**

BIO 104 - Human Biology Laboratory

OR

BIO 105 - Plants and People **AND**

BIO 106 - Plants and People Laboratory

OR

BIO 111 - Biology I AND

BIO 110 - Biology I Laboratory

OR

CHE 112 - Chemistry in American Life II

OR

CHE 141 - General Chemistry I

OR

PHY 151 - General Physics I

OR

PHY 251 - Fundamentals of Physics I

## University Core - Mathematics (3 hours)

Choose one of the following Math courses:

MAT 119 - Precalculus

MAT 121 - Calculus with Analytic Geometry I

MAT 205 - Finite Mathematics

MAT 206 - Applied Calculus

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life

OR

Any combination of:

KIN 124- Nutrition for Well-Being (1 hour)

PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours) 4 semesters

Sophomore (24-53 semester hours) 3 semesters

Junior (54-83 semester hours) 2 semesters

Senior (84 or more semester hours) 1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS

### Business Core (46 Hours)

ACC 201 - Principles of Accounting I

ACC 202 - Principles of Accounting II

ECO 231 - Principles of Macroeconomics

ECO 232 - Principles of Microeconomics

GBU 321 - Business Communications

DAT 251 - Business Statistics I

GBU 355 - Global Dimensions of Business

DAT 227 - Business Spreadsheet Skills  
DAT 327 - Management Information Systems  
FIN 341 - Business Finance  
MGT 371 - Principles of Management & Organizational Behavior  
MKT 381 - Marketing Principles  
GBU 358 - Business Law and Ethics  
GBU 456 - Faith and Business Ethics  
MGT 475 - Operations and Supply Chain Management  
MGT 499 - Strategic Management

## Accounting Requirements: (24 Hours)

ACC 301 - Intermediate Accounting I  
ACC 302 - Intermediate Accounting II  
ACC 303 - Cost Accounting  
ACC 401 - Advanced Accounting  
ACC 403 - Federal Tax Accounting I  
ACC 405 - Introduction to Auditing  
ACC 406 - Accounting Information Systems  
ACC 407 - Governmental Accounting

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

**TOTAL: 130 SEM. HOURS**

Note(s):

(A 2.5 GPA in ACC 201 and ACC 202 is a prerequisite for this major.)

**Note: Effective February 1, 1995, a minimum of 150 semester hours of university credit is required to take the CPA Examination.**

## Five-Year BSBA Accounting Degree/MBA/MACC Path

This program is designed for those students who are planning to complete their undergraduate degree in accounting and immediately pursue a Master's degree on their way to meet the 150 semester-hours requirement to take the CPA examination. The Five-Year BSBA/MBA/MACC Path facilitates this pursuit by allowing accounting majors in their senior year to enroll in three (3) hours (1 class) of required upper-level accounting classes and jointly it as a graduate elective. Students using the Five-Year Path may receive up to three (3) hours of graduate school credit by choosing from the following classes during their senior year: ACC 5401 Advanced Accounting I, ACC 5405 Auditing, ACC 5406 Accounting Information Systems, ACC 5407 Governmental Accounting, or ACC 5403 Federal Income Tax.

The requirements for the MBAMACC degree, as stated in the graduate catalog, will be followed except that the three (3) hours of graduate electives needed may be satisfied by one of the upper-level accounting courses listed above. Students following this path will only have 27 hours of required graduate courses left to obtain their graduate degree and may complete these requirements in one calendar year.

Students pursuing the Five-Year Path must have at least a 3.0 GPA to be allowed to enroll in the graduate classes their senior year.

## ***Business Administration, B.S.B.A. (available in traditional format as well as 3/3 BSBA-JD path)***

### UNIVERSITY CORE

#### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

#### University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR  
HIS 211 - History of the United States  
HIS 212 - History of the United States

#### University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

#### University Core - Social Sciences (3 hours)

GBU 151 - Business Skills for Life  
PSY 201 - Introduction to Psychology (General Psychology)  
PLS 201 - American National Government  
SOC 205 - Sociology: An Introduction in Global Context  
MLG 205 - Cross-Cultural Understanding  
Any Philosophy course

#### University Core - Science (4 hours)

Four hours of science are required, including one lecture with a corresponding lab. Students are encouraged to choose from one of the following lab courses:

BIO 103 - Human Biology **AND**  
BIO 104 - Human Biology Laboratory

OR

BIO 105 - Plants and People AND

BIO 106 - Plants and People Laboratory

OR

BIO 111 - Biology I AND

BIO 110 - Biology I Laboratory

OR

CHE 112 - Chemistry in American Life II

OR

CHE 141 - General Chemistry I

OR

PHY 151 - General Physics I

OR

PHY 251 - Fundamentals of Physics I

## University Core - Mathematics (3 Hours)

Choose one of the following Math courses:

MAT 119 - Precalculus

MAT 121 - Calculus with Analytic Geometry I

MAT 205 - Finite Mathematics

MAT 206 - Applied Calculus

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation OR

MUS 125 - Music Appreciation OR

THE 125 - Introduction to Theatre

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life

OR

Any combination of:

KIN 124- Nutrition for Well-Being (1 hour)

PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours) 4 semesters

Sophomore (24-53 semester hours) 3 semesters

Junior (54-83 semester hours) 2 semesters

Senior (84 or more semester hours) 1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

# MAJOR REQUIREMENTS

## Business Core (46 Hours)

ACC 201 - Principles of Accounting I  
ACC 202 - Principles of Accounting II  
ECO 231 - Principles of Macroeconomics  
ECO 232 - Principles of Microeconomics  
GBU 321 - Business Communications  
DAT 251 - Business Statistics I  
GBU 355 - Global Dimensions of Business  
DAT 227 - Business Spreadsheet Skills  
DAT 327 - Management Information Systems  
FIN 341 - Business Finance  
MGT 371 - Principles of Management & Organizational Behavior  
MKT 381 - Marketing Principles  
GBU 358 - Business Law and Ethics  
GBU 456 - Faith and Business Ethics  
MGT 475 - Operations and Supply Chain Management  
MGT 499 - Strategic Management

## Business Administration Requirements (24 Hours)

### ACC Class (3 HOURS)

choose from

ACC 301 - Intermediate Accounting I  
ACC 302 - Intermediate Accounting II  
ACC 303 - Cost Accounting  
ACC 305 - Managerial Accounting  
ACC 403 - Federal Tax Accounting I

### FIN Class (3 HOURS)

choose from

FIN 348- Financial Statement Analysis  
FIN 441 - Investments  
FIN 443 - Advanced Business Finance

### MKT class (3 HOURS)

choose from

MKT 383 - Personal Selling  
MKT 481 - Consumer Behavior  
MKT 482 - Retailing & E-Commerce  
MKT 485 - Integrated Marketing Communications  
MKT 486 - Marketing Strategy  
MKT 487 - Digital Marketing

### MGT Class (6 HOURS)

MGT 473 - Quantitative Business Modeling  
MGT 474 - Human Resources Management

## ENT Class (3 HOURS)

Choose from:

ENT 310 - Entrepreneurship and Social Enterprise

ENT 412 - Entrepreneurial Mindset

## Business Electives (6 HOURS)

(choose from any 300/400 level business class)

## General Electives (24 HOURS)

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

**Twelve hours can be taken toward a concentration in Real Estate or Sports Management or Risk and Insurance. Students may also choose a concentration in Data Management or Management Information Systems (MIS) -- see Business Administration, B.S.B.A. (Concentration in Data Management or MIS).**

### **Concentration in Real Estate (12 Hours)**

GBU 342 - Real Estate Finance

GBU 343 - Real Estate Sales

GBU 353 - Real Estate Principles

GBU 354 - Real Estate Law

### **Concentration in Sports Management (12 Hours)**

KIN 105 - Comprehensive Health

KIN 482 - Management of Physical Education, Fitness, and Sport Programs

KIN 401 - Facility Design and Event Management

KIN 410 - Legal Aspects of Sport and Physical Activity

### **Concentration in Risk and Insurance (12 Hours)**

GBU 352 – Principles of Insurance

GBU 356 – Life, Health and Accident Insurance

GBU 357 – Property and Casualty Insurance

GBU 359 – Employee Benefits

Total: 130 sem. hrs.

## **Three-Three Law/Business Administration Path, B.S.B.A.**

After the approval of their academic advisors in consultation with the appropriate department chair, freshman pre-law students with an acceptable ACT or SAT score may elect to enter the Three-Three Program. Ordinarily, a 26 ACT score or 1180 SAT score will qualify a student for the program. Such students are expected to maintain at least 3.25 GPA in their undergraduate work to remain competitive for early admission to the Mississippi College Law School. Students in this program should plan to take the LSAT as soon as possible after their sophomore year, but no later than the fall of their junior year, as an acceptable LSAT score is required for admission to the Mississippi Law School. Acceptance into the Three-Three Program, however, does not automatically guarantee admission to the Mississippi College Law School.

## UNIVERSITY CORE CURRICULUM (36 HOURS)

### Required Courses (46 Sem. hrs.)

ACC 201 - Principles of Accounting I  
ACC 202 - Principles of Accounting II  
DAT 227 - Business Spreadsheet Skills  
DAT 251 - Business Statistics I  
DAT 327 - Management Information Systems

PHY 151 - General Physics I  
OR  
PHY 251 - Fundamentals of Physics I

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation OR  
MUS 125 - Music Appreciation OR  
THE 125 - Introduction to Theatre

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
OR  
Any combination of:  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS

### Business Core (46 Hours)

ACC 201 - Principles of Accounting I  
ACC 202 - Principles of Accounting II  
ECO 231 - Principles of Macroeconomics  
ECO 232 - Principles of Microeconomics  
GBU 321 - Business Communications  
DAT 251 - Business Statistics I  
GBU 355 - Global Dimensions of Business  
DAT 227 - Business Spreadsheet Skills  
DAT 327 - Management Information Systems  
FIN 341 - Business Finance  
MGT 371 - Principles of Management & Organizational Behavior  
MKT 381 - Marketing Principles  
GBU 358 - Business Law and Ethics  
GBU 456 - Faith and Business Ethics  
MGT 475 - Operations and Supply Chain Management  
MGT 499 - Strategic Management

### Marketing Requirements (24 Hours)

MKT 383 - Personal Selling  
MKT 482 - Retailing & E-Commerce  
MKT 429 - Marketing Research  
MKT 481 - Consumer Behavior  
MKT 485 - Integrated Marketing Communications  
MKT 486 - Marketing Strategy  
MKT 487 - Digital Marketing

Choose one of the following Communication courses:

ENT 412 - Entrepreneurial Mindset  
COM 334 - Digital Storytelling  
COM 360 - Social Media Communication  
COM 403 - Negotiation  
COM 443 - Public Relations  
GBU 460 - Internship in Business

### General Electives (24 Hours)

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

Total: 130 sem. hrs.

### ***Three-Three Law/Business Administration Path, B.S.B.A.***

After the approval of their academic advisors in consultation with the appropriate department chair, freshman pre-law students with an acceptable ACT or SAT score may elect to enter the Three-Three Program. Ordinarily, a 26 ACT score or 1180 SAT score will qualify a student for the program. Such students are expected to maintain at least 3.25 GPA in their undergraduate work to remain competitive for early admission to the Mississippi College Law School. Students in this program should plan to take the LSAT as soon as possible after their sophomore year, but no later than the fall of their junior year, as an acceptable LSAT score is required for admission to the Mississippi Law School. Acceptance into the Three-Three Program, however, does not automatically guarantee admission to the Mississippi College Law School.

#### University Core Curriculum (36 sem hrs)

#### Required Courses (46 sem. hrs.)

ACC 201 - Principles of Accounting I  
ACC 202 - Principles of Accounting II  
ECO 231 - Principles of Macroeconomics  
ECO 232 - Principles of Microeconomics  
FIN 341 - Business Finance  
GBU 321 - Business Communications  
GBU 355 - Global Dimensions of Business  
DAT 227 - Business Spreadsheet Skills  
GBU 358 - Business Law and Ethics  
GBU 456 - Faith and Business Ethics  
MGT 371 - Principles of Management & Organizational Behavior  
MKT 381 - Marketing Principles  
MGT 475 - Operations and Supply Chain Management  
MGT 499 - Strategic Management

#### ACC Elective (3 sem. hrs.)

Choose from:

ACC 301 - Intermediate Accounting I  
ACC 302 - Intermediate Accounting II  
ACC 303 - Cost Accounting  
ACC 305 - Managerial Accounting  
ACC 403 - Federal Tax Accounting I

#### FIN Elective (3 sem. hrs.)

Choose from:

FIN 348- Financial Statement Analysis  
FIN 441 - Investments  
FIN 443 - Advanced Business Finance

#### MKT Elective (3 sem. hrs.)

Choose from:

MKT 383 - Personal Selling  
MKT 481 - Consumer Behavior  
MKT 482 - Retailing & E-Commerce  
MKT 485 - Integrated Marketing Communications  
MKT 486 - Marketing Strategy

### MGT Elective (3 sem. hrs.)

Choose from:

MGT 473 - Quantitative Business Modeling  
MGT 474 - Human Resources Management

### ENT Elective (3 Sem. Hrs.)

Choose from:

ENT 310 - Entrepreneurship and Social Enterprise  
ENT 412 - Entrepreneurial Mindset

### Business Elective (3 Sem. Hrs.)

Choose from:

Upper level (300-400 level) business elective  
Business Internship

Total: 100 sem. hrs.

## Minors

### *Accounting Minor for Business Majors*

Required:

ACC 301 - Intermediate Accounting I  
ACC 302 - Intermediate Accounting II

### ACC Classes (Choose 4 from:)

ACC 303 - Cost Accounting  
ACC 401 - Advanced Accounting  
ACC 403 - Federal Tax Accounting I  
ACC 405 - Introduction to Auditing  
ACC 406 - Accounting Information Systems  
ACC 407 - Governmental Accounting

Total: 18 sem. hrs.

### ***Accounting Minor for Non-Business Majors***

Required:

ACC 201 - Principles of Accounting I  
ACC 202 - Principles of Accounting II  
ACC 301 - Intermediate Accounting I  
ACC 302 - Intermediate Accounting II  
ACC 403 - Federal Tax Accounting I  
ACC 405 - Introduction to Auditing

Total: 18 sem. hrs.

### ***Business Administration Minor for Non-Business Majors Only***

Required:

ACC 201 - Principles of Accounting I  
ACC 202 - Principles of Accounting II  
ECO 232 - Principles of Microeconomics  
FIN 341 - Business Finance  
MGT 371 - Principles of Management & Organizational Behavior  
MKT 381 - Marketing Principles

Total: 18 sem. hrs.

### ***Entrepreneurship Minor for Business Majors***

Required:

ACC 305 - Managerial Accounting  
ENT 310 - Entrepreneurship and Social Enterprise  
ENT 411 - Entrepreneurial Financial Management  
ENT 412 - Entrepreneurial Mindset  
ENT 413 - New Venture Creation  
MGT 474 - Human Resources Management

Total: 18 Sem. Hrs.

### ***Entrepreneurship Minor For Non-Business Majors***

Required:

ACC 201 – Principles of Accounting I  
ENT 310 - Entrepreneurship and Social Enterprise  
ENT 411 - Entrepreneurial Financial Management  
ENT 412 - Entrepreneurial Mindset

ENT 413 - New Venture Creation  
MKT 381 - Marketing Principles

Total: 18 Sem. Hrs.

### ***Finance Minor for Business Majors***

Required:

***Choose one of the following:***

ACC 301 - Intermediate Accounting I  
ACC 302 - Intermediate Accounting II  
ACC 303 - Cost Accounting  
ACC 305 - Managerial Accounting

FIN Classes:

FIN 342 - Money and Financial Institutions  
FIN 348- Financial Statement Analysis  
FIN 441 - Investments  
FIN 443 - Advanced Business Finance  
FIN 447 – Financial Modeling

Total: 18 sem. hrs

### ***Finance Minor for Non-Business Majors***

Required

ACC 201 - Principles of Accounting I  
ACC 202 - Principles of Accounting II  
FIN 341 - Business Finance

Choose three courses from the following:

FIN 342 - Money and Financial Institutions  
FIN 348- Financial Statement Analysis  
FIN 441 - Investments  
FIN 443 - Advanced Business Finance  
FIN 447 – Financial Modeling

Total: 18 sem. hrs.

### ***International Business Minor***

Option I

Languages Credits, 12 sem. hrs.

MLG 205 - Cross-Cultural Understanding

Study Abroad Credits, 3 sem. hrs.

Total: 18 SEM. HRS.

## Option II

Languages Credits, 12 sem. hrs.

Study Abroad Credits, 6 sem. hrs.

Total: 18 SEM. HRS.

## For Non-Business Majors:

ACC 201 - Principles of Accounting I

ACC 202 - Principles of Accounting II

ECO 231 - Principles of Macroeconomics

ECO 232 - Principles of Microeconomics

GBU 355 - Global Dimensions of Business

Foreign Language Credits, 6-12 sem. hrs.

MGT 371 - Principles of Management & Organizational Behavior

**OR**

MKT 381 - Marketing Principles **OR**

FIN 341 - Business Finance

Approved Study Abroad Program(s) in Business Credits, 6 sem. hrs.

## *Marketing Minor for Business Majors*

### Required:

MKT 383 - Personal Selling

MKT 429 - Marketing Research

MKT 481 - Consumer Behavior

MKT 482 - Retailing & E-Commerce

MKT 485 - Integrated Marketing Communications

MKT 486 - Marketing Strategy

MKT 487 - Digital Marketing

Total: 18 sem. hrs.

## *Marketing Minor for Non-Business Majors*

### Required:

MKT 381 - Marketing Principles

## MKT Classes (Choose five from:)

MKT 383 - Personal Selling  
MKT 429 - Marketing Research  
MKT 481 - Consumer Behavior  
MKT 482 - Retailing & E-Commerce  
MKT 485 - Integrated Marketing Communications  
MKT 486 - Marketing Strategy  
MKT 487 – Digital Marketing

Total: 18 sem. hrs.

## Cross Cultural Business Management Minor

*\* Students who are Non-Communication Majors may request an override for COM 449 from the Communication department*

*\*\* Students who are Non-Business Majors may request an override for ENT 310 and ENT 411 from the Business department*

COM 449 – Intercultural Communication

**Prerequisite: COM 102\***

ENT 310 – Entrepreneurship and Social Enterprise

**Prerequisite: ACC 201 and ACC 202\*\***

ENT 411 – Entrepreneurial Financial Management

**Prerequisite: ACC 202 or ACC 203 and FIN 341\*\***

MGT 493 – Special Topics in Management

Prerequisite: None

MLG 305 – Cross-Cultural Leadership

Prerequisite: None

MSS 302 – Evangelism and Cross-Cultural Witness

Prerequisite: None

Total: 18 sem. hrs.

## Certificate

### Post-Baccalaureate Accounting Certificate

Prerequisites: Bachelor's Degree, ACC 201 ACC 201 - Principles of Accounting I and ACC 202 ACC 202 - Principles of Accounting II.

This program is designed for those people who have a baccalaureate degree but desire the equivalent of a major in accounting. Most participants will be interested in ultimately passing the CPA Exam. A minimum of 24 hours must be completed at Mississippi College. Acceptable transfer credit must be at or above the grade level of C. Students must make a C or better in ACC 301 and ACC 302, Intermediate Accounting I and II, to graduate with a degree in Accounting.

The following courses will be required for this program:

ACC 301 - Intermediate Accounting I

ACC 302 - Intermediate Accounting II

ACC 303 - Cost Accounting

ACC 403 - Federal Tax Accounting I

ACC 5401 Advanced Accounting I - Consolidations Credits, 3 sem. hrs.

ACC 5405 Introduction to Auditing Credits, 3 sem. hrs.

ACC 5407 Governmental Accounting Credits, 3 sem. hrs.

GBU 358 - Business Law and Ethics

Accounting Electives Credits, 6 sem. hrs.

Total: 30 HOURS

Note(s):

Electives to be selected from 400-level or graduate accounting courses.

A person must have a minimum of 48 semester hours of Business School courses to take the CPA examination. Those with an undergraduate major outside the School of Business and taking the CPA exam must take additional business courses to meet this requirement.

## Accounting Courses

### ACC 201 - Principles of Accounting I

Credits, 3 sem. hrs. Fundamental concepts of financial accounting and uses of accounting data by managers, owners, and creditors.

### ACC 202 - Principles of Accounting II

Credits, 3 sem. hrs. Prerequisite(s): ACC 201.

Continuation of ACC 201. For all students enrolled in a business major, and for others who plan to engage in a business or professional activity.

### ACC 203 - Survey of Financial Accounting

Credits, 3 sem. hrs Financial accounting with emphasis on knowledge required for completion of the accounting cycle, including income measurement and financial statement preparation; accounting for current and plant assets, current and long-term liabilities, stockholders' equity and cash flows.

### ACC 301 - Intermediate Accounting I

Credits, 3 sem. hrs. Prerequisite(s): A 2.5 GPA in ACC 201 and ACC 202 or consent of accounting advisor.

Theory and techniques for the preparation and interpretation of financial statements. Balanced coverage of both concepts and procedures for financial reporting, financial statements, and related disclosures. Imparts essential knowledge and skills for understanding asset measurement and income determination as well as valuation of liabilities and investments.

### ACC 302 - Intermediate Accounting II

Credits, 3 sem. hrs. Prerequisite(s): ACC 202.

Continuation of ACC 301.

### ACC 303 - Cost Accounting

Credits, 3 sem. hrs. Prerequisite(s): ACC 202.

Cost accounting principles and techniques needed for financial statements and management planning and control.

### **ACC 305 - Managerial Accounting**

Credits, 3 sem. hrs. Prerequisite(s): ACC 202.

The emphasis for this course is internal (managerial) accounting. The course focuses on the use of managerial accounting information for decision making, with emphasis on analysis and interpretation. Topics include profit planning, cost analysis, operational and financial budgeting, capital budgeting, responsibility accounting, and performance evaluation.

### **ACC 401 - Advanced Accounting**

Credits, 3 sem. hrs. Prerequisite(s): ACC 301 or ACC 302

Business combinations and consolidated financial statements.

### **ACC 403 - Federal Tax Accounting I**

Credits, 3 sem. hrs. Prerequisite(s): ACC 202.

Consideration of the basic features of the federal income tax system with particular emphasis on the determination of the taxable income of individuals.

### **ACC 405 - Introduction to Auditing**

Credits, 3 sem. hrs. Prerequisite(s): ACC 302 or ACC 301.

A survey course introducing the student to auditing standards, services, ethics, legal responsibility, internal control structure, report analysis, and SEC requirements.

### **ACC 406 - Accounting Information Systems**

Credits, 3 sem. hrs. Prerequisite(s): ACC 201 and ACC 202.

An introduction to the development, analysis, and design of accounting systems. Includes the basic elements of flowcharting, transaction processing, and internal control.

### **ACC 407 - Governmental Accounting**

Credits, 3 sem. hrs. Prerequisite(s): ACC 202.

Application of accounting principles to governmental units and nonprofit institutions with emphasis on budgetary control, the operation of funds, and financial reporting.

### **ACC 418 – CPA Review I**

Credits, 3 sem. hrs. Prerequisite(s): ACC 301 and 302 and 303 and 403 and 405 and 451.

This course is an intense immersion in those topics from undergraduate accountancy classes that are part of the CPA exam. The course covers the exam areas financial accounting and auditing.

## ACC 419 – CPA Review II

Credits, 3 sem. hrs. Prerequisite(s): ACC 301 and 302 and 303 and 403 and 405 and 451.

This course is an intense immersion in those topics from undergraduate accountancy classes that are part of the CPA exam. The course covers the exam areas of regulation and business.

## Data Management Courses

### DAT 227 - Business Spreadsheet Skills

Credits, 1 sem. hr. A study and application of the basic skills needed to manage data. Focus is placed on analyzing and solving business problems using spreadsheets. Classroom lecture will be supplemented with laboratory and tutorial work.

### DAT 251 - Business Statistics I

Credits, 3 sem. hrs. Prerequisite(s): MAT 205

An introduction to the application of statistical methods to business and organizational problems.

### DAT 327 - Management Information Systems

Credits, 3 sem. hrs. Prerequisite(s): DAT 227

Introduction to Management Information Systems is a lecture and application-based course that provides an introduction to the basics of information technology and its role in the organizational framework. The student will be provided with a background into the field of Information Systems and will be asked to apply the skills and techniques discussed in class in a variety of assignments.

Through Fall 2019 this course was MIS 327, but the course number changed in Spring 2020.

### DAT 427 - Data Management

Credits, 3 sem. hrs. Prerequisite(s): DAT 251 and DAT 327

A study of data-driven decision making through business analytical techniques. Concepts such as big data, data mining and data visualization are emphasized. Classroom lecture will be supplemented with hands-on exercises and real-world case studies.

### DAT 447 - Financial Modeling

Credits, 3 sem. hrs. Prerequisite(s): DAT 227 and FIN 341

Employing a computer in financial decision making. Covers spreadsheets, object-relational database management systems, and data warehousing.

[Crosslisted as: FIN 447

### DAT 473 - Quantitative Business Modeling

**Credits, 3 sem. hrs. Prerequisite(s): FIN 341, DAT 251, DAT 327**

Quantitative Business Modeling is an applications course designed to prepare the student for data analysis and decision making in the modern organization. The course begins by preparing the student to conduct fundamental data analysis, proceeds to develop the analytical and modeling skills required for decision analysis (strategies and methods for optimization, queuing, and simulation) and concludes with the basic skills necessary for managing technical projects. Along the way, the student will apply the skills learned to situations in management, finance, marketing, operations, accounting, and human resources management. The course makes extensive use of spreadsheet analysis (Microsoft Excel) and spreadsheet add-ins.

**[Crosslisted as: MGT 473**

## **Economics Courses**

### **ECO 131 - The American Economic System**

**Credits, 3 sem. hrs.** A survey course offered for non-business students which introduces the American Economic System and its institutions.

### **ECO 231 - Principles of Macroeconomics**

**Credits, 3 sem. hrs.** (Can be taken in freshman year with the consent of School of Business advisor) A study of macroeconomics topics, including national income accounting, equilibrium analysis, fiscal and monetary policy.

### **ECO 232 - Principles of Microeconomics**

**Credits, 3 sem. hrs.** (Can be taken in freshman year with the consent of School of Business advisor) A study of microeconomics, including supply and demand analysis, demand theory, cost theory, and market structures.

### **ECO 332 - Money and Financial Institutions**

**Credits, 3 sem. hrs. Prerequisite(s): ECO 231.**

The history, theories, and functions of monetary systems and their relation to the economic order.

**[Crosslisted as: FIN 342; therefore, students taking ECO 332 for credit cannot receive credit for FIN 342.]**

## **Entrepreneurship Courses**

### **ENT 110 - Introduction to Entrepreneurship**

**Credits, 1 sem. hr.** An introduction to the discipline of entrepreneurship and the role of the entrepreneur. Focus is on learning about the discipline through a series of guest lectures and hands-on activities.

### **ENT 310 - Entrepreneurship and Social Enterprise**

**Credits, 3 sem. hrs. Prerequisite(s): ACC 201 and ACC 202**

Entrepreneurship is a lecture and application-based course designed to introduce students to the concepts of small

business start-up and management, with an emphasis on social enterprise. The main objective of this course is to understand what it means to be an entrepreneur and to prepare students to test the viability of a new business idea.

### **ENT 411 - Entrepreneurial Financial Management**

Credits, 3 sem. hrs. Prerequisite(s): ACC 202 or ACC 203, and FIN 341

Covers fundamentals of financing a small business. Topics include financial statement creation and analysis, debt versus equity financing, venture and angel capital and crowdfunding.

### **ENT 412 - Entrepreneurial Mindset**

Credits, 3 sem. hrs. Prerequisite(s): ACC 201, ACC 202, MKT 381

Development of new perspectives and knowledge about entrepreneurial thinking and attitude. Focus is on ideation and creativity, plus opportunity recognition and evaluation. A key course objective is the identification of new products and services that could serve as the foundation for a new business venture.

### **ENT 413 - New Venture Creation**

Credits, 3 sem. hrs. Prerequisite(s): ENT 310, ENT 412

This project-based course focuses on the creation, evaluation, and development of a new business venture. The process includes an in-depth market analysis, product or service design, development of a marketing channel, and financing and profit models.

### **ENT 496 - Entrepreneurship Experience**

Credits, 1 sem. hr. Prerequisite(s): This course is restricted to Entrepreneurship majors and minors only.

This course requires hands-on experience in the field of entrepreneurship. This will take the form of an internship, working with a business incubator, consulting with a small business, or other activities as determined by the entrepreneurship director.

This course should only be taken during the final 30 hours a student is in the program.

## **Finance Courses**

### **FIN 240 - Personal Finance**

Credits, 3 sem. hrs. Financial planning for individual: budgeting, taxes, banking, insurance, housing, and investments.

### **FIN 341 - Business Finance**

Credits, 3 sem. hrs. Prerequisite(s): ACC 201 and ACC 202

Corequisite(s): DAT 227 or MIS 226

An introduction to financial management principles. Emphasis on analysis of financial statements, time value of money concepts, security valuation principles, risk and return relationships, and the capital budgeting process.

### **FIN 342 - Money and Financial Institutions**

Credits, 3 sem. hrs. Prerequisite(s): ECO 231.

The history, theories, and functions of monetary systems and their relation to the economic order.

[Crosslisted as: ECO 332; therefore, students taking FIN 342 for credit cannot receive credit for ECO 332.]

### **FIN 348 - Financial Statement Analysis**

Credits, 3 sem. hrs. Prerequisite(s): FIN 341

An application-based course providing students the skills and concepts necessary to review and critically examine financial statements. The course approaches the review of financial statements from the perspective of investors, management, and creditors. Students will be thoroughly exposed to ratio analysis and cash flow analysis. The course also includes topics in management effectiveness and valuation.

### **FIN 440 - Short-Term Financial Management**

Credits, 3 sem. hrs. Prerequisite(s): FIN 341.

An overview of short-term finance. Emphasis placed on making decisions about cash, credit extension and collection, payables, bank relations, short-term investing and borrowing and the development of near-term financial plans.

### **FIN 441 - Investments**

Credits, 3 sem. hrs. Prerequisite(s): FIN 341.

An introduction to investments. The study and application of the investment environment (markets, instruments, institutions), risk and return relationships, portfolio diversification, market efficiency, mutual funds, security analysis, valuation, and allocation.

### **FIN 443 - Advanced Business Finance**

Credits, 3 sem. hrs. Prerequisite(s): FIN 341.

A continuation of FIN 341. Major topics include capital structure, dividend policy, long-term financing, working capital management, failure and reorganization, and international finance.

### **FIN 447 - Financial Modeling**

Credits, 3 sem. hrs. Prerequisite(s): DAT 227 and FIN 341

Employing a computer in financial decision making. Covers spreadsheets, object-relational database management systems, and data warehousing.

[Crosslisted as: DAT 447

## **General Business Courses**

### **GBU 151 - Business Skills for Life**

Credits, 3 sem. hrs. A study of the basic business principles and skills necessary for individuals to function effectively at home, in the workplace and in the community. Topics covered include: retirement, insurance decisions, mortgages, budgeting, and career planning.

## **GBU 321 - Business Communications**

Credits, 3 sem. hrs. Prerequisite(s): ENG 101, ENG 102.

Principles and applications in letter and memo writing, career research, and employment communications. Other topics include international, interpersonal, and oral communications, and legal and ethical communication guidelines.

## **GBU 342 - Real Estate Finance**

Credits, 3 sem. hrs. Prerequisite(s): GBU 353, FIN 341.

Principles and methods of real estate finance, source of funds, financing instruments, institutions, and analysis.

## **GBU 343 - Real Estate Sales**

Credits, 3 sem. hrs.

A study of real estate professionalism and ethics; characteristics of successful salespersons; time management; psychology of marketing; listing procedures; advertising; negotiating and closing; financing; and the deceptive trade practice act, consumer protection act, and the Uniform Commercial Code.

## **GBU 352 - Principles of Insurance**

Credits, 3 sem. hrs.

Insurance is one of the nation's largest industries in terms of revenue and employment and it can provide challenging and rewarding career opportunities for college graduates. Consequently, Principles of Insurance is a basic course offered in most business programs at colleges and universities. This course will provide students with an overview of the concept, and practices in the insurance industry.

## **GBU 353 - Real Estate Principles**

Credits, 3 sem. hrs. Prerequisite(s): Junior standing.

A study of various fields that comprise real estate, as well as the relationship of economics, business, finance, law and government to real estate.

## **GBU 354 - Real Estate Law**

Credits, 3 sem. hrs. Prerequisite(s): Junior standing.

A study of the principles of real estate law.

## **GBU 355 - Global Dimensions of Business**

Credits, 3 sem. hrs.

A broad survey of the international aspects of business and the challenges of globalization.

## **GBU 356 - Life, Health and Accident Insurance**

Credits, 3 sem. hrs. Prerequisite(s): GBU 352

This course develops the concept of insurable risk and its identification; the uses of insurance in financial planning to deal with risk; analysis of property, liability, life, medical and disability insurance policies; annuities; employee benefit plans; business applications of life and disability insurance.

## **GBU 357 – Property and Casualty Insurance**

Credits, 3 sem. hrs. Prerequisite(s): GBU 352

Basic principles, functions and uses of property & casualty insurance; types of policy contracts; calculation of premiums reserves; organization management; supervision of companies.

## **GBU 358 - Business Law and Ethics**

Credits, 3 sem. hrs. Prerequisite(s): Junior standing.

A study of domestic and international law. Topics include property law, contracts, administrative law, constitutional issues, and ethics.

## **GBU 359 – Employee Benefits**

Credits, 3 sem. hrs. Prerequisite(s): GBU 352

An introduction to employee benefit plan design. Students learn to evaluate the design and administration of benefit plans to satisfy an organization's recruiting, retaining, rewarding, and retirement objectives. Covers benefit plan emphasizes health plans under the Affordable Health Care Act (ACA), retirement plans, and social security, with some treatment of life insurance, disability benefits, workers compensation, as components of the "total compensation". Compliance and Pandemic issuers are addressed.

## **GBU 452 - Business Law II**

Credits, 3 sem. hrs. Prerequisite(s): GBU 358.

A study of the domestic and international principles of law relating to property, business documents, negotiable instruments, organization forms, and statutory constraints on business.

## **GBU 456 - Faith and Business Ethics**

Credits, 3 sem. hrs. Prerequisite(s): Junior or Senior standing.

Overview of the fundamental concepts and principles of business ethics. The class provides an application of ethical principles in a business setting. Emphasis is on introducing basic ethical definitions and principles, case studies and practical approaches to recognize and solve ethical dilemmas within a Christian foundation.

## **GBU 460 - Internship in Business**

Credits, 3 sem. hrs Prerequisite(s): Junior/Senior Standing.

A semester-long supervised work experience during the junior/senior year. This hands-on experience with a business organization is designed to provide opportunities for students to gain practical experience in the field of business. Internship site must be approved by the Faculty Internship Coordinator.

## **GBU 491 - Field Studies**

Credits, 1 sem. hr.

## Management Courses

### **MGT 371 - Principles of Management & Organizational Behavior**

Credits, 3 sem. hrs. An introduction to management theory and practice through the study of (1) the basic functions of management - planning, organizing, leading, and controlling - and (2) individual and group behavior. Focused on preparing the student to respond effectively to a dynamic, global business environment.

### **MGT 473 - Quantitative Business Modeling**

Credits, 3 sem. hrs. Prerequisite(s): FIN 341, DAT 251, DAT 327 and DAT 227

Quantitative Business Modeling is an applications course designed to prepare the student for data analysis and decision making in the modern organization. The course begins by preparing the student to conduct fundamental data analysis, proceeds to develop the analytical and modeling skills required for decision analysis (strategies and methods for optimization, queuing, and simulation) and concludes with the basic skills necessary for managing technical projects. Along the way, the student will apply the skills learned to situations in management, finance, marketing, operations, accounting, and human resources management. The course makes extensive use of spreadsheet analysis (Microsoft Excel) and spreadsheet add-ins.

### **MGT 474 - Human Resources Management**

Credits, 3 sem. hrs. Prerequisite(s): MGT 371.

A study of personnel management concepts and techniques, including recruitment and placement, training and development, and compensation, to provide the student with a practical working knowledge of the processes involved in managing the human resources of an organization in a dynamic business environment.

### **MGT 475 - Operations and Supply Chain Management**

Credits, 3 sem. hrs. Prerequisite(s): DAT 251, MGT 371, FIN 341, and DAT 227 or MIS 226 with a grade of C or higher.

A study of the role of operations management in manufacturing and service firms. Special emphasis is placed on key topics in the fields of cost accounting, general management, industrial engineering, and quantitative methods.

### **MGT 499 - Strategic Management**

Credits, 3 sem. hrs. Prerequisite(s): ACC 202; ECO 232; FIN 341; MGT 371; MKT 381; must be taken in last 30 hours.

The capstone course for the undergraduate business school curriculum that integrates the fundamental aspects of business (marketing, finance, accounting, economics, operations) into a coherent view of management. Through the case analysis method, students study the role of strategy in the management of large and small firms and investigate the principles and practices that lead to successful organizations, both public and private. The final project is a formal classroom presentation where students must demonstrate proficiency in both oral and written communication skills as they present the results of group and individual research applying the principles learned during the semester.

## Management Information Systems Courses

### **MIS 226 - Business Software Skills and Applications**

Credits, 3 sem. hrs. A study and application of the basic skills needed in using current business software packages, including spreadsheet management. Classroom lecture will be supplemented with laboratory and tutorial work.

### **MIS 406 - Accounting Information Systems**

Credits, 3 sem. hrs. Prerequisite(s): ACC 201 and ACC 202

An introduction to the development, analysis, and design of accounting systems. Includes the basic elements of flowcharting, transaction processing, and internal control.

[Crosslisted as: ACC 406

## **Marketing Courses**

### **MKT 381 - Marketing Principles**

Credits, 3 sem. hrs. An introductory overview of the marketing process, including segmentation and target market selection, marketing mix development, and marketing strategy with emphasis on the interaction with the business environment. Global impact, social responsibility and ethics, technology, and other macromarketing issues are included.

### **MKT 383 - Personal Selling**

Credits, 3 sem. hrs. Prerequisite(s): MKT 381.

An application-based course that addresses all aspects of the sales process. Students will improve verbal and written communication skills through mock sales situations, role-playing and product demonstrations. Students will participate in a self-development project that is designed to build self-esteem and confidence. Ethical dilemmas relating to salespeople will be extensively discussed.

### **MKT 429 - Marketing Research**

Credits, 3 sem. hrs. Prerequisite(s): MKT 381 and DAT 251

The study and application of techniques used to conduct systematic qualitative and quantitative business research. The course teaches a basic research process that includes characterizing business problems or opportunities and developing research objectives, designing a research methodology to address the research objectives, conducting the research in a systematic fashion, and using the tools of statistics to analyze and report the research results.

### **MKT 481 - Consumer Behavior**

Credits, 3 sem. hrs. Prerequisite(s): MKT 381

The strategic implications of the internal, external, and decision-making factors which impact consumer purchasing patterns with emphasis on managerial applications.

### **MKT 482 - Retailing & E-Commerce**

Credits, 3 sem. hrs. Prerequisite(s): MKT 381

Retailing and E-Commerce examines the strategic and tactical decisions retailers make and the concepts, practices and technology they use in making those decisions. The course introduces students to the many ways in which information technology and the Internet can be used to enhance retail operations. Both store-based and web-based retail businesses are examined. While the course focuses on the retail industry, the content of the course is useful for students interested

in working for companies that interface with retailers such as manufacturers of consumer products or for students with an entrepreneurial interest.

### **MKT 485 - Integrated Marketing Communications**

Credits, 3 sem. hrs. Prerequisite(s): MKT 381.

An application-based study of marketing communications tools including advertising, promotions, direct marketing, personal selling, and public relations, and their coordination and integration into a unified program designed to influence a firm's marketing channel, customer, and internal constituencies.

### **MKT 486 - Marketing Strategy**

Credits, 3 sem. hrs. Prerequisite(s): MKT 381

An application of marketing concepts and skills within the business environment. Using computer simulations, students analyze data, make decisions, implement solutions, and evaluate results. The course provides an illustration of the effects of marketing planning, implementation, and control on the total business system.

### **MKT 487 - Digital Marketing**

Credits, 3 sem. hrs. Prerequisite(s): MKT 381

This course is designed to give students a theoretical understanding of the internet marketplace, while also equipping them with the skills needed to perform vital digital marketing functions. Topics covered include Web design, Web analytics, on and off-site SEO, paid search marketing, online advertising, social media strategy, and online reputation management.

### **Mission**

The mission of the Mississippi College School of Education is to provide a caring Christian environment which facilitates the acquisition of knowledge in the behavioral sciences, teaching and learning, and health and human sciences. The School of Education provides the general education, professional studies, field and clinical experience, research skill development, and technological foundation required for each graduate and undergraduate program. These components generate the knowledge, dispositions, and skills necessary to render appropriate services to God and others in a professional environment while meeting all local, state, and national performance standards.

## *History*

The roots of today's School of Education date from the establishment of the Bachelor of Science in Education degree in 1950. This degree was followed by the Master of Education in 1954, the Educational Specialist in 1974, the Doctor of Education in 2008 and the Doctor of Professional Counseling in 2012. The School of Education was formed in 1977 from the Divisions of Education, Psychology, and Physical Education.

The School of Education is housed in Lowrey Hall which was renovated in 2005, Farr Hall and in Cockroft Hall which was completed in 1976. The School of Education has been nationally accredited since 1961. The most recent approval for licensure programs was in 2021 through the Council for the Accreditation of Educator Preparation (CAEP.) The Counseling Programs at the Master's and Educational Specialist's levels are currently accredited by the Council for the Accreditation of Counseling in Related Educational Programs (CACREP) through 2024. The Dyslexia Therapy Program was most recently accredited by the International Multisensory Structured Language Education Council (IMSLEC) in 2017.

The School of Education currently houses the Departments of Counseling, Kinesiology, Psychology, and Teacher Education and Leadership.

## **Mission**

The mission of the Department of Teacher Education and Leadership at Mississippi College is to provide collaborative, integrated professional educator preparation which is field connected and focused on teaching and learning; based on best practice which is driven and assessed by high national, state, and local standards which will develop reflective practitioners with the appropriate knowledge, dispositions and skills to lead the 21st Century enterprise in America.

## **Program Goals**

The underlying purpose of the Department of Teacher Education and Leadership is to further the aim of the University in offering the opportunity for well-rounded higher education in a Christian environment. The general objective is the professional preparation of classroom teachers and the offering of specialized work in educational leadership. The Department of Teacher Education and Leadership is responsible for the preparation of teachers, supervisors, and principals. The University is a member of the American Association of Colleges of Teacher Education (AACTE) and is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

## **Degrees Offered**

Five degrees are granted by the University with specialization in education: Bachelor of Science in Education, Bachelor of Science in Early Childhood Care and Development, Master of Education, Education Specialist, and Doctor of Education. For the B.S. in Education degree, the student must select an area of specialization approved for teacher licensure by the state of Mississippi. The B.S. in Early Childhood Care and Development is a non-licensure program; therefore, students in this program do not have to be formally admitted to the Teacher Education Program (TEP). This degree is intended to prepare individuals for service as teachers, leaders, and administrators in early childcare settings. Details concerning graduate programs are listed in the [Graduate Catalog](#).

## **Admission Process to Teacher Education Program**

Admission procedures in the Department of Teacher Education and Leadership involve three distinct phases: General Admission to the University; Admission to the Teacher Education Program (TEP); and Admission to Student Teaching.

### **Stage 1. General Admission:**

Students who enroll in the University as an education major will be assigned a faculty advisor. The faculty advisor will review all records and counsel the student in preparation for entrance into the Teacher Education Program.

### **Stage 2. Admission to the Teacher Education Program (TEP):**

Students will apply for admission into the Teacher Education Program (TEP) as part of the course requirements for EDU 300 - Introduction to Education. Transfer students, who have had the course equivalent of EDU 300 at another four year institution, must make application to the TEP in the Office of Field Experiences during their first semester at Mississippi College. No upper level (300 and 400) courses including EDU 300 are accepted in transfer from two year colleges as part of Teacher Education Program requirements.

Each applicant for entry into a teacher licensure program shall demonstrate minimum academic ability prior to being admitted to a teacher education program. For traditional candidates, these skills are:

Completion of a minimum of 60 hours of course credit with a minimum of 3.0 GPA on a 4.0 system;

OR  
21 ACT or SAT equivalent  
OR  
qualifying passing score on Praxis Core (5713) Reading 156; (5723) Writing 162; (5733) Mathematics 130.

## ***Teacher Education Program Maintenance Requirements***

After admission to the TEP, a student must maintain at least a 2.75 cumulative grade point average for progression. A grade of C or better is required in all teacher education courses and teacher education courses may be repeated only one time. Only courses with a grade of D or F may be repeated. A failing grade in any two teacher education courses will result in dismissal from the TEP.

As stated in University Policy, the final 33 hours of all programs should be taken at Mississippi College. Since standards for progress in the TEP are different from the minimum to avoid academic suspension from Mississippi College, a student who is ineligible to enter or remain in the TEP may still be eligible to remain a student at Mississippi College in another major.

### ***Stage 3. Admission to Student Teaching Semester:***

Student teaching assignments are generally restricted to Copiah, Hinds, Lincoln, Madison, Rankin, Warren and Yazoo counties. Requests to student teach outside these areas must be made to the Department's Appeals Committee. Final authority rests with the Department of Teacher Education and Leadership as to the placement of student teachers. Student teaching is to be completed during the senior year after the following requirements have been met.

In order to be admitted to Student Teaching Semester the candidate must:

- be admitted to the Teacher Education Program for at least one full semester prior to the semester of student teaching.
- have completed EDU 299 - Pre-Teaching Field Experience.
- have removed any grade(s) of **I** (incomplete).
- have at least a 2.75 GPA in the area(s) of expected licensure as well as a cumulative GPA of 2.75.
- have completed at least three-fourths of the required courses in his/her area of specialization, (secondary education and students only).
- have completed (with a minimum grade of C) all Professional Education courses except EDU 431, EDU 432, EDU 433, and EDU 434 Directed Teaching in 7-12- Reading Pedagogy, (secondary education students only).
- have completed (with a minimum grade of C) all Professional Education courses and subject matter courses except EDU 421, EDU 422, EDU 423, and EDU 424 Directed Teaching in K-6 (elementary education students only).
- have completed (with a minimum grade of C) all Professional Education and subject matter courses except EDU 471, EDU 472, EDU 473, and EDU 474 Directed Teaching in K-12-Reading Pedagogy (K-12 students only).

Each student is responsible for returning the assigned forms properly completed to the Office of Field Experiences by the assigned date. Applications for student teaching are reviewed by the Director of Field Experiences.

\*Students pass Praxis I Core (CASE) which includes Reading, Writing & Mathematics as part of the entrance requirements into the TEP. Students also pass Praxis II which includes the Principles of Learning and Teaching (PLT) and a specialty area test required for licensure by the Mississippi Department of Education. Elementary Education students must also pass The Foundations of Reading Test for Licensure by MDE • Praxis I Core Case Required Scores as of January 1, 2014: Reading (5713) 156; Writing (5723) 162; Mathematics (5733), 130. **Required scores on the Praxis II (PLT and Specialty Area Tests) vary with grade level and content areas.**

Students must request that Educational Testing Services (ETS) send a copy of their scores to Mississippi College (Code 1477). It is important that students have their scores sent to the Mississippi Department of Education (Code 7599). Students should keep their original copy in a safe place for future use.

## *Nature of Student Teaching Program and Extent of Teaching*

Every student seeking licensure for teaching in any area will be expected to arrange his/her work so as to devote one semester of the senior year to certain required professional courses which shall include Directed Teaching. A student must have been admitted to the Teacher Education Program before being eligible to enroll in the professional semester. This professional semester for student teachers covers a period of approximately eighteen weeks, including holidays and registration. No coursework other than the 12 hours in the Professional Semester should be taken during the student teaching semester.

Responsibilities of student teachers during the Professional Semester are outlined in the Teacher Education Handbook which students receive when they enroll in EDU 300 - Introduction to Education, as well as the [Student Teacher handbook](#) which is available on the Department website. Student teachers receive guidance and instruction from the faculty advisor, university supervisor, and the cooperating teacher.

## *Background Checks for School Personnel*

Although the Mississippi Code does not require student teachers to be fingerprinted and subjected to a criminal records background check, **school districts in our service area require this as a part of local schools district policy. Background checks will be required prior to field experiences and student teaching.**

## *Teacher Licensure*

Licensure requirements are reviewed periodically by the Mississippi Department of Education; please consult the School of Education for the latest information. Licenses which entitle the holders to teach in the elementary and secondary schools in Mississippi are issued by the Mississippi Department of Education, Office of Educator Licensure, to applicants who complete the requirements for these licenses. Students who complete any of the teacher education programs offered at Mississippi College and pass all required tests are eligible for a standard Mississippi teaching license.

**All persons applying for a license for the first time must have necessary test scores on file with the Mississippi Department of Education.**

## *How to Apply for and Obtain the Initial Teaching License*

All graduates of Mississippi College who plan to teach in Mississippi must file an application for licensure. Application forms and instructions are available online at the MDE website (<https://www.mdek12.org/>) or from the Teacher Education and Leadership Office in Lowrey 208.

The graduate who plans to teach in a state other than Mississippi will, after receiving this Mississippi license, secure a license application from the Department of Education of the state in which he or she wishes to teach and will file the completed application form with the Division of Licensure, Department of Education, of that state. If your out-of-state application asks for a section "to be completed by the certification/licensure officer where you completed an approved teacher education program," mail this to the Office of Teacher Education and Leadership at Mississippi College, Box 4009, Clinton, MS 39058.

## *Elementary Education Licensure*

Completion of the basic elementary program at Mississippi College and passing the appropriate MDE prescribed tests qualifies the graduate to receive a standard elementary (K-6) license. Check with the Teacher Education and Leadership

Office and/or your advisor to receive the most current licensure requirements. Licensure designations and requirements are subject to change by rulings of the Mississippi Department of Education.

## Secondary Education (B.S.Ed) University Core Curriculum Requirements \*

Note: Some slight variations in this core will occur depending upon the specific secondary area of endorsement.

\* For other degree requirements, see the University Core Curriculum and your faculty advisor.

## Licensure in the Sciences

A student graduating from Mississippi College and wishing to be licensed to teach one of the sciences (biology or chemistry) will major in that science and take the additional requirements in Secondary Education. It is expected that a student will be licensed in a second area of science or in General Science. An additional endorsement in one of the sciences may be obtained by having twenty-one semester hours in that science (with no grade below C). See the appropriate catalog section for details.

## Required Subject-Matter Specialization

(For Secondary and Special Subject Teachers)

Students who wish to know the specific course requirements in their desired areas of specialization need to contact the Department of Teacher Education and Leadership office to secure a status sheet that will show all courses required for any particular secondary education program. Mississippi College prepares teachers in the following areas:

### Grades 7-12 Licensure

English

Mathematics

Science

Biology

Chemistry

Social Studies

**Special Area Licensure (K-12)**

Art

Special Education - Mild/Moderate Handicapped

Music - Instrumental

Music - Voice/Piano

Physical Education

## ***Supplemental Licensure***

Certain teacher licensure endorsements may be added to a Class A teaching license. Several supplemental endorsements are available through Mississippi College. These endorsements are sometimes included as part of another licensure program. Supplemental endorsements are more typically pursued by using electives to take the appropriate courses and/or taking additional courses beyond those required for the program major. Supplemental endorsements are also available to those who already hold an undergraduate degree and a valid Class A license. Supplemental licensure is only available to those who are pursuing a degree in elementary or secondary education or who already hold a Mississippi Class A license. Mississippi College offers supplemental endorsement programs in the following areas: comprehensive school health, computer applications, driver education, English as a Second Language (ESL), physical science, remedial reading, vocational preparation for the handicapped (must hold vocational licensure), special education K-6, special education 7-12, and gifted. Consult the appropriate secondary area department or the Department of Teacher Education and Leadership.

## ***Honors Courses***

By invitation of the Honors Council; see *Junior and Senior Departmental Honors Program* section of *Undergraduate Catalog*.

## **Bachelor of Science**

### ***Early Childhood Care and Development, B.S.***

The B.S. in Early Childhood Care and Development is a non-licensure program; therefore, students in this program do not have to be formally admitted to the Teacher Education Program (TEP.) This degree is intended to prepare individuals for service as teachers, leaders, and administrators in early childcare settings.

COM 304 - Public Speaking

## General Electives (1 hour)

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

Note(s):

\* *These courses to be taken during the Sophomore year.*

\*\* *These courses are taken during the same semester.*

\*\*\* *These courses are taken during the same semester.*

+ *These courses can only be taken after admission to TEP.*

TOTAL: 131 SEM. HOURS

## Minors

### *Educational Foundations Minor*

#### REQUIRED COURSES (9 SEM. HRS.)

EDU 300 - Introduction to Education  
EDU 304 - Educational Psychology  
EDU 317 - Introduction to Instructional Technology

#### ELECTIVE COURSES (9 SEM. HRS.)

EDU 299 - Pre-Teaching Field Experience  
EDU 301 - Methods of Elementary School Teaching  
EDU 309 - Early Literacy I  
EDU 320 - Principles and Methods in Early Childhood Education  
EDU 334 - Early Literacy II  
EDU 411 - Children's Literature/Reading  
EDU 425 - Advanced Child Development  
EDU 426 - Literacy Instruction for Early Childhood Education  
EDU 438 - Teaching Reading in Content Areas  
EDU 489 - Middle Grades Literacy Skills

TOTAL: 18 SEM. HRS.

### *Servant Leadership Minor*

#### Required courses (9 sem. hrs.)

EDU 190 - Foundations of Servant Leadership  
EDU 250 - Ethical Leadership and Christian Values  
EDU 390 - Strengths for Leadership

#### Elective Courses (9 sem. hrs.):

COM 203 - Professional Communication Skills  
MLG 305 - Cross-Cultural Leadership  
HIS 403 - Selected Topics Leaders of American History  
EDU 290 - Leaders and Followers  
ENT 110 - Introduction to Entrepreneurship  
EDU 490 - Servant Leadership Field Experience

TOTAL: 18 SEM. HRS.

## Certificate

### *Media Arts (K-12) Certificate*

The new National Arts Standards (2014) and the new Mississippi Arts Standards (2017) include dance, music, theatre, visual arts, and media arts. Media arts is a newly recognized art form and K-12 schools are interested in offering media arts courses. The certificate will allow current educators to be eligible for a MS K-12 Media Arts Endorsement through the MDE and which would include 21 hours from the following courses:

### Choose 21 Hours from the Following Courses:

ART 205 - Introduction to Graphic Design & Software  
ART 209 - Digital Animation  
ART 215 - Graphic Design I  
ART 216 - Graphic Design II  
ART 281 – Introduction to Digital Photography  
ART 315 - Graphic Design III  
ART 316 - Graphic Design IV  
ART 317 - Digital Illustration  
ART 414 - Interactive Design  
ART 481 - Photography I  
COM 334 – Digital Storytelling  
COM 360 – Social Media Communication  
JOU 101 - Journalism Laboratory I  
JOU 333 - Journalism I  
JOU 334 - Multimedia Journalism

Successful completion (grade "C" or better) of 21 hours of coursework listed above will lead to the additional endorsement in Media Arts added to a standard, Mississippi "A" teaching license. The student will also earn the Media Arts Certificate from Mississippi College

### Admission to the Program and other details:

- Students admitted into this certificate program must have completed an undergraduate education program and hold a current "A" teaching license or be enrolled in a teacher education program pursuing the "A" teaching license with MDE.
- Those admitted can return to MC, take any seven courses (21 hours) from the list of ART, COM, and JOU courses and be eligible for a K-12 Media Arts endorsement.
- Courses will be taught by Art, Com, Jou.
- Students will be advised by the Art dept (Dr. Busbea), and recommended for licensing by Teacher Ed

## Endorsement

### *Endorsement in Early Childhood Education (12 hours)*

The endorsement in Early Childhood Education consists of 12 hours of undergraduate courses for a candidate seeking a bachelor's degree in Elementary Education and Mississippi teacher licensure in Grades K-6. This endorsement (153) would add Pre-Kindergarten as an additional area of licensure.

The following courses are required:

PSY 305 - Child Psychology  
EDU 320 - Principles and Methods in Early Childhood Education  
EDU 425 - Advanced Child Development  
EDU 426 - Literacy Instruction for Early Childhood Education

## Education Courses

### **EDU 190 - Foundations of Servant Leadership**

**Credits, 3 sem. hrs.** This class will cultivate a strong foundation of servant leadership while fostering a passion for local and global impact. Through engaging lectures, personal research, reading, and group projects, students in this course will develop the groundwork for a servant leadership lifestyle. This course will equip students with the knowledge and skills to begin practicing servant leadership within their chosen fields. Students will be provided opportunities throughout the semester allowing for immediate practical implementation of theories and skills learned.

### **EDU 250 - Ethical Leadership and Christian Values**

**Credits, 3 sem. hrs.** This course will study the foundations of Christian ethics particularly as it pertains to contemporary situations for leaders within small groups, organizations, and communities. This course will be application base; students will learn how to identify and remedy ethical issues in their roles as leaders as well as in their future vocations within a Christian lens.

### **EDU 260 - Leadership Communication**

**Credits, 3 sem. hrs.** The skill of being able to communicate effectively and strategically is crucial to collaborative synergy, no matter what your position is in an organization. This course will explore the kinds of strategic communication used by leaders to influence their teams and their organization. Selected topics will be covered in strategic communication such as vision- and mission-based communication, audience analysis, 360-degree input and feedback, and the comparison of classic communication theories with contemporary literature on strategic communication.

### **EDU 290 - Leaders and Followers**

**Credits, 3 sem. hrs.** This course will help students understand the nature in which groups form and develop. Students will learn about intragroup and intergroup dynamics, psychology of leadership and followership, team development, individual strength development, and theoretical concepts of leadership.

### **EDU 299 - Pre-Teaching Field Experience**

**Credits, 1 sem. hr. Corequisite(s): EDU 300 or consent of Director of Field Experiences.**

This course consists of 30 clock hours of laboratory experience in one or more approved schools where the teacher candidate will be involved in guided, active observation of students, teachers, administrators, schools, and communities.

In addition, a variety of additional activities will be provided. All experiences are designed to provide students with a realistic view of the teaching profession.

### **EDU 300 - Introduction to Education**

Credits, 3 sem. hrs. Prerequisite(s): *Sophomore standing.*

Corequisite(s): *EDU 299.*

This course is designed to give students a foundation in the history and philosophy of education, as well as current issues in education. Students apply to the Teacher Education Program (TEP) during this course.

### **EDU 301 - Methods of Elementary School Teaching**

Credits, 3 sem. hrs. This course is designed to develop an understanding of the ways in which an effective teacher uses various methods to enhance teaching and learning in an elementary classroom.

### **EDU 304 - Educational Psychology**

Credits, 3 sem. hrs. Prerequisite(s): EDU 300 or PSY 201

Emphasis is placed upon psychological principles underlying the process of learning.

[Crosslisted as: *PSY 304.*]

### **EDU 309 - Early Literacy I**

Credits, 3 sem. hrs. Prerequisite(s): *EDU 300, EDU 301 and junior standing; must be taken concurrently with EDU 334.*

This course is designed as a study of concepts, materials and teaching strategies for oral language development and systematic early reading and writing instruction specific to concepts about print, phonemic awareness and phonics. This course will also allow students to study the basic principles and theories of reading instruction at the elementary level. Students will learn about current research findings in reading curricula.

### **EDU 311 - Social Science for Children**

Credits, 3 sem. hrs. Prerequisite(s): *EDU 300, GEO 210, and Social Studies core; admission to TEP.*

This course is designed specifically for preservice elementary school teachers, K-6. The emphasis is placed on the teacher's role as decision maker in planning the content of the social studies program, arranging the environment, guiding the learning process, and organizing and managing instruction. Includes Field Experience.

### **EDU 312 - Science for Children**

Credits, 3 sem. hrs. Prerequisite(s): *EDU 300, BIO 145, and science core; admission to TEP.*

This course is designed to provide the prospective teacher with the process and product of modern elementary science. The discovery process and hands-on learning are emphasized. Includes Field Experience.

### **EDU 317 - Introduction to Instructional Technology**

Credits, 3 sem. hrs. This course is designed as an introduction to instructional technology. Teacher candidates will evaluate, select, integrate and prepare technology for classroom settings.

### **EDU 320 - Principles and Methods in Early Childhood Education**

Credits, 3 sem. hrs. Prerequisite(s): PSY 305.

This course is designed to emphasize the history, theory, trends, principles and curriculum pertinent to the management of a developmental preschool program. It includes the cultural and psychological forces that affect the curriculum and provides students with an opportunity to plan, develop, and execute learning experiences with young children. A two-hour laboratory is required.

### **EDU 321 - Mathematics for Children**

Credits, 3 sem. hrs. Prerequisite(s): EDU 300, MAT 207, and mathematics core; admission to TEP.

This course involves the teaching of mathematics at all elementary grade levels. Emphasis will be placed on the use of manipulatives to develop conceptual understandings of all mathematics as well as the recommendations of the National Council for Teachers of Mathematics (NCTM). Includes Field Experience.

### **EDU 334 - Early Literacy II**

Credits, 3 sem. hrs. Prerequisite(s): EDU 300 and junior standing; must be taken concurrently with EDU 309.

This course is designed to teach concepts, materials, and teaching strategies for oral language development and early systematic reading and writing instruction specific to vocabulary, fluency, and comprehension. Students will explore materials and techniques for teaching developmental skills and abilities in reading at the elementary level. Emphases will also be placed on diagnosis, prescription, and recent research findings in the area of reading methodology.

### **EDU 390 - Strengths for Leadership**

Credits, 3 sem. hrs. Prerequisite(s): EDU 190

This course focuses on a strengths based approach to servant leadership. As students discover their strengths, the course will guide them through understanding of the impact their strengths, gifts, talents, and skills have on leadership development, practices, and experiences. Students will have the opportunity to hear from established leaders in both the public and private sectors as they share their real-world leadership experience as they discovered their strengths as well as how they put them into practice.

### **EDU 403 - Measurement and Evaluation of Student Progress**

Credits, 3 sem. hrs. Prerequisite(s): Admission to TEP.

This course is concerned with the measurement and evaluation of elementary and secondary pupils. Norm-referenced and criterion-referenced testing procedures are emphasized. Statistical interpretation is given special emphasis.

### **EDU 411 - Children's Literature/Reading**

Credits, 3 sem. hrs.

This course is designed to help future teachers know the importance of books and reading in the life of the young child and to develop a knowledge and appreciation of the wide variety and scope of recreational and informational materials available for grades K-6.

### **EDU 413 - Current Educational and Psychological Testing Procedures I**

Credits, 3 sem. hrs. This course is specifically designed to keep the student abreast with current tests required for special class placement. Close contact will be maintained with the State Department of Education requirements, acceptable tests, and testing procedures.

### **EDU 421 - Directed Teaching in K-6**

Credits, 3 sem. hrs. Prerequisite(s): Acceptance into the TEP for at least one full semester prior to the semester in which student teaching is to be done; completion of all professional education, subject matter, and interdisciplinary courses.

Full semester of student teaching.

### **EDU 422 - Directed Teaching in K-6**

Credits, 3 sem. hrs. Prerequisite(s): Acceptance into the TEP for at least one full semester prior to the semester in which student teaching is to be done; completion of all professional education, subject matter, and interdisciplinary courses.

Full semester of student teaching.

### **EDU 423 - Directed Teaching in K-6**

Credits, 3 sem. hrs. Prerequisite(s): Acceptance into the TEP for at least one full semester prior to the semester in which student teaching is to be done; completion of all professional education, subject matter, and interdisciplinary courses.

Full semester of student teaching.

### **EDU 424 - Directed Teaching in K-6**

Credits, 3 sem. hrs. Prerequisite(s): Acceptance into the TEP for at least one full semester prior to the semester in which student teaching is to be done; completion of all professional education, subject matter, and interdisciplinary courses.

Full semester of student teaching.

### **EDU 425 - Advanced Child Development**

Credits, 3 sem. hrs. Prerequisite(s): PSY 305 and EDU 320.

This course is designed to develop an understanding of the sequential development of young children through an in-depth study of the physical, social, emotional, cognitive and language aspects of growth in order to enhance teaching and learning in an early childhood setting. It includes the cultural and neurological forces that affect the curriculum and provides the teacher candidate with an opportunity to plan, develop and execute learning experiences with young children. A field experience component is required.

### **EDU 426 - Literacy Instruction for Early Childhood Education**

Credits, 3 sem. hrs. Prerequisite(s): EDU 309, EDU 320, and EDU 334

This course is designed to provide knowledge and experience with current trends, practices, and methods utilized in early childhood literacy. Language development and readiness concepts will be addressed. Current practices and research will be included.

### **EDU 427 - Health Education Workshop**

Credits, 3 sem. hrs. Prerequisite(s): *KIN 105 - Comprehensive Health or permission of instructor.*

An intensive study of the major problems and possible solutions in the area of health education.

[Crosslisted as: KIN 427.]

### **EDU 431 - Directed Teaching in 7-12**

Credits, 3 sem. hrs. Prerequisite(s): Acceptance into the TEP for at least one full semester prior to the semester in which student teaching is to be done; completion of all Professional Education, non-block courses and at least three-fourths of all specialization courses.

Full semester of student teaching.

### **EDU 432 - Directed Teaching in 7-12**

Credits, 3 sem. hrs. Prerequisite(s): Acceptance into the TEP for at least one full semester prior to the semester in which student teaching is to be done; completion of all Professional Education, non-block courses and at least three-fourths of all specialization courses.

Full semester of student teaching.

### **EDU 433 - Directed Teaching in 7-12**

Credits, 3 sem. hrs. Prerequisite(s): Acceptance into the TEP for at least one full semester prior to the semester in which student teaching is to be done; completion of all Professional Education, non-block courses and at least three-fourths of all specialization courses.

Full semester of student teaching.

### **EDU 434 - Directed Teaching in 7-12- Reading Pedagogy**

Credits, 3 sem. hrs. Prerequisite(s): Acceptance into the TEP for at least one full semester prior to the semester in which student teaching is to be done; completion of all Professional Education, non-block courses and at least three-fourths of all specialization courses.

Full semester of student teaching.

### **EDU 438 - Teaching Reading in Content Areas**

Credits, 3 sem. hrs. Prerequisite(s): Admission to TEP and Junior standing.

The place of reading in the curriculum; aims and objectives of reading; teaching, organization, materials and methods of middle and high school reading; planning of lessons; and other topics of interest to the prospective secondary teacher.

### **EDU 439 – Integrating Reading and Writing Across the Curriculum**

Credits, 3 sem. hrs. Prerequisite(s): EDU 309, English Core, Admission to TEP. Blocked with EDU 311, 312, and 321.

This course involves the integration of speaking, listening, and critical thinking with reading and writing across the curriculum. Effective literacy is intrinsically purposeful, flexible and dynamic and continues to develop throughout an individual's lifetime. This course involves a study of the principles, methods, and materials needed for teaching written and oral forms of communication in elementary schools across various content areas. Includes Field Experience

### **EDU 445 - Characteristics of Students with Mild/Moderate Learning Problems**

Credits, 3 sem. hrs. A study of the cognitive and psycho-social needs of students who are mildly disabled (learning disabled) or moderately disabled (intellectually disabled) on the pre-school, elementary and secondary levels.

### **EDU 452 - Programs, Methods and Materials of Early Childhood**

Credits, 3 sem. hrs. Prerequisite(s): PSY 305 and EDU 320.

This course is designed to develop an understanding of the beliefs, philosophies and practices associated with early childhood programs and to make connections between the theory, methods and materials an effective early childhood

teacher or care-giver implements in order to enhance teaching and learning in an early childhood setting. A field experience component is required.

### **EDU 453 - Curriculum Development for Early Childhood Programs**

Credits, 3 sem. hrs. Prerequisite(s): PSY 305 and EDU 320.

This course is designed to develop an understanding of developmentally appropriate practice in curriculum, teaching strategies, environmental arrangement, educational materials, and differentiated instruction associated with early childhood education and child development. A field experience component is required.

### **EDU 455 - Individualized Programming for Students with Mild/Moderate Learning Problems I**

Credits, 3 sem. hrs. A study of the strategies and materials used in planning and implementing individualized programs for elementary mildly/moderately disabled students.

### **EDU 456 - Individualized Programming for Students with Mild/Moderate Learning Problems II**

Credits, 3 sem. hrs. A study of the strategies and materials used in planning and implementing individualized programs for secondary mildly/moderately disabled students.

### **EDU 458 - Organization and Management of the Elementary Classroom**

Credits, 3 sem. hrs. Prerequisite(s): *Admission to TEP.*

A study of child-centered techniques for creating a classroom environment conducive to learning including environmental factors, legal regulations, and theories/strategies for preventing and altering unproductive behavior. Utilization of routines, time management, and planning for effective use of technology will also be studied.

### **EDU 459 - Organizational Procedures for Special Education**

Credits, 3 sem. hrs. A study of organizational procedures for special education as required by the Mississippi State Department of Education and individuals with Disabilities Act (IDEA).

### **EDU 460 - Managing the Secondary Classroom**

Credits, 3 sem. hrs. Prerequisite(s): *Admission to TEP*

An intensive study of techniques to be used in creating an organized, orderly environment in the complex secondary classroom. A pragmatic, student-oriented approach to implementing research-based management principles will be emphasized. Strategies for creating effective individual/group interaction and utilizing current multi-media technology will also be studied.

### **EDU 465 - Policies and Procedures for the Organization and Administration of Early Childhood Programs**

Credits, 3 sem. hrs. Prerequisite(s): PSY 305 and EDU 320.

The course is designed to assist current and prospective early childcare teachers and directors in the organization and administration of facilities, personnel, developmental materials and equipment, budgeting and licensing procedures. Special emphasis is given to the child's environment and working with parents. A field experience component is required.

## **EDU 466 - Child Study and Management in the Early Childhood Setting**

**Credits, 3 sem. hrs. Prerequisite(s):** PSY 305 and EDU 320.

This course is designed to help early childhood teachers plan, conduct, and interpret authentic, researched-based, assessment, which is used to guide children in appropriate behavior and to plan responsive, supportive curriculum that ensures optimal learning for all children. A field experience component is required.

## **EDU 471 - Directed Teaching in K-12**

**Credits, 3 sem. hrs. Prerequisite(s):** Acceptance into TEP for at least one full semester prior to the semester in which student teaching is to be done; completion of all Professional Education, non-block courses and at least three-fourths of all specialization courses.

Full semester of student teaching.

## **EDU 472 - Directed Teaching in K-12**

**Credits, 3 sem. hrs. Prerequisite(s):** Acceptance into TEP for at least one full semester prior to the semester in which student teaching is to be done; completion of all Professional Education, non-block courses and at least three-fourths of all specialization courses.

Full semester of student teaching.

## **EDU 473 - Directed Teaching in K-12**

**Credits, 3 sem. hrs. Prerequisite(s):** Acceptance into TEP for at least one full semester prior to the semester in which student teaching is to be done; completion of all Professional Education, non-block courses and at least three-fourths of all specialization courses.

Full semester of student teaching.

## **EDU 474 - Directed Teaching in K-12-Reading Pedagogy**

**Credits, 3 sem. hrs. Prerequisite(s):** Acceptance into TEP for at least one full semester prior to the semester in which student teaching is to be done; completion of all Professional Education, non-block courses and at least three-fourths of all specialization courses.

Full semester of student teaching.

## **EDU 488 – Diagnosing and Assessing Reading Difficulties in Children**

**Credits, 3 sem. hrs. Prerequisite(s):** Acceptance into TEP; EDU 309 and EDU 334 and senior standing.

A study of the symptoms and causes of reading disabilities. Analysis and diagnosis of reading ability, including the use of standardized tests, informal measures, portfolios, surveys, inventories, observation and individual or group tests will be utilized. Communicating results and reporting practices will be explored along with remediation or corrective techniques, special teaching materials, machines and visual or other physical aids for reading improvement. The case study approach utilizing individual educational prescriptions (IEP) will be used by students to develop reading instruction to meet individual needs based upon diagnostic findings.

## **EDU 490 - Servant Leadership Field Experience**

**Credits, 3 sem. hrs. Prerequisite(s):** EDU 190

Field experiences are designed to challenge the student's thought process while utilizing and incorporating leadership concepts outside of the classroom through supervised learning projects, field projects, and creative endeavors. Students

will gain further understanding of leadership concepts and practices as they lead in a specified area under the guidance of an approved supervisor. This experience should provide students with opportunities to examine unique areas of leadership within the field they seek to enter.

### **EDU 491 - Field Study**

Credits, 1 sem. hr., respectively.

### **EDU 492 - Field Study**

Credits, 2 sem. hrs., respectively.

### **EDU 493 - Field Study**

Credits, 3 sem. hrs., respectively.

## ***Mission***

The Kinesiology Department is dedicated to excellence in academic preparation and continued professional development throughout the lifespan. The department is committed to providing students with the knowledge and skills necessary to pursue their chosen fields. The curriculum is designed to offer students a broad based interdisciplinary education while allowing for in-depth study in a specific area. The kinesiology major focuses on the total development of the individual through the physical, intellectual, social, emotional, and spiritual dimensions of health. The department promotes healthy lifestyle alternatives and provides the skills and services that lead to more productive and satisfying lives.

## ***Program Goals***

The curriculum in kinesiology is designed to:

- provide quality courses, laboratory experiences, and other educational opportunities that will prepare students for careers and advanced study in the field of kinesiology.
- offer courses for the University Core Curriculum that improve and effectively maintain healthy lifestyles.

## Majors

The Department of Kinesiology offers seven tracks leading to the Bachelor of Science degree:

**Kinesiology-General:** Program designed to have broad applications in the fitness, wellness, and sports industries.

**Sports Management:** Designed to combine liberal arts, kinesiology, and business in a curriculum focused on preparing individuals for careers in the sports industry.

**Exercise Science:** Provides the theoretical, research, and clinical experiences for careers in preventive and rehabilitative health settings. It also provides students with the basic requirements for most graduate programs in Exercise Science.

**Physical Education K-12:** Prepares students for a teaching license in physical education. Additionally, students may select a supplemental endorsement or a minor in a subject matter field.

**Sports Ministry:** Designed for students interested in careers with Christian athletic organizations, or church based sports programs.

**Pre-Physical Therapy:** Program designed to provide students with prerequisite courses for application to a professional school of physical therapy. Completion of this degree does not guarantee admission to a PT program.

**Pre-Occupational Therapy:** Program designed to provide students with prerequisite courses for application to a professional school of occupational therapy. Completion of this degree does not guarantee admission to an OT program.

## Minors

Interdisciplinary Studies students may not include more than one Kinesiology minor in their degree program.

Kinesiology majors may not include any minor from the Kinesiology department in their degree program.

The department also offers minors in kinesiology, coaching, and health; a driver education endorsement; and an educator license add-on endorsement in health.

## Honors Courses

By invitation of the Honors Council; see *Junior and Senior Departmental Honors Program* section of *Undergraduate Catalog*.

## Bachelor of Science

### *Exercise Science, B.S.*

UNIVERSITY CORE

University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam

ENG 101 - English Composition

ENG 102 - English Composition

OR

ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces

ENG 212 - Survey of British Literature

ENG 213 - Survey of American Literature

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS

### Kinesiology Core (31 hours)

All KIN students must sign up for KIN 099 - Comprehensive Examination during the semester in which they graduate. This exam will be administered the last Tuesday prior to finals week. Failure to achieve a passing grade (60%) on the written exam may result in oral exam or other remedial action.

KIN 105 - Comprehensive Health  
KIN 107 - First Aid and CPR  
KIN 150 - Foundations and History of Physical Activity and Sport  
KIN 211 - Basic Principles of Nutrition  
KIN 308 - Basic Athletic Training  
KIN 322 - Principles of Strength and Conditioning  
KIN 350 - Psychology of Sport  
KIN 360 - Anatomical Kinesiology  
KIN 420 - Physiology of Exercise  
KIN 421 - Physiology of Exercise Lab  
KIN 430 - Exercise Prescription and Assessment  
KIN 099 - Comprehensive Examination

### Exercise Science (38 Hours)

BIO 112 - Biology II  
BIO 113 - Biology II Laboratory  
CHE 141 - General Chemistry I  
CHE 143 - Introduction to Organic and Biochemistry  
KIN 326 - Sports Nutrition  
KIN 425 - Advanced Sports Medicine  
KIN 460 - Internship in Kinesiology  
KIN 481 - Biomechanics  
BIO 203 - Human Anatomy and Physiology I  
BIO 204 - Human Anatomy and Physiology II  
**PED Activity** 1 sem. hr.  
**KIN electives** 6 sem. hrs.

### General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

Total hours required for degree: 130 sem. hrs.

## **Physical Education: K-12, B.S.**

**Degree leads to teacher licensure. Students should refer to the Department of Education's Teacher Education Entrance and Maintenance Requirements.**

KIN 316 - Principles of Coaching Tennis  
KIN 317 - Principles of Coaching Basketball  
KIN 318 - Principles of Coaching Soccer

## ***Health Minor (18 Hours)***

Eighteen semester hours comprised of:

KIN 105 - Comprehensive Health

KIN 107 - First Aid and CPR **or**  
AJU 200 - Analysis of Drug Abuse

KIN 211 - Basic Principles of Nutrition  
KIN 303 - Methods of Teaching Health Education  
KIN 312 - Family Life and Wellness  
KIN 427 - Health Education Workshop

Note(s):

Not available for Kinesiology Sports Management majors

## **Health Educator Endorsement**

Students who are seeking an add-on endorsement to teach Health in the secondary schools must take the following courses in this minor: KIN 107, KIN 303, KIN 312, and KIN 427.

## ***Kinesiology Minor (18 Hours)***

Eighteen semester hours comprised of:

KIN 150 – Foundations and History of Physical Activity and Sport

Plus five additional KIN courses selected with the approval of the minor advisor.

## **Endorsement**

### ***Driver Education Endorsement (12 Hours)***

Required Courses (9 Hours)

KIN 210 - Introduction to Driver Education  
KIN 219 - General Principles of Safety  
KIN 304 - Methods and Materials in Driver Education  
Elective **Credits, 3 sem. hr.**

## Electives (3 Hours)

Choose one of the following courses:

KIN 107 - First Aid and CPR

KIN 308 - Basic Athletic Training

AJU 200 - Analysis of Drug Abuse

## Kinesiology Courses

### **KIN 099 - Comprehensive Examination**

Credits, 0 sem. hrs. Administration of departmental exit examination.

### **KIN 105 - Comprehensive Health**

Credits, 3 sem. hrs. Basic information for the adoption of satisfactory personal health habits is studied.

### **KIN 107 - First Aid and CPR**

Credits, 3 sem. hrs. Instruction to enable students to be effective first responders to victims of accidents, sudden illness, and cardiac or respiratory emergencies. Successful completion of this course entitles the student to either American Red Cross or American Heart Association certification in CPR.

### **KIN 123 - Fitness For Life**

Credits, 2 sem. hrs. This course is designed to promote all components of fitness so that the student is able to develop a personal exercise program. Stress management and weight management will also be covered.

### **KIN 124 - Nutrition for Well-Being**

Credits, 1 sem. hr. This course is a study of basic nutrition concepts relating to optimum health, proper selection of foods, and aerobic exercise to meet the needs of the individual through the life cycle. This course should not be taken after taking KIN 211 .

### **KIN 150 - Foundations and History of Physical Activity and Sport**

Credits, 3 sem. hrs. This course provides an introduction to the study of human movement with emphasis on the historical foundations and philosophical concepts of physical activity and sport.

### **KIN 191 - Drug Education**

Credits, 1 sem. hr. An overview of the physiological and psycho-social aspects of drugs and their abuse. Course focuses on drug abuse prevention and effective drug education.

### **KIN 210 - Introduction to Driver Education**

**Credits, 3 sem. hrs. Prerequisite(s): Sophomore standing, driver's license.**

Critical analysis of traffic accidents, attitude factors, essential knowledge of automobile operation, traffic laws and regulations; laboratory experiences for developing driving skills.

### **KIN 211 - Basic Principles of Nutrition**

**Credits, 3 sem. hr.** A study of basic nutrition throughout the life cycle, incorporating the nutrients and their relationship to various socio-economic, cultural, and regional conditions.

### **KIN 219 - General Principles of Safety**

**Credits, 3 sem. hrs. Prerequisite(s): Sophomore standing.**

Principles, procedures and materials for teaching safety in the school, home and community.

### **KIN 226 - Team Sports**

**Credits, 3 sem. hrs.** This course is designed to introduce students to the rules, strategies, organization, and skill development of a variety of team sports, including basketball, softball, volleyball, and soccer. Emphasis is placed on development of motor skills necessary for game participation.

### **KIN 227 - Teaching Individual/Dual Sport**

**Credits, 3 sem. hrs.** This course is designed to prepare students for successful teaching of individual/dual sport activities in the school or fitness facility setting. Students are exposed to rules, strategies, organization and skill development in individual and dual sports. Emphasis is placed on the teaching and learning process throughout the various grade levels.

### **KIN 228 - Lifetime Activities**

**Credits, 3 sem. hrs.** This course is designed to introduce students to a variety of lifetime recreational activities including archery, golf, tennis, and outdoor recreational activities. Emphasis is given to development of skills necessary for effective participation in each activity.

### **KIN 229 - Teaching Sports and Activities**

**Credits, 3 sem. hrs.** This course is designed to prepare students for successful teaching of sport activities in school or fitness facility setting. Students are exposed to rules, strategies, organization and skill development in sports and activities. Students are exposed to a number of sports and activities that can be used to promote proper health for a lifetime. Emphasis is placed on the teaching and learning process throughout the various grade levels, and the methods of delivery that will allow participants to feel enjoyment and success.

### **KIN 302 - Professional Protocol**

**Credits, 3 sem. hrs.** This course is designed to include an in-depth study of practices of professional protocol both in the United States and several other countries of interest.

### **KIN 303 - Methods of Teaching Health Education**

**Credits, 3 sem. hrs.**

This course is designed to develop an understanding of the skills and techniques necessary to bring about the most desirable learning in students. An STAI portfolio will be prepared and evaluated.

**KIN 304 - Methods and Materials in Driver Education**

**Credits, 3 sem. hrs. Prerequisite(s): KIN 210.**

Preparation of university students to teach Driver Education in secondary schools.

**KIN 306 - Methods and Materials of Teaching Physical Education in Elementary Schools**

**Credits, 3 sem. hrs. Prerequisite(s): EDU 300.**

This course is designed for physical education and classroom teachers of elementary school physical education. Specific learning experiences related to fundamental motor skills, health-related physical fitness, and wellness will be emphasized.

**KIN 307 - Methods and Materials of Teaching Physical Education in Secondary Schools**

**Credits, 3 sem. hrs. Prerequisite(s): KIN 150 and EDU 300.**

This course provides materials and methods for teaching secondary physical education.

**KIN 308 - Basic Athletic Training**

**Credits, 3 sem. hrs.** Designed to give the student the basic fundamentals and techniques in the prevention, diagnosis, treatment, and care of injuries.

**KIN 312 - Family Life and Wellness**

**Credits, 3 sem. hrs. Prerequisite(s): Junior standing or permission of instructor.**

The major purpose of the course is to explore factors which play a role in building successful family life. Emphasis is placed on social, emotional, and physical readiness for becoming a viable family member.

**KIN 313 - Principles of Coaching Football**

**Credits, 3 sem. hrs.** Introduction to the fundamentals of coaching football in the high school or collegiate setting.

**KIN 314 - Principles of Coaching Track and Field**

**Credits, 3 sem. hrs.** Introduction to the fundamentals of coaching track and field in the high school or collegiate setting.

**KIN 315 - Principles of Coaching Baseball**

**Credits, 3 sem. hrs.** Introduction to the fundamentals of coaching baseball in the high school or collegiate setting.

**KIN 316 - Principles of Coaching Tennis**

**Credits, 3 sem. hrs.** This course prepares students to teach basic tennis strokes, strategy, and coaching philosophy. The standard teaching method of the Professional Tennis Registry will be used.

### **KIN 317 - Principles of Coaching Basketball**

Credits, 3 sem. hrs. Introduction to the fundamentals of coaching basketball in the high school or collegiate setting.

### **KIN 318 - Principles of Coaching Soccer**

Credits, 3 sem. hrs. Introduction to the fundamentals of coaching soccer in the high school or collegiate setting.

### **KIN 322 - Principles of Strength and Conditioning**

Credits, 3 sem. hrs. Prerequisite(s): \_

This course is designed to provide students with an understanding of the principles of strength and conditioning and the practical application of these principles.

### **KIN 326 - Sports Nutrition**

Credits, 3 sem. hrs. Prerequisite(s): *KIN 211.*

This course is designed to meet the special demands of the athlete through proper nutrition, including a focus on ways to improve performance.

### **KIN 350 - Psychology of Sport**

Credits, 3 sem. hrs. Prerequisite(s): *PSY 201.*

Introduction to and overview of basic psychological principles applied to sport and exercise performance.

*[Crosslisted as: PSY 350].*

### **KIN 360 - Anatomical Kinesiology**

Credits, 3 sem. hrs Prerequisite(s): BIO 103 and BIO 104 or (BIO 111 and BIO 110 )

Application of anatomy and physiology to analysis and improvement of human performance in gross body movement. Musculoskeletal and neuromuscular anatomy and physiology are discussed, along with kinesiological concepts related to the integration of these systems during human movement.

### **KIN 385 - Motor Development and Learning**

Credits, 3 sem. hrs. Prerequisite(s): *KIN 150.*

This course examines human movement in relation to motor development and motor learning. Topics include: fundamental motor skill development, changes which occur in skilled movements during the lifespan, and factors related to skill acquisition.

### **KIN 386 - Adapted Physical Education**

Credits, 3 sem. hrs. Prerequisite(s): *Junior Standing.*

This course is designed to develop physical education programs and activities for the individual with special needs.

### **KIN 396 - Measurement and Evaluation in Kinesiology**

**Credits, 3 sem. hrs. Prerequisite(s): KIN 150.**

This course is designed to familiarize the student with the principles and techniques of measurement and evaluation in kinesiology.

### **KIN 401 - Facility Design and Event Management**

**Credits, 3 sem. hrs. Prerequisite(s): Junior standing.**

This course is designed as an overview of the fundamentals of planning and managing sports facilities and sporting events.

### **KIN 410 - Legal Aspects of Sport and Physical Activity**

**Credits, 3 sem. hrs. Prerequisite(s): Junior standing.**

This course examines the legal system, its terminology, and principles as applied to sports and physical activity.

### **KIN 420 - Physiology of Exercise**

**Credits, 3 sem. hrs. Prerequisite(s): A grade of C or better in BIO 103 and BIO 104 or (BIO 111 or BIO 110).**

**Corequisite(s):** KIN 421 - Physiology of Exercise Lab

Acute and chronic physiological changes in response to physical exercise with emphasis given to the practical application of exercise training for health, fitness, and athletic performance.

### **KIN 421 - Physiology of Exercise Lab**

**Credits, 1 sem. hr. Prerequisite(s): A grade of C or better in BIO 103 and BIO 104 or (BIO 111 and BIO 110)**

**Corequisite(s):** KIN 420

Laboratory techniques in exercise physiology providing students with an opportunity to evaluate and assess physiological parameters and anthropometric characteristics.

### **KIN 425 - Advanced Sports Medicine**

**Credits, 3 sem. hrs. Prerequisite(s): KIN 308.**

This course focuses on the treatment of sports injuries, specifically field injury situations, principles of rehabilitation, and proper taping techniques.

### **KIN 427 - Health Education Workshop**

**Credits, 3 sem. hrs.**

An intensive study of the major problems and possible solutions in the area of health education.

**[Crosslisted as: EDU 427.]**

### **KIN 430 - Exercise Prescription and Assessment**

**Credits, 3 sem. hrs.** The study and practical application of the theory and practice of evaluating fitness and prescribing individualized exercise programs. ACSM's Guidelines for Exercise Testing and Prescription will be utilized.

### **KIN 451 - Current Topics in Kinesiology**

Credits, 1 sem. hr. Prerequisite(s): Permission of Department Chair.

Selected topics will be offered to address identified needs and interests of kinesiology majors.

### **KIN 452 - Current Topics in Kinesiology**

Credits, 2 sem. hrs. Prerequisite(s): Permission of Department Chair.

Selected topics will be offered to address identified needs and interests of kinesiology majors.

### **KIN 453 - Current Topics in Kinesiology**

Credits, 3 sem. hrs. Prerequisite(s): Permission of Department Chair.

Selected topics will be offered to address identified needs and interests of kinesiology majors.

### **KIN 460 - Internship in Kinesiology**

Credits, 3 sem. hrs. Prerequisite(s): Senior standing and permission of instructor.

A semester-long supervised fitness leadership experience during the senior year designed to provide opportunities for students to gain practical experience working in a medical, fitness or recreation facility. A minimum of 100 supervised clock hours is required. Internship site must be approved by academic advisor one semester prior to placement. A grade of Credit or No Credit will be given upon completion of this course.

### **KIN 481 - Biomechanics**

Credits, 3 sem. hrs. Prerequisite(s): KIN 360 or equivalent or instructor and department chair approval.

This course is designed to provide students with an understanding of structural and functional kinesiology, and focuses on applying the concepts of mechanics to physical activity and sports performance.

### **KIN 482 - Management of Physical Education, Fitness, and Sport Programs**

Credits, 3 sem. hrs. The management and organization theories and principles of physical education, fitness, and sport programs. Emphasis will be placed on leadership skills, program development, fiscal management, ethics, risk management, and governing and professional organizations in sport and fitness.

## **Physical Activity PED Courses (non-academic)**

Students in the MC Marching Band may receive PED credit for their participation.

Absences in PED courses will conform to the same requirements as academic courses: a maximum of three absences in classes meeting one time per week and seven in classes meeting twice a week. These limits equate to 25% of expected course meetings in a semester.

Students may repeat activity courses, not to exceed 10 semester hours of non-academic courses which can be applied toward graduation.

Students who enroll in Roller Skating or Scuba Diving will be assessed an additional fee for equipment rental.

AOS and MSL Leadership Lab 1-hour credit courses may be used to meet the physical activity requirement.

Students will be allowed to repeat varsity courses as often as they qualify in the particular sport up to four semester hours of credit.

Students who play varsity sports and wish to obtain non-academic credit must register for the course the semester they play the sport. Credit cannot be given later.

**PED 101 - Beginning Running**

Credits, 1 sem. hr.

**PED 102 - Advanced Walking**

Credits, 1 sem. hr.

**PED 104 - Beginning Tennis**

Credits, 1 sem. hr.

**PED 105 - Water Aerobics**

Credits, 1 sem. hr.

**PED 106 - Deep Water Running**

Credits, 1 sem. hr.

**PED 107 - Swimming**

Credits, 1 sem. hr.

**PED 108 - Fitness Walking**

Credits, 1 sem. hr.

**PED 109 - Roller Skating**

Credits, 1 sem. hr. Students who enroll in this course will be assessed an additional fee for equipment rental.

**PED 110 - Aqua Power Step**

Credits, 1 sem. hr.

**PED 111 - Karate Level I**

Credits, 1 sem. hr.

**PED 112 - Fitness Cycling**

Credits, 1 sem. hr.

**PED 113 - Water Walking**

Credits, 1 sem. hr.

**PED 114 - Water Volleyball**

Credits, 1 sem. hr.

**PED 115 - Advanced Tennis**

Credits, 1 sem. hr.

**PED 116 - Resistance Training**

Credits, 1 sem. hr.

**PED 117 - Karate Level II**

Credits, 1 sem. hr.

**PED 118 - Advanced Swimming**

Credits, 1 sem. hr.

**PED 119 - Water Safety Instructor Certification**

Credits, 1 sem. hr.

**PED 120 - Low Impact Aerobics**

Credits, 1 sem. hr.

**PED 121 - Advanced Fitness**

Credits, 1 sem. hr.

**PED 122 - Weight Training**

Credits, 1 sem. hr.

**PED 125 - Team Sports**

Credits, 1 sem. hr.

**PED 126 - Tai Chi**

Credits, 1 sem. hr.

**PED 128 - Scuba Diving**

Credits, 1 sem. hr. Students who enroll in this course will be assessed an additional fee for equipment rental.

**PED 147 - Beginning Horsemanship**

Credits, 1 sem. hr.

**PED 148 - Advanced Horsemanship**

Credits, 1 sem. hr. Prerequisite(s): PED 147 or instructor approval.

This course is designed to accommodate riders who have completed Basic Horsemanship and who would like to continue to grow in their riding, but are not interested in joining the equestrian team. Students will further their horsemanship and riding skills to include more advanced skills such as jumping. Course fee.

### **PED 155 - Beginning Golf**

Credits, 1 sem. hr. Rules, game play, and techniques of golf designed to introduce students to the game as a lifetime sport.

### **PED 183 - Table Tennis**

Credits, 1 sem. hr. This course teaches the basic rules and techniques of table tennis.

### **PED 184 - Shooting**

Credits, 1 sem. hr. This course teaches the basic rules and techniques of shooting.

### **PED 185 - Archery**

Credits, 1 sem. hr. This course teaches the basic rules and techniques of archery.

### **PED 186 - Martial Arts**

Credits, 1 sem. hr. This course teaches the basic rules and techniques of Martial Arts.

## **Varsity Sports (Physical Education Courses)**

### **PED 129 - NCAA Rules and Regulations for the College Athlete**

Credits, 1 sem. hr.

### **PED 130 - Varsity Cheerleading**

Credits, 1 sem. hr.

### **PED 131 - Varsity Basketball (Men)**

Credits, 1 sem. hr.

### **PED 132 - Varsity Basketball (Women)**

Credits, 1 sem. hr.

### **PED 137 - Varsity Men's Golf**

Credits, 1 sem. hr. Physical Education credit for participation on the Men's Varsity Golf Team.

### **PED 138 - Varsity Women's Golf**

Credits, 1 sem. hr. Physical Education credit for participation on the Women's Varsity Golf Team.

**PED 141 - Varsity Baseball**

Credits, 1 sem. hr.

**PED 142 - Varsity Softball**

Credits, 1 sem. hr.

**PED 145 - Varsity Volleyball**

Credits, 1 sem. hr.

**PED 161 - Varsity Tennis (Men)**

Credits, 1 sem. hr.

**PED 162 - Varsity Tennis (Women)**

Credits, 1 sem. hr.

**PED 170 - Varsity Cross-Country (Men)**

Credits, 1 sem. hr.

**PED 171 - Varsity Cross-Country (Women)**

Credits, 1 sem. hr.

**PED 172 - Varsity Soccer (Men)**

Credits, 1 sem. hr.

**PED 173 - Varsity Soccer (Women)**

Credits, 1 sem. hr.

**PED 180 - Varsity Football**

Credits, 1 sem. hr.

**PED 181 - Physical Training**

Credits, 1 sem. hr.

**PED 182 - Varsity Equestrian**

Credits, 1 sem. hr.

**PED 187 - Varsity Archery**

Credits, 1 sem. hr. Prerequisite(s): Approval of archery team sponsor.  
PED credit for participation on the MC Archery Competition Team. Course fee.

# Psychology Department

## Faculty

**Michael Mann, Department Chair**  
Professor (2005)  
601-925-3820  
mmann@mc.edu

## Support Staff

Administrative Assistant  
601.925.7800

## Mission

The mission of the Department of Psychology undergraduate program is to help students learn and apply the vast domain of psychological principles that exist in our world today. The goal is for the student to become an effective scientist-practitioner who can model and apply these psychological principles from a Christian perspective. The department seeks to prepare students for further training and/or entry-level employment into one of the many professional paths available within the discipline.

## Admission

Requirements for the undergraduate psychology major:  
The undergraduate psychology major is designed primarily as preparation for graduate study, and most graduate schools require at least a 3.00 GPA for admission. Thus, it is not advisable to enter this major without a cumulative GPA of 2.5 or higher, and one should not continue in the program without maintaining a GPA above 2.5 in the major field. Additional Requirements: Students majoring in psychology should meet with their psychology advisors in selecting appropriate minors and other elective coursework.

## Honors Courses

By invitation of the Honors Council; see [Junior and Senior Departmental Honors Program](#) section of [Undergraduate Catalog](#).

## Bachelor of Arts

### Psychology, B.A.

The student electing to major in psychology must meet all University Core Curriculum requirements for the Bachelor of Arts or the Bachelor of Science degrees.

## UNIVERSITY CORE

### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

### University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR  
HIS 211 - History of the United States  
HIS 212 - History of the United States

### University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

### University Core - Social Sciences (3 hours)

Choose one course from the following:

ECO 231 - Principles of Macroeconomics  
GBU 151 - Business Skills for Life  
MLG 205 - Cross-Cultural Understanding  
SOC 205 - Sociology: An Introduction in Global Context  
PLS 201 - American National Government  
Any PHI (Philosophy) Course

### University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation **OR**  
MUS 125 - Music Appreciation **OR**  
THE 125 - Introduction to Theatre

## University Core - Science (4 hours)

Four hours of science are required, including one lecture with a corresponding lab. Students are encouraged to choose from one of the following lab courses:

BIO 103 - Human Biology AND  
BIO 104 - Human Biology Laboratory  
OR  
BIO 105 - Plants and People AND  
BIO 106 - Plants and People Laboratory  
OR  
BIO 111 - Biology I AND  
BIO 110 - Biology I Laboratory  
OR  
CHE 112 - Chemistry in American Life II  
OR  
CHE 141 - General Chemistry I  
OR  
PHY 151 - General Physics I  
OR  
PHY 251 - Fundamentals of Physics I

## University Core - Mathematics (3 hours)

Any MAT course numbered 105 or higher, determined in consultation with the advisor.

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
OR  
Any combination of:  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core for BA and English Majors - Modern Languages (6-12 hours)

Twelve hours are usually required. Students must complete the intermediate or sophomore-level courses in their chosen language. Students with one high school unit may enter course 102 of the same language and thereby waive 3 hours of this requirement; those with two high school units may enter course 201, waiving 6 hours.

## University Core - Technology Requirement (3 hours)

Choose one of the following courses:  
CSC 114 - Introduction to Computer Science  
CSC 115 - Foundations of Computer Science

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS

33 semester hours in psychology to include:

- PSY 201 - Introduction to Psychology (General Psychology)
- PSY 301 - Psychological Statistics
- PSY 314 - Developmental Psychology
- PSY 330 - Experimental Psychology
- PSY 331 - Student Research
- PSY 340 - Career Paths in Psychology
- PSY 423 - Abnormal Psychology
- PSY 437 - Psychological Testing
- PSY 438 - Biological Psychology
- PSY 443 - Psychology of Personality
- PSY 452 - Cognitive Psychology

## MINOR REQUIREMENTS (18 HOURS)

A typical minor consists of 18 semester hours; however, some department minors may vary in terms of required semester hours. The minor should be selected in consultation with the student's advisor.

### General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

**TOTAL: 130 SEM. HOURS**

## Bachelor of Science

### *Psychology, B.S.*

The student electing to major in psychology must meet all University Core Curriculum requirements for the Bachelor of Arts or the Bachelor of Science degrees.

### UNIVERSITY CORE

#### University Core - English (9 hours)

- ENG 099 - Writing Proficiency Exam
- ENG 101 - English Composition

ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

## University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR  
HIS 211 - History of the United States  
HIS 212 - History of the United States

## University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

## University Core - Social Sciences (3 hours)

Choose one course from the following:

ECO 231 - Principles of Macroeconomics  
GBU 151 - Business Skills for Life  
MLG 205 - Cross-Cultural Understanding  
SOC 205 - Sociology: An Introduction in Global Context  
PLS 201 - American National Government  
Any PHI (Philosophy) Course

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation **OR**  
MUS 125 - Music Appreciation **OR**  
THE 125 - Introduction to Theatre

## University Core - Science (4 hours)

Four hours of science are required, including one lecture with a corresponding lab. Students are encouraged to choose from one of the following lab courses:

BIO 103 - Human Biology **AND**  
BIO 104 - Human Biology Laboratory  
OR  
BIO 105 - Plants and People **AND**

BIO 106 - Plants and People Laboratory

OR

BIO 111 - Biology I AND

BIO 110 - Biology I Laboratory

OR

CHE 112 - Chemistry in American Life II

OR

CHE 141 - General Chemistry I

OR

PHY 151 - General Physics I

OR

PHY 251 - Fundamentals of Physics I

## University Core - Mathematics (3 hours)

Any MAT course numbered 105 or higher, determined in consultation with the advisor.

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life

OR

Any combination of:

KIN 124- Nutrition for Well-Being (1 hour)

PED activity courses (1 hour).

## University Core - Technology Requirement (3 hours)

Choose one of the following courses:

CSC 114 - Introduction to Computer Science

CSC 115 - Foundations of Computer Science

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours) 4 semesters

Sophomore (24-53 semester hours) 3 semesters

Junior (54-83 semester hours) 2 semesters

Senior (84 or more semester hours) 1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS

1. Thirty-three (33) semester hours in psychology to include:

PSY 201 - Introduction to Psychology (General Psychology)

PSY 301 - Psychological Statistics

PSY 314 - Developmental Psychology  
PSY 330 - Experimental Psychology  
PSY 331 - Student Research  
PSY 340 - Career Paths in Psychology  
PSY 423 - Abnormal Psychology  
PSY 437 - Psychological Testing  
PSY 438 - Biological Psychology  
PSY 443 - Psychology of Personality  
PSY 452 - Cognitive Psychology

2. Six (6) semester hours of Psychology electives.

## MINOR REQUIREMENTS (18 HOURS)

A typical minor consists of 18 semester hours; however, some department minors may vary in terms of required semester hours. The minor should be selected in consultation with the student's advisor.

### General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

TOTAL: 130 SEM. HOURS

## Minor

### *Psychology Minor*

### Psychology Minor Requirements

The student who elects to minor in psychology must take:

PSY 201 - Introduction to Psychology (General Psychology)  
PSY 314 - Developmental Psychology  
PSY 423 - Abnormal Psychology

and an additional 9 hours of electives in psychology for a total of 18 hours.

## Psychology Courses

### **PSY 201 - Introduction to Psychology (General Psychology)**

**Credits, 3 sem. hrs.** This course is approved for the core curriculum. A survey of the fundamental processes and concepts of human behavior. Topics include research methods, physiological bases of behavior, sensation, perception, learning, motivation, personality, abnormal behavior and social psychology.

### **PSY 301 - Psychological Statistics**

**Credits, 3 sem. hrs. Prerequisite(s): Sophomore standing; PSY 201 or comparable course.**

This is an introductory level course which focuses on central tendency and variability; the normal curve and transformations; probability theory; hypothesis testing to include one-way analysis of variance and factorial designs. Computer-assisted approaches to data processing and analysis are emphasized.

### **PSY 302 - Adolescent Psychology**

**Credits, 3 sem. hrs. Prerequisite(s): PSY 201 or EDU 300, and sophomore standing.**

Emphasis is placed on adolescent development, emotional growth, mental development, interests, attitudes and social behavior, moral and religious development, and problems common to the age.

### **PSY 304 - Educational Psychology**

**Credits, 3 sem. hrs. Prerequisite(s): PSY 201 or EDU 300.**

Emphasis is placed upon psychological principles underlying the process of learning.

**[Crosslisted as: EDU 304.]**

### **PSY 305 - Child Psychology**

**Credits, 3 sem. hrs. Prerequisite(s): PSY 201 or EDU 300 and sophomore standing.**

A study of human development from conception to adolescence.

### **PSY 314 - Developmental Psychology**

**Credits, 3 sem. hrs. Prerequisite(s): PSY 201**

An introduction to the theories and research methods of Developmental Psychology. Life is viewed as a process of continuing development from conception to death. Attention is focused not only on the critical elements involved in each of life's major stages, but also on the difficulties encountered in each of the transitions from one stage to another.

### **PSY 330 - Experimental Psychology**

**Credits, 3 sem. hrs. Prerequisite(s): Successful completion of PSY 201 and PSY 301 or MAT 207**

The primary goal for this course is to increase each student's knowledge and understanding of conducting a literature review, determining a research design, and utilizing the Publication Manual of the American Psychological Association.

### **PSY 331 - Student Research**

**Credits, 3 sem. hrs. Prerequisite(s): PSY 201 and PSY 330, and GPA of 3.0 in Psychology and overall.**

Open to students who are interested in participating in research in psychology. Students will gain experience in designing and conducting a research study in psychology.

### **PSY 340 - Career Paths in Psychology**

**Credits, 3 sem. hrs. Prerequisite(s): PSY 201, sophomore standing.**

This course is designed for all psychology majors. Both traditional and nontraditional careers in psychology are addressed. In addition to other topics, strategies for gaining entry to graduate programs, preparing for tests such as the GRE, establishing professional relationships, identifying job opportunities, and participating in research and field work are discussed.

## **PSY 350 - Psychology of Sport**

Credits, 3 sem. hrs. Prerequisite(s): PSY 201

Introduction to and overview of basic psychological principles applied to sport and exercise performance. Research, writing, and oral communication skills are required and evaluated.

[Crosslisted as: KIN 350.]

## **PSY 382 - Student Research**

Credits, 2 sem. hrs. Prerequisite(s): PSY 201, PSY 301, PSY 331, PSY 330, instructor's consent, and GPA of 3.0 in Psychology and overall.

Open to students who are interested in participating in ongoing or new laboratory research in psychology.

## **PSY 383 - Student Research**

Credits, 3 sem. hrs. Prerequisite(s): PSY 201, PSY 301, PSY 331, PSY 330, PSY 382 instructor's consent, and GPA of 3.0 in Psychology and overall.

Open to students who are interested in participating in ongoing or new laboratory research in psychology.

## **PSY 391 - Special Topics**

Credits, 3 sem. hrs.. Prerequisite(s): PSY 201, junior standing, and instructor's consent.

Major content areas of PSY 391: Recent advances in psychology.

## **PSY 392 - Special Topics**

Credits, 3 sem. hrs. Prerequisite(s): PSY 201, junior standing, and instructor's consent.

Major content areas of PSY 392: Counseling psychology.

## **PSY 410 – Industrial and Organizational Psychology**

Credits, 3 sem. hrs..

This is a course designed to acquaint the student with most aspects of industrial and organizational psychology. Topics will include, but not be limited to, personnel selection, training, motivation, leadership, performance appraisal, and work environment.

## **PSY 419 - Social Psychology**

Credits, 3 sem. hrs. Prerequisite(s): junior standing and PSY 201.

A study of the social and cultural factors in behavior; individual and group differences as determined by nature and nurture; incitation and suggestion, and public opinion; the crowd, attitudes, conflict, crime.

## **PSY 421 - Clinical Psychology**

Credits, 3 sem. hrs. Prerequisite(s): PSY 201, PSY 423, and junior standing.

Consideration is given to rapport, the clinical interview, case study, clinical tests, psychotherapy, and the status of the clinician. Oral communication skills will be emphasized and evaluated.

## **PSY 423 - Abnormal Psychology**

Credits, 3 sem. hrs. Prerequisite(s): PSY 201.

A study of the fundamental principles of mental illness from a sympathetic point of view. Then a study of the types of cases, including incidence, causes, symptoms, therapy, and prognosis.

## **PSY 434 – Introduction to Trauma Informed Care & Practice**

Credits, 3 sem. hrs.

Introduction to Trauma Informed Care & Practice is a three (3) hour course.

It is a lecture/discussion course intended to familiarize students with the emerging recognition of, and approach to, working with individuals who have experienced trauma. This course prepares students to recognize trauma and respond in trauma-informed ways to facilitate effective, quality care. This course is a dual level course, intended for students at the undergraduate and graduate level. Because the impacts of trauma continue across the lifespan, this course is intended to be of relevance for students of any human service domain, including mental health, nursing, pre-medicine, social service, education, Christian studies, and criminal justice

## **PSY 435 - Psychology of Exceptional Children**

Credits, 3 sem. hrs. Prerequisite(s): PSY 201.

An overview of exceptional children is presented and study is made of those children who do not profit readily by the methods usually employed in teaching normal individuals. Emphasis is placed on identification, diagnosis, and etiology of exceptionality. Organization, administration, and objectives of special education courses also are covered.

## **PSY 437 - Psychological Testing**

Credits, 3 sem. hrs. Prerequisite(s): PSY 201, PSY 301 or MAT 207 and junior standing.

Consideration is given to the construction, administration, and interpretation of individual and group tests of mental ability, and to special aptitude tests, interest measures, and personality tests as used in industry and psychological clinics.

## **PSY 438 - Biological Psychology**

Credits, 3 sem. hrs. Prerequisite(s): PSY 301 or MAT 207, PSY 331, PSY 330 and junior standing.

The primary goal for this course is the exploration of the biological basis of human behavior. The development, structure, and functions of the nervous system is examined as well as the biological basis of the senses, learning, memory, emotions, and mental disorders.

## **PSY 443 - Psychology of Personality**

Credits, 3 sem. hrs. Prerequisite(s): PSY 201, and sophomore standing.

This course consists of a study of the nature and development of personality.

## **PSY 451 - Adventure Based Counseling**

Credits, 3 sem. hrs. Prerequisite(s): Psychology major or departmental approval.

This course introduces human relations workers to a wide spectrum of adventure activities and initiative problems, including specific technical skills for rigorous adventure-based events, such as rope course events. Emphasis is on

developing the necessary leadership skills to conduct effective Adventure Based Counseling groups. Oral communication skills will be emphasized and evaluated.

### **PSY 452 - Cognitive Psychology**

Credits, 3 sem. hrs. Prerequisite(s): PSY 201 and PSY 301 or MAT 207

The primary goal for this course is to increase each student's understanding of the basic concepts and principles of learning theories and cognitive psychology. There is a special emphasis in this course on applying these theories to everyday living and current problems.

### **PSY 461 - Applied Behavior Analysis (ABA)**

Credits, 3 sem. hrs. Prerequisite(s): PSY 201

An introduction to the theory and application of the principles of applied behavior analysis to problems involving human behavior change. Attention is focused not only on critical elements of applied behavioral analysis, but also on national standards of application.

### **PSY 467 - Behavioral Assessment**

Credits, 3 Sem. Hrs. Prerequisite(s): PSY 461

This course provides an overview of data-based methods appropriate in the assessment of severe problem behavior, academic skill deficits, and verbal behavior deficits. This course is one of the courses required for national Board Certified Behavior Analyst (BCBA) certification.

### **PSY 474 - Applied Behavior Research Methods**

Credits, 3 Corequisite/Prerequisite PSY 461

An introduction to data collection, data analysis, and single-case experimental design research methodology in the applied behavioral sciences. This course specifically addresses research in the field of applied behavior analysis.

### **PSY 475 - Advanced Behavioral Interventions**

Credits, 3 Corequisite/Prerequisite PSY 461

Advanced Behavioral Interventions is designed to train graduate students in various aspects of intervention design and outcomes assessment in areas such as parent training, classroom management, Autism and the analysis of verbal behavior, and individual child behavior therapy. The application of behavior therapy principles is the central premise of the course. Other related topics include functional assessment/analysis in intervention design and data-based decision-making. The course is designed to be consistent with the data-based problem-solving model.

### **PSY 476 - Ethics & Law in Behavioral Analysis**

Credits, 3 Corequisite/Prerequisite PSY 461

An overview of legal and ethical issues associated with the practice of applied behavior analysis in public, private and independent practice settings.

### **PSY 490 - Senior Seminar**

Credits, 3 sem. hrs. Prerequisite(s): PSY 201, PSY 301 or equivalent, senior standing and instructor's consent.

An independent study course open to psychology majors and minors. The purpose of this course is to prepare the student for further training in psychology or related fields through development and presentation of individual research.

## History

The establishment of the Mississippi College School of Nursing was the realization of a dream of a former president of the University, Dr. Richard A. McLemore. In 1966, the Gilfoy School of Nursing, Baptist Hospital, Jackson, Mississippi, the only Baptist school of nursing in the state, decided to phase out its diploma program in nursing. The program graduated its last class of nursing students in June 1971. Dr. McLemore believed that Mississippi College had the academic competence and Christian environment in which to educate nurses with excellent professional and Christian qualities. Additional impetus for the establishment of the School came when the Foreign Mission Board of the Southern Baptist Convention raised its minimum requirement for becoming a missionary nurse to a bachelor of science in nursing degree. In 1968, the Board of Trustees of the University approved the establishment of the Mississippi College School of Nursing, and in 1969, the first class of nursing students was accepted by the University.

## *MCSO Mission*

The mission of the MCSO is to prepare healthcare professionals to care for diverse populations by demonstrating Christian Caring, utilizing informed clinical judgments, and practicing safe client-centered care.

## *MCSO Program Goals*

1. Demonstrate core nursing practice values that include Christian caring, compassion, empathy, human dignity, advocacy, professionalism, and life-long learning.
2. Utilize essential content from the applied sciences/nursing science to inform clinical judgment(s) in professional nursing practice.
3. Demonstrate information technology management skills to provide safe patient care in professional nursing practice.
4. Apply servant leadership principles through culturally competent, patient-centered holistic care with individuals, families, and communities across the lifespan.
5. Utilize professional and interdisciplinary communication and skills to advocate for safe, evidence-based patient-centered care

## *Accreditation*

The baccalaureate degree program in nursing and the master's degree program in nursing at Mississippi College of Nursing are accredited by the Commission on Collegiate Nursing Education, (655 K Street NW, Suite 750, Washington, DC 20001, 202-887-6791).

MCSO programs comply with the Mississippi Institutions of Higher Learning (IHL) rules and regulations and uniform standards for accreditation of Schools of Nursing in the State of Mississippi.

## *Facilities*

The School of Nursing is located in Cockroft Hall which provides a central location for nursing faculty offices and classrooms. The Harvey Garrison Jr. Learning Center houses some of the SON teaching and clinical supplies. Simulated patient care stations are in all Cockroft Hall nursing classrooms, the Nursing Annex and in the larger Nursing Skills

Center. The audio-visual capacity is augmented by the University's Learning Resources Center located in the Leland Speed Library, and many networked resources can be accessed and streamed online.

Nursing classes are conducted on the Mississippi College campus in Cockroft Hall, the Nursing Annex and Skills Center, and other MC campus locations. The clinical portions of the nursing courses utilize a variety of hospitals and agencies in the Jackson area. Students may also elect learning experiences in other localities within the United States or abroad.

## ***Policies***

The school of nursing has policies that are specific to the School of Nursing. Nursing students should review these policies, which involve both academic and non-academic matters. The policies are included in the Student Handbook that is provided to all students meeting criteria to continue into upper division clinical level coursework in the School of Nursing. Students are expected to abide by School of Nursing policies, and failure to do so may result in dismissal from the program.

## ***Criminal Background Checks***

MCSO works in accordance with the Mississippi legislative statutes and regulations for health care institutions regarding criminal background checks. Every student must have fingerprints taken, a criminal background check completed within two years, and must affirm each semester that there has been no change in their criminal background clearance. The cost of these requirements will be the student's responsibility. The student must be in compliance with the legislative statutes and hospital policies to participate in clinical experiences.

## ***Substance Abuse and Screenings***

Mississippi College School of Nursing is committed to protecting the safety, health, and welfare of its faculty, staff, students, and complying with community of interest requirements that include the needs of patients and staff in clinical agencies. To this end, the School of Nursing prohibits the illicit use, possession, sale, conveyance, distribution and manufacture of illegal drugs, intoxicants, and/or controlled substances in all instances. The School of Nursing requires all students to submit to drug testing under any or all of the following circumstances: upon confirmation of successful completion of criteria for continuation into clinical level coursework in the School of Nursing; random testing; as required by clinical agencies; and for cause. Failure of a drug screen will be dealt with consistently with the policy of the School of Nursing, and may include failure and/or dismissal from the program.

## ***Licensure***

Successful completion of all required elements for the Bachelor of Science in Nursing degree permits the student to make an application to the National Council Licensure Examination (NCLEX) for RN licensure examination. However, any disciplinary action, arrest, charge, addiction, or impairment may result in denial of licensure as a registered nurse. A criminal background check may be required by state licensure authorities.

## ***Degree Programs***

The School of Nursing offers a program of study leading to a Bachelor of Science in Nursing (BSN). The BSN is the basic professional degree for nurses and the foundation for graduate nursing education. The nursing curriculum provides general knowledge in the arts and sciences with specialized content in professional nursing

and is required for MC MSN degree applicants. The BSN degree is available through three program tracks: traditional (4-year) or transfer, second-degree accelerated, and RN-BSN completion students.

## *Curriculum*

The undergraduate nursing curriculum is designed to enable the student to secure a broad foundation in general education with content in professional nursing education. The general education courses aid in broadening understanding of self and others, in enhancing the ability to communicate effectively, and in providing a perspective of the society within which one lives and practices the profession.

An innovative curriculum supports student focus on the integration of faith, simulation, and caring and content themes are reflective of current trends in health care and nursing. Standardized testing benchmarks at each level ensure that students meet national benchmarks in preparation for immediate graduate professional nursing practice and for future health care opportunities. For further information regarding curricula revision, please contact the School of Nursing.

## *High School Preparation*

The recommended high school preparation for a major in Nursing should include 3 units of science, one of which should be chemistry, and 2 units of math, including algebra.

## *Admission*

### *BSN (Traditional) Students*

To enter the School of Nursing, one must first be admitted to Mississippi College and declare a nursing major. Students who complete all the academic and pre-professional requirements are reviewed for continuation in the clinical level of the nursing major. Admission to the University does not guarantee graduation as a nursing major.

The School of Nursing reviews students for academic progression into clinical level courses twice each year; at the beginning of the fall and spring semesters. Nursing students seeking entry into the clinical nursing level of the program need to submit their completed academic and professional documentation to the School of Nursing office by February 1st preceding the fall semester or September 1st preceding the spring semester they wish to enter. Students seeking to move ahead after these dates will be considered on a "space available basis." Students should have completed most core courses prior to seeking permission to move into the clinical level of the nursing major.

Students who have taken all their work at Mississippi College have clinical level places in the nursing program when they meet the minimum academic and professional requirements. Transfer students are encouraged and admitted based upon available class spaces. The total number of hours taken at MC and the grade point average are considered along with the minimum academic and professional requirements in the admission of students.

Candidates with repeats in more than two prerequisite courses will not be considered for continuation into upper division clinical level nursing. Applicants with no repeats of lower level courses will be given preference over students who have repeated courses. Courses in social and natural science will be reviewed for five (5) year currency unless part of a first undergraduate degree.

Students preparing for entry into the clinical nursing program are enrolled into the "Interdisciplinary Studies - Pre-Nursing" program. Students who successfully meet academic and professional requirements for clinical nursing are moved into the nursing major route

## Requirements for Admission for Traditional BSN

Pre-nursing students are reviewed for completion of all prerequisite courses (C grade or higher) to ensure academic readiness to progress into the clinical programming:

1. Completion of all prerequisite courses with a grade of C or higher [ENG 101 (3) and ENG 102 (3), nutrition (3), psychology (3), developmental psychology (3), sociology or cross-cultural understanding (3), anatomy & physiology (8), microbiology (4), chemistry (4), statistics (3) and algebra.
2. Students with repeats in more than two prerequisite courses (listed above) will not be considered for progression into clinical-level nursing.
3. Successful completion of college core courses or a faculty-approved plan for completion;
4. A cumulative MC GPA of 3.0 or higher;
5. Acceptable score on the admission exam or an ACT score of 21 or higher

Consistent with State law for health care providers, and for compliance with clinical agency requirements, criminal background checks and/or drug screenings may be required. Failure to successfully meet requirements for the background check or drug screening may result in denial of admission to or progression within the School of Nursing. Please note that the use of cannabis for approved medical reasons and possession of a Mississippi Department of Health registry card does not grant a student permission to use cannabis while enrolled as a nursing student at MC.

***\*Note: Admission into clinical level courses in the nursing major for transfer students is competitively based. The requirements listed above are the minimum for admission to the program. Prospective nursing students are strongly encouraged to exceed minimum levels of work, especially in relation to grade point average, grades in the nursing prerequisite courses, and scores on the pre-admissions examination. When there are more qualified applicants than can be accommodated by the faculty and available clinical facilities, the Admissions and Progression Committee will select those most qualified for the positions available. The Committee may take into account any and all aspects of the student's prior educational record in assessing preparation for success in upper division clinical level courses in the nursing program. Careful consideration is given to achievement in prerequisite courses.***  
***\*\*Students should make every effort to complete writing proficiency requirements prior to admission to the School of Nursing.***

## Accelerated BSN (ABSN) Second-Degree Students

The accelerated BSN program is for students with a first baccalaureate degree from an accredited university. A direct entry route allows these students to have their first degree accepted and it is cross-walked for core and general education requirements. Specific prerequisite competencies must be met in order to fulfill nursing expectations. ABSN students who do not have a bible course are required to take either the Old Testament or New Testament.

### Requirements for admission to the Mississippi College School of Nursing:

1. Completion of all prerequisite courses with grade of C or higher (30 credits): nutrition (3), developmental psychology (3), anatomy & physiology (8), microbiology (4), chemistry (3), statistics (3), and Bible (3).

2. Students with repeats in more than two prerequisite courses (listed above) will not be considered for progression into upper division clinical level nursing.
3. A cumulative GPA of 2.8 or higher.
4. Successful completion of college core courses based on degree from an accredited liberal arts college or university (must have a first undergraduate degree)
5. ACT of 21 or an acceptable score on the admission exam.

Please note that ABSN programming is delivered over four (4) consecutive semesters of full-time campus-based study and requires clinical placements with approved agency partners. Students who qualify for ABSN enrollment must apply for a specific fall or spring intake that follows the completion of prerequisite courses. Students who, following program start, prefer to complete the program in a “traditional” format (not compressed) must submit a letter of request to the SON main office for a change in the plan of study. The designation of ABSN is confirmed through pre-admission entry requirements, and this designation is not altered by a modification to the plan of study.

### ***RN-BSN Completion Students***

Advanced placement in the nursing major is available to the registered nurse who is a graduate of a state-approved diploma or associate degree program. Mississippi College School of Nursing is committed to providing opportunities for educational advancement for working registered nurses through online delivery of courses and flexible clinical experiences that allow nurses to complete their BSN in as little as 12 months.

Mississippi College's 100% online RN to BSN program is designed to develop compassionate and knowledgeable nurse leaders who will help transform health care. Designed specifically for working RNs, our CCNE-accredited program is flexible, affordable, and convenient. Students may also request to complete RN-BSN coursework in a mixed campus/hybrid format.

The registered nurse student must meet the minimum admission requirements for Mississippi College, and must have access to a personal computer and internet services.

MC RN to BSN online Requirements (See SON website for a complete list of requirements and helpful links to application resources):

1. Complete an M.C. application and pay \$25 application fee
2. Have a 2.0 GPA
3. Submit official transcripts from all previous institutions attended
4. Possess a current unrestricted registered nurse license in state of residence
5. Have fingerprinted criminal background clearance for clinical practice in state of residence

### ***TOEFL Admission Criteria Specifications for the School of Nursing***

A certain level of English proficiency is necessary for academic success in nursing as well as for patient safety. In addition to Mississippi College's English proficiency requirements, all applicants to the School of Nursing whose first language is not English (including international and/or U.S. residents) must meet additional requirements. Students who have a first

degree from a program with English as the primary language may provide documentation to request exemption from the TOEFL requirement.

The Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS) is required of all applicants to clinical level courses in the School of Nursing whose first language is not English, with the exception of licensed practical nurses and registered nurses who hold current United States LPN or RN licensure. (LPN and RN students may be required to take the TOEFL / IELTS or other testing before or during the course of the program, if so recommended by the Dean and/or School of Nursing faculty instructors).

### *Minimum TOEFL Scores for Consideration of Admission:*

To be considered for continuation into clinical level courses in the School of Nursing, applicants must achieve minimum scores on the TOEFL Internet-based test (TOEFL iBT) of:

Minimum Cumulative Score of:

83 combined (6.5 IELTS banding)

AND Minimum Individual Scores of 18, with target scores of:

26 in Speaking

20 in Writing

20 in Reading

20 in Listening

In comparison, the paper-based TOEFL of 550 is required, 213 or better on the computer-based TOEFL, or 83 overall.

### *Test Preparation and Registration*

TOEFL iBT Registration:

Complete information on the TOEFL iBT, including free test preparation materials, testing sites, and registration, is available online at <https://www.ets.org/toefl/>. Applicants may register for the TOEFL iBT by Internet, telephone (1-800-468-6335) or mail.

To request official TOEFL iBT scores to be sent to Mississippi College, School of Nursing, enter Institution Code 79577. Students who have taken previous versions of the TOEFL (computer-based or paper-based tests) should contact the School of Nursing at 601-925-3380.

Only official score reports will be accepted. TOEFL scores are valid for two years from the test date (see score information online).

## ***Policy for Continuing Nursing Students***

Nursing students in the clinical portion of the nursing program whose first language is not English should be aware that they may not be able to complete the program of study within the described time frame. Individual advising is available and is directed toward student success.

Current students who have difficulty in the program may be encouraged to take extra steps (e.g., enroll half-time in nursing courses, participate in ESL courses or activities) in an effort to increase the probability of their success in the program and on the certifying examinations.

## ***Financial Information***

Detailed financial information is located in the Financial Information section of the Undergraduate Catalog. Further information regarding Nursing Scholarships may be obtained from the Office of Financial Aid.

For nursing majors taking clinical courses, the costs of uniforms, annual physical examinations, assessment supplies, malpractice insurance, standardized tests, NCLEX Review, professional association fees and a charge per semester hour of clinical work are in addition to the standard university tuition, fees, lab/simulation fees, and books. Some courses may

require that students use their personal cars or share rides with fellow students. A personal laptop computer is strongly recommended as electronic resources are integrated in classroom, personal study assignments and testing

The Dean of the School of Nursing or a designated faculty member acts as general advisor to all nursing majors and to students who have not yet been formally admitted to the nursing program. Faculty advisors counsel students regarding academic concerns, adjustment to university life, and professional goals.

### *Class Attendance*

Students in the nursing major are subject to Mississippi College and the School of Nursing rules regulating class attendance and absences as outlined in the Undergraduate Catalog under Attendance Regulations and the School of Nursing Handbook. Attendance in class and clinical laboratory is required and students are expected to attend regularly and to be on time to all learning experiences.

### *Off-Campus Credit*

The Dean of the School of Nursing reserves the right to determine whether any course from another institution will be accepted toward a degree in nursing at Mississippi College.

### *Academic Standards Specific to the Nursing Major*

Clinical level upper division students must maintain at least a 2.0 cumulative grade point average for progression. A grade of C or better is required in all nursing courses and nursing courses may be repeated only one time. The failure of any two theory or clinical courses will result in dismissal from the nursing program. Specific progression policies may be found in the School of Nursing student handbook. There is a five-year time limit that applies to all courses in the nursing major. Any student, for whatever reason, who does not graduate within a five-year time period may be required to repeat any nursing course taken more than five years previously. Students are required to complete all nursing courses within their course sequence and must repeat any clinical course when the HESI benchmark is not met.

Since minimum standards for progression in the nursing major are different from the minimum to avoid suspension from Mississippi College, a student who becomes ineligible to enter or remain in the nursing major may still be eligible to remain a student at Mississippi College in another major.

## ***Graduation Requirements for Bachelor of Science in Nursing (B.S.N.)***

The general requirements for the bachelor's degree in Nursing are:

A total of 130 semester hours of university work. No more than 6 semester hours earned by correspondence or extension courses, and no more than a total of 30 hours of non-residence work (including correspondence or extension courses, credit by examination, credit for specialized training in the armed forces) can be applied toward meeting requirements for graduation. The last 33 semester hours must be completed in residence at Mississippi College unless an exception is approved by the Provost. A maximum of 65 sem. hours learned at a junior/ community college can be applied toward a degree at Mississippi College.

Compliance with the general graduation requirements of Mississippi College.

A grade of C or higher in each nursing course.

The School of Nursing reserves the right to withhold a degree of any student deemed unsuitable for the practice of nursing.

Further information pertaining to graduation may be found in the Academic Information section of the Undergraduate Catalog.

## Honors Courses

By invitation of the Honors Council; see *Junior and Senior Departmental Honors Program* section of *Undergraduate Catalog*.

# Bachelor of Science in Nursing

## Accelerated Bachelor of Science in Nursing (B.S.N.)

The accelerated BSN program is for students with a first baccalaureate degree from an accredited university. The accelerated nursing (second degree) program at Mississippi College is 4 semesters in length and leads to a Bachelor of Science Degree in Nursing. The curriculum consists of a first degree from an accredited liberal arts university, 30 hours of nursing prerequisite courses, and 60 hours of upper division nursing courses. All nursing prerequisite courses must be completed before admission to the nursing major.

Students must plan for full time study and the compressed timeframe for this rigorous program. Accelerated does not mean abbreviated and the full curricular plan is addressed to meet the required BSN competencies. All Accelerated Bachelor of Science in Nursing students are required to complete 30 hours of general education that includes at least 3 hours from each of the following areas: humanities/fine arts, social/behavioral sciences, and natural science/mathematics. Students who do not meet the general education requirements stated above with their first degree coursework, may be required to complete coursework that is in addition to the designated nursing program prerequisites. Students seeking Latin Honors must complete a minimum of 65 hours at M.C.

## MAJOR REQUIREMENTS

### Pre-Nursing Requirements

#### Science Requirement (16 Hours)

CHE 124 - Integrated Chemical Principles

BIO 251 - Microbiology

BIO 203 - Human Anatomy and Physiology I

BIO 204 - Human Anatomy and Physiology II

#### Psychology Requirement (3 Hours)

PSY 314 - Developmental Psychology

#### Mathematics Requirement (3 Hours)

MAT 207 - Elementary Statistics OR

MAT 208 - Elementary Biostatistics OR

PSY 301 - Psychological Statistics OR

DAT 251 - Business Statistics I

#### Bible Requirement (3 Hours)

BIB 110 - Introduction to the Old Testament OR

BIB 120 - Introduction to the New Testament

#### Nutrition Requirement (3 Hours)

KIN 211 - Basic Principles of Nutrition

#### Humanities or Fine Arts (3 Hours):

ART 125 - Art Appreciation OR

MUS 125 - Music Appreciation OR

THE 125 - Introduction to Theatre  
ENG 211 - World Masterpieces OR  
ENG 212 - Survey of British Literature OR  
ENG 213 - Survey of American Literature OR  
HIS 103 - World Civilization I  
OR HIS 104 - World Civilization II OR  
HIS 211 - History of the United States OR  
HIS 212 - History of the United States OR

THE 125 - Introduction to Theatre

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
OR

Any combination of :  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

### Note(s):

Completion of all Prerequisite courses with a grade of C or higher is required for continuation into clinical level coursework: ENG 101 - English Composition, ENG 102 - English Composition, PSY 201 - Introduction to Psychology (General Psychology), PSY 314 - Developmental Psychology, SOC 205 - Sociology: An Introduction in Global Context or MLG 205 Cross Cultural Understanding, BIO 203 - Human Anatomy and Physiology I (with lab), BIO 204 - Human Anatomy and Physiology II (with lab), BIO 251 - Microbiology (with lab), KIN 211 - Nutrition, CHE 124 - Chemistry (with lab), MAT 111 - College Algebra, MAT 207 or PSY 301 or DAT 251 - Statistics.

NUR 484 - Behavioral/Mental Health Nursing \*\*

### Note(s):

+Successful completion of the nursing curriculum indicates the student has content mastery related to nutrition and well-being across the life-span and signifies fulfillment of core requirements for one physical education course with emphasis in nutrition.

\*\*Credit available to RNs by validation.

\*\*\*Nursing students often have clinical experiences that occur during the time scheduled for Chapel. Although it is sometimes possible for students to attend Chapel during their first year of nursing courses, students in their last year of clinical courses are unable to attend Chapel due to these clinical experiences. Therefore, every attempt should be made to complete Chapel requirements prior to admission to the nursing major.

### General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

**TOTAL: 130 SEM. HOURS**

### Recommended Course Sequence

#### Freshman Year Semester 1 (16 sem. hrs.)

ENG 101 - English Composition  
BIO 203 - Human Anatomy and Physiology I  
MAT 111 - College Algebra with Applications  
BIB 110 - Introduction to the Old Testament  
PSY 201 - Introduction to Psychology (General Psychology) \*

#### Freshman Year Semester 2 (16 sem. hrs.)

ENG 102 - English Composition  
ENG 099 - Writing Proficiency Exam

BIO 204 - Human Anatomy and Physiology II  
SOC 205 - Sociology: An Introduction in Global Context OR  
MLG 205 – Cross Cultural Understanding  
BIB 120 - Introduction to the New Testament  
KIN 211 - Basic Principles of Nutrition

## Sophomore Year Semester 1 (13 sem. hrs.)

### **One of the following literature courses:**

ENG 211 - World Masterpieces **or**  
ENG 212 - Survey of British Literature **or**  
ENG 213 - Survey of American Literature

### **One of the following fine arts courses:**

ART 125 - Art Appreciation \* **or**  
MUS 125 - Music Appreciation \* **or**  
THE 125 - Introduction to Theatre \*

### **One of the following history courses:**

HIS 103 - World Civilization I **or**  
HIS 211 - History of the United States

CHE 124 - Integrated Chemical Principles

## Sophomore Year Semester 2 (18 sem. hrs.)

### **One of the following statistics courses:**

PSY 301 - Psychological Statistics OR  
DAT 251 - Business Statistics I OR  
MAT 208 - Elementary Biostatistics OR  
MAT 207 - Elementary Statistics

### **One of the following history courses:**

HIS 104 - World Civilization II **or**  
HIS 212 - History of the United States

BIO 251 – Microbiology

PSY 314 - Developmental Psychology

Physical Education Elective, **Credits, 2 sem. hrs.**

## Summer

Guided elective (may be taken this summer or next). Any other prerequisites not completed may also be taken.

## Junior Year Semester 1 (15 sem. hrs.)

NUR 386 - Foundations of Nursing  
NUR 382 - Health Assessment across the Lifespan  
NUR 375 - Therapeutic Communication  
NUR 383 - Pathophysiology  
NUR 378 - Clinical Reasoning I

## Junior Year Semester 2 (15 sem. hrs.)

NUR 390 - Maternal/Newborn Nursing & Women's Health  
NUR 379 – Medical Surgical - Pediatrics  
NUR 381 – Clinical Pharmacology  
NUR 407 - Nursing Research  
NUR 398 - Clinical Reasoning 2  
Research Honors Optional Course Series (NUR 361)

## Summer (4 sem. hrs.)

NUR 333 - Clinical Studies in Nursing or  
Nursing non-clinical elective **Credits, 3 sem. hrs.**  
Guided elective, **Credits, 1 sem. hr.**

## Senior Year Semester 1 (15 sem. hrs.)

NUR 406 - Chronic Health Problems  
NUR 484 - Behavioral/Mental Health Nursing  
NUR 404 - Health Care Informatics  
NUR 305 - Transcultural Patterns of Health  
NUR 396 - Health Policy and Finance  
NUR 428 - Clinical Reasoning 3  
Research Honors Optional Course Series (NUR 462)

## Senior Year Semester 2 (15 sem. hrs.)

NUR 433 - Unstable Health Problems  
NUR 436 - Community and Population Health  
NUR 437 - Leadership/Management in Nursing  
NUR 439 - Preparation for Professional Examinations  
NUR 448 - Clinical Reasoning 4  
Research Honors Optional Course Series (NUR 463)

## Note(s):

\*This is the preferred course of study for a beginning freshman. Courses marked with the asterisk can be scheduled in summer to lighten the load during the regular school year. Transfer students will be individually advised, after evaluation of their previous coursework, as to an appropriate course of study.

## ***Nursing, RN-BSN (available in online format)***

**The RN-to-BSN track allows registered nurse students to complete their degree online.**

Completion of all Prerequisite courses with a grade of C or higher is required: ENG 101 - English Composition, ENG 102 - English Composition, PSY 201 - Introduction to Psychology (General Psychology), PSY 314 - Developmental Psychology, SOC 205 - Sociology: An Introduction in Global Context or MLG 205 Cross Cultural Understanding, BIO 203 - Human Anatomy and Physiology I (with lab), BIO 204 - Human Anatomy and Physiology II (with lab), BIO 251 - Microbiology (with lab), KIN 211 - Nutrition, MAT 111 - College Algebra, MAT 207 or MAT 208 or PSY 301 or DAT 251 - Statistics.

## Mississippi College Core

English Composition Credit, 6 sem. hrs.  
Literature Credit, 3 sem. hrs.  
History Credit, 3 sem. hrs.  
Bible Credit, 3 sem. hrs.  
Fine Arts Credit, 3 sem. hrs.  
Guided Electives Credit, 12 sem. hrs.

Total: 30 sem. hrs.

## Nursing Core

BIO 203 - Human Anatomy and Physiology I (with lab)

## Required Nursing Courses

NUR 324 - Transition to Professional Practice-RN  
NUR 303 - Health Assessment-RN  
NUR 305 - Transcultural Patterns of Health  
NUR 435 - Community Health Nursing-RN  
NUR 438 - Community Health Nursing Clinical-RN  
NUR 404 - Health Care Informatics  
NUR 402 - Policy and Finance-RN  
NUR 313 - Research in Nursing Practice-RN  
NUR 415 - Nursing Leadership/Management - RN  
NUR 418 - Nursing Leadership and Management Clinical - RN  
NUR 444 - Christian Perspective on Ethics-RN  
NUR 482 - Synthesis-RN

Total: 30 sem. hrs.

Total: 130 sem. hrs.

## Minors

### *Nursing Minor (18 sem. hrs.)*

The nursing minor is available to any nursing student who chooses to remain at M.C. and move into a different major that may or may not be Interdisciplinary studies. Requirements for the Nursing minor include successful completion of the following courses:

#### Required Courses:

NUR 100 – Professionalism in Nursing I  
NUR 200 – Professionalism in Nursing II  
NUR 386 - Foundations of Nursing  
NUR 382 - Health Assessment across the Lifespan  
NUR 375 - Therapeutic Communication  
NUR 383 - Pathophysiology  
NUR 378 - Clinical Reasoning I

## Certificates

### *Global Health Certificate*

#### Required Courses:

1. French for Health Professionals, (3) or Spanish for Health Professionals (3) or another 3-credit language course.
2. Internship (syllabus to include preparation for immersion, cultural immersion, and post experience follow-up)
3. ALH 399 – Health Care in the USA

3. Elective course from portfolio of offerings within nursing course offerings, to include:  
MSS 301 Introduction to Missions OR  
MSS 302 Evangelism or Cross Cultural Witness OR  
MIN 224 Ministry of the Church

## Nursing Courses

### **NUR 100 – Professionalism in Nursing I**

**Credits, 1 sem. hr.**

A weekly class to review nursing role, professionalism, historical context, and to build connections with the SON faculty and students through designated activities/events.

### **NUR 200 – Professionalism in Nursing II**

**Credits, 1 sem. hr. Prerequisite(s):** NUR 100

The weekly completion of “essential content” and workshops will assist students to prepare for clinical nursing study and professional expectations. Collaborative learning and special events will facilitate learning networks amongst students and build connections with faculty within the SON.

### **NUR 230 – HESI Remediation**

**Credits, 1 sem. hr.**

Course requirement as assigned by faculty.

### **NUR 275 - Medical Math**

**Credits, 1 sem. hr.**

This course is a review of basic clinical calculations necessary for nursing students. The course provides an overview of math concepts such as decimals, fractions, percentages, measurements, conversions, and the fundamentals of medication administration.

**[Crosslisted as:** ALH 275

### **NUR 300 – Testing Review One**

**Credits, 1 sem. hr. Corequisite/Prerequisite** NUR 382 OR NUR 386

This course will provide remediation for students who were unsuccessful on their first attempt in a required clinical course

### **NUR 302 – Testing Review Two**

**Credits, 1 sem. hr. Corequisite/Prerequisite** NUR 379 OR NUR 390

This course will provide remediation for students who were unsuccessful on their first attempt in a required clinical course.

## **NUR 303 - Health Assessment-RN**

**Credits, 4 sem. hrs. Corequisite/Prerequisite** NUR 324 and admission to the nursing program

This course focuses on the acquisition of health assessment skills necessary for professional nursing practice. (3 hours theory, 1 hour clinical)

**Fee: (Courses including clinical or lab components will have extra fees.)**

## **NUR 305 - Transcultural Patterns of Health**

**Credits, 1 sem. hr. Prerequisite(s):** NUR 382 or NUR 386 or

**Corequisite/Prerequisite** NUR 324

This course offers an examination of how diverse perspectives on health shape healthcare practices, influence the structure of healthcare delivery systems, and impact various facets of health across the lifespan. Through a comprehensive analysis, gain insights into the complex dynamics that underpin the relationship between cultural context and health outcomes, fostering a deeper understanding of healthcare disparities and the provision of culturally competent care.

**[Crosslisted as:** ALH 305

## **NUR 313 - Research in Nursing Practice-RN**

**Credits, 2 sem. hrs. Corequisite/Prerequisite** NUR 324 or NUR 382 or NUR 386)

This undergraduate course serves as an introduction to the principles and methodologies of nursing research. Emphasizing evidence-based practice, the curriculum will cover key topics such as research ethics, literature review, research design, data collection methods, and data analysis techniques relevant to nursing inquiry.

**[Crosslisted as:** NUR 407 and ALH 407

## **NUR 324 - Transition to Professional Practice-RN**

**Credits, 4 sem. hrs. Prerequisite(s): Admission to the nursing program.**

This course focuses on concepts, processes and skills necessary to facilitate the transition to baccalaureate nursing practice.

## **NUR 333 – Student Nurse Externship**

**Credits, 3 sem. hrs. Prerequisite(s):** Completion of NUR 379 and NUR 390

This course provides an opportunity for additional clinical practice in nursing. Students must apply and be hired through participating healthcare facilities. This course may be taken as a clinical elective.

**Fee: (Courses including clinical or lab components will have extra fees.)**

## **NUR 361 - Reading and Research for Honors I**

**Credits, 2 sem. hrs. Prerequisite(s):**

Completion of Sophomore courses. GPA of 3.25 or higher and faculty approval

**Prerequisite/Corequisite (s):** NUR 407 or NUR 313

This course will enable the student to use principles of research to construct a research proposal with an appropriate methodology. The student will conduct a literature review and prepare a research proposal.

### **NUR 373 - Congregational Health Ministry**

**Credits, 3 sem. hrs. Prerequisite(s): Admission into the nursing program.**

This course explores the role of nurses in faith communities, focusing on congregational health nursing and program development.

### **NUR 375 - Therapeutic Communication**

**Credits, 2 sem. hrs.**

This course focuses on therapeutic communication within nursing practice, emphasizing empathetic listening and effective dialogue techniques. Students will learn to cultivate meaningful connections with patients, fostering trust, and facilitating positive health outcomes.

### **NUR 378 - Clinical Reasoning I (Change of Number to 400 canceled per Academic Council)**

**Credits, 1 sem. hr.**

**Corequisite** NUR 382 and NUR 386

This is a first semester upper division clinical skills practicum to address the acquisition of basic skills proficiencies required for NUR 382 and NUR 386 coursework. This concurrent workshop will afford students the opportunity to consolidate and develop clinical skills competencies in the safe environment of the clinical skills laboratory and simulated learning setting.

### **NUR 379 – Medical Surgical – Pediatrics (Change of Number to 419 canceled per Academic Council)**

**Credits, 5 sem. hrs. Prerequisite(s):** NUR 382 and NUR 386

**Corequisite(s):** NUR 398

This course provides a comprehensive overview of medical-surgical and pediatric nursing, equipping students with the essential skills and knowledge to care for patients across the lifespan in acute care settings. Through a combination of theoretical learning and hands-on clinical experience, students will gain experience in managing health conditions and promoting optimal health outcomes for both adult and pediatric populations.

### **NUR 381 – Clinical Pharmacology (Change of Number to 460 canceled per Academic Council)**

**Credits, 2 sem. hrs. Prerequisite(s):** NUR 382 and NUR 386

This course focuses on the introduction of basic pharmacology concepts necessary for safe administration of medications.

### **NUR 382 - Health Assessment Across the Lifespan)**

**Credits, 5 sem. hrs. Prerequisite(s):** Admission to the nursing program.

**Corequisite(s):** NUR 378

This course introduces nursing assessment knowledge and skills applicable to the practice of professional nursing. The emphasis of the course will be on comprehensive assessment of the adult and older adult. (3 hours theory, 2 hours clinical)

**Fee: (Courses including clinical or lab components will have extra fees.)**

## **NUR 383 - Pathophysiology**

Credits, 2 sem. hrs. Prerequisite(s): Admission to the nursing program.

This course focuses on the fundamental concepts of pathophysiology in nursing practice, exploring the underlying mechanisms of disease processes to enhance clinical understanding and decision-making.

## **NUR 386 - Foundations of Nursing (Change of Number to 409 canceled per Academic Council)**

Credits, 5 sem. hrs. Prerequisite(s): Admission to the nursing program.

Corequisite(s): NUR 378

This course provides a comprehensive introduction to the foundational principles of nursing, covering essential knowledge and skills to prepare students for clinical practice.

Fee: (Courses including clinical or lab components will have extra fees.)

## **NUR 390 - Maternal/Newborn Nursing & Women's Health (Change of Number to 420 canceled per Academic Council)**

Credits, 5 sem. hrs Prerequisite(s): NUR 382 and NUR 386,

Corequisite(s): NUR 398

This course focuses on nursing knowledge, skills and attitudes with concepts, theories and evidence based practice related to health maintenance, risk reduction and restoration with emphasis being placed on maternal newborn nursing, pediatrics and women's health. The clinical experience provides opportunities for Interprofessional collaboration and opportunities to demonstrate Christian Caring in service to clients and others.

Fee: (Courses including clinical or lab components will have extra fees.)

## **NUR 396 - Health Policy and Finance**

Credits, 1 sem. hr. Prerequisite(s): NUR 382 or NUR 386

Corequisite/Prerequisite NUR 324

This course focuses on health policies and finance concepts that affect the provision of health care in a global setting.

[Crosslisted as: NUR 402 and ALH 396

## **NUR 398 - Clinical Reasoning 2 (Change of Number to 408 canceled per Academic Council)**

Credits, 1 sem. hr. Prerequisite(s): NUR 378

Corequisite(s) NUR 390 and NUR 379

This junior level course is designed to facilitate clinical skills practicum to address the acquisition of basic skills proficiencies required for NUR 390 and NUR 379 clinical coursework. This concurrent workshop will afford students an opportunity to consolidate and develop clinical skills competencies in the safe environment of the clinical skills laboratory and simulated learning setting.

## **NUR 402 - Policy and Finance-RN**

Credits, 1 sem. hr.

Corequisite/Prerequisite NUR 324

This course provides an overview of basic economic concepts and political issues related to the provision of health care in a global setting.

[Crosslisted as: NUR 396 and ALH 396

## **NUR 404 - Health Care Informatics**

Credits, 2 sem. hrs. Prerequisite(s): NUR 382 or NUR 386

Corequisite/Prerequisite NUR 324

In this course students will be introduced to the applications of informatics systems to nursing practice, healthcare, education, research, and administration. Integration of various theories will assist students to understand the importance of applying knowledge as they further develop their skills in information literacy. Students will learn how health care professionals can use information systems to work more efficiently, allocate resources more effectively, and improve health care services.

[Crosslisted as: ALH 404

## **NUR 406 - Chronic Health Problems**

Credits, 5 sem. hrs. Prerequisite(s): NUR 390 and NUR 379

Corequisite(s): NUR 428

This course focuses on knowledge and nursing concepts necessary to care for adult patients experiencing chronic health problems in a variety of clinical settings.

## **NUR 407 - Nursing Research**

Credits, 2 sem. hrs. Prerequisite(s): NUR 382 or NUR 386

Corequisite/Prerequisite NUR 324

This junior level course presents concepts relative to the research process. Students are taught to recognize the impact of clinical scholarship in nursing practice and how this impacts patient outcomes. This course prepares students to critique research at a beginning level. Students will learn how to integrate evidence-based findings into nursing and health care practice.

[Crosslisted as: NUR 313 or ALH 407

## **NUR 415 - Nursing Leadership/Management - RN**

Credits, 3 sem. hrs. Corequisite/Prerequisite NUR 324 and admission to nursing program

This course focuses on applications of current management theories and philosophies to nursing practice. This course includes a clinical component.

## **NUR 418 - Nursing Leadership and Management Clinical - RN**

Credits, 2 sem. hrs. Corequisite/Prerequisite NUR 324, NUR 415, and admission to nursing program

This course provides an opportunity for additional formal study and clinical practice in leadership and management roles. Negotiations are made in clinical facilities for qualified preceptors to serve as role models for students.

Fee: (Courses including clinical or lab components will have extra fees.)

### **NUR 421 – Testing Review Three**

Credits, 1 sem. hr. Corequisite/Prerequisite NUR 406 OR NUR 484

This course will provide remediation for students who were unsuccessful on their first attempt in a required clinical course.

### **NUR 428 - Clinical Reasoning 3**

Credits, 1 sem. hr. Prerequisite(s): NUR 398

Corequisite/Prerequisite NUR 406 OR NUR 484

This junior level course is designed to facilitate clinical skills practicum to address the acquisition of skills proficiencies required for NUR 406 and NUR 484 clinical coursework. This concurrent workshop will afford students an opportunity to consolidate and develop clinical skills competencies in the safe environment of the clinical skills laboratory and simulated learning setting.

### **NUR 431 – Testing Review Four**

Credits, 1 sem. hr. Corequisite/Prerequisite NUR 433 OR NUR 436

This course will provide remediation for students who were unsuccessful on their first attempt in a required clinical course.

### **NUR 433 - Unstable Health Problems**

Credits, 5 sem. hrs. Prerequisite(s): NUR 406 and NUR 484,

Corequisite(s): NUR 448

This course focuses on knowledge and skills necessary to care for patients experiencing complex health issues with unpredictable outcomes. (3 hours theory, 2 hours clinical)

Fee: Fee: (Courses including clinical or lab components will have extra fees.)

### **NUR 435 - Community Health Nursing-RN**

Credits, 3 sem. hrs. Corequisite/Prerequisite NUR 324 and admission to nursing program.

This course focuses on the synthesis of theories and concepts related to contemporary nursing practice in community health. This course includes a clinical component.

### **NUR 436 - Community and Population Health**

Credits, 5 sem. hrs. Prerequisite(s): NUR 406 and NUR 484

Corequisite(s): NUR 448

This course focuses on the synthesis of concepts, processes and skills necessary to promote health and prevent illness in population groups. Emphasis will be placed on managing care for the community as a client/patient rather than on individual health care. The three levels of prevention used in strategic planning for community health will be

emphasized. (3 hours theory, 2 hours clinical)

**Fee: (Courses including clinical or lab components will have extra fees.)**

### **NUR 437 - Leadership/Management in Nursing**

**Credits, 2 sem. hrs. Prerequisite(s):** NUR 406 and NUR 484

This course focuses on the introduction of management functions, roles and responsibilities in the practice of quality nursing care and organizational effectiveness. Emphasis is placed on developing leadership and incorporating management principles in the professional nurse.

### **NUR 438 - Community Health Nursing Clinical-RN**

**Credits, 2 sem. hrs. Prerequisite(s):**

**Corequisite/Prerequisite** NUR 324, NUR 435, and admission to nursing program

This course provides an opportunity for additional formal study and clinical practice in Community Health. Negotiations are made in clinical facilities for qualified preceptors to serve as role models for students. (3 hours theory, 2 hours clinical)

**Fee: (Courses including clinical or lab components will have extra fees.)**

### **NUR 439 - Preparation for Professional Examinations**

**Credits, 2 sem. hrs. Prerequisite(s):** NUR 406 and NUR 484 and

**Corequisite/Prerequisite** NUR 433

The course employs a series of problem-based learning workshops designed to help students refine critical thinking skills in preparation for end of semester benchmark assessments and licensure examinations. Content themes draw from nursing foundational courses and practicum work, and students are expected to have a thorough understanding of key content prior to engaging in these student-led assignments. Senior level students who have been identified as high risk or who are unsuccessful in the first senior year comprehensive exam (HESI) are strongly recommended to purchase an approved NCLEX review course. Prerequisites Completion of level four courses.

### **NUR 443 - Cross-Cultural Nursing**

**Credits, 3 sem. hrs. Prerequisite(s):** Admission to the Nursing program.

This course focuses on the knowledge of social and cultural factors that influence health care delivery. The course investigates health care delivery in the selected culture, either within or other than the student's own country.

### **NUR 444 - Christian Perspective on Ethics-RN**

**Credits, 3 sem. hrs. Corequisite/Prerequisite** NUR 324 and admission to nursing program

This course provides an opportunity to explore ethical issues and current trends in health care from a Christian perspective.

### **NUR 448 - Clinical Reasoning 4**

**Credits, 1 sem. hr. Prerequisite(s):** NUR 428

**Corequisite/Prerequisite** NUR 433 OR NUR 436

This senior level course is designed to facilitate clinical skills practicum to address the acquisition of skills proficiencies required for NUR 433, NUR 436 and NUR 437 clinical coursework. This concurrent workshop will afford students an opportunity to consolidate and develop clinical skills competencies in the safe environment of the clinical skills laboratory and simulated learning setting.

### **NUR 450 - The Professional Nursing Role as it Relates to Theories of Nursing**

**Credits, 3 sem. hrs. Prerequisite(s):** Admission to the Nursing program

This course focuses on the place of concepts and theories within nursing. Emphasis is placed on a particular nursing theorist of the student's choice, and that theorist's concepts are studied in depth.

**[Crosslisted as:]** ALH 450

### **NUR 451 - Special Studies in Nursing**

**Credits, 1 sem. hr. Prerequisite(s):** NUR 324 or NUR 382 or NUR 386

This course provides an opportunity for additional formal study of a selected concept relative to nursing or some aspect of health care. This elective does not necessarily contain a clinical practice component. May be repeated up to six hours.

### **NUR 452 - Special Studies in Nursing**

**Credits, 2 sem. hrs. Prerequisite(s):** NUR 324 or NUR 382 or NUR 386

This course provides an opportunity for additional formal study of a selected concept relative to nursing or some aspect of health care. This elective does not necessarily contain a clinical practice component. May be repeated up to six hours.

### **NUR 453 - Special Studies in Nursing**

**Credits, 3 sem. hrs. Prerequisite(s):** NUR 324 or NUR 382 or NUR 386

This course provides an opportunity for additional formal study of a selected concept relative to nursing or some aspect of health care. This elective does not necessarily contain a clinical practice component. May be repeated up to six hours.

### **NUR 455 - The Professional Nursing Role and Legislation**

**Credits, 3 sem. hrs. Prerequisite(s):** Admission to the Nursing program.

This course focuses on the professional nursing role as it relates to the legislative process. Participation in legislative activities are utilized as available.

**[Crosslisted as:]** ALH 455

### **NUR 457 - The Professional Nursing Role and Nursing Management**

**Credits, 3 sem. hrs. Prerequisite(s):** Admission to the Nursing program.

This course explores the leader/manager role of the professional nurse as it relates to current and projected nursing administration practices.

**[Crosslisted as:]** ALH 457

## **NUR 461 - School Nursing Certification Preparation**

**Credits, 3 sem. hrs. Prerequisite(s):** Requires BSN degree and current unencumbered RN license in MS and are currently employed by a MS public school district.

This course focuses on the specialty practice of school nursing and the needs/legal requirements for school-based health are explored. Special emphasis will be given to acute/chronic student health needs and on professional leadership development in school nursing practice that meets NCSN certification benchmarks.

## **NUR 462 - Reading and Research for Honors II**

**Credits, 2 sem. hrs. Prerequisite(s):** NUR 361. GPA of 3.25 or higher and faculty approval.

This course will enable the student to carry out the investigative work associated with their Honors research project. This course will build on the research proposal constructed in NUR 361. The student will use the methodology that was put forward to gather the data required to complete the research project. The results of the research project will be written up along with the discussion and implications of the project for professional nursing practice. This is considered to be the "Directed" phase of the research project proposal.

## **NUR 463 - Reading and Research for Honors III**

**Credits, 2 sem. hrs. Prerequisite(s):** NUR 462. GPA of 3.25 or higher and faculty approval.

This course will enable the student to carry out the defense of the research project they completed in NUR 462. This is considered to be the "Defense" phase of the research project.

## **NUR 473 - Nursing Care of the Older Adult**

**Credits, 3 sem. hrs. Prerequisite(s):** Admission to the Nursing program

This course focuses on utilization of the nursing process in providing nursing care to older adults.

## **NUR 475 - Topics in Nursing History**

**Credits, 3 sem. hrs. Prerequisite(s):** Admission to the Nursing program

This course focuses on the analysis and evaluation of nursing history from ancient to modern times.

**[Crosslisted as:** ALH 475

## **NUR 477 - Spiritual Aspects of Nursing**

**Credits, 3 sem. hrs. Prerequisite(s):** NUR 324 or NUR 382 or NUR 386

In this course the relationship between spirituality, religion, and the health care system are analyzed. Students explore the spiritual dimensions of nursing.

## **NUR 482 - Synthesis-RN**

**Credits, 3 sem. hrs. Prerequisite(s):** NUR 324 This course will be taken in the last semester of the nursing program and requires transcript clearance for registration.

**Corequisite/Prerequisite** NUR 324 and Admission to nursing program

Allows the student to integrate research, leadership, community, policy, finance, ethics, and Christian caring into a final project that will demonstrate role acquisition of the baccalaureate prepared nurse.

### **NUR 483 - Health Care Terminology**

Credits, 3 sem. hrs. Prerequisite(s): None.

This course is designed for the student who is interested in a health care career or a career that requires clear understanding and communication with a healthcare professional. This course will offer instruction in development and practical application of the terminology associated with health care.

[Crosslisted as: ALH 483

### **NUR 484 - Behavioral/Mental Health Nursing**

Credits, 5 sem. hrs Prerequisite(s): NUR 390 and NUR 379

Corequisite(s): NUR 428

This didactic and clinical course focuses on concepts and skills necessary to apply the clinical reasoning process to provide safe, quality, client centered care to clients/families experiencing behavioral mental health issues. (3 hours theory, 2 hours clinical)

Fee: (Courses including clinical or lab components will have extra fees.)

### **NUR 491 – Field Studies**

Credits, 1 sem. hr.

### **NUR 492 – Field Studies**

Credits, 2 sem. hrs.

### **NUR 493 – Field Studies**

Credits, 3 sem. hrs.

# Bachelor of Science

## *Bachelor of Science in Public Health (BSPH)*

The BSPH program provides students with a comprehensive understanding of the core areas of public health, including epidemiology, biostatistics, environmental health, health policy, and social and behavioral sciences. Students gain practical experience through internships and community engagement projects.

The mission of the Department of Public Health at Mississippi College is to advance population health and well-being through education, research, advocacy, and community engagement. Our dedicated faculty and staff are committed to preparing students to become competent, compassionate, and ethical public health professionals equipped to address current and emerging public health issues and challenges. Through interdisciplinary collaboration and evidence-based practice, we strive to promote health equity, prevent disease, and improve the quality of life for individuals and communities.

## *Public Health, B.S.*

### UNIVERSITY CORE (42 Hours)

#### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

#### University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR  
HIS 211 - History of the United States  
HIS 212 - History of the United States

#### University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

**AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

## University Core - Social Sciences (6 hours)

PSY 201 - Introduction to Psychology (General Psychology)  
AND  
SOC 205 - Sociology: An Introduction in Global Context  
OR  
MLG 205 - Cross-Cultural Understanding

## University Core - Science (4 hours)

Four hours of science are required, including one lecture with a corresponding lab. Students are encouraged to choose from one of the following lab courses:

BIO 103 - Human Biology AND  
BIO 104 - Human Biology Laboratory  
OR  
BIO 105 - Plants and People AND  
BIO 106 - Plants and People Laboratory  
OR  
BIO 111 - Biology I AND  
BIO 110 - Biology I Laboratory  
OR  
CHE 112 - Chemistry in American Life II  
OR  
CHE 141 - General Chemistry I  
OR  
PHY 151 - General Physics I  
OR  
PHY 251 - Fundamentals of Physics I

## University Core - Communication (3 Hours)

COM 203 - Professional Communication Skills

## University Core - Mathematics (3 Hours)

MAT 111 - College Algebra with Applications

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation OR  
MUS 125 - Music Appreciation OR  
THE 125 - Introduction to Theatre

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life  
OR

Any combination of :  
KIN 124- Nutrition for Well-Being (1 hour)  
PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours)	4 semesters
Sophomore (24-53 semester hours)	3 semesters
Junior (54-83 semester hours)	2 semesters
Senior (84 or more semester hours)	1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## MAJOR REQUIREMENTS

### Public Health Prerequisite Requirements (19 Hours)

KIN 211 - Basic Principles of Nutrition  
ALH 233 - Transitions to Health Care Professions  
ALH 396 - Health Policy and Finance  
ALH 399 - Health Care in the USA  
COM 102 - Communication Writing & Research  
MAT 208 - Elementary Biostatistics (or MAT 207 or PSY 301)  
PSY 314 - Developmental Psychology

### Public Health Required Content Courses (30 Hours)

ALH 301 – Applied Public Health  
ALH 302 - Emerging Issues in Global Health  
ALH 304 – Integrated Biostatistics in Public Health  
ALH 401 - Introducing Environmental & Occupational Health  
ALH 403 - Health Promotion/Education in Contemporary Society  
ALH 404 - Healthcare Informatics  
ALH 405 - Mental Health First Aid  
ALH 407 - Research in Health Care Practice  
ALH 408 - Disaster Preparedness  
ALH 409 - Public Health Capstone  
BIO 428 - Epidemiology

### Public Health Required Electives (31 Hours)

Choose Two Courses (6 Hours)

CSC 114 - Computer Science  
MIN 305 - Evangelism in Missions  
COM 304 - Public Speaking

Choose Two Courses (6 Hours)

ECO 231 - Principles of Macroeconomics  
ECO 232 - Economic Principles II  
GBU 151- Business Skills for Life  
PLS 201- American National Government

Choose One Courses (3 Hours)

MSS 302 - Evangelism & Cross-Cultural Witness (3 Hrs.)

OR

ALH 305 - Transcultural Patterns of Health (1 Hr.)

AND

ALH 375 - Therapeutic Communication (2 Hrs.)

Choose One Courses (3 Hours)

SWK 312 - Social Science Research Methods

HIS 390 - Independent Reading and Research

Other MC Research Methods Courses

Choose One Courses (3 Hours)

EDU 304 - Educational Psychology

EDU 317 - Introduction to Instructional Technology

HIS 441 - Civil Rights

Choose Two Courses (6 Hours)

PLS 320 - Comparative Governments

PLS 419 - International Relations

PLS 422 - Politics of Developing Nations

PHI 416 - Contemporary Philosophy

ART 406 - History of Modern Art

Choose One Courses (3 Hours)

ALH 450 – Professional Role as It Relates to Theory

ALH 455 – Professional Role and Legislation

ALH 457 – Professional Role and Management

ALH 475 – Health Care History

ALH 483 – Health Care Terminology

Complete One Course (1 Hour)

ALH 300 – Public Health Seminar

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with advisor.

**TOTAL: 130 SEM. HOURS**

## Minors

### *Public Health Minor for Nursing Students*

#### Required Courses (18 hours)

ALH 302 - Emerging Issues in Global Health

ALH 401 - Introducing Environmental & Occupational Health

ALH 403 - Health Promotion/Education in Contemporary Society

ALH 405 - Mental Health First Aid

ALH 408 - Disaster Preparedness

BIO 428 - Epidemiology

## ***Public Health Minor for Non-Nursing Students***

### Required Courses (18 hours)

ALH 233 - Transition to Healthcare Professions  
ALH 399 - Healthcare in the USA  
ALH 301 - Applied Public Health  
ALH 302 - Emerging Issues in Global Health  
ALH 401 - Introducing Environmental & Occupational Health

KIN 211 - Nutrition

OR

ALH 403 - Health Promotion/Education in Contemporary Society

## **Certificates**

### ***Public Health Certificate for Nursing Students***

#### Required Courses:

ALH 302 - Emerging Issues in Global Health  
ALH 401 - Introducing Environmental & Occupational Health  
ALH 403 - Health Promotion/Education in Contemporary Society  
BIO 428 - Epidemiology

Total: 12 sem. hrs.

### ***Public Health Certificate for Non-Nursing Students***

#### Required Courses:

ALH 233 – Transition to Healthcare Professions  
ALH 399 – Healthcare in the USA  
ALH 301 – Applied Public Health  
ALH 302 - Emerging Issues in Global Health

Total: 12 sem. hrs.

## **Allied Health Courses**

### **ALH 233 - Transition to Health Care Professions**

#### **Credits, 3 sem. hrs. Prerequisite(s):**

This course focuses on professionalism and professional roles within the healthcare delivery system. This course is intended for students interested in health care professions.

## **ALH 275 - Medical Math**

**Credits, 1 sem. hr.** This course provides the student with a foundation of basic mathematical skills necessary for the calculation of drug dosages. This foundation includes study of equivalents between metric, household and apothecary units of measure and how this impacts calculation of safe drug dosages.

**[Crosslisted as:** NUR 275

## **ALH 300 – Public Health Seminar**

**Credits, 1 sem. hr. Prerequisite(s):** Completion of 60 credit hours of undergraduate study  
A weekly departmental seminar on current public health topics.

## **ALH 301 – Applied Public Health**

**Credits, 3 sem. hrs.**

Course focuses on the synthesis of concepts, processes and skills necessary to promote health and prevent illness in populations groups. Emphasis is placed on managing care for the community as a client/patient rather than on individual health care.

## **ALH 302 - Emerging Issues in Global Health**

**Credits, 3 sem. hrs. Prerequisite(s):** SOC 205 or MLG 205 and ALH 233

This course introduces key global health concepts and will investigate global health challenges while investigating the links between health, disease, socio-economic development, and health policy initiatives.

## **ALH 304 – Integrated Biostatistics in Public Health**

**Credits, 2 sem. hrs. Prerequisite(s):** MAT 208 and ALH 407 and ALH 301

This course describes the fundamentals of health disparities, research methods to study disparities, and the tools to analyze the findings. Interventions for the elimination of health disparities are examined.

## **ALH 305 - Transcultural Patterns of Health**

**Credits, 1 sem. hr.**

This course will examine patterns of health beliefs and values as these are determined by religion, culture, society, and history. A careful review of how views of health can influence health care, the health care delivery system, and specific elements of health throughout the life span will be undertaken.

**[Crosslisted as:** NUR 305

## **ALH 361 - Reading and Research for Honors I**

**Credits, 2 sem. hrs. Prerequisite(s):**

Completion of Sophomore courses. GPA of a least a 3.25 and approval by Public Health faculty to begin the honors track.

**Prerequisite/Corequisite (s):** Must take ALH 407 or NUR 407 or NUR 313

This course will enable the student to use principles of research to construct a research proposal with an appropriate methodology. The student will conduct the literature review that is required for them to prepare the research proposal.

## **ALH 375 - Therapeutic Communication**

**Credits, 2 sem. hrs.**

Health care professionals are expected to provide a holistic approach to care delivery. The key component shared by all professionals involved in such care delivery is effective communication. Increasingly emphasis is being made on effective communication not just at the therapeutic level but also between health care professionals.

**[Crosslisted as: NUR 375]**

## **ALH 396 - Health Policy and Finance**

**Credits, 1 sem. hr. Corequisite/Prerequisite: SOC 205 or MLG 205**

This course focuses on health policies and finance concepts that affect the provision of public healthcare within a global perspective.

**[Crosslisted as: NUR 396 and NUR 402]**

## **ALH 399 – Foundations of Healthcare Systems**

**Credits, 3 sem. hrs. Corequisite/Prerequisite: SOC 205 or MLG 205 and ALH 233**

The course will examine the changing healthcare trends and the strategies to improve the public health system through efforts to reduce disparities, market and social justice, and the future of healthcare delivery.

## **ALH 401 - Introducing Environmental & Occupational Health**

**Credits, 3 sem. hrs. Prerequisite(s): ALH 301**

This course evaluates the effects of environmental hazards on public health. Occupation assessment of the differentiation between risk and hazard, and how these inform workplace strategies for elimination and/or mitigation are examined. Health promotion/disease prevention relative to environment/occupational health and safety are considered.

## **ALH 403 - Health Promotion**

**Credits, 3 sem. hrs. Prerequisite(s): ALH 233 or KIN 211**

Health promotion and education appropriate to specified populations and settings will be examined in this course. Planning models will allow students to design, deliver and evaluate health promotion and education programs that reflect the needs and expectations of individuals, communities and groups. Consideration of how strategies must be informed by behavioral and strategic objectives is a core theme.

## **ALH 404 - Healthcare Informatics**

**Credits, 2 sem. hrs.**

Students will be introduced to the applications of informatics systems to public health/allied health practice, healthcare, education, research, and administration. Integration of various theories will assist students to understand the importance of applying knowledge as they further develop their skills in information literacy. Students will learn how health care professionals can use information systems to work more efficiently, allocate resources more effectively, and improve health care

*[Crosslisted as:* NUR 404

### **ALH 405 - Mental and Behavioral Health**

*Credits, 3 sem. hrs. Corequisite/Prerequisite* ALH 301

The public health sector provides the opportunity to interact and provide care with persons who may be facing mental health challenges. This course will provide the opportunity to direct caring skills towards successful mental health outcomes

### **ALH 407 - Research in Health Care Practice**

*Credits, 2 sem. hrs. Corequisite/Prerequisite* MAT 208 or MAT 207 or PSY 301 or DAT 251 and ALH 233

This course provides the opportunity for understanding the value, utilization, practice, and integration of the research process in nursing practice.

*[Crosslisted as:* NUR 407 and NUR 313

### **ALH 408 - Disaster Preparedness**

*Credits, 3 sem. hrs. Corequisite/Prerequisite* ALH 301

Disasters may be from man-made or natural causes and occur when the magnitude of the health or other demands have the potential to overwhelm a population in situations not routinely encountered. Disaster preparedness training is proactive in focus and seeks to engage organizations, on a local, state, national or even global scale, to ensure public safety and well being.

### **ALH 409 - Public Health Capstone**

*Credits, 3 sem. hrs. Corequisite/Prerequisite* ALH 302 , ALH 304 , ALH 403 , ALH 405 , ALH 408 and BIO 428

Students will build upon previously acquired knowledge relative to research and evidence-based practice in order to incorporate research evidence into practice for quality improvements in public health.

Final semester Senior level.

### **ALH 450 - Professional Role As It Relates to Theory**

*Credits, 3 sem. hrs. Prerequisite(s):* ALH 301 and ALH 399

This course focuses on the place of concepts and theories within healthcare. Emphasis is placed on analysis of Systems Theory and other interdisciplinary healthcare theorists.

### **ALH 455 – Public Health Policy and Legislation**

*Credits, 3 sem. hrs. Prerequisite(s):* ALH 301 and ALH 399

Explores the role of the public health professional as it relates to legislation. The legislative process, its outcomes and their impact on public health professionals, and the current health care delivery system will be considered. Participating in legislative activities in conjunction with public health professionals may be available.

*[Crosslisted as:* NUR 455]

## **ALH 457 – Organizational Leadership and Management in Public Health**

**Credits, 3 sem. hrs. Prerequisite(s):** ALH 301 and ALH 399

An interdisciplinary course that examines the complex challenges inherent in leading and managing organizations in the public health realm, including public and private settings. Students will explore leadership and management principles in the current environment through the analysis of case studies and current events. In-class activities will expose students to diverse perspectives and challenges of leadership and decision-making. The public health professional role and management course explores the leader/manager role of the public health professional as it relates to current and projected administrative practices.

## **ALH 462 - Reading and Research for Honors II**

**Credits, 2 sem. hrs. Prerequisite(s):** ALH 361, GPA of a least a 3.25 and approval by Public Health faculty to continue the honors track.

this course will enable the student to continue and then carry out the investigative work associated with their Honors research project proposal constructed in ALH 361.

## **ALH 463 - Reading and Research for Honors III**

**Credits, 2 sem. hrs. Prerequisite(s):** ALH 462, GPA of a least a 3.25 and approval by Public Health faculty to continue the honors track.

This course will enable the student to continue toward the defense of the research project they completed in ALH 361 and 462. Final submission (defense) before the honors council and public health faculty is required.

## **ALH 475 - Health Care History**

**Credits, 3 sem. hrs. Prerequisite(s):** Senior standing in the Public Health program and Permission of the Instructor to take this course.

Topics in Health Care History focus on the analysis and evaluation of health care history from ancient to modern times. Historical research methods and applied history techniques will also be examined. Students will research an aspect of health care history that is of interest.

**[Crosslisted as:** NUR 475

## **ALH 483 - Health Care Terminology**

**Credits, 3 sem. hrs.** This course is designed for the student who is interested in a health care career or a career that requires clear understanding and communication with a health care professional. This course will offer instruction in the development and practical application of the terminology and vocabulary associated with health care

**[Crosslisted as:** NUR 483

## **ALH 491 – Field Studies**

**Credits, 1 sem. hr.**

## ALH 492 – Field Studies

Credits, 2 sem. hrs.

## ALH 493 – Field Studies

Credits, 3 sem. hrs.

# Interdisciplinary Studies

Interdisciplinary Studies (IDS) is a program that includes specific classes, certain majors, and a degree program. IDS allows students to declare a major as soon as they commence study at Mississippi College. Students in IDS may be uncertain of their final area of concentration or may choose to customize their own degree program. Students who declare an Interdisciplinary Studies major are assigned an IDS advisor and continue on a directed pathway to fulfill the requirements for graduation from the institution.

## *Courses*

Certain courses are listed as IDS because of their interdisciplinary nature. An example is IDS 111 Studies Skills.

## *Majors*

Some majors, such as IDS Undecided and IDS pre-nursing exist under the IDS umbrella while students are taking college core.

## *Degree*

At the advice of a major department and with agreement from the Assistant Provost of Student Success, a student may choose the IDS degree program. The details are given below, following the University Core.

## *Interdisciplinary Studies, B.S.*

### University Core

#### University Core - English (9 hours)

ENG 099 - Writing Proficiency Exam  
ENG 101 - English Composition

ENG 102 - English Composition  
OR  
ENG 103 - Accelerated Composition

and one of the following Literature classes

ENG 211 - World Masterpieces  
ENG 212 - Survey of British Literature  
ENG 213 - Survey of American Literature

## University Core - History (6 hours)

HIS 103 - World Civilization I  
HIS 104 - World Civilization II  
OR  
HIS 211 - History of the United States  
HIS 212 - History of the United States

## University Core - Bible (6 hours)

BIB 110 - Introduction to the Old Testament **OR**  
BIB 111 - An Intensive Analysis of the Old Testament

### **AND**

BIB 120 - Introduction to the New Testament **OR**  
BIB 121 - An Intensive Analysis of the New Testament

## University Core - Social Sciences (3 hours)

Any PHI (Philosophy) course  
ECO 231 - Principles of Macroeconomics  
GBU 151 - Business Skills for Life  
MLG 205 - Cross-Cultural Understanding  
PLS 201 - American National Government  
PSY 201 - Introduction to Psychology (General Psychology)  
SOC 205 - Sociology: An Introduction in Global Context

## University Core - Science (4 hours)

Four hours of science are required, including one lecture with a corresponding lab. Students are encouraged to choose from one of the following lab courses:

BIO 103 - Human Biology **AND**  
BIO 104 - Human Biology Laboratory  
OR  
BIO 105 - Plants and People **AND**  
BIO 106 - Plants and People Laboratory  
OR  
BIO 111 - Biology I **AND**  
BIO 110 - Biology I Laboratory  
OR  
CHE 112 - Chemistry in American Life II  
OR  
CHE 141 - General Chemistry I  
OR  
PHY 151 - General Physics I  
OR  
PHY 251 - Fundamentals of Physics I

## University Core - Mathematics (3 hours)

Any MAT course numbered 105 or higher, determined in consultation with the advisor.

## University Core - Fine Arts (3 hours)

ART 125 - Art Appreciation OR

MUS 125 - Music Appreciation OR

THE 125 - Introduction to Theatre

## University Core - Technology Requirement (3 hours)

Choose one of the following courses:

CSC 114 - Introduction to Computer Science

CSC 115 - Foundations of Computer Science

## University Core - Physical Education (2 hours)

Two hours are required. Recommended courses are KIN 123 - Fitness for Life (2 hours), or any combination of KIN 124- Nutrition for Well-Being (1 hour) and PED activity courses (1 hour).

KIN 123 - Fitness For Life

OR

Any combination of :

KIN 124- Nutrition for Well-Being (1 hour)

PED activity courses (1 hour).

## University Core - Chapel

Students at Mississippi College are required to complete chapel requirements based on the student classification at the time of enrollment as detailed below:

Freshman (0-23 semester hours) 4 semesters

Sophomore (24-53 semester hours) 3 semesters

Junior (54-83 semester hours) 2 semesters

Senior (84 or more semester hours) 1 semester

Students enrolled in online degree programs are exempt from chapel requirements.

## IDS Degree Program Major Requirements (54-63 Hours)

Students complete the program coursework in the Interdisciplinary Studies Degree by selecting, in consultation with their advisor, three defined minors from the Mississippi College undergraduate catalog. Interdisciplinary Studies Degree students will identify one of the three minors as a "preferred" or "concentration" area. Because different minors at the University require varying numbers of hours (usually between 18 and 21 hours), different combinations of programs may result in varying numbers of program hours. Coordination by, and communication with, the Interdisciplinary Studies advisor is thus crucial in successfully completing this degree program. To meet graduation requirements, students must maintain a minimum GPA of 2.0 in each of the minor areas, as well as an overall cumulative GPA of 2.0 or higher.

## CONCENTRATION AREA (18-21 HOURS)

Students choose one of the minors at the University as a preferred area of study. See the various academic departmental information for available minors.

## SUPPLEMENTAL AREA (18-21 HOURS)

Students must choose a second minor program from the available minors at the University. See the various academic departmental information for available minors.

## SUPPLEMENTAL AREA (18-21 HOURS)

Students must choose a third minor program from the available minors at the University. See the various academic departmental information for available minors.

## General Electives

Sufficient elective hours must be taken to meet the minimum hour requirement for graduation in this program. Electives should be chosen in consultation with the advisor. Special attention should be paid to the requirement that "at least one-third of the academic work which a student takes in meeting requirements for graduation with a bachelor's degree must be in junior-senior level courses (courses numbered 300-400)." Thus, in a 130-hour program, at least 39 hours must be taken at the 300- or 400-level. See Academic Information, General Degree Requirements for Graduation section of the undergraduate catalog.

TOTAL: 130 SEM. HOURS

## Interdisciplinary Studies Courses

### IDS 111 - Foundations for University Success

Credits, 1 sem. hr. This course is designed to encourage productive attitudes and effective study skills in students. The course includes the assessment of study skills and learning strategies, and the presentation and practice of such skills as time management, listening, note-taking, test-taking, and textbook reading.

### IDS 112 - Foundations for University Success II

Credits, 1 sem. hr. This course is a continuation of Study Skills I with more emphasis on reading skills.

### IDS 161 - Freshman Honors

Credits, 3 sem. hr. Active study and discussion of issues of contemporary interest, determined each year by the Honors College Committee.

### IDS 261 - Sophomore Honors

Credits, 2 sem. hr. Active study and discussion of issues of contemporary interest, determined each year by the Sophomore Honors Team. Grading will be on a credit-no credit basis as determined by the Honors Team.

### IDS 464 - Senior Honors

Credits, 3 sem. hr. Active study and discussion of issues and topics of contemporary interest, determined each year by the Senior Honors Team. Grading will be on a credit-no credit basis as determined by the Honors Team. The grade of credit or no credit carries no grade points and thus does not affect the grade point average.

### **IDS 491 - Field Studies: Servant Leadership**

Credits, 3 sem. hrs. Supervised study through independent field experience in a leadership role.

# Academic Calendar

## One Hundred Ninety Ninth Session 2024-2025

### Fall Semester 2024

#### *Sixteen Week Calendar*

**FALL and SPRING ADMINISTRATIVE OFFICE HOURS: Monday - Friday: 8:00 a.m. - 4:30 p.m.**

August 12, Monday	Convocation
August 13-14, Tuesday-Wednesday	Move-In Days: Tuesday, New Students; Wednesday, All Students
August 15, Thursday	Payment and Financial Arrangement Deadline
August 16, Friday	Orientation / Registration for New Undergraduates
August 19, Monday	All Classes & All Labs Begin
August 23, Friday, 4:30 pm	Residence Hall Withdrawal Deadline (100% Refund of Campus Housing Charges)
August 26, Monday, 5:00 p.m.	Last Day to Register or Add a Full Semester Class (Traditional or Online)
August 27, Tuesday	Late Enrollment Payment and Financial Arrangement Deadline
August 29, Thursday	Last Day to Drop A Full Semester Class/100% Tuition Only Refund/No Grade
August 30, Friday	Priority Deadline for ALL Degree Applications for December 2024 Graduation
August 30, Friday	Deadline to Report Early Alerts and No Shows
September 2, Monday	Labor Day Holiday, No Day or Night Classes Meet; Offices Closed
October 2, Wednesday	Writing Proficiency Exam
October 9, Wednesday	Writing Proficiency Exam
October 9, Wednesday	Mid-term
October 18, Friday	Wellness Day (Fall Break): No Classes Meet
October 25, Friday	Last Day to Drop A Full Semester Class/No Tuition Refund/Grade of W
October 26, Saturday	Homecoming
October 28, Monday	Spring 2025 Schedules Viewable on Banner
November 11, Monday	Pre-Registration Period Begins for Spring 2025 Semester
November 22-December 1: Friday Night (Begins 5:00 p.m.) through Sunday	Thanksgiving Holiday
December 2, Monday	Participation Deadline for Degree Applications December 2024 Graduation (In Order to Participate in December 2024 Commencement, Candidates MUST Apply by This Deadline)
December 2-4 Monday-Wednesday	Dead Days
December 4, Wednesday	Last Day of Day Classes
December 5, Thursday	Study Day
December 3-5	Late Afternoon Classes and Night Classes Final Exams
December 6-11, Friday, Saturday, Monday, Tuesday, Wednesday	Day Classes Final Exams
December 12, Thursday	Residence Halls Close at 9:00 AM for All Except Graduating Students; Close for Graduating Students Saturday, December 13, at 9:00 AM
December 12, Thursday, 10:00 a.m.	Grades Due for All Graduating Students
December 12, Thursday, 4:00 p.m.	All Other Grades Due
December 13, Friday	Graduate and Undergraduate December 2024 Graduation Ceremonies

## *Eight Week Calendar*

**FALL and SPRING ADMINISTRATIVE OFFICE HOURS: Monday - Friday: 8:00 a.m. - 4:30 p.m.**

### **8-Week Session I**

August 13-14, Tuesday-Wednesday	Move-In Days: Tuesday, New Students; Wednesday, All Students
August 15, Thursday	Payment and Financial Arrangement Deadline
August 19, Monday	Fall 8-Week Session I Classes Begin
August 21, Wednesday	Last Day to Register or Add a Fall 8-Week Session I Class
August 21, Wednesday	Last Day to Drop a Fall 8-Week Session I Class/100% Tuition Only Refund/No Grade
August 23, Friday, 4:30 p.m.	Residence Hall Withdrawal Deadline (100% Refund of Campus Housing Charges)
August 27, Tuesday	Late Enrollment Payment and Financial Arrangement Deadline
August 30, Friday	Priority Deadline for ALL Degree Applications for December 2024 Graduation
August 30, Friday	Deadline to Report Early Alerts and No Shows
September 20, Friday	Last Day to Drop a Fall 8-Week Session I Class/No Tuition Refund/Grade of W
October 2, Wednesday	Writing Proficiency Exam
October 9, Wednesday	Writing Proficiency Exam
October 13, Sunday	Last Class Meeting for Fall 8-Week Session I Exams Must Be Completed by the Last Day of Class
October 17, Thursday, 10:00 a.m.	Grades Due for Fall 8-Week Session I

### **8-Week Session II**

October 10, Thursday	Payment Deadline
October 14, Monday	8-Week Fall Session II Classes Begin
October 16, Wednesday	Last Day to Register or Add a Fall 8-Week Session II Class
October 16, Wednesday	Last Day to Drop a Fall 8-Week Session II Class/100% Tuition Only Refund/No Grade
October 17, Thursday	Late Enrollment Payment Deadline
October 25, Friday	Last Day to Drop a Class in the Traditional (Full Semester) Program/No Tuition Refund/Grade of W
October 25, Friday	Deadline to Report Early Alerts and No Shows
October 26, Saturday	Homecoming
October 28, Monday	Spring 2025 Schedule Viewable on Banner
November 11, Monday	Pre-Registration Period Begins for Spring 2025 Semester
November 15, Friday	Last Day to Drop a Fall 8-Week Session II Class/No Tuition Refund/Grade of W
December 2, Monday	Participation Deadline for ALL Degree Applications for December 2024 Graduation (In Order to Participate in the December 2024 Commencement, Candidates MUST Apply by This Deadline)

## 2025 Summer Term (Tentative Dates)

**May Term:**  
**May 12-23, 2025**

**10-Week Session:**  
**May 27– July 31, 2025**

**1st 5-Week Session:**  
**May 27- June 26, 2025**

**2nd 5-Week Session:**  
**June 30 – July 31, 2025**

**Degrees Awarded**  
**August 1, 2025**

# History of Mississippi College

## The Early Years

Mississippi College, the oldest institution of higher learning in the Magnolia State, traces its roots to the early 19th century, less than a decade after Mississippi became a state. In 1826, the state legislature issued a charter to Hampstead Academy, located on a five-acre tract of land in central Mississippi near the Mount Salus community. The property was part of the six million acres transferred to the United States by the Choctaw Nation in 1820.

At the time the institution was chartered, land was selling for \$1.25 per acre, America was celebrating its 50th birthday, John Quincy Adams was U.S. president, and the growing nation had a population of just more than 9.6 million.

By the time the school opened in January 1827, Hampstead Academy had been renamed Mississippi Academy. Classes, including rhetoric, were offered to both boys and girls. The first building on campus, known for decades as the "academic edifice," contained four "handsome" rooms, each with two fireplaces. The building was large enough to accommodate 150-200 students.

The academy was renamed Mississippi College in 1830. It was authorized "to confer . . . such degrees in the arts, sciences, and languages as are usually conferred in the most respectable colleges in the United States . . ."

As a private, coeducational institution, Mississippi College made history in December 1831 when it became the first college in the nation to grant a degree to a woman. This first group of female graduates received gold medallions. The college continued to teach both men and women until 1850 when the school's Female Department was discontinued. Women's higher education returned to Clinton three years later when Central Female Institute, eventually renamed Hillman College, opened a short distance from the MC campus.

In 1842, Mississippi College was given to the Presbyterian Church, which operated the institution for eight years until financial issues prompted the denomination to return it to its original owners. In 1850, the Mississippi Baptist Convention acquired Mississippi College, making it the second-oldest Baptist educational institution still operating in America today. MC continued its growth throughout the next decade, adding the landmark now known as Provine Chapel, which opened its doors in 1860.

## The Civil War and Beyond

The Civil War brought tumultuous times to Mississippi, the town of Clinton (formerly Mount Salus), and Mississippi College. A large group of MC students, three faculty members, a trustee, and local citizens from Clinton organized a military company known as the Mississippi College Rifles. The company boarded a train for Corinth in the early days of the war and participated in a lengthy series of battles, primarily in northern Virginia. Sadly, only a few members of the group returned home alive.

The college kept its doors open during the war years, maintaining an average enrollment of about 30 students. As Union troops crisscrossed central Mississippi, the campus was used by General Ulysses S. Grant and his men. The newly constructed chapel became a hospital for wounded troops, and tradition states the ground floor of the two-story structure was used by Grant as a stable for his horses.

Today, Provine Chapel remains the oldest building on the Clinton campus, housing the classrooms and offices of the Department of Christian Studies, and serving as the site for Christmas concerts by the Mississippi College Singers and as a classic venue for weddings year-round.

When the war ended, Mississippi College faced numerous challenges. Its endowment had been wiped out, its physical plant was deteriorating, and many of its students had left to fight in the war. Nevertheless, under the leadership of President Walter Hillman, the institution was restored.

Hillman's administration was followed by the presidencies of Dr. Warren Webb, Dr. W.T. Lowery, and Dr. J.W. Provine. These men oversaw a continuing resurgence at the college, including the construction of new buildings, the redevelopment of the school's endowment, and enrollment growth. During the Provine presidency, enrollment stood at 400 students, and the endowment reached more than \$500,000.

## The Early 20th Century

Shortly after the turn of the century, work began on what would become another campus landmark: Jennings Hall. When it opened in 1907, the building was considered among the most elegant residence halls in the South. It provided meals in a well-furnished dining hall, it was heated with steam, and its residents bragged that there was electric light in every room.

While Jennings Hall is no longer being used as a dormitory, students and visitors continue to enjoy its beautiful central courtyard and fountain. The stately building has been renovated to provide classrooms and faculty offices for English, history, sociology, and modern languages.

Another familiar sight, Alumni Hall, was built during the prosperous years of the 1920s. The multipurpose facility, which opened its doors in 1925 as the University prepared to mark its centennial, is now home to the student mailroom, the student counseling center, conference rooms for the Board of Trustees, a food court, and a student gathering spot, boasting large flat-screen TVs.

After years of financial stability, adversity returned to Mississippi College, American higher education in general, and the nation in 1929 with the arrival of the Great Depression. The financial collapse brought widespread poverty to millions, and its effects lingered for more than a decade. At times, MC students found creative ways to continue their education, even making tuition payments with a wagonload of potatoes. In addition to monetary contributions, the college welcomed gifts of land, houses, and other resources to help it survive.

The institution's neighbor, Hillman College, was not as fortunate. While it had prospered throughout the late 1920s, even constructing two brick cottages for a dozen female students and one faculty member on its campus, the small women's school did not survive the Great Depression. Hillman closed its doors and consolidated its operations with Mississippi College in 1942.

## Post-World War II

The return of many education-seeking WWII veterans from overseas battles, combined with the influx of women students, brought an enrollment boom to Mississippi College. A growing number of students brought the need for more learning and living space, and new buildings were added to the Clinton campus to meet that need.

Nelson Hall, the cornerstone of the University, which serves as the hub of its administrative offices and houses its main auditorium, was built in 1948. Additional dormitories and classroom buildings soon followed, including Ratliff Hall; the B.C. Rogers Student Center; the Leland Speed Library; Aven Hall, which houses the Departments of Communication, Music, and Art; and Self Hall, home to the MC School of Business.

More recent additions to the Clinton campus include the Hederman Science Building; Cockroft Hall, which is shared by the School of Nursing and the Department of Kinesiology; the A.E. Wood Coliseum, the University's basketball arena and the setting for degree ceremonies; and new sports facilities for baseball and football.

The University expanded its educational offerings when it opened the Mississippi College School of Law in downtown Jackson in 1975, just one year short of its 150th birthday.

From new buildings and new academic programs to successful fundraising drives, hiring award-winning faculty, and employing the latest technology, Mississippi College experienced tremendous advances under the leadership of presidents D.M. Nelson, R.A. McLemore, Lewis Nobles, and Dr. Howell Todd.

Todd's administration was committed to preparing Mississippi College for the 21st century. As part of that mission, he targeted a number of physical improvements that would maintain and replicate the MC campus's architectural character. Renovations and remodeling projects for Latimer-Webb, Mary Nelson, and Whittington residence halls were completed, while Self, Farr, and Aven Halls were also renovated. A multimedia language lab was added to Jennings Hall, and soundproof practice rooms for music students were installed in Aven Hall. New residence halls for men and women, a 106,000-square-foot health facility, and a math, computer science, and chemistry complex were also constructed. MCNet, a campus-wide computer network, was installed to offer a communications link and Internet access to all administrators, faculty, staff, and students.

## Entering the 21st Century

As the new century began, Todd's seven-year tenure as the University's president ended with his retirement in June 2001. The Board of Trustees appointed Dr. Lloyd Roberts, vice president for business affairs and professor of management, to serve as interim president until a new leader could be found.

On July 1, 2002, Dr. Lee G. Royce, the former president of Anderson University in South Carolina, became the 19th president of Mississippi College. That same year, the institution successfully completed the \$100 million "New Dawn" capital campaign. Begun in 1996, the project was the largest financial campaign in school history. With Royce at the helm, Mississippi College saw steady growth in enrollment, revitalization of its facilities, and extraordinary levels of giving. The student population climbed from just more than 3,200 to almost 5,300 students. That enrollment included an increase in the number of international students.

A five-year, \$65 million campaign to boost student scholarships, build the University's endowment, enhance its facilities, and strengthen its academic programs began in 2006. Despite a weak U.S. economy, the Board of Trustees increased the goal to \$80 million. The faith of the members of the Board was confirmed in fall 2011, when the "Growing the Vision" campaign concluded, having raised \$87.4 million.

The University's doctoral programs in educational leadership and professional counseling also added new students. MC made history in August 2011, when it awarded its first educational leadership doctorate to a Jackson elementary school principal.

MC continued to enhance its academic offerings with the addition of new programs. Begun in 2011, the Physician Assistant program is the first of its kind in the Magnolia State. The two-and-a-half-year Master of Science in Medicine program enrolled 90 students. Based in newly renovated facilities at the Baptist Healthplex, the program works closely with the University of Mississippi Medical Center and federal clinics and hospitals in the region to train professionals to work under the supervision of physicians. P.A. program graduates play critical roles in easing the medical care shortages in underserved areas of the state and nation. The first class, consisting of 29 students, graduated in December 2013.

While undergraduates continue to take advantage of the London Semester program, the Mississippi College School of Law offers overseas study programs in Germany, France, Mexico, China, and Korea. MC Law also offers students the opportunity to participate in moot court competitions, having sent 26 teams to regional/national competitions in recent years.

Mississippi College's extensive list of building projects includes a new front entrance to Robinson-Hale Stadium, a new soccer complex, and a baseball facility. New athletic facilities helped MC transition to NCAA Division II athletics, as it returned to the Birmingham-based Gulf South Conference in fall 2014. Adding to the building renaissance: a three-story parking garage, a prayer garden outside Alumni Hall, and a bookstore next door to Pimento's café in Olde Towne Clinton. Overlooking MC's hometown on a hilltop sits the Phillips House, a new residence for the MC president. The new medical sciences building opened in January 2013 and includes classrooms, a cadaver lab, and the latest research facilities.

Other notable construction projects include the August 2015 opening of the University Place residence halls. Costing \$16 million, the eight three-story units house 189 students.

The Mississippi College community has welcomed an all-star lineup of prominent national speakers for its spring scholarship dinners. New Orleans Saints quarterback Drew Brees spoke at the 2019 dinner, and renowned country music artist Reba McEntire participated in the 2022 event. Since 2008, the University's signature event has raised more than \$4.1 million for student scholarships. MC's impact on the local economy remains strong, with more than a \$75 million budget, more than 500 employees, and net assets exceeding \$172 million.

National and state recognition continues for Mississippi College. The fall 2017 issue of "U.S. News & World Report" ranked MC No. 12 as a Best Value School among the South's regional universities; MC was ranked the No. 1 online Christian college in the U.S. by [onlinechristiancolleges.com](http://onlinechristiancolleges.com) in summer 2019; "The Wall Street Journal" lauded MC as the best private college in Mississippi in fall 2019; [Intelligent.com](http://Intelligent.com) named MC the Best Christian Institution of Higher Learning in the state in fall 2022; [WalletHub](http://WalletHub.com) ranked MC as the state's best college and university, public or private, at the most reasonable cost to graduates in fall 2022; and the national Military Friendly® program once again selected MC as a Military Friendly® Silver School for the 2023-24 Military Friendly® Cycle.

Royce retired in late June 2018 after 16 extraordinary years leading the Christian University. He and his wife, Rhoda, moved to Northern Virginia. The Lee Royce Medical Science Center along College Street was named in his honor, while the Rhoda Royce Prayer Garden near Alumni Hall was named as a tribute to MC's former First Lady.

Dr. Blake Thompson became the University's 20th president on July 1, 2018. Inaugurated in March 2019 as MC's 20th president, Thompson's diverse background includes leadership in higher education, international research, and the U.S. government. The MC presidency represents a homecoming for Thompson and his wife, Jana, both raised in the small community of Rienzi, Mississippi.

Thompson was formerly vice president and secretary to the Board of Trustees at Ohio State University. He had several leadership positions at 66,000-student OSU, one of the largest universities in the country. Thompson served as vice president for economic and workforce development, led the university's Science and Technology Campus, and spearheaded the development of the endowed Battelle Center for Science and Technology Policy.

In addition to his duties with OSU, Thompson had a joint vice-presidential appointment with Battelle, the world's leading nonprofit research and development organization. He also served in Washington, D.C., as a senior staffer to the U.S. Senate Appropriations Committee and to the late Sen. Thad Cochran. The Thompsons, who operate a blueberry farm in North Mississippi, are both graduates of the University of Mississippi School of Pharmacy. Thompson received three degrees in pharmaceutical sciences from the University of Mississippi, including his doctorate. He has an executive master's degree from the Georgetown University School of Business. The Thompsons have three children: Grey, Sarah Blake, and Cate.

During the early stages of the Thompson era, MC enrollment climbed to 5,138 students in fall 2018, including the law school.

Mississippi College programs are truly world-class. In fall 2017, the Association to Advance Collegiate Schools of Business International granted accreditation to the MC School of Business. Only 25 percent of business schools in the U.S. and less than 5 percent of business schools worldwide have achieved this recognition.

The passage rate for Mississippi College students taking the Physician Assistant National Certifying Exam is 97 percent, or the national average. The MC School of Nursing passage rate on national standardized exams is 94 percent. The graduates must pass these exams to enter their respective professions.

MC made history with Anthony Jackson's election as the first African American to serve as Student Government Association president on the Clinton campus in 2018-19.

Thompson launched the institution's first Honors College. The first 14 freshmen enrolled in August 2019. He expanded international programs by creating the Edward McMillan Center for Education Abroad. The center is named for a longtime history professor and administrator who established the London Abroad program in 1990. McMillan died in 2018. Dr. Beth Stapleton, a 1992 MC graduate and a Spanish and linguistics professor, heads the center.

The MC Dyslexia Center was expanded in January 2019 to include additional rooms to evaluate children with the learning disability, and other offices. New classes for MC in fall 2019 included a master's degree in nursing, and the MC Choctaws football program continued to progress under head coach John Bland, who was named co-coach of the year in the Gulf South Conference in 2019.

The MC story in 2020 focused on its response to the global COVID-19 pandemic. Following Spring Break in March, MC switched to virtual learning for the remainder of the semester.

In July 2020, MC adopted the focus "Strong & Courageous" for the 2020-21 academic year. The theme was drawn from Joshua 1:9: *"Have I not commanded you? Be strong and courageous. Do not be afraid; do not be discouraged, for the Lord your God will be with you wherever you go."*

The University welcomed students back to campus for the fall 2020 semester. Faculty and students wore masks and adhered to strict COVID-19 safety standards to keep the campus open and keep everyone safe.

The year 2020 also focused on racial and social justice in America. MC took a strong stand in favor of changing Mississippi's state flag to a design that did not include the Confederate battle emblem. In a letter outlining MC's stance on the issue, Thompson wrote:

*"Our flag is hurtful to a significant number of people in our state. It is perceived by many Mississippians as a symbol of hatred, bigotry, and racism. It does not build up. It does not honor our neighbors. It does not reflect devotion to one another. Instead, we need a symbol that represents all that's good about Mississippi."*

The state flag was changed in 2020 to a more inclusive design that includes the phrase, "In God We Trust."

Mississippi College filled a key administrative post in 2020 with the hiring of Dr. Keith Elder, a distinguished administrator and scholar in the public health field. Elder joined MC as provost and executive vice president in July.

Renovations to MC's Alumni Hall, including the addition of Chick-fil-A and Einstein Bros. Bagels restaurants, were completed just as the fall semester began. MC admitted 15 additional students to its Honors College for the fall 2020 semester and hosted its first virtual commencement on Dec. 12, 2020, to honor 1,400 graduates.

The University launched a new church partnership program in late spring 2021. This program is open to all Mississippi Baptist churches and guarantees a minimum financial aid package of \$10,000 per year to residential students who are members of partner churches.

One of the nation's leading providers of education services included the Mississippi College School of Law on its 2022 Best Law Schools list. The Princeton Review, one of the most trusted tutoring, test preparation, and admission organizations, named MC Law to its roll call of prestigious legal education institutions after a rigorous review of the school's institutional and student survey data. In addition, the organization ranked MC Law No. 9 in the nation for "Most

Conservative Students," a distinction the Princeton Review calls an area "that college applicants and their parents told us mattered to them."

The old Clinton Junior High School building on the East Campus, acquired by MC in 2010, will be dedicated in spring 2023 as the Sam Gore Arts Complex in honor of the renowned artist and "founding father" of MC's Art Department. It includes studios for drawing, painting, sculpting, papermaking, pastels, and woodworking. It features an outdoor, covered kiln courtyard for firing ceramics, which was high on Gore's list of priorities for the department.

MC offered two fully accredited minor programs of study - one in African American studies and the other in missions – in the fall 2022 semester that expanded the Christian University's repertoire of world-class educational offerings and enhanced its mission to promote the spiritual, social, and emotional development of its students. Students majoring in any academic discipline may seek to obtain either of the minors designed to inspire them to lead lives centered on Christ.

In July 2022, Mississippi College administrative leaders gathered with members of the Choctaw Tribal Council to witness Thompson and Cyrus Ben, tribal chief of the Mississippi Band of Choctaw Indians and a 2001 MC graduate, sign a memorandum of understanding solidifying the Christian University's special relationship with the only federally recognized American Indian tribe living in Mississippi. The MOU created a valuable tuition assistance program for Choctaw students and established an expanded cultural exchange between MC and the MBCI. Ben was selected as the distinguished speaker at Mississippi College's Central Ceremony during the University's Spring Commencement.

In the fall of 2022, MC introduced an enhanced version of the University's iconic brand mark and a vibrant new athletic logo. The traditional MC letters received a nuanced adjustment, with clean, symmetrical lines, sharp, thin edges, and a more modern look, while the new colors are a richer version of the beloved blue and gold. The new athletic logo is a stylized profile of an eagle, an important animal in the culture of the Choctaw people, adorned with feathers modeled after those prominently displayed in Choctaw culture, offset by diamond shapes commonly found in items crafted by Choctaw artisans. The refreshed look was part of a new branding initiative at the University to make certain elements of MC's look more cohesive and appealing to the next generation of students and quietly set the stage for the institution's upcoming bicentennial celebration.

The Rankin Mission Center, a dynamic, interactive exhibit filled with displays, artifacts, and resources donated to the University by Dr. Jerry A. Rankin, president emeritus of the Southern Baptist Convention International Mission Board, was dedicated on Oct. 28, 2022. The highlight of the newly renovated Baptist Student Union building, the center serves as an invaluable archive for mission scholars and an inspirational resource for students interested in following in the footsteps of the internationally known mission leader, MC Hall of Famer, and longtime adjunct mission professor in the School of Christian Studies.

In March 2023, Anthony Thaxton, filmmaker, television producer, artist, writer, and 2019 Distinguished Art Alumnus of the Year, and Robert St. John, writer, restaurateur, filmmaker, and producer, announced the establishment of the Institute for Southern Storytelling at Mississippi College. Located at the Gore Arts Complex, the Institute will bring an interdisciplinary approach to storytelling through studying the Southern experience. Thaxton, an honors graduate of MC and a Southeast EMMY Award recipient, said the Institute will give MC students a place to become apprentice filmmakers and storytellers with professional collaborators.

Beginning with the fall 2023 semester, Mississippi College is the only institution of higher learning in the state to offer full-tuition scholarships for all qualified students from Mississippi. The Leland Speed Scholarship provides full tuition for all admitted high school or undergraduate transfer students who are residents of the Magnolia State. Eligible students who receive the Speed Scholarship pay no tuition, and all federal, state, and institutional grants and scholarships can be applied to their remaining balance. Thompson calls the scholarship a legacy that will allow generations of young people in Mississippi to attend MC. The visionary Jackson businessman and real estate developer served for more than four

decades as a member of the MC Board of Trustees. He was serving as chair of the Mississippi College Foundation Board at the time of his death on Jan. 27, 2021.

## Presidents of the University

### Under Municipal Control

Rev. F. G. Hopkins, Principal	1826 to 1828
Rev. Daniel Comfort, Principal	1828 to 1834
I. N. Shepherd, Principal	1835 to 1836
E. N. Elliott, President	1836 to 1837
Rev. Daniel Comfort	1837 to 1841
Rev. Alexander Campbell, D.D.	Jan. to April 1842

### Presbyterian Affiliation

Rev. Alexander Campbell, D.D.	1842 to 1844
Rev. Robert McLain (Pro Tem)	1844 to 1845
Rev. Daniel Comfort	1845 to 1846
Rev. Simeon Colton, D.D.	1846 to 1848
Rev. Consider Parish	1848 to 1850

### Baptist Affiliation

Isaac Newton Urner, LL.D.	1850 to 1867
Rev. Walter Hillman, LL.D.	1867 to 1873
Rev. Warren Sheldon Webb, D.D.	1873 to 1891
Rev. Robert Abram Venable, D.D.	1891 to 1895
John William Provine, Ph.D., LL.D., Chmn. Faculty	1895 to 1897
John William Provine, Ph.D., LL.D.	1897 to 1898
Rev. William Tyndale Lowrey, LL.D.	1898 to 1911
John William Provine, Ph.D., LL.D.	1911 to 1932
Dotson McGinnis Nelson, Ph.D., LL.D.	1932 to 1957
Richard Aubrey McLemore, Ph.D.	1957 to 1968
Lewis Nobles, Ph.D.	1968 to 1993
Rory Lee, Ed.D. (Acting)	1993 to 1994
Howell W. Todd, Ph.D.	1994 to 2001
Lloyd Roberts, Ph.D. (Interim)	2001 to 2002
Lee G. Royce, Ed.D.	2002 to 2018
Blake Thompson, Ph.D.	2018 to ____

# Board of Trustees, Mississippi College

## Terms Expire in 2024

Rev. Barry Corbett  
Ms. Tina Fulcher  
Cong. Gregg Harper  
Ms. Jane Hederman  
Dr. Jeff Holland  
Hon. Tom Lee  
Mr. Paul Moak, Jr.  
Mr. Ronnie Smith
