OFFICE OF PUBLIC SAFETY

The Office of Public Safety is committed to the safety and welfare of the entire Mississippi College community. The MCPS employs a staff of 40 who manage patrol duties, traffic control, investigations, communications, crime prevention, administrative duties, and educational programming. The staff is comprised of highly qualified personnel, many of whom have a combination of college degrees, federal agency/ police/ fire/ emergency management experience, and unique management skills that contribute to the overall diversity of the department. Patrol, communications, and administrative personnel participate in numerous training sessions throughout the year in a continuous effort to provide the best possible service to the campus community. Located on the first floor of Alumni Hall, the Office of Public Safety is available for service calls 24 hours a day, 7 days a week, 365 days a year. Office hours are 8:00 AM- 4:30 PM Monday - Friday.

In addition to the main campus, The Mississippi College Office of Public Safety is responsible for providing the security needs for the School of Law in

downtown Jackson. All visible patrols, access control, and video surveillance is performed by staff members of the Office of Public Safety who report directly to the Director. The Office of Public Safety is also charged with accumulating all data and reports concerning criminal activity that may take place at the School of Law.

The Mississippi College Office of Public Safety utilizes a reporting software program called Omnigo. This web-based program allows officers to complete reports from multiple multimedia devices including desktops, laptops, and tablets. The reports are then categorized to determine if they are Clery related crimes. If so, they are populated into a yearly report based on crime type and location. The Omnigo software also incorporates a Computer Aided Dispatch system that directly communicates with the reporting software to enhance accuracy and timeliness of crime data. Additionally, the software provides an up to date crime log that is available to anyone requesting that information.

Director of Public Safety

Warren assumed the role of Director of Public Safety in March 2016. Before coming to Mississippi College, Warren was the Chief of Police for the Clinton, Mississippi Police

Department. At that department, he started as a dispatcher in 1982. From there, he rose through the ranks of Sergeant, Lieutenant, and Captain before being appointed Chief in 2013. During his 34-year law enforcement career, Warren was certified as a Level III accident reconstructionist, and received training in response to terrorist bombings and post-blast investigations. He received training in the FEMA Incident Command System, and numerous state and local anti-terrorism activities. Warren also assisted in planning and coordinating several multi-agency disaster and crisis response training scenarios. In addition to his role at Mississippi College, Warren serves on the Executive Board of the Jackson Division FBI Joint Terrorism Task Force. Prior to joining the Clinton Police Department, Warren graduated from the Clinton High School, and received a degree in Criminal Justice from Hinds Community College. He spent ten years in the Army, and served in Desert Storm as a Sergeant First Class in a military police unit.

Assistant Director of Public Safety

Perkins has worked for the Office of Public Safety since 2007. He holds a Bachelor of Science in Administration of Justice and a Master of Social Science in Administration of Justice from Mississippi

College. His master's studies included the Administration of Police Personnel, Physical Security, Police Process, Corrections, Homeland Security and International Terrorism. During this time, he interned with the Warren County Sheriff's Office in Vicksburg, Mississippi.

Perkins has completed specialized study in the areas of Campus Crime Prevention, Narcotics Investigation, Active Shooter Response, State and Local Anti-Terrorism Training, several courses on the National Incident Management System and Incident Command. His assignments include patrol officer, supervising officer, training officer and he is currently the Assistant Director for the Office of Public Safety. His duties include supervising the Patrol Division, Investigations, Electronic Surveillance Division and Dispatch. He is also a certified Rape, Aggression, Defense Systems (R.A.D.) instructor and campus crime prevention officer. Perkins manages the current operations of the Office of Public Safety, serves on the Title IX Committee, is the Clery Compliance Officer, and is responsible for the university's Campus Safety and Security Report and the Annual Security Report. In 2016, prior to Chief Warren's start date, Perkins successfully served as the Interim Director of Public Safety. Perkins is a reserve police officer with the Clinton Police Department. Additionally, he serves as an adjunct instructor in the Mississippi College Administration of Justice program, with teaching emphasis in campus crime and physical security.

THE CLERY ACT

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC 1092 (f)) is a federal law passed in 1990 as an amendment to the Higher Education Act of 1965. Otherwise known as the Clery Act, it mandates that all colleges and universities that receive federal financial assistance must disclose certain timely and annual information concerning campus crime and safety. Each year the updated report must be distributed to current students and employees. Prospective students and employees also must be made aware of the availability of the report. In 1990, Congress enacted the Crime Awareness and Clery Act (Title II of Public Law 101–542), which amended the Higher Education Act of 1965 (HEA). This act required all postsecondary institutions participating in Title IV student financial aid programs to disclose campus crime statistics and security information. The act was amended in 1992, 1998 and 2000.

The 1998 amendments renamed the law the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act in memory of Jeanne Clery, a student who was slain in her dorm room in 1986. The Clery Act requires higher education institutions to give timely warnings of crimes that represent a threat to the safety of students or employees, and to make public their campus security policies. It also requires that crime data are collected, reported, and disseminated to the campus community and are also submitted to the U.S. Department of Education. The act is intended to provide students and their families, as higher education consumers, with accurate, complete and timely information about safety on campus so that they can make informed decisions.

THE CLERY ACT

The Clery Act requires colleges and universities to:

- 1) Publish an annual report every year by October 1st containing the last three years of campus crime statistics and fire safety statistics as well as certain campus security policies.
- 2) Disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain non-campus facilities and remote classrooms. The statistics must be gathered from campus police, local law enforcement agencies, and other University officials who have significant responsibility for student and campus activities.
- 3) Provide Timely Warning notices of those crimes that have occurred and pose an ongoing "threat to students and employees.
- 4) Implement emergency notification procedures if there is an immediate threat to the health or safety of students or employees on campus.
- 5) Disclose in a public crime log any crime that occurred on campus or within the patrol jurisdiction of the campus police or the campus security department and is reported to the campus police or security department.
- 6) Maintain a public fire log, which is a record of any fire that occurred in an on campus student housing facility.
- 7) Disclose any agreements with state and/or local law enforcement

Mississippi College Office of Public Safety meets these minimum requirements and works diligently to exceed them.

VAWA Amendment to Clery

In 2013, the Violence Against Women Reauthorization Act made additional changes to the Clery Act. New crimes were added to those that must be reported and new protected statuses were added as hate crime criteria. In addition, institutions are required to provide primary prevention and awareness programs to all incoming students and new employees to include certain requirements in the grievance procedures associated with sexual assault, domestic violence, dating violence, and stalking and to provide written information to students and employees who are victims of certain crimes.

THE OFFICE OF PUBLIC SAFETY

AUTHORITY AND JURISDICTION

Jurisdiction

The Office of Public Safety establishes and maintains communications with the officially recognized civil and criminal law enforcement authorities of the Cities of Clinton and Jackson, and Hinds County via operational policy understandings and mobile radio units with a stationary base unit, located in the Office of Public Safety. In the event that they are needed, Mississippi College will request assistance from the Clinton Police Department, Hinds County Sheriff's Office, and/or any other agency deemed necessary. Public Safety Officers are authorized to write traffic citations on campus, take reports, and conduct investigations and searches within the boundaries of Mississippi College property.

The Office of Public Safety maintains an MOU with the Clinton Police Department. The Memorandum of Understanding (MOU) exists to streamline the flow of communication, and improve on the interoperability between the two departments. In addition, Mississippi College works very closely with the Clinton Police Department, and officers from that agency patrol the campus with Office of Public Safety Officers. All known or suspected violations of University policy or state and/or federal crimes should be reported either to the Office of Public Safety, located on campus in the first floor of Alumni Hall at (601) 925-3204, or to the Clinton Police Department at (601) 924-5252. This includes crimes pertinent to Mississippi College both on and off campus.

Authority

Officers are authorized and directed to make citizen's arrests of individuals creating disturbances against the general peace, interfering with the security of the physical plant, facilities or grounds, or interfering with or disturbing the safety and the general welfare of members of the Mississippi College community. When such a citizen's arrest is necessary, the Office of Public Safety shall, as promptly as possible, and beforehand if reasonable, request civil or criminal law enforcement authorities to respond and assist.

MONITORING OF OFF CAMPUS CRIMINAL ACTIVITY

Because of the close working relationship between the Mississippi College Office of Public Safety and the Clinton Police Department, campus authorities are often notified when criminal activity involving students, faculty and staff occurs near the campus. Office of Public Safety personnel often work with the Clinton Police Department during investigations involving the campus community.

CAMPUS SAFETY SERVICES

The Office of Public Safety provides several services to students, faculty, staff, and visitors to campus. One of the most visible services that the department provides is that of safety escorts to any member of the campus community that feels unsafe or uncomfortable. This could include safety escorts via walking, golf carts, or patrol vehicles. Examples could include students and faculty that do not want to walk to their vehicles at night, or walking from building to building after dark. The Office of Public Safety does not offer lock out services for vehicles, but can provide a list of businesses that do. Public Safety Officers are available 24/7, 365 days a year to provide these services, and can be contacted at (601) 925-3204.

EMERGENCY CODE BLUE PHONES

Emergency phones, known as “Code Blue Poles,” are strategically located at more than 20 campus sites. When the emergency button is activated on one of the Code Blue poles, it calls both the Office of Public Safety and/or Clinton Police Department, and a direct line is opened with the responding dispatcher. The blue light on top will also flash, alerting responding officers and others in the area that the emergency pole has been activated, and there is an emergency situation in progress. The Code Blue poles are to be used strictly for emergencies, and a campus citation will be issued for misuse of the emergency Code Blue system. The locations of the Code Blue emergency poles are as follows:

- South of Latimer-Webb Residence Hall
- Below the A.E. Wood Coliseum
- Below the Baseball Field
- Tennis Courts

ACCESS TO CAMPUS FACILITIES AND RESIDENCE HALLS

During non-operating hours, academic buildings are secured by the Office of Public Safety. Once a building is secured, access may be gained only by authorized persons with Mississippi College issued identification cards using proximity card readers, keys, or by contacting the Office of Public Safety. Residence Halls are locked 24/7 via magnetic locks, and can only be accessed using authorized identification cards. Identification cards are residence hall specific, and residents can only enter their hall using the card. Between 2015 and 2019, the Office of Public Safety replaced the magnetic strip card readers with proximity card readers on the residence halls and academic buildings that utilize card readers. These not only enhance the security of each building, but also provide greater accessibility for the campus community.

Periodic surveys are conducted by administrators of the Office of Public Safety, Physical Plant, and Telecommunications to ensure that all areas of campus are as safe as possible. This could include checking locks, landscaping, and emergency exits to be certain that there are no faults or obstructions that could hinder the safety of the campus community.

CRIME/EMERGENCY REPORTING

Students, employees, and visitors are strongly encouraged to report any criminal offense, suspected criminal activity, or other emergency to the Mississippi College Office of Public Safety. To report an emergency or crime, please call 601-925-3204 or 3204 from any campus telephone. Safety Officers are the primary responders to any emergency or criminal situation on campus. Please be prepared to provide your name, location, and telephone number. An operator will direct the appropriate response to your emergency. We encourage students and employees to store this number in their cell phone to use in case of needing a non-emergency service from Public Safety.

Dialing 9-1-1 will put you in contact with the Clinton Police Department, who can also dispatch emergency services to Mississippi College.

E-mail is not an effective method of reporting crimes in progress. E-mail is not continuously monitored throughout the day.

CAMPUS SECURITY AUTHORITIES

Mississippi College is required to disclose statistics concerning the occurrence of certain criminal offenses reported to local law enforcement agencies or any official of the institution who is designated a Campus Security Authority.

The law defines a “Campus Security Authority” as: “An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings.” The function of a CSA is to report all allegations of Clery Act crimes for the purpose of making timely Security Alerts and including the information in the annual disclosure statistics. Mississippi College Campus Security Authorities include, but are not limited to: public safety personnel, members of the administration, deans, department chairs, center and program directors, athletic directors, coaches, resident directors and resident assistants.

The criminal offenses for which these officials are required to disclose statistics are murder/non-negligent manslaughter, negligent manslaughter, sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, arson, liquor law violations, drug abuse violations, and weapons violations. The Office of Public Safety sends a letter to each Campus Security Authority at the beginning of each school year outlining responsibility to report appropriate campus crime data.

Mississippi College requires all Campus Security Authorities to participate in yearly training. CSAs receive training through the Clery Center’s Campus Security Authority (CSA) Training Video, which informs CSAs of their role and responsibilities under the Clery Act. While the training is required for all CSAs, it is made available for all Mississippi College faculty and staff.

CONFIDENTIAL REPORTING PROCEDURES

Occasionally, victims of crime wish to make a report but do not wish to be identified or pursue additional services through the court system. The Silent Witness form on the Office of Public Safety website allows for the confidential reporting of any type of criminal activity on campus. This is an anonymous system that alerts the Office of Public Safety via email whenever information is submitted. Information that is received via this system is followed up by the MCPS staff.

It can be accessed at: **<http://www.mc.edu/offices/safety/silent-witness>**

Additionally, multiple offices and departments work together in the university's reporting structure. Confidential reporting forms for student code violations, concerning behavior, sexual misconduct, and hazing are available on the Student Affairs webpage.

They can be found at: **<https://www.mc.edu/student-affairs/report-incident>**

As allowed by the Clery Act, pastoral and professional counselors who receive reports are not required to report these crimes to the Office of Public Safety for inclusion into the campus crime statistics

or for the purpose of a Timely Warning. These positions are defined as follows:

Pastoral Counselor - a person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor

Professional Counselor – a person whose official responsibilities include providing mental health counseling to members of the institution's community and who is functioning within the scope of his or her license or certification

Certain other university departments may accept confidential reports from a victim. The Clery Act requires these departments to report the crime to the Office of Public Safety. This reporting allows the university to maintain accurate records on the number of incidents, determine if there is a pattern of crime with regard to a particular location, method or assailant, and alert the campus community of an ongoing threat if needed.

WEAPONS ON CAMPUS

The possession and/or use of weapons is prohibited on the Mississippi College campus. The possession and/or use of weapons is a violation of the Student Code. The Student Code of Conduct considers the following behavior as inappropriate behavior for the Mississippi College community and in opposition to the core values of the institution

Students may contact the director of SCDS to schedule an appointment for an assessment (mbryant@mc.edu or 601.925.7790).

It is the desire of Mississippi College to have a totally Drug Free environment, where the body, as the temple of God, is allowed to remain healthy and grow in stature and where the mind is allowed to grow in wisdom.

MISSING STUDENT POLICY

Purpose

In compliance with the Higher Education Reauthorization Act of 2008, the purpose of this policy is to establish procedures for reporting, investigating and emergency notification as it relates to resident students at Mississippi College who is believed to be missing.

Policy

A resident student may be considered to be a “missing student” if the student’s absence is inconsistent to his/her usual pattern of behavior and unusual circumstances may have caused the absence. Such circumstances could include, but not be limited to, a report or suspicion that the missing person may be the victim of foul play, has expressed suicidal thoughts, is drug dependent, is in a life-threatening situation, or has been with persons who may endanger the student’s welfare. Before assuming that a student is missing, all necessary rational measures should be taken to determine if the student is missing.

Any member of the university community who is concerned for a residential student, who might be missing, should contact the Office of Public Safety, (601) 925-3204 or the Office of the Associate Dean of Students, (601) 925-3275, immediately after determining a student is missing by the above definition.

In case of emergency, please contact Clinton Police Department by dialing 911 or (601) 924-5252, immediately

Procedures for Designation of Confidential Emergency Contact Information

1. A residential student is any student residing in a Mississippi College operated or leased residential facility.
2. Students will be given the opportunity during each year's housing application process to designate an emergency contact (not necessarily a parent).
3. The emergency contact will be notified by the college no more than 24 hours after the time that the student is determined to be missing.
4. A designation will remain in effect until changed or revoked by the student.
5. In the event a student who is under the age of 18 and is not emancipated is determined to be missing, Mississippi College is required to notify a custodial parent or guardian, in addition to the student's designated contact, no more than 24 hours after the student is determined to be missing.
6. Only authorized campus officials, in compliance with their responsibilities, and law enforcement officers assisting in a missing person investigation, may have access to emergency contact or confidential contact information.

Investigating Missing Students

Any report of a missing student will be immediately referred and investigated by the Office of Public Safety no later than 24 hours after a residential student is deemed missing. The Office of Public Safety will contact the appropriate law enforcement agency to report the student as a missing person and the local law enforcement agency will take charge of the investigation.

Notifying Emergency Contact Person

If the Office of Public Safety or law enforcement personnel has been notified and makes a determination that a student who is the subject of a missing person report has been missing for more than 24 hours and has not returned to campus, the Associate Dean of Students will notify the emergency contact (for students 18 and over) or the emergency contact and the custodial parent or guardian (for students under the age of 18) of the student who is believed to be missing.

SEXUAL MISCONDUCT & RELATIONSHIP VIOLENCE POLICY

Article I: Introduction

Mississippi College is committed to maintaining a Christian environment for work, study, and social activities. As a Christian institution of higher education, Mississippi College has a moral commitment to the worth and dignity of all individuals. The university's policy of opposition to sexual misconduct is not simply a legal requirement, it is a direct result of Mississippi College's unwavering commitment to Christian and moral values as expressed in its Vision, Values, and Mission.

Scope of the Policy

Sexual misconduct, in reference to this policy, shall be defined by Title IX of the Education Amendments of 1972 and the Violence Against Women Reauthorization Act of 2013. The Sexual Misconduct & Relationship Violence Policy, as defined by this policy, applies to any allegation of sexual misconduct against a member of the Mississippi College campus community, regardless of where the alleged sexual misconduct occurred. Although there is no geographical limitation to invoking this policy, sexual misconduct that is alleged to have occurred at a significant distance from the university may be more difficult to investigate. For this reason, victims of sexual misconduct away from the university campus are especially encouraged to notify local authorities to assist in the investigation.

Privacy & Confidentiality

Mississippi College is committed to facilitating an environment that encourages members of the campus community to come forward if they have experienced any form of sexual misconduct. The university will endeavor to protect the identities and privacy of those who seek help or who report sexual misconduct. However, it is important to understand the limits on confidentiality of individuals who may be contacted for such assistance. Different people, depending on their positions, have different obligations with regard to confidentiality. Members of the campus community can expect confidentiality from Student Counseling Services, Student Health Services, and campus ministers. See "Reporting Sexual Misconduct" below for more information regarding confidential communication and responsible parties.

Amnesty Policy

It is assumed that every student enrolling at Mississippi College agrees to conduct himself or herself in a manner conducive to the highest sort of mental and moral development in keeping with the ideals and traditions of the College as outlined in the Mississippi College Student Code of Conduct. Mississippi College has a primary objective to promote the reporting of instances of sexual misconduct so those affected can receive the support and resources needed. Reports of sexual misconduct, made in good faith by complainants who may have violated the Mississippi College Student Code of Conduct at the time of the sexual misconduct incident, are granted amnesty from disciplinary actions under the Mississippi College Student Code of Conduct.

Article II: Authority on Issues of Sexual Misconduct

1. The Title IX Coordinator, in cooperation with the Chief Conduct Officer, shall determine the composition of all hearing bodies and appellate bodies for violations of the sexual misconduct policy. The Title IX Coordinator has the delegated responsibility to determine which conduct body, conduct officer and appellate body shall be authorized to hear each case.
2. The Title IX Coordinator, in cooperation with the Chief Conduct Officer shall develop policies for the administration of the sexual misconduct policy and procedural rules for the conduct hearings which are consistent with provisions of the Mississippi College Sexual Misconduct & Relationship Violence Policy.
3. As designated by this policy, decisions made and sanctions recommended by the Sexual Misconduct Hearing Board shall be final, pending the normal appeal process.

Article III: Definitions

1. The term "College," "University," "Institution," or "MC" means Mississippi College.
2. The term "student" includes all persons taking courses at Mississippi College, both full-time and part-time, pursuing undergraduate, graduate, doctorate or professional studies and those who attend post-secondary educational institutions other than Mississippi College and who reside in Mississippi College residence halls. A person who is not officially enrolled for a particular term but has a continuing relationship with Mississippi College is considered a "student."
3. The term "faculty member" means any person assigned by the College to conduct classroom activities.
4. The term "College official" includes any person performing assigned administrative or professional responsibilities.
5. The term "member of the College community" includes any person who is a student, faculty member, College official or any other person employed by Mississippi College. A person's status in a particular situation relative to this code shall be determined by the Chief Conduct Officer.
6. The term "College premises" or "College property" includes all land, buildings, facilities, and other property in the possession of, or owned, used or controlled by Mississippi College including adjacent streets and sidewalks.
7. The term "organization" means any number of persons who have complied with the formal requirements for recognition of an organization at Mississippi College.
8. The term "complainant" refers to the individual or individuals who bring forth a complaint against another student. A complainant could be any member of the Mississippi College community.
9. The term "respondent" refers to the student or students accused of a violation of the Mississippi College Sexual Misconduct & Relationship Violence Policy.
10. The term "information" includes, but is not limited to, any and all pertinent records, exhibits and written statements relating to an incident and/or violations of the Mississippi College Sexual Misconduct & Relationship Violence Policy.
11. "Consent"
Effective consent is informed, freely and actively given, in mutually understandable words or actions, by each participant, which indicates a willingness to participate in mutually agreed upon sexual activity.
In the absence of mutually understandable words or actions (a meeting of the minds on what is to be done, where, with whom, and in what way), it is the responsibility of the initiator, that is, the person who wants to engage in the specific sexual activity, to make sure that they have consent from their partner. Relying solely upon non-verbal communication can lead to miscommunication. It is important not to make assumptions. If confusion or ambiguity on the issue of consent arises anytime during the sexual interaction, the initiator should stop and verbally clarify the other individual's willingness to continue.
Consent is mutually understandable when a reasonable person would consider the words or actions of the parties to have manifested a mutually understandable agreement between them to do the same act, in the same way, at the same time, with each other.
Consent which is obtained through the use of fraud or force, whether that force is physical force, threats, intimidation, or coercion, is ineffective consent. Intimidation or coercion is determined by reference to the reasonable perception of a person found in the same or similar circumstances.

Consent may not be inferred from silence, passivity or lack of active resistance alone. Consent may never be given minors, mentally disabled persons, or physically incapacitated persons.

Silence, previous sexual relationships, and/or current relationship with the respondent (or anyone else) may not, themselves, be taken to imply consent. Consent cannot be implied by attire, or inferred from the buying of dinner, the giving of or exchange of any gifts, or the spending of money on a date.

Consent to one type of sexual act may not, in itself, be taken to imply consent to another type of sexual act. Consent has an expiration date. Consent lasts for a reasonable time, depending on the circumstances. Consent to sexual activity may be withdrawn at any time, as long as the withdrawal is communicated clearly; upon clear communication, all sexual activity must cease.

12. "Incapacitation"

Incapacitation means being in a state where a person lacks the mental or physical capacity to appreciate the fact that the situation is sexual, or cannot appreciate (rationally and reasonably) the nature and extent of that situation or its potential consequences.

One who is physically incapacitated as a result of alcohol or other drug consumption (voluntarily or involuntarily), or who is unconscious, unaware, or otherwise physically helpless, is incapable of giving consent. One may not engage in sexual activity with another who one knows, or should reasonably have known is incapacitated as a result of alcohol or drugs. The use of alcohol or drugs can lower inhibitions and create an atmosphere of confusion over whether consent is freely and effectively given. The perspective of a reasonable person will be the basis for determining whether one should have

known about the impact of the use of alcohol or drugs on another's ability to give consent. Being intoxicated or high does not diminish one's responsibility to obtain consent and is never an excuse for acts covered under "Article III, Section X: Sexual Misconduct.")

13. The term "proceedings" refers to all activities related to an institutional conduct complaint, including, but not limited to, fact finding investigations, formal or informal meetings, and hearings.
14. The term "results" refers to any initial, interim, and final decision by any official or entity authorized to resolve disciplinary matters within the institution.
15. The term "advisor" refers to an individual who provides the accuser or accused support, guidance, or advice. An advisor may not participate directly in a student conduct conference and/or hearing process nor may an advisor address any participant in the student conduct conference and/or hearing process other than the student the advisor represents. An attorney will not be allowed to serve as an advisor.
16. The term "programs to prevent sexual misconduct & relationship violence" refers to comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end sexual misconduct & relationship violence that:
 - a. Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research or assessed for value, effectiveness, or outcome; and
 - b. Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community, and societal levels

Programs to prevent sexual misconduct & relationship violence include both primary prevention and awareness programs directed at incoming students and new employees and ongoing prevention and awareness campaigns directed at students and employees.

17. The term “awareness programs” refers to community-wide or audience specific programming, initiatives, and strategies that increase audience knowledge and share information and resources to prevent violence, promote safety, and reduce perpetration

18. The term “bystander intervention” refers to safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of programs to prevent sexual misconduct & relationship violence.

Bystander intervention includes:

- Recognizing situations of potential harm
- Understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking actions to intervene

19. The term “ongoing prevention and awareness campaigns” includes programming, initiatives, and strategies that are sustained over time and focus on increasing understanding of topics relevant to and skills for addressing programs to prevent sexual misconduct & relationship violence, using a range of strategies with audiences throughout the institution

20. The term “primary prevention programs” refers to programming, initiatives, and strategies informed by research or assessed for value, effectiveness, or outcome that are intended to stop sexual misconduct & relationship violence before they occur through the promotion of positive and healthy behaviors that foster healthy,

mutually respectful relationships and sexuality, encourage safe bystander intervention, and seek to change behavior and social norms in healthy and safe direction.

21. The term “risk reduction” refers to options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.

22. The term “prompt, fair, and impartial proceeding” refers to a proceeding that is completed within reasonably prompt timeframes designated by an institution’s policy, including a process that allows for the extension of timeframes for good cause and with written notice to the accuser and the accused of the delay and the reason for the delay;

Conducted in a manner that:

- a. Is consistent with the institution’s policies and transparent to the accuser and accused;
- b. Includes timely notice of meetings at which the accuser or accused, or both, may be present; and
- c. Provides timely and equal access to the accuser, the accused, and appropriate officials to any information that will be used during informal and formal disciplinary meetings and hearings; and
- d. Conducted by officials who do not have a conflict of interest or bias for or against the accuser or the accused

Examples of sexual exploitation include, but are not limited to:
- i. Invasion of sexual privacy
 - ii. Prostituting another student
 - iii. Non-consensual video or audio taping of sexual activity

Article V: Initial Steps & Reporting

Initial Steps to Take if You Experience Sexual Misconduct

Sexual assault, harassment, and other forms of sexual misconduct or relationship violence can have profound impacts on personal, professional, and academic life. If you have experienced sexual misconduct of any kind, the University urges you to take action to seek the help and support that you need. Individual experiences of sexual misconduct vary widely, as do people's needs. You have choices about what to do and when, and the University has people who can explain the options, answer your questions, and support you along the way.

Immediate Steps

1. Go to a safe place. In the immediate aftermath of a sexual assault, sexual violence, or other forms of sexual misconduct, the most important step to take is to get to a safe place. Whether it be your home, a friend's home, or with a family member, immediate safety is what matters most.
2. Seek medical treatment. If you have experienced physical or sexual violence, it is important to get care as soon as possible. Even if you feel okay, you may be injured or at risk of contracting a sexually transmitted infection or becoming pregnant. If you were sexually assaulted within the past 72 hours, you should strongly consider having physical forensic evidence collected at the time of your medical examination.

Preserving Evidence

1. Avoid activities that may alter or destroy evidence of sexual misconduct that is criminal in nature. Should a person experience physical or sexual violence of a criminal nature, it is important to preserve any evidence in the event the person wishes to pursue criminal charges.

A Sexual Assault Nurse Examiner (SANE) is available through Mississippi Baptist Medical Center, or other local hospitals (See additional resources in Article IX of this policy). If a victim goes to the hospital, local police will be notified but victims are not obligated to talk to the police or to pursue prosecution. Having the evidence collected in a professional manner will help keep options open for victims to pursue criminal prosecution, but will not obligate victims to do so.

Victims wishing to preserve evidence for possible criminal prosecution should avoid the following activities and proceed to the closest hospital or medical facility for professional assistance.

- a. Avoid washing your hands
- b. Avoid brushing your teeth
- c. Avoid showering
- d. Avoid using the bathroom, if possible
- e. Avoid combing your hair
- f. Avoid cleaning the scene of the incident
- g. Avoid changing your clothes. If you have changed clothes, take them with you to the hospital in a paper bag.

Other steps to consider should you wish to pursue charges: Save voicemails, emails, and text messages. Even if you do not initially plan to pursue a disciplinary or criminal complaint, it is good to keep those options open by retaining evidence.

Reporting Options

Sexual misconduct may constitute criminal activity. Police are in the best position to secure evidence of a crime. Saving voicemails, e-mails, and text messages can be very powerful in building a strong case. Even if you do not initially plan to pursue a disciplinary or criminal complaint, it is good to keep those options open by retaining evidence.

1. Report the incident. If you have experienced or learned about sexual misconduct involving a member of the Mississippi College community, you may file a report, as outlined below. By reporting the incident, you alert the University and enable administrators to respond appropriately both to your case and to broader patterns of behavior. Reporting also allows you to discuss your options and gives you immediate access to various accommodations.

Support

1. Get support. You should not have to cope with this experience alone. There are many places to turn. See the resources in Article IX of this policy for on campus and off campus resources for victims of sexual misconduct.

Reporting Sexual Misconduct on Campus

Mississippi College is committed to facilitating an environment that encourages alleged victims to come forward if they have experienced any form of sexual misconduct. The university will take precautions to protect the identities and privacy of those who seek help or who report sexual misconduct.

The university encourages those who believe that they are a victim of sexual misconduct to file complaints as soon as possible. There is no period of limitation, provided that the accused is a member of the campus community. A complaint of sexual misconduct may be filed at any time while the accused is

an active member of the campus community, regardless of the length of time between the alleged misconduct and the decision to file the complaint. The longer the victim waits to report an alleged act of sexual misconduct, the more difficult it becomes for the university and/or law enforcement to gather the needed evidence and respond.

Reporting provides resources to victims and contributes to keeping the campus secure. It is important to understand that filing a report of sexual misconduct can be the beginning to the healing process. Reporting and/or pressing charges can prevent an offender from harming another person. Sexual misconduct should be reported to the Title IX Coordinator, or can be reported to any other responsible employee. No student should assume that an official of MC knows about his/her situation. Students should report all incidents of sexual misconduct.

The Title IX Coordinator, Mississippi College Public Safety or associate dean of students will, upon request, assist any individual in making a report to law enforcement. The complainant has the right to report the sexual misconduct to the college and to simultaneously report to law enforcement. The complainant has the right to seek to obtain an order of protection/restraining order, and the college will cooperate to comply with any such orders.

Members of the campus community, including faculty, staff, administrators, and student employees, who have direct responsibility for student welfare, are required to inform the Title IX Coordinator about any report of sexual misconduct they receive or instance of which they become aware. Students and all other members of the campus community who do not have direct responsibility for student welfare may report any instance of sexual misconduct for which they have knowledge.

The following categories of employees are Mississippi College's responsible employees:

- Faculty (tenured, non-tenured, full-time, adjunct, temporary)
- Staff (Administrative, Student Affairs)
- Administrators
- Coaches
- Deans
- Graduate Assistants
- Resident Assistants
- Office of Public Safety employees (part-time, full-time)

The filing of a complaint with a non-confidential responsible employee above triggers the University's responsibility for conducting an investigation into the particular incident. Submission of a false, misleading or bad faith report or complaint is considered a violation of this policy, is prohibited, and may lead to sanctions.

Acts of sexual misconduct can be reported using the "Report It" form at www.mc.edu/reportit.

An individual may not choose to provide all of the necessary information relevant to the case. However, the University still has an obligation to investigate the incident in order to provide a safe, non-discriminatory environment for all students, faculty and staff. In deciding whether a complaint must be pursued, the Title IX Coordinator will handle matters involving University employees, vendors, and/or third parties, while the Chief Conduct Officer, his or her designee or a Deputy Title IX Coordinator will handle matters which only involve students.

Confidential Reporting

There are certain employees on campus that a student may have privileged and confidential communications. Professional, licensed counselors, and pastoral counselors who provide mental health counseling to members of the Mississippi College community are not required to report information about an incident to the Title IX Coordinator or Deputy Title IX Coordinator(s) without a victim's permission. Following is the contact information for offices with confidential employees:

- Office of Counseling & Disability Services
Alumni Hall 4th Floor
601.925.7791

Mississippi College encourages counselors to inform clients of their opportunity to provide confidential statements for inclusion in the Annual Disclosure of Crime Statistics by submitting a Silent Witness Form on the Office of Public Safety website or through the Report It Form on the Office of Student Development website.

Article VI: Student Rights

A. Respondent's Rights

Mississippi College provides the following rights to the respondent:

1. To be informed of the Mississippi College Sexual Misconduct & Relationship Violence Policy and its corresponding procedures;
2. To request a review of a violation of the Mississippi College Sexual Misconduct & Relationship Violence Policy. Any member of the Mississippi College community may file a charge or complaint against a student when that person believes the student has violated the Mississippi College Sexual Misconduct & Relationship Violence Policy;
3. To receive notice of any alleged violations of Mississippi College policy and/or breaches of the Mississippi College Sexual Misconduct & Relationship Violence Policy;
4. To have the benefit of opportunity to be heard by an impartial Hearing Board or Hearing Officer in addressing an allegation(s) of a violation of Mississippi College policy;
5. To have one advisor present in a student conduct conference and/or hearing. An advisor may not participate directly in a student conduct conference and/or hearing process nor may an advisor address any participant in the student conduct conference and/or hearing process other than the student the advisor represents.
6. To view the list of witnesses against him or her at the Administrative Student Conduct Conference or prior to a hearing in front of a hearing board;
7. To examine any information, incident reports, or pertinent records to be used against him or her in a conduct proceeding. Incident reports serve as official documentation to incidents involving students. Incidents that are considered valid for review when the circumstances warrant, include, but are not limited to, the following: alleged misconduct, actions that may be harmful to one's self or others, or actions that may cause potential damage to personal or Mississippi College property. Students have the following rights regarding information on incident reports:
 - a. A student has the right to contest the information pertaining to him or her on the report;
 - b. A student has the right to present or provide information regarding his or her alleged conduct as stated in the report;
 - c. A student has the right to submit information to contest his or her alleged actions or involvement
8. To appeal any first-level decision, provided that one or more of the reasons for appeal is listed in the Mississippi College Sexual Misconduct Policy. Appeals must be relevant to the case. On appeal, the burden of proof rests with the student filing the appeal to show clearly that an error substantially affecting the outcome of the proceedings has occurred during the first level hearing process. The appellate body is determined by the Chief Conduct Officer in cooperation with the Title IX Coordinator.
9. To be notified of the status and outcome of the student conduct process at the first hearing level and final outcome to the extent that the outcome directly relates to the complainant and the notification does not violate the privacy rights of the complainant and accused.

B. Complainant's Rights

Mississippi College provides the following rights to the complainant. Complainants must notify the Chief Conduct Officer, or his or her designee, at least two (2) class days prior to the scheduled hearing, if any of the following rights listed below shall be exercised:

1. To have his or her unrelated past behavior excluded from the hearing. The Chief Conduct Officer, or his or her designee, will decide if such information is unrelated. The past sexual history of the complainant is not relevant, unless deemed essential by the Chief Conduct Officer, or his or her designee, to protect rights of the parties.
2. To attend an information session, during which time the complainant can view all the information related to the case and receive instruction regarding the conduct process and rights of the individuals involved. Mississippi College shall provide notice to the complainant of these rights at least five (5) school days prior to a student conduct hearing.
3. To have one advisor accompany the complainant when presenting information to the Chief Conduct Officer or his or her designee, the hearing board and to any other relevant meetings held throughout the student conduct process. An advisor may not participate directly in a student conduct conference and/or hearing process, nor may an advisor address any participant in the student conduct conference and/or hearing process other than the student the advisor represents.
4. To provide information including presenting witnesses and/or signed written statements, as well as other relevant reports and documentary information.
5. To question the respondent and witnesses during the hearing. Questions to the respondent will first be posed to the hearing board, and depending on the case,

the hearing board will pose the questions to the respondent.

6. To submit an impact statement to the Chief Conduct Officer or his or her designee. This information will be used only in the sanctioning phase of deliberations, if the respondent is found responsible for the charge(s). The respondent may request to view the impact statement. The request will be considered by the Chief Conduct Officer or his or her designee, in consultation with the complainant.
7. To request to speak in a separate room from the charged student during the hearing procedure, as long as the process does not unduly compromise the respondent's right to question the witness.
8. To request to be present throughout the entire hearing, or portions thereof. This option will be considered by the Chief Conduct Officer or his or her designee, and the decision shall be final and not subject to appeal.
9. To be notified of the status and outcome of the student conduct process at the first hearing level and final outcome to the extent that the outcome directly relates to the complainant and the notification does not violate the privacy rights of the respondent.
10. To appeal any first-level decision, provided that one or more of the reasons for appeal is listed in the Mississippi College Sexual Misconduct & Relationship Violence Policy. Appeals must be relevant to the case. On appeal, the burden of proof rests with the student filing the appeal to show clearly that an error substantially affecting the outcome of the proceedings, abridging a right of the student, has occurred during the first level hearing process. The appellate body is determined by the Chief Conduct Officer in cooperation with the Title IX Coordinator.

Article VII: Investigation, Hearing Procedures, Sanctions & Appeals

Investigations involving acts of sexual misconduct (student on student) are handled according to the procedures outlined below, in cooperation with the Title IX Coordinator.

Interim & Protective Measures

The Chief Conduct Officer, or his or her designee, in consultation with the Title IX Coordinator, may impose interim and/or protective measures in order to stop the alleged sexual harassment or misconduct. Interim measures are preliminary and only in effect until the process is complete and a decision is rendered. However, certain measures may become permanent as a result of a hearing, or at the discretion of the Chief Conduct Officer or Title IX Coordinator. Interim and/or protective measures include, but are not limited to

1. Removal from or modification of living arrangements
2. Removal from or modification of academic courses
3. Removal from or modification of co-curricular program and activities, including athletics
4. Escort by Public Safety while on campus
5. No Contact Orders between individuals
6. No Trespass Order on Mississippi College's campus for an individual
7. Advisory letter. For example, a letter informing a person, organization, team, etc. that actions or behavior that created an environment conducive to violations of the Sexual Misconduct Policy should end immediately or result in a further response by the university
8. Assistance with retaking coursework or withdrawing from a course(s) without penalty

9. Assistance locating an off-campus counselor if on-campus counseling cannot meet needs
10. Emergency action

The University reserves the right to take whatever measures it deems necessary in response to an alleged violation of the Sexual Misconduct Policy in order to protect the safety or orderly operation of the campus community. Not all violations of the Sexual Misconduct Policy will involve the same set of circumstances, so the Chief Conduct Officer, in cooperation with the Title IX Coordinator, will use his or her discretion to impose interim and/or protective measures.

Investigation Process

A formal investigation will be employed when a victim files a sexual misconduct complaint and authorizes the investigation. Mediation is never an appropriate resolution for an alleged violation of sexual misconduct. The Chief Conduct Officer, or his or her designee, has specialized training in investigations and will conduct interviews of the victim, accused, and any witnesses identified. Those interviews will be conducted separately and privately. The respondent will be considered notified by the institution of an investigation at the time of receipt of a request for a meeting with an investigator. The Chief Conduct Officer, or his or her designee, may re-interview the complainant and/or respondent as needed. The Chief Conduct Officer, or his or her designee, will also review any evidence the parties or witness may have. The complainant and the respondent both have specific rights during the investigation process, as outlined in Article IV of this policy. The investigative process will be done in cooperation with the Title IX Coordinator.

Any information provided by local law enforcement to the University may be considered a part of the investigative report prepared by the institution. At the conclusion

of the investigation, the Chief Conduct Officer, or his or her designee, will decide whether to charge the respondent with a violation of the sexual misconduct policy using a “preponderance of the evidence” standard. If the Chief Conduct Officer, or his or her designee, determines charges are merited, he or she will notify the complainant and the respondent in writing. If the Chief Conduct Officer, or his or her designee, determines charges are not merited, he or she will notify the complainant and the respondent in writing.

If a charge is issued, the Chief Conduct Officer, or his or her designee will schedule separate meetings with both the complainant and the respondent to review the Mississippi College Sexual Misconduct & Relationship Violence Policy, its corresponding procedures and all afforded rights to both the complainant and the respondent. At this time, both the complainant and the respondent will have the opportunity to review the relevant information in the case. The complainant and the respondent will both be notified of the day, time and location of the hearing at this time, as described in the “Hearing Procedures” below.

The Investigation Process, although carried out by the Chief Conduct Officer, or his or her designee, will be in cooperation with the Title IX Coordinator.

Retaliation

Retaliation against any person making a complaint of sexual misconduct or against any person cooperating in the investigation of alleged acts of sexual misconduct is in violation of this policy and the Mississippi College Student Code of Conduct. Retaliation includes intimidation, threats or harassment against any complainant or third party, and interference in any stage of the investigation or review of the alleged act of sexual misconduct. Retaliation will result in swift disciplinary action.

Hearing Procedures

A formal hearing resolution process will be employed when the Chief Conduct Officer, or his or her designee, charges a respondent with a violation of the Mississippi College Sexual Misconduct & Relationship Violence Policy.

Hearings involving the Sexual Misconduct Hearing Board are designed for both the complainant and respondent to present their accounts of an incident. The hearing for issues of sexual misconduct will be prompt, fair, and impartial.

1. The complainant and the respondent student shall be given written notice of the hearing to inform each of the specific charge(s), of his or her rights as a student, and the date, time and location of the hearing.

3. The Chief Conduct Officer may act as the Appellate Body or assign the case to an Appellate Body of his or her choosing, in cooperation with the Title IX Coordinator.
4. An appeal is not a re-hearing of a matter to establish fact and therefore shall be limited to review of the verbatim record of the initial hearing and supporting documents, except as required to explain the basis of new information. The basis for an appeal shall be for one of the following purposes:
 1. To determine whether the original hearing was conducted fairly in light of the charges and information presented, and in conformity with prescribed procedures giving the complaining party a reasonable opportunity to prepare and present information that the Mississippi College Sexual Misconduct & Relationship Violence Policy was violated, and giving the respondent student reasonable opportunity to prepare and to present a rebuttal of those allegations.
 2. To determine whether the decision reached regarding the respondent was based on actual information, that is whether facts in the case were sufficient to establish that a violation of the Mississippi College Sexual Misconduct & Relationship Violence Policy occurred.
3. To determine whether the sanction(s) imposed were appropriate for the violation of the Mississippi College Sexual Misconduct & Relationship Violence Policy which the student was found to have committed, as well as, other substantiated considerations which may have also had a bearing on sanctions such as, but not limited to, past Student Code violations.
4. To consider new information sufficient to alter a decision, or other relevant facts not brought out in the original hearing, because such information and/or facts were not known to the person appealing at the time of the original hearing.
5. Once an appeal is received from either the complainant or the respondent, and the notification of an appeal has been sent to both parties, a decision and simultaneous notification of a final decision to both parties will be made within 10 class days.
6. If an appeal is upheld by the Appellate Body, the body may review the case and recommend action to the Chief Conduct Officer, or recommend to the Chief Conduct Officer that the matter be remanded to the original student conduct body and/or Student Conduct Officer for re-opening of the hearing to allow reconsideration of the original determination and/or sanction(s).
7. Should an Appellate Body choose to review a case, without recommending that it be remanded to its original student conduct body and/or Conduct Officer, the resulting

action taken by the Appellate Body, if any, must be presented to the Chief conduct Officer in the form of a recommendation. The recommendation of the Appellate body shall be considered by the Chief Conduct Officer in determining and imposing final sanctions. Final decision of the Appellate Body and/or the Chief Conduct Officer acting as the appellate body will be reviewed and approved by the Title IX Coordinator. The decision is then final and binding.

8. Appeals by a respondent student may not result in more severe sanction(s). Instead, sanctions shall only be upheld or reduced.
9. Appeals by the complainant may result in sanctions against a respondent being reduced, upheld, or increased.

SEX OFFENDER REGISTRY

In accordance with the Campus Sex Crimes Prevention Act of 2000, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, the Office of Public Safety is providing a link to the Mississippi Department of Public Safety Public Sex Offender Registry. This act requires that institutions provide to the campus community the location where this information. It also requires that registered sex offenders report to the state of Mississippi if they are enrolled or employed at an institution of higher education.

The Mississippi Department of Public Safety maintains the sex offender registry, and the web address is listed below:

<http://state.sor.dps.ms.gov/>

HATE CRIMES

A hate crime is a traditional offense like murder, arson, or vandalism with an added element of bias. For the purposes of collecting statistics, Congress has defined a hate crime as a “criminal offense against a person or property motivated in whole or in part by an offender’s bias against a race, religion, disability, ethnic origin or sexual orientation.”

Mississippi College complies with all applicable federal and state non-discrimination laws and does not engage in prohibited discrimination on the basis of race, color, national or ethnic origin, sex, age, genetic information, veteran status, disability or the provision of services. Violent or harassing behavior will not be tolerated. Mississippi College’s University Policies as well as its Student Code of Conduct reflect this stance. The Clery Act requires hate crimes to be reported, and statistics will be maintained to provide reports of hate crime incidents on university property for inclusion in the Annual Security Report.

TIMELY WARNING REPORTS

Timely Warnings are issued whenever a serious crime or a series of crimes, on campus or in the surrounding areas of the campus are considered to pose a risk to students and employees. Timely Warnings will typically be issued for the following crimes:

- Felony Assault
- Arson
- Homicide
- Robbery
- Sex Offenses

Timely Warnings may also be issued for other crime classifications on a case-by-case basis as deemed appropriate by the Director of Public Safety in conjunction with University officials. Timely Warnings are distributed through campus email and the MC Alert system. Anyone with information about a relevant crime should notify the Mississippi College Office of Public Safety at (601) 925-3204 or in person on the first floor of Alumni Hall.

EMERGENCY NOTIFICATIONS

In the event of a significant emergency or dangerous situation involving an immediate threat to the health or safety of members of the University community on campus, University policies and procedures provide for The Mississippi College Office of Public Safety (MCPS) to notify the campus community. Notifications will be made for immediate threats to the health or safety when such an emergency is confirmed.

MCPS will first determine that such an emergency does exist. The supervisor, ranking officer, or dispatcher on duty will then notify the MCPS Director or Assistant Director of the emergency. The Director or his designee(s) is tasked with determining, on a case-by-case basis, whether a situation exists that requires an emergency notification. This determination is based on such factors as the size, scope, and seriousness of the incident, and the threat to life, health, or safety of the community. The director or his designee(s) then has the authority to issue alerts as

appropriate, determining the content of the notification, based on the circumstances. All segments of the campus community are alerted with the appropriate warning. Notifications take into account the safety of the community and are sent without delay, unless issuing a notification will, in the professional judgement of MCPS, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. Follow-up information will be issued thereafter via MC Alerts, emails, or other methods deemed necessary.

The signal may be repeated if necessary. (The Public Warning Signal is tested on the first day of every month at 12:00 noon.)

Local radio and television stations should be monitored constantly.

Everyone should proceed to the lowest floor of the building. Avoid windows, auditoriums, gymnasiums, or other structures with free-span overheads.

If warning comes at night or early morning hours, residence hall personnel should awaken everyone to be sure each student is aware of the warning. Residents should then move to "Safe Zones" as posted in each of the buildings and communicated by the residential staff.

CRIME PREVENTION AWARENESS PROGRAMS

During new student orientation in June and July of each year, the Director and Assistant Director of Public Safety address the prospective students and parents concerning safety issues on campus. Basic crime prevention techniques and safety guidance is provided to these individuals before they formally become students.

During the school year, several programs are offered to the campus community. Crime prevention programs are available to the students at any time at the request of the Office of Public Safety, and these programs are routinely done during residence hall meetings throughout the semester. These programs, conducted by a trained campus crime prevention coordinator, teach the campus community the importance of being aware of their surroundings, and helping to prevent crimes before they occur.'

In partnership with the Mississippi Department of Homeland Security, the Mississippi College Office of Public Safety conducted an active shooter tabletop with more than fifty administrators and department heads at Mississippi College in 2018. The training was also made available via a recording for faculty and staff who could not attend. Active shooter training will be conducted bi-annually.

The Office of Public Safety is always seeking out and developing new training programs and techniques that can better serve the campus community. Whether it is crime prevention, safety awareness, or self-defense related, programs will be continually added to instruct students, faculty, and staff on how to be better prepared.

CAMPUS CRIME LOG

In accordance with the Jeanne Clery Act, a campus crime log documenting any reported criminal activity for the past 60 days is available in the Office of Public Safety. A written request is not necessary, and the log can be obtained during normal business hours (Monday-Friday, 8:00 AM-4:30 PM). Any information past 60 days can be provided within two days of a written request. The purpose of this log is to provide more detailed and up-to-date information to the campus community. The campus crime log includes any type of criminal activity outside the scope of what is required in the Clery Act. The included offenses are those that are reported to the Office of Public Safety. Cases of larceny, stalking, harassment, and vandalism are examples of crimes that are included in the Campus Crime Log, but are not required to be published in the annual Clery report.

According to the Clery Act, the only reason certain crimes may not be available in the crime log is because the disclosure could:

- Jeopardize an ongoing investigation;
- Jeopardize the safety of an individual;
- Cause a suspect to flee or evade detection;
- Result in the destruction of evidence.

FIRE ALARM SYSTEMS

During the summer of 2009, Mississippi College updated the fire alarm systems in all of its residence halls, and added sprinklers to several of the residence halls. Mississippi College hopes to have all residence halls equipped with sprinklers in the next few years

NUMBER OF REGULAR MANDATORY SUPERVISED FIRE DRILLS:

Mississippi College Office of Public Safety requires that each residence hall to have at least one unannounced fire drill during the fall and spring semesters. Both the fire monitoring company, Clinton Fire Department and the Mississippi College Office of Residence Life are notified prior to the drills.

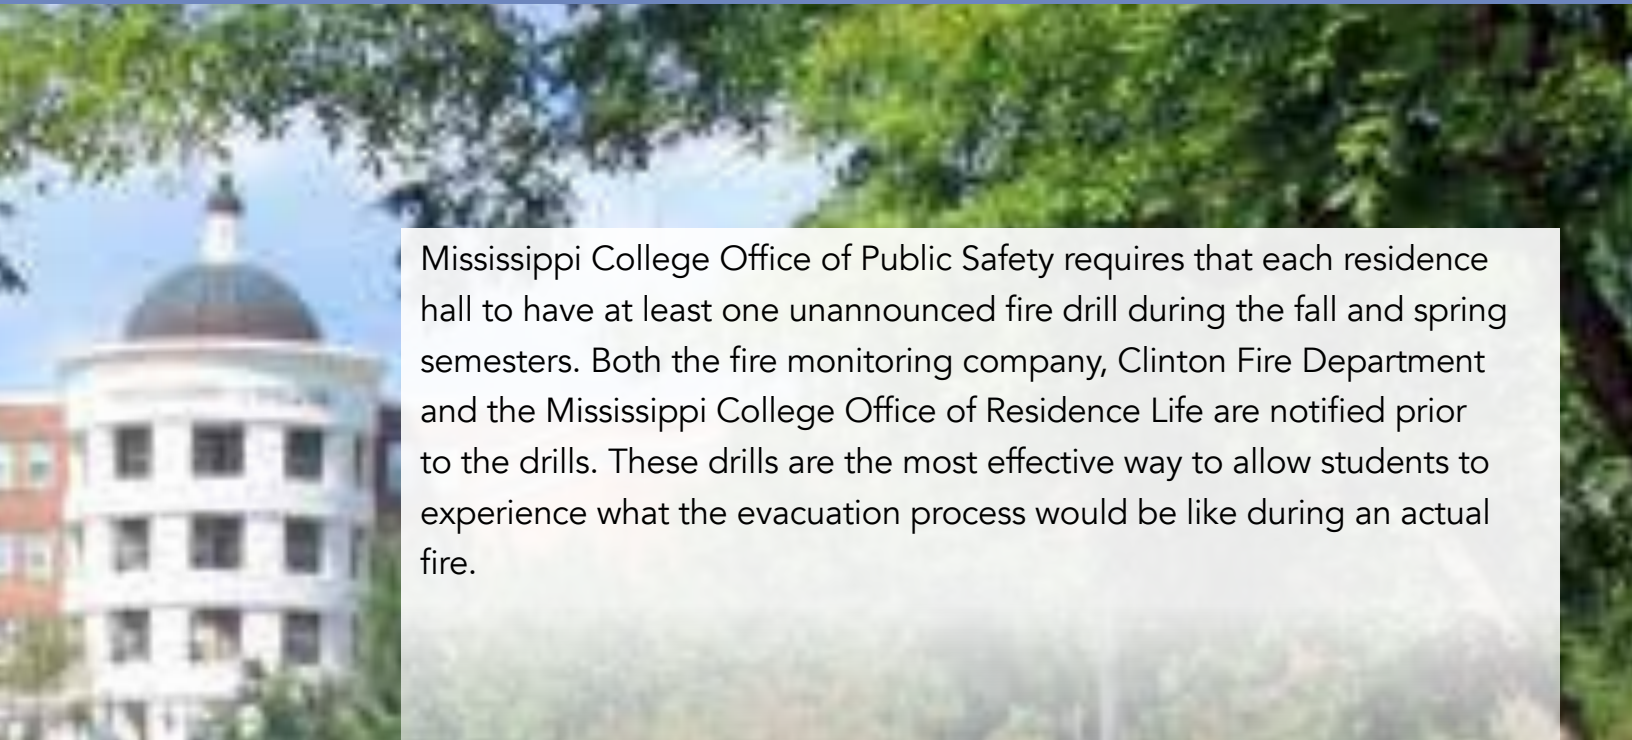

RULES ON FIRE SAFETY EDUCATION AND TRAINING PROGRAMS:

All residents at Mississippi College are educated by Residence Life Staff as what to do when a fire alarm sounds. Residence Life staff and Office of Public Safety staff work closely together to make sure that all fire safety procedures are followed. Residence Life staff receive annual training by personnel with the Clinton Fire Department in areas such as fire extinguishers and smoke detectors. The Office of Public Safety also employs a full time certified arson investigator.

POLICIES RELATED TO USE ELECTRICAL APPLIANCES, OPEN FLAMES, AND SMOKING:

Residents are not permitted to have any appliance with open flame or exposed heating element in any residence hall. Smoking is not permitted within 25 feet of all buildings. Evacuation procedures are covered during mandatory hall meetings each semester.

FIRE DRILLS

Mississippi College Office of Public Safety requires that each residence hall to have at least one unannounced fire drill during the fall and spring semesters. Both the fire monitoring company, Clinton Fire Department and the Mississippi College Office of Residence Life are notified prior to the drills. These drills are the most effective way to allow students to experience what the evacuation process would be like during an actual fire.

FIRE EVACUATION AREAS

Each residence hall has a designated evacuation area that is coordinated between the Office of Residence Life and the Office of Public Safety. All residents are trained by their resident directors and resident assistants in how to access these areas. During yearly fire drills, this education is put to the test as residents are timed and required to evacuate to the designated areas. Each residence hall also has evacuation routes posted near exit doors on the internal hallways.

FIRE REPORTING PROCEDURES

In the event of a fire on campus, immediately call the Mississippi College Office of Public Safety (601-925-3204). At that time, MCPS officers will notify the appropriate fire agencies via radio or phone and respond to the scene as well. This is very important so that the Office of Public Safety can be aware of the fire and can direct fire personnel to the scene as needed.

FIRE LOG

In accordance with the Higher Education Opportunity Act, a fire log will be kept in the Mississippi College Office of Public Safety. The sixty (60) day log period will be available to anyone during normal business hours. The log from previous sixty (60) day periods will be available within a two (2) business day time frame.
